WHOOPEERAISED AS COLLEGIANS HOLD RALLY TO START FOOTBALL

Sirens shrieked, horns honked, and students shouted as several hundred State College collegians paraded down State street last Friday evening at 6:40 o'clock in the first football rally of the year. The line formed at Micheltorena and State streets, and led by two motorcycle policemen, serpentine to Cabrillo Boulevard, and turned east to the beach for the bonfire.

Although time was limited and careful planning was not possible, several fraternities, sororities, and other school organizations entered decorated cars. Ribbons fluttered, pennants waved, and fair co-eds cheered from perches on fenders and radiators—all going to impress the string of onlookers with the spirit of "whoopie." Trucks, antiquated vehicles, and luxurious sedans found places in the procession.

Old Fords Lead

Following the cycle cops came Ted Neidermuller with his abbreviated and astronomically decorated Ford. William Ezaki came next with one of those ancient chariots in which my father courted your mother, a beautiful work of art by Henry Ford and dated 1908 A. M. Members of the faculty were next in line, and then, in a display of brand new cars, came the football team. Floats were next, and then came a noisy string of blaring, tooting, and banging cars, crowded with noisier students.

When all were gathered around

Have You Noticed?

Those two sophomores, the original kindergarten twins?

That the next dance is tomorrow night? 4

Miss Ramelli's assignments in her language classes?

Harold Jones' delightful chortle?

That Ardle Pierce has lost none of the curls from those famous locks?

Mr. Goble, the diminutive journalism teacher, with the tricky roll to the brim of his hat?

The lack of benches in the corridors?

The rival to Teddy Neidermuller's celestial chariot in the form of a 1908 Ford sport phaeton?

How well the Alma Mater was sung at the end of the Santa Maria-Santa Barbara football game last Saturday?

And that tonight the football men play their first out of town game in the Rose Bowl against Occidental?

The mauve handkerchief and the wrist watch worn by "Army" Kessler during football?

Y. M. C. A. FORMS BRANCH AMONG MEN STUDENTS

Several of the men interested in the development of Santa Barbara State College gathered a short time ago in the office of Dr. Charles Jacobs to confer with representatives of the local Y. M. C. A. regarding the establishing of a college "Y" Cabinet. The college men in attendance were Llewellyn Goodfield, student body president; Virgil Gillum, Charles Van Winkle, and David Watson. The faculty was represented by Dr. Jacobs, dean of the upper division, and Mr. William Ashworth, dean of men, while the "Y" representatives were Mr. Neil Trowbridge, director of outside activities, and Mr. Danner, secretary of the local Y. M. C. A.

Considerable discussion brought out the place for a "Y" cabinet in the college, and officers were elected. Virgil Gillum was unanimously elected to the office of president, and in that capacity is now making further preparations for the cabinet's organization.

Opening the social activities of the club, a general get-together or open house meeting will be held at the Y. M. C. A. next Tuesday, October 8, at 7:30 o'clock. All men of the college are invited and asked to bring their gym suits and a towel.

"It will be an evening that no man can afford to miss," says Dr. Jacobs, and a good crowd of State collegians is expected.

Library and Laboratory fees will be collected beginning Monday, October 7. The offices will be open from 9 a. m. to 4 p. m. Fees will be collected Monday, Tuesday and Wednesday; after which a fine of \$1 will be collected with all late fees.

Signed,
DAVID WATSON,
Treasurer.

COLLEGE LEADS STATE IN ENROLLMENT GAIN

Santa Barbara State College made a much larger gain in enrollment over the record of last year than any other similar college in California, according to figures submitted to Vierling Kersey, state superintendent of public instruction.

The local institution has increased its registration from 446 students last year to 581 this semester. The great influx of new students is due a great deal to the five new major courses which have been inaugurated in the school this fall. The new buildings, too, have served as an attraction, especially to the women students. This shows an increase of over 19.79 per cent, or nearly twice as much as Fresno, which was second with 12 per cent.

San Francisco and Chico both lost enrollment this year, while the other five colleges were gaining. Humboldt State College, how-

Note From President

I wish to take this means of conveying the appreciation of the student body, of the council, and of myself to the members of the Alpha Phi Gamma fraternity, and in particular to Bernard Barnes, for the wonderful way in which the breach was filled when help was needed so badly in publishing The Eagle.

The weekly paper contributes much to the pleasure and pride in our college and is a real necessity. To have been without it would have been a great regret to all. Now that we have an editor at the helm we can expect to continue to derive much satisfaction and profit from our weekly perusal.

Again thanking those worthy "pinch-hitters," I remain,
Yours appreciatively,
Llewellyn Goodfield,
President A. S. B.

Club Plans Drive To Complete Cabin

The Outing Club has planned the first trip to the cabin, which is located on the Santa Ynez river. It will be held October 13th. Many of the students are anxious to see the construction and although as yet it is not completed, plans are being made to finish it soon. A membership drive will be staged by the Outing Club to get money to complete the cabin. The drive will start Monday and finish the following week. All those who have been planning on joining are asked to do so at this time.

School Receives Gift

Mrs. Edward Cunningham of Montecito has made a generous gift of glass ware and house furnishings to Miss Clark for use in the practice cottage, Emoha. Upon being shown through the little house, Mrs. Cunningham saw the need of many things which the institution could not supply, and she bought them and presented them as a gift to the home economics department.

OLIVE AND WHITE MEET OCCIDENTAL TIGERS IN FIRST CONFERENCE TILT

With the realization that they are up against their toughest competition of the season, Coach Davis' Roadrunners will line up against the Occidental Tigers in a night game at the Rose Bowl tonight at 8 o'clock. The tilt marks Santa Barbara's entrance into the Southern Conference.

The Staters have been pointing to this game with Oxy. They will go on the field as the underdogs, with nothing to lose and everything to gain.

STATE RULING DELAYS CHANGE TO LUNCH ROOM

As yet no definite time has been set for moving into the new lunch shop in the new home economics building. It was originally intended that the lunch shop would be ready for use this fall semester, and all provisions were made to move the equipment from the old building, but the work of installing ranges, steam tables, and other necessary equipment for service, was held up by the attorney-general of the state who ruled that such lunch rooms were illegal. Until the bill making the lunch room a legal thing was passed by legislature on August 14, the work could not be resumed.

Dishes, cutlery, and furniture have arrived, but until the kitchen equipment is installed, the shop can not be moved. The men are now working on this problem, and it is hoped that service will be ready in a month or two.

DEAN GIVES PARTY TO WOMEN IN SQUAD

Nearly two hundred women students of Santa Barbara State College gathered in the college court last Saturday evening to attend the annual garden party given by Dean Mildred C. Pyle in honor of the freshman women. The quad with its swinging, colorful lanterns, reflected in the pool presented a most charming setting. After the arrival of all the guests the program was started with a trio composed of Mrs. Helen Manchec Barnett, Miss Ardis Carter, and Mrs. Edward Prideaux giving several vocal selections, accompanied by Anita Cochran. Madame Kedrina's pupils then presented a group of national folk dances. Roderick Show, well known Santa Barbara baritone, also favored the guests with several vocal solos. The Bethune sisters trio composed of violin, cello and piano, were next on the program. The last number to be presented was vocal selections by Mrs. George Freeman, accompanied by Mrs. Francis Boyd.

The committee chairmen who helped to make the affair a success and who were appointed by the executive board of the Associated Women Students were, decorations, Laura Breska; properties, Maree Cochran, Laura Lee Houghton, Hattie Mae Harper; serving, Mildred Randolph; cleanup, Molly Cheroske.

Coach Kienholz has a strong line, with two men showing up especially well. Edward Beebe, a brawny tackle, was rated as one of the best tackles on the coast last year. Al De Hoag, captain this year, has already played two years of football for the Tigers and was all-conference end last year.

Speed and power mingle in the Bengal backfield. Marsh, a 205 pound transfer from Westminster College in Missouri, is playing quarterback and is fast for his size. Several other backs are speedy men, and behind their strong forward wall, are real threats.

Several Shifts

Since the Santa Maria game Coach Davis has made several shifts in the Olive and White lineup. Imes, who has been playing in the line in practice, was given the ball several times and showed up so well against the Marians that Davis has added him to the backfield. Anderson will be converted into a guard from a tackle berth. Clemore has cinched a job as a halfback. With Clemore, Winters, Williams, and Barnett, Davis will have speedy ball packers. Kessler, Pierucci, two battering rams, will do most of the line plunging.

No definite lineup has been given out by Davis, but the tentative opening team will be Johnson at center, Barth and Wade at guards, Denno and Davis at tackles, McKibben and Martin at ends, Pierucci at quarterback, Barnett and Williams at halves, and Kessler at fullback.

The local lads have been put through some rugged training this week and all the men have now lost any superfluous fat with which they have been hampered during the first. Scrimmage, receiving and returning punts, and light signal practice, with several periods before the blackboard, about makes up the practice this week.

The team will leave by bus about noon today, will stay at the

ROADRUNNERS AGAINST OCCIDENTAL

SANTA BARBARA STATE COLLEGE makes the biggest stride in its athletic history this evening when Coach Hal Davis' Roadrunner football squad meets its first Southern Conference opponent in the form of a tough team from Occidental College, the cock of the roost and potential pennant winner this year. We are shipmates in the same boat with U. C. L. A. The Bruin school is the baby member of the Pacific Coast Conference. Last week the U. C. L. A. team went up against the big brother of the conference and were sorely defeated in the score, but not in fight and spirit. The Bruins fought those big Trojans and held them for awhile, but fresh reinforcements for U. S. C. romped over the tired and panting Bruins for score after score.

The Roadrunners are expecting a defeat at the hands of the Oxy Tigers, but only in the score. We have nothing to lose and everything to win, and the Olive and White lads are possessed of something akin to the spirit at U. C. L. A., that never-say-die courage, and the will to fight and be trampled, and get up again and be trampled again. Such a spirit can not be kept down long, and in a short time Santa Barbara State is going to give those Oxy Bengals a severe jolt and shake from them their spirit of confidence and complacency. We're behind you, varsity; the best of luck.

MEN WANTED ON SCHOOL ANNUAL

AN OPPORTUNITY for two men of the college to develop their business abilities, to meet many influential merchants in Santa Barbara, and to get an idea of the fascination of the publishing business, presents itself in the offer of Virgil Gillum, to appoint two men to serve him as assistants in his work as business manager of La Cumbre, the school annual. The work will not take a great deal of time, according to Gillum, and the experience will be worth the work.

Some of the men are sure to have had some experience on their high school annuals, and Gillum's offer will allow them a chance to continue where they left off. Any man may apply for one of the vacancies.

A NAME FOR OUR ATHLETIC FIELD

OUR new athletic field needs a name, some official title that will immediately distinguish it from other fields. No better name can be suggested than Phelps Field, in honor and appreciation of work done by our president, Clarence L. Phelps.

Before the state legislature at Sacramento could appropriate money to purchase the field, Mr. Phelps, in order to hold it for the college, took the weight of thousands of dollars upon his shoulders as a guarantee. Though it was practically certain that the state would put up the purchase price, there was still a risk for our president, but he didn't hesitate. Gathering together several of his business friends, the president secured sufficient funds to secure the property, deliberately placing himself in debt to the extent of about \$10,000.

Only a man with a big place in his heart for Santa Barbara State would place himself in such a position, and it is only right that the students insure his memory among the classes to come by some honor. Such a thing as naming our field after the man who secured it for us is but a small way in which we can repay him for getting one of the most beautiful athletic sites anywhere.

Mr. Goodfield, president of the student body, is heartily in favor of the name, urges the general adoption of the new title.

COMPARISON DETERMINES VALUE

The Great Wardrobe

Quality Since 1886

at the Theatres

By M. C.

We begin this week with Buddy Rogers, because we don't like Buddy Rogers, even though this is said to be the best characterization of both his and Nancy Carroll's screen career. The name of their opus is "Illusion," a story centering around a young magician and his partner, Buddy taking the part of the magic worker and Nancy as his assistant. We just wonder if there are others who will find the same things mere illusions that Rogers found.

* * *

George Bancroft

"The Mighty" of cinema strong men, the idol of throngs, and, we think, the best male actor of them all—George Bancroft. The production is titled by the first two words of this paragraph, "The Mighty," sounding somewhat similar to "The Thunderbolt," but if it is as good as the latter play, the first will please millions. Once more, a word to the wise is sufficient.

* * *

"Fast Company"

Remember "Close Harmony?" Remember "The Racket?" Remember "The Wild Party?" Remember the team of Oakie and Gallagher in the first? Remember Gallagher in the second and Oakie in the last? Well, what do you think we are talking about, anyway? "Fast Company," of course, and if you don't believe it, drop into the Rose before Sunday night. By the way, remember "Interference?" "Underworld?" "Evelyn Brent?" She is one of the Fast Company, also. And "Fast Company" isn't what you think, either.

* * *

Futuristics

The best bet of these is "The Hollywood Revue of 1929" coming for the entire week of, well, next week, at the Rose Theater, providing one is, of course, light-minded and likes revues, this is the best bet. For those who can, like us, only afford one show every two weeks, and prefer, not like us, except occasionally, the drama with its intensity, "Jealousy," starring Jeanne Eagles, at the California will fill the bill. Eagles, with her "white-hot flame of personality," is satisfactory to many.

* * *

The Granada is playing another effort of our clever Philo Vance, erstwhile, William Powell, in "The Greene Murder Case." For subtle suspense, anybody would be pleased with having spent their money to see this. The main theme of this play is to prevent the mother being killed in order to save a fortune. See it. Thanks.

HOME ECONOMIC HALL PRESENTS MANY FEATURES

Have you been over to see the new home economics building? Even if you are not a home economics major, it might be worth your while to take a tour through it. From the standpoint of architecture it is one of the most beautiful buildings in the city. Long corridors, beautiful wrought iron work, and graceful arches make it blend with the other buildings on the campus. As yet the planting of the grounds is unfinished, but one can see by the general plan that the little fountain and long walks will be even more beautiful when the trees and shrubs are planted.

One of the features of the new building is the model home of which Miss Clark is the director. The house is called "Emoha," which is "a home" spelled backward. In this model cottage, built within the walls of the large building, the girls of the home economics department are to get actual experience in home management. Miss Clark will live there permanently with a group of six girls which changes every six weeks.

Dances in Cafeteria

Although the new building belongs to one department all students may share it, for the new cafeteria is located there. The floor of this room is so prepared that small informal dances can be held there. From the windows of the lunch room one has a most wonderful view of the entire city. The Colonial room is another very distinctive feature of the new structure. This room is to be decorated with colonial furnishings and the huge fireplace and beautiful rafters lend to the atmosphere of age. The room is to be used for display purposes and will hold colonial models in dress, spinning wheels, and other articles of the period. The laboratories are wonderfully fitted with the latest equipment and afford the students of this department the best opportunities.

The seventy-eight students in the home economics department are indeed fortunate to have such a beautiful building. The success of this department rests entirely with Miss Charlotte Ebbets, who has been director for many years. She was one of the pioneers in the organization of the college and has been the vital force in making the home economics department what it now is. The new structure is a splendid one, and credit is due every one who helped to make it possible.

D. R.

(Continued from Page 1, Col. 5) Huntington Hotel in Pasadena, and return sometime tomorrow. With Coaches Davis and Trimble will go Anderson, Barnett, Barth, Clemore, Davis, Day, Denno, Imes, Johnson, Kessler, McKibben, Martin, Pierce, Pierucci, Sawyers, Schuyler, Trumbull, Wade, Williams and Winters.

THESE AND THOSE

Ah, there, Jupiter, you old sock! Get down off that mountain of Olympus before the altitude gets you. And you, there, Neptune, how come you're swimming at this time of the year. Is it because you are reluctant to leave all your little mermaids and water sprites? What ho, Venus, your type of beauty went out with the last century. And Achilles, you poor ham, how about a pair of O'Sullivan's rubber heels? Pan, your flute needs tuning, and Diana, where is your hunting license?

Apollo, you're not so hot. Mercury, you should have roller-skates. And all you little elves and nymphs, I've seen better in Madame Kadrina's Ballet. Vulcan, you're a dirty smithy!

* * *

"Hi, wench, what sayest thou to a tankard of nut-brown ale?"

"Avaunt, wight! Am I a barmaid that you should speak to me in this wise?"

* * *

"Unhand me, you vile wretch," she cried.

But the "vile wretch" was a Scotchman.

* * *

Tonight, the team meets Occidental under the gas jets of the Rosey Bowl. S. B. S. C. should function perfectly—so many of the boys work better at night.

* * *

Yes, I have a little house by the river, now. If you're ever down that way, drop in.

* * *

Short Story:

Fridaires and Kelvinators are enjoying increased popularity with newly-weds in America.

* * *

Little Items From Afar:

In Germany the buxom Frau baits the mouse trap with lime-berger.

* * *

When the world goes wrong as its bound to do

And you've broken Dan Cupid's bow,

Don't give up the ship, Mr. Perry For Sady, or Sally, or So.

But smile awhile and remember That the 'morrow's another day. My one regret is that I have but one life to Offer up for my country.

For, united we stand and divided we fall

And the question is not to be Said the Fairy Queen to the plowman,

"We cannot harrow this ground."

Forsooth, Gazocks, and Ods Bodkins.

Alas and alackaday, I'll fold up my pen like an Arab And as silently sneak away.

SARA JANE TO GET DATES FOR BASHFUL ONES

(Continued from Page 1, Col. 1) the big pile of combustibles, a match was touched to it, and 800 gallons of oil soon spread the flame over the entire heap of packing boxes. All during the week the Freshmen gathered wood for that fire, and in the evenings, when the chill wind blew in from the ocean, dainty maidens of the Freshman class flitted across the sands bearing hot coffee and doughnuts to the stalwart workers on the wood heap.

Speeches Given

As the flames flared high, cheers, songs, and speeches were heard by the goodly crowd of townspeople gathered. Mary McTavish led in the singing of the college song. Llewellyn Goodfield introduced the master of ceremonies, Virgil Gillum. He, in turn, called upon President Phelps, who explained in a few words the new improvements on the athletic field. Dr. Charles Jacobs, dean of the upper division, urged support at the games. Ray Denno, manager of athletics, said a few words about the team. Ralph Johnson and Bert Clemore were called upon from the crowd to speak about the team. Cheers were given, and then, as the blaze began to die down, Gillum presented the prizes. The seniors were presented with a Roadrunner pennant for their entry; Ezaki's Ford of ancient vintage, and the Phi Kappa Gamma sorority was awarded a box of candy for its float.

A picture of the crowd was taken during the rally. As the crowd broke up, a small group made merry over the efforts of Neidermuller to get his car out of the sand.

Laura Breske was in charge of the rally. Harold Gunderson, president of the frosh, and his assistants, Cecil Darby and Lawrence Morgan, looked to the building of the fire.—A. R. O.

A bashful man or a shy woman is an object of sympathy and misunderstanding. A man who is not shy and yet dislikes pushing himself forward enough to introduce himself to a strange girl is worthy of better things. And the girl who likes straightforward appeal in preference to sex or flirtation, should, also, be given a chance.

"And that," concluded Sara Jane, twinkling, "is why I have come to you. With the help of your paper, I wish to aid those men and women to meet each other. It is rather late to do much for your dance, but if both the man and the woman acts quickly, we may be able to get them together."

Sara Jane stressed these points, all of which are important and must be answered on the letter of the one wishing a date. They are to be answered in order and completely:

Name; age; where lived before coming to Santa Barbara; class in college; phone and street address.

Do you dance? How many years have you danced? What

OPENING DANCE IS SATURDAY EVENING

In honor of the freshmen, who must wear their little green caps and arm bands, the first student body dance of the year will be held tomorrow evening at 8:30 o'clock at Rockwood. The hop will be an informal or sport affair.

Novel features will add to a rollicking entertainment, according to Betty A. Proctor, chairman of the social committee, who is in charge of the dance. Certain members of the freshman class will be called upon to contribute to the program. The decorations will be green, in keeping with the atmosphere of the freshmen.

Patrons and patronesses will be Mr. and Mrs. Hal Davis, Mr. and Mrs. E. Ericson, Mr. Leon Trimble, and Miss Gladys Van Fossen. Miss Proctor has chosen an able list of students to aid her as the heads of committees. Laura Breske will be in charge of the decorations; Virginia Weber is preparing the entertainment; Dorothea Peterson will have charge of the refreshments; the invitations will be looked after by Ann Sampson; the floor committee will be headed by Whitelaw Birss; William Pensinger will be in charge of the cleanup committee.

Janssen's orchestra will furnish the music. Severe penalties will be meted out to defiant frosh who neglect to wear the green insignia of their class.

The dance was scheduled for Friday night, but the fact that the football team is playing Occidental in a night game in the south, brought a postponement.

kind of dancing do you prefer? What were the nature of the dances attended? Are you, if female, accustomed to eating after an affair? Will you, if male, be willing to satisfy this desire on the part of the other? Do you, if female, enjoy riding? Are you conservative?

Remember, men and women, you must answer all of these questions in order to play fair with the other one and so that all things will come out satisfactory. These letters will, naturally, be kept in the strictest confidence, that is to be taken as a matter of course. All letters are to be addressed simply to Sara Jane and left in the Eagle office with the editor or in one of the desks. They will be given as prompt attention as possible.

ROADRUNNERS ARE VICTORIOUS IN SEASON'S OPENER AGAINST SANTA MARIA JUNIOR COLLEGE

Taking the lead in the first few moments of play, football players of Santa Barbara State College successfully opened their 1929 season Saturday in Peabody Stadium when they took an 18-0 victory from the Santa Maria Junior College eleven.

The Saints received the kick-off but were unable to make first down and the Roadrunners received possession of the ball. Thayer ("Army") Kessler, last year's tackle, who has been converted to fullback for this season, started line bucks down the field from the thirty-five yard line and soon dug his cleats into pay dirt. Fred Imes failed to convert.

Santa Maria Fumbles

The second touchdown of the day came in the second period when Imes recovered a fumble on the Santa Maria 30-yard line and Fred Pierucci packed the ball across following a few bucks down the field. The third and last marker was scored in the last quarter when Bert Clemore, shifty halfback, took the ball in two plays, from the Santa Barbara 40-yard line across the last mark.

Many passes were tried throughout the game by both teams but few were completed. Line plunges and off-tackle plays gained more ground than any other method.

Good First String

The encounter Saturday showed a good first string for Santa Barbara but a serious lack of reserves. The majority of the men

on the second string are willing but are green and will need much experience before they can count for a great deal. Coach Hal Davis sent in every man that was dressed for the game last week to give them all a little seasoning and although the Saints failed to score in the last few minutes they gained ground much faster than they had earlier in the encounter.

The Line-ups:

Santa Barbara	Santa Maria
(18)	(0)
McKibben ...REL	Whidden
Denno ...RTL	Pfizer
Imes ...RGL	Seaman
Johnson ...C	Richardson
Wade ...LGR	Freitas
Anderson ...LTR	Cole
Martin ...LER	Prindle
Pierucci ...QB	Talley
Barnett ...LHR	Reid
Williams ...RHL	Cooley
Kessler ...QB	Marlett

Scoring: Kessler, off-tackle; Pierucci, end run; Clemore (sub for Barnett).

Score by periods—

Santa Barbara	6	6	0	6	18
Santa Maria	0	0	0	0	0

Santa Barbara substitutes: Davis for Kessler, Clemore for Imes, Martin for McKibben, Pierce for Kessler, Imes for Pierucci, Trumbull for Johnson, Schuyler for Sawyer, Haberick for Williams, Winters for Barnett, and Ezaki for Haberick, Ellison for Davis, and Day for Martin.

Improvements Made On Athletic Field

Extensive improvements are being made on the athletic field in Mission Canyon. State appropriations now make possible the enlargement of the field, the installation of a forty-two inch drain to take care of all waters rushing down from the hills, and the resurfacing of the present field with a six-inch covering of soft springy loam. The smaller field, which has been used in the past for women's athletics, is now being torn up and the topping soil used to cover the larger field.

Within a short time the small field will be completely filled in and brought to the level of the present football flat. The surrounding hillsides will be torn down and the dirt used to fill in. When the field is completed it will have a level stretch of over two hundred yards.

Kimberly Announces Tests For Swimmers

The test for women's swimming was announced this week by the manager, Ellen Kimberly. It is as follows:

- Blow bubbles 15 times.
- Bring up spoons three times.
- Jump into the deep end of the pool.
- Swim side stroke (good form).
- Swim elementary back stroke.
- Swim 100 yards.
- Float and tread water.

This test is for the beginners and any women who passes the test and has kept training and practice rules will be given fifty points, which enable her to join the W. A. A. Other tests will be given for intermediate and advanced swimmers.

CROSS COUNTRY MEN WILL TRY OUT FOR TEAM

Tryouts for the cross country team will be held today over the three and one-half mile course, according to Leon "Luke" Trimble, who is coaching the hare-and-hound type of sport. Trimble is getting his men in shape for the meet with Redlands University, which will be held on the home course in a few weeks. Redlands was the winner in the Southern Conference last year and boasts a good team this season.

Several regulars from last year's squad are back in running shorts. Chester Tubbs, a middle distance runner of some ability on last year's track team, is trotting the route in great style. Bob Immler, a letterman in the mile last track season, is also stepping the distance in favorable time.

William Bissell, a transfer from the University of Arizona, who did some cross country running two years ago, is out for the team and showing up well, but is having some trouble with his eligibility.

John Eckhardt, who won his letter in the mile event for the past two years in Santa Barbara High School, has reported and is getting into shape. Others out for the team include Lovell Pageot, Charles Van Winkle, Lawrence Parma, Allan Ottley and Harold Polley.

"I trade at PIGGLY WIGGLY"

BECAUSE it is one place in town where I don't have to stand around and wait until everyone else in the store is waited on. I can slip thru the turnstile, grab what I want and beat it home. Mother appreciates that too, for she is generally in a hurry for what she sends me after."
