

# FACULTY COMMITTEE PROPOSES ADDITIONAL REQUIREMENT FOR GRADUATION

by Noel McGinn, '57

## Read any books lately?

This might be the question all liberal arts majors at Santa Barbara College will be asking next year if the faculty members of the Division of Letters and Science approve and accept the proposal of the Divisional Committee on Western Civilization.

This committee of five faculty members has been meeting for the past three months to consider "ways and means by which the students of Santa Barbara College may be assured a broader acquaintance than they have in the past had with the fundamental sources of western culture, and a greater appreciation of their heritage."

## Only a Proposal

The quote is taken from the first paragraph of a three-page

report prepared by the committee for distribution to every faculty member of the division of Letters and Science. The report IS ONLY A PROPOSAL, which the faculty as a whole has discussed only briefly. It will not take up consideration of this matter again until its next meeting in the middle of March.

The basis of the proposal reads as follows:

*We propose that all students in the division be required by the end of the senior year to pass a written comprehensive examination on approximately 15 or 20 of the books and essays which have been primarily influential in the shaping of western culture.*

## Liberal Arts

The committee offering the proposal then continues with an outline of the implementation of this idea and some explanations

of what they feel it would achieve. The proposal "offers a unique experiment, to suggest to ourselves and to the rest of the University our understanding that a mere roster of courses in the liberal arts does not create the kind of college about which we have been talking for more than a decade."

The committee also states in its proposal that it does not feel that Santa Barbara College is at present a four-year college, "nor is it likely soon to become one."

Implementation of the proposal is suggested in the following ways. A committee of five persons appointed by the dean of the division would prepare the list of books and administer the examination. Books such as Plato's *Republic*, Locke's *Second Treatise of Government*, Adams' *Mont St. Michel and Chartres* are

examples of the kind of books which the committee suggests might be put on the list. Revision of the list would be up to the committee.

## Comprehensive Exam

Examination on the books, according to the report, would be of the comprehensive type, given near the end of the senior year. The committee feels that it will offer "the graduating class a common experience of the sort which would provide them with a cohesion and a sense of unity which our classes very seldom have."

Failure to pass the examination would mean that a student would not be granted a diploma. The committee states that a student unable to pass the examination should not be allowed the title of "educated" man. The report does not specify if re-exam-

inations will be provided for under the new proposal.

Students in various classes heard various faculty professors during the week ask for their views, stressing that the matter was confidential. *El Gaucho* uncovered the story in this fashion, went to the chairman of the committee, Dr. Demorest Davenport, and was given a copy of the report.

## Committee Members

Dr. Davenport is a member of the Biological Sciences department. Other members of the committee are: Dr. Robert Billigmeier, Social Sciences; Dr. Henry Adams, Social Sciences; Dr. Harry Girvetz, Social Sciences, and Dr. Lawrence Willson, English.

Members of the committee have expressed a desire that students express their views on the

proposal, either through the "Letters to the Editor" column of *El Gaucho*, or to the faculty.

## Not Great Books

The proposal specifically states that it is not intended to be a revamping of the "Great Books" program. Various Extension courses in the past have offered such courses, and other colleges in the country use them. One such college, St. John's College, operates strictly on this basis. There are no courses as such; students simply read various great books and take examinations on them.

The committee explains that books for the program will be chosen not only because they have played a decisive role in the history of ideas, but also because they are still readable. In this sense, according to the committee, they should have become works of literature.

## Plans For Barbary Coast Outlined

The college's biggest Barbary Coast in history is being planned for March 8 and 9, according to Bill Ritter, chairman of the Special Events Committee. The regular two-night stand with an afternoon "kiddies' day," plus increased radio and press coverage, will be featured this year.

The annual carnival, sponsored by the Associated Students and planned by the Special Events Committee, will have six shows and an increased number of booths.

Les Brown and his Band of Renown again will provide dance music in the auditorium from 10 till 1 on the Friday night of the carnival. Tickets will go on sale shortly.

Today at 12 all booth chairmen must be present in the Student Union Lounge for assignment to sites on the field across from the gym. Next Wednesday auditions will be held to determine the six shows. All groups will have to present scripts, sketches of booths and alternate plans.

## CORONATION OF KING TOMORROW

In commemoration of St. Valentine's Day, the traditional King of Diamonds dance, sponsored by the Alpha Delta Pi sorority, will be held tomorrow at the Carrillo Auditorium from 9 p.m. to midnight.

This affair is girl's bid, with tickets now on sale to women students for \$1.25. Each ticket sold represents a vote for one king candidate, and balloting will take place at the dance itself.

Candidates for Diamond King were nominated by each of the seven sororities, and the final contestants are: Lambda Chi Jim Warner, sponsored by Alpha Phi; Delt Art Herman, sponsored by Chi Omega; Sig Ep Joe Rank, sponsored by Delta Gamma; Kappa Sig Larry Smith, sponsored by Delta Zeta; Lambda Chi John Patcha, sponsored by Sigma Kappa; SAE John Osborne, sponsored by Pi Beta Phi, and Sig Ep Stan McGinley, sponsored by Kappa Alpha Theta.

The Esquires have been contracted to play for the dance. Further information concerning the dance can be obtained by calling Jane Pitman or Thelma Gene Tinker at 5-9165.

## LEG. COUNCIL ADJOURNS EARLY

Legislative Council met Tuesday to approve the revised elections procedures and to adjourn early so as to attend the basketball game with Cal Poly.

New developments on the election are that candidates will be allowed three posters with pictures, instead of the former two, with the understanding that the third is to be used on the Mesa Campus. In addition, the publicity deadline of February 25 was explained as being only for posters. All letters and name tags may be used without approval.

Before adjourning, Dean Reynolds, advisor to the Council, addressed the group with some of his recent observations. The Dean told of a meeting with two freshmen students who were transferring to Berkeley because "this campus seems too apathetic." If this view of our campus is accurate, expressed the Dean, then some action should be taken immediately to correct the situation. Legislative Council should concern itself with ways and means to overcome this apathy, suggested Dean Reynolds. The meeting adjourned without action being taken.

## FINGARETTE OPENS COLLEGE TALKS

Dr. Herbert Fingarette, assistant professor of philosophy, will open the spring All-College Lecture Series on the campus next Tuesday at 4 p.m. in building 431, room 102. The topic of his presentation is "Sigmund Freud: the Response to Moral Crisis."

The series of 10 Tuesday afternoon lectures, sponsored by the Committee on Drama, Lectures and Music, is designed to provide the student with a broad area of subject interests given by authorities from the UCSBC faculty and occasional outside guest lecturers. Students are encouraged to attend as many of these lectures as possible which will include subjects of art, philosophy, history, literature, music, astronomy and drama.

Dr. Fingarette will discuss some of the leading ideas in Freud's psychology, not merely in terms of their psychological content, but primarily for the purpose of discovering their moral significance. He stated that it has been clear for so long that Freud's ideas are of profound importance for the understanding of the moral situation. Yet there is still such widespread confusion on this matter that there is a need to examine Freudian psychological within a moral perspective which does justice to the psychological facts.

He has been primarily concerned with problems of value, in his research interests, especially in the area of ethics and has been studying the use and clarification of psychoanalytic psychology in connection with ethics.

## Sigma Xi Lecturer Appears Monday

The nationally known scientist, Dr. Serge A. Korff, professor of physics at New York University, will lecture on the Santa Barbara College campus on Monday, Feb. 18, at 8 p.m. in the Science Building auditorium.

This event is sponsored by the Sigma Xi Club of Santa Barbara and students are invited to hear Dr. Korff speak on "The Origin of Cosmic Radiation," which will be illustrated with slides.

Dr. Robert T. Gregory, secretary of the local Sigma Xi group, announced that a dinner honoring the national lecturer is planned at 6 p.m., Feb. 18, and reservations should be made with him.

## Applications For Women's Rep, Frosh Officers Due

Today is the last day for prospective candidates for the positions of women's representative-at-large and freshman class offices to declare their candidacy by signing up in the ASB office, located in the Student Union patio.

These candidates will compete for the three vacant offices in a special election to be held Thursday, Feb. 28, and Friday, March 1. The election was called by Legislative Council at its meeting on Tuesday, Feb. 5.

## Voting Offices

## Dietz Will Dance

Margaret Dietz, creative dancer and assistant professor in physical education, will present her first solo dance concert in Santa Barbara on Sunday at 8:30 p.m. in the campus auditorium, sponsored by the Committee on Drama, Lectures and Music and the Department of Physical Education for Women. The concert is free to the public.

Sunday's program will include pieces written especially for Miss Dietz by Ben B. Johnston, an American composer who worked with her at Connecticut College, New London. In addition to this material there will be music by Ulrich Kessler, Carl Orff, Roger Sessions, Bela Bartok, Norman Dello Jolo and Fredrich Chopin. These compositions will be executed by Miss Dietz's accompanist, Miss Shirley Munger, instructor in music. In addition, Dr. John E. Gillespie will accompany the dancer on the harpsichord in a scene termed "Play in Baroque," with music by the classicist, John Phillippe Rameau.

Miss Dietz joined the faculty at Santa Barbara College in 1955, coming here from the University of Illinois.

Walter Terry, dance critic of the New York Herald Tribune, says of the dancer: "... (As) an authoritative exponent of a European modern dance style not often seen in this country, Miss Dietz not only brought something refreshingly varied to the distinguished by technical exactitude and a sensitivity to emotional and dynamic nuance... power and gentleness, commanding tension and flowing lyricism..."

## Frosh-Soph Picnic

The Freshman - Sophomore Picnic will be held at Tucker's Grove this afternoon at 4:30. Steaks and entertainment will be provided. The admission is 50c. Tickets will be sold there.

## Election Assembly

A special election assembly is scheduled for Wednesday, Feb. 27, to be held in front of the Student Union, or in the auditorium if inclement weather prevails. All candidates will speak at this assembly.

Candidates for the crown of the King of Diamonds, shown above, are: left to right, Art Herman, Stan McGinley, Joe Rank, John Patcha, Jim Warner, and Pat Menne of Alpha Delta Pi. Not included are John Osborne and Larry Smith. At the Dance tomorrow the new King will be selected and will receive the traditional loving cup.

ARNOLD

**'Fourposter' Closes**

Tonight and tomorrow night "The Fourposter" completes its engagement at the Little Theater. Tickets may be obtained at the Graduate Manager's office or the Little Theater. Admission is \$1 tomorrow and 50c tonight.

The play discusses a marriage cycle from honeymoon to old age. The production is of interest not only because of the rather unusual subject but also because of the manner of presentation. It is being done in arena, or central staging, in which the audience surrounds the stage.

**Club Notes**

The Assembly Committee will meet this afternoon at 1 o'clock in the AS Conference Room. Come whether you are an old or a prospective member.

Alpha Mu Gamma and Spanish Club are sponsoring a Spanish movie, "Marie Candelaria," with English subtitles, on Feb. 20 at 7:30 p.m. at the Science Auditorium. Admission will be free.

**Forum . . . Forum . . .**

To the Editor:  
This is just a letter to let you know what the Assembly Committee has done this last semester and what it plans for the future. This year's calendar has been so full that we've had a hard time squeezing things in.

The Mozart Opera workshop got money from our committee for some of their materials. The school band was in a financial slump, so we sponsored a benefit show featuring the Chico Hamilton Quintet (which was very good). All of the members showed excellent musicianship and versatility. Another show was along the musical line, too. Under my committee's financial backing, the combined men's and women's glee clubs presented a new and thrilling "pop show." Classical hits such as "I Love You" and "Something Wonderful" were made more interesting when solos, mixed singing and movements were combined together against a background of colored lights, pasted attire, and a relaxing atmosphere.

Now about next semester: We've heard rumors that another free musical show might be in the making—but this'll be even bigger. Also next semester we hope to present the colored movie of "Henry IV." The AS Assembly Committee is combining with the faculty Committee on Drama, Lectures and Music, since the movie is quite expensive. We hope to possibly show the movie in the auditorium of the new administration building. We hope to make one showing in the middle or later afternoon as well as another in the evening.

So far this popular movie is in the process of being obtained if dates can be agreed upon. If it is available, it will be free to everyone.

Janet Allen, Chairman  
Assembly Committee

Associated Students  
UCSBC  
Goleta, California

Dear Students:  
Your gift of canned food enabled the Council to bring untold joy to hundreds of children, old people and families who otherwise would have had a drab Christmas.

Thanking you again and corrial Best Wishes for the New Year.

Very sincerely,  
Council of Christmas Cheer  
Mrs. Vern Thomas,  
President.

# Warren Buell

His child - like yours - came into the world owing \$1,625

"You know how you always want your children to have it a little better than you did? It's a normal and natural desire.

"Yet I wonder, sometimes, if we aren't short-changing the generations coming up when I see how we're running the national 'store.'

"Back in 1915 our national debt amounted to \$11.84 per person. Today your child comes into the world owing \$1,625.

"Private debt is ballooning too—from 154 to nearly 450 billions since 1945.

"Inflation? Measured by what it bought in 1945, a 1956 dollar was worth only 67 cents.

"Our annual tax bill is something, too. One out of every four days you work goes for taxes.

"Sure we have to pay for the wars we've fought. And America's responsibilities as a world citizen are extremely expensive.

"And in spite of all I've said, we're all living better than ever.

"But part of this increased standard of living is being bought on the installment plan. The average American family today owes 13.6% of its annual income for things it has bought on credit—compared to 6.8% in 1948.

"So it seems to me that all of us might be doing

those future generations a service by taking a careful look down the road we're traveling."

\* \* \* \*

## NEW GRADE RESTRICTIONS STIFLES ATHLETIC RECRUITMENT HERE

by Pete Vorzimer

Ed Cody, Stan Williamson, Ray Thornton, and Joe Lantane were sadly shaking their heads the other day. They're none too happy. And they've got a good reason.

It seems that for a long time now the University and its other branches have tagged a 1.4 grade average on Junior College transfers, now it has come to Santa Barbara.

We know that hulks coming out of high school do not have the B average necessary for admission here . . . only 12% of high school graduates do. So they go to Jaycee where they can eke out a 1.0 and at last wind up in a four year institute with some grade A competition (no remarks!). Well, the moose-men have been foiled again.

There's no getting around this latest restriction . . . and its effects are still echoing and rebounding throughout the upstairs hall in the P.E. department.

Ed Cody stated that out of the

30 men he had previously contacted and who were all set to bring their huge bulk up here, *not a single one qualifies under this new restriction.* Some of these men have gone back and made up courses in order to achieve this great height of a 1.0. And are they ever going to be mad when this hits them. What can be done? Not a damn thing. Throw in the towel, men . . .

The Junior College transfers that do have a 1.4 or higher (and not a bad grade point average at that) will certainly not look up old SBC . . . there are too many big time outfits with more tempting offers. So where are we? Well, there's that 12% of high school grads that qualify for this institution . . . but even 1% of this total is a lot to expect in the way of good athletes. And of this 1% how many come here? This figure can be whittled down to 1/10th of 1% . . . a large figure, eh what? And who said athletics were being played down in the University?

## Inter-Class Meet To Decide Track Berths

The big event in sports this coming week will be the Inter-Class Track meet which will be held on Thursday, the 21st of this month.

The winners of these events will face Long Beach in the first Varsity track meet at Long Beach on the 2nd of March.

In almost all the meets of this type, the Junior class usually always walks away with the prizes as they are usually brimming

over with J.C. talent. But this year, says track coach Nick Carter, it looks as if the Frosh or perhaps the Sophomores will take the laurels.

The field events start at 3:00 p.m. sharp and the Mile will commence at 3:30.

This is an event that all track fans will want to see, as this will be the crystallization and first appearance of Santa Barbara's new — and often unexpected — talent.

## GAUCHOS LEAD CCAA; CAL POLY BEATEN 61-53

by Pete Vorzimer

Last Tuesday night's victory over Ed Jorgensen's Cal Poly Mustangs of 61-53 retained the lead of the CCAA, a 3 win, no loss record for Santa Barbara.

The Gauchos looked like the fine ball club that they really are last Tuesday night. Really fine playing on the part of Jim Hargrove, Jim Whalen, Jim Robitaille, Lee Smelser and Johnny Osborne.

The Wiltonmen took the initial lead and kept it until about one minutes before the half when the Mustang quintet popped a few quick ones in to lead 29-28 — a Gaucho basket set things aright again as the half closed 30-29.

Though the scoreboard made things appear somewhat close, it was not quite so . . . the Gauchos dominated and had the situation well in hand throughout the first half.

Mustang center Theo Dunn with his first point of the game broke a long-standing record of most points in one season (368) and he's well on his way towards setting one that will not be broken for a long time to come. It must be noted at this point that Mr. Dunn did not impress either this writer nor many of the fans the other night. He was big, yes, 6' 5", but his hands were constantly down around his knees, he loped — no, walked, around the court and made a good number of his points as free throws (he's certainly a big enough target for fouls). It did look, however, like Jorgensen might have slipped him some adrenalin before the second half — it looked as if he had awoken for a while there. However, the only thing impressive about him is his record.

Though I don't believe I've seen a Gaucho make a tip-in all season save last night, it looks as if they're up to it now. Jim Robitaille played a fine game — he was under that basket rebounding like mad. Jim Whelan and Jim Hargrove made like eagles and did some fine shooting.

But most impressive was the superb passing that was exhibited throughout . . . all in all, a clicking Gaucho team made an impressive team like Poly look kinda sick out there. Good work — and well done.

REBOUNDS THIS TIME! . . . Johnny Osborne (19) and Don Hoppingarner (28) up for the rebound surrounding Theo Dunn, Cal Poly Highscorer.

## Lambda Chi Alpha Cage Champs

Lambda Chi Alpha reigned as champions of the Intramural Basketball League after edging the G.D.I.'s 35 to 32, in an exciting game played last Tuesday night at the Armory.

The game was close and hard-fought all the way with the widest difference between the two teams being 5 points.

The champions fielded a strong team which was far superior to their opponents in height, but it was expected that the G.D.I.'s would be able to compensate for this disadvantage with their great team speed and strong bench. This did not prove to be the case as the "Fratmen" forced the Independent winners to slow down their pace, and in this way Lambda Chi was able to win.

With two minutes remaining in the thrill-packed contest, and the score tied at 32 apiece, Ed Austin was fouled. He made his first attempt, but missed the second shot. Bob Jordan was fouled on the rebound, and made both charity tosses to ice the game.

Austin led the victors with 11 points, and also played an outstanding floor game. Jordan fol-

lowed closely with 10.

For the losers, Don Evans was top man with 11 points, while Don Leavy had 10.

Line-ups

Lambda Chi Alpha (35)

F Ed Austin	11
F Jerry Higman	6
C Bob Jordan	10
G Jim Warner	4
G Bob Petersen	4
G.D.I.'s (32)	
F Mike Abraham	4
F Tony Roach	5
C Jerry Bennet	0
G Don Evans	11
G Don Leavy	7

Scoring subs: Bob Eidson 2  
Duane Jackman 3

## VOLLEYBALL

Intramural Volleyball is getting underway. The league starts on the 25th and entries must be in on the 18th.

Games will be played each Tuesday and Wednesday evenings from 7 to 10. There will be the two leagues, Fraternity and Independents. SAE are the defending volleyball champions of last year.

DANCE BALLERINA DANCE . . . John Osbornova executing a magnificent pirouette.

Due to circumstances beyond the editor's control, the picture of Ed Coulter, No. 1 Gaucho baseman (past room-mate of Carlton Counts) was deleted last issue . . . here is all-CCAA Coulter—in all his glory.

## Bigotry at Santa Barbara . . .

(Part 3)

The quietness of *El Gaucho's* recent editorials should not be construed as a demonstration that we are satisfied with having disturbed the thinking of our readers. Such a thought could not be further from the truth.

As a matter of fact, we have been waiting. Primarily we are waiting for some word from the Interfraternity Council as to their stand on discriminatory clauses in fraternal organizations.

Secondarily, we have been waiting for some expression of student reaction on this matter, and others which *El Gaucho* has discussed in its editorials. Aside from snide remarks which have been directed toward us by various people, we are totally unaware of what the student body, as a mass, thinks. This is unfortunate, for our last desire is to become as divorced from student life as is, say, Legislative Council.

Having no sources of opinion to rely upon, we can impart to you some thoughts from other campuses, as read in their newspapers. Since the *Daily Bruin* does not take editorial stands, we are forced to confine our reprinting to the *Daily Californian*, published on the Berkeley campus of the University.

The editor (as opposed to *El Gaucho's* editorial staff) of the *Daily Californian* recently voiced his disapproval of the Elliott bill, which is the name given to the bill now before the State Legislature requiring the University to withdraw recognition from fraternal organizations with restrictive clauses in their constitutions. His reasons for doing so were that such legislation (and we are quoting) should not be the means toward an end, and that "the imposition of an abrupt, sweeping, change" would cause considerable reaction to both the means and the end. He went on to say that about the only significant effect this bill would have would be to drive discrimination underground.

More interesting than this stand (which we have not heard expressed on this campus) is the immediate reaction it produced on the Berkeley campus. Several letters to the editor followed which attacked the stand and defended the bill.

Some of these defenses were that the bill provided the incentive for fraternities to clean house, that disapproval of the bill was in fact defending the right of fraternities to discriminate, that a gradual victory over discrimination is insulting to liberal philosophy, that local chapters could apply the bill without fear of reprisal from the national organizations, etc. One writer stated that "losing them (fraternities) is losing nothing of constructive value."

Up to this time *El Gaucho* has not taken a stand on the Elliott bill. We can say now that we are in complete sympathy with its intentions, but until we have further explored the matter, any comments we would make on it would not be fully justifiable. We sincerely believe that the very fact that a member of the State Legislature felt it necessary to suggest such a piece of legislation should be shameful to the University of California. Most certainly those who most often preach liberalism should be actively working for its application.

## Com. on Academic Freedom Recommends Revision of University Regulation 17

A committee of the Representative Assembly of the University has recently recommended changes in Regulation 17 that will, in their opinion, increase academic freedom and intellectual development of students.

Regulation 17 is a University rule which limits the use of University facilities by partisan groups, be they religious, political, or otherwise.

The Committee on Academic Freedom has recommended that

the regulation as presently worded is unduly restrictive and at odds with the University's stated policy of "promoting the intellectual development of its students, preparing them for intelligent participation in society."

As presently worded the rule limits use of campus facilities by requiring that controversial issues may only be discussed by panels representing two or more sides of an issue, at the same time.

## AS PRES. AT BERKELEY PROPOSES IMPROVEMENTS FOR THAT CAMPUS

**Editor's Note:** The following article is a summary of a master plan for the Associated Students of the University of California at Berkeley, as suggested by the Associated Students President, on that campus, Jim Kidder.

Mr. Kidder's intention is to provide a well-ordered campus for future students at Berkeley. He aims at consideration of all student needs, now and in the future.

*El Gaucho* presents this summary with the belief that many students at Santa Barbara College will not only be interested in activities at Berkeley, but also stimulated along lines of similar thought for this campus.

The plan is divided in five sections: academic welfare, economic welfare, social-recreational welfare, student government, and miscellaneous.

### Academic Welfare

1. *Dead week:* elimination of all examinations (excluding mid-term finals) and activities during the week preceding the week of finals.

*New student orientation:* expansion and improvement of ASUC and University orientation programs to meet future as well as present needs.

3. *Student-faculty conference:* work with the YMCA and YWCA to promote an annual faculty-student conference.

4. *University rule 17:* work toward the elimination of this rule which limits use of campus facilities for religious and political purposes.

5. *Registration by mail.*

### Economic Welfare

1. *Entertainment discount card:* expand the present movie privilege card to include all Bay area theaters, as well as other forms of entertainment.

2. *Fair Bear housing:* expand and promote Fair Bear housing and eliminate any discriminatory practices in University or community facilities.

3. *Fair Bear wage:* increase the

Fair Bear wage, and expand and promote the program.

4. *Residence hall program:* Help the University obtain funds for the residence hall program.

5. *Transportation:* work with the University to obtain greater student parking facilities, both present and future.

6. *Discount system:* establish in the ASUC store.

### Social-Recreational Welfare

1. *Recreation space:* improve Strawberry canyon area to convert it into a student recreational center.

2. *Social regulation enforcement:* enforce social regulations through student judicial bodies.

3. *Social-cultural program:* expand both the ASUC and University programs.

4. *California Memorial union:* promote the project.

### Student Government

1. *Californians:* put into effective operation.

2. *Activities planning committee:* clarify the role of this committee.

3. *ASUC first vice-president:* clarify his role.

4. *National student association:* clarify the role of the campus program.

5. *Representatives-at-large and ASUC boards and councils:* clarify the role of the ASUC reps-at-large, and the relation of the boards and councils to Executive committee.

6. *PCC student body presidents' council:* work for the establishment of this group.

7. *President's advisory council:* work toward its establishment.

8. *Rally committee:* put into effective operation.

9. *Student judicial committee:* attempt to strengthen.

### Miscellaneous

1. *Student chapel:* construct a student chapel either on or near the campus.

2. *Reports to the student body:* prepare reports on the proposed student directory and on the system of representation of the student body on Executive committee.

## What Others Think...

This is published in the interest of Brotherhood Week, February 17-24, sponsored by the National Conference of Christians and Jews.

### THOUGHTS FOR 1957

By Palmer Hoyt  
 Editor, *The Denver Post*

Preservation of the principles of brotherhood may be a crucial factor in the struggle for worldwide freedom of mankind.

In a world almost evenly divided between the forces of slavery and those of freedom, three great problems face us here in the United States:

1—Our success in promoting world peace, and our national defense as insurance of peace.

2—Maintenance of a sound economy.

3—Preservation of civil rights for all citizens.

The best hope for the world seems to me, to lie in an America strong enough to lead the world to government under law. Unless we have a world governed by law, we can never have the worldwide freedoms and human understanding that are necessary to the preservation of peace.

Of the three great challenges to Americans, civil rights may well turn out to be the most important of all because, unlike defense and economics, it is an area of weakness for us. In fact, I am convinced that it is the most important because those rights, as they pertain to the individual and as they are defended for him, are the very core and essence of our political and economic system. They are the heart and soul of the democratic way, and of government under the law.

We are negating the objective of universal government under law so long as we cling to the idea, and express it in practice, that there are second class citizens in the United States.

The totalitarian enemies of democracy have no more powerful weapon against us today, short of war, than the fact that the 14th amendment is openly, flagrantly and definitely violated as to men with colored skins, and that neither Congress nor the courts have found means to protect the civil rights enumerated and defined in that amendment.

More than half the people on earth are what Caucasians call colored; they are stirred as never before by aspirations of freedom. But they want no brand of freedom that relegates them to an inferior position. As long as enemy propagandists can tell them that under the American style of democracy they are doomed to inferior status, just that long will they shy away from our leadership!

### A RULE FOR BROTHERHOOD

By Oveta Culp Hobby

The one drawback to annual observances of any kind is that out of habitude, we tend to become phrasemakers who no longer listen to our own pat phrases.

In all the editorials and speeches which will be made before this week is done, the word "brotherhood" rolls off again and again until it sounds easy.

But brotherhood doesn't come in a package. It is not a commodity to be taken down from the shelf with one hand—it is an accomplishment of soul-searching, prayer and perseverance.

Brotherhood takes self-aware practice.

The rule of thumb is a simple one: Regard each man and woman as an individual. Not as a Catholic, a Protestant or a Jew. Not as a Negro, Anglo-Saxon or Asiatic.

Look at the person—at the character and personality of this human being. Like or dislike that person for his own intrinsic qualities, and refuse to tinge that judgment by the irrelevant fact that he belongs to a different race or religion from your own.

The spontaneous feeling of brotherhood is a mark of human maturity. Many illiterate people have an instinctive recognition of brotherhood which is a thing of the spirit. The American Indians, when they found a white man worthy, could take him into the tribe as a blood brother. The child, left free to appreciate kindness and generosity, sets no artificial boundaries on his love for people.
