

## ROADRUNNERS TO TANGLE WITH SANTA MARIA JAYSEES FRIDAY

### SECOND STRING TO SEE ACTION

A breathing spell in the tough 1930 schedule is in store for Coach Davis' hard-fighting gridsters, when they play the Santa Maria J. C. eleven Friday night at Pershing Park Coliseum. And it comes at a welcome time, for every game so far this fall has been a battle from start to finish, and the badly battered Roadrunners are seriously in need of a rest before the all-important struggle with Occidental two weeks hence.

Friday's game will probably see the first string in action during the first half, and if they succeed in building up a comfortable margin, the benchwarmers will get their long-awaited chance to star for State in the last period. Several new plays have been worked up by Coach Davis during recent practice sessions, and no doubt they will be tried against the Marians to determine their possible use against the Oxy Tiger.

Last season the Olive and White trimmed the Jaysees 18 to 0, in Peabody Stadium, and the frosh eleven succeeded in winning their game by a 6-0 margin. The Saints are said to have a scrapping little outfit, but are seriously hampered by lack of reserve material. Last year they had only three subs to draw from, which made it pretty tough for them, and they are having the same difficulty this fall.

Men who will see action Friday are: Backfield—Barnett, Greeson, Haberek, Hickman, Treloar, Winters, Pierucci, and Kessler. Linemen—Johnson, Allerdyce, Cutler, Colton, Davis, Engleson, Eckhardt, Imes, Hillman, Wade, Higgs, Goodfield, Kirby and Hopkins.

### BACKWARDS PARTY TO BE HELD OCTOBER 31

The Backwards Party is going to be held on Friday night, October 31, from 5:30 to 7:30 p. m. All new girls must wear their clothes backwards and be initiated. The initiation will provide ample entertainment. The menu will be backwards and the price is 35c. Tickets are on sale now. After the party all the girls are expected to attend the football game.

Committees: Mary Camp in charge; Initiation, Mary Camp; Decoration, Carmie Janssens; publicity, Elsie Tietz; place cards, Phebe Steer; cleanup, Ruth Rizor.

### MORE EATS FOR THURSDAY TEAS

The number of students attending the Thursday afternoon teas in the A. W. S. clubroom has surpassed expectations, according to Carmie Janssens, tea chairman. These teas have proved so popular that the A. W. S. board in their last meeting voted to increase the weekly supply of refreshments. And here is good news for those maidens who, according to report, were "dancing with tears in their eyes" to the same old records. The board also voted to buy five new phonograph records per month.

### A NEW CLUB FOR STATE

A new club is being organized at State which promises to out-rival all others. The official name is the Bruise Club and members are confined to athletes injured while practicing or playing for Alma Mater. To become a member, the injury must be bandaged. Furthermore, the bearer must exude that peculiar odor which only Dr. Markthaler can produce.

This new organization has a unique plan for office-holding. To the person with the greatest injury go the spoils—the honor of being prexy! Archie Way, who has been carrying a much autographed foot around since the beginning of the season, is a most deserving president. Harry Killian, flashy quarterback of the frosh line-up, smelled so strongly of "infection" that he was unanimously declared vice-president. And due to Ted Neidermuller's woeful look of pain, he was allowed to become the official secretary and treasurer. Other members are Schooler, Schuyler and Van Zant.

### Proctor, O'Leary Represent A. W. S. At Fresno Conclave

The A. W. S. board has chosen Irene O'Leary to be the official delegate to accompany Betty Proctor and Dean Pyle to the State A. W. S. convention to be held in Fresno October 31 and November 1. They will leave Thursday and return on Sunday night. The chief topics to be discussed at this convention are "Internationalism and the Part We Play in it," presented by Dr. Hubert Phillips, professor of Social Science at Fresno State, and "Types of College Women," by Dr. Ethel Sabin-Smith, psychology professor at Mills College. The business and social meetings will be reported after the convention. The particular job of the Santa Barbara State delegation is to be chairman for the committee on the revision of the state A. W. S. constitution.

Betty and Irene are staying with Lucille Frost, a former student of S. B. S. C. and present student of Fresno State.

### POND ENJOYING HAWAIIAN TRIP

According to word received by Mrs. Jane Miller Abraham, Miss Elsie Pond, former teacher here, is having "a wonderfully interesting time" in Hawaii, where she is assistant director of extension education.

"Yesterday I spent all morning visiting Kamehameha schools. Mr. Midkiff took me on a personally conducted tour over the boys schools, through the shops and classrooms. I wished Mr. Griffin who used to teach there could have been with us. The shop work and their schemes for allowing each boy to progress at his own rate are most interesting. Then each instructor seems so proud of the fact that money is plentiful and they are granted every request so far as material and equipment are concerned! I listened in wonderment as each shop man insisted he had the best shop of its kind "west of the Rockies."

(Continued on Page 3, Col. 2)

## PERSONALS CAMPUS GOSSIP

**Have you noticed—**  
That Vi Peterson seems to have a reserved front seat in Sparky's bus?

That Nell Larsen seems to be bearing up well in spite of Frank Anderson's studious endeavors at Oregon?

That Red Gillum makes frequent trips to Santa Barbara not merely on business, for a sweet Tau Gam seems to be involved?

That the Delta Zetas are still smiling after indulging in the pies baked by "Chuck" Faris and their sponsor, Mrs. Abraham?

That there are a number of good-looking outside men at the school dances?

That Jo Kelly is busily preparing to leave on the 31st for Missouri where she will attend the Phi Kappa Omicron national convention?

That Ned Porter certainly seems to prefer blonds?

That Charlie Van Winkle is acquiring new worry lines in his endeavor to please professors, students, and editors?

That Nancy Davens and Bee Anzell cancelled tickets for the Stanford-U. S. C. game in order to join the caravan to Whittier?

That the delegation of industrial education students from U. C. L. A. caused more than one Santa Barbara co-ed to look quickly into the mirror? Oh, my!

That some of the freshman girls have acquired a number of the upperclassmen?

That harmonious sounds are beginning to emerge when the band practices?

That, at last, a definite date has been set for the girls' backward party?

That nearly all of State College went happily south for the Whittier-Santa Barbara game?

Some of our coeds were complaining about the incidental fees and asked Phoebe Steer what they were used for. She replied that they were used to support the College Widow. Can you imagine!

Mary Smiley, one of our freshmen, had the good fortune to fly by airplane to the Stanford-U. S. C. game. She left Saturday from Carpinteria and flew back on Sunday.

Eujane Carr, Edith Smith, and Molly Cheroske were here for the La Verne game. They were the guests of their sorority sisters, Lucille Hall and Alyce Corbin. Lucille gave a bridge party for them on Saturday afternoon, and that night they attended the Fall Frolic.

There really must be some attraction on this campus because most of the students who leave usually come back to give us the once-over. Helen Cooley and Marvin Cobb, who are attending California this semester, were here last Tuesday. (They had no classes and so decided to pay us a visit?)

We would like to know why Ella Cornwall did not get a ticket for speeding when the cop stopped her on the hill the other morning coming to school.

Robert McClain almost broke his neck the other night when the car (Ford) in which he was riding turned a somersault in the middle of Laguna street.

## HALLOWE'EN BARN DANCE WILL BE HELD AT GOLETA SATURDAY

### CROSS-COUNTRY

In the second trial run of the practice season, State's rabbit-chasers showed a real improvement over a week ago. "Snooks" Kirkpatrick, a new entry, finished in 12:34 to take first place. Meigs reversed the decision of a week ago by beating out Connell for second place. Chet Tubbs, first in last week's run, had some tough luck, and had to be content with fourth place. H. Smith, Palmer, and Ezaki were the other runners.

Manager Bob Mead is still trying to arrange some meets, but he has not yet heard from any of the other schools. He expects to get three or four meets for the runners, with the possibility of a triangular meet with the junior colleges of Santa Maria and Ventura.

### BABES LOSE TO OILMEN, 34-7

There's nothing "chicken" about the Roadrunner chicks, even if they did lose to Bakersfield Junior College, 34-7 at Bakersfield Friday night. For they made their first score of the season against the toughest team they've played yet, and held a team that was scheduled to lead by six touchdowns to a four-touchdown victory.

The first quarter was scoreless, the teams punting back and forth across the field. The quarter ended with Bakersfield in possession of the ball, fourth down, with two and one-half yards to go.

In the second quarter Bakersfield made yards four times in succession, power drives through the line putting the ball over. The conversion was successful.

**March Stopped**  
After the kick-off, the frosh began a march down the field which was interrupted by the Oilers, who intercepted a pass, made yards, lost the ball, recovered a Peagreener fumble, and made another touchdown and conversion. At the half the score stood at 14-0.

In the second half, Santa Barbara got the ball down and ran it to Bakersfield's 30-yard line in (Cont. on Page 4, Cols. 4 & 5)

### Big Xmas Program Planned By Players

The members of the Dramatics Club, under the direction of Doris Rodehaver, are planning a big program for Christmas. Two one-act plays will be presented. "The Killer" has already been cast and rehearsals are being scheduled.

Action centers around a notorious Bad Man, who has seven notches on his gun. Instead of the sheriff catching the criminal, the criminal brings the sheriff in handcuffed. He makes an agreement that if the sheriff will cooperate and make it a successful Christmas he will give himself up and let the sheriff collect the \$5,000 reward on his head. And then the girl comes in. There is lots of action, plenty of gun-play, and a tricky conclusion.

On the same program will be another one-act play, "Rosen-cranz and Gilderstein," a Gilbert and Sullivan play. It is rumored that Cliff Leedy is going to help out with his band, and with the

### HARDTIMES RAGS SHOULD BE WORN

The Goleta dance hall, gay with traditional Hallowe'en decorations and gaudily costumed couples, will be the setting for the next student-body dance, which is scheduled for Saturday evening, November 1.

Signs will be posted along the highway directing students to the country dance-hall, which is located about eight miles north of Santa Barbara.

The dance, a Hallowe'en pow-wow, has been designated as a costume affair, and all who plan to attend are asked to provide themselves with either a "hard-times" or Hallowe'en costume, although there will be no masquerade.

Under the direction of Virginia Weber, social chairman, the social committee has planned entertainment between the dances, with a special feature during the intermission. Special committees for the affair are now at work under the following chairmen: Decorations, William McDavid; entertainment, Virginia Weber; programs, Elizabeth Peacock; publicity, Stuart Thompson; refreshments, Catherine Rogers; clean-up, Wesley Dickinson. Walter Robinson's orchestra will furnish the music.

### SONGSTERS TOUR NEXT SPRING

#### GLEE CLUB TOUR TO BE HELD IN FEBRUARY

The annual tour of the State College glee clubs is to be held the last week in February, it is announced by Helen M. Barnett, head of the music department. The exact dates are not definite as yet, but the department is corresponding with different schools and churches in the San Joaquin valley in order to arrange satisfactory engagements. The tour is the big activity of the year for the combined glee clubs, and all the work of the first semester is in preparation for this event. The purpose of the tour is to advertise the college and it is a self-supporting venture. Last year was the first time the combined clubs had taken the trip. Prior to that, only the men's club had gone. The tour last year was a brilliant success, and the glee clubs are looking forward to another equally so.

### Women's Affairs Committee Chosen

A chairman and members constituting Women's Affairs Committee were chosen at a meeting of President-Phelps, Dean Pyle and Betty Proctor. Mary Camp is chairman, and Helen Nauman and Irene O'Leary complete the committee.

This is a standards committee for women of the State College, and it will decide any questions concerning women's standards. At the first meeting, house chairmen and group chairmen were appointed.

insertion of an extra skit or two, the prospects are good for a big program. It will be presented at night, with a small admission charge.

## STEAM—THE STUDENT'S BLOWOFF

### FROSH FOIBLES

Have you noticed the way Ray Harris, our janitorial friend, has blossomed out as a dancing instructor with the new Bernard-Harris dance studio? The boy must be good. About six freshmen are daily getting their feet tangled up as they practice taping, all because of Ray and his merry cohorts. If you want to get a line on all the newest steps, just watch Fred Harrison slap his feet up and down on the gym floor, trying out something he has just learned.

And that reminds me, the freshman class is a bunch of publicity hounds. About nine frosh have asked me to put their names in the Weakly Eagle (pun copyrighted and all rights reserved, including that of translation into foreign languages). I'd do it, too, only I went and forgot who they were, so they'll just have to wait.

### FROSH FOIBLES

Things I have learned at college: You can't charge things at the co-op store. A good place to sleep between classes is on the lawn in front of the gymnasium. But you have to be terribly self-conscious. The freshman football team always has more bruises than the varsity. Or at least we hear more about them. Contrary to popular opinion, Bill Maxwell (Jr.) does not attend the A. W. S. teas. Neither does John Davis, much. Some pros can be terrifically sarcastic. Freshmen don't have to wear "beanies." Also, I've learned the Law of Multiple Proportions, but I've forgotten it. And some things about co-eds.

Encyclopedias could be written on the subject of the expression on the face of Irma Earl, our respected feature editor, when yours truly shows up some time after the dead-line with no "foibles" written. And, while we're on the subject of physiognomy, my idea of a perfect blank look is the one John Reid wears in history class. If I didn't know —R. W.

Dear Editor:

In the last issue of the Eagle there was published a long list of books that have recently been added to the library. They were in home economics, science, and foreign languages. It struck me as very queer that these three departments alone should be represented in the new books. Science and home economics are laboratory courses. Why should they be well-stocked at the expense of the courses that use the library for the lab? I am thinking particularly of history. There are 160 students in just one of the lower division courses in history. There are several upper division courses in which, even though they are small, the people are unable to complete the necessary reading assignments. I will not insult your intelligence by completing the point; everyone can see what I mean. I know, too, that this is not the first time a complaint has been made.

I would like to call the attention of the administration to the situation.

—A Senior.

him so well I'd think it was a poker-face. It can scarcely be matched by my own when Mr. Walker springs a question on me in chem. class, and if nobody gets sore at me because of this story, I'll be lucky.

Wear Your Old Rags  
The Place is Goleta,  
*Halloween*  
  
A Red Hot Dance  
An' Plenty to Eat-a.

My Dear Yep:

Since the Thursday afternoon teas are monopolized by one organization and its followers, we wonder if it's possible if others could charter another afternoon?

Yours truly,

Agatha.

Dear Aggie:

Why, yes, Prexy sed that if his bullfrogs in the pond weren't disturbed any organization might charter it for boating or swimming parties.

Or if you can't arrange for this party—Chet Tubbs would like to have you join him in an elf or fairy dance and skip and frolic about the field between halves.

Or—better yet—why not join the band? How could you employ your time better or be more of a credit to your home folks than by blowing your teeth out for old almy?

Get the old school spirit—be like Herbert Bailey or Hugh Barnett. The other day when they were taking their tuberculosis test the lady asked them if they would expectorate. Expectorate? said Bailey, say, who do you think attracted all the women to this here school, anyway?

The other day we heard O'Reilly and MacTavish saying they couldn't get a date. What's the matter with Bert Clemore—is he still dating all the women up? Dean Ashworth sez that any women wanting dates leave their names in his office with a fifty cent date fee.

They'll probably need the fifty cents for carfare—or to help pay for shoe leather.

And, as Dean Ashworth would end—and so on and so on and so on.

## SOCIETY

Miss Helen Cooley, formerly of Santa Barbara State College, and now attending the University of California, paid us a visit last Wednesday. She surprised her many friends by her unexpected visit.

Helen says she likes California very much and intends to get her A.B. there.

A number of events were planned by her sorority, Phi Kappa Gamma, and by her many other friends, to entertain her until departure for Berkeley on Sunday.

## DEPARTMENT NEWS

### MUSIC DEPARTMENT NEWS

The Men's and Women's Glee Clubs have resumed their practice after a week's vacation occasioned by the illness of Mrs. Helen M. Barnett, head of the music department. Mrs. Barnett was ill with influenza, and was unable to conduct any of her classes during the week.

The Men's Club organized at their last meeting and elected the following officers: Ben Romer, manager; Dave Lewis, treasurer, and Chet Tubbs, librarian. The present club is the largest Men's Glee Club ever organized at State, having an enrollment of 39. This is an increase of 17 members over last year.

The Music Department has grown surprisingly this year, and has added two courses which have proven interesting. The new Harmony III class is hard at work on an original cantata which will probably be produced by the combined glee clubs. A sight-singing class has also been formed. The members learn to sing difficult music at sight, syllables instead of words. This is an innovation at State. In the class are Anita Cochran, Dorothea Peterson, Betty Proctor, and Irma Starr.

### NOTICE TO HOME EC. STUDENTS

Those Home Economic students who have not paid their dues of 50c a semester, please see Miss Martha Larsen at once. It is very important that the dues be paid immediately.

### PERSONALS

Does it take more than one letter a day to keep the blues away, Grace Ellen? Or how much does it cost to call Frisco after midnight? Ain't love grand!

We wonder what a DeMolay pin alongside a sorority pin means. Ask Irene O'Leary, she might tell you.

### P. E. HALLOWE'EN PARTY TOMORROW

Tomorrow evening at 5:30 the P. E. department will give a Halloween party at the home of Pearl Reiger. All the P. E. majors are invited and there is a big surprise in store for the new members of the department. Elizabeth Peacock, chairman of the food committee, is assisted by Betty Lindsay and Naidine Stout. Pearl Reiger and Virginia Slicton are planning plenty of entertainment for the evening.

### LOUISE DUNHAM VICE-PRESIDENT

Louise Dunham was elected vice-president and social chairman of the P. E. department. Pearl Reiger was also a candidate for this office.

(Continued from Page 1, Col. 2)

### POND WRITES OF HAWAIIAN EXPERIENCES

The boys' assembly was interesting and I wish you could have heard those 269 Hawaiian boys sing. It was really stirring.

At the girls' school they served a delicious chicken dinner at one o'clock. That was a nice end to a happy visit with Mr. Mädkiff and his faculty.

I have attended lots of dinner parties and luncheons in spite of this being the wettest and warmest September in history. After all, it is beautiful Hawaii and we are having a glorious time.

Next week we start on our inter-island trips. So far I have been in Honolulu only, so on familiar ground.

Everyone is enthusiastic about Dr. Jacobs. He certainly found a place right in the hearts of his students and co-workers.

"Of course, I miss all you people and think of Santa Barbara, but am having a wonderfully interesting time here too. Please give my best regards to all the faculty.

Aloha and best wishes.  
—Elsie Pond.

## World News

### SEVEN UNIONS JOIN FIGHT FOR SIX HOUR WORK DAY

Seven railroad labor unions of the U. S. and Canada have taken the leadership of organized labor in their hands and are seeking a six-hour working day without reduction of pay. It was 14 years ago that this same group won for railroad workers the 8-hour day.

Officials of the railroad unions estimate that if their plan goes through it will put to work 50,000 men now unemployed in railroad industries.

Considering the fact that women have taken a major part in sports for only about twenty years the announcement that society girls are organizing polo teams in the different resort cities shows how rapidly they are advancing. Give them time and they'll be girls football teams. (Then won't the boys have fun!)

Pilots of seaplanes flying from Seattle to Alaska stop at Alert Bay, Vancouver Island, where they must visit the customs' office to have their papers signed. The office being three miles away it is necessary that the Canadian officials provide means of transportation. They do—in the form of a bicycle. Some pilots think this the hardest part of the whole journey. They ought to have women pilots then they could provide skates.

### SPODE CHINA EXPERT SPEAKS TO HOME ECS.

Mr. Roland Copeland, owner of the Spode china factor of London, and husband of Lady Copeland, a candidate for Parliament, addressed the members of the Home Ec Department last Tuesday on the history of Spode china.

## Books

John Benjamin Henck, a prominent Santa Barbara man made a gift to the library some books from his own personal library. Mr. Henck is a graduate of Mass. Institute of Technology and was a professor of the same institution for many years. He has done much experimental work with the Bell telephone company. He is now retired and lives at 1005 Santa Barbara street. The gift of books includes:

Woodruff, City Government by Commission; Howe, Modern City and Its Problems; Toulmin, City Manager; McCarthy, Wisconsin Idea; Gulick, American Democracy and Asiatic Citizenship; Marriott, How Americans Are Governed; Reeve, Cost of Competition; Hobson, Democracy After the War; Strunsky, Little Journeys Towards Paris; Cartwright, Voice of America; Hagedon, Where Do You Stand; Shipley, War on Modern Science.

## THE WIDOWER

Everybody in State was at the game Friday night with the exception of Marty Bredsteen and three girls. I wonder if there could be any connection. Marty says he has to work. I'm still wondering.

And where did our gesticulating yell king get the new Ford? And the passenger list should not be overlooked. Oi—what a sheik! Ned Porter was rambling around the campus in great agitation asking all his acquaintances among the fairer sex (?) if they had transportation to Whittier. When he mentioned a rumble seat, there was a general exodus, or to use his words, the horizon was obscured with flying skoits.

Have you heard State's radio announcer? I would recommend that he practice on the pronunciation of "hammock" and "Tia Juana" before the next radio rally. All kidding aside, he surely did put over big the two programs we've had. More power to you, "Sparky!"

A correction to a statement in last week's edition has been submitted to this department. A young lady was inadvertently referred to as the "girl of a thousand sweaters." A recount has shown only seventeen. Our apologies are humbly presented. However, we still maintain that she merely needs a little more time.

"We just got a telegram from our son."

"I suppose he's expelled from college."

"No; he wires that the football coach said hello to him this morning."

"All that stands between the college graduate and the top of the ladder is the ladder."—Selected.

## ALUMNI

"Peggy" Downs, '30, former secretary of the Outing Club, and a prominent member of the W. A. A., visited friends on the campus last Thursday. Miss Downs plans to make the Cabin trip with Outing Club members on November 8 and 9.

October 23 Miss Irene Ferguson, and her sister, Dr. Frances Ward, an old friend of Edna Rich Morse, together with Miss Mary Williams of San Francisco were guests of Miss Ebbets for lunch and a trip over the campus. Miss Ferguson was much impressed by the changes and improvements made on the campus since her last visit.

There are still a few graduating students who have not consulted with Mrs. Miller, registrar. This is a final notice. Anyone expecting to graduate in February, June, or August, 1931, who has not been to see Mrs. Miller should do so today.

Friday was the last day to pay laboratory fees—at cost. However, they are payable up to and including Wednesday, October 29, plus a fine of one dollar.

# ROADRUNNER SPORTS

## STATE WALLOPS WHITTIER, 13-6

Santa Barbara State's Roadrunners trampled all over Whittier at Whittier last Friday night, pulled what seemed to be an inevitable tie from the gridiron in the last minute of play and left the Poets talking to themselves about the small end of a 13 to 6 score.

It was a great game, the greatest game Santa Barbara ever played. And everybody was there: President Phelps and Dean Ashworth, instructors, and students. More than 200 must have made the trip. Cliff Leedy's band was there, too. It added the frills to the thrills.

It was Santa Barbara's day, that was all there was to it. Our crowd equalled Whittier's. Our voices were louder. Our yells were stronger. Our men were better. Our plays were faster, and we had the only band to add to the victory pageant.

### Team Outweighed

Coach Davis' men, out-weighted from five to ten pounds a man, out-manned by nearly an extra team, played a brainy rapid brand of football to carry off the honors.

And State's fighting spirit was shown in the last few minutes of play when with the score 13 to 6, Whittier flashed two long raper like plays for a total yardage of some 45 yards to put the ball on Santa Barbara's one-yard line. Cece Hickman was hurt and carried off the field.

The crowd stood up. It seemed that the Poets just couldn't be stopped. Then Santa Barbara's spirit rose up, lead by Captain Johnson, who played a great defensive game. The first play, a line drive was stopped at its source. Barnett of State broke through and threw a Poet for a six-yard loss on the second play.

### Davis Is Hurt

Then Davis was hurt but refused to quit. And State was penalized for too much time out. The crowd went wild. Another line play was blocked and the fourth try for just one yard failed to gain, and it was Santa Barbara's ball as the final gun sounded.

State scored in the second quarter on a march down the field,

## SOCIETY

### KAPPA OMICRON PHI PLEDGES SIX

At a formal pledging ceremony held in Emoha on Oct. 21, the Theta chapter of Kappa Omicron Phi fraternity pledged six Home Economic students. Those pledged were: Misses Ruth Ezaki, Christine Jennings, Bettie Jones, Winifred Jones, Dorothea M. Peterson, and Helen Walker. Kappa Omicron Phi is a national honorary Home Economics fraternity. Students making this fraternity must meet certain scholastic standards it upholds.

### NEWS OF THE FRATS

#### Dear Dot:

There is no Frat new this week at all.

The Beta Sigs have censored all news until a future date.

The Tau Omegans have no news this week.

The Sigma Alphas never have any news.

—Chet.

Marvin Cobb, who is attending the University of California, visited here this last week-end.

Marvin said he was glad to see all his old friends again and wanted to come up here and see what his fraternity, the Beta Sigs were doing this semester.

He returned to Berkeley Sunday morning.

### KAPPA OMICRON PHI SENDS DELEGATE TO CONCLAVE

Miss Jocelyn Kelley, president of Kappa Omicron Phi left October 27 for Missouri to attend the national conclave of Kappa Omicron Phi.

Pierucci saving the day by making first downs on Whittier's 12-yard line. Treloar scored on a plunge and Hickman converted on a lateral.

The Poets scored in the second quarter following two of those raper like runs and a 25-yard pass from Duncan to Gronsky. Mashburn made the score but the conversion failed.

State's winning touchdown came after a punt had been blocked on Whittier's 18-yard line. Greesson scored on a pass from Pierucci. The conversion failed.

## Theatres

"Unlax, boys," says Amos and Andy, "and see the big show, 'Check and Double Check,' playing at the Granada Theatre all this week. In response to the many demands of radio fans, Amos and Andy, nationally popular entertainers, have made a talking picture.

The cast includes Irene Rilh and Sue Carol. In order to retain the atmosphere which they have created, the director uses scenes with the Fresh Air Taxi Cab Company, Incorporated, in Harlem.

If you have an opportunity, see it. It is the rich comedy and compelling pathos which has won the hearts of millions of radio fans.

### ROSE

The Rose this week is running three good second-run pictures. One need say little about these pictures. They have been returned to the theatre by popular demand.

They include, "The Office Wife," with Dorothy Mackaill, "The Social Lion," with Jack Oakie, and "Half Shot at Sunrise," with Wheeler and Woolsey.

### MISSION

At the Mission this week you may see Sue Carol and Arthur Lake in "She's My Weakness." This is a snappy story of the younger set.

The second picture is "Eventually But Not Now," and the third change is "Road to Paradise," with Loretta Young, Jack Mulhall and Raymond Hatton. This is a dramatic story of twin sisters in which Loretta Young plays a double role.

### CALIFORNIA

Tomorrow the California bill changes to Gloria Swanson in "What a Widow." This is a gay story of a foot-loose widow who goes to Paris. This is enough,—you'll see the rest, and the rest is plenty!

There are three new songs: "Love is Like a Song," "Say, Oui, Cherie," and "You're the One." Gloria displays many beautiful gowns. This will interest the college co-eds. It is a delightful comedy romance, with Lew Cody as the paramour and Owen Moore as the Romeo.

### "THE PERFECT ALIBI" COMING TO LOBERO SOON

Judging from the meagre attendance of college students at the last Lobero plays, it is probable that everyone is not conscious of the existence of such a theatre in Santa Barbara. For the benefit of these, it should be said that the Lobero theatre belongs to the Community Arts Association, and enjoys the distinction of being famous over the entire country for the production of artistic and finished dramas.

Irving Pichel, who is nationally famous as an actor, is director of dramatics for Community Arts. Recently, he played the lead opposite Ruth Chatterton in the production of a talking picture. At present, with the assistance of Laura Breska, a last year's graduate of Santa Barbara State, he is working on the play, "The Perfect Alibi," by A. A. Milne, a gripping mystery-thriller which no one should miss.

The story centers around two ex-convicts planning to get revenge on the lawyer who was instrumental in sending them to the penitentiary. They do get their

(Continued on Col. 5)

(Continued from Page 1, Col. 4) about six plays. Aided by a 15-yard penalty, the first-year men put the ball on Bakersfield's 5-inch marker, and Mahoney carried it across on a line buck. A dropkick by Killian, newly-elected frosh captain, netted the extra point.

### Hard Football

Bakersfield retaliated with some mighty hard football, which crippled most of the frosh backfield men, and from then on the game was in the Oil-drillers' hands. Three more touchdowns

and two more conversions were made before the game ended, with the score, 34-7.

Lineups: Frosh — Ends, Bell, Schultz; tackles, McCullough, Reed; guards, Cress, King; center, Main; halves, Killian, Smith; quarter, Mahoney; full, Van Zandt.

Bakersfield J. C.: Ends — Smith, Bruce; tackles, McNamara, Findlay; guards, Dupes, Ransom; center, Martin; halves, Stockel, Higginbotham; full, Van Osdel.

(Continued from Col. 3)

revenge, and the surrounding mystery is solved by a girl. The play has some surprises which not even the many geniuses of the college could foresee. "The Perfect Alibi" should be a good prescription for all mystery story addicts.

It is to be presented during the latter part of this week on Thursday, Friday, and Saturday nights, with a matinee on Saturday. The prices are fifty cents to a dollar and a half. Reservations should be made early.
