Hi, I'm Dr. Mark L. Duell, Sr., Doctor of Chiropractic. Perhaps gentleness in chiropractic is a new concept to you. It was to me before I began the six years of college training necessary for my doctorate degree. During those years I learned the precise locations where light pressure can bring chiropractic relief to pain.

In addition to my doctorate, I have a bachelor's degree in Human Biology. Since college I have completed courses in Activator, Nutrition and X-Ray. Even now I devote three days every month attending a nationwide seminar on chiropractic.

**YOUR CHIROPRACTIC EXAMINATION INCLUDES:**  
an orthopedic test, a neurological test, a spinal alignment check, and a private consultation to discuss the results. If X-rays or other tests are needed, you will be advised of any costs before proceeding. Workers' Compensation and most insurance companies cover chiropractic care to policy limits. If it is determined that chiropractic cannot help you, you will be advised of any appropriate health care field to investigate.
