2267 GAUCHOS INVADE CAMPUS

Avoid the Rush--Grid Game Ticket Sales Start Today In Graduate Manager's Office

Students who plan to attend the Gaucho-Whittier College football game on Friday, September 23 at 8:15 p.m. in La Playa Stadium are urged to buy their tickets in advance in order to avoid the box office rush at the stadium. Tickets are on sale today in the Graduate Manager's office next to the Cafeteria in Ebbets Hall today.

A reduced rate, 25c including tax, is available to student body card holders. Student tickets entitle holders to seating in the rooting section which includes the first 24 rows in Sections F, G, H, and J, running from the 45 yard line across the fifty yard line down to the 25 yard line. It is roped off from the rest of the stadium and includes 1800 seats.

Seating in the rooting section will be on strictly first come first served basis and student body cards for identification will be required for admission in addition to the tickets. Since the general public will be absolutely refused permission to enter this section, students are requested to stay out of the reserved seat area. Further information about seating may be obtained from the ushers at the game.

A special reduced rate for faculty members of \$4.00 for the four home games is available on a season tickets basis only. This is the only way in which faculty members may save on their tickets.

Prices for the general public for a single game, \$1.75 reserved seats, 75c for high school students, and 50c for children under twelve.

Coke Parties Begin New Rushing Schedule

A revised week's program of rush events got under way yesterday when the eight sororities on campus had Open House for all women eligible for rushing. This first event was held from 3 p.m. to 5 p.m. and from 7 p.m. to 9 p.m. in the evening. The rest of the rush parties have been scheduled during these same hours. Coke parties will be given today and tomorrow and Thursday's event, the last one, will be a Desert party. Bidding will take place on Friday and pledging ceremonies will be held on Sunday, September 25.

Of the sororities on campus one is national, six have been pledged to national fraternities, and one is completing negotiations to pledge a national. The list of sororities with national affiliation in parenthesis is as follows: Alpha Theta Chi (Kappa Alpha Theta), Chi Delta Chi (Delta Gamma), Delta Sigma Epsilon (national), Delta Zeta Delta (Pi Beta Phi), Gamma Delta Chi (Alpha Delta Phi), Phi Kappa Gamma (Chi Omega), Sigma Delta Phi (Sigma Kappa), and Tau Gamma Sigma (Alpha Phi).

Women students are eligible for rushing and may pledge a sorority if they have completed one full semester at Santa Barbara College at least a "C" average in a program of at least 14 units, and have a total average of "C" or higher.

A handbook prepared especially for all rushees was handed out to all eligible women during regis-

Freshmen to Meet Sproul At Reception Sept. 30

President Robert G. Sproul will take part in two events on Campus Friday, Sept. 30.

In keeping with an old University of California tradition, he will welcome new students at an assembly in the Quadrangle at 1 p.m. This gathering each year has come to be known as the First University Meeting.

"Hilltopics" New College Radio Show

Gauchos have their own radio program this year at 6:45 p. m. with "Hilltopics," a quarter-hour of college news, human interest, and interviews with students; the initial broadcast over KTMS tonight.

With emphasis on the doings of students, the weekly broadcast will feature news of every phase of college life. Academic information, student humor, behind-the-scenes interviews, and publicity of coming college events will spark the varied format of the program. Guest on tonight's broadcast will be Bob Hartzell, and the main hilltopic will be the new Freshman indoctrination program.

The new college show is written and produced by Don Mills.

Goedhard Selected For Important Post In State Department

From \$75,000 to \$300,000,000 is a big jump for any budget-tackler to make—even when he is a graduate of Santa Barbara College, University of California.

In a sense, however, that is what happened to Neil Goedhard when he was selected this summer for a year's internship with the State Department in Washington, D.C. He was one of 22 students chosen from 9,000 applicants throughout the United States for this coveted opportunity.

According to a letter just received by Dr. Stephen S. Goodspeed, assistant professor of political science, Goedhard's first assignment has been to the Budget Division, where the sum being considered for the 1950 budget hovers about the 300-million-dollar mark.

As a member of the student council at Santa Barbara, Goedhard was chairman of the finance committee. In that position he sweated out many an encounter with a stubborn budget of \$75,000.

Goedhard's honor in being chosen for participation in this program is further accentuated by the fact that only three students from west of the Mississippi were selected. All three were from California, the other two students being from Stanford. Selections were made after exhaustive oral examinations given by a roving team from the State Department, followed by another examination in Washington, D.C.

Dr. Goodspeed said that Goedhard had had an excellent student and had always shown keen interest in international affairs.

During his year of internship, Goedhard will have a chance to become familiar with all parts of the State Department and later to indicate his special field of interest. This will undoubtedly be the United Nations, Dr. Goodspeed said, and if his request is granted the former Santa Barbara student will get a position with the Department. (Continued on Page 3)

750 New Students, 1520 Returning Students Register At UCSBC for Fall Semester

Registration figures obtained from Registrar Jerry Clark show that 2267 students had enrolled as of Thursday morning. These figures will not be complete until September 23 which is the last day on which a student can register without a fine.

Improvements in Cafeteria Save Money

Two money-saving plans in which students and University employees may participate are now being offered by the college cafeteria. Convenient meal tickets worth \$5.25 may now be purchased for \$5.00 at the Business Office which is located in Building C. These tickets are good for meals on either campus during

GAUCHO LUNCHEON
Luncheon Entree
Soup or Salad
(luncheon portion)
Vegetable (choice of)
Bread and Butter
Dessert (luncheon portion)
Drink (choice of)

the semester in which they are purchased. The balanced Gaucho Luncheon is now being served for \$4.50.

The service schedule of the Riviera Campus cafeteria indicates that breakfast can be purchased from 7:30 a.m. to 10 a.m. and lunch from 11:00 a.m. to 1:30 p.m. The Riviera snack bar will be open from 9:30 a.m. to 3:30 p.m. The snack bar on the Mesa Campus serves from 9:00 a.m. until 3:00 p.m.

El Gaucho Staff Meets Tomorrow

A meeting of all old members of the staff of El Gaucho, those persons who applied for positions on the paper staff, and any students who are interested in applying for such positions will be held next Wednesday afternoon at three, in the Gaucho office, Elm Hall 104.

The purpose of the meeting is to acquaint staff members with the policies and procedures of El Gaucho and with one another.

Dr. Clark predicts that between 75 to 100 more students will register before the closing date. A breakdown of the total number of students registered to date indicate 747 new students (freshmen and transfers) as against 1520 returning students.

There are 877 veterans out of the total 2267 students now registered. A year ago during the fall of 1948 there were 115 veterans out of a total of 2507 students.

Figures on the ratio of men to women are unavailable at this early date but it is known that of the new students the women are in a slight majority.

Library Hours Change; Meet Student Habits

A number of changes designed to make use of the library more convenient for Santa Barbara College students are included in a new schedule of hours released by Dr. Donald C. Davidson, Librarian.

Chief among these is the opening of the main library and the reserve book room on Sundays from 2 to 5 p.m. This will compensate for the closing of the library on Friday evenings, a step which was taken after long observation showed that the library was not being used to any appreciable extent on that evening, according to Dr. Davidson.

The official library hours announced are as follows:

Regular Schedule
Main library
Monday-Thursdays
7:45 a.m.—9:45 p.m.
Fridays 7:45 a.m.—5:00 p.m.
Saturdays
9:00 a.m.—12:00 noon
Sundays 2:00 p.m.—5:00 p.m.
Reserved book room

(Continued on Page 4)

Beware, Frosh! Read This Article Carefully

Attention Freshman, have you read your Frosh Bible over carefully? If you cannot truthfully answer yes to that question then you had better start reading, for you are responsible for all the information in this important little book. Pay special attention to the Freshman regulations, for who knows when some upperclassman may call you on one of those twelve rules for Frosh. Knowing them and cheerfully obeying will make this month of initiation a lot of fun for both Frosh and upperclassmen.

A box will be placed in the cafeteria in which upperclassmen can deposit the names of those frosh who are not obeying the regulations. At the end of the month, which is slated to end October 14, a college tribunal will be held and proper punishment handed out to those who have been reported.

So you that you can't possibly complain "I never saw the regulations" they are repeated here.

1. Green caps and ribbons are worn by all Freshman men and women for one month ending with the Frosh-Soph mud brawl if the Freshmen win, otherwise until the Freshman bonfire.

2. At no time is a Freshman permitted to sit on the Senior bench on the lawn overlooking Alameda Padre Serra, nor is he ever permitted to look at it in a manner construed to mean he is worthy of sitting there.

3. Freshman men and women must have a copy of the Frosh Bible with them at all times.

4. Freshman attendance at all student body rallies and meetings is a must. At such meetings they must occupy the area designated to them.

5. A thorough knowledge of the history of UCSBC as presented here in is required of all freshman men.

6. Freshman women must learn the names and positions of all members of the Gaucho football team.

7. Freshman will build and guard the bonfires at all football

8. All Freshman men and woman will learn the Alma Mater Hymn and be prepared to sing it solo or in a group to any upperclassman student requesting such a recital.

9. No Freshman may park his car in a campus parking space during Hell Month.

10. Black Friday, September 30th, will be observed by all Freshman; on that day there will be no coeducation for Freshmen and violators observed coeducating to any further extent than saying Howdy to a member of the opposite sex of the same class will be given two demerits.

11. All freshman men and women are required to be present for the College Tribunal at the close of Hell Month, October 14th.

12. Freshman are charged with the responsibility of remembering and observing the traditions and other pertinent information set forth in this booklet.

EL GAUCHO

Published every Tuesday and Friday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara, California. Opinions expressed herein are those of the staff unless otherwise indicated.

Entered as second-class matter May 23, 1947, at the post office at Santa Barbara, California, under the Act of March 3, 1879. Mailing charge is \$2.00 per year, payable in advance.

EDITORIAL

Two new money-saving plans are being put into effect this semester by the management of our cafeteria. One is a meal ticket good at the cafeteria and snack bars and sold at less than its face value. The other idea offered is a new form of the familiar Gaucho Luncheon. It is being sold at a considerable reduction in its former price.

Operation on this basis cannot continue if the students and staff do not patronize and co-operate with the cafeteria. It is a non-profit enterprise run for the benefit of the student body and it must, obviously, be self supporting. The costs of food, wages of help, and other costs of operation cannot be met unless the student body and employees of the University make use of the service offered. Without our co-operation improvements in the enterprise cannot be made. Cafeteria and snack bar service can continue, it can be improved to a further extent, but only with the consent of the students and staff. This consent must take the form of patronizing and co-operating with our cafeteria.—d.s.

There is a little booklet circulating on campus today. It has been on campus since Registration Day. But only one-fourth of the student body is required to read and digest its contents; instead, ALL students should have the privilege.

This small, but weighty tome of information is somewhat inaptly called the Frosh Bible. Perhaps a better name for it would be the Gaucho Bible, for the facts about history and activities and the advise about college life can be utilized by every UCSBC student.

The most important section of the Gaucho Bible concerns the Gaucho "traditions." On our campus, traditions are a collegiate fertilizer to be laid about the roots of our young ivy plants in order to make white-washed walls flourish with clinging ivy vines. To cover our walls with ivy, it is necessary that EVERY Gaucho know the ingredients of the fertilizer. The combined efforts of everyone enriching the soil of our ivy plants WILL produce the ivy-covered college of tradition and prestige that we all seek.

Of direct concern to upperclassmen is the establishment of Wednesday as Color Day. The booklet has this to say about Color Day: "Each Wednesday students who are members of fraternities, sororities, service groups, student body boards and committees, and recognized teams wear the sweaters, jackets, or insignia of their organizations. High school or junior college sweaters, pins, or other insignia are never worn on the campus. Numerals, letters, keys, and pins awarded by recognized teams and organizations of Santa Barbara may be worn at any time." Uphold this tradition, and make Wednesday a COLORFUL day.

The Freshman Regulations might seem to concern only the Freshman, but if no one else is concerned about the Regulations, the Frosh certainly are not going to be concerned. Upperclassmen, check on the activities of the Freshman roaming the campus, and report infractions of the rules in the Tribunal box in the Caf. Only with an organized police force

(Continued on Page 4)

Campus Cuttings

SQUIRES

Starting out a full program for the coming school year, the Squires distributed Freshman Class cards and bibles in the registration lines Wednesday and Thursday. During the week of September 19-23, the Squires will be exclusive agents for the Freshman Class "dinks," which will be required of all Freshman men. The dinks and also the Frosh bibles may be purchased at the Squires table in the Quad area.

All Squires are reminded to watch the bulletin board at the entrance to the cafeteria for important notices.

KEY AND SCROLL

Key and Scroll, junior women's service group, has begun its full schedule of activities for the semester by working at the AWS information tables and selling school song books during registration week. The girls who have been elected to this group on the basis of scholarship and service may be identified by their uni-

form of white blouses and brown skirts.

WAA's Hare and Hound chase will begin at the men's gym at four o'clock, Wednesday, September 21. All women students are invited to join in the games, singing, and folk dancing. Get acquainted with your new classmates and re-acquainted with your old friends. And remember—the whole affair is free!

SPOTS BEFORE

MY EYES

Hello. That's a good beginning, so now we'll tell you what it's the beginning of. It all started when the Gaucho staff got together and decided that the student body should be given a fair and impartial report on the activities of its Student Council. This was to take the form of a column by one of the editors, to be published in the edition following each meeting of that group. This left us with a big problem; one editor and eight inches of space left over every Tuesday. So now you have Spots Before Your Eyes.

First item today is the matter of coke bottles. We have several machines on campus which dole them out. Filled with, of all things, coke. But after they are emptied we have two lawns and a quad filled with the bottles. If they were picked up, said lawns and quad would look better. But that isn't all. Since the coke concessions are run by the Associated Students, we would also have the deposit money paid out. So let's stick 'em in the cases when they're empty.

I hate to dishearten new students, but something happened outside of a philosophy class last year which you should know about. Said one student to another student as a dog was passing by, "Let him come in, he'll understand as much as we do." And he did.

Plans have really been made for the "C You All Down South" weekend. Beverly Purdum and Ken Trevey, chairmen for the all-Cal affair, and other persons concerned attended a luncheon last week for George Mair of UCLA who is overall chairman of the event. Plans for special low-cost housing, transportation, and the actual program were discussed and they sound really good. So plan for it now, it's October 28-30.

SPORTS WRITERS—There will be an important meeting of all sports staff members and those interested in writing sports this afternoon between 12:45 and 2 p.m. Assignments will be made and policy discussed. Meet in El Gaucho office behind the men's gym.

FROSH FOOTBALL—Roy Engle has put out first call for anyone interested in playing freshman football. Any freshman who has had high school experience or who thinks he is big enough to play is asked to turn out at La Playa Field during afternoon varsity practice today, tomorrow, and Thursday.

Phogbound

'Twas a cold and foggy morning
as I struggled up the hill,
To face with grim foreboding the
machinery of the mill.
As I came around the corner of
Valerio and Grand,
Although barely six ayem the
multitude did stand
In a winding pushing serpentine
in the hope that they
Could outdo the maddened teem-
ing throng and quickly then
away.
But Oh! what disillusion stared
me in the face
As at the end of that long, long
line I sadly took my place,
When at last the front I reached
to sign for Art 10A,
I found instead 'twas P. E. 12, oh

**"MAN'S MEAL" SERVED
AMS-AWS PICNICKERS**

The AMS-AWS picnic was successful enough to surprise even its hopeful originators. The frosh class turned out en masse, and there was a plentiful supply of old timers in the crowd. A late dinner, the intricate coils of the snake dance, and a name card mix up resulted in everyone knowing everyone else fast. Each class should have had its own colored name tag, but seniors and freshmen came out in green and became thoroughly mixed before they realized what had happened. Juniors and sophomores always did talk to each other.

Student council members acted as hash slingers for the occasion, and between them served up a "man's meal"—beans, French bread, salad, and ice cream.

The football scrimmage was too well matched to be interesting, but it gave a promise of hard hitting teamwork; and the thousands Hilltoppers who looked on cheered as gustily as if it were Whittier or Oxy game they were watching.

Doris Humphreys and her Social Committee put across the post scrimmage Howdy Dance, and a very good job did they; freshmen lost their lost looks as upperclassmen showed them the ropes, and the ever present stag line dwindled to a show of its usual self.

happy, happy day!

So no and on from line to line
slowly I did trudge.

Until I waited patiently in a line
that didn't budge.

Finally a rumor spread and with
horror I did shake

It seems the class was filled up
and no more would they take.
This meant my labor to this time
all had been in vain,

If I changed my program one
more time it wouldn't stand
the strain.

And all the while my friends
strolled by chortling they
were through,

With waning hope I sadly prayed
by sundown I would be, too.

But I made it somehow and now
that I'm in class, the only
Worry I have left is, "Dear Lord,
will I pass?"

Gauchos . . .
* on Parade *
* * GLORIA DEALEY

Elaine Strobel, a power house of activity on campus, is adding a new name to the Hilltopper's vocabulary this semester. It is student coordinator, a title and job which she is using to cut into the local red tape. As coordinator, she saves club members that weary march from Dean, to So-

cial Chairman, to Publicity Board in arranging dates for their dances or org meetings.

A naturally shy person, Elaine's field of operations surprises even herself. During her short stay here, she has been President of Spurs, Secretary of Cal Club, a member of the AWS Board, active on El

Gaucho, Nani Lelani Prexy, and Publicity Chairman for Tau Gamma Sigma.

A lass who is easy to please, Elaine says she enjoys doing almost anything with people she likes. On the special occasion list she puts dancing, plays, country hikes and restaurants with mood music.

Contact with Santa Barbara teachers gives everyone a yen to travel and Elaine is no exception. Unlike most students, though, Europe isn't on her charts. Instead she wants to travel through the mountainous regions of South America, China, and Canada.

Elaine's summer activities and post graduate ambitions fit hand in hand. A native of the Imperial Valley, she spends her vacation time studying tractor techniques. Later she hopes to learn other rural specialties—marrying a farmer, raising lots of kids, and teaching eight grades in a one room school house.

DONATIONS . . .

By DON HUMPHREYS
Sports Editor

Now that your sports editor has apparently succeeded in his long and tireless quest for good reporters to do the really important work on the sports page, I thought it only fitting and proper to exercise my rights, lean back in my easy chair, and become a columnist. With every early-season hope for its reasonable success, and with my rose-colored glasses covering fresh eyes trained on the future, herewith is launched "Donations".

Anyone closely connected with Webster's International will tell you that a donation is a charitable gift or gratuity, and anyone closely connected with Santa Barbara College will confess that the definition hold true when pertaining to the El Gaucho sports staff, to our football players, or to most other college activities. This is one institution where money has very little to say.

A second look at the dictionary will disclose that a donation can also be a bestowal—in this case, of honors or dishonors, orchids or onions. With this lengthy twofold explanation of my reasons for choosing the column title, I can now get down to the business at hand, namely that of writing free of charge about sports personalities, the sports they play, and sports notes in general . . .

The Cathcart Caper

It doesn't take all of your five senses to tell you that football is king again, especially here in the West. World Series talk will still dominate the Eastern picture for a few weeks, but here on the coast, the Hollywood Stars have all but clinched the flag and football both pro and college has made its auspicious entrance.

Whenever two or more were gathered together to talk football at Santa Barbara last year, the name of Cathcart was not long absent from the conversation. Sam was one of the terrors of the league, a terrific running back who always picked on all-conference squads and highly respected by all coaches on the coast. Brother Royal was not far behind. He led the league in yards gained on the ground in 1948 and was regarded as Coach Roy Engle's number one back for 1949.

Last year there were two—now there are none.

Sam Cathcart graduated last June and has already made a name for himself playing professional ball with the San Francisco 49ers. Many so-called "big game" players have been cut from the 49ers but Sam still remains and it looks like he will stick. Those of you who saw him roll against the Los Angeles Dons will collaborate with me on this. Then against the Baltimore Colts Sam reached the heights. He averaged 7½ yards per try and when the game was over, his teammates presented him with the ball, an almost unheard-of honor for a rookie. Sam has been used primarily to run back punts and kickoffs

(Continued on Page 4)

ENGLE EYES FINAL WORKOUTS

Intramural Football Kicks Off Sept. 28

Entries in the Intramural Football League are currently being accepted either in West Hall 110 or the Men's Gym Office. This league, which opens on September 28, plays six-man touch football.

Dick Kaywood, Intramural Director, is encouraging all interested male students to enter the activity.

The league will have two divisions, one for fraternities and one for clubs. Unlike the fraternities, the clubs do not have to be recognized by the college. All that group of six fellows has to do to enter the league is submit the club name to Coach Kaywood. Squads will be limited to 12 men.

Mid-week Games

Games will be played in Cabrillo Park each Tuesday, Wednesday, and Thursday afternoon at three and four, on two fields approximately 60 by 40 yards.

Special rules are used in this competition, and Coach Kaywood states that they are quite simple.

Each team will supply an official for the other game. For example, the two squads playing on the first field will each release one man to officiate the game on the second field, and vice versa. This will encourage all squad members to fully interpret the rules.

Kappa Sigs Defends

Last year's tournament featured nine fraternities and six clubs, which played a total of 43 games. Kappa Sigma won the championship, while Dogger House took the club division laurels.

In the Championship Playoff, Kappa Sigma captured the campus crown, defeating Dogger House 14-6.

CROSS COUNTRY—Coach Nick Carter has issued his annual call for cross country men. Interested parties may contact Carter in the Men's Gym or at La Playa where workouts are to be conducted starting today at 3 p.m.

FROSH FOOTBALL

Frosh football will get its start tomorrow as Varsity Coach Roy Engle put out a call for all freshmen men interested in playing inter-collegiate football.

The Frosh meeting will be held in the football dressing room (former horticultural building), between the Mesa campus and La Playa Stadium, tomorrow, Wednesday, at 3 p.m.

The Frosh schedule is pretty well set and equipment is ready to be issued. A Frosh coach is yet to be appointed. At the meeting tomorrow Coach Engle will discuss practice and schedules.

THEY'LL GIVE NO QUARTER — Key men in Roy Engle's promised passing attack this year will be flingers Dick Gorrie and Glenn Mullaney at quarterback spot.

Carter Calls for Harriers As Cross Country Opens

Coach "Nick" Carter has issued a call for all available leather lungers on campus to turn out for the practice sessions which will start this afternoon at 3:00 at La Playa Field.

The reason for this early practice date that there is a tentative meet with the Pomona Sagehens on October 1st and Coach Carter wants his charges to be in tip top shape when they meet these Southland foes. Other than the Pomona meet there are five other meets during the season and this should be enough to satisfy any competitor.

For the first week or so all practices will be held on the track at La Playa Field and will later be changed to the actual course which is located on the Mesa Campus.

As far as anyone knows the only returning lettermen from last years squad are Ralph Rees and Fred Swehla. However, Coach Carter has stated that a number of new boys with previous experience have indicated that they are interested in participating in the sport. Nevertheless, winning team is in numbers, so all of you fellows who even have the slightest idea that you can run are urged to come out and try out for the team. All candidates must furnish their own practice outfit, the school will furnish shoes, sweat suits, and meet uniforms.

Remember, this afternoon—300 La Playa Field—See you there!

Gridmen in Good Shape for Curtain Raiser Here on Friday

Head coach Roy Engle was a happier man this week as his team squared off in final preparation for its initial game of the year against Whittier College here this Friday.

Still recuperating from the loss of Royal Cathcart, Engle got some better news when it was found that Pasadena City College, is eligible to play football this year. The Faculty Athletic Committee reached a

Poets Make Most Of Experience

Whittier College opened their football practice last week with a turnout of 65 candidates and it is rumored that head coach Newman has himself a loaded ball club.

With 23 lettermen returning from a last year's squad that split even in four league games, the Poets will be a team to be feared. Led by halfback Earl Engman, the Gauchos squeezed by the Poets in their second game of the season to the tune of 21-19, and Friday's tussle is expected to be nearly as tight. However, the Gauchos were nursing their wounds received in opening game with the University of Oregon and this year will be under no such handicap.

A new backfield coach, Bill Soeberg, ex-Whittier star, has been assigned to help Newman with the problems at hand.

Supporters of the Whittier eleven are touting their '49 squad as the best in years. The Poets lost only four starters off last year's roster and definitely going to be hard to beat.

of Royal Cathcart, Engle got some Ken Brittingham, transfer from Pasadena City College, is eligible to play football this year. The Faculty Athletic Committee reached a final decision in this matter after receiving the green light from Vic Schmidt, the Pacific Coast Conference commissioner, in Los Angeles. Brittingham has been playing fullback but Engle hopes to switch him to halfback to help fill the gap left by the loss of Cathcart.

Promising Reserves

The scrimmage last Thursday gave the squad what it needed the way of work under lights and before a crowd, and proved that this year's gridmen are in much better shape physically than they were at the same time last year. The so-called third team masterminded by quarterback Knute Clark more than held its own against the first and second squads chosen more or less at random from among the top players on the field. "Our reserve strength should be better than last year and is certainly better than I had expected", said Engle after watching the way his reserves proved their mettle Thursday.

Team to be Small

The 1949 Gauchos will be a small team with plenty of speed and using plenty of pass plays. Engle plans to capitalize on the speed of Tom Kelley, Dick Johnson and Russ Bertell and the accurate arms of Glen Mullaney, Dick Gorrie, and Clark. Like last year, the T-formation with a man in motion flanker will be the basis for all plays.

EDITORIAL

(Continued from Page 2)

can a society or group be made to conform to the modes and TRADITIONS of the whole.

Perhaps you upperclassmen can have a chance to read the Gaucho Bible when you are checking the Frosh to make sure they possess a copy. Know the regulations that the Frosh are required to adhere to; utilize the advice given in the "Frosh" Bible, and help enrich the soil of our ivy plants.

23 April—30 April recess schedule
1 May—14 June regular schedule
30 May, Memorial Day, the library will be closed.

DON-ATIONS

(Continued from Page 3)

and has found himself in the starting lineup when the 49ers were on the receiving end.

It is a great tribute to himself, to his alma mater, and to his past coaches that Sam is making good in this his first pro season with one of the very best elevens in the nation.

Royal has met a different destiny. Counted upon as one of the key men in the Gaucho attack this season, the younger Cathcart suddenly and quite unexpectedly has found himself ineligible for futher college competition. The powers that he claim that he has participated for three years at Santa Barbara and one at Compton and therefore has run out his string.

The shocking announcement was made public last week by Dr. William F. Aggler, chairman of the Faculty Athletic Committee. Royal's first year of football came during war year of 1943, and in some previous cases in other conferences, war-time college competition was not counted when determining eligibility.

So, honors to alumnus Sam and dishonors to Dame Fortune who stole a top flight ball player from our ranks.

Postscript for Today

Any constructive criticism, comment, contributions, gripes, questions, or answers will be more than appreciated and can be given me on campus or in the Gaucho office at any time. By helping in this respect, maybe we all can make El Gaucho in general (and page three in particular) worthwhile reading instead of just something to mop up spilled coffee with in the cafeteria.

Announcements 'Cal-ossal' Slogan For Homecoming

"The CAL-ossal Campus With a Future" is the slogan for the Homecoming celebration to be held the weekend of November 4-6. Highlight of the weekend will be the Gaucho-Pepperdine football fracas Saturday night at La Playa stadium and the annual Homecoming parade set for that afternoon. Plans for the affair are being made by co-chairman Beverly Purdum and Ken Trevey, and Jim Stanley.

AWOL MALADJUSTMENT STUDIED BY CLARK

In addition to his varied duties as Registrar, Dr. Jerry H. Clark has announced numerous research studies in his special field of clinical psychology.

He describes the results of one of these projects in the current issue of the Journal of Abnormal and Social Psychology. It concerns the maladjustment of AWOL soldiers.

Analysis

In the article Dr. Clark analyzes the results of two tests administered to 100 soldiers who had

gone "absent without leave" from a unit designed for overseas service.

The scores on one of these tests, the Altus Adjustment Test, revealed that the AWOL's were significantly more maladjusted than three other groups—the illiterates on whom the test originally was validated, unselected guards at an army disciplinary barracks, and 100 consecutive veterans appearing at vocational guidance center.

Abnormal

On the basis of the other test,

the Minnesota Multiphasic Personality Inventory, 65 of the group would be classified as abnormal. Among these neurotic and psychopaths were about equal in number.

In July and August of this year, Dr. Clark completed a 30-day tour of active duty at Camp Cooke, Army disciplinary barracks north of here. He served as clinical psychologist, taking part in the testing and processing prisoners.

DON'T FILE BOOKS

Dr. Jerry Clark, Registrar, requests that students do not fill in or hand in their registration books to his office until they have attended classes at least twice. So doing will eliminate the necessity for the large number of petitions which have been filed in the past semesters.
