Frosh Mud Brawl Friday; Queen To Reign at Dance

by Clark Reynolds
Sophomore Reporter

The baby of Santa Barbara College, the Class of '62, is preparing for some of its most memorable events this week. After two weeks of indoctrination and general fun, the frosh are scheduled to commence the search for a freshman queen, meet the sophomores on the battlefield (the weapons being mud and water), face a special tribunal selected to pass judgment on them, and finally to end up their week dancing at the auditorium.

Search For Queen

At noon today the competition for freshman queen begins. Candidates already have been selected by each living group, and voting will be at the tables in the Mall (between the Classroom and Music Buildings), where jars are placed for the candidates. One penny represents a vote, and the final count will be made on Friday, the last day of the election. Her majesty will be crowned at the dance that evening. All frosh are urged to make their selections soon, voting as many times as they wish.

Realizing the ordeal that the new Gauchos will face with their first registration, the powers-that-be have scheduled an affair which is designed to allow the frosh to release their pent-up energies and loosen their taut nerves. And what's more, the target of the freshmen will be their newest and most constant foe, the sophomore!

Sophs, Watch Out!

At 1500 hours (that's 3 p.m.), 26 September, 1958, the first wave of frosh males will plunge into the mud pits to test their rivals in a bitter tug-of-war to see who will "bite the dust" (or mud) first. After that, no matter who wins, it will be a free-for-all. But sophs, watch out!

Then, 45 minutes later, the first line of female frosh will enter the area in force, creating an artificial thunderstorm by soaking their opponents with water. By the time the water clears, if last year's precedent is followed, the combatants will all sojourn to the shores of the blue Pacific for a bath *en masse*.

Witnesses for Prosecution

The whole class of 1962 goes

on trial in the evening, though, as a sophomore judge and sophomore jurists pass judgment on the freshmen. All frosh must attend this function (if they want to have fun).

Court will be brought to order at 8 p.m. in the auditorium, and proceedings should not exceed 30 minutes, at which time Dick Major and his Band will start things kicking for the big Frosh-Soph Dance.

And the big climax to the week's festivities will be staged in the middle of the dance when the official 1958 Freshman Queen is crowned, along with her two princesses. The queen's head-dress will be that same beautiful crown purchased for the class of '61 last year.

College 'Cats'?

Ron Largent, sophomore class president, announced that every effort has been made to give the new collegians a "run for their money." It is urged that all freshmen AND sophomores show up for the fun, especially for the big mud-water battle Friday afternoon.

If the frosh survive all these tests, they then can be classed among the rest as full-fledged, true-blue college "cats."

Salt Spray Draws S.B. Sailors to Sea

The UCSB Sailing Club is opening its fall membership drive. The club is open to both students and faculty.

The membership committee requests that anyone interested sign up soon. When the drive ends no new memberships will be considered. An organizational meeting will be held Thursday, the 25th, in Bldg. 420, Room 110, at 8 p.m.

Vocal Group Open To Tenors, Basses

Openings in the first tenor and bass sections of the Men's Glee Club were announced by Carl Zytowski, director of the organization. Zytowski stated that "the only requirement is that you can carry a tune and have a respectable, shower-room type of quality."

The Glee Club will go on its annual tour this semester and will also sing at several college functions, including a half-time appearance at one of the football games. At all of their appearances, the members of the group will be sporting their new blazers.

The Glee Club meets Monday, Wednesday and Friday at noon. Members receive one unit of credit. Those interested should contact Zytowski.

Brendle Contracted To Lead SBC Band

Hal Brendle, UCSB graduate of '56, has been hired as director of the Gaucho Band for the present year, according to Bob Lorden, graduate manager.

"We'd like to see lots of you students come out for the Gaucho Band this year so that a marching band can be organized," Lorden said. The band will play for football and basketball games and as a pep band.

One of the rewards of being a band member will be an all-expense-paid trip to the big Cal game. All students interested in joining the Gaucho Band should fill out forms in the Graduate Manager's Office or contact Lorden, the Music Department, or Hal Brendle, who is currently working at the I. Newton Perry Music Center.

Gubernatorial Candidate Pat Brown Interviewed by Staff

In an effort to better inform the student body of the candidates and issues in the coming November elections, El Gaucho is conducting a series of interviews with the leading political figures. This interview with Attorney General Pat Brown, candidate for governor, was held at Democratic Headquarters in Santa Barbara Saturday morning. A similar-type interview is scheduled with Senator William F. Knowland this Saturday. Interviews with Senatorial candidates Goodwin J. Knight and Claire Engle are being arranged.

Why Is R.W. Law Bad?

"It seems to me that the main objection to the Right to Work Law is that it prohibits employers from entering into a contract with a particular group of employees. The state should not interfere. The government should not move into the realm of employer-employee relations. They should be free from government restraint. In an industrial state when the majority of the employees put up dues for benefits, such as strike funds, and when some do not put up the money and get the same benefits, this causes bad employee morale within the plant.

"Unions set minimum standards which others comply with. If you have a chiseling employer, he can reduce salaries and wages.

"In such plants as the Los Angeles Times there is no collective bargaining. The Right to Work Law would encourage situations like this. The Right to Work Law would, needless to say, reduce benefits. As a result the employer would become the dominant force. As a result there would be no collective bargaining."

Should Hoffa Remain Teamster Head?

"I definitely do not think so. I think a free election, abiding by the democratic process, should be held. If this were done Hoffa would be defeated. Hoffa's history, as pointed out by the Senate Committee, is such that it proves he is harmful to labor."

Will Large Catholic Vote Help You?

"I just don't know. Catholics are in a minority in this state, as they are in the country. I hope people vote for me on my record and character, without prejudice for or against my religion."

Should Discriminatory Fraternal Groups Exist on Public Universities?

"I am opposed to discrimination of any nature. I understand that the Board of Regents will not allow any new fraternal group which has restrictions of this kind.

"It is difficult for some groups to get rid of their discriminatory clauses. Any fraternity which has discriminatory clauses should not be recognized. I know they need time. We need discretion in this matter. However, these fraternal organizations should have the complete discretion as to whom they wish to bring into their group."

Do You Approve of Mandatory Student Body Fees?

"Thirty dollars seems like a high cost. I don't believe in any form of compulsion. It may be necessary to have some student contributions to support the activities programs. I can see where an older student may need the money for a new dress for his wife or milk for the baby. He may not want to contribute."

Would Knowland Be a Good Governor?

"I think he would make a very bad Governor. He is a go-it-alone man. He came into this race by bullying the incumbent (Governor Goodwin Knight) out of position. This state needs someone who is not an extremist, someone who can unify.

"How can labor, which makes up such a large segment of our population, have confidence in this man when his campaign is based on what they believe will destroy them, even though they may not be right in all instances?"

"The Right to Work Law is an extreme measure, supported by extremist groups opposed to labor. His only support is from strong anti-labor groups."

NOBLE SELECTED FOR VICE CHANCELLORSHIP

by Bruce Loeb
El Gaucho Editor

At a meeting of extreme importance to the Santa Barbara campus, the Board of Regents of the University of California announced the following decisions Friday afternoon:

Gould Tells 'Gaucho' Of Reaction to New Chancellor Position

Within an hour after his official appointment as the first Chancellor of the University of California, Santa Barbara, Samuel B. Gould was contacted in his home in Yellow Springs, O., by Bruce Loeb, El Gaucho editor. The following is Gould's side of the conversation with Loeb: "Very Excited"

"Naturally I am very excited. I wish I could be in Santa Barbara earlier than July of 1959.

"I am looking forward to meeting the students. I hope to be able to sit down and talk to some of the students when I arrive for President Kerr's inauguration Oct. 3."

"Major Campus"

"What pleases me most about the appointment is that the Regents have seen fit to make Santa Barbara a major campus of the University.

"We hope to develop more strength in the graduate and undergraduate programs. I think we can develop not only a distinguished campus, but a distinctive campus as well.

"Dr. Kerr talked to me about the position in June, shortly before he was named President of the University. When he became President we talked more about it. I had known President Kerr previously.

"He had taught one year in the Economics Department at Antioch, but that was before my time."

"Beautiful Campus"

"Santa Barbara is, of course, in the middle of a big building program. I think it will soon be one of the most beautiful campuses in the country. I will certainly enjoy watching it grow.

"Mrs. Gould is delighted with the idea of moving to California. She has fallen in love with Santa Barbara and is waiting for the day to come when we can make our home there."

New Departments Made by Regents

As a result of action taken by the Board of Regents last week, the Department of Philosophy and the Department of History have been established on the Santa Barbara campus. These fields of study had previously been part of the Social Sciences Department.

In announcing the decision, Vice Chancellor Elmer R. Noble appointed Dr. Harry K. Givertz to head the Philosophy Department and Dr. Philip W. Powell to chairman the History Department.

COEDS SOUGHT FOR ROTC; APPLY NOW

The Colonel's Coed organization again will be active on the Santa Barbara campus this year. According to chairman Peggy Wood, membership blanks may be obtained in the Military Science Department, the Dean's Office, or in girls' living halls.

The membership blanks must be accompanied by a 3x4 photo, and are due in the Dean of Women's Office by Oct. 10 at 4 p.m.

1. Samuel B. Gould is the first Chancellor of the Santa Barbara campus, effective July 1, 1959.
2. Dr. Elmer R. Noble, Acting Provost, is Vice Chancellor.
3. The term "college" is dropped from the official title of the University of California, Santa Barbara.

President Clark Kerr made the announcement at a press conference shortly after the Regents adjourned from their two-day session in the New Classroom Building.

"Mr. Gould was unanimously selected to be the first Chancellor of the Santa Barbara campus," President Kerr stated. "This was done only after carefully canvassing people across the nation. The Regents judged Mr. Gould's record to be outstanding."

Noble Vice Chancellor

In announcing Noble's appointment, Dr. Kerr said, "The new Vice Chancellor will be Elmer Noble, who has been acting Provost for the last two years. During the present year Noble will be Chief Campus Officer."

Campus Promoted

In addition to Santa Barbara, chancelleries were installed on the Davis and Riverside campuses. Kerr hailed this as "an important development in the history of the University. We recognize the great responsibility these campuses have in the future of the University of California. They have been put on the same basis as the other campuses."

The appointment of Gould climaxed weeks of speculation. Gould will come to Santa Barbara from Antioch College in Yellow Springs, O., where he is presently serving as President.

Holds Three Degrees

He received his B.A. degree from Bates College and his M.A. from New York University. He

Signups Begin For Freshman Elections

Election of freshman officers has been scheduled for Oct. 14 and 15 by the Elections Committee. The offices to be filled are president, vice president, secretary-treasurer and AWS representative.

Carolyn Jones, Elections Committee chairman, announced that along with the election of these freshman officers will be the special election of the AMS secretary, the sorority representative to the Legislative Council and the men's non-affiliated representative to the Council.

Signups for the students interested in running for these offices will be held from tomorrow until Oct. 1 in the Associated Students office.

On Oct. 1 at 3 p.m. a school constitution test will be given in Bldg. 431, Room 102. Those students who pass this test may begin their campaign according to the publicity regulations given them when they signed up.

Polling stations will be set in the library, the cafeteria and the Student Union on election days. The library polls will be open from 9 to 3. The other two stations will be open from 11 to 1.

Miss Jones asked that the preferential voting system in use at UCSB be stressed. In this system a number is placed beside all candidates for a given office in order of the voter's preference. This eliminates run-off elections.

CAMPAIGNER BROWN RELATES VIEWS . . .

ATTORNEY GENERAL PAT BROWN discusses various issues with El Gaucho Political Editor Bob Richards (middle) and El Gaucho Editor Bruce Loeb. During the interview Brown spoke out against the Right to Work law, Teamster Boss James Hoffa, mandatory student body fees, and his opponent, Sen. William F. Knowland. (Photo by Wolf Lauter)

GAUCHO POINT MAKERS celebrate in the dressing room after Saturday night's victory. From right to left, coach Ed Cody, halfback Duke Ellington, fullback Ned Permenter, and kicking specialist Frank Brisslinger. (photo by Wolf Lauter)

GAUCHOS TELL OF WIN IN LOCKER-ROOM TALK

by Bruce Loeb
El Gaucho Editor

"He did a hell of a job." That was head coach Ed Cody complimenting fullback Ned Permenter for his work against the San Diego Aztecs in the jubilant Gaucho dressing room after the game Saturday night. "Our defense was superb," Cody went on. "It was a good team defense."

The Gaucho head man was especially pleased with his pass defense against the vaunted Aztec aerial power. "How many did they complete—one?" he asked. "The turning point of the game was Jack Lyon's clutch catch on the 6-yard line," explained Cody.

Lyon, in explaining the catch, called it "a lucky thing. The defender didn't see it, and I got around on the side of him. I just happened to be in the right place."

While the Gauchos were pleased with their surprisingly easy victory, they were not overly impressed by their own performance.

"We Were Slow"—Lopez

Right guard Bob Lopez said, "We were a little slow. We have a long way to go. We are not hitting as well as we should be. But the line play was better tonight than in last year's first game. We have a few more horses this year."

Even Permenter, the leading ground gainer of the game, was not without a critical remark or two about his performance. "I felt tired and very slow tonight. I was not satisfied with my blocking, and not pleased with my punts."

When informed that he had won two pizza dinners for scoring twice, Permenter grinned broadly: "They will come in handy." The stocky fullback who almost didn't play because of an aggravating Charley horse, was quick to give the lion's share of the credit to the "excellent blocking from the guards and tackles. Popkin (Larry) and Schumaker (Leon) gave me some key blocks."

"Happy I Got to Play"—Permenter

Permenter, who was not in the starting lineup, modestly concluded, "I am happy I got to play, but I am sorry that Ken (Steele) got hurt."

Another highlight of the game was the kicking of Frank Brisslinger. The Taft JC transfer accounted for two points after, and a field goal. "I was told to kick through the laces and that's what I did," Brisslinger explained. "But it takes three guys to kick points—the center, the holder, and the kicker is least important."

"Never Lost an Opener"—Cody

Cody was satisfied with the work of his quarterbacks, John Crawford and Jim St. Clair. "They played equally well. Sure they made some mistakes, but this was the first game. You know," Cody concluded, "in my seven years of coaching I have never lost a first game. I'm keeping my fingers crossed."

Governali Praises Permenter, Strong S.B. Forward Wall

by Russ Hoyt
Sports Reporter

"We were hurt by the big weight advantage the Gauchos had, and by their strong defensive line especially." Head Coach Paul Governali of the San Diego Aztecs summed up the reasons for his team's 25-0 defeat at the hands of the Galloping Gauchos in the lid-lifter Saturday night.

"I've scouted the Santa Barbara team for years, and was San Diego coach in 1956 when we beat them quite badly," Governali went on, "but I have never seen a UCSB club so very quick and fast."

Governali, the former college All-American and three-year pro veteran with Boston and New York, had nothing but praise for Gaucho fireplug Ned Permenter who scored twice and was the leading ground gainer of the evening.

"I was especially impressed by Permenter, and also the very tough Gaucho defensive line."

Governali felt the turning point of the game "had to be the poor pass from center. At the time we were behind 7-0 in a tight ball game. It meant that we went out at half behind 14-0 instead of 7-0."

When asked how he felt the Gauchos would fare against the league powers, Fresno State and Cal Poly, the Aztec coach remarked, "It's too early to tell now, but I would be afraid to bet too much money against them."

Whittier Next UCSB Foe; Gauchos Stomp S.D., 25-0

by Jerry Robbins
Sports Writer

Santa Barbara's victory-hungry Gauchos will seek their second win of the newly inaugurated football season this Friday when they travel south to meet the Whittier Poets in a night contest at 8:15. Saturday evening head mentor Ed Cody fielded a rugged, finely drilled Gaucho team to rout the San Diego Aztecs 25-0 for the locals' third consecutive opening-game win, and a conference victory as well.

Whittier should prove to be a bold test to UCSB as a rebuilding campaign at the Poet college is nearing its completion. In the last two years Santa Barbara has shown fine defensive ball against the Poets, having shut them out twice, 13-0 and 27-0.

Poets Hold Edge

The Poets, however, hold the over-all series edge with 11 wins to the Gauchos' eight, and one tie. At La Playa Stadium Saturday an unofficial paid attendance of 7,000 witnessed a well-balanced Gaucho squad romp over the Aztecs.

It was the alternate quarterbacking of Jim St. Clair and John Crawford that brought the victory, along with the hard-running backs like Ned Permenter, Ken Steele, Jack Lyon and Duke Ellington.

Strong Line Play

Strong line blocking and pass protection was a big factor in the game that saw the Gauchos grind out 207 yards on the ground and another 81 through the air. San

Diego was held to a meager 13 yards gained in total offense. The Gaucho pass defense completely bottled up San Diego's highly touted aerial game, holding them to a single 14-yard completion.

Permenter chalked up the first six points of the evening, scoring from the six-yard line with two minutes gone in the second quarter. The p.a.t. was kicked by guard Frank Brisslinger, his first of two conversions. The scoring drive began on the Santa Barbara 39 where the Gauchos took over after a 15-yard return by St. Clair of an intercepted Aztec pass.

A fine 17-yard broken-field sprint by Ellington and a 36-yard St. Clair aerial to Lyon set up the tally.

Pass Play Scores

It was exit St. Clair and enter Crawford in the second quarter. When the Gauchos couldn't move on the ground, with the ball on the Aztecs' 40, Crawford pitched a 55-yard pass to Ellington in the end zone. It was this pass and great catch that broke up the ball game. Brisslinger converted and the Gauchos led at the half, 14-0.

A recovered fumble by tackle Len McCabe on San Diego's 34 started the final TD drive for the locals. Permenter scored off guard from four yards out. Crawford and Permenter covered most of the ground to set up the score. A faked kick and pass by Crawford to Kelly Hoover scored the first two-point conversion in Gaucho history.

Lettermen To Hold Meeting Tomorrow

The first meeting this year of the Block "C" will be held tomorrow, Sept. 24, in Bldg. 420, Room 110, at noon. The Block "C" is an organization limited exclusively to lettermen of the University.

Those in charge of the meeting state its purpose is to introduce the new officers to the members and to begin plans for the activities to be held this coming year. All those who have earned the University Block "C" are urged to come to the meeting and present any ideas they might have activity-wise.

hi gals,

welcome back to ucsb, and an especially warm welcome to all of you who are new at santa barbara. as you know from last week's el gaucho I am your l.r. campus representative and in my fortnightly letter to susie I will tell you about the latest featured fashions at the lou rose college annex. I imagine you have been hearing a great deal about the coming a.w.s. big-little sister banquet and fashion show. as a show preview I thought I might give you a run-down on some of the items to be featured.

I imagine you have noticed all the lovely autumn shades that are being shown this fall. the annex has some exciting examples of such colors. one particular costume I think you might be interested in is a relaxed sheath topped with a full-length coat. the dress is shown in wool jersey, the coat in bulky wool knit; the colors, heather green and heather rust, all for \$55.95. the same ensemble is available with a blouson dress and jacket at \$39.95.

while on the subject of fashion I just can't help but mention the popularity of paisley this fall. this delightful print has made its appearance at the l.r. annex in the form of a blouse that can be worn on the outside. it has roll-up sleeves and comes in luscious shades of toast, beige and brown. shown with these terrific blouses is a skirt that you'll all want in your wardrobe. it's made of a hi-sheen cotton twill and comes in cream, toast and heather green, the blouse and skirt \$6.95 each.

before we know it winter and those cold evenings that accompany it will be here and we will all be in search of a jacket that is both warm, practical and eye appealing. I'm sure the annex has just the solution to this problem. it's a jacket in poplin, collared in bulky wool knit, quilted print lining, and the ever-so-popular double-breasted brass buttons down the front. this jacket is shown in red, beige and black at an unbelievable \$14.95.

I could go on and on about what is in store for you, but I'm afraid there just isn't room. do hope this little bit of explanation will serve as an enticement.

please drop in at the l.r. annex whenever you are in town. I'll be there every saturday and would love nothing better than to show you what is new in the line of fashion.

sincerely,
sandy

URC Welcome Set Sunday; Church Services To Follow

All interested students are invited to attend the URC Welcome, Sunday, Sept. 28, at 4 p.m. in the new classroom auditorium. At that time the programs of the religious groups active on campus will be explained and their advisors introduced.

The Dean of Students will explain the relationship of religious activities to the University, and members of the conference will outline the purpose and activities of the University Religious Conference. The First Presbyterian Choir will sing a selection of religious music.

Church Programs
Immediately following this meeting students are invited to churches in Santa Barbara for their own religious programs. Baptists, Disciples, Congregationalists, and Episcopal, Jewish, Lutheran, Methodist, Mormon, Presbyterian and Roman Catholic students all will have programs at various places.

The Christian Science Organization, which is in the process of joining the conference, has been invited to participate and will be represented at the on-campus program.

Students Invited
This is an opportunity for new and returning students to meet their religious advisors and other students participating in the program of their faith. Students who are unable to attend the on-campus welcome are invited to attend their denominational program in town. Most of these begin at about 5:30 p.m.

Gauchos To Salute Santa Barbara In Homecoming Theme

"Gauchos Salute Santa Barbara" is the theme of this year's Homecoming, to be held Oct. 23, 24 and 25. Plans are already under way for the "big weekend."

Homecoming general chairman Kathy Grant announced Friday that the deadline for applications for Homecoming Queen is the week of Oct. 6 through 10. "This year both men's and women's organizations can sponsor queen candidates," Miss Grant revealed.

The four queen finalists will be selected Oct. 11 by a panel of judges. On Oct. 22 the men students will select the Homecoming Queen by an election.

The Galloping Gaucho Review will be staged on the 23rd and 24th. Awards for the best skits will be presented at the half-time festivities of the Gaucho-San Francisco State game.

Chairman Grant urges that organizations abide by the regulations governing this year's homecoming. These regulations can be found in the Homecoming Brochure, available in the Activities Control Board office.

Miss Grant urges that organizations relate their floats and skits to the homecoming theme.

Gaucha Notes

Dance Workshop

Tonight, Sept. 23, the first meeting of the Modern Dance Workshop will be held in Bldg. 500 from 7 to 9:30. The workshop is open to all students interested in modern dance. No experience is necessary to become a member of the workshop.

Speech Picnic

Speech majors, faculty members and all students interested in speech contests and the theater are invited to the first Speech Department picnic, Sunday, Sept. 28, at Tucker's Grove.

A volleyball game between the students and faculty, as well as horseshoe pitching, will be available. Fees of 50 cents must be paid in the Speech Office, Bldg. 417, Room 205, by tomorrow.

Forensics Program

The speech program for the coming year will be outlined in the Huddle tomorrow night. Students interested in any aspect of public-speaking competition such as oratory, debate, extemp, and oral interp are invited to attend. Coffee will be served.

Charities Meeting

The first meeting of the Charities Committee will be held tomorrow at noon in the AS Conference Room of the Huddle. Chairman Peggy Wood urges that all interested students attend.

Publicity Meet

Publicity Chairman Sandy Meyer urges that all students interested in working on the Publicity Committee meet tomorrow at 2 p.m. in the Huddle.

continued from page one
was awarded an honorary LL.D. by Bates College in 1957. Gould also studied at Oxford University, Cambridge University and Harvard University.

Kerr Praises Noble

In announcing Dr. Noble's new position as Vice Chancellor Kerr praised "the small group of officers who have operated this campus so well without the aid of a permanent provost. Men like Noble have handled the campus affairs in a fine way, and this was the opinion of the Board of Regents, as indicated by their appointment of Dr. Noble to the

Vice-Chancellor."
Concerning the growth of the Santa Barbara campus, Kerr revealed that "by 1970 Santa Barbara should have from 7,500 to 10,000 students. At this time the Berkeley and Los Angeles campuses will have about 25,000. Santa Barbara is regarded as the third general campus of the University. This should continue for quite some time."

The University President felt that it would "be a long time before Santa Barbara is able to compete with Berkeley and UCLA on the football field, although they may someday."

SINGING SENSATION GALEN DENNING has recently recorded two platters for the Liberty label. Galen has been wowing UCSB students for two years with his pleasing manner of song. In turn, Denning credits the students for "giving me confidence to keep working."

DISCS RELEASED SOON . . . Gaucho Guitarist Galen Denning 'Gone' For Record Glory on Liberty Label

by Debby Freiden
Feature Reporter

Galen Denning, whose renditions of "Water Boy," "Country Boy" and "I'm Evil" won many raves at the recent Gauchito Gambol, has recorded two of his own compositions, "Alone Without You" and "What'ya Gonna Do?," for Liberty Records.

With a release date scheduled for this month on his town platter, Galen has also cut a second forthcoming disc, "Senior Prom," penned by Gauchito bandleader Hal Brendle, and "Gonna Build a Rocket," on the flip side, composed by Galen's arranger, Ray Johnson.

Galen won his coveted "break" through KEY-T representatives who heard him sing at a Gauchito benefit and arranged an audition that led to his contract with Liberty.

Started At 16

The self-taught guitarist, who says he "caught the bug to entertain" when he won a Kiwanis talent sweepstakes award at 16, has a well-rounded vocal repertoire that includes classical, pop, jazz, rock and roll, and folk music.

The lyric baritone, who delivers his songs in an easy and relaxed manner, explained the smooth and light effect of his singing in terms of "relative pitch and almost positive tonation." Ballad-wise he is often mistaken for Randy Sparks, and listeners associate his rock-a-billy

numbers with rock-and-roll king Elvis Presley.

Credits Elvis

Galen credits Presley as a "great rhythm singer who had a big influence in launching the rock-a-billy style," and adds with an amused smile, "Presley sure has the strongest pipes to belt out a song like he does." Just as rock and roll has changed in the past five years, Galen believes it will continue to progress and produce a new kind of music.

Boone 'Uninspired'

Galen's own favorite singer is Jerry Vale, whose current hit is "Go Chase a Moonbeam." "Jerry's is a smooth style with lots of spirit, and I believe he needs more recognition." Of current top star Pat Boone, Galen says "He has a fine voice—very smooth, if uninspired." And of Frank Sinatra he points to Nelson Riddle's fine arrangements that aided his success.

Not a Mimic

Personal satisfaction in a performance is all important to Galen and he has his own style that is a combination of "borrowed elements" from many singers. But he doesn't intend to imitate, mimic or copy any crooner. "I

sing the way I feel, and the way I want to."

Right now he is plugging for the success of his first recordings to pave the way for future contracts, and would like to continue writing and arranging, as well as singing and performing as an instrumentalist.

Eight Fraternities Fall-Rush 211 Men

Fraternity rushing comes to a close tomorrow night when the eight fraternities represented on the Santa Barbara campus hold their preference-night dinners. Preference night and pledging climax the activities of rush week in which over 200 rushees participated.

The rushees, one of the largest rush groups in recent years, attended open house Thursday night at the Lambda Chi Alpha, Sigma Phi Epsilon, Kappa Sigma and Sigma Pi houses in Isla Vista.

Rushees visited the new Sigma Pi house, which was built in Isla Vista during the summer, while the Lambda Chis held open house in their new home. Delta Tau Delta, Delta Sigma Phi, Phi Psi Zeta and Sigma Alpha Epsilon held their open houses Friday night.

Casual afternoon parties were held over the weekend, followed by evening parties Monday night which are again scheduled for tonight.

The Inter-Fraternity Council, headed by President John Fiscali, is directing and co-ordinating rush week.

Meeting Soon For Future Teachers

All teaching candidates who will receive credentials in January, June or August, 1959, are urged to attend a placement meeting Thursday, Sept. 25, in the auditorium of the new classroom building at 4 p.m.

"This is the only placement meeting to be conducted for students receiving credentials in 1959, either through the University or the state," explained E. L. Chalberg, Placement Office manager.

continued from page six
and can only use the slow and sometimes futile procedure of the vote. And, as is often times the case, even that avenue is blocked when only one candidate is running for an office. We can then only signify token discontent with a write-in candidate. (This method of expression was demonstrated quite clearly in last year's elections when a phantom candidate was run for president of the ASB.)

One rule of thumb, then, is that in any valuable and creditable organization a moral evaluation of the program must occur. Since in our system the student is deprived of an opportunity to judge his association in an immediate manner, it becomes the obligation of the Legislative Council to attempt to investigate the system at every hand.

Because we have no choice, it is a heavy, yet important, burden for the Legislative Council. We have lost our determination; now the Council must discover our desires or be damned as failures along with the compulsory system.

Coach Carter Calls For Cross Country Men; Open Oct. 3

With the first practice meet only two weeks away, the UCSB cross-country team begins preparations for its 1958 eight-meet schedule. The Gauchos open against Ventura Junior College in a practice meet on the local oval Friday, Oct. 3.

Coach E. J. Carter urges that all men interested in trying out for the squad report to him immediately. "We need 10 men to complete the squad," announced Carter, "and at the present time there are still many spots on the team open."

Carter hopes to have four lettermen returning from last year's squad which finished third behind San Diego State and Fresno in the conference meet. They are Jerry Mullin, Ned Wilson, Rosendo Castillo and Robert Oldham.

According to Carter, practice sessions will be held daily in the afternoon. Men participating in cross-country receive 1/2 unit of credit, and are eligible for a Circle C award.

Football Brochure

The 1958 Gaucho Football Press Brochure, published by the Associated Students, is now on sale in the Bookstore for 50 cents.

The 28-page booklet contains pictures and personal sketches on 32 UCSB varsity players, plus many other features and pictures. Only 100 will be put on public

sale, according to publicity director Bob Magruder.

GOULD ELECTION MARKS CHANGE

by Neil Kleinman

The election of President Gould of Antioch College to the Chancellorship of the Santa Barbara Campus has certain sweeping significances. On Sept. 19 we officially passed out of the era of a small liberal arts college; and we became, for better or worse, a large portion of a modern university system.

In the past, Santa Barbara College has had a history which was not very different from that of many other small liberal institutions of the last century. Our faculty quite naturally was the core of the college; administration was only an unfortunate appendage to the obvious function of college—teaching.

The faculty were only incidentally administrators, and in fact our last two provosts, Drs. Noble and Kuebler, were fundamentally teachers and educators.

Chancellor-elect Gould has a reputation, and an impressive one at that, as a brilliant administrator. His qualifications in this field seem more than adequate, yet we can see that the break has finally come between the faculty and the administration.

In the University system the break came at a much earlier date; ex-President Sproul first qualified as an administrator. But what seems to have come, unfortunately, finally to us, is the professor whose major role is not to profess.

We no longer have a person whose primary aim is to teach students. Rather than the faculty as the heart of the college, the administrator has taken his place. At least the appointment of Gould seems to indicate this.

FROM THE PRESIDENT'S DESK . . .

At the beginning of another school year I think it wise that I indulge in a discussion of some of the factors in student government as it exists today at UCSB in order to acquaint you, the student, with what might be called a concept of a democratic student community.

The benefits of student participation in activities constitutes an area which in recent years has been neglected by all but a few. On one hand campus activities have oftentimes been viewed as a needless supplement to education, and on the other as a means of escaping the rigors of the classroom.

By some few another philosophy has been held, and this I think should be the view to eventually prevail. Life outside the classroom is finally being considered as an integral and significant part of education in the world today. Some of us are coming to recognize and realize the fact that campus activities are actually not extra-curricular, as they have been known for so long, but rather "co-curricular" in that they form a vital part of an educational process.

As students we should all realize that accompanying the increasing importance of the activity program must come the maturation of the student self-government mechanism itself, along with its growth as a vital force in the campus community. Composed of three parts—the students, the faculty and the administration—the campus community should recognize the need for extensive co-operation by all members in order that the end product—the student—will have the basic traits that will insure a secure and successful life in the world community.

This concept of a community government places responsibility on both the administration and the student. The former must delegate sufficient responsibility to the students so that the student governing body will not be merely a shell, a debating society, or an arena. On the other hand, the governing body must assume the responsibility which it is assigned by the students and must carry out its duties with a developed sense of service to both the student body which it represents and the University as a whole.

This I hope will be the spirit of our own student community throughout the coming year that a sense of service will multiply in every corner to the benefit of all UCSB.

Sincerely,
Stan McGinley
AS President

Blue Key Session

Blue Key, the upper-division men's honorary group, will hold its first meeting Thursday at noon in the Huddle. All old members, as well as students interested in joining the club, are invited to attend.

A POINT OF VIEW

by JANUS

The other day when we were involved in the long tuition-payment line which formed around the cashier's window, we had a little bit of time to think about the money that we were spending. What especially interested us was the \$15 compulsory fee.

To our knowledge the fee has been paid for several years, and each succeeding year has more completely buried the principles involved in its compulsory application. The issues cannot be disregarded simply because a system, developed in the past, has become automatic and traditional.

In the involuntary method the student no longer has the opportunity to express himself in the most immediate manner—non-payment of dues.

A government which has voluntary fees allows everyone to evaluate for himself the benefits of his student body card at least semi-annually. If he feels he has value received for money expended he will renew his contract with the Associated Students for a new semester.

Voluntary entrance into the association means that the members have a more meaningful tie with their organization. The actions of the organization become the student's actions, or at least he must morally answer for them as long as he is a member of the group.

But for the students in the compulsory system, like ours, the outlook is different. The evaluation is taken out of our hands. We are limited in the means we may register our dissatisfaction

continued on page five

SCHOOL SPIRIT PERVERTED . . .

Meet Freshman X. He is an actual student on campus, but his true name is unimportant. Freshman X is 31 years old, married and has two small children. He is a veteran of World War II, but is not attending college under the GI Bill.

Last Thursday Freshman X registered with more than 800 of his classmates. As he emerged from the gym, thinking he had completed registration, he was besieged by a host of eager "school spiriters" selling green beanies, rooters' caps and, of all things, Frosh Bibles (evidently to give him some real "University" religion).

Although he could not afford to squander \$2.50 for these "necessities," Freshman X made the purchases since he was led to believe that they were mandatory.

Already this campus has exhibited a great deal of school spirit this year. This is good. This is a tribute to the student leaders. The Frosh Orientation Assembly was seen by many old-timers as the most spirited and successful rally in many years.

But when school spirit attempts to compel students who have neither the time nor the inclination to take part, then school spirit is no longer desirable, but rather becomes perverted.

The Associated Students has an obligation to all its members. In the case of Freshman X, this obligation was certainly not met.
