**MEN STUDENTS**

Branch Among Occidental Students

- Library and Laboratory fees: $2.00, beginning Monday, October 7. The fees will be charged at 9 a.m. to 4 p.m. Fees will be collected Monday, Tuesday, and Wednesday of each week. A fine of $1 per day will be collected with all late fees.

Signed, David Watson, Treasurer.

**IN ENROLLMENT GAIN**

Santa Barbara State College made a much larger gain in enrollment over the last year than any other similar college in California, according to figures submitted to Vierling Kerr, state superintendent of public instruction.

The local institution has increased its registration from 444 students last year to 581 this semester. Most of the additional new students are due to a general desire to get away from the long period of dry weather, which has greatly affected agricultural conditions.

Santa Barbara State College is fifth in enrollment among the seven colleges, having gained ahead of Chico State College, which dropped down and the local institution went ahead. Following is the table of attendance for the seven schools in the state:

Note from President

I wish to take this means of conveying the appreciation of the students, faculty, and of myself to the members of the Alpha Phi chapter to a particular congratulation to Bernard Barne, for the wonderful work which he has been filling when help was needed so badly in publishing The Eagle.

The weekly paper contributes much to the pleasure and pride in our college and is a real necessity. To have been without it would have been a great regret to all. Now that we have an editor at the helm we can expect to continue to derive much benefit and profit from our weekly pursuance.

Again thanking those worthy people who have assisted in the work.

Yours appreciatively,

L. Olney Goodfield, President.

**CLUB PLANS DRIVE TO COMPLETE CABIN**

The Outing Club has planned the first trip to the cabin, which is located on the Santa Ynez River, for October 15th. Many of the students are anxious to get out of construction and although as yet it is not completed, plans are being made to finish it in the near future. The club will be staged by the Outing Club to complete the cabin. The drive will start Monday and finish the following week. All those who have been planning on joining are urged to do so at this time.

**SCHOOL RECEIVES GIFT**

Mrs. Consuelo Georgi of Montecito has made a generous contribution of $500 to be used for furnishings to Miss Clark for use in the practice cottage, Enon, on the campus as a gift to the home economics department.

**DEAN GIVES PARTY TO WOMEN IN SQUAD**

Nearly two hundred students of Santa Barbara State College gathered in the college court last Saturday evening to attend the annual garden party given by Dean Mildred C. Pyle in honor of the freshman women. The punch with its swinging, colorful lanterns, reflected in the pool presented a most charming setting. After the arrival of all the guests the program was started with a trio composed of Mrs. Helen Mann, Ruth Barrett, Miss Ardis Carter, and Mrs. Edward Priestley giving several vocal selections, accompanied by Anita Cochran. Madame Kedar's pupil then presented a group of national folk dances. Roderick Show, well known Santa Barbara baritone, also favored the guests with several vocal numbers. The Ethene sisters trio composed of violin, cello and piano, were next on the program. The last number to be presented was vocal selections by Mrs. George Purvis, accompanied by Mrs. Frank Boyd.

The committee which helped to make the affair a success are: Miss Angela Martin, Miss Lillian Ford, and Miss Driscoll. The Ethene sisters trio composed of violin, cello, and piano, were next on the program. The last number to be presented was vocal selections by Mrs. George Purvis, accompanied by Mrs. Frank Boyd.

The committee which helped to make the affair a success are: Miss Angela Martin, Miss Lillian Ford, and Miss Driscoll.

**OLIVE AND WHITE MEET OCCIDENTAL TIGERS IN FIRST CONFERENCE TILT**

With the realization that they are up against their toughest competition of the season, Coach Davis' Roadrunners will line up against the Occidental Tigers in a night game at 8 o'clock. The tilt marks Santa Barbara's entrance into the Southern Conference.

The Tigers have been pointing to this game with Oxy. They will go on the field as the underdogs, with nothing to lose and everything to gain.

**STATE RULING DELAYS CHANGE TO LUNCHROOM**

As yet no definite time has been set for moving into the new lunch shop in the old student center building. It was originally intended that the board of trustees would be ready for use this fall semester, and all provisions were made to move the equipment from the old student center building, but the work of installing ranges, steam tables, and other necessary equipment for service, was held up by the attorney general of the state, in order that such lunch rooms were illegal. Until the court makes the lunch room in a legal way was passed by legislature on August 14, the work will not be carried on.

Dishes, cutlery, and furniture have arrived, but until the kitchen equipment is installed, the shop can not be operated. The men are now working on this problem, and it is hoped that service will be ready in a month or two.

**INFORMAL DANCE**

Saturday Eve

At Rockwood

Don't Forget

Friday—Football game with Oxy at 8 in the Pasadena Rose Bowl. Miss Beef with no dresses worn.

Saturday—First dance of year at Rockwood at 8:30. No admission.

Tuesday—"Y" Cabinet open house—gym club, with Mother's Chemistry Lab open. Gym suit, towel, and plenty of nice cracks.

ROADRUNNERS AGAINST OCCIDENTAL

SANTA BARBARA STATE COLLEGE makes the biggest effort in its athletic history this season when Coach Hal Davis sends a football squad to meet its first Southern Conference opponent in the form of a tough team from Occidental College, the rock of the coast and potential pennant winner this year. We are shipmates in the same boat with U. C. L. A. The Bruin school is the hard-hitting member of the Pacific Coast Conference, and the four schools were sorely defeated in the coast, not in fight and spirit. The Bruins fought these big Trogans and held them for awhile, but fresh reinforcements for U. C. L. C. were able to ride over the tired and punting Bruins for score after score.

The Roadrunners can expect a defeat at the hands of the Oxy Tigers, but only in the score. We have nothing to lose and everything to win, and the Olive and White lads are possessed of something akin to spirit at U. C. L. A., that never surrenders, and we'll be there and get up again and be trampled again. Such a thing as naming our field after the man who failed to secure the property, deliberately placing himself in debt money to purchase the field, Mr. Phelps, in order to hold it for one of the vacancies.

Some of the men are sure to have had some experience on their high school grid, and Gil Gallager feels sure that they'll be above the best of the best.

A NAME FOR OUR ATHLETIC FIELD

OR new athletic field needs a name, some official title that will immediately distinguish it from other fields. No one can be a true Santa Barbaraan, and Gil Gallager's idea of the Olive and White lads shall have a chance to continue where they left off. Any man may apply for one of the vacancies.

A NAME FOR OUR ATHLETIC FIELD

TWO OPPORTUNITIES for two men of the college to develop their business abilities, to meet many influential merchants and to gain practical experience in the business of publishing, presents itself in the offer of Virgil Gil Gallager.

We begin this week with Buddy Rogers in "Close Harmony," because we don't like Buddy Rogers, but even though this is said to be the best characterization of both his and Nancy Carll's work, the name of their opus is "Illusion," a story centering around a young magician and his partner, Buddy taking the part of the magician and Nancy as his assistant. We just wonder if there are others who think we are mentioning more illusions that Rogers found.

"Mighty of cinema strong men, the idol of throughs, and, and we will be the best of the best," says Gil Gallager. The publication is titled by the first two syllables of the paragraph, "The Mighty," sounded similar to "The Thunderbolt." But it is no as good as the latter play, the first will please millions. Millions, more, a word to the wise is sufficient.

"Fast Company"

Remember "Close Harmony."

Remember "The Basket."

Remember "The Wild Party."

Remember the team of Oakie and Gallagher in "For Better or for Worse."

Remember "The Thunderbolt." But if it is no as good as the latter play, the first will please millions. Millions, more, a word to the wise is sufficient.

"Fast Company" isn't what you think, either.

Futuristics

The best bet of these is "The Hollywood Revue of 1929." Anything for the entire week of, well, next week, at the Rose Theater, proving one is, of course, light-minded and likes revues, this is the best bet. For those who can, like us, only afford one show every two weeks, and prefer, not like us, except occasionally, the dramas with its intensity, "Jealousy," starring the two Eagles, at the California will fill the bill, Eagles, with her "white-hot flame of personality," is satisfactory to many.

The Grandas is playing another effort of our clever Philo Vance, ethereal, Wilfred Pfeiffer, in "The Greene Murder Case." For such suspense, anybody would be pleased with having spent their money. The main theme of this play is to prevent the world's worst murder, in order to save a fortune. See it.

Thanks.

Have you been over to see the new home economics building? Even if you are not a home economics major, it might be worth your while to take a tour through. From the standpoint of architecture it is one of the most beautiful buildings in the city. Long corridors, beautiful wrought iron work, and graceful archer make it blend with the other buildings on the campus. As yet the planting of the grounds is unfinished, but one can see by the way the little fountain and long walks will be even more beautiful when the trees and shrubs are planted.

One of the features of the new building is the model home of Miss Clark, and the garage of Miss Gallagher in the second and Oakie in the first. Miss Clark will live there permanently with a group of six girls which changes every six weeks.

Dances in Cafeteria

Although the new building brings to one department all students may share it, for the new cafeteria is located there. The floor of this room is so prepared that small informal dances can be held there. From the windows of the lunch room one has a most wonderful view of the Field, and, the Colonial room is another very distinctive feature of the new structure. This room is to be decorated with colonial furnishings and the huge fireplace and beautiful furnishings lend to the atmosphere of the room. The table is to be used for display and will hold colonial models in dress, spinning wheels and other articles of the period. The laboratories are wonderfully fitted with the latest equipment and afford the students of this department the best opportunities.

The seventy-eight students in the home economics department are indeed fortunate to have such a beautiful building. The success of this department rests entirely with Miss Charlotte Ebbets, who has been director for many years. She was one of the pioneers in the organization of the college and has been the vital force in making the home economics department what it is now. The structure is a splendid one, and credit is due every one who helped to make it possible. D. R.

Huntington Hotel in Pasadena, and return sometime tomorrow.

With Cachet Davis, to whom we are indebted for this article, we will go Anderson, Barrett, Barth, Clemens, Davis, Day, Johnson, Klamer, McKibben, Martin, Pierce, Rawner, Sawyer, Schuyler, Trimble, and White.

Winter and Winters.

THESE AND THOSE

Ah, there, Jupiter, you old buck! Get down off that mountain of Olympus before the alight. And you, there, Neptune, how come you're swimming at this time of the year? Is it because you are reluctant to leave all your little mermaids and water sprites? What, Venus, your type of beauty went out with the last century, and Achilles, you poor hero, how, about a pair of O'Sullivan's rubber boots? Pan, your flute needs tuning, and Diana, where is your hunting licen-

Apollo, you're not so hot. Mercury, you should have roller skates. And all you little ills, and nymphs, I've seen better in Madame Kadrina's Ballet. Volkan, you're a dirty smithy.

"Hi, wench, what sayest thou to a tankard of烟草 ale?"

"Ah, wench, what sayest thou to a tankard of tobacco ale?"

"Avant, wench! Am I a barn maid that you speak to me in this wise?"

"Umbdach me, you vile wretch," she cried.

But the "vile wretch" was a Scottsman.

Tonight, the team meets Occidental under the gas jets of the Honey Bowl. X. R. C. should function perfectly—so many of the boys work better at night.

Yes, I have a little house by the river, now. If you're ever down that way, drop in.

Short Story

Frigidities and Kelvinators are keeping the public's popularity with newly-weds in America.

Little Items From Afar:

In Germany the boxon boys have the mouse trap with lim­

When the world goes wrong as its do to do.

And you've broken Dan Cupid's bow.

Don't go up the ship, Mr. Perry For Sadly, or Sally, or So.

But smile awhile and remember

That the "morrow's another day."

My type of beauty.

And as silently sneak away.

And as silently sneak away.

ROADRUNNERS ARE VICTORIOUS IN SEASON'S OPENER AGAINST SANTA MARIA JUNIOR COLLEGE

Taking the lead in the first few moments of play, football players of Santa Barbara Junior College successfully opened their 1929 season Saturday in Peabody Stadium. When they took an 18-0 victory from the Santa Maria Junior College eleven.

The Saints received the kickoff but were unable to make first down and the Roadrunners received possession of the ball. Thayer (“Armsy”) Kessler, last year’s tackle, who has been converted to fullback for this season, ran back behind the line from the thirty-five yard line and soon dog had stolen into pay dirt. Fred Lues failed to convert.

Santa Maria Flounders

The second touchdown of the day came in the second period when Lues recovered a fumble on the Santa Maria thirty-nine yard line and subsequent play pushed the ball across following a few backs down the field. The third and last marker was scored in the last quarter when Bert Clemore, shifty fullback, took the ball in two plays, from the Santa Barbara forty-yard line across the last mark.

Many Sound Was Tried Throughout Game

Many plays were tried through out the game by both teams but few were completed. Line plunges and off tackle plays gained more ground than any other method.

Improvemènts Made

On Athletic Field

Extensive improvements are being made on the athletic field in Mission Canyon. State appropriations now make possible the enlargement of the field, the installation of a forty-two inch drain to take care of all waters running down from the hills, and the resurfacing of the present field with a six-inch covering of soft spruce loam. The smaller field, which has been used in the past for women’s athletics, is now being torn up and the lopping soil used to cover the larger field.

Within a short time the small field will be completely filled in and brought to the level of the present, “Army” field. The surrounding hillsides will be torn down and the dirt used to fill in. When the field is completed, it will have a level stretch of over two hundred yards.

Kimberly Announces Tests For Swimmers

The test for women’s swimming was announced this week by the manager, Ellen Kimberly. It is as follows:

1. Blow bubbles 15 times.
2. Bring up spoons three times.
3. Jump into the deep end of the pool.
4. Swim side stroke (good form).
5. Swim elementary back stroke.
6. Float and tread water.
7. Swim 100 yards.

CROSS COUNTRY

MEN WILL TRY OUT FOR TEAM

Tryouts for the cross country team will be held today over the nine and one-half mile course, according to Lewis “Tater” Trumble, who is coaching the hare and hound type of sport. Trumble is getting his men in shape for the meet with Redlands University, which will be held on the home course in a few weeks. Redlands was the winner in the Southern Conference last year and boasts a good team this season.

Several regulars from last year’s squad are back in running shape. Chester Tubbs, a middle distance runner, of some ability on last year’s track team, is trotting the route in great style. Bob Ingle, a letterman in the mile last track season, is also stepping the distance in favorable times.

W. Bissell, a transfer from the University of Arizona, who did some cross country running two years ago, is out for the team and showing up well, but is having some trouble with his eligibility.

Jack Eckhardt, who won his letter in the mile event for the last two years in Santa Barbara High School, has reported and is getting into shape. Others out for the team include Lovell Peagert, Charles Van Winkle, Lawrence Pena, Allan Ottley and Harold Polley.
