HEITFELD, BOEDECKER COMMENDED

Louise Roger Pull La Cumbre Out of Trouble

Louise Heitfeld and Roger Boedecker, co-editors of the 1950-51 *La Cumbre*, were given a special vote of recognition for outstanding work in compiling *La Cumbre* despite great difficulty, by members of the Press Control Board at a meeting of the Board last week.

Left in the lurch when last year's co-editors resigned, the yearbook was unplanned and little work had been done. The few pictures which had been taken left with the departing editors. This was the situation which confronted Louise and Roger when they took on their present jobs.

Poor Facilities

Among the numerous problems facing the staff was the lack of adequate facilities for the production of such an undertaking. After various moves, the staff finally wound up in Oak Hall 101.

A scene of chaos reigns in the small office. A variety of humorous pictures and captions adorn the walls and copy paper is strewn everywhere. A lone, but busy, typewriter sits on the desk surrounded by photographs and scraps of paper. This is the atmosphere of diligent work, preparing for the printers the multi-paged book which, when the final deadline has been met, brings a sigh of relief to those who have worked on it.

Big Headache

Another big headache this year has been the lack of a photographer to take campus activity shots. It has only been within the last few weeks that the Student Council has approved the appointment of Chuck Perez as photographer. He has had to do the work of many photographers and his period of time to do the job was considerably shortened.

"We have been greatly helped by the consideration and cooperation which we have had from the Associated Student Body officers, Mr. Warren Schutt, advisor, and many others who have aided our small staff with its work. Next year we planned to handle the production 100 per cent differently and we hope to do a more efficient job," Louise concluded.

IA Project Contest Begins Next Week

Industrial Arts majors will show projects to the public next week in their annual Spring Contest on the second floor of the Mesa Campus main building.

Exclusively by and for IA majors, the demonstration will include projects made in class or at home during the last year.

Divisions represented in the contest will be metal, wood, drafting, electricity, photography, teaching aids, press work, and miscellaneous.

Judging will be done by the best local craftsmen for each division. The works will be graded on workmanship, utility, originality, and design.

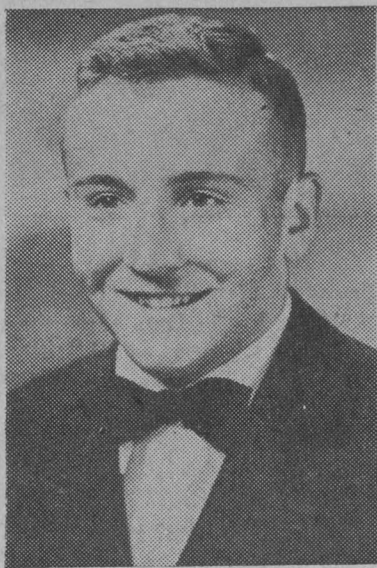

Prizes will be given to the winners by national manufacturers of industrial arts objects. They will be awarded at the Industrial Arts Banquet June 1.

PREXIES AT CONFAB

Frank Goodall and Bob Christofferson left this morning by car for the annual Pacific Student President's Association Convention at Salt Lake City, Utah.

LOUISE HEITFELD, left, and ROGER BOEDECKER, right, co-editors of this year's *La Cumbre*. McAllister Photos

New Council Picks Committee Heads; Some Positions Open

Committee chairmen for the year 1951-52 were appointed at a special meeting of the new legislative council, but applications are still being accepted for Awards, Finance, Artist Series, Student Union, and Roadrunner Revue Committees.

The positions for these posts were not filled because there was only one applicant in each case, and the council wished to give other possible applicants the opportunity to apply. Deadline day for the applications is Friday, June 1.

New committee chairmen are Diana Evasovic Assembly; Marc Wallace, Publicity; Spud Morrow, Rally; Jack Mertz, Social; Beverly Purdum, Activities Control Board; Mary Jane Mistretta, Speech Control Board; Ted Troy and Pat Welsh, Special Events; Adran Adams, Varsity; Pauline Byard, Coordinator of Student Affairs; Don Noble, Freshman Indoctrination; and Bill Cunningham, Co-Curricular Counseling.

All appointments will become official June 1, when the new Legislative Council is installed.

SEVERY RETIRES

Dr. Hazel Severy, professor of chemistry, will retire this June after 37 years of service on the staff of UCSBC.

She has seen the college grow from 150 students and one building, the Quad, to its present size.

Since 1914 she has been on the Student Legislative Council as faculty advisor, and students throughout the past 37 years have looked to her for guidance and advice.

She will be elevated to the rank of professor emeritus, according to a recent announcement from the University of California at Berkeley.

COAST TROPHY
Sigma Phi Epsilon copped the Sweepstakes Trophy in the Barbary Coast booth competition with their Tunnel of Love in the Quad Pool. First place went to the Bella Union Theatre of Alpha Phi.
Kappa Alpha Theta's original Human Slot Machine was awarded second prize, and the Sigma Tau Gamma Burlesque Show won third in the competition.

Norman Lean Chosen For Auto Mechanic In Indianapolis Race

Norman Lean, senior in industrial arts, left Saturday for Indianapolis to work as mechanic in the pits for the Memorial Day Auto Race classic.

He was chosen for the work because of his outstanding ability in experimental auto mechanics. All expenses and a salary will be paid, including work at the preliminary trials as well as the 500-mile speedway race.

Norman, who has won three world records in experimental racing and speedway driving, has been interested in mechanics since he was a high school student.

He was granted leave from his classes because it was believed the Indianapolis work will give him a good opportunity to associate with outstanding men in the field of auto mechanics.

"I want to take movies and still pictures so that I can use them in auto mechanics when I am a high school teacher," Norman stated as his main objective. "That's because it's at Indianapolis the relative effectiveness of auto mechanics experimentation is brought to its final test."

NEW GAUCHO EDITOR, BOB TOMLINSON, PROMISES UNBIASED AND FIRM POLICY

controversial issues, and will include a complete sports section and good social coverage.

Other Features

Listings of movies and downtown events, announcements of meetings, and classified ads for students will be other features of next year's *El Gaucho*, Bob stated.

Bob's home is in Hollister, California, where he attended high school and a semester of junior college. He also spent a year at San Jose State before transferring to Santa Barbara. He has been here at UCSBC for two years.

Worked Up

During this time he has "worked his way up" on the staff of *El Gaucho*. Bob started out in the usual way as a reporter. From that he advanced to the position of News Editor. This past semester he has served as Managing Editor of the paper. For his work on *El Gaucho* Bob has been awarded membership in Alpha Phi Gamma, national journalism honorary.

Bob is a pledge to Delta Sigma Phi fraternity, in which he is president of the pledge class. He will graduate next February with a Political Science major. If Uncle Sam doesn't take him first, he plans to take graduate work in journalism at UCLA.

"Next semester's *El Gaucho* will be as unbiased and firm in its policy as the staff and I can make it," stated Bob Tomlinson, next semester's editor, recently appointed by Press Control Board.

AMS Elect New Officers; Prexy Planks Given

Associated Men Students election of next year's officers will be held Thursday, May 24, on the Men's Gym lawn.

Presidential candidates are Jim Beacom, Mark MacLin, and Bob Laskin.

Jim Beacom

Jim Beacom is athletic chairman of Sigma Pi fraternity and is in advanced ROTC. He has lettered in track. As his platform he presented the following three points:

1. Try to establish better relations with the Buck-a-Month Club.
2. Increase membership in AMS
3. Have a Steak Fry despite the cut in the budget.

Bob Laskin

Bob Laskin, a junior PE major, is also running for president. He was on the football team and was supported by Block C. His platform is: (1) Work for closer coordination of AMS and student council. (2) I would try to promote bigger AMS steak fries and smokers next year.

Mark MacLin

Mark MacLin is a member of Sigma Tau Gamma fraternity. He is an Industrial Arts major and holds membership in the Industrial Arts Club. He gave the following statement:

"I have noticed this year a very distinct lack of spirit among the men students of the college. Being a 'Mesa man,' I feel that I can draw the 'IA boys' into closer contact with the men on the Riviera campus through a program of activities that will be of great interest and benefit to both."

"With our budget cut drastically due to decreased enrollment, we are faced with a serious question: 'Is AMS going to go over or fall flat on its face?' The only answer is for you men to support your AMS organization by buying AMS cards and showing your interest in the events planned for you in the future."

Don Rice is the only candidate for vice-president. He is pledging Kappa Sigma fraternity. An Industrial Arts major, he holds membership in Epsilon Pi Tau, IA honorary.

Another sole candidate is Jo Ferguson, who is running for secretary. A Sigma Tau Gamma, he is sports editor of *El Gaucho* and a member of Alpha Phi Gamma and Blue Key honoraries. He is majoring in Elementary Education.

Candidates for treasurer are John Juday and Frank Thorn.

Continued on page four

BLOCK C PLEDGES 27 PINTS BLOOD; INCREASE TO 40 PREDICTED BY PREXY

Block C, honorary lettermen's club, today turned in a pledge list of 27 members who will give a pint of their blood to the Santa Barbara College-Red Cross Blood Donor drive to be held at the Men's Gym Thursday and Friday.

Block C's list put them far ahead of any campus or off-campus organization, and its president, Don Casida predicted its total would increase to at least forty by Thursday.

Keep Sending Blood

"Send blood just as fast as it is ready for shipment — and keep sending it!"

These are the terse instructions being sent out to all Regional Red Cross Blood Services from Korea via Office of Defense in Washington, D.C.

This Thursday and Friday, Santa Barbara College students, faculty and administrative personnel will get their chance to answer this message in the way that counts.—by giving a pint of their blood at the Donor Center set up in the Men's Gym.

"The emergency orders for Red Cross blood—which may continue for some time—indicate either that the present probing attacks reported in recent military communiques are taking a heavy toll in American casualties or that an all-out Chinese offensive is imminent," William T. Sesnon, Jr., chairman of the Red Cross blood program in Southern California, said recently.

In any event, so desperate is the need for blood that the military has ordered Red Cross "to ship every day, regardless of the size of the shipment."

PRESS CONTROL GIVES EDITORIAL POSTS TO FOUR

Heading next year's slate of publications editors will be Bob Tomlinson, *El Gaucho*; Louise Heitfeld and Judy Cook, *La Cumbre*; and Gloria Jaral, Student Directory, according to Judy Cook, Press Control Board chairman.

The appointments were made by the Press Control Board last Wednesday and will be approved by the Student Council this week.

Bob Tomlinson has had two years' experience on *El Gaucho* as reporter, News Editor, and Managing Editor. Besides this he worked on high school and junior college publications. He is a political science major.

La Cumbre co-editor Louise Heitfeld, an English major, has served as Co-editor this semester. Previously she was photography manager for *La Cumbre* and editorial assistant on *El Gaucho*. Judy Cook, majoring in economics, has been *El Gaucho* editor, News Editor and reporter. In high school she served as assistant editor of the annual.

Gloria Jaral, next year's directory head, has served as *El Gaucho* reporter and assistant on this year's handbook. She is a history major.

MASSON TO DISCUSS RUSSIAN PROBLEM

"Some Considerations of the Russian Problem" will be the topic of the All-College lecture to be given by Dr. Edmond E. Masson, who spent the early part of his life in Russia, Wednesday.

This Spring Dr. Masson, who was born in Russia of French parentage, introduced the first course in Russian language ever to be offered at Santa Barbara College.

Dr. Masson will discuss in his talk the state of fear throughout the world which has been fostered by Russia, comparing it with the past.

The lecture will be at 4 pm, and will be the last free public lecture of the All-College series sponsored by the University Extension and the Committee on Drama, Lectures and Music. It will be presented in Pine Hall 100.

Pete Burgher, chairman of the drive, emphasized the necessity of signing up in advance for the drive.

"We have to know how many to expect and the day and hour each person will contribute," he said. "We want to know how many technicians will be needed and how large our facilities should be."

Sign-up sheets have been distributed to all sorority and fraternity houses and have also been placed at the Graduate Manager's Office, the Cafeteria, the Bookstore, the Registrar's Office and other campus locations. All this week the Spurs will staff a signup table in front of the Men's Gym.

Instructions

Instructions to those who wish to give are simple. (1) Don't eat any heavy or greasy foods for four hours before you contribute. (2) If under 21 years of age, have some sort of written permission from parent or guardian with you.

Not Painful

Red Cross technicians repeated their assurance that contributing blood is not painful, that there are no after effects and that almost anyone can give. The Blood Center will be staffed by a special Bloodmobile Unit and all blood will be shipped directly to United Nations forces now battling in Korea.

Hours the mobile unit will be open are:

Thursday: 9 am to noon
Friday: 10 am to 4 pm

Gauchos will have their chance this week to show their care. Thirty minutes and a pint of blood can mean the difference between life and death for a man in Korea.

BASEBALLERS' BENEFIT DANCE THIS SATURDAY

The Junior Class will present "The Baseball Players' Benefit Dance" at the Goleta campus theater at 8:30, Saturday, May 26.

Proceeds from the event will be spent by the Associated Student Body for the medical bill for baseball players injured in a recent accident.

Door prizes, furnished by the All-American Sports Shop, Otts Hardware, and other downtown merchants, will be awarded. Also, refreshments will be served.

Dress is strictly informal—cotton and cords. The music will be by the best orchestras in the country, both popular and square dance.

Panhellenic Council will handle the decorations. Tickets are now on sale at 50 cents per person.

Color Day Climax To End WSSF Drive

The World Student Service Fund drive, which began Monday, will end tomorrow with Color Day as its climax. Blue and gold ribbons will be sold around the campus with proceeds going to the fund.

Purpose of the WSSF drive is to raise money for European and Asian educational institutions. Some of the services provided by the money donated to WSSF are: rebuilding universities, helping students who would otherwise be unable to attend college, giving medical aid to students.

Nancy Barker, chairman of the drive, expressed her opinion on the significance of WSSF in the present world conflict. She said that the only way to stop the spread of Communism is by educating the present and next generation into the ways of freedom.

Contributions to WSSF can be made by buying ribbons or by tossing coins at the target in the Quad pool. Ribbon sales are being handled by the various sororities. They will sell the ribbons for 10 cents or a larger contribution.

World Student Service Fund is a world-wide organization. It is especially powerful in the United States and is divided into regions, Santa Barbara College being a part of the Pacific Southwest Region.

Editorial

AFTER THE COAST WAS OVER . . .

" . . . and a good time was had by all." That statement is now an accepted fact about the Santa Barbary Coast Carnival we put on this weekend on the hilltop. From the happy expressions on the faces of students and townspeople attending we can be sure that they all enjoyed themselves immensely and contributed to good causes while doing so. All of us know that the amazing success of the Carnival can be attributed in large part to the cooperation and hard work of the individuals who participated, both those who entertained and those who attended.

We know, too, that all the satisfied patrons from the city and from out of town will carry back free publicity for Santa Barbara College. With the imminent drop in future enrollment ever present, an all-school project such as Barbary Coast does its part in carrying the name of our school to possible future classmates and may by that virtue help attract more students.

World Student Service Fund and Memorial Student Union Fund each received 15 per cent of the proceeds from the Coast, something which will boost their treasuries immensely. This means that we have in an indirect way succeeded in soliciting needed funds from outsiders. This takes away from our individual student burden in donating to these causes and makes it possible for us to support additional things.

Barbary Coast comes only once a year, but when it does we all have fun by helping ourselves and each other at the same time. And when it's all over we can hardly wait for the next one . . .

OVER WHERE

Jere Barlow, with the 40th, is now stationed with the occupation troops about 150 miles north of Yokohama.

Shortly after his division arrived in Japan, Jere was one of the men interviewed over Radio Station KFI in Yokohama. During the interview he told of the very choppy ocean trip over to Japan and sent his regards to all his friends at home.

Jere writes that prices have gone way up on account of GI buying.

German Radio Station Started by Crusade

A success story for the students and faculty of this country's colleges who worked last Fall for the Crusade of Freedom can now be written, for a new radio station, by Radio Free Europe, was opened in Germany as a direct result of the Crusade.

After Gen. Lucius D. Clay issued his special message last Fall, 16 million Americans joined in the Crusade.

The station will broadcast exclusively to Czechoslovakia, as this country now is a particularly vulnerable spot in the Communist sphere.

Food conditions are also pretty bum. He and some of his friends went into Yagamata, a town near the size of Goleta about 20 miles from the base, and while there stopped in at a small restaurant for a beefsteak. The beefsteak, like the town, smelled rotten. He said it was the worst steak he has ever had. The men have now started carrying lunches to town with them.

Language difficulties over there have caused some pretty funny situations. Jere and buddies wanted to go to one of the Japanese homes where they could meet the family and learn a little bit about customs and such there. It just so happened that these type homes have the same name as certain houses of ill repute.

After much bickering with a Japanese boy they finally got the point over to him, and he took them to one of the homes where they were entertained by the family. The family got a tremendous kick out of Jere singing "Popeye the Sailor Man" and "You are My Sunshine."

Some of the other former Gauchos in Japan with Jere are Stan Green and Joe Bailey.

by Georgia Baciu

HILL-TOPPER

Bill Kindel

Bill Kindel, one of the true "cave men" . . . that's because he hails from Carlsbad, New Mexico . . . he lives up to his reputation, almost . . . popular around campus, he works for worthy causes . . . his major in econ is on the practical side . . . five feet eleven inches of blue-eyed mischievousness . . .

Activities: Delta Tau Delta . . . IFC representative . . . Senior Class president-elect . . . all Road-runner Revues . . . emceed a Gaucho Roundup . . . publicized Greek Week . . . Was instrumental in instituting non-teacher job placement on campus . . .

Special Likes: Flying Piper Cubs . . . steak and fries . . . pledge ditches . . . (That includes beer and nice people) . . .

Dislikes: Studying . . . (he is too busy for such a triviality) . . . green (stale) beer . . . martinis . . . sophisticated women . . .

Be nice if: We had a good placement office for non-teachers . . . he wouldn't have to answer Uncle Sammy's call when he graduates . . . Don Noble would quit loafing when they hash at the Chi O house

Ambition Department: To "hang loose" . . . to make that dreamed-of million . . . to travel to far-flung places . . .

Practical Ambitions: To graduate someday . . . to get a job from the placement bureau he has just set up . . .

PHRATERES TO HONOR GRADUATING SENIORS AT PARTY SATURDAY

Phrateres will hold a beach party Saturday honoring graduating seniors who have been active in the organization and women interested in joining.

Held at East Beach near the swings, the party will begin at 11 am and will feature food, fun and entertainment.

Mary Nizetich is in charge of food; Ruthe Manning, clean-up; Catharin Stuart and Virginia McQuown, entertainment; and Harriet Polt, Virginia McQuown, Shirley Chard and Barbara Barnett, invitations.

Girls interested in attending should contact Virginia McQuown or sign up in the Dean of Women's Office, according to Margaret McIlraith, president.

CALENDAR

Tuesday, May 22
 Beta Beta Beta meeting, AWS Room, 7:30-9:00
 Chi Alpha Delta tea, 4:00-5:30
 Men's Glee Club Concert, Riviera Aud., 7:00-10:00

Wednesday, May 23
 I.A. Club meeting, 2:00-3:00
 Phi Alpha Theta meeting, AWS Room, 7:00-9:00
 Epsilon Xi Epsilon meeting, Mesa 229

Thursday, May 24
 Pi Beta Phi
 Kappa Omicron Phi meeting, Ebbets Hall 105, 7:00-9:00

 Phys. Sciences Dept. Beach Party, Goleta Beach, 4:00

EL GAUCHO
 Published every Tuesday and Friday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara College, Santa Barbara, Calif. Opinions expressed herein are those of the staff unless otherwise indicated.
 Entered as second-class matter May 23, 1947, at the post office at Santa Barbara, Calif., under the Act of March 3, 1879. Mailing charge is \$2.00 per year, payable in advance.

Federal Inspection Tomorrow for ROTC

Army representatives will visit the College tomorrow and Thursday for the purpose of making the annual inspection of the ROTC unit.

The inspection party of three Army officers is headed by Col. James M. Churchill, who is also head of the UCLA ROTC unit.

The visiting officers will confer with college officials and check all phases of the Military Science Department's work. They will visit classrooms, observe instruction, and quiz students to ascertain the effectiveness of instruction.

At 8 am Thursday, the ROTC Cadet Battalion will demonstrate its drill prowess at a parade on the baseball field of the Mesa Campus. College faculty, students and others interested may see their ROTC corps in action at that time.

The college achieved a high rating during last year's inspection. The cadets have been working hard to maintain their standards this year and expect to keep the Santa Barbara College ROTC unit high on the Army's rating list.

Triulzi Hurdles to Fame in Two Weekend Relays

Gaucho Track Star Battles Olympic Champ

Santa Barbara's own Alberto Triulzi, lithe-limbed ace of the high hurdles, has started his bid for national fame as he pushed Dick Attlesy to a record-breaking time of 13.6 in both the Coliseum Relays and in the Modesto Relays.

In the Coliseum fracas, Alberto battled the LAAC man down to and over the final barrier but was nipped in the final dash to the tape by the flying Olympian, who holds the world's record at 13.5. Alberto's effort meant that he negotiated the 120-yard obstacle course in or around 13.9, which represents the best collegiate time in the nation.

Eastern

The Coliseum Relays were dominated by Eastern athletes for the most part with outstanding men making every event a record breaking possibility.

On Saturday of the track weekend, at the Modesto Relays, Attlesy duplicated his 13.6 effort, as a blanket finish saw Alberto take third to Attlesy and Craig Dixon. Dixon's Modesto Relays' record of 13.9, set in 1949, was broken by Attlesy in his heat in the preliminaries with a shading 13.8.

Finals

In the finals, Attlesy had to overtake Dixon, who is also of LAAC, in order to take the event. Darrel Kreitz of Stanford placed fourth behind Alberto's third.

The University of Southern California scored 36 1/3 points to win the team championship of the tenth running of the California Relays at Modesto, edging a surprising Bruin aggregation from UCLA who posted a nearly-good-enough 36 point effort themselves.

Javelin

Bill Miller, crack javelin thrower from Arizona State at Tempe, set a new American collegiate record for the event as he tossed the spear 237' 10", but finished second in the event.

The javelin throw was won by Cy Young, former UCLA representing the Los Angeles Athletic Club, with a toss of 241' 11". His toss was the second longest ever recorded in America.

ARROWS FLY TODAY IN ARCHERY 'MURAL

Arrows will be flying today as the last major archery tournament gets underway this afternoon.

Shooting will begin at 3 pm and will continue until approximately 6 pm. As mentioned in the rules, one practice round will be allowed each participant before the actual shooting competition.

All competitors should read the rules and regulations before the tournament begins. All are expected to be on the field ready to go on their designated hour, and should check with their respective field captain or Miss Van Fossen for that hour.

DELTS DOWN SIG TAUS IN SOFTBALL

Meeting in the championship finals, Sigma Tau Gamma and Delta Tau Delta fraternities clashed with the nod going to an all-around Delt nine, 6-3.

Both the Delts and the Sig Taus had defeated the Sig Eps in previous games of the playoffs. The Sig Eps had held the lead until the Sig Taus knocked them over 7-2 to throw the league into a three-way final tie for first.

Last Week

In last week's games the Delts took them 8-4 Wednesday, and the Sig Taus knocked them out in a pitcher's battle between Sig Tau Gordon Azevedo and Fred "The Finger" Goerner. The final score was 1-0, with the winning Sig Tau run coming in the top of the sixth when Bob Koenig homered deep into right field and crawled about the bases to score.

In the big game, Gordon showed the effects of his strenuous pitching duties of the day before and could not keep down the ball-wise Delts who used their bunting ability to best advantage to assume a six-run lead before the Sig Taus found their batting eye to close the gap.

Creditable Pitching

Bill Meyers pitched a creditable game, but tremendous fielding behind him was the big factor in the victory. Bill MacGeorge snared a line drive off Fred Christ's bat to double Bob Sheppard off first in the only twin killing of the day.

However, the finest bit of teamwork in the playoffs came when a Sig Ep batsman sent a hopper to Christ at short, who flipped it to Sheppard covering second, who in turn burned it to Minor Rootes on first to mortify two men on the bases.

Again, as in the past, Joe Phillips, intramural senior manager, wishes to express his appreciation to the players who participated in the tournament and to the intramural managers who contributed so much to the success of it.

Campus Interviews on Cigarette Tests

Number 21...
THE PELICAN

OUR easy-going, big-billed friend has learned to say "No"

to these hurry-up, one-puff, one-sniff cigarette tests! "Why", says he,

"they don't even give you time to finish the cigarette before you're supposed

to decide which is mildest!" Millions of smokers have come to the same conclusion

—there's just one real way to test the flavor and mildness of a cigarette!

It's the sensible test... the 30-Day Camel Mildness Test,

which simply asks you to try Camels as a steady smoke—

on a pack-after-pack, day-after-day basis. No snap judgments

needed! After you've enjoyed Camels—and only

Camels—for 30 days in your "T-Zone"

(T for Throat, T for Taste), we believe you'll know why...

More People Smoke Camels
than any other cigarette!

ALBERTO TRIULZI, UCSBC high hurdles champ, is shown above practicing for the Coliseum Relays and Modesto Relays, held last weekend. Bucking stiff competition, he was able to place third.

Everybody Invited To Get in the Swim

Everybody, male or female, fish or flounder, is invited to get in the swim in the semi-annual Dave Russell Swim Meet, an intramural event again being held this year at Los Banos Plunge on Cabrillo Boulevard this Thursday, May 24.

There will be awards for the winning teams and for individual standouts.

There will be events for both men and women, which allows for the entrance of both independents and organizations singly and for team standings.

Students are advised not to refrain from competition because of a lack of conditioning, for the pool has not been open to the public for anyone to get in condition, and competition will be strictly among your peers.

Last year's winners in the team division were the Sigma Phi Epsilon fraternity, men's division, and the "Seals," or GDI, in the women's division. Jack Jardine and Linnea Soske were the individuals honored with the Dave Russell Memorial award.

ORGANIZATIONS HAD FUN, TROUBLES IN BUILDING COAST CARNIVAL BOOTHS

by Bobbie Slate

Beards, levis, T-shirts, bridge games, crepe paper, palm leaves, paint and lots of sweat marked the progress of the Barbary Coast Friday afternoon. All construction gangs worked feverishly (well, participated), to meet the Friday night deadline for the two-night festivities.

An old backroom piano was heard down Finnegan's Alley as Bella Union rehearsed the chorus girls of Alpha Phi. Mermaids painted on Chi Omega Angle Inn caused much comment from passersby, as the afternoon sun hit the voluptuous figures.

Frisco Harbor

Frisco Harbor Scene of Sigma Phi Epsilon proved more and more realistic as the quad pool was filled. Observed were Ed Folque, Don Estes, and Jim Subject with knee-high levis soaking their tired dogs.

Troubles mounted for the Sig Pi's wrestlers. Gentleman Jim was suddenly whisked off to the infirmary with the flu, but the day was saved as Weak Eyes Yokum (Frank Dominguez to you) graciously consented to wrestle the champ Don Fredrickson. More confusion when fighter Bill Brown met up face to face with a snake, with Bill on the losing end.

Saloon

Very impressive was the saloon booth of the Beta Sigma Taus. Serving cokes, 7-Up, and honest-to-goodness real live sassafrilla. Hoping the landlady doesn't miss her fireproof drapes, which will decorate the bar, a roulette table has been arranged with 35 to 1 winning chances.

GLEE CLUB SINGS HOME CONCERT

The Santa Barbara College Men's Glee Club, directed by Dr. Walter Buchanan, will sing its only home concert tonight at 7 pm in the Santa Barbara Junior High Auditorium.

The program opens with three 16th century antiphons, "O bone, Jesu," by Palestrina, "Ave Maria," by Arcadelt, and the "Echo Song," by di Lasso. On the serious side also are two songs by Sibelius, "The Broken Melody" and "On Great Home Hills."

A group of folk songs of the British Isles include "The Next Market Day, John Peel," and "The Piper O'Dundee." The unusual modal nature of two of these melodies has been carefully preserved in the arrangements.

Native American melodies are presented in arrangements by men who read like a "Who's Who" in choral music, including Bartholomew of the Yale Glee Club, Don Malin, president of C. C. Birchard, and Robert MacGimsey, well known for his version of "Shadrack." The American melodies include such favorites as "Old Paint," "Sour Wood Mountain," "Sweet Little Jesus Boy," "Nobody Knows the Trouble I've Seen," and "Water Boy."

The girl's trio (Sonia Carrillo, Claire Maher, Dorothy Sherwin) will offer a 16th century canon, and then a modern syncopated version of the ancient form. A beautiful Spanish folk song, arranged by Don Wilson, theory student, is also in their repertoire.

The Four Sharps, the Glee Club quartet, will present such favorites as "Without a Song" and "That's for Me." In costume they will appear as "The Four Gobs from Lilliput," singing and dancing "What Shall We Do with the Drunken Sailor?" Quartet members are Walter Ratcliff, Vince di Fiore, Dave Swain and Bruce Stewart.

Swearing I saw the "blue-nosed reindeer," I discovered that underneath all the blue paint smeared on her face was Jean Howson, applying her artistic talent to the Sigma Kappa booth of Garter Gaiety. Pi Beta Phi's Side Show held many in great suspense to see the 8-legged Siamese twins, the fat lady and the lady of snakes.

Spirit of Mexico

The spirit of Mexico invaded the campus as Alpha Delta Pi opened the booth of El Toro. Mexican hats, baskets, and multi-colored gourds hung on the walls as the bull revolved around to miss the aims of the dart throwers.

The townspeople of Santa Barbara are apt to find their palm trees looking a bit bare today as Phrateres captured the spirit of Hawaii and covered the sides of their souvenir booth with palm foliage.

Lab Cakes

With another quick glance, and a few questions, it was discovered that the Home Ec Club were making their cakes in a lab (difficult enough to do over a Bunsen burner) for the delicious cake sale they sponsored. Have you tried Betty Crocker's mix, gals?

Low whistles and quite a few wolf howls poured out of the burlesque booth of Sigma Tau Gamma. With nine feminine lovelies exhibiting their talents in the hula, top hat tap, and the Can-Can Chorus, who wouldn't express their appreciations?

I didn't have time to comment on the construction of all the booths, but I'm sure the ones I haven't mentioned were equally as interesting.

SELECTIVE SERVICE QUALIFICATION TEST DEADLINE FRIDAY

The deadline for receipt of Selective Service College Qualification Test applications has been extended to May 25 by Selective Service, Educational Testing Service announced today.

All applications must be in the hands of Educational Testing Service by May 25, 1951. This applies to the July 12 date for those students whose religious beliefs prevent their taking the test on a Saturday, as well as to the June 16 and June 30 testings. Applications are no longer being processed for the May 26 administration and no further tickets can be issued for that date.

Students who wish to take the test must secure, complete, and mail applications at once. The applications are obtainable at the local draft board.

PATRICK WELLS RECEIVES Ph.D. IN PHYSIOLOGY

by Jo Ferguson

Local boy makes good in a big way, as Patrick Wells, graduate 1948, received his PhD in physiology at the age of 24 from Stanford University, to become one of the youngest of modern time graduates to be so honored.

Pat is the son of the well-known biology professor, "Pop" Wells, who has taught at UCSBC for some time. He was raised here in Santa Barbara where he attended high school as an outstanding student and tennis player.

At the college, he followed his father's chosen field by majoring in biology and accumulating an over-all grade point average of 2.51. His extracurricular activities included Beta Beta Beta, National Biological Science honorary, and Sigma Tau Gamma Fraternity. He pledged Sig Tau in 1946 and held office in the fraternity, where he was noted for his musical talents on both the guitar and piano. He also worked in dance bands while in college.

Pat is the second son of a college professor on this campus to receive his PhD, and already has the position of assistant professor in physiology at the University of Missouri. However, all liberal arts students will remember him as being the sunburned kid showing his catch in the frontpiece of Harrington G. Wells' book, *Fish and Fishing*, now a popular textbook.

Beachcomber Ball To Feature Dixieland

The 27th annual Beachcomber's Ball, sponsored by Kappa Sigma fraternity, will be held on May 29 at the Veterans Memorial Building on West Cabrillo Boulevard, reminds Frank Smith, chairman for the dance.

The affair will feature the music of Earl Forcier and his Dixieland band. This band was organized in the famed "Monkey Basement" of the south. Forcier has played with Cab Calloway and with Sam Morgan's original Dixieland band. He comes from New Orleans, where he has an excellent reputation in jive circles.

The dance will be held from 9 pm to 1 am, and the price will be 75 cents per person. Costume will be beach attire, excluding bathing suits and shorts.

Willis New President Of Kappa Delta Pi

Charles Willis is the newly-elected president of Kappa Delta Pi, honor society in education.

The group met May 16 at the home of Laura Reeder and elected officers for the coming year with installation ceremonies planned for the evening of May 29 at a semi-formal banquet.

Other officers are Nancy Rasmussen, vice-president; Beverly Doty, treasurer; Sue Andres, recording secretary; Grant Runyan, corresponding secretary, and Martha Bacon, historian.

Garden is Setting For Chi Omega's Carnation Ring Tea

Setting for Chi Omega's annual Carnation Ring Tea to be held Sunday, May 27, from 2 to 5, will be Dr. Susanne Parson's large garden at 2206 Mission Ridge Road.

As they step through the large ring garnished with white carnations, recently engaged girls and girls engaged and married within the past year from the eight Greek sororities will be presented.

Following the presentation refreshments will be served by the Chi Omega Mothers' Club to members of all the sororities, who are invited to attend.

Committees and committee members for the event are: flowers, Barbara Topham; music, Teddy Tye; announcers, Marlene Boone, Evelyn Willets; wedding dresses, Lucille Hewitt; publicity, Marcia Chandler; cleanup, Cathy Cox, Gloria Jaral, Eileen Carlson, Marcia Chandler, Melisse Straszer, Ronnie Lechlieter and Evelyn Willets.

She: "I wonder if Frank loves me."

Her: "Of course he does, dear. Why should he make you an exception?"

AMS Election . . .

Continued from page one
burgh, Juday is a member of Sigma Phi Epsilon and lettered in football. Thornburgh was treasurer of Delta Sigma Phi fraternity and also treasurer of Squires.

The higher I get in the evening, the lower I feel in the morning.

Be Happy Go Lucky!

UPPER CLASSMEN ONLY

An "Upper Classmen Only" sign — It doesn't seem quite fair — 'Cause if you're smoking Lucky Strikes, You fit in anywhere.

Donald C. Jolliffe
University of Denver

LUCKIES TASTE BETTER THAN ANY OTHER CIGARETTE!

Fine tobacco—and only fine tobacco—can give you a better-tasting cigarette. And L.S./M.F.T.—Lucky Strike means fine tobacco. So, for the best-tasting cigarette you ever smoked, Be Happy—Go Lucky! How about startin' with a carton—today?

L.S./M.F.T.—Lucky Strike Means Fine Tobacco

When marks are low and tempers blow,
And days are grey and mucky,
Cheer up, my friend, 'tis not the end—
Relax! Light up a Lucky!

John K. M. Hayes
Princeton University

It really seems an awful chore
To get my homework done.
But with a Lucky Strike in hand
It almost seems like fun.
