

BASKETBALL, MARDI GRAS FRIDAY

UNIVERSITY OF CALIFORNIA

El Gaucho

SANTA BARBARA COLLEGE

Vol. XXXII SANTA BARBARA, CALIFORNIA, WEDNESDAY, JANUARY 14, 1953 No. 13

Kappa Sigs' Proclamation: 'Come to the Mardi Gras'

Carrillo Auditorium will be the setting for "Mardi Gras," Kappa Sigma fraternity's annual costume ball. This dance will be on Friday, Jan. 16, following the basketball game between the Gauchos and Westmont College. True New Orleans atmosphere will reign, with the Mardi Gras theme carried out in the decorations and the refreshments served on tables lining the walls. There will be a door prize for the most imaginative costume, and costumes may be worn to the game preceding the party. However, it is not necessary to be in costume to attend the dance. The "Mardi Gras" will last from 10 p.m. until 1 a.m. and lockout hours for girls have been extended to 2 p.m.

This event has been an annual function at Santa Barbara College since 1936, according to Kappa

LOCKOUT

Lockout time this Friday night has been extended to 2:00 a.m. by the Dean of Women's office.

Sig Ray Muhlethaler, who says: "Have one last fling before finals, think up a crazy costume and, as the song says, 'Come to the Mardi Gras.'"

Music will be provided by the Hollywood HiNoters.

Chairmen for the "Mardi Gras" are Pat Huglin and Ed Schertz. Tickets may be purchased from the Graduate Manager's office or from any Kappa Sigma member for \$1.25.

Legislative Council Vacancies Revealed

Two vacancies on the legislative council will be open at the beginning of the spring semester, according to Pauline Byard, Associated Students vice president.

Students who are interested in student government and desire to serve the student body in this capacity are asked to check the edition of *El Gaucho* which will come out during the spring semester registration week. Official announcement of vacancies, together with other pertinent information, will be made at that time.

Award Applications Are Due on March 1

The Committee on Honors and Scholarships wishes to remind every student interested in a Santa Barbara College scholarship award for 1953-54 that he or she must apply no later than March 1, 1953. Letters of recommendation must be filed by that date also.

Candidates will be selected on the basis of excellence in scholarship (generally a B or higher average), financial need, promise and character. Information on eligibility will be in the offices of Dean Reynolds, Dr. C. H. Muller or Dean Helen E. Sweet.

The Committee is happy to announce that more monies have become available for use for scholarships for 1953-54 than in the past.

Spring Show Dates Set by SB Office

News was forthcoming this week from the student body office revealing initial plans for two of the biggest all-school functions of the spring semester. The dates for the Roadrunner Revue are March 19, 20 and 21. The Barbary Coast Carnival has been set for April 10 and 11.

Chairmen are needed for both events. Applications are now being taken and screened, and anyone interested in participating in the production of these events should contact Bldg. D.

'La Cumbre' on Sale For Feb. Graduates; Deadline Is Jan. 31

La Cumbre is now on sale to all February graduates and the special purchasing period will continue for them until Jan. 31, according to Sue Bullis, editor. The purchasing period for June graduates will follow shortly afterwards, but actual dates have not yet been set. These periods will be followed by open sales for all students.

Today is the deadline for organizational copy. Those organizations whose copy is not in today will not be included in the 1951-'52 *La Cumbre*.

Several organizations will not be represented in this year's book as a result of failure to sign contracts with *La Cumbre*. Sue Bullis announces this to insure organizations will meet deadlines.

The deadline for individual portraits has been extended to Feb. 15. Appointments should be made at Zane's Studio immediately to insure having the portraits finished on time.

Regulations Issued Concerning Grade E

Since incomplete grades at the close of a semester are permitted in only approved cases, students should familiarize themselves with regulations as found on Page 30 of the catalog. Grade E (incomplete) may be given when a student's work is interrupted during the last three weeks of the semester (including final examination weeks) by circumstances beyond his control. Grade E will become Grade F if not removed within six weeks after the student's return to the college, summer sessions excepted.

The student deserving an incomplete must obtain a formal permit through the Dean of Men or Dean of Women. When properly processed, this permit will authorize the instructor of the course to give Grade E at the end of the semester, and, upon payment of a fee (catalog, Page 30), in due time to administer a special examination or accept other evidences of achievement necessary to remove the Grade E.

Chesterfields Contest Number in *El Gaucho*

Due to an oversight, the student body card number for the Chesterfield contest was omitted from the last issue of *El Gaucho*. However, there is a number in this week. It is hidden somewhere among the ads.

The holder of the card with this number may receive his or her carton of Chesterfields by leaving name and phone number in the *El Gaucho* office.

SCHEDULE OF FINAL EXAMS

	*8:00 - 11:00	*1:00 - 4:00
January 19, Monday	MWF 12 M Classes	TTh 10 a.m. Classes
January 20, Tuesday	MWF 1 p.m. Classes	TTh 11 a.m. Classes
January 21, Wednesday	Open	
January 22, Thursday	MWF 2 p.m. Classes	TTh 12 M Classes
January 23, Friday	MWF 3 p.m. Classes	TTh 1 p.m. Classes
January 24, Saturday	MWF 8 a.m. Classes	TTh 2 p.m. Classes
January 26, Monday	MWF 9 a.m. Classes	TTh 3 p.m. Classes
January 27, Tuesday	MWF 10 a.m. Classes	TTh 8 a.m. Classes
January 28, Wednesday	MWF 11 a.m. Classes	TTh 9 a.m. Classes
January 29, Thursday	MWF 4 p.m. Classes	TTh 4 p.m. Classes

*Classes of two or fewer units offered on MWF will have examinations from 8:00 - 10:00 a.m. TTh classes of two or fewer units will have examinations from 1:00 - 3:00 p.m.

Classes in English 1A, 1B, and Subject A will be examined on the open day, Wednesday, January 21, 8:00 - 11:00 a.m. Military Science examinations will be held 1:00 - 4:00 p.m. of the same day. Evening classes are examined at a time arranged by instructors with their classes in accordance with instructions from the Registrar.

Students are required to meet with their classes according to the above schedule. Exceptions will be permitted in only rare and necessary cases, and then only upon the basis of an approved petition.

BOB MURRAY (28), Santa Barbara College guard, scrambles for the ball ahead of Pepperdine's Bob Karbach during Friday night's CCAA action at the National Guard Armory. Lee Powers is at far left. The Gauchos meet Westmont this Friday and Cal Poly Saturday.

Delta Sigma Phi Placed on Social Probation; IFC Levies \$100 Fine

Social probation and a fine of \$100 was levied against Delta Sigma Phi fraternity by the Inter-Fraternity Council Judicial Committee at its last meeting for violation of University Regulation No. 7 which forbids liquor in university housing.

Delta Sigma Phi violated university regulations through the serving of alcoholic beverages at a party held at the fraternity house prior to the fraternity's winter formal.

Action was taken by the Inter-Fraternity Council Judicial Committee following several complaints. The Judicial Committee, composed of fraternity presidents, was called into session Wednesday, Dec. 17, to review the case. At that time a penalty of two months' social probation with a fine of \$100 was invoked, with \$50 to be removed if the probationary period is successfully passed and there are no further violations during the spring semester.

The case came before the Faculty Committee on Student Disci-

'Hit and Run' Tryouts To Be Held Tonight

Tryouts for the fourth annual production of "Hit and Run," under the direction of Dr. Theodore Hatlen of the speech department, will be held tonight at 7 p.m. in Oak Hall 7.

The production, which will run Feb. 19, 20 and 21 in the Riviera Auditorium, will be a memorial benefit for Tom Keen, a former student in UCSBC who was active in dramatics. Tom Keen was killed in an air crash in Alaska several months ago.

"Any sorts of skits, sketches or dances are welcomed at the tryouts, with any number of people in each," stated Dr. Hatlen.

pline on Friday, Dec. 19. The committee deplored the violation as "prejudicial to the best interests of the university and the fraternity system on this campus." It was pointed out that even though the Judicial Committee's penalty was acceptable to the Committee on Student Discipline, it was only because of the good record which Delta Sigma Phi has held.

Two months' social probation extends until March 1, 1953, and will prevent Delta Sigma Phi from engaging in any organized fraternity functions. It further prohibits participation as a fraternity in any social activities or intramurals until after the probation period. Weekly meetings and rushing will not be affected.

University of California regulations prohibit the use of or the serving of any alcoholic beverage on the campuses or in the student housing of the university.

Registrar Issues Counseling Advice

Information about the spring semester Schedule of Classes and pre-registration counseling has been received from the Registrar's office. It is as follows:

The spring semester Schedule of Classes and Directory was due to arrive from University Press in time to go on sale at the Bookstore Monday. The price will be five cents.

Jan. 14-28 has been set aside as a pre-registration counseling period. Students should plan their spring semester programs with their departmental counselors during this time in order to provide more leisure for advisement than is possible during the rush of registration week. A complete list of counselors is found on pages 10-12 of the new Schedule of Classes.

Faculty counselors may obtain counseling cards from their departmental offices.

Dean Will Honor Senior Students

Senior students will be honored at the second Dean's Coffee Hour tomorrow in the AWS Room from 3 to 4 p.m.

Miss Velma Morrell and Dr. Ernest Bickerdike will speak on job placement for graduates. Gordon Hardy, senior class president, is in charge of invitations.

The Coffee Hour is the second in a series which is held to honor various groups of students on campus.

GAUCHOS RENEW WESTMONT RIVALRY FRIDAY NIGHT

Friday at the National Guard Armory, Coach Willie Wilton's Guacho cage squad meets the Westmont College Warriors in a renewal of their bitter cross town rivalry.

The Gauchos, downed by Pepperdine 60-50 and by San Diego State 54-42 in two 2C2A games last week, will be out to pull a comeback against the powerful Warriors.

Westmont also dropped a game last week as they were nosed out by Long Beach State 69-65 in an action packed contest. Tonight the Gauchos will have to meet the same problem that Long Beach was faced with last week. That is, how to stop Westmont's high scoring forward, John Crew. Even though he was pretty well bottled up, Crew led the Warriors scoring with five field goals and 10 free tosses for a total of 20 points.

Another man that the Gauchos will have to watch is Captain and center Dwight Anderson who is deadly on his set shots.

Warrior Coach Bill Fisher varies his lineup considerably. At the forward spot opposite Crew, Fisher uses both Phil Hook and Jerry Gill. Anderson holds down the center spot, and Bob Lum, Tom Fisher, Ritchie Van Horn and Bill Willard alternate at the guard positions.

Lum and Fisher are perhaps the best ball hawks. Willard has a fine eye for long shots and helps to pull the oppositions defenses out, while Van Horn is a sound playmaker and ball handler.

Fraternity Rushing Procedure Announced

Men not belonging to fraternities on Santa Barbara College campus may now sign up for the spring rushing events in the Dean of Men's office. Elmer Bleidistel, IFC president, announced the new procedure today. Under this new plan, men interested in rushing for the spring semester can sign up now and will not have to wait until registration day for the sign-up privileges. Men who do sign up now in the Dean of Men's office will receive a free copy of IFC's new booklets describing fraternities and fraternity life on the SBC campus.

Bleidistel reminded students that sign-up does not constitute a pledge to join a fraternity—it is merely a chance to be informed and notified by the fraternities of their various rush functions. Men may pledge fraternities without going through the rushing sign-up procedure, and there is no obligation connected with the sign-up.

Another Red Probe . . .

(Based on a column by Robert S. Allen)

The world-famous Rhodes scholars will be investigated. They will be probed by the House Un-American Activities Committee, under the direction of Harold H. Velde, the representative from Illinois. It is on the trail of Communist infiltration in the elite band of college men.

The committee already has some evidence along this line. A surprise witness at the closed-door hearings at Chicago last September exploded a bombshell about Rhodes scholars. He charged that the Communists are infiltrating the select ranks of Rhodes scholars and cited one instance as proof of that.

He asserted that two Americans were recruited into the Communist party while studying at Oxford (England) under Rhodes scholarship grants.

The sensational witness also gave considerable testimony concerning Communist activities on the campuses of the University of Chicago and Roosevelt College in Chicago.

Rhodes scholarships were established by Cecil Rhodes, who made a huge fortune in South Africa. His purpose was to establish closer bonds between Britain and its far-flung colonies. In 1904, the project was enlarged to include the United States. Originally two scholarships were allotted to each of the 48 states, but later this number was reduced to 32 annual appointments. Each scholarship is for three years at England's famous Oxford University.

More than 1,200 Americans have received these highly prized appointments that are awarded after stiff examinations. The elite list includes leaders in every field—education, clergy, science, the armed services, business, banking, public office, the arts, medicine, labor and agriculture.

Little comment is needed on the newest Red probe of our federal legislative body. Previous investigations, notably those undertaken by the McCarthy and McCarran committees in the Senate, have disclosed very little concrete evidence of subversive activities. It is apparent that Communists have infiltrated our every walk of life, but past investigations have brought forth little more than, "I refuse to comment on the grounds of possible self-incrimination."

Mr. Douwe Stuurman, assistant professor of English at Santa Barbara College, our only Rhodes scholar, described the scholarship organization as a "very mild, hard-working, if somewhat internationally minded group."

Universities are well known for their freedom of thought and expression. It is a sad commentary that these institutions of higher learning should be subjected to the malice and suspicion which invariably accompany a committee investigation.

Mr. Stuurman's comment on McCarthy could be used as an indictment of all "rabble-rousers": "Being a man who is full of fear, he is eager to find something, or anything, that will justify that fear." Where will this fear lead?

MESA MEMO . . .

by Dorothy Conley

Last Wednesday the Industrial Arts Club held its last meeting of this semester. Treasurer George Kostakis reported a balance of \$87.25 in the treasury at that time. President Jim Marsh announced that keys would be presented to the following outstanding workers: Elmo Smith, Bill LaPorte and Bud Doan. Also cited for his hard work was Ken Brittingham, the Mesa's artist. Ken won a key last year so will receive a citation this year. Jim thanked the other fellows who had helped him during the semester. Nominations were taken for incoming officers. The election was held Friday with the results that George Kostakis will take the gavel as president, John Ehrenberg vice president and social chairman, Gilbert Lopez treasurer and John Bullher secretary. Jim Marsh has done an excellent job with the IA Club and I'm sure the high standards will be carried on next semester.

During Christmas vacation Clyde Keener came home in a shiny black Studebaker convertible to bring us his holiday wishes. It made all sorts of strange noises when I rode in it but he still sold it for a good profit. In September when he will be teaching auto shop again on the Mesa he

will be cruising around in a new MG.

He is faculty adviser for a freshman dormitory at Purdue where he is working on his Ph.D. As well as solving the boys' problems he also tutors some Kappa Kappa Gammas in French. The report is that Indiana provides a fine social life as well as educational opportunities.

Each year Dr. Holtrop is asked to submit one of his student's projects to the magazine "Industrial Arts and Vocational Education." Last January plans for constructing a portable drawing desk designed and built by Bernard Olsen were sent. Dr. Holtrop stated in the article: "The following set of plans is typical of those prepared in our first course in machine woodworking. In addition to showing in step-by-step procedure how the project should be made, each student has ample opportunity to show his drawing ability."

The desk was made so that a person living in a small home might take it apart so that it would consume less space. The board and leg holding it can be detached, leaving a convenient filing cabinet. Bernie chose knotty pine to work with and finished it in its natural color. Last year in the project contest Bernie took first place in the machine woodworking division, winning a jack plane.

UP ON THE HILL . . .

By JOE (pronounced Dgaughe) COSTANTINO

I have just returned UP ON THE HILL . . . with a greater respect than ever for our neighbor to the north—San Francisco. I have probably been over enthused with the town, for yesterday someone snidely asked what San Francisco has that Santa Barbara doesn't.

This is not easy to answer—for this same person pointed out that both Oklahoma and Cornelia Otis Skinner are appearing both here and in San Francisco within the same month. I must agree. I tried to point out that we have one theater here, whereas San Francisco has at least three, and that we will not be able to see John Van Druten's "I Am a Camera," a prize winning play now in San Francisco.

It was also brought to my attention that we have a beautiful harbor and embarkadero. True, and under pressure I must admit that we just couldn't consider San Francisco Bay, the Embarkadero, the Golden Gate, the Bay Bridge, Seal Rock, Telegraph Hill, Twin Peaks, Coit Tower and Russian Hill any sort of competition for Cabrillo Boulevard, the Riviera and lower State Street.

It was further pointed out that we have a fine art museum, a good museum of natural history and the Botanical Gardens—civic prides that cannot be compared with the De Young Museum, Golden Gate Park, the Legion of Honor Museum, the Civic Plaza, the Fleishacker Zoo, the respective museums at Stanford, Berkeley, San Francisco State and San Francisco U.

And speaking of colleges I was reminded of the uniqueness of our college here. No we can't compare Berkeley with UCSBC. They only have 24 outstanding departments, and are now rated over both Yale and Harvard in academic standings. No indeed, they can't compare to us.

Dear Sid:

I was just wondering if everybody in California has forgotten about us over here in Korea? I am just a lonely air man with our Far East Air Force somewhere in Korea. So, I am writing this plea for mail to you. And I am hoping and praying that you will print this plea for mail in your newspaper. For, I have had no mail in six months as I have no one to write to. I was just thinking that if you print this plea for mail in your newspaper, maybe some young lady might care to write to me. I am 22 years old, five feet, ten inches tall, and weigh about 180 pounds; I have blue-gray eyes and dark brown hair. I went to Notre Dame and I like all sports.

My address is:
 A/2C Fred Massey
 A.F. 18379015
 18th Food Service Sq.
 A.P.O. 970 c/o P.M.
 San Francisco, Calif.

Thanks a lot.

Fred Massey

Dr. Mortimer Andron

Cutting Expenses Is Funny Business Says Dr. Andron

(This is one of a series of interviews by members of the newswriting class.)

By GEORGIA BACIU

"Business activity won't be changed by the recent election." This is the opinion of Dr. Mortimer Andron, assistant professor of economics at Santa Barbara College. Business is affected by spending, he points out, and spending will probably continue on the same level. The new administration has pledged to reduce expenditures, and Dr. Andron feels that the voters may be disappointed. Taxes probably won't be lowered. Money may be spent on different things, he said, but many expenditures are fixed and can't be reduced.

"Cutting expenditures is a funny thing," commented Dr. Andron. People want things cut, but they complain about anything that affects them. He cited the Camp Cooke case as an example. The government is closing it to cut expenses but residents of the area are complaining. Camp Cooke has a payroll of approximately \$3,000,000 annually. This amount greatly affects the economy of the nearby residents.

Renegotiator

Before coming to Santa Barbara College the educator was employed by the government, first as an assistant economic analyst in the Office of Price Administration, then as an operations officer with the Office of Strategic Services. In 1945 he returned to the Renegotiation Branch as an associate renegotiator. This branch was set up to remove excessive profits realized on war contracts.

Dr. Andron came to SBC in July, 1947. He was a wife, Bettie, and four children, Geoffrey, 7, Jonathan, 5, Elizabeth, 4, and Arnold, 2. The youngest is called Tiny although his size belies the name.

Overtaken Sailboat

Dr. Andron likes sailing as a hobby and he has a small sailboat. The boat was turned over during a race about a year and a half ago. He and his wife and Dr. Paul Wienpahl clung to the boat until a fishing boat came by and towed them in. "But they had to take pictures first," recalls Dr. Andron.

Skiing also interests Dr. Andron. He is "pretty good" at water skiing, but when it comes to the snow he will "stick to the bunny tow." Last semester he twisted his leg while skiing.

An amiable person, Dr. Andron has no strong likes or dislikes. If he doesn't like a thing, he asks himself why. Usually there is no reason except that it is different. His only definite dislike is prejudice. By this he means "I dislike people who dislike."

His Jokes

The professor is well known to students for his jokes. Where does he get them? "I make them up," he said. "I can't can jokes." Once he had a comic part in a play. "I just couldn't do it. If it seems artificial to me, it isn't funny," he explained. "Some days just seem humorous to me; others are not," he said.

Dr. Andron graduated from high school before he was 15. He started college at New York University seven months later, majoring in economics and business. After two years he transferred to

the University of Arizona. He graduated from UCLA, majoring in pure economics. He received his master's degree from the University of Oregon in 1939 and his doctorate from the University of Illinois in 1942. Dr. Andron once thought of going to medical school, but after one semester of biology, chemistry and other sciences he decided that economics was his field.

Dr. Andron holds membership in the American Economic Association, the American Statistical Association and the Order of Arts, an economics honorary. One of his writings, "Renegotiation Statute . . . How It Works," was published by the University of Illinois Bureau of Business Research.

OUTLETS FOR ANXIETY

Stuttering, fidgeting and certain forms of neurotic behavior act as outlets for pent-up anxiety, says Dr. Joseph Sheehan, psychologist at UCLA.

Provost Speaks On College Enrollment

At a recent banquet of the American Alumni Council regional conference Dr. J. Harold Williams, Provost of Santa Barbara College, outlined the growth of the college enrollment in the past 50 years and described trends in college education.

He stressed the mounting number of students in California, which has shown increases much greater than the nation as a whole because of the rapid influx of population. The college enrollment for the nation was 238,000 in 1900 and 2,400,000 in 1950, a ten-fold increase. In California for the same period the increase was 29-fold. This happened while the population of the U.S. increased only one-fold—from 75,000,000 to 150,000,000—in this half-century period.

California's institutions of higher learning are now awarding 6.7 per cent of all bachelor degrees given in the nation, Provost Williams stated.

The speaker described the factors which point to the probability of California having twice as many college students enrolled in 1970 as there are at present. He pointed out that the new Santa Barbara College at Goleta is being planned for 3500 students, which is double the present enrollment.

Provost Williams briefly related the history of this college and told of its curricular development. He explained the historical background of the older colleges in America.

Provost Williams discussed the problem of racial discrimination in schools, besides discussing the various types of educational programs being offered in the institutions of higher learning.

The importance of the development of character in the student, particularly in the secondary school level, was emphasized and the speaker reported that there was now a state committee working on the problem. The outstanding aim of colleges and universities, he maintained, "is to educate for democracy. We can have education, of a sort, without democracy but we cannot have democracy without education."

In closing, Provost Williams urged the alumni officers to give college education the added strength of their full support.

Convention Reports Given at CSTA Meet

Members of the California Student Teachers Association, sponsored by Miss Elsie A. Pond, associate professor of education, met last Thursday for their monthly meeting. Reports of the CSTA convention in Los Angeles on Dec. 5 and 6 and plans for future meetings were featured themes of the meeting. A film on classroom discipline concluded the program.

President Bob La Bayne opened the meeting by having those attending introduce themselves and tell their majors.

As a result of a discussion on how to increase CSTA membership, particularly from the elementary education department, Pat Seeber was appointed as a representative for that department. She will announce CSTA meeting dates at Elected Club meetings and in classrooms. Lyman Cook is CSTA representative for the Mesa campus.

Future program plans include a "mock interview" for those who are looking for teaching positions. This program, to be presented at the meeting on Jan. 8, 1953, will be particularly valuable for February and June graduates in their efforts to secure positions, according to Bob.

Convention reports were given by Bob, Treasurer Gloria Jaral and

Junior Panhellenic Will Reorganize Here

At the last Panhellenic meeting it was decided by the members that Junior Panhellenic be reorganized and hold meetings once a month.

Junior Panhellenic's membership will consist of one pledge and one newly initiated active from each sorority. The purpose of Junior Panhellenic, according to Judy Couch, who will be its new president, is to acquaint the girls with the functionings of and to prepare them for membership in Senior Panhellenic.

The offices, on a rotational basis, will be held by pledges, with the exception of the president, who is to be a newly initiated active.

Plans for forthcoming meetings include studying the National Panhellenic Conference Manual, Roberts Rules of Order, and hearing reports about the various scholarship standards and philanthropies maintained by the sororities.

Suzanne Holmes. Also attending the convention, whose headquarters was the Biltmore Hotel in Los Angeles, was Howard Kimball.

The group's next convention, held in conjunction with the California Teachers Association, will be held at Asilomar in April, 1953.

Art Lecture Series In Santa Maria

A unique series of demonstrated art lectures covering many artistic fields is being given in Santa Maria with several faculty members from Santa Barbara College participating.

Under the sponsorship of University of California Extension, this winter art program consists of 15 weekly meetings beginning Nov. 11 at the Santa Maria Junior College. Included in the series will be audience-participation workshops, performances of a circle theater drama, an evening of speech choir and a modern dance group.

Artistic fields to be covered in these lectures are dance, drama, literature, music, architecture, ceramics, sculpture, textiles and painting. The entire series will be given under the general direction of Dr. Elliot A. P. Evans, chairman of the Department of Art at Santa Barbara College.

Sponsors of the program said that the series is designed to give the layman as well as the student a broad experience in the field of the arts and will fill the need of many who have desired a wider knowledge of the arts for personal enrichment.

More People Smoke Camels THAN ANY OTHER CIGARETTE!

Imagine My Surprise!

Imagine my surprise when I find that I have the honor to write one last article for *YE OLE EL GAUCHO*. Such stuff, well anyhow I can reminisce over such things as happen' this past semester. What memories as I dream of the pleasant days, the leisure time, the dashing young men, gallant to the nth degree! I guess you know now that I have spent the last weeks, when I didn't appear in this newspaper, reading dime-store novels to improve my literary talents? Notice to printer, there is no question mark after talent.

Well some of my best beloved friends went down the tubes of matrimony over Xmas. Lloyd Heavin - Sandy Lockhart, Laura Reeder-Ernie Gulafson are bound for New York. Guess what? Gee-Gee Jewell, after braving tempest, fire, wind, storm, and the navy, has at last become ole Mrs. Tom Ashlock.

After last Monday's sorority meetings, the female element of UCSBC returned home full of chocolates. The gals were literally stuffed to the gills. Donors of the sweets (for the peons this means they announced their engagements) were: Marion Sabiron, Alpha Phi, to Ray Stark, Pi Phi; Mary Ellen Ricketts to Delt Wendell Long, and Ione Smith, DG, to Mike Burr.

Among the ranks of the latest pinees about campus are: Pi Phi Winnie Coyne and SAE Lynn Reitnoer, DG Janis Pimentel and Sig Pi George Meinke, and Marlene Maag, also of Delta Gamma, and Jack Winger, currently of Kappa Sigs.

Well that's what I have heard around campus and if you got attached, and I have missed it in this column, please don't blame me 'cause I have written all the underground could find out.

The Cal Clubbers are really looking forward to a booming convention at Davis this year between semesters. They have been warned to go on a four weeks starvation

Coeds Participate In CACE Conference

Three Santa Barbara College coeds were invited to take part in a recent conference of the California Association for Childhood Education held recently in Los Angeles. They were guests of the Long Beach branch of the association.

Those attending as representatives of the college were Margaret Brickey and Bebe Cooper of Alhambra and Anne Ford of Pasadena.

There is a student branch of the Association for Childhood Education on the campus here and is comprised of early childhood education majors. This is the first time the college has had student delegates at this annual association meeting.

Pat Reed - Bob Morris Engagement Revealed

The engagement of Pat Reed to Bob Morris was revealed last Monday night to her Sigma Kappa sorority sisters. The traditional candle and chocolates were passed. Pat is a junior majoring in Spanish. Bob is majoring in engineering at San Diego State. A February wedding is being planned.

Dorothy Drew and Paul Ingram Engaged

Dorothy Drew, senior, announced her engagement to friends Wednesday. She plans to marry Paul Ingram, teacher in the Riverside schools. The couple, both from Riverside, will be married in August and make their home in Riverside.

diet for the big steak fry that is always the highlight of convention on the farm.

It seems funny that with all the full that is made around campus over all sorts of silly things, little if anything is ever done for the kids who leave UCSBC in February as graduates. They seem to be shoved politely out the back door. I would like to hand a big bouquet to the Elem-Eds who have at least realized this and who had for departmental majors a breakfast last Sunday morn. This has always been a sort point with me for I have always been a February graduate. Yep, me too am leaving.

As I pull up my stakes and head for the big bad world I can't help but think of the many things that have happened since I walked in UCSBC. Remember the Frank Goodall regime, the TGIF'S, the Fresno football game of last year, the caf full of bridge games, the days when boys outnumbered the girls, and the days full of sunlight and beach.

Well all this has been grand. Sure we all love to gripe about the cafeteria, the class schedules, the lousy attendance at school functions, and everything in particular but really nothing in general, but when you get right down to it during your last week in school it looks pretty grand.

Well for the past semester I have enjoyed writing for you and about you. Hope there are no crushed people, I can just imagine, but it was all in fun. And now mes amis I leaf you with all your finals, books, studies, and other nasties of college life. And for the few of you who never did succeed in finding out who wrote this blasted column, imagine your surprise 'cause it was just me . . .

SHIRLEY STOCKTON

Delta Gamma Hears Of Two Engagements

Anchors and bells announced two engagements at the Delta Gamma sorority house recently. Melida Horn announced her engagement to Norman Canfield with little anchors symbolizing the sorority pin and Norman's membership in the NROTC at UCLA. Melida, chairman of Activities Control Board, is a junior majoring in sociology. Norman, a junior and geography major, is a member of Theta Xi. The couple plans to be married in the summer of 1954.

Silver bells announced the engagement of Ione Smith to Michael Burr of Ventura Junior College. Ione, a sophomore and elementary education major, is AWS second vice president. Mike, a sophomore, is a elementary education major from Ojai.

An August wedding is planned, after which the couple will attend school together.

Scharli Lyon Tells of Troth to Bob Gregory

Scharli Lyon recently announced her engagement to Bob Gregory, graduate of UCSBC. Scharli is a senior majoring in junior high education. Bob, a graduate of UCSBC in 1951, was an economics major and is presently employed by a local insurance company.

The couple plan to be married next summer.

CAUSE OF AGING

One of the major causes of aging may be due to a progressive reduction with age in the circulation of blood in the muscles, according to Dr. Hardin Jones, associate professor of medical physics at the University of California's Donner Laboratory.

February Graduates Feted by Elemeds

The Elemed Club held a breakfast at 9 a.m. Sunday in the AWS Room to honor February graduates.

Pat Benko was in charge of the event. Entertainment was provided by Joan Gordon, who read class wills, and the members of the Elementary Procedure class, who gave a skit. Mary Nizetich was chairman of the food committee and Shirley Chard was in charge of entertainment.

Cornell University

Nothing-no, nothing-beats better taste
and **LUCKIES TASTE BETTER!**
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?
You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike . . .

Be Happy-GO LUCKY!

For smoking pleasure it's a fact
The cigarette I like
Is fresh and smooth and fully packed
And labeled "Lucky Strike!"
Genevieve Ortaggio
Northwestern University

Where's your jingle?
It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P.O. Box 67, New York 46, N.Y.

The shipwrecked sailor on the isle
Stays happy as can be—
Though no one's there, he wears a smile
'Cause L.S./M.F.T.

GAUCHOS TAKE THREE 2C2A LOSSES; BEAT SLO

The Gauchos took a victory from the Camp San Luis Obispo Signalmen before dropping three tilts to Fresno State, Pepperdine, and San Diego to write up a two-win four-loss record for the present Gauch season.

The UCSBC cagers traveled to San Luis Obispo, December 19, to meet the Signalmen. Attaining only a three-point margin at the end of the first quarter, Willie Wilton sent in a complete quintet, center Lee Powers, forwards Bruce Berry and Ron Balden, and guards Ken Kesson and Bob Fite, which stretched the short Gauch lead to 39-31 at the halftime. Keeping fresh men on the court, Willie finished the game at a relaxed 72-57 victory.

The Fresno State Bulldogs then tripped the Gauchos, 67-57, in the first CCAA clash between and for both teams. The Gauchos, led by Bob Murray and Lloyd Heavin, failed to penetrate the defending Bulldogs led by Len Tucker and Bill Rosener. Heavin, although with four fouls on him at halftime, equaled Murray with 16 for the top scorers and went on to finish the game on the court.

Last Friday the Gauchos took a beating from a powerful Wave team from Pepperdine 60-50. A tight Wave defense kept the Gauchos away from the basket, but yet Willie's boys came through with only a ten point lag at the end. Joe Kohler led the Gauch score box with six field goals and two free throws for a 14 point total.

Although trailing by 15 points at one point in the third quarter, the Gauchos made a last attempt to get back in the game during the final period but as the visiting Waves pulled 20 points in front, the Californians only managed a ten point catch up. The Gauchos lost their second CCAA game and faced the Aztecs from San Diego State the following night.

The Gauchos did not give up easily to the victorious Aztecs, but gave the visiting Staters a fight before losing 54-42. Keeping in line with the Aztecs, the Gauchos finished the first quarter at 10-all. At half time the Gauchos were two points ahead, 22-20, and at the end of the third tied again at 33. An Aztec rally in the final period was too much for the Gauchos to take without losing at a final 54-42 score.

The three losses left the Gauchos with not a single victory in the Conference.

Wootton-Thornton on Top in Tennis Match

Joan Wootton and Ray Thornton came out on top in the student-faculty mixed doubles tennis tournament held recently by defeating the team of Patricia Richardson and Dr. Harry Girvetz, 6-2 and 6-1.

In the semi-finals the Wootton-Thornton team defeated Harriet Hadley and Joe Zoller, 10-8 and 6-1. Maxine Dekker and Lynn Shanton were defeated by Patricia Richardson and Dr. Girvetz, 6-4 and 7-5.

The consolation title was won by Kathy Small and Dean Lyle Reynolds, who opposed Ann Casey and Dr. Philip W. Powell, 6-4 and 6-4.

Five Gauch Harriers Awarded 'C' Letters

Ken Trigueiro, Bob Holtel, Jerry Downing, Duane Mittan and Morton Ward have been made eligible for the Associated Students athletic award of the Circle "C" by the Gauch cross-country team of 1952-53.

"These men deserve the credit for their hard efforts and thus have been selected to receive these honored awards," announced the Awards Committee.

28 Gauchos Honored With Awards After Successful Season

The Awards Committee announced the awards for the 1952 varsity football team last Friday. The 28 Gauchos received sweaters, jackets and blankets for their first, second and third years, respectively.

Les Harris, Minor Rootes, Bill Davis, Ray Stark, Ken Brittingham and Grant Gaunce were three-season football men receiving Gauch blankets. In addition to the blankets, the veteran players were awarded life passes to all athletic events sponsored by the Associated Students in recognition of their loyalty to UCSBC.

The players with two seasons on the football team were award varsity jackets. They are nine: Angelo Padilla, Bob Biddle, Gary Morris, Don Steere, Gordon Weber, Dave Gorrie, Charles Miller, Marv Ashby and Bill Schaeffer.

The first-year sweater awards went to Bucky Baird, Don Hastings, Don Hay, Bob Shoup, Chuck Cravens, Andy Spaan, Ray Thornton, Britt Tresville, George Everett, Charley Green and Bill Paterson.

"These awards show a lot of hard work on the part of the players during the past successful season, and we should look forward to having several of them back again next year to continue the work they have so well begun. Thank you," was the statement by the Awards Committee.

Sig Toos Lead Coed Bowling League

Entering the final week of play, the Coed Bowling League championship is still very much in doubt, with the Sig Toos and the Lofters separated by only half a game.

The Mixed Hits are also definitely in the running, being only one game behind the leading Sig Toos.

Bob Johnson helped put the Sig Toos on top of the pile by rolling up the high game and high individual series of last week's play with a 178 and 494, respectively.

	W	L
Sig Toos	20½	11½
Lofters	20	12
Mixed Hits	19½	12½
Sleep-N-Eats	17	15
Scrubs	16	16
Hi Balls	15	17
Alley Cats	15	17
Mabeggel	15	17
King Pins	13	19

Sig Eps Top in Last Basketball Round

The Sigma Phi Epsilon team, with three wins, head the intramural basketball league going into the final round of play.

Tonight the Sig Eps play the winner of the SAE Never Sweats and ROTC Not Over "50" club for the championship.

The Kappa Sig-Lambda Chi winner and the Delt-Sig Tau winner will play after this game to decide the third-place spot.

The next intramural sport will be volleyball, starting Feb. 17. Following this will be the annual track meet on Feb. 26.

Sig Phi Eps Hold First in Bowling

With only one more night remaining in this semester's bowling tournament Sigma Phi Epsilon holds a two-game lead over Sigma Tau Gamma in the battle for the first-place spot.

The Sig Eps took over the lead by virtue of a three-out-of-four victory over Delta Tau Delta. Sigma Tau Gamma fell behind when they dropped three out of four to the Faculty.

The final night of play will see the first-place Sig Eps going all out against the Sig Taus and the Faculty playing the Downtown Drunks.

Sigma Alpha Epsilon is still in

the running after downing the Drunks four straight. In other games the Gutter Snipes took four straight from Lambda Chi Alpha and Sigma Pi won four games from Delta Sigma Phi.

Frank Walker had the highest game with a 199 and also the highest series with 530. Sigma Alpha Epsilon had the highest series with 2772 pins.

	W	L
Sigma Phi Epsilon	23	9
Sigma Tau Gamma	21	11
Faculty	21	11
Sigma Alpha Epsilon	20	12
Lambda Chi Alpha	17	15
Delta Tau Delta	15	17
Gutter Snipes	14	18
Downtown Drunks	11	21
Sigma Pi	10	22
Delta Sigma Phi	8	24

MORE CITY MANAGERS

The number of California municipalities employing city managers has doubled since 1945, according to Dr. John C. Bollens, professor of political science at UCLA. He reported that 82 cities now use the council-manager plan, compared to 38 in 1945.

EL GAUCHO

Published every Wednesday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara College, Santa Barbara, Calif. Opinions expressed herein are those of the staff unless otherwise indicated.
Entered as second-class matter May 23, 1947, at the post office at Santa Barbara, Calif., under the Act of March 3, 1879. Mailing charge is \$2.00 per year, payable in advance.

ARE YOU TOUGH ENOUGH FOR THIS JOB?

If you can make the grade, the U.S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a minimum requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

New Aviation Cadet Training Classes Begin Every Few Weeks! HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.
3. Next, you will be given a written and manual aptitude test.
4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer. OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.

A FLORAL GIFT is long remembered

Let us help you on those special occasions.

Educators Confer on Campus; Determine SBC Accreditation

Headed by Dr. J. Paul Leonard, president of San Francisco State College, an accreditation visitation committee visited Santa Barbara College recently to determine the institution's qualification with regard to general accreditation and accreditation for teaching credentials. The group represents the Western College Association, accrediting agency for this section of the nation, and the State Department of Education, who will report on the teaching credential program.

The committee is composed of a group of distinguished educators who will confer with college officials, visit classes and look over the academic procedures of the college.

When the Western College Association assumed the responsibility as the accrediting agency for institutions of higher learning in the West in 1950, Santa Barbara College was among those accorded automatic accreditation. At that time it was planned to make accreditation inspections at a future time.

This is the first such visit of an accrediting group in the history of the college and it will consider an application for a five-year period—from July 1, 1953, to June 30, 1958.

The committee conferred on campus all day Thursday, beginning with a brief meeting with the deans, department chairmen and administrative officers on the Riviera campus. Their tour of inspection continued Friday.

In addition to Dr. Leonard, members of the committee representing the Western College Association are Dr. George W. Beadle, professor of biology, California Institute of Technology; Dr. Harold W. Bradley, dean and professor of history, Claremont Graduate School, and former faculty member of Santa Barbara College; Dr. Heber A. Sotzin, professor of industrial arts, San Jose State College, and Dr. Frank Sullivan, professor of English, Loyola University.

On the committee from the Board of Education are Dr. Howard A. Campion, assistant superintendent, Los Angeles City Schools; Dr. Fannie R. Shaftel, associate professor of education, Stanford University; Mrs. Dorothy Schnell, chief, Bureau of Homemaking Education, State Department of Education and formerly assistant professor of home economics at Santa Barbara College, and Miss Ellen Terry, representative in home economics for the State Department of Education.

Future Collegiates To Be Guests of UCSBC

Featuring Santa Barbara College as the only small, public, liberal arts college in the Western states, plans for "College Day," an annual visitation day of the college for high school students, are now being formulated by the student-faculty committee under the direction of Dr. Cushing, faculty chairman, and Pete Kane, student chairman. The date has been tentatively set for March 7.

AWS, AMS, IFC and Pan-Hellenic presidents, who are on the student committee, will select college representatives for guides and to furnish transportation between campuses for the visiting high school seniors.

Riviera facilities and departments will be toured in the morning of March 7. Immediately after lunch the students will be shown a skit or revue in the Mesa Auditorium and will then tour the Mesa campus. In the early afternoon they will return to the Riviera for a social hour in the women's gym.

SANITARY CONDITIONS

A University of California professor of civil engineering reports that sanitary conditions in the United States are worse than they were 50 to 100 years ago. Dr. Harold B. Gotaas, at a recent meeting in Chicago, said that there are over 9,000 American communities without sewerage systems, and some 6,000 still without a public water supply.

ROTC Unit Visited by Korean Commander Maj. Gen. Ira Swift

Maj. Gen. Ira P. Swift, commanding general of the Third Corps and recently in command of the 25th Infantry Division in Korea, visited the Santa Barbara College ROTC unit and expressed high praise for the ROTC program and the excellent quality of officers which it is producing.

Throughout his visit on the campus he was escorted by Lt. Col. Edward R. Maddox, chairman of the college Military Science Department and commanding officer of the ROTC unit.

The battle-experienced general toured the ROTC facilities on the Riviera campus, including the arms room and classrooms. The general also saw the Mesa campus and the new campus site at Goleta. During the afternoon he visited the Santa Barbara High School ROTC unit.

Gen. Swift conferred with Dr. J. Harold Williams, Provost of Santa Barbara College, and with the ROTC staff. The purpose of his visit was to establish personal contact with the civilian education authorities and discuss the ROTC program with the local officers.

A brief meeting was held with some of the ROTC cadet officers, including Joe D'Agostino, battalion commander; Chester L. Ward and Raynor L. Morrison, company commanders; John P. Closson, battalion executive officer, and Robert J. Westwick, platoon leader.

Gen. Swift said that he had received excellent officers in Korea from the ROTC program, but that many more are needed. The ROTC-trained officers, after having experience in the field, are top-notch leaders, he indicated.

Ericson Honored at Testimonial Dinner

More than 60 friends and colleagues of Emanuel E. Ericson, professor of industrial arts, attended a testimonial dinner last Thursday to honor him as the recipient of the 1952 Ship's Citation given for outstanding leadership in the field of industrial education.

Prof. Ericson is one of three Western educators to receive this award and all three are affiliated with the University of California. Besides Prof. Ericson, they are Dr. Edwin A. Lee, Dean of the School of Education at UCLA, and Dr. Howard A. Campion, assistant superintendent of schools at Los Angeles and lecturer in education at UCLA.

Dean Lee was the first president of the American Vocational Association, which presents the Ship's Citation each year. Only 11 have been given, although the organization is 46 years old.

Prof. Ericson came to the U.S. as an immigrant boy from Sweden and progressed to become one of the nation's leaders in the field of industrial education. He is also in charge of the Central Costal Area of the University of California Extension with headquarters at 906 Santa Barbara St. He has been on the Santa Barbara College faculty since 1925.

Dr. de Voros To Serve As Speech Dept. Head

Dr. Evelyn K. de Voros, assistant professor of speech, has been designated by Robert Gordon Sproul, president of the University of California, to serve as acting chairman of the Department of Speech at Santa Barbara College for the spring semester, 1952-53.

At that time the present department chairman, Dr. Theodore W. Hatlen, will be on sabbatical leave.

CALENDAR

Wednesday, Jan. 14
Scabbard and Blade, AWS Room, 7:30 - 9:30
Student Music Recital, Auditorium, 8
Basketball, Loyola University, there, 8

Thursday, Jan. 15
Dean's Coffee Hour, AWS Room, 3 - 4
Beta Beta Beta, AWS Room, 7:30 - 9:30

Friday, Jan. 16
Instruction ends
Basketball, Westmont, here, 8
Kappa Sigma Epsilon Mardi Gras, 10 - 1

Saturday, Jan. 17
Basketball, Cal Poly, here, 8
Delta Tau Delta Pledge party, 10:30 - 12:10
Sigma Pi costume party, 8:30 - 12

GRADUATING VETS

Veterans under P.L. 346 benefits who expect to graduate in February, 1953, should make application for a supplemental letter of eligibility now, if they plan to continue educational work in the spring or summer, either here or elsewhere. Forms for this purpose are available in the Office of the Dean of Men.
