

# GET OUT & VOTE!!

A.S. SPRING GENERAL ELECTIONS  
TUES, APRIL 23RD & WED, APRIL 24TH • 9:00AM-6:00PM

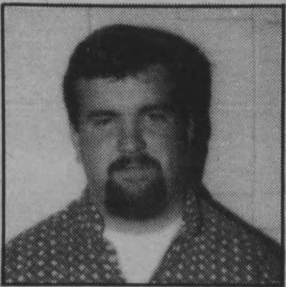

## POLLING LOCATIONS

UCEN • LIBRARY • BUCHANNAN • DE LA GUERRA • HUMANITIES

## PRESIDENTIAL CANDIDATES

Vote for ONE (1)

### Kevin Daly

DALY

For the past three years I have spent much of my spare time in the Program Board helping to bring great, affordable, and sometimes even free, events to campus. As I decided to run for president this year, I see one basic issue that solves all others - student participation and activity. If A.S. wants to remain a presence on this campus it can no

longer sit back and count on only 15% of the school to be involved in elections, issues and events. A.S. has to start doing more for the students. A.S. must harness and focus student energy, provide incentives for participation, and most of all bring the University to become more active in issues and politics that effect all students.

#### FOR

My objective is then to provide this campus with more concerts, more speakers, and more issue-oriented open debate. To have this campus become more of a center for ideas, action and creative and radical thought. My objective is also to be practical. A.S. is not going to solve all the problems outright. Our focus should be to collect student opinion and participation and effectively focus that energy towards staff, administration, the chancellor, elected officials, regents and the governor.

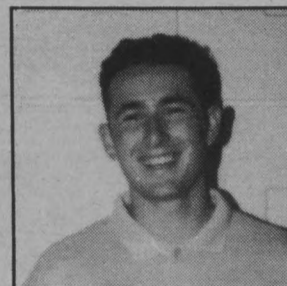

#### PRESIDENT

This position is solely to serve the students of the University and speak

on behalf of their opinions. A.S. can no longer say "come and talk to us." It must be A.S. actively going out and collecting opinions and ideas from students. Major issues that A.S. must focus on, Affirmative Action, Keeping IC's out of the RecCen, No New Fees, Completing the IV Theater renovation, Keeping Isla Vista clean and safely lighted, Increasing the Educational foundation and prestige of the University, Renewed focus on parking, bike paths, and a clean campus. An increase in visibility for projects of student groups through better electronic bulletins and allowable flyering and posting locations. Most of all an increase in student participation and activity on campus by bringing more speakers and concerts. Thank you for voting and I thank you for your support and attention.

#### DALY FOR A.S. PRESIDENT

### Darius Trugman

YOUR CHOICE • YOUR VOICE • YOUR FUTURE

UCSB is in desperate need of fresh NEW leadership for Associated Students. As a recent transfer student, I can proudly say that I have not been part of the current A.S. administration which has failed us. The differ-

ence between myself and the other candidates is not experience or knowledge, but rather in perseverance. I am a strong leader that will connect the students with the issues. I promise to be a visible student leader, one who students can feel free to stop and voice concerns and questions to. I am a hard worker who realizes the need to form strategic alliances. I will mobilize this campus at a local level along with other UC and CSU leaders in a full scale attack against opposing regents and politicians in Sacramento. We must work together against those who do not have student interests in mind. UCSB needs a leader that will unite this campus to fight for a common goal. I am that leader who will foster the teamwork on this campus necessary to succeed. I am the only candidate who has made it clear to the students that this is a paid position. If you elect me as your choice for representation, I will earn more than a paycheck, but what is most important to me, YOUR RESPECT!

I am FIGHTING for:

- Representation for ALL students,
- NO \$\$\$ student fee increase for the next 5 years,
- The preservation and improvement of IV and UCSB's environment,
- Establishing new and innovative programming that reflects the diversity of our student body,
- Increased resources for the Career & Counseling services which will bring more companies to the campus to actively recruit our students for employment after graduation,
- Effective Leadership that works for the students.

### Tom Beers

In the past two A.S. elections, I have come to you asking for your vote and both years you have responded by electing me to the position of A.S.

Off Campus Rep. Both years I made a promise to you work my butt off on the issues that affect students - I have. As I return once again to ask for your vote I would like to update you on what I have been doing the past two years and what specifically I will do for you if you elect me as your president.

In the past two years, I have been an active member of Legislative Council and have gained experience in dealing with campus, local, and statewide issues. Campus issues I have worked on include a ban (and protest) of the Intercollegiate Athletic Dept's use of the RecCen, and a cap on Residence Hall fees (which have increased annually). Locally, I have served as the student rep on the IV Community Enhancement Com-

mittee, worked toward establishing a recycling center in IV, campaigned for Measure A, helped execute the Halloween '94 filming to prevent police brutality, and advocated for improvements in the Foot Patrol's treatment of students. On the statewide level, I have attended numerous meetings of the UC Regents, taken part in the struggles for campus diversity and against student fee hikes, and networked with student leaders from other schools around the state.

Enough with the past, you're wondering what I'm going to do in the future. Every candidate will give you a laundry list of the issues that irritate them. I'll do them one better; I'm going to let you know now what I'm preparing to do about these issues. Out-

siders use of the RecCen - press for new and separate facilities for IC athletics while using the president's position on the governance board to push for a ban on community and IC Athletic use of our student funded facility. On Campus parking fees/availability - work with Campus Planning Commission and send a message to the faculty and the administration that the students will not accept higher fees for parking while losing spaces. Residence Hall fee increases - advance a plan to regulate the fee by a committee of students and staff rather than leave it at the hands of one man. In addition to this I will continue to work with the UC Student Association to fight for student fee rollbacks and campus diversity. I will also spend a great deal of

time meeting with students and groups to keep learning what your issues are and to keep A.S. in touch with and on the cutting edge of the student voice.

I don't have fancy signs. I don't have a campaign staff. I have the experience a president needs and the ability to lead other students and AS into newer and more positive directions.

Vote Tom Beers  
Associated Students President

### Kris Kohler

No picture.

"Words are beautiful, action is supreme"

-Che Guevara

### Woody Clark

A football team - that is what our campus needs. Last year a survey was taken and 72% of the voting students surveyed said they wanted one. Can you think of any other issue 72% of the students can agree on. If you can get 7 out of 10 people to agree on a movie rental you have accomplished something. A football team will bring millions of dollars in television rights to this campus. In addi-

tion, the money made from ticket receipts could lower tuition while at the same time the added revenue brought to the local economy would make the campus more appealing to potential freshman. This is an issue that students are united on, and it is something that as your elected President I can make a reality.

I would also like to see the creation of a "rating guide" for large classes done by/for the students. The way this would work would be that when students were filling out teacher evaluation forms at the end of the quarter, they would also fill out a sheet that rates the class they have taken, i.e. "Was there a lot of homework? Were the tests difficult? How many papers were there? Did you find the professor interesting?" Each of these questions would be followed by a 1-10 rating system. This way, at the beginning of each quarter, when you went to pick up your schedule of classes, you could pick up a "rating guide" appropriately named "The Standard".

The third issue I would like to tackle is making E-Mail more accessible to students. It takes far too long to log into the MCL because so many people are using the system. We need more servers to accommodate this influx or users. At the same time, we need more computers on campus so students don't have to waste their time and wait thirty minutes in line to use an open computer.

I have experience (Representative at Large last year, current Constitution and By-Laws Chair, past member of RHA) and I have a feasible agenda. With your help we can make these issues and others a reality. Remember, for an experienced, proactive President, Vote Woody Clark

### Peter Marco

In my UNBIASED opinion, I feel that you should vote for PETER MARCO for your next A.S. PRESIDENT. I have real solutions to the real problems which we face every day as students. Problem: FRESHMAN RETENTION. Solution: GET LAID! No one would leave if they were having incredible sex. Problem: THE MEN'S BASKETBALL TEAM last season, the season before that, and before that, etc. Solution: I will bring beer sales to the Thunder

Dome. If your drunk, you really won't care if we win. The T-DOME will also serve wine, Tri-tip steak and tofu for the Vegans. Problems: PARKING and the ENVIRONMENT. Solutions: Drain the lagoon! Think of all the parking spaces. It stinks anyway. Problem: E-MAIL accessibility. Solution: Get a life! Get some sun, lay out, meet someone new, actually talk to someone, leave the computers alone! Problem: AFFIRMATIVE ACTION. Solution: Ignore the issue in these elections folks. No matter how you feel about it, there is NOTHING any candidate for A.S. President can do to bring it back, it's dead. Problem: ATHLETIC PROGRAM IN SERIOUS TROUBLE. Solution: DIVISION I FOOTBALL at UCSB! Problem: ICA vs. THE REC CEN. Solution: Simple, THERE IS NO PROBLEM! There is no coup by the athletes to take away your Rec Cen. There never was! Sleep well tonight, it will never happen. Don't be fooled, it's called political rhetoric by misinformed, radical, disingenuous, students, one of them is a candidate for president. Problem: RADICAL, SELF-INTERESTED, SELF-RIGHTEOUS, IDIOT CANDIDATES WHO TAKE EVERY

LITTLE ISSUE AND BLOW IT COMPLETELY OUT OF PROPORTION. Solution: DON'T VOTE FOR THEM! Vote for a candidate with some common sense and logic, i.e. PETER MARCO. THE OTHER CANDIDATES ARE A JOKE. Don't vote for some other candidate because he had more posters than I had. Don't vote for some candidate because he blew some little issue way out of proportion. This is only college and almost all of what the other candidates are promising you, can't be delivered. That's why I wrote the crap I did at the beginning of this statement. Assume that 90 percent of what the candidates want to do is probably impossible. On the other hand, I have real ideas on improving or creating programs designed to help students attain their full potential. An improved Counseling and Career Center. An improved minority recruitment program to help obtain and retain qualified minority applicants. An improved retention program for all students to keep everyone qualified here by utilizing many different programs available to the general student population, and there is so much more I can do! It's just a start!

### RUSSELL BARTHOLOW

Hi! I'm Russell Bartholow. It's time to ask yourself a question: What personal and public qualities do you look for when voting for your A.S. President?

While I have been a student at U.C.S.B. I have participated on several committees and organizations. Among them are SSACC (Single Student Apartment Community Council) and S.C.O.R.E. (Student Commission on Racial Equality).

I am very active and "up to date" on issues that affect U.C.S.B. students on and off campus.

Through out going leadership and hard work I will bring you a president that is in touch with real student needs, as well as providing tangible evidence of A.S. accomplish-

ments. In short, I will treat the job of A.S. President with the same professionalism, respect, and vigor, I have given my campaign.

### Matt Walker

A wise leader once said, "It's not how far up the ladder I climb, it's how many people I bring along with me."

As a leader I not only work to better myself, I work to better all those around me as well. I currently serve as Chair of the Press Council, and the vice-president of Phi Sigma Tau, a philosophy honors society. I devoted much of my time, as a student intern, to the Congressional campaign of Prof. Walter Capps in the 1994 election, walking door to door, and talking with numerous students on a personal basis. These experiences, current and past, have given me a first hand view of my fellow students' interests and concerns.

All I have is my word and my integrity, and these are the most important tools a leader can possess. I know that the only true student interests are those that are in the interest of all students. As A.S. President,

I will always listen to any interested student, regardless of where they are coming from, or whether I agree with them or not. My door will always be open and I will always have an open mind. Although my principles will never be shaken, and my convictions are steadfast, I am not averse to changing my mind given a better argument; my opinions are never set in stone. I'm a man of my word, but more importantly, I'm a man of action. I've talked the talk. Give me the opportunity to walk the walk.

When I become A.S. President, this is what's going to happen:  
-Improved Career Services for Undergraduates - With pro-active recruitment services, undergrads will have increased career opportunities. Quarterly Course/Professional Survey - With evaluations of courses and professors, students will have the upper hand on their courses prior to enrollment. Expanded E-mail Access - Students will not find long waiting lines when accessing the Internet. Moretorium on Fee Increases - Fees are already too high. I'll fight tooth and nail against any further increases. Campus/IV Environmental Enhancement - Our campus and the surrounding community will be greatly improved through further recycling and beautification/clean-up programs. Increased Campus Diversity - We'll implement outreach programs, recruitment drives, and tutorships to get a qualified, more diverse student body here at U.C.S.B.

### Julia Boyd

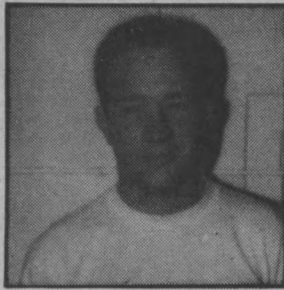

Looking over all of the candidates' statements, you will notice that they all rehash the same "old" issues. Each presidential candidate claims that "he" will get involved in providing solutions for problems which affect all students. I decided to run for A.S. President because I wanted to be assured that student interests are being served. My involvement with various student groups has shown me that we all need to work together, regardless of sex, race, or creed, in order to optimize our college experience. This year, as an A.S. Finance Board member, I saw that the Associated Students lacked unity and communication between A.S. officers and the student body. For the upcoming year, I would have A.S. play a more active role in campus and com-

munity issues and student life. As President, I will find avenues for increasing accessibility into e-mail, stopping fee hikes, increasing the retention of UCSB students, and expanding on outreach efforts for all students. As a woman, I would like to increase safety on campus and in Isla Vista through the utilization of outdoor campus police phones and additional lighting. As a Korean and African American, I will continue our "fight" for equality in the areas of affirmative action and domestic partnership. A vote for Julia Boyd is a vote for student voice!

## INTERNAL VICE PRESIDENT

Vote for ONE (1)

### Bo Thoreen

Bo Thoreen, Internal Vice-President, senior, philosophy major. I submit to you my name and my qualifications for re-election. So that you may make an informed choice, I submit to you the following:

Merely declaring candidacy is no substitute for experience. I have real experience as Internal VP, and I suggest that experience is the key to an effective Internal VP. At this point last year student voters determined

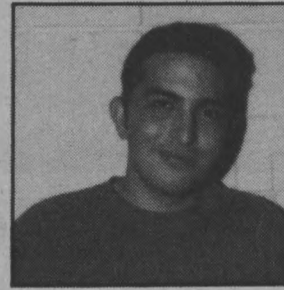

that I possessed adequate ability and knowledge to handle the job, and what indeed served me well has now returned ten-fold. After first serving a year as both a Legislative Council member and Student Lobby co-chair, and the subsequent year as Internal Vice-President, I have developed an understanding of and a dynamic interaction with this campus and the UC system. I attended the United States Student Association Congress, and I have been an active player in the state-wide battle for affirmative action led in part by the University of California Student Association. Through UCSA I have worked with student leaders from every UC campus and learned greatly from all of them. My comprehensive knowledge of Associated Students' services, committees, policies and procedures, as well as the Regents, Office of the President, and the Academic Senate has been bolstered by strong personal connections with people in each of these entities. This year I assisted in the revision of the Campus Regulations, specifically striving for greater student autonomy. I also sit on the Academic

Senate Committee on Educational Policy and Academic Planning which struggled this year with the Regents' decision on affirmative action. I have given my support, knowledge and body to student organizations, and they can count on continued efforts if requested. I eagerly await the opportunity to pour this experience back into A.S. to build a stronger and more fully functional association.

I would like you to cast an eye back over the last year when you read about this year's campaign issues. The very reason other candidates talk about the UCen and RecCen struggles is in response to my insistent efforts on these two issues. In the same vein many people including myself, yet few candidates, have gone to the mat for affirmative action.

I urge every student to examine the candidates for themselves and to choose a candidate for Internal Vice-President who has the knowledge, the resources and the direct intention to forward not only the office of the VP, but the interests of students across the spectrum. Vote, and when you do, cast your vote for Bo Thoreen, Internal Vice-President.

### Frank Orellana

As students we represent the fundamental part of this university, and therefore our issues should always be heard. This is what I have been fighting for this entire year as an A.S. Legislative Council member, and with your vote I will continue to do this as the A.S. Internal Vice President next year.

This year, we were cheated; we, the students, were denied the qualified and rational leadership necessary for the Internal V. P. position. A.S. is currently stagnant because it has been taken over by radical elitist so-called-leaders who do not want to hear the students' opinions on important issues. However, with your vote this can change. Associated Students needs fresh ideas, but at the same time intelligent and reasonable ones. My experience within the organization gives me the necessary knowledge to carry out the essential duties of this position. My personal character gives me the indispensable approachability to solve problems and to convince people on issues through respectful discourse. Student power is my channel to achieve success for everyone, and you—the sole purpose of the association—are the force that drives my motivation.

I do not give empty promises since my reputation is backed by my hard work. I have accomplished many goals this year; some of these are: The

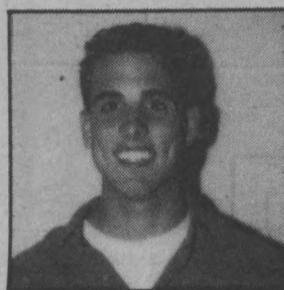

renewal of the MTD contract (the bus service) that is on the ballot in this election, the publishing of another issue of the Gaucho Housing Guide and, through effective lobbying and legislation, the firm response shown by the UCSB administration to oppose the Financial Aid Model that the UC Regents are trying to impose on the university, and which will prevent students who are in Financial Aid from attending this fine institution.

It is not fair to us, the students, to be cheated again, either by a known radical who is not willing to listen to your voice, or by an inexperienced person who does not know what goes on in A.S., and who is trying to get into office for resume purposes. We can't afford that! Experience counts, but reason and maturity have to be part of it. **FIRST THE STUDENTS, SECOND THE STUDENTS, THIRD THE STUDENTS. VOTE FOR STUDENT POWER, VOTE FOR FRANK ORELLANA FOR INTERNAL V. P.**

## EXTERNAL VICE PRESIDENT

Vote for ONE (1)

### Jeff Provenzano

Thank you very much for taking the time to read my candidate statement. My name is Jeff Provenzano and I am running for External Vice President for Local Affairs. I don't want you to snore through my article, so I'll get right to the point with what I've done and what I want to accomplish at this prestigious position.

Things I've done for Association Students:

1. I've been a member of Legislative Council for 2 years.
- A. On Campus rep in 1994-95
- B. Off Campus rep in 1995-96
2. Worked on the Gaucho Housing Guide for the students of UCSB.
3. Participated in the Early Voting Program for the primaries in Santa Barbara.
4. Co Authored a bill for the safety of students who park behind San Raf. It increased the lighting and the CSO's in the area after a violent incident took place.
5. Volunteered to be part of a beach clean up project.
6. Attended Isla Vista Community Housing meetings that discussed the Adopt a Block program.

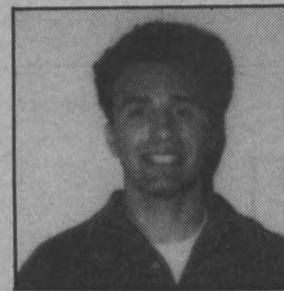

Things I want to Accomplish for Associated Students:

1. Continue Derek Cole's informative Gaucho Housing Guide.
2. Work with the I.V. Community Housing Department on implementing the Adopt a Block Program.

3. Create the Isla Vista Pick up Project, which would be a program of volunteers that would meet once a month and would pick up trash and recycle cans on a designated street in I.V.
4. Lobby the 3rd District Supervisor either Willy Chamberlain or Gail Marshall for improved lighting facilities in I.V.
5. Provide leadership and a voice for the students concerning Police-student relations especially issues like Halloween.
6. Support Bill Wallace's satellite Parking Program, which will not solve parking problems in I.V., but will hopefully help.

Please vote Jeff Provenzano for External V.P. for Local Affairs.

### Ray Aragon

Chances are that many of the candidates are posing themselves as being for fee rollbacks, affirmative action, better leadership, less apathy, increasing diversity, and financial accountability. Every year it is the same thing. Along with the Spring elections come the discussions over the affect A.S. has had on the students. "What has A.S. done for me?" Probably not much unless you

are on one of its boards or committees, or have utilized one of its services. However, most people do not know about these services (besides A.S. Notetaking). Naturally, a very important part of these services is publicity. Perhaps some more publicity is necessary. Yet, these services merely touch the surface of what A.S. can do for you.

In the past the outgoing A.S. External Vice President had put together the Gaucho Housing Guide. The intention of the guide was to help insure the landlords kept the property at adequate standards by making them accountable. My largest contribution to the Students at UCSB will be my willingness to work with all groups, to listen, and my proven track record of community involvement. My extensive involvement with the Community Affairs Board these past two years will only serve as a benefit for this position. What this all boils down to is better relations between the students and the community.

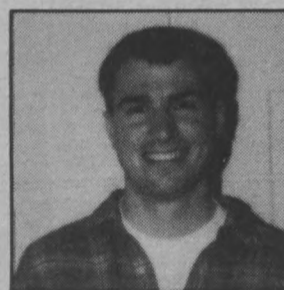

I feel that, we as students must make an effort to really make this our community. I will listen to the students needs and the communities by ways of committees, such as the Isla Vista Community Relations Committee. My attention will be turned to the on-campus representatives for issues concerning the residential halls. I will hold town hall meetings together with other registered representatives when issues come up through out the year.

What can you do? I am a proponent of volunteerism and innovative projects that empower students to give back to our community. I will support any student group or coalition that wishes to address issues that affect us all. I know how to organize, promote, get funding, cut through red tape, and will gladly share this information. I realize that without a cohesive team working together we will not accomplish much. That means students, community, faculty, and administration, must work together.

## EXTERNAL VICE PRESIDENT - STATEWIDE

Vote for ONE (1)

### Colin McCarthy

For those of you who do not know me, my name is Colin McCarthy and I am running for the office of External Vice President for Statewide Affairs. I feel that I am the most qualified candidate based on my experience as a Representative on Legislative Council and my knowledge of the issues. I have worked on academic issues which effect students on the Statewide level through my involvement with the Academic Affairs board. Also I have attended the U.C. Student Associations orientation and have seen, first hand, the positive strides that they have made over the past year and beyond. If elected I plan to address issues including: financial aid, fee increases and increasing diversity at this University. As Statewide Vice President I promise to work closely with the

U.C. Student Association on these, and other issues, including Regent Reform, Domestic Partnership, Differential fees and especially dispelling many of the myths about the California Civil Rights Initiative

Furthermore, I also plan to work with the United States Student Association in addressing many of the issues that effect universities nationwide. Perhaps most importantly, however, I want to increase **STUDENT EMPOWERMENT**. Through our voices and our actions we can achieve major educational and social changes. As students we must voice our concerns and issues to politicians, and especially, the Regents. Through proper organization we can achieve such an end. As your External Vice President for Statewide Affairs I also plan to change much of the negativity that pervaded this organization this year. I will be open minded to all students opinions and voices, especially those that are contrary to my beliefs. In this way I intend to return the E.V.P.S.A. position and the Associated Students organization to the **STUDENTS. VOTE FOR YOUR VOICE TO BE HEARD. VOTE COLIN MCCARTHY FOR EXTERNAL VICE PRESIDENT FOR STATEWIDE AFFAIRS ON APRIL 23-24**

### Ron Taw

Dear Gauchos,

Spring is in the air! and it's time for another A.S. election. This year you have a chance to elect fresh, new leaders to next year Associated Student. Leaders who set aside their own political agendas and work for all UCSB students.

As all of you aware, this year A.S. lacks direction and leadership. Year after year the same people return to A.S. due to low voter participation. This year A.S. election will be different, because everyone voice is being heard.

UCSB needs to head in a new direction.  
UCSB needs new leadership.  
UCSB needs **RON TAW** for External Vice President - Statewide Affair.

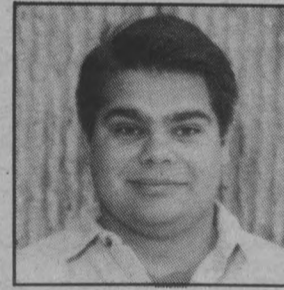

Together, we can work towards:

- Representation for "ALL" students
- "NO" student fee increase for the next 5 years
- Preservation of UCSB's and IV's "ENVIRONMENT"
- Establishing innovative programs that "Reflect the Diversity" of our student body
- An A.S. administration that "EFFECTIVELY" works for the students

Thank you for caring about UCSB and your time in reading this statement. I wish you great success in spring quarter. And don't forget to vote on April 23th and 24th for "New Leadership for UCSB".

**RON TAW** for A.S. External Vice President - Statewide Affair.

### Blinker Wood

It is time. Time for students to reclaim our right to an affordable, accessible, and quality education. For years, students have been at the forefront of social movements aimed at redistributing the access and disbursement of power in the United States. Once again, out of necessity, we must organize a movement aimed at university and elected officials to set our own student agenda. This agenda pushes a rollback in student fees, a stronger commitment in our university's weak pledge towards diversity, and an active student voice in the process of shared governance.

My name is Blinker Wood and I'm running as a write in candidate for External Vice-President of State-Wide Affairs. My freshman year I was a member of A.S. Legislative

Council, and now as a sophomore I am a University of California Student Association board member and Associated Student's Campus Organizing Director. Upon entering U.C.S.B. I have defended attacks upon financial aid, affirmative action, and student autonomy, and I will continue this daily struggle regardless of any student government position or title. Recently, I have implemented postcard campaigns, initiated phone-ins, and organized protests and press conferences to raise consciousness on our current struggle for social justice. I have unwavering convictions, which will never be compromised. I am strongly supportive of affirmative action and a campaign to rollback fees 15%, with money coming from California's incarceration system.

Through collective action we will reclaim our education! On April 23 and 24 **Be A Thinker Write In Blinker** for External Vice-President of State-Wide Affairs.

## PLEASE NOTE

*If you choose NOT to vote on the measures in this Election, you are leaving the decision up to your peers. A blank ballot means that you trust the decision and will live by it.*

## REPRESENTATIVES AT LARGE

Vote for FIVE (5)

### Sara Auspitz

LIGHTS! PARKING! ACTION!

This campus needs to be better lit for those of us who walk at night. It is a dangerous thing to be walking alone and more lights would allow many of us to feel safe enough to walk around campus in the evening. I will help formulate a bill that would call for better lighting around campus!

Parking is scarce at this university and I feel that student parking needs to be increased. There is a new parking structure that is being built and it would benefit the students to use the new spaces as C parking!

What this university needs is someone who will act on the above important issues (and many others, including more effective outreach programs). Remember that a Rep at Large is someone that represents YOU, so when you vote pick the person that will make UCSB a better place for YOU! There are numerous issues that need to be addressed and if you want things done take time to vote!

SARA! for Rep at Large.

### Aaron Cohen

VOTE FOR AARON COHEN, HE'S ALL KNOWIN'. I am running for Rep. at Large because I would like to participate in determining future directions for our campus and the surrounding community. This is my big chance to get involved and make a difference. I have experience in student government, have worked for many political campaigns, including measure A and other environmental issues.

I am hardworking, creative, approachable, and half-way proficient in 32 hobbies. I enjoy working with people and in helping them get their ideas across for campus issues that this school will be facing in the near future. Such issues like, more accessible parking, Affirmative action, two-ply toilet paper on campus, and making I.V. better for residents. I would like to find a better compromise to help alleviate the conflict over the rights of students and the responsibility of the law enforcement in I.V. Too often students' interests are the last considered—but I will turn the students' voices into action. So remember, a vote for AARON COHEN will make a great school even better.

### Trinity Eyre

Hi! My name is Trinity Eyre and I'm running for the position of Rep. @ Large. As a "Rep. @ Large", I would be representing on and off-campus residents, including residents living in the University Owned Apartments. As a sophomore, I was the treasurer of the Residence Halls Association. RHA addressed many issues about parking safety, damage control, and the environment. As a result, the B2 lot was equipped with more bike racks, better lighting, and the site became part of a

CSO's night-time patrol. The innovative "Project CARE" program significantly reduced damages. RHA had an Earth Day and cosponsored--with the Environmental Affairs Board--several beach clean-ups. This year, while living off-campus, I am a member of the A.S. Student/Faculty Conduct Committee. Also, I am the treasurer of the Single Student Apartment Community Council, the Alumni vice-president of the Accounting Association, a selection chair and treasurer of the National Residence Hall Honorary, and a Becker CPA representative. Furthermore, I am the Public Relations Director for the A.S. Community Affairs Board which provides volunteer opportunities for students. As a member of CAB, I have worked closely with several A.S. entities. I have a good grasp of the inter-workings of A.S., a quality that candidates desperately need to be able to get things done. Lastly, I am a financial aid recipient--someone who will strongly voice students' financial concerns and oppose fee hikes. If you have any questions, you can e-mail me at [trinity@mcl.ucsb.edu](mailto:trinity@mcl.ucsb.edu) Remember on election day, Trinity Eyre for Rep. @ Large.

Elect Your Representative for Education!

### Joshua Krom

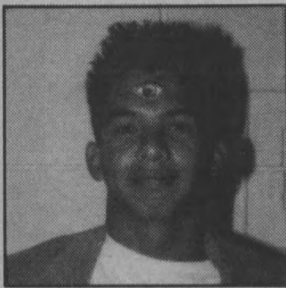

JOSHUA KROM FOR REP-AT-LARGE

Without a doubt you cannot go wrong with Krom; this is for a plethora of reasons. As Rep-At-Large I would like to make a few needed changes to our wonderful university. I am enamored with UCSB; however, there are countless things that should be altered. I cannot stand it when I tell other students where I attend university and they reply, oh that party school. What many people across the U.S. do not realize

is how outstanding our school really is, we are ranked very highly. Numerous of our departments are in the TOP TEN. What UCSB needs to do is promulgate this fact, thus making our diplomas more reputable, screw Berkeley-UCSB RULES!!! To address our problems at home, I have learned that there are many rifts within our student government. I would like to mend these wounds through serving as a liaison between numerous groups and parties. I believe that the secret to a united university is school spirit, which I feel UCSB needs a little more of. Perhaps one way this can be achieved is through the creation of a grand council in which all people could voice their opinions with regards to the future of our school. Unlike many individuals I enjoy listening to what people have to say with regards to issues. As your REP-AT-LARGE my door will always be open to people who would like to discuss topics that disturb them. I WILL DO MY VERY BEST TO SERVE THE STUDENTS OF UCSB. So do not forget to vote Joshua Krom for REP-AT-Large.

### PJ Lara

RESUME, RESUME, RESUME TO HAVE AN OFFICE IN THE UCEN

These are some of the real reasons why some of my competitors are running. Now this is why I don't agree with them:

RESUME: I am a Legislative Council Rep right now so it is already in my resume

MONEY: With our stipend, it breaks

down to 25 cents per hour at the most and this is no exaggeration. I could pan handle and make more than that!!! OFFICE: One word: Purple. (For those of you who don't know, everything in the office is purple. I think Barney had some influence in choosing the furniture.)

#### MY ISSUES

- Oppose any Oil Drilling Project
- Fight for Diversity within the Students and the Administrators
- Roll back fees
- Halt Residence Hall Fee Increases
- Curriculum Reform and Improvement
- Student Empowerment
- Early Outreach and Recruitment
- Increase I.V. Foot Patrol and CSO rounds
- No Inter-collegiate Athletics in the RecCen

I am a concerned student, who is BULL SHIT-FREE and dedicated to fight for the Students. I am a member of a numerous student groups and I am aware of their needs. If you have any questions feel free to drop by the AS office or E mail me at [ularap00@mcl.ucsb.edu](mailto:ularap00@mcl.ucsb.edu) or voicemail me at 1 800 977 0654

Vote PJ LARA for Representative at Large

### Chell "Cleo" Lopez

Serving this year on A.S. Legislative Council as an off-campus representative has made me realize that student mobilization should be the key to a stronger, more productive student government. The students of UCSB have ideas and opinions that need to be heard by the student government. But if we aren't even informed of the issues at hand, we can't be expected to "Get Involved." That is why we need representa-

tives that are readily accessible to the students.

I want to be a part of a future student government that focuses a more productive student outreach program; we need legislative council members to be more accountable to their constituents. I feel that it is the responsibility of our reps to seek and inform students of the issues at hand and to make a serious effort to assess student opinion on the issues before decisions are made. Only then will student government truly live up to the name "Associated Students."

Please grant me, Chell Lopez, your vote for Representative at Large!!

It shouldn't just be the representatives doing what they feel should be done, it should also include the populous of the student opinions.

AS It IS should have role call vote, list the upcoming events for the next meeting, and if students care about what is happening they can have an input, if they don't care we won't do the column anymore.

### Erin O'Donnell

My name is ERIN O'DONNELL and I am running for REP. @ LARGE.

I am THE RIGHT CHOICE for this position.

I have a great amount of PAST EXPERIENCE working in student government.

My job will be to attend the Legislative Council meetings, serve on committees,

and attend other organization's meetings to fight for your interests.

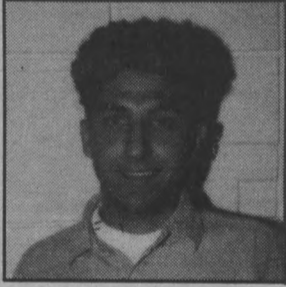

I also have the DEDICATION and DETERMINATION to get any job done.

I will listen to any and all of your concerns with an OPEN MIND and have scheduled office hours so you can come to me directly with questions and comments.

I know I will be an ACTIVE and DEVOTED representative.

I encourage you to get YOUR VOTE'S WORTH.

### Haady Lashkari

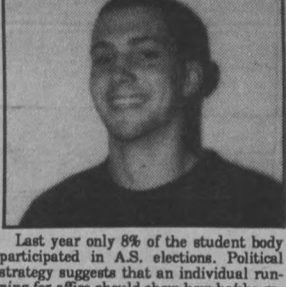

HELLO FELLOW GAUCHOS! My name is Haady Lashkari and I wish to represent my fellow students as A.S. Representative at Large for the 1996-1997 school year. As a Freshman, I have so far had a pretty good year at UCSB, but I also feel that there are many things that could have been improved upon this

past year and I am not talking about my grades. I am in fact talking about the pessimistic views that students have towards A.S. I would like to help change this cynicism and that is why I am running for A.S. Rep. at Large. As your student representative I plan to LISTEN and WORK with fellow students. By doing so, I can REPRESENT the student body with a strong voice when it comes to issues such as: a rollback in student fees, affirmative action, housing and parking problems, accessibility to the RecCen, and many other issues (especially the environmental ones like the Clear view Project). A.S. officers and legislative council faces every year. Vote Haady Lashkari for A.S. Representative at Large and I can assure you that I will work my hardest in providing dedication to having the students voices heard and meaningful representation. If you have any questions or comments, please feel free to email me at: [ulashh00@mcl.ucsb.edu](mailto:ulashh00@mcl.ucsb.edu)

Thanks for your time.

### Dan Schneider

Last year only 8% of the student body participated in A.S. elections. Political strategy suggests that an individual running for office should show how he/she relates to their prospective constituents. Yet 92% of students here are apathetic; how does one go about appealing to them? Wait, I've got it: Don't vote. After all, you're nothing but a college student. History shows that your opinion means nothing. Nobody else cares anymore, so why should you?... is this really what you want to hear?! Problem #1 at this University is that it is plagued with voter apathy. Granted, these are general elections at the University of California Santa Barbara, not a battle to see who sits in the Oval office; nonetheless I feel the students must take this election seriously.

When the powers that be observe that only 8% of us vote, they begin to neglect our demands simply because they know we won't stop them. Your vote is a statement. You deserve respect. Demand it. Vote.

Ironically, a paradox is created when the unformed are suddenly inspired to vote, only to check a box next to the name of a stranger. However, many of you reading this understand that I am not a stranger. You know me, and you now that I know you. I need your vote.

For those of you who don't know me, understand this: I am a red-meat eating liberal who is willing to listen, but takes no shit. I enjoy almost all forms of recreation, but when the time arises I get the job done. I am currently an intern at The Environmental Defense Center in downtown Santa Barbara and I have done work with CalPIRG and the Environmental Affairs Board. Our campus organizations deserve representation and participation by their legislative and executive representatives. This year they have not received it. I vow to change that, for all organizations with all A.S. representatives.

I am a political activist and a grass roots organizer who is prepared to be a leader. Give me the chance, and I will prove it to you. Uechn00@mcl.ucsb.edu

Vote=

When: Tuesday or Wednesday, April 23 or 24  
Where: Ucen, Library, Buchanan Hall, De La Guerra, Humanities and Soc. Sciences

## WHERE DO YOU LIVE?

NOTE: If you vote in MORE THAN ONE category below, your vote will be INVALID!

## OFF-CAMPUS REPRESENTATIVES

Vote here if you pay rent or own your home in Isla Vista, Goleta, Santa Barbara, etc... Vote for ELEVEN (11)

### Jenny Lamb

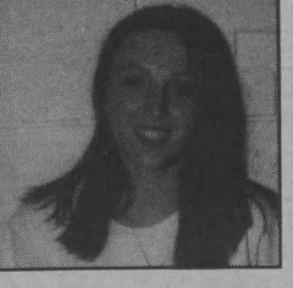

Safety, parking, and financial aid are only a few of the issues facing

this year's candidates, but they are far too important to be swept aside. To me, these are the greatest challenges facing our campus and I am prepared and enthusiastic about finding their solutions.

As a woman, campus safety is of paramount importance to me. I believe there needs to be more lighting on and off campus and that we need to increase the number of telephones so that all people can feel a sense of security. At the same time, I think parking on campus for students is a disaster and I propose that we increase the number of permits allowed to students rather than faculty. Lastly, as a financial aid recipient, I am appalled that the state is proposing to cut financial aid. I will do everything possible to prevent

this from happening. I am ready to serve the students, I am ready to listen to your needs, and I am ready to be one of your elected Off-Campus Representatives. Count on me to stand up for all of us. Vote for Jenny Lamb.

### Jolene Price

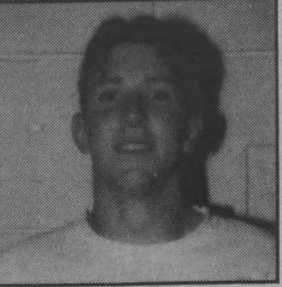

Hi there. My name is Jolene Price and I am running for off campus rep.

for legislative council. I am a hard working, dedicated student. I have previous experience in student government and have taken the incentive to be a leader in everything I do. If elected, I plan to help other legislative council members create another Gaucho Housing Guide. This guide has been canceled due to the leader of this committee graduating. I feel the Gaucho Housing Guide is worth keeping. I intend to keep in touch with the diverse community surrounding UCSB. I will attend meetings concerning different ethnicities and do all that I can to make sure all students are equally represented and receive equal benefits from UCSB. I know I can help to make

next year the best year yet. Just remember: The PRICE is RIGHT!

### Dan Gould

My name is Dan Gould and I am running for the position of A.S. OFF

Campus Representative. I have witnessed first hand through many friends who have been elected to A.S. positions in previous years the time and energy commitment needed to perform to the standards that this campus demands and deserves. This is a commitment that I look forward to making with great enthusiasm. In the next year many issues will fall before our campus, some new and other issues that we have seen before. I would like to see many of these issues addressed through the initiative of A.S. members, with the support of the A.S. budget. Solutions to issues presenting themselves before the campus and Isla Vista will not be immedi-

ately clear. I look forward to working with others on A.S., receiving student input and to not only propose new ideas and solutions to these issues but to follow through with these ideas to provide the students with tangible results that should be expected from their Associated Students.

### Amy Richter

Vote Richter for Off-Campus Rep. My experience includes many

leadership positions which have given me the experience necessary to deal with a big group of people. I am looking forward to sitting on Leg Council and speaking up for the rights of the Associated Students. Some issues that I feel important to deal with are: creating a voice for the students of this campus, dealing with off-campus housing and parking issues for the improvement of Isla Vista, and making sure that funds are being appropriately distributed for the good of the entire student body.

## OFF-CAMPUS REPRESENTATIVES (Cont.)

Vote here if you pay rent or own your home in Isla Vista, Goleta, Santa Barbara, etc... Vote for ELEVEN (11)

### Jackie Jackson

I am running for off-campus representative in order to represent student views. I am a junior with a double major in Business Economics and Spanish. I work part time at the UCSB Rec-Cen, and do volunteer work in the Accounting and Financial Services department, at Cheadle Hall. As off-campus representative I

want to get more student involvement. I will be focusing my goals on student issues such as:

- Campus Safety
- More street lighting in I.V.
- Tenants Union (encouraging landlords to provide shorter lease terms)
- Stopping University fee hikes
- Later noise ordinance in I.V.
- Cleaner on-campus restrooms (with toilet seat covers in all facilities)
- Multi-Cultural events

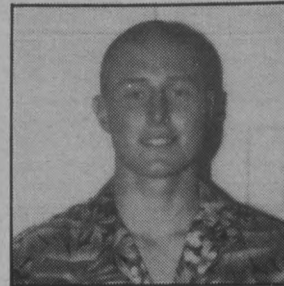

I believe with my self motivation, energy, new ideas, and YOUR support, I will represent YOU and your needs as a student.

### Zack Stillings

### Ben Henry

No Statement.

### Greg Prill

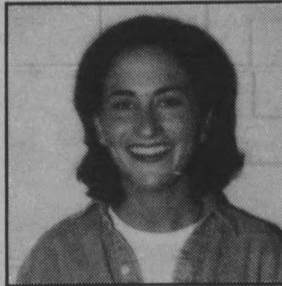

Student government exists for a reason. And unfortunately this reason appears to have been lost on those who were given the trust of the students of UCSB. I have been both embarrassed and dismayed by the conduct of certain members of the Associated Students this past academic year. Their childish conduct has only served to negate whatever little power the students of the University of California system have been granted by those who are actually in charge of the decision making processes. And by allowing these individuals to "play government" at the expense (Literally) of the students of

UCSB, most of the members of the legislative council have allowed themselves to be embarrassed by association.

I believe that only by acting in a mature, responsible and intelligent manner can the representatives of the students of UCSB hope to affect the outcome of the issues that confront the whole of Californian society, including the University system, in a proactive way.

This is why I am seeking the office of Off-Campus Legislative Council member. The students of UCSB deserve to have effective and proactive leadership. The legislative council should be the vigilant watchdog for the excesses of the executive members of the Associated Students. Tragically, this has simply not been the case. However, I believe that I can fill the void that has been left by those who lack the courage to admit that certain people are incompetent embarrassments to the whole of UCSB. I believe that I will bring a credibility to the office that has been sadly lacking this past academic year. I believe that the students of UCSB deserve better than the status quo. And by doing me the honor of supporting my candidacy, I can say with confidence that the students of UCSB will not regret the day that they put an "X" next to my name. I encourage all who read this to exercise their franchise, and vote on April 23rd and 24th. Because people who care can, and regularly do, make a difference.

### Lauri First

Vote for Lauri First for Off-Campus Rep! As a third year student at U.C.S.B. I have been involved in various activities in this university and have taken notice of the weak spots in our system. I intend to focus on creating better lines of communications between students and A.S., making sure that your money is being efficiently used and is actually benefiting student activities. I look

forward to creating a voice for students while on leg. counsel.

### Jake White

My name is Jake White and I'm running for Associated Students Off-Campus Representative. I am currently a freshman living at Francisco Torres. Throughout this past year I have gained invaluable experience working as a secretary in the Associated Students Main Office. By watching the current Leg. Council members and Executive Officers in action, I have learned how the system works and, more importantly, what needs to be changed or improved. I believe that over the past year many

issues of direct importance to students, like the Gaucho Housing Guide and Student Parking, have been sorely neglected by our elected officials. Basically, the student voice has been lost in the only institution on this campus who's sole purpose is just that.

If elected I pledge to represent the students of this campus on the issues that affect them directly. As for off-campus issues, I would work hard to improve the relationship between the I.V.F.P. and the students who live in Isla Vista. This would not mean more restrictions on your freedoms as students but more restrictions on their ability to ignore and abuse those freedoms. More parking around I.V. Theater is sorely needed. In addition, public transportation to I.V. Theater for students would greatly benefit those unable to bike or without a car.

Basically I want to put the "Students" back in Associated Students. This means listening to students and acting on those issues that most affect them. As an Off-Campus Representative, my concern would be with the students living in Isla Vista and Goleta. If you want a candidate who cares about student issues, Vote for Jake White on April 23rd and 24th.

## ON-CAMPUS REPRESENTATIVES

Vote here if you live in any of the on-campus UCSB Residence Halls. Vote for THREE (3)

### Allen Shiu

My name is Allen Shiu, and I am seeking the re-election for the position of On-Campus Representative. One could say this is a unique situation, it is unheard of that a On-Campus Representative is seeking a second term. But, I see it differently, I see myself as I a pioneer forging ahead addressing the issues of all students at UCSB, especially those who live in the residence halls. It is a common misnomer that the students, who are largely made up of freshmen, are the most apathetic and misinformed segment of the student population. After working with RHA Coordination Board and Composite

Halls, I know for a fact that the opposite is true. The Freshmen Class here at UCSB are the most astute and active segment of this university. I would like to believe they bring in a breath of fresh air that all students here at UCSB, regardless of class level, can learn from. This is why, I believe I am the best person for the job. My platform is quite simple, and it consists of three points. First, I will make sure the voice of the students are heard not only at the level of A.S. Leg Council, but the university administration level as well. Second, I will instill the idea of fiscal responsibility, it is time for Associated Students to cut out the unnecessary pork and give the money back to the people who really need it...the Student Groups. Finally, I will work hard to encourage the new leg council and executive officers to adopt the philosophy of common sense which has lacked greatly this year. As a student government we need to incorporate the philosophy of Theodore Roosevelt, "It is better to speak quietly with a big stick, than a big stick alone." If you have any questions feel free to call me at 893-2566 or e-mail me at "allens@ucsb.edu". RE-ELECT ALLEN SHIU FOR ON CAMPUS REPRESENTATIVE!!!

### Camille Capulong

"C" is for the CHANGES and that time has come. "A" is for the ACTIONS that will get the job done. "M" is for the MOTIVATIONS that will be remembered. "I" is for the ISSUES that will be heard. "L" is for the LOYALTY that I have for UCSB. "L" is for the LEADER

that is inside of me. "E" is for the EXPERIENCE that I have attained.

So vote for CAMILLE, you have everything to gain.

Hi! As I clearly spelled out to you, my name is Camille Capulong and I am running for A.S. On-Campus Representative. I do not want to make any sweet promises but I do know that I will do my best to comply with everyone's needs. I have many ideas that I would like to bring forth to the student body. One of them is with the change in our meal plans. For those students living on-campus next year, wouldn't you like to get partial (if not total) reimbursement for those missed meals in the dining commons like U.C. Davis does. I sure would, and I know that you ALL would agree. So when its time to vote, remember to vote CAMILLE CAPULONG for A.S. On-Campus Representative.

### Damien Phillips

No statement.

## UNIVERSITY OWNED OFF-CAMPUS HOUSING REPRESENTATIVE

Vote here if you live in any of the following: Family Student Housing, Santa Ynez Apts, El Dorado Apts., Westgate Apts., or West Campus Point Housing

No candidates at this time. If you so choose, please mark #50 and write in the candidate's name in the space provided on the scantron ballot.

## PRO/CON STATEMENTS

**A.S. Bike Shop:** Do you support continued funding of seventy-five cents (\$0.75) per AS/UCSB Membership per quarter for the A.S. Bike Shop?

**PRO:** Since an overwhelming 89% of under grads voted that 75 cents of their fees be directed to the support of the A.S. Bike Shop, the shop has continued to be one of A.S.'s most valuable services. The services the shop maintains include free oil, grease, solvent, rags, a tool loan program and 24 hour air, allowing students, faculty, and staff to learn how to fix their own bikes and save the costs of labor. Skilled mechanics are available for instruction in repair procedures and providing repairs at competitive prices. The goal of the shop is to educate the bicycling population in both safety and maintenance. Consistent with its mission of service to students, the shop's goal is to make parts affordable by limiting profit, and reinvesting in the shop any profit made. The strong support of the community is evident through the initial lock-in and consistently winning the "Best Bike Shop" award in the Nexus readership polls. This service to the campus com-

munity is what Associated Students should be about. Vote to reaffirm the lock-in and have your fees directed to a worthwhile service. Better yet, visit your shop and take advantage of the services we offer. We thank you again for your continued support.

**A.S. Program Board:** Shall the A.S. Program Board Lock-In be increased in the amount of seventy cents (\$0.70) per student per quarter to the amount of three dollars and fifty cents (\$3.50)?

**PRO:**  
April 10, 1996  
Editor, Daily Nexus,  
SMASHING PUMPKINS, CYPRESS HILL, PHISH, THEY MIGHT BE GIANTS, ADAM SANDLER, A TRIBE CALLED QUEST, PENNYWISE, SARAH WEDDINGTON, NO DOUBT, ELEANOR SMEAL, PHARCYDE, BEN HARPER, DENNIS MILLER... the list goes on and on. In only the last three years, A.S. Program Board has brought these acts, and more to the UCSB campus, making sure that STUDENTS ALWAYS PAY LESS for these concerts than anyone else in the nation. As if these phenomenal shows weren't enough, A.S. Program Board is also responsible for bringing all of those FREE SNEAK PREVIEWS to students, as well as the popular IV THEATRE MOVIE SERIES, which has the LOWEST STUDENT TICKET PRICE available in Santa Barbara County. Ever seen a free show in Storke Plaza, or at our

annual Extravaganza show in Harder Stadium? If so, you could've caught big bands like COOLIO, DEL THA FUNKEE HOMOSAPIEN, or TOAD THE WET SPROCKET, or local favorites like DJANGO, JIMMY 2 TIMES, or SPENCER THE GARDENER. Even in light of a nation-wide ticket price increase over the last three years, A.S. Program Board has consistently brought high quality programs to campus, while keeping the student pocketbook in mind. However, entertainers are making more and more money these days, and it's getting pretty difficult to compete with venues that have more money to spend on their acts. It is for this reason that A.S. Program Board is requesting a \$0.70 increase in their lock-in from you, the students. We feel that for ONLY AN ADDITIONAL \$0.70 from you per quarter, we will not only be able to compete, but bring the caliber of shows to campus that everyone wants. All those rumors you've heard about your favorite band coming to campus could become a reality, if you TAKE THE TIME TO VOTE YES ON THE PROGRAM BOARD LOCK-IN INCREASE. Thanks, and we'll see you at the show!  
-Brad Locker, A.S. Program Board Commissioner

**Environmental Affairs Board (EAB) Recycling Program:** Do you support continued funding of seventy-five cents (\$0.75) per AS/UCSB Membership per quarter for the EAB Recycling Program?

**PRO:** Since its inception, the A.S. Recycling Program has proven itself to be one of the most valuable student groups on campus. In the past two years, this lockin has created employment for 5 student workers and offered internships as well. We have established a comprehensive recycling program including recycling over 30,000 pounds of material in a nine month period. The program has made it necessary to remove garbage dumpsters and replace them with recycling dumpsters. All in all, UCSB has gone from a 'throw away' campus to a recycling campus.

The most exciting part about A.S. Recycling is yet to come. A year ago we secured a grant to purchase recycling stations for campus. Since then we have designed and are

awaiting the arrival of 60 new recycling stations for the campus. These stations are made of recycled plastic, metal and fiberglass. These stations will be spread throughout the campus and are sure to increase the amount of recyclable material recovered. We have also purchased new custodial carts, hanging paper pitches for office trash cans and indoor recycling receptacles to meet our next goal of reaching inside the buildings where large amount of paper products are discarded. The projected increase of recovered material next year has led to the opening of two additional student jobs.

The students of UCSB and the A.S. Recycling Program have ensured that the waste problem on our campus is being dealt with in a productive fashion. With your 75 cents per quarter you, the students, have made this program a success. We ask that you reaffirm this lockin and continue the growth of this recycling program.

**A.S. Constitution:** Should the amendment to the A.S. Constitution be as follows: A non-elected official Parliamentarian shall be appointed by the A.S. Legislative Council by the third (3rd) regular meeting following the installation of officers, subject to a two-thirds (2/3) approval of the voting membership of the Legislative Council?

**PRO:** Since the A.S. Legislative Council is the supreme policy-making body of the student government, and important decisions, which affect the student population in this campus, are taken during its meetings, there is a need to have a parliamentarian to mediate and insure that proper procedures are followed during those meetings.

As it is right now, there is no set deadline to appoint such needed officer, and this permits the officer in charge of such appointment to ignore the constitutional mandate of having a parliamentarian in every Legislative Council meeting. Moreover, the absence of a parliamentarian in the meetings allows inaccurate and sometime biased in-

terpretations of the A.S. Legal Code and Robert's Rules of Order, and which at the end may hurt the students.

This Constitutional Amendment entails solely the setting of a deadline to appoint a parliamentarian to the A.S. Legislative Council. The mandate is already there. Vote YES on this Amendment.
