

# OFFICIAL DRAFT STORY WORD GIVEN

College men, perhaps more than any others, are being affected by a wave of indecision, insecurity and rumor regarding the current national emergency and its effect on all young men through Selective Service and the calling of the Armed Forces Reserves.

Every college student has a different problem and a different set of questions about his particular status regarding the draft and is now seeking a solution and answers.

## Agencies Swamped

The local agencies connected with the situation — the various draft boards, the armed forces recruiting stations, the Santa Barbara College ROTC, the Provost and the Registrar's Office — are all swamped with men who are trying to determine their status and make intelligent plans for their

future, whether it be in college or the service.

To answer many of the general information questions now being asked, *El Gaucho* has obtained statements of current rulings from the local Selective Service Board No. 80, from the Registrar's Office and from Provost J. Harold Williams.

**Each agency emphasized that information is as up-to-date as possible, but that new rulings and policies may be made at any time.**

Explaining the Selective Service law now in effect, Mrs. Susan Pentland, clerk of the local draft board, says that all young men must register at the age of 18, but upon reaching their nineteenth birthday, they are sent a questionnaire and are subject to classification upon returning it to their draft board.

## Classified IA

If a man is not entitled to an ex-

emption, he is classified IA, which means that he is potentially available for military service. When his number is called, he will receive a notice to report for a pre-induction physical examination. If he passes the examination, he is then subject to induction when his number comes up.

The policy now followed by Selective Service Boards regarding full-time students (those taking 12 units or more) is to give a 2A deferment until the end of the academic year to all sophomores, juniors and seniors for whom the University will certify that they are in the top academic half of their class for the preceding year.

**This means that men so classified will not receive a pre-induction physical notice to report until the end of the academic year, since the phy-**

sical examination is good for only 120 days.

Postponement of induction is given to freshmen who are carrying 12 units or more and to those other students who are in the lower half of their class scholastically. These students are forwarded for physical examination when their number is reached and will, in order, receive notice of induction, with postponement of induction to the end of the academic year.

**Mrs. Pentland makes it clear that the policy on student deferment and postponement is based on a directive issued by General Hershey, Director of Selective Service.**

Regarding the deferment letters, Provost Williams announces that "students who are requesting draft deferment or delay in call to active duty and who wish certification of their enrollment and academic

standing should apply to the Registrar's Office."

## Deferment Letters

According to Miss Wilhelmina Menken, who is in charge of sending the deferment letters, two forms are used in sending information to the draft boards: one, a general letter verifying the student's current enrollment, number of units being carried, and total units completed in a specified major; two, a similar letter with the additional information that the student was in the upper half of his class scholastically the past academic year.

Mrs. Pentland states that "we would prefer to have deferment letters before the registrant is actually classified, but if he has already been classified, we would consider a statement from the Registrar at any time prior to induction."

## Letters Now

This means that those students who are nineteen or will soon become nineteen and have not been classified should see that deferment letters are sent to their draft boards. Those who have been classified, but have not been certified by the college should have their deferment letters sent immediately.

Special advice for individual problems is available at the Registrar's Office or from the student's draft board. Any student wishing the University to intercede because of the type of course they are pursuing, or who seek a personal recommendation, should apply to the Provost's Office.

(A statement of the Santa Barbara College ROTC program and its opportunities for being of service to the country while continuing a college education is available on this page.)

## 'CAP AND GOWN' DEADLINE NEAR FOR NEW GRADS

"February graduates should place their orders for caps and gowns for the June graduation ceremonies soon," stated Harold Cole, manager of the College Bookstore.

All cap and gown reservations for both February and June must be made before April 20, since the contractor reports that absolutely no late reservations will be honored. If, however, a February graduate finds later in the Spring that he will not be able to attend the services, a refund on the reservation fee will be made prior to June 8.

The rental charge this year is \$2.50, fifty cents of which is payable with the placing of the order, according to Cole. The deposit is returned right after the graduation ceremony if the gown is in good condition.

Cole announced that the College Bookstore is also taking orders for graduation announcements, and samples are now on display.

This year, the Bookstore will engrave personal cards for graduates in minimum lots of ten for the price of two cents each. Type styles and card sizes are also on display at the Bookstore.

## Queen Controversy Climaxes Tonight

To elect the Homecoming Queen or to choose her by a panel of judges will be the problem to face the Legislative Council tonight as it meets for the last time before the spring semester.

President Frank Goodall expects a presentation of a by-law amendment favoring the choosing of the Homecoming Queen by judges. He anticipates strong opposition from Ted Knudson representing the Mesa Campus.

Another major item of business is the proposed Student Union Building which the University is giving to the Associated Students. The Associated Students must pay for the reconversion of the building.

Preliminary plans call for a bookstore, snack bar, barber shop and other features in the Union.

## PLAYWRIGHT SHAW SLATED AS TOPIC OF FINAL LECTURE

Dr. Henry Neumann, widely-known author and educator, will speak on the topic, "George Bernard Shaw: The Man and His Mission," tomorrow afternoon at 4 pm in Pine Hall 100, as the final offering of the current All-College Lecture Series.

The talk will be one of the first appraisals of the famed but controversial Irish playwright and his work since his recent death.

Indicating the high interest of this final lecture, it has been designated a Provost's Lecture by Provost J. Harold Williams, an honor accorded only programs of greatest merit.

UNIVERSITY OF CALIFORNIA

SANTA BARBARA COLLEGE

Vol. XXX SANTA BARBARA, CALIFORNIA, JANUARY 9, 1951 No. 25

## GREEKS ORGANIZE SPRING RUSHING

### SPRING SORORITY RUSHING PLANNED

The spring rush season for sororities will get under way during Registration Week, beginning with the very important Rushees' Orientation Assembly held at noon in Pine Hall 100, Sunday, February 4.

Following this meeting all rushees are invited to visit all the sorority houses who will be holding Open House for them throughout Sunday afternoon. Monday evening the coke parties will be given. During Tuesday and Wednesday each house will give a game party. This event will be followed on Friday by the dessert parties. Bidding will be done on Saturday.

### Extended Deadline

Deadline for registration has been extended to Friday, January 12. To be eligible for rushing, a girl must have maintained a C average in at least 12 units for last semester and have an overall C average in all work taken here. Women not sure of their grade average for the current semester may register now, but should they prove ineligible after grades are out, the two dollar registration fee will not be refunded.

New students may register as they are accepted for enrollment.

Further information regarding rushing may be obtained by consulting the Dean of Women's Office.

### THREE FIRST AID COURSES PLANNED FOR SPRING TERM

Because of the national emergency, first aid courses will receive special attention in the Spring semester.

Provost J. Harold Williams announces that widespread enrollment in courses is being encouraged, in response to the National Security Resources Board's announcement that there is a need for millions to be trained in first aid and home care of the sick.

Three courses will be available: A lower division course in standard first aid, an upper division advanced course in first aid and a special course for instructors of training courses in first aid.

### Fingarette Gives Club 'Psychoanalysis' Talk

A talk on the subject, "Notes of the Philosophy of Psychoanalysis," will be the main feature of Philosophy Club meeting Thursday night at 8 pm at 1236 East Haley Street.

### SORORITY RUSHING

The deadline for registration for spring rushing has been extended to Friday, January 12. Girls who registered for rushing last fall and wish to participate in the spring rush season will have to re-register.

### VET ENROLLMENTS DROP DECISIVELY

Slightly more than one-fourth of the students attending all campuses of the University of California are veterans, according to Provost J. Harold Williams.

This represents a steady decline from the peak in the fall of 1946 when more than half of the students registered on the various campuses were veterans.

### Educational Benefits

Whether or not the percentage decline continues, however, may depend on whether educational benefits are extended in the present crisis similar to those provided in the last war.

Santa Barbara College's veteran enrollment percentages have paralleled the total of all campuses. At present, 29.3 per cent of those on all campuses are veterans, while the percentage at Santa Barbara College is 27.9. At the San Francisco Medical Center, however, 55.6 per cent of those registered are veterans.

### Registration

The University-wide registration now shows 39,492 non-veterans and 11,562 veterans. On the Santa Barbara Campus the figures are 1963 non-veterans and 548 veterans.

In the peak in the fall of 1946, there were 22,355 veterans on all campuses, or 54.8 per cent of the entire student body. Only slight decreases in veteran percentage occurred in 1947 and 1948, but it was down to 39 per cent in the fall of 1949 and 37 per cent in the Spring of 1950.

### Proficiency Tests Given January 13

Dr. Irving A. Mather announces that make-up Proficiency Tests for teacher-credential candidates will be given Saturday, January 13, in North Hall 101 and 103 from 9 am to 12:30 pm.

The time schedule for the various divisions is as follows:  
 Reading Comprehension..... 9:00  
 Reading Vocabulary..... 9:30  
 Arithmetic Fundamentals..... 9:55  
 Arithmetic Problems..... 10:40  
 English..... 11:25  
 Spelling, Handwriting..... 12:00

### IFC REVISES RUSH PROGRAM

Inter-fraternity Council adopted several new rushing policies for the coming season at its meeting Thursday night. A motion for first semester rushing was overwhelmingly defeated on the grounds that incoming students can become better integrated to college life and form better study habits by first being independents.

Beginning with an assembly for all men interested in fraternities on Monday, February 5, fraternity rush season will extend to February 21. All rushees will be required to attend the open houses which will be held by all groups on Thursday and Friday afternoons, February 8 and 9.

After February 9 unrestricted rushing will continue until Sunday evening, February 18. Bidding will take place in the Dean of Men's office February 20 and 21.

All fraternities will then pin the new pledges Wednesday evening, February 21.

The Council also decided to make an effort to discourage dirty rushing by better enforcement of rush rules.

### UNDERCLASSMEN PLAN BIG HOP

Soph-Frosh Hop, a dance for all sophomores and freshmen, will be held Friday, January 12, according to Pete Burgher, president of the Freshman class.

"This is the big dance all Frosh and Sophs have been waiting for, and if they are as excited about it as they were at first, we'll expect everyone there for a good time," Burgher commented.

Sophomores and Freshmen are urged to invite a Junior or Senior, since one member of each couple must be a lower classman.

Time has been set as 8:30 pm and the place will be Rockwood. Dress for the affair will be dressy: light suits, and cocktail dresses. Chuck Copeland's band will provide the music.

Ted Troy, president of the Sophomore class, is also in charge of arrangements.

### ROUND-UP SKITS

Any person or group of persons interested in entering a skit in the next *Gauche* Round-Up on Feb. 15, submit an application to Pat Welsh or leave it in her box in the Student Body office immediately.

## ROTC Screening Students to Grant Induction Deferments

First year basic ROTC students are now being screened for Selective Service deferment so that they may continue their college work preparatory to enrolling in the Advanced ROTC course, states Lt. Col. Richard Mabee, chairman of the Military

DON CASIDA  
Seeks Tutors

## Varsity Tutoring Aid Sought in New Plan Of Star Committee

Wrinkles in the Varsity tutoring program were ironed out in the December meeting of the Star Committee, according to Chairman Don Casida.

Getting more students able to help varsity members in a variety of subjects was recognized as the committee's major objective. Some athletes were not taking advantage of the tutoring service.

"Varsity members needing assistance in any subject should not hesitate their names to the Star Committee which will coordinate with students strong in those subjects," declared Casida.

### Honoraries Offer

Campus honoraries have offered assistance and several students have contributed their time during the past semester. Among these are Ken Bonilla, Hugh Ezzell, Doug Stewart and Ed Deeter.

"The program needs student-tutors strong in upper division subjects," stated Frank Goodall. Students have been of great help in the more general courses such as beginning history or psychology, but the real need is for tutors in the more specialized subjects.

### Faculty Favor

The faculty is generally in favor of the varsity tutoring service, but

Continued on page three

## APPLICATIONS DUE FOR REVUE DIRECTOR

Letters of application for the directorship of the annual stage show, "Roadrunner Revue," are due today, so that the Legislative Council may consider them tonight.

They should be addressed to Frank Goodall through the student body mailboxes in the ASB Office.

## Science Department

The procedure of granting deferments from induction to selected ROTC students has been in effect since the passage of the Selective Service Act of 1948.

The committee of three faculty members, two from the Military Science Department and one other faculty member appointed by Provost J. Harold Williams, review the qualifications of students applying for deferment. Such deferments are granted only to students who are qualified for the Advanced ROTC course and who are considered to have the potential qualifications of an army officer.

Students signing up for the Advanced ROTC course are accorded the privilege of completing their college education and in return for this, the student agrees to serve two years as an officer in the army should he be needed.

### Finish College

All non-veteran members of the advanced course have signed deferment agreements and may plan on finishing their four year college course.

Those first year students now being considered have applied for the deferment and may expect to be deferred as of January 25.

In October, 1950, forty-eight per cent of those applying for deferment were selected, but additional quotas for those who have not applied are not expected to be available before February.

Col. Mabee states that the local draft board will not approve applications for deferment which are received after the student has been directed to report for his pre-induction physical examination.

## COFFEE PRICE BOOST FACES INVESTIGATION

An investigation into the recent increase of coffee prices on the campus is now being led by Student Body President Frank Goodall.

Goodall has been informed by the student body presidents on three campuses of the University that the good old days of the five cent cup of coffee are still prevailing at Berkeley, UCLA, and Davis, with possible increase to 7 cents on the UCLA campus.

In an afternoon conference with J. A. D. Muncy, Goodall thoroughly discussed the matter with him. With the present cost of coffee, cups, and labor, it is impossible to sell it for five cents.

Another reason for the increase on this campus is that the students are not as careful about picking up their cups and spoons after them. This, of course, creates an added expense.

## Dole Offers Paintings

William E. Dole, instructor in art, has contributed five paintings to the Capper Foundation for Crippled Children. The paintings will be auctioned off in Kansas City for the benefit of the Foundation.

## Editorials

### The Basis of Our System . . .

A "Quote from History" offered in the *Western Star*, the official publication of the Sixth Army, is as appropriate today as it was when it was written one hundred and fifty years ago.

*"It may be laid down, as a primary position, and the basis of our system that every citizen who enjoys the protection of a free government owes not only a proportion of his property but even of his personal services to the defense of it and consequently that the citizens of America (with a few legal and official exceptions) from 18 to 50 years of age should be borne on the militia rolls, provided with uniform arms, and so far accustomed to the use of them that the total strength of the country might be called forth at a short notice on any very interesting emergency."*

—George Washington

Assistant Army Secretary Carl Bendetsen revealed the newly-found manuscript and commented, "From the founding fathers, the duty of the citizen to bear arms was so universally recognized as to be considered self-evident."

No one can disagree with a citizen's duty to give his "personal services to the defense" of the country.

However, in General Washington's day, the only way to come to the defense of the country was to bear arms. With the character of modern society and warfare such as it is, the question for college men now becomes "How, in time of national emergency, can each particular individual best come to the defense of the country, by immediately bearing arms or by continuing an education which will be of potentially greater value to the nation?"

We must search for an answer to that question . . . now!

### What About Student Counselling?

Questioning the adequacy of the present faculty counselling system now in effect at Santa Barbara College, Associated Students President Frank Goodall has appointed Representative-at-Large Eleanor Conte to investigate the present arrangements and look into the advisability of offering student aid in a counselling program.

Primary complaints against the present system are the faculty tendency to overestimate the academic prowess of many students and the fact that faculty counsellors are unable to devote an adequate amount of time to individual students due to the number of students whom they must endeavor to help.

*The advantage of offering student counselling aid would be to give new students, particularly freshmen, the benefit of the experiences of older students regarding unit loads, course choice and choice of instructors.*

Student opinion about the problem is earnestly sought by both Goodall and Eleanor Conte.

### NANCY HOUSER NEW CHI OMEGA PREXY

Nancy Houser will be installed president of Chi Omega sorority in the near future along with other new officers elected for the spring and fall semesters.

Other officers are Kay Ryan, vice-president and Panhellenic representative; Gloria Jaral, secretary; Cathy Cox, treasurer; Judy Cook, pledge trainer; Joanne Shannon, house manager.

Also Barbara Houlihan, corresponding secretary; Barbara Topham, personnel chairman; Ruth Benson, rush chairman; Marilouise Goodman, vocations chairman; and Betty Powell, social and civic chairman.

### SIG TAU'S ELECT CRIST PRESIDENT

Fred Crist is the newly elected president of Sigma Tau Gamma fraternity, replacing Ted Knudson, who held the office for the fall semester.

Crist will be assisted by Bruce Monroe, first vice-president; Bob Koenig, second vice-president; Art Clark, treasurer; Frank Armstrong, recording secretary; Bob Craig, corresponding secretary; Jo Ferguson, publicity chairman; Howard Gorton, historian; Norm Willis, rush chairman; and Brick Reed, pledge master.

"It isn't the string of pearls a man gives a girl that worries her, it's the clasp that goes with it."

## Party Lines and Party Lions

The black threat of fast approaching finals certainly didn't dim the Gaucho social scene last weekend, which saw as many formals, games, brawls and miscellaneous parties as any week in the semester.

Among those cheering the Gauchos despite a heartbreaking basketball loss to Pepperdine were Jim Stanley-Joan Harris, Al Lewis-Jane Manning, Ted Troy-Anna Peters . . . Too bad the Gaucho rooting section was taken over by some Peppy Waves.

*For the Frosh game, practically every male in the Frosh class perched on the top row of the bleachers—Burgher, Noble, Smallwood, Bostwick, Walker, etc., cheered on classmates Lightfoot, Dullea, Kohler and the rest . . .*

Dropping in to lead a yell was Bill Cunningham. He was in costume for the Mardi Gras ball . . . Ditto several others like Marian Sabiron, whose blue hula skirt drew "Hey, Honey!" calls from the kids in the balcony . . .

The SB waterfront resounded to the music of Ted Vesely at the Kappa Sigs' all-college Mardi Gras . . . Prexy Frank Goodall's suspenders broke early, necessitating his sitting in the bar for the rest of the evening. Date Betty Jo Hoeven kept him company.

*Kappa Sigs Jack Mertz and Jack Todd were there with respectively Barbara Pearce and June Murphy. The Sig Eps turned out with Bill Norton-Sally Woolsey, John Juday-Connie Harder, Bob Anderson-Joy De Field in evidence.*

The costumes were out of this world . . . Pi Phi Gloria Brittain and Vic Doerner were Hawaiians, Nancy Chmilowski and SAE Bob Mathews were gypsies, Cathy Cox and Sig Tau Bruce Monroe were Chinese . . . Spud Morrow was Col. Teddy Roosevelt, or so he explained . . .

*Pinnings lately include Grace Pope-Bill Tierny, Claire Maher-Fred Goerner . . . We toss this in by way of congratulations. Also Chi Omega Marlene Boone announced her engagement to Army man Jim Jacobs.*

Veep Elaine Strobel and AWS President Jean Tahajian led a con-

### PIANO, OBOE RECITAL OFFERED BY FACULTY

Two members of the Music Department faculty, Miss Clara Jean Lolmaugh and Clayton Wilson presented a music recital to the public Sunday afternoon at 3 pm in the Riviera Auditorium.

Miss Lolmaugh, a pianist, and Mr. Wilson, an oboist, offered a program of selections written for their chosen instruments which included works by Handel, Grovelez, Mendelssohn, Debussy, Piston and Szalowski.

tingent of Gaucho gals to Camp Cooke to dance with the boys on Friday night . . .

Saturday night saw the Chi Omegas and the Delta Sigma Epsilons tossing their annual dinner-dances at swank spots around town, while the Sigma Pi pledges hosted their actives and others held little impromptu around the town . . .

Sunday featured such deals as an Alpha Phi-Sigma Alpha Epsilon exchange at Louise's, a Delta Gamma-Sigma Pi spaghetti feed at Mom's and a Cal Club meeting (how did business get in here?) at the Alpha Phi house . . .

*All in all, the weekend was ex-hausting.*

### CAMP COOKE DANCES SLATED FOR COEDS

A campaign to send one busload of campus coeds each week to Service Club dances at Camp Cooke was instituted here recently in response to requests from Red Cross officials, according to the Dean of Women's Office.

The dances, which will be held on alternate Tuesdays and Fridays, are from 8 to 10 pm with the bus leaving at 7 pm and arriving back in Santa Barbara at 12 pm. Costume is dressy sport and about 35 girls are needed each time.

All interested coeds are urged to sign up for the dances in the Dean's Office for this vital contribution to the war effort. Dates of coming dances are Tuesday, January 9, Friday, January 19, and Tuesday, January 23.

### National History Frat Welcomes Four Members

Four new members have been initiated into Phi Alpha Theta, national honorary history fraternity, according to Sponsor Dr. Henry Adams. New members are Dr. Wilbur R. Jacobs, instructor in history, Bonetta Lee, Thomas Naff and Tanya Tatom.

After his initiation, Thomas Naff traveled to Chicago to participate in the National Phi Alpha Convention.

### "Bull-Slinger" Trophy To Spark WSSF Drive

A revolutionary idea in student contests will be held during the first three weeks of the spring semester, according to an announcement from the Associated Students Office.

A trophy, now on display in the office, will be awarded to the champion "Bull-Slinger" of the campus. Votes will be a penny apiece. The proceeds will be donated to the World Student Service Fund.

*El Gaucho* is undecided whether to support the Sports Staff or the president of the Freshman Class.

## Spevcom Seeks Info On Two-Night Coast

A "Public Opinion Poll," initiated by Special Events Committee planning the Spring "Santa Barbara Coast" charity carnival, questioned over sixty organizations about the advisability of holding the affair for two nights instead of the usual one.

Jim Mulick and Bob Christoferson hope to have the results of the poll available in the near future. They hope that the majority will favor the longer run which would increase profits and give participants more opportunity to enjoy the festivities.

Tentatively set for the middle of May, the 1951 edition of the "Coast" will feature the color and intrigue of the San Francisco waterfront, centered around the Quad and Gym lawn areas of the Riviera Campus.

A percentage of the carnival profits will be donated to the World Student Service Fund and the Memorial Student Union Fund.

### SQUIRES GET NEW VEEP

Marc Wallace was elected vice-president of Squires at a recent meeting. Specific regulations for future Squires concerning beanie sales, emblems, indoctrination, and Christmas cards are being written up by Owen Wayman and Jesse Alexander.

## Mrs Schnell Appointed To Head State Bureau In Homemaking Field

Mrs. Dorothy M. Schnell, assistant professor of Home Economics, has been appointed chief of the Bureau of Homemaking Education, a part of the State Department of Education, according to an announcement by Provost J. Harold Williams.

The appointment made necessary Mrs. Schnell's resignation from the faculty effective immediately. Dr. Williams expressed regret over losing the services of Mrs. Schnell who has been on the faculty since 1942, but termed the appointment "a singular honor to the College."

While here, Mrs. Schnell has had supervision of student teaching in Home Economics. She is the author of "Improving the Food Habits of Rural Children," and "Characteristics of Adolescence."

## TUTORING AID IS REQUESTED

Continued from page one  
some are opposed to the idea, believing that athletes should not be differentiated from other students. In operation since last spring, the tutoring service is trying to improve its facilities so that any scholastically deficient varsity member can get the aid he needs.

The Varsity Program includes public relations work through student publications, local and Los Angeles newspapers. Another objective is to arouse and maintain student enthusiasm in all sports activities.

Athletes in need of part-time work, housing, or medical attention are helped by the Committee through the various campus organizations.

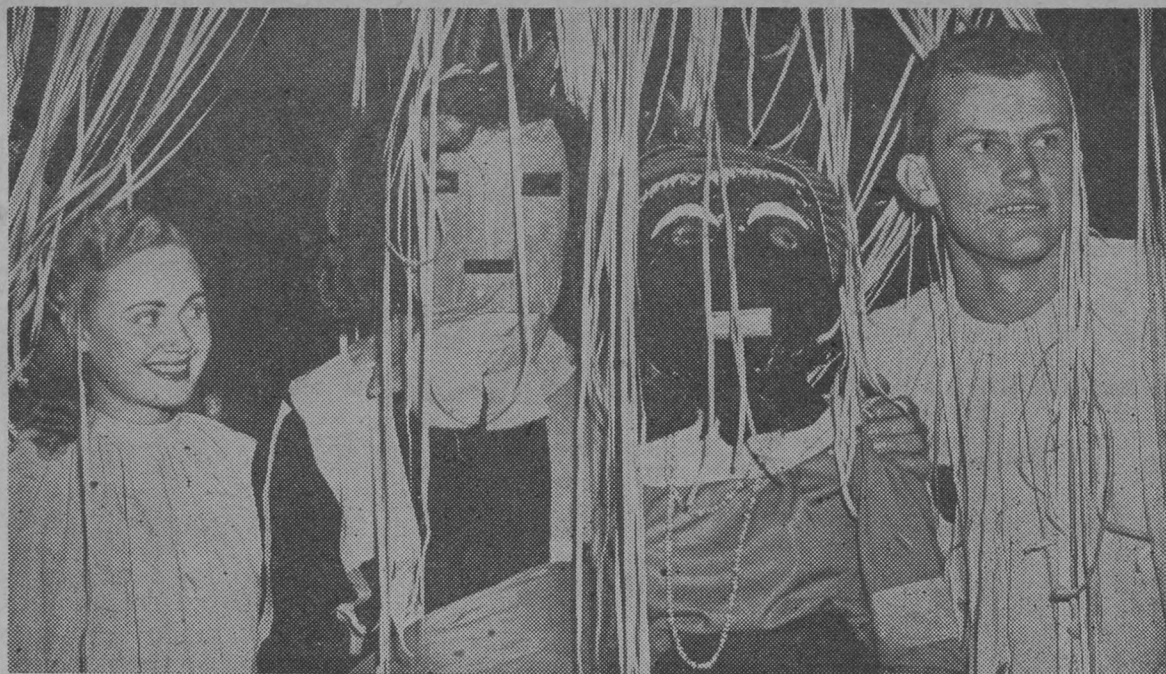

### Training Tables

Training tables are provided for athletes in baseball, track, basketball, and football. Another expense is the insurance against injury given every player.

A new scouting program has been initiated. Alumni are encouraged to contact outstanding high school athletes in their vicinity.

A sociologist is a guy who tells you things you already know in words you can't understand.

## CLEVER COSTUMES AT MARDI GRAS

SMILING THRU the confetti at the Kappa Sig Mardi Gras dance Friday night were l. to r. Solveig Dyrkorn, Jack Mertz, Barbara Pearce and Jim Carlson.

—News-Press Photo

## Paint Brush

With finals approaching, what should be coming to our town but the plush Paris Ballet giving scholars a last fling before buckling down to you know what. The performance is at the Fox Arlington tonight and the most "economical" tickets are \$1.20.

### What's His Racket?

Tennis fiends will go crazy over Bobby Riggs and his tennis team who will be here January 14 at the Municipal courts at a buck a piece (for tickets). Main attraction for some will be Gorgeous Gussie Moran.

### The Younger Set

Coming up this weekend, Saturday night, is the Frosh-Sophs Hop . . . How do Burgher's boys and gals rate top billing? Anyway, the only way upperclassmen can get in is to be took by a frosh or a soph. The place: Rockwood. The price: \$1.20 per couple.

### Darkest Africa

Everyone is movie mad about "King Solomon's Mines," showing for the third week at the State Theater. It's spectacle with a capital Spect . . . featuring Deborah Kerr and Stewart Granger, but starring Africa.

### Things to Do

Some of our Gaucho gals have been spending Friday nights morale-boosting up at Camp Cooke . . . They say those uniforms look just as good as they ever did . . .

### Places to Go

If you're thinking of squeezing a coffee date into cramming for finals, how about checking El Ranchito out on Hollister Ave.? There's a variety of hot-dogs, hamburgers, root beer and, of course, hot coffee. If you're downtown, though, try dropping in to Pete's near the Granada.

## EXAM IN FEBRUARY FOR GRAD SCHOOL

The Graduate Record Examination, required for admission to many graduate schools, will be offered to interested senior students here February 2 and 3, according to Dr. Lawrence Willson. Application blanks are available in Dr. Willson's office, Oak Hall 102, and must reach the Los Angeles office not later than January 19. Bulletins of information regarding the test and graduate schools are also available in his office.

"No preparation is possible," says Dr. Willson, "since the examination is a general one on the whole of a student's college work."

## DR. WILLSON GIVEN SABBATICAL LEAVE

A semi-sabbatical leave for the Spring semester has been granted Dr. Lawrence Willson, assistant professor of English, to complete a study of Thoreau and North American history which he began several years ago at Yale University.

## HOME EC CLUB WILL INSTALL OFFICERS

New officers for the spring semester will be installed by the Home Economics Club tomorrow at 4 pm in Room 105.

The installation and tea has been changed from the previously announced hour of 7:30 pm and all members are urged to attend.

## BRASS CHOIR TOURS

Members of the Brass Choir will go on tour tomorrow and will give seven or eight performances in the Santa Ana area.

They will play for schools at Fullerton, Anaheim, Tustin, Santa Ana, San Juan Capistrano, and Vista, and will return to Santa Barbara on Friday night.

## HERE'S THE BAD NEWS, BOYS 'N GALS FINAL SCHEDULE

## GRAD READS PAPER ON URCHIN GAMETES TO NATURALISTS

A former student, Patrick Wells, was among those reading papers to the Western Society of Naturalists, which held its annual meeting last week at Cal Poly.

Wells, a '48 graduate, is now studying for his doctorate at Stanford. He is the son of Harrington "Pop" Wells, a prominent faculty member here.

Wells presented a paper "Photo-reactivation in Gametes of the Sea Urchin, Stronglylocentrotus Purpuratus." (Ed note—sounds like he's getting places, but we couldn't be sure.)

Faculty members reading papers at the conference were Dr. John Cushing and Rhona Bennett, Dr. Barbara Blanchard Oakeson, Dr. Demorest Davenport and John F. Hickok.

Santa Barbara College was also represented by Dr. Glenn R. Noble, Dr. Cornelius Muller, Dr. Mary Erickson, Prof. Harrington Wells and Dr. Donald Wooton.

## JIM MULICK CHOSEN SIGMA PI PRESIDENT

Sigma Pi fraternity recently elected Jim Mulick to the office of president, replacing Don Fredericksen in the post.

Installed last night with Mulick were Ken Trevey, vice-president; Desmond Kincaid, treasurer; Marc Wallace, secretary; Bill Brown, sergeant-at-arms; and Norman Avery, historian.

## CONCERT CANCELLED

There will be no informal recital tomorrow afternoon as previously scheduled, due to the absence of many of the participants on Brass Choir Tour.

## Gauchos Team Splits Games

This weekend saw the Gauchos score their first 2C2A win of the season as they downed San Diego State 42-40 in a thriller, after dropping a 61-56 contest to Pepperdine on Friday. Pepperdine is now leading the conference.

Leading at halftime by 13 points, 25-12, the Gauchos had to hang on in the second period as the Aztecs, led by Forward Glenn Awrey, bounced back in the running and were breathing hot down the Gauchos' necks as the final horn sounded. The game came close to going into overtime in the final seconds as Awrey scored six points in two and one-half minutes.

### Sensational Shot

The rough game, which saw officials call 30 fouls against the Aztecs, was probably decided in favor of the Gauchos on a sensational 55 foot bucket by Allan Jacobs just as the horn sounded ending the half. The shot was strictly a desperation heave in the last second, but it looked as though Jacobs had planned it that way.

The Gauchos lost their eye in the second half and failed to score a field goal for the first 14 minutes of the period. Jack Moore finally broke the ice and Jacobs, who led the Gauchos scoring with 14 points, followed with two more buckets. The game then developed into a point trading duel which the Aztecs almost won on the efforts of Awrey, who canned 18 points to lead the scoring.

### Waves Win

A combination of height and reserve power proved too much for the Gauchos on Friday as they bowed to the Waves 61-56 after a contest which was not really decided until the final minutes when the Waves were able to forge ahead. Little Ken Milo was the thorn in the Gauchos' side and led the scoring with 17 points. Jack Moore was the Gauchos' top man with 16 points.

The UCSBC Frosh had a rough weekend as they dropped two contests. On Friday they went down before the Hawthorne Youth Center 73-44 and lost a thriller the following night to Northrup Aero Institute 61-59 on a last minute field goal by the opposition.

## ACB Forms Necessary For Org Recognition Distributed This Week

Activities Control Board forms will be sent to all organizations this week by Pat Johnson, CB chairman. These forms are necessary for any group to be recognized by the Associated Students and must be returned by February 16.

Recognition is granted to groups who wish to use any campus facilities. It is granted under University Regulation 17.

**EL GAUCHO**

## Four Teams Entering 'Mural Homestretch'

Intramural basketball storms into its final week as two fraternity and two club teams tangle in the semi-final and championship matches tonight and tomorrow in the Men's Gym.

Entering the "home stretch" are the Sigma Alpha Epsilon "A's," the Sigma Phi Epsilon "B's," the Filthy Five and the Rockets.

Tonight the SAE's duel with the Rockets in a preliminary contest to the Sig Ep-Filthy Five match. The Phi Alpha Kids will be lead into action by sharpshooting Bob Bothner, and footballer Rollie Brice. The Rockets boast such ball-hawks as Bill Cook, Leroy Krueger, and Ted Vick.

Van Sweet and Jerry Kehr hold promise of much trouble for their Greek opponents when the filthy ones take on the Sig Eps in the 8:30 fray.

Wednesday eve will wind up the competition with the winners playing off for the championship.

Recent results indicate that the SAE's and the Rockets are the class of their respective leagues. Due to the double loss elimination plan, under which the tournament is operating, these teams will meet in the semi-finals tonight.

There are three sides to every question: your side, the other side, and to hell with it.

## HOOPSTERS WIN TWO OVER VACATION, FALLING TO SAN JOSE, USC, CAL POLY

During the Christmas vacation the Golden Gaucho cagers of Coach Willie Wilton evened up their season's record at five-five. The men of the Blue and Gold fell to San Jose State, USC, and Cal Poly while upending LaVerne and University of Redlands.

San Jose State, ranked by Sport Life as the tenth best team in the nation, edged the Gauchos 45 to 38 the first Friday of vacation. Lloyd Heavin, forward transfer from Fresno JC where he was eighth highest scoring JC player in the nation last year, led the scorers with 11 markers.

### Trojans Triumph

The Gaucho machine outscored the SC regulars, who played the second half, but were unable to match the hustling reserves who played the first half and ran up a 35-18 halftime edge. The final was 71-49. Heavin and Otey Scruggs, with 16 and 10 points respectively, led the Gaucho attempt.

Playing in the Los Angeles State College tournament, the Gauchos

edged a surprisingly strong La Verne college quintet, 40-38. Jack Moore's 13 points were high for the victors. In the semi-final game Cal Poly, favored to fight Pepperdine for the 2C2A title, slipped past the Gauchos 50-45 as Scruggs dropped in 12 points and Tom Moss 10 for UCSB.

### Redlands Win

Unhappy over such events the Gauchos rolled to an unexpectedly easy win over defending Southern California Conference co-champion University of Redlands, 58 to 48. Allan Jacobs' 20 points, 14 of them in the first half, led the Gaucho scoring parade. Heavin hit for 14 tallies.
