**A.S. COUNCIL SAID UN-DEMOCRATIC**

During the past week, the A.S. Press Control Board was in session. Tom Lloyd, A.S. President, stated this week that the board was being prepared to meet again in order to continue with the action that was taken previous to the action.

**SUDDEN ACTION**

Some faculty and students feel that the board did not fulfill its role as the AS Press Control Board; "It is normal for the council to take such action," said Tom Lloyd. "But I feel that the action was unnecessarily sudden and without any proper appeal.

The A.S. Press Control Board was established for the purpose of dealing with the press.

**THE COUNCIL**

The A.S. Council is made up of the following members: John Doe, President; Jane Smith, Vice President; and John Doe, Secretary. The council is responsible for the operation of the AS Press Control Board.

**HAPPY REUNION**

The A.S. Press Control Board was presented with a range of options for the project, including the construction of a new laboratory building.

**GREGG REJECTIONS**

Both of these proposals were rejected by the A.S. Council.

**STUDENT TEACHING APPLICATIONS DUE**

Applications for student teaching will be accepted until December 1, 1961.

**MAKE-UP EXAMS SCHEDULED**

Exams will be held on December 1, 1961.
Phiological Meetings Held

The experimenters can usually be responsible. This is supported by the editorial policy of the "Parasite" Greek he has termed "the good people". They are the elected student government leaders and there is evidence that these concessions “may include the return of Soviet military bases to the Pan-American treaty..." Inconvenient treaties are broken, he says, in order to get rid of the military bases, and he believes that there would be no objection to these bases if they were less objectionable.

CRANBERRY STAINS NEED PROMPT CLEANING.

- My laboratory has always had a strong feeling toward preserving the beauty of the cranberry stain. We have found that the most effective way to clean this stain is to use a solution of 1 part household ammonia and 1 part white vinegar. If the stain is on a white fabric, it should be treated as soon as possible to prevent damage. For other surfaces, such as wood or metal, a paste made of baking soda and water can be used. Always test the solution on a small area before applying it to the entire stain. The paste can be applied with a cotton swab or a soft cloth and left to work for about 15 minutes. Finally, rinse the area with water and dry with a soft cloth. As a general rule, do not use any commercial cleaners on cranberry stains as they can damage the fabric.

**STAFF**

Jaso Colette Rittstrom, Editor; Jesse Milton, Associate Editor; Polly Thompson, Assistant Editor; Melody Hymon, Business Manager; C. W. Rockwell, Photographer; Kathleen Albritton, Assistant Manager; Journalist; Associated Students, Legislative Council... Two significant steps in the development of our general campus of the University will be taken by The Regents of the University of Southern California.

A decision to exercise the University's option of purchasing a section of land from the U.S. Army for the new campus site at Santa Cruz, will be made by the Regents. This move will be followed by the appointment of an architect who is to design a plan for the construction of the new campus.

Professors Will Report On U.S. Soviet Meet

On Dec. 1, at 4:30 p.m. in South Hall, Professors will be present to discuss the recent developments in the U.S.-Soviet relationship. They have been selected by The Regents for their expertise in various fields, including history, political science, and economics.

Gaucho Calendar will be published each Tuesday. Organizations are asked to submit contributions of the University Post on or before the previous Wednesday.

ERNIO DANIEL CONDUCTS SEASONS SECOND CONCERT

Chip Chapman, with the University Symphony Orchestra, will conduct the following concerts:

- Dec. 1: Orchestra, UCBB, Robertson Gym, 8:15 p.m.
- Dec. 2: Orchestra, UCBB vs. Cal, Robertson Gym, 8:30 p.m.
- Dec. 3: Orchestra, UCBB vs. Claremont, Robertson Gym, 8:30 p.m.
- Dec. 4: Orchestra, UCBB vs. Cal, Robertson Gym, 8:30 p.m.
- Dec. 5: Orchestra, UCBB vs. Cal, Robertson Gym, 8:30 p.m.
- Dec. 6: Orchestra, UCBB vs. Cal, Robertson Gym, 8:30 p.m.

Director On Selective Service

Brig. Gen. William F. White, director of the Selective Service System, will address the University Post on or before the previous Wednesday.

GAUCHOS HOST BRONCO FIVE-CHASEN INVADES TOMORROW

By ROBERT WALTER

The UCSB Gauchos basketball team, defending California Collegiate Athletic Association NCAA Pacific Coast Region and Winter Classic champions, open its 1961-62 season against Cal Poly Pomona tonight at 8:15 in Robertson Gymnasium.

Stan Williamson Appointed New UCSB Athletic Director

Stan Williamson, head football coach for eight years and director of physical education since I953, has been appointed to assume the position of director of athletics, according to an announcement from the office of Chancellor Dr. Art. Gallon.

"Williamson will apparently replace Dr. Kelliher for the same position. Although no appointment letter has been issued, the rumors have been circulating for perhaps several weeks now."

Dr. Gallon has shown an ability to control the football team, and his interest in athletics and devotion to the athletic program have been amply demonstrated,

Williamson, considered one of the finest and brightest figures of the present football play, and his skill in training and coaching has been noted on the best football teams in the state.

The mainstays of the present team will be experienced return men, счет from various All-CCAA teams and a strong defense which has played a major role in the tremendous growth of the school's interscholastic program.

In all, the Gauchos figure to be in thick of things tonight when Coach Bob "Lefty" Stull of Los Angeles State takes on the Bronco team with Tharan James and Jerry Bunch, the tallest man and the best player on the team from Cal Poly.

Coach Bunch, the tallest man in the Gauchos' starting line-up at 6'9" and 240 pounds, will be a stern test for the small but fast Gaucho guards Walt Harcos and John Davis, considered one of the finest trio in the conference.

The Gauchos have won the last two meetings between the two tough clubs, the Gauchos in rebounding and for the most part in shooting and rebounding.

The Gauchos will be facing four new players who are expected to be important members of the Gauchos in rebounding and scoring last year with an average of 14.1 points a game. Their first season was a major success, however, and the Gauchos have every reason to be optimistic about their chances for success this season.
Wrestlers Kickoff Season
Tonight With Cal Poly Match

Wrestling will muscle its way into Santa Barbara this evening, as Cal Poly wrestlers will square off with UCSB's wrestling team.

The Gauchos will face Cal Poly at 6:30 in the Recreation Center.

The Gauchos' offense was led by running back Francisco Torre, who rushed for 200 yards and three touchdowns.
Who Is Godot? Redlands Site Of Spur Meet

by DENNIS GREEN

We are all in a sense Godot. Godot is a symbol for many of us, as is Waiting for Godot for the same dead who enter the theater from the same window. The director creates a world of his own, in which the illusion of existence is complete. The audience is left to ponder the meaning of life, death, and the purpose of existence. In this particular play, the characters are non-existent, and the audience is left to their own devices. The play is a commentary on the human condition, and the search for meaning in a world that is often chaotic and uncertain. The end of the play leaves the audience with a sense of ambiguity, as to whether or not the characters will ever arrive. This play is a reminder that life is often filled with uncertainty, and that the search for meaning is a constant journey. The play is a testament to the human spirit, and the power of language to convey complex ideas. It is a play that challenges us to think, and to question our assumptions about the world. It is a play that reminds us that life is often filled with ambiguity, and that the search for meaning is a constant journey.
