

## ACB GIVES RULES FOR MEETINGS AND SOCIALS

Activities Control Board, in cooperation with the Deans of Men and Women, has released the rules and regulations governing social events and meetings.

Carol Fellman, ACB chairman, has stated that recognition forms have been mailed. They are due in the ACB office by Oct. 4. Fines will be levied if these forms are late. Chairmen of Associated Students boards and committees will be held personally responsible for fines since their funds come from the AS.

### Purposes

Since few people are aware of the purposes of the Activities Control Board, perhaps a brief review of its functions may help in clarification. Practically, the Board has three major responsibilities. The first of these is to the Associated Students. The purpose of the Board in this relation is to aid in assuring the success of all-school activities by proper scheduling of functions so that major conflicts do not occur. Only in this fashion can the Associated Students' programs be certain of continuing year by year.

## Speech Dept. Invites Interested Students To Drama Meet Wed.

Each year under the direction of the Speech Department the Associated Students present a series of dramatic productions. All productions are extra-curricular and any student may participate in any phase of the productions.

### Opportunities

There are opportunities for everyone in acting, oral reading, set and costume designing, scene construction and lighting, publicity, makeup, and ushering. No previous experience of course work is required.

### Meeting

All of those interested in participating are invited to a meeting in the Little Theater tomorrow at 4 p.m. The purpose of the meeting is to discuss plans for the year. The first production will be a contemporary comedy.

The second responsibility of the Board is to the University. In this respect, the Board can insure the continuance of activity programs by making certain that the University's "Regulations for the Conduct of Social Activities" are followed. Continued violations of these regulations could only result in the loss of important student affairs for all the students on the campus.

### Protects Students

The third, and perhaps most important function of the Board, is to protect individual students and student organizations by making certain that the activities they attend or sponsor do not run afoul of situations that may embarrass them or involve them in trouble. It is important to all students to be able to attend all college activities with confidence that in so doing their records will not be marked by troubles with liquor-enforcement officials, police officers, or University regulations. When authorized chaperones are in attendance, for example, each student present at a party is at least partially protected from situations that might be to his detriment. Hence, the responsibility of the Board in this instance is to be alert to the general welfare of all students.

### Scheduling

Every regular and special meeting and every social event of all University-recognized organizations must be scheduled and cleared through the ACB office. A copy of the rules and regulations may be obtained in the office.

In the office with Carol is Mrs. Ellis, executive secretary. They are most willing and able to help all students.

### Attorney Here Wed.

A. H. Conard, attorney for the Regents of the University, will be on campus tomorrow afternoon. Anyone wishing to discuss residence matters may make an appointment in the registrar's office, Bldg. 427.

## 1955-56 Enrollment Nearly Hits Record

A near-record number of new collegians—over 850 of them—filled the auditorium at the University of California, Santa Barbara College, for the orientation assembly, marking the largest attendance of newcomers since the veteran-swelled 1947 fall semester. At that time 898 new collegians registered. Last year there were 743 new Gauchos registered.

### Final Figure

The final enrollment figure, which is expected to be in the neighborhood of 2000 (approximately a 20 per cent increase of last fall's enrollment), will not be determined until the close of the late registration period in a few weeks. However, a large percentage of the new students will be registered by Friday afternoon.

### Assemblies

Dr. Paul W. Wright, registrar, presided at the assembly and introduced the various members of the College administrative staff. Provost Clark G. Kuebler officially welcomed the new students with an informal speech which, he said, "would be things I wish somebody had said to me when I entered a university."

"The human contacts you make here," he stated, "will be lasting and have great influence on your life—these include faculty, staff and other students." He urged the students to choose some of the courses because of the person who teaches it.

"Do your best to get a well-rounded university education," he advised the group, "and remember to keep your college curriculum a balanced one."

"One of the main reasons for going to college is to explore yourself. Decide what you find exciting, stimulating and interesting. We will do our best to guide you in your selection of work but the ultimate decision is yours."

### College Record

"Your record at Santa Barbara College means a great deal to your future employers, and so do your best at whatever you do—both in your studies and extra-curricular activities," he declared. In conclusion he called for the new undergraduates to take an interest in some extra-curricular activity, such as athletics, music, clubs and others.

## PRE-GAME MEETING IS SCHEDULED BY RALLY COMMITTEE

Rally Committee will hold a meeting tomorrow in the Huddle of the Student Union at 4 p.m., announced Chairman Donna Pat Wolf. This is an important meeting and all those who expressed interest in the committee are asked to come.

On Friday Santa Barbara College plays a home game against Whittier at La Playa Field at 8:15. Everyone is asked to arrive by 7:45 for a pre-game rally to start the game off right.

### Rooters' Section

Rally Committee warns that the rooting section will be guarded and, to be admitted, students must have rooters' caps or pompons.

"Give a Gaucho a Lift" is the theme being pushed by the committee to make sure rides are provided to the games and back. Two pick-up stations will be announced in Friday's *El Gaucho* for the Greeks in town and students in residence halls.

An after-the-game dance headed by Cynthia St. Claire will be held in the campus auditorium from 11 p.m. to 1 a.m. The Hal Brendle Combo will provide the music for the dance. Lock-out time is 1:30 for all women.

The Rally Committee is taking charge of streamers for the caravan and decorating the goal posts, bleachers and bandstands.

## Cal Club Honors Outstanding Students

One of the most respected student honorary organizations on the campus is the California Club, for which the members are selected by University of California President Robert Gordon Sproul. Membership is elected from among the outstanding student leaders, 20 members from each of five UC campuses.

The purpose of Cal Club is to further inter-campus unity by providing a state-wide convention each year so that all chapters may meet and discuss with the President problems affecting the University and its students. Cal Club at Santa Barbara participates in many of the all-college events throughout the year.

Dr. Stephen Goodspeed, associate professor of political science and faculty adviser for the local chapter, announced the following new members elected to the organization this year: Donna Pat Wolf, Torrance; Tom Fitzpatrick, Downey; Pat Woodward, Santa Barbara; Mariam McFarland, Duarte; Tom Williams, Santa Barbara; Patricia Kennedy, San Mateo; Patrick Scroggs, Sacramento, and Jack Adler, Los Angeles. Student Body President Jack Christofferson is a new ex-officio member.

## BANNER MISSING FROM NEW HALL

It has been announced that the UCSBC banner was taken from the lounge of the new Women's Residence Hall during the orientation party held there last Tuesday night. The banner was blue and gold with "University of California, Santa Barbara College" written on it. It will be difficult to replace.

If anyone has any information on its whereabouts, please contact Bob Silverman in Palm Hall.

"WHERE'S CHARLIE?" Pat Woodward's question brought a wide grin to Edgar Bergen's usually well-controlled countenance. Here the renowned ventriloquist adds another puppet to his collection. —Phil Jacks Photo

## Bergen Entertains for Legislature at Ojai

An unexpected pleasure was enjoyed by members of the Legislative Council at Ojai Sept. 9 when Edgar Bergen was seen. Pat Woodward, co-ordinator of the workshop, asked Bergen to perform.

Unfortunately Charlie and Mortimer were not present but the comedian made do anyway with his hand and handkerchief to make Ophelia, an old maid who ran a chicken farm.

Bergen, introduced by the Oaks Hotel manager, Mr. McMillan, performed in the main dining room. All center-front seats seemed to be occupied by members of Council.

## From The President's Desk . . .

The Oaks Hotel, located in nearby Ojai Valley, was the site for the third annual Associated Students leadership conference. The purpose of the workshop, for those unfamiliar with its workings, is, and has been, threefold. Its primary objective is the ironing out of details having to do with the planned events of the coming year.

Equally important is the opportunity for legislative council members to get to know one another, which is not always accomplished in campaigning. The third purpose is, in such a peaceful environment far removed from distracting influences arousing enthusiasm prior to the start of school.

A luncheon started the schedule of events on Friday noon. Dr. Russell Buchanan was the guest speaker. The remainder of Friday and all of Saturday was spent in seminars on issues vital to an intelligent understanding of our Associated Students organization. Topics were Leadership Skills, led

## GAUCHO GAMBOL FUN AND SUCCESSFUL

Gauche Gambol, annual Friday-of-Registration-Week event, took place last Friday at sundry places on campus.

The day started with a faculty-student baseball game led off by Legislative Council for the students.

After swimming and dinner, try-outs for yell leaders were held in the campus auditorium.

Song leader tryouts will be held Thursday at 4 p.m. in the Student Union rec room. There were only two girls to try out Friday, and for this reason the tryouts were postponed. Those girls wishing to try out may sign up in the Associated Students office.

### Entertainment

Entertainment for the evening was led off by George Pugsley impersonating Ed Sullivan. From Sullivan, Pugsley moved to James Cagney trying to teach Louis Armstrong to sing "I'm a Yankee Doodle Dandy." Johnny Ray sneaked in before Al Jolson closed Pugsley's well-received act.

Four Greek organizations sweepstakes winners from various com-

### Guards and Ushers

Any men interested in working as guards or ushers at the home football games please contact Frank Spittle any afternoon at the Graduate Manager's office. First home game is September 23.

This very successful evening is a credit to Special Events Co-chairmen Pat Woodward and Tom Fitzpatrick, and their assistants.

Enthusiastic attendance at the first interhall social event left standing room only for latecomers Tuesday night when approximately nine hundred residents from Las Casitas and the new hall gathered together to meet their governing officers in the new hall lounge. John Spurney's band attracted students to the new recreation room for get-acquainted dancing following the meeting. —Jim Pitcher Photo

## Warren Pays Visit to Campus

Chief Justice Earl Warren spent a portion of his Fiesta visit touring the new seashore campus of Santa Barbara College. As former governor of the state and president of the Regents of the University, he was instrumental in the acquisition and development of the College by the University. He has followed closely the College's progress and was interested to see for himself the headway being made. Justice Warren spent nearly an hour in the new College library, inspecting its facilities and looking over the books on the shelves of the Wyles Collection, which consists of materials on Lincoln, the Civil War and America's westward expansion. He was impressed with the library's open stack arrangement and its pleasant outdoor reading areas.

### Tours Dorm

Obviously in no hurry on this

vacation visit, the former US Regent toured the new \$780,000 Music Building now under construction, and the million-dollar Women's Residence Hall. He was particularly interested in the individual residence hall rooms which are now being furnished, and he marveled at the building plan which provides an attractive view for each of the rooms. When he was president of the Regents, Justice Warren was one of those who encouraged residence hall development for the University.

His last visit to the campus site was in 1953 as a Regent, prior to the construction of any permanent buildings and before the College moved from the Riviera campus. "I am certainly pleased to see the excellent progress being made on this University campus, which is an ideal setting for such a development," he said.

## Jacks Gains New Publicity Assistant; Wiener Joins Staff

Bob Wiener began work this fall as assistant to Phil C. Jacks Jr., publicity director and advertising manager for the Associated Students. If you are unable to contact Phil Jacks, you can find Bob Wiener at his office in Bldg. 427, Rm. 212, telephone 84031.

Bob, a native of Santa Barbara, attended SBC following his discharge from the Air Force in the spring of 1954. He is historian for his fraternity, Sigma Pi, and is a junior majoring in junior high education.

## Sigma Pi Announces Move to New Home

Although they failed to notify the editors of the Gaucho Guide of the change, members of Alpha Omicron Chapter, Sigma Pi Fraternity, would like to inform the student body of their occupancy of a new house near campus at 111 Turnpike Road.

Faculty Advisor Dr. Leland Stier announced the leasing of the building shortly after the beginning of summer vacation, and the moving-in process was just recently completed.

## Sayovitz Earns Ph.D. From U. of Minn.

Joseph J. Sayovitz, assistant professor of industrial arts at UCSBC, was awarded his Ph.D. degree from the University of Minnesota with a major in education, it was announced by university officials today.

Dr. Sayovitz started his doctoral work in 1951, making a special study for his dissertation on the certification status and procedures for industrial arts teachers throughout the nation. In every state he canvassed educational agencies to determine the amount and type of work in general education, professional education and specialization in the field of industrial arts.

He received his B.S. degree from St. Cloud State Teachers College, Minnesota, and his M.S. degree from Iowa State College.

tomorrow for the purpose of discussing the organization's objectives and planning its activities. All who are interested in French are invited to come to Bldg. 403, Rm. 115.

## Club Notes

A meeting has been scheduled for all sophomore men who want to learn about membership in SQUIRES, an organization for which the only requirement is membership in the sophomore class. The meeting will be held in the Conference Room tomorrow at 3 p.m., announced John Lewis, acting chairman.

PHRATERES will hold a Famous for Friendliness Contest at parties in the Huddle on Sept. 25 and Oct. 2 at 7:30 p.m. The girls able to identify the most PHRATERES members will win the contest. Members may be identified by the gold Phi pins they are now wearing. Refreshments will be served.

RIDING CLUB is being formed this year. Anyone interested in this activity may call Mary Jo Leonard at 85011, ext. 1212.

LE CERCLE FRANCAIS will meet for the first time this fall to-

## Tattle Tales . . .

by Theo Knaphurst

It's really wonderful being back in the school swing, seeing all the old friends and making new acquaintances. But speaking of old friends, this column is going to be devoted today to bringing you word of the weddings, and engagements, that have taken place during summer vacation.

Wedding bells sounded for many Gauchos during the past three months. Among the newly wedded are Barbara Knox and George Plumleigh, Barbara Beaumont and Bob Drebelbis, Shirley Roginson and Bob Hunter, Claire Smith and Jerry Parent, Carolyn Laughlin and Satch Magoffin, Gwen Lanning and Gordon Jackson, Sheila McNeil and Ron Balden, Dede Krask and Chris Elam, Jan Dedin and Tom Martin, Barbara Ottoway and Don Duarte, Diana Harder and John Sencerbox, Pat Dalton and Ray Muhlethaler, Nancy Cunningham and Gordon Billhardt, Nancy Schisler and Craig Powers, Lorie Stillings and Bud Kline, Pat Hawthorne, and Dave Hicks, Mary Sykes and Ollie Wright, Pat Gies and Ron Welch, Glenda Whitlock and Don Shephardson, Joyce Fullmer and Tom Lehr, Carolyn Noble and Dennis Cugan, Jayne Allen and Hank Slade, Doris Kovak and Bob Weber, Jan Beeson and Fred Shoudy, Joan Smith and Marty Mailes, Mary Lou Smith and Bob Sheets, Carleen Helman and Jack Sliction, Pinky Anderson and Kenny Forden, Marie Rohde and Bill Scully, Diane Scripps and Toby Caperton, Tita Kelly and Lee Thurman, Heide Lusser and Royce Kingsbury, Betty Sydenstricker and Duane Mitten, Marion Wendell and Russ Kirby, Mona Crump and Jim Archer, Gay Davidson and Bob

Johnson. Hope I didn't miss too many of you who took that middle-aisle march.

Next on the agenda are the newly engaged couples. These include Shirley Bryant and Jerry Downing, Maggie Murdock and Earl Hupp, Conchita Castillo and Al Ordaz, Sharon Stevenson and Ken Ward, Glenda Chapman and George Blackshaw, Virginia Searle and Gordon Sisk, Sandy Ostman and Al Southworth, Ann Keilholtz and Dick Pierce, Phyllis Parent and Frank Dobyns, Sue Ziegler and Rod Jennings, Jean Tafel and Ken Baines, Anna Lee Mitchell and Alex Locke.

From the looks of this list, it seems like this past summer was most eventful. If there are any of you whom I accidentally missed, do drop into the *El Gaucho* office and let us know so that we can bring your news to everyone.

Stars, surf, sand and slough were the setting for Acacia and Palm Halls' beach party Thursday night at Goleta Beach.

After a singing session around the campfire, the 80 beachcombers feasted on hot dogs, cokes and watermelon.

At 10:30 a chorus of "Good night, ladies, it's time to take you home" was sung, and the party drew to a reluctant close.

## POOL AND BEACH HOURS

Pool: Monday - Friday  
 12 - 1 4 - 5  
 Saturday - Sunday  
 2 - 5  
 Beach: 2 - 5 Every Day  
 These hours pertain to swimming only

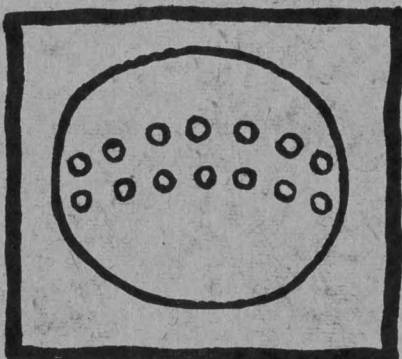

Here is a small sample of the hectic scramble of registration last Thursday and Friday in the gym. The first girl is probably being told that all available hours that would fit into her program are filled and would she please sign the optional list. Freshmen, upon entering the vast establishment, immediately filled out their registration book and then attempted to sign up for the same classes. Many people expressed mild disappointment when they found they had to take Cytology instead of Biology 1A. To the recently graduated high school student this type of registration was novel but rather frustrating. The deans were rather amazed when proudly presented programs conflicting in every hour and then were greeted by cries of, "Well, it was the only hour I could get that professor."

## STUDENTS! IT'S LUCKY DROODLE TIME AGAIN!

# Football Squad Prepares For Friday Night Game

The general outlook for the 1955 edition of the Santa Barbara College football team was still an optimistic one today as the first game approaches. The Gauchos open the season this Friday night at La Playa Stadium when they host the Whittier eleven.

Prospects are good that the Gauchos will improve considerably on last year's mediocre 4-5 record, although the prediction of an unbeaten season by some experts seems unreasonably optimistic.

No less than 17 letter winners are back from last year's squad and their return, plus the addition of several promising newcomers, should make this a Gaucho year.

### Coaching Help

Gaucho Head Coach Stan Williamson and Backfield Coach "Doc" Kelliher will have help this year as Ray Thornton, "Corky" Johnson and Warren Vinton have been added to the coaching staff. This added coaching help should greatly improve the Gauchos chances.

Despite the generally rosy outlook, however, the Blue and Gold squad has some definite weaknesses. The line, which has looked good so far, is handicapped by a lack of depth. Injuries to key men could seriously hurt the Blue and Gold squad.

One spot which, paradoxically enough, could be described as both a strong spot and a weak one, is quarterback. With Pete Walski and Bob Shoup gone and Jerry Humrighouse converted to halfback, Williamson has no proven veteran to start in this spot. However, he has three brilliant prospects, any one of which should be able to handle this crucial post. The three signal-calling prospects are Don Trauthen, from Nebraska; John Coutts, a sophomore who last played football at Pasadena High two years ago; and Pat Mills who impressed at Bakersfield Junior College last year. The three have taken turns impressing Williamson and he admits that he still hasn't selected one over the others. His selection probably

won't be made until the last practice before Friday night's game.

### Capable Backs

Probably the brightest part of the football picture is the plethora of capable backs that are available to the popular Gaucho mentor. Back from last year is Sut Puailoa, last year's leading ground gainer, and the flashy Sut looks better than ever. He is the only back who stands out from the pack at present, and even he is being closely pressed by Jack Garrett, who lettered here in 1951 before entering the Marines.

Five men are entered in the full-back sweepstakes and all of them have looked good in practice. Norm Stelle, Bob Jones and Bruce Varner are back from last year's eleven and Dick Juliana, from Chaffey Junior College, and Jerry Sconce, who attended school here last year but didn't play football, are the newcomers.

### Big Line

If nothing else, the Gaucho line this fall will be a huge one. Such newcomers as Dick O'Day, a whopping 289-pound tackle from Stockton Junior College, and Leonard McCabe, a "light" 235-pounder from Hawaii via Pasadena City College, add both girth and ability to the forward wall. Other outstanding tackles are veterans Tox Cox, Russ Young, Will Stensland. Transfer Chuck Williams and Jim "Lucky" Pullman are slightly ahead in the race for the starting guard positions but are being pressed by Alva Ray Jones, Bob Cosserek, Jim Silvia and Rod Reihl.

The current glamor boys at end are Bud Ashbrook, last year's leading pass catcher, and transfer Dick Orr from Compton Junior College. Also in the race are Al Southworth, ex-halfback, and Ed Bowen. Bowen has a very interesting potential, although he hasn't played football since his high school days in Hawaii.

## Harrier Outlook Is Bright -- Carter

Optimism is the keynote as the Santa Barbara College cross-country team prepares for its season. The first meet of the season will be Saturday when the harriers will journey to the UCLA campus for a three-mile practice run.

Nick Carter, Gaucho track coast back from a year of sabbatical leave, stated that this year's team should do as well as or better than last year's team, although he termed the latter as one of the best the college has had.

Carter's optimism is based on the large number of returning lettermen, six out of the seven who

**Carter urges all persons interested in cross-country to contact him either in his office, in Bldg. 420, or on the track. Units of credits and minor sports awards will be awarded to those participating in this activity.**

lettered last year, and the excellent reputation of the new candidates for the squad.

Leading the squad this year, as he did last year, will be ace distance runner Gordon McClenathen. Gordy this summer won the Western AAU 10-kilometer (slightly more than nine miles) distance run which was held on the Santa Barbara campus. The tireless McClenathen also holds school track records for the mile and two-mile.

Also returning this fall will be Lew Kummerow, Dick Richards, Dick Goode, Roland Jacks and Eugene Hatfield. Morton Ward is returning after being in the service. Newcomers to the squad include Al Scham, who was the No. 1

## OFFENSE DOMINATES GAUCHO SCRIMMAGE; VARNER STARS

A hard-running offensive team dominated play Friday as the Gauchos were run through a full-scale scrimmage. The last scrimmage before this Friday's game is scheduled for tomorrow afternoon at 3:30.

Five touchdowns were scored in the fast-moving scrimmage with no one player scoring more than one.

### Stan Pleased

Gaucho Mentor Stan Williamson was generally pleased with the offensive effort of the squad but felt that the defense could use a little work. One reason for the comparatively poor showing of the defensive team was the absence of some key defensive men who were held up by registration.

Williamson started with an offense lineup of Al Kouti, center; Chuck Williams and Jim "Lucky" Pullman, guards; Will Stensland and Leonard McCabe, tackles; Al Southworth and Bud Ashbrook, ends; Don Trauthen, quarterback;

Bucky Baird and Sut Puailoa, halfbacks, and Bruce Varner, fullback. This probably is as close to a starting lineup as you can get at this time, although the competition for most of the spots is terrific. Williamson substituted liberally into this lineup to give everyone a chance to shine.

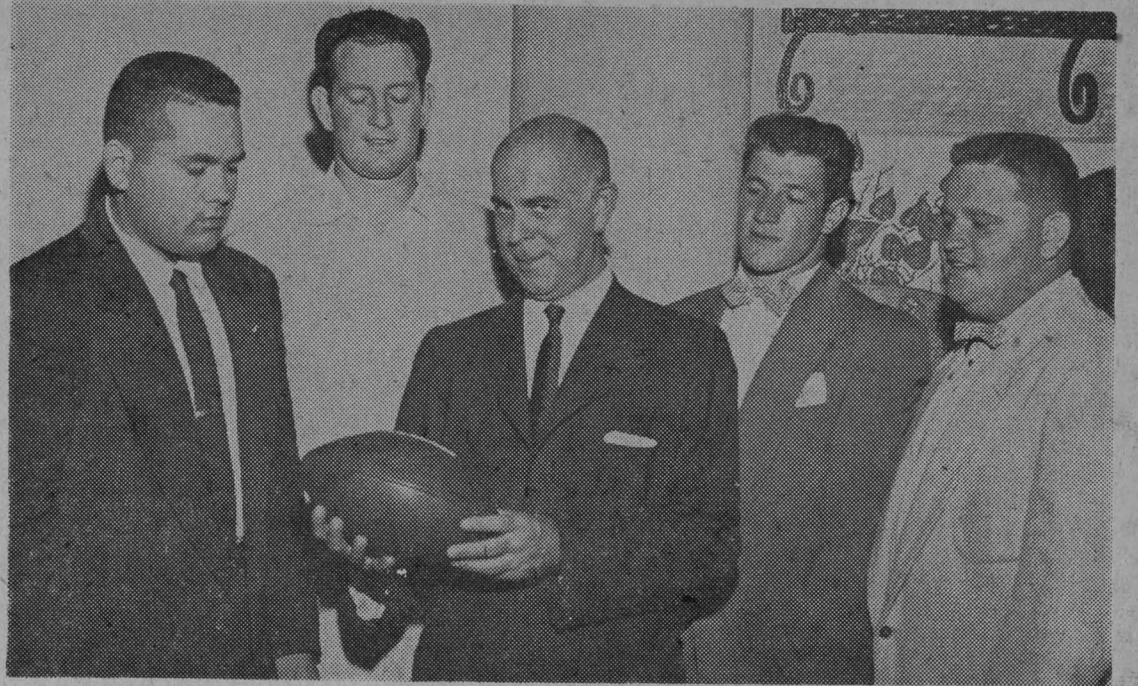

Especially pleasing to Stan was the fine play of sophomore Fullback Varner. Varner, a letter-winner last year, has been slow to round into shape and Williamson was worrying about him, but he ran like a champion Friday and now seems to have outdistanced his fullback competition. With his combination of speed and drive, Varner ripped off many long gains and scored once.

### Puailoa Brilliant

Brilliant Sut Puailoa also stood out as was expected. The elusive halfback, who led last year's team in ground gaining, has been consistently good this fall and looks ready for a banner year.

Roy Gaebel accounted for another touchdown on a run, and Quarterbacks Trauthen and Pat Mills unleashed their arms for two passes, Ed Bowen hitting pay dirt on a pass from Mills and Southworth scoring on a Trauthen pass.

Leading the line play were Stensland, at tackle, and Ed Southworth. The shifty Southworth, an ex-halfback, has been looking better and better with each practice. It was definitely Stensland's day as the big veteran tackle clearly outplayed the other forwards.

Dr. Clark G. Kuebler, center, Santa Barbara College provost, is shown at Gaucho "Kickoff Dinner" recently with four squad members. They are from left, Leonard McCabe and Russ Young, tackles; Dick Juliano, fullback, and Chuck Williams, guard. McCabe hails from Pasadena, via Honolulu; Young is a vet from last year's team; Juliano was a star at Chaffey JC and Williams was a Valley JC student.—News-Press photo.

## Kuebler Gives Boost To Gaucho Athletic Program

The Santa Barbara College sports program received a tremendous boost from Dr. Clark Kuebler, college provost, in his inspirational address at the annual Gaucho Boosters Club Kickoff Dinner last Thursday night.

Forty-six members of the Gaucho football squad, along with Gaucho Booster Club members, coaching staff members and their wives, were present at El Cielito Club as Dr. Kuebler gave four reasons for his promise to back the Gaucho athletic program.

### Four Reasons

1. "I have always believed in athletics and never have to apologize for it."

2. "The best athletes have always been strong students . . . well-rounded men who have gone out to make names for themselves."

3. "A man has a chance to show intelligence, loyalty, courage and responsibility in athletics."

4. "I don't think the athletic program should be a tail wagging the dog, but I want good teams. To have strong teams is good for the morale of a school. . . . One of the best ways to advertise your school is for your athletes to make a good record."

Dr. Kuebler has been noted for his support of athletics for some time, so his stand was not unexpected, but the vehemence of it was. As one member of the Gaucho Booster organization put it:

### Tremendous Effect

"This is the first time a provost at the college has ever taken a part in one of our dinners, and the first time to my knowledge athletics has ever received such a boost from the college head. The effect of this should be tremendous."

After Dr. Kuebler's speech, Gaucho Mentor Stan Williamson introduced his coaching aides and players, many of them new faces who will be wearing a Blue and Gold uniform for the first time this fall. The popular Gaucho mentor, carried away by the enthusiasm of the night, stated: "In some positions we are short of depth but if the boys maintain their present attitude for the next seven or eight weeks we could have a wonderful season."

Dick M. Kern, president of the Gaucho Boosters, took over the meeting and introduced Athletic Director Dr. Theodore "Spud" Harder, who introduced the various coaches and other college leaders.

Football coaching assistants present were M. S. "Doc" Kelliher, veteran backfield coach; Corky Johnson, Ray Thornton and Warren Vinton, line coaches. The latter three are the new aides who have been added to the coaching staff this fall, bolstering Gaucho fans' hopes of a football resurgence.

## PETE WALSKI TO TOUR SOUTH AFRICA

Want to know how to take an all-expense-paid tour of South Africa? According to Pete Walski the answer is to be a top-notch baseball player. Pete has been selected to play for the United States Amateur baseball team which will be touring South Africa this fall. The 15-man squad was picked from the cream of the country's amateur baseball players by the American Federation of Baseball.

Walski was selected on the basis of his outstanding play for the Gaucho varsity last spring when he was voted the Most Valuable Player on the squad, an obvious selection since he was the team's best clutch hitter and most effective pitcher.

Pete will be leaving Santa Barbara around November 1 to join the team in New York City. The team will leave New York about November 10 and will travel to Holland and Switzerland before going to South Africa. The team will play a 33-game schedule on its South African tour, with the first game scheduled for November 17 when they will play the North Transvaal team at Pretoria, Union of South Africa. They will return around the last part of January or the first part of February.

All is not peaches and cream for Walski, however. He will have to forego Gaucho football this fall, which greatly disappoints him, and may be ruled ineligible for baseball because of the trip. The present eligibility rule states that an athlete must have passed 24 units in his last two semesters to participate in varsity athletics. If this semester is counted as it probably will be, Walski would have to be declared ineligible.

### Water Polo Meeting

All men students interested in forming a water polo team are advised to meet in Bldg. 420, Rm. 110, at 3 p.m. tomorrow. The team will be formed at this time.

## Residence Hall Progress Duplicated in Music Building

Steady progress is being made toward the development of one of the most picturesque college campuses in the nation on the new seashore site of the University of California, Santa Barbara College. By the end of 1955 \$6,500,000 worth of improvements will have been made, including four new permanent buildings, reconversion of temporary buildings, utilities and site development.

Added to this are projects costing over \$2,000,000 which have been funded and will be under construction during the next academic year, bringing the total capital improvement of the 408-acre campus to over \$8,500,000.

### New Residence Hall

An average of two new permanent buildings is completed each year, and the College had ready for the fall opening the new \$1,185,000 Residence Hall for Women.

A large one-story lounge and recreation hall are the central area for the two living wings, each housing 200 students. On each floor of each wing are study lounges, kitchenettes, laundry and sewing rooms. Head residents and resident assistants have suites in each wing. Each room has its own color scheme and customized furnishings. Wall-to-wall windows on the end of each room afford views of the mountains or the sea.

The new building nearly doubles the number of on-campus living accommodations available to students. Together with the smaller residence halls, converted from Marine officers quarters, it houses a total of 880 students. The dining-hall facilities were remodeled and enlarged this summer to handle this large group.

The second building to be completed during the current year in readiness for the opening of the spring semester is the Music Building, located near the Student Union. This \$570,000 structure incorporates many needed facilities for the Music Department, including rehearsal halls for large music ensembles, classrooms, individual rehearsal rooms, recording studio and other teaching areas. Pereira and Luckman of Los Angeles are the executive architects for both of these new buildings.

### Next Structure

Now out to bid is the new Classroom Building—the fifth permanent structure planned on the campus—with a project cost of \$1,200,000. Bids were opened Sept. 7. Ground should be broken for the building in October for an expected occupancy in February, 1957. The architectural firm of Smith, Powell and Morgridge of Los Angeles, executive architects for this project, have designed an attractive U-shaped building, 47,900 square feet in size. It includes nearly 30 classrooms and lecture halls of various sizes, the largest of which will seat 200 persons and will be used for the many public lectures offered at UCSBC. Offices for faculty, department chairmen, academic deans and the Provost will be included in this building. The two-story building will be located between the existing Library and Student Union. This summer one of the temporary buildings was moved to clear the ground for this structure.

### Dining Commons

The sixth building to go up will be the new Dining Commons, the preliminary plans of which have been approved by the Regents. The final plans and specifications are being prepared by Pereira and Luckman, and it is expected that

it will be completed during the 1957 calendar year. The project cost is \$678,000 for this structure, which will seat 800 students in the dining room at one time. There will be four units which can be separated into dining halls of 200 capacity or opened into one large dining room. Within the T-shaped building will be the necessary kitchen and service areas. Considerably more than 800 students can be handled at each meal when cafeteria service is used. The structure will be part of a future permanent student union building and will be located just west of the new residence hall, overlooking the lagoon on the southern portion of the campus.

### Same Exterior

The four newest buildings—residence hall, music, classroom and dining commons—will have the same exterior design and will use the same attractive cinnamon-colored volcanic cinder building block, providing a lasting exterior surface and color. Blocks used in some of the wall areas and pillars have an incised geometric design, which adds interesting designs and texture effects.

### Arts Building

Now in the programming stage and in the projected 1956-57 major capital improvement program of the University is the Arts Building, which will house the college art department and industrial arts department. Upon completion of this building, the industrial arts department will be moved from its present location on the Mesa campus to the main campus at Goleta, for the first time in 15 years uniting all departments of the college on one campus.

The next building being considered for the future, following the Arts Building, is the physical education building for men and women. The master plan places this structure just south of the playfield area.

Meanwhile other necessary projects, such as utilities planning, site development and minor campus improvements are going on continuously.

The former Marine buildings, which are serving their purpose well as classrooms and offices, will be moved or demolished only when they interfere with the erection of a permanent building. Others will remain as part of the necessary facilities of the College to handle the swelling enrollments of the next few years.

### FOX ARLINGTON

Wednesday on

"Summertime," Katherine Hepburn, Rossano Brazzi  
"The Living Swamp," documentary

### STATE

Tuesday on

"Gate of Hell," Machiko Kyo  
"The Promoter," Alec Guinness

## Beachboard Reports On Language Test

A description of experiments in foreign language testing and of services and tests available in Southern California is reported in a recent issue of *Modern Language Forum* by Dr. Robert Beachboard, assistant professor of French at Santa Barbara College.

The material is taken from the association's Research Council Committee on Tests and Measurements, of which Dr. Beachboard is chairman, and includes the work done at Santa Barbara College last year in French listening comprehension test experiments. The purpose of this test, played on a tape recorder, is to have an objective aural examination which scores valid on a national scale. The tests were given in the College's newly developed phonetic laboratory of the foreign language department.

### GRANADA

Tuesday on

"The Night Holds Terror," Hildy Parks, Vince Edwards  
"The Gun that Won the West," Paula Raymond, Dennis Morgan

## Help Is Needed For UCSBC Entry In Rose Parade

Santa Barbara College is to be represented in the annual Rose Parade in Pasadena this year. The float will be backed by the cities of Goleta and Santa Barbara. All student help will be appreciated.

Approximately \$3500 in cash and material will go into the building of the float. Most of it is being donated by the people and merchants of the towns; however, we will have a chance to help with the actual building and with our votes for the queens who will ride on the float.

### Financing

Votes will be sold for a dime each. There will be a contest for the float design. Definite arrangements for the queen and design contests have not yet been made.

Anyone willing to help is asked to contact either Stan Greenspan in Acacia Hall or Maggie Murdock at the Kappa Alpha Theta house.

## GAMES FREE ONLY WITH A S CARDS

A reminder to all students to be sure to bring their Associated Students card with them to all football games, away and at home, to be admitted free.

Any married students who wish to bring their spouses to home football games must purchase half-price (50 cents) tickets.

These tickets will not be sold at the box office and must be purchased at the Graduate Manager's office prior to the game.
