THE STUDENT BODY WEEKLY OF THE SANTA BARBARA STATE COLLEGE

Pep Committee
Will Campaign

SEVENTH YEAR

SANTA BARBARA, CALIFORNIA, FRIDAY, NOVEMBER 18, 1927

Vol. VII.—No. 10

PROGRESS ON H. E. BUILDING AT STANDSTILL

President Phelps is awaiting the arrival of plans for the Home Economics and Science structure from the architect's office at Sacramento, following receipt of a letter stating their arrival in the near future.

Checking and approval will follow their arrival, and they will immediately be returned with any amendments or changes to the state office.

Upon final approval at Sacramento, the state officials will advertise for bids for 30 days. After that time bids will be opened and the contract let. The construction work will follow immediately after the contract awarding, and this should take place some time after the first of the year. "How much after the first, I do not know," stated President Phelps.

207 WARNINGS GIVEN STUDENTS ON WEDNESDAY

Flunk notices, affectionately called "valentines" by appreciative students, numbered 207 for the regular mid-semester distribution which took place last Tuesday afternoon. The number is the largest ever distributed, previous records having reached only 180.

Over 360 of the notices were given out to the 207 students, some receiving as high as five apiece, or one for each subject. Of the total, 99 men were victims, with 108 women.

A new form of notice was used in the present distribution. Differing from those used previously, they contained three grades of seriousness, which were described on the cards as follows: "Passing but unsatisfactory," "slightly below passing," or "seriously below passing."

DEBATING TEAM IS CHOSEN BY FORUM

The debating team of the Forum club was chosen this week with Benjamin Margoles as captain. The other members are Elizabeth Dearborn, Alithia McCullough, and Alvin McElroy.

The first debate will be held on Tuesday, November 29. The question will be, "Resolved, That the H. L. Mencken School of Thought endangers American ideals." The affirmative and negative teams have not been selected. Dr. Maxwell is the coach for the debaters. Marion Keep has charge of the debating department of the club.

Further try-outs for the coming debates will be scheduled later.

'GIBBY' IS ELECTED THE NEW CAPTAIN OF FOOTBALL

Gibby Martin, stellar end on this year's football team, was elected captain of next season's squad in the final meeting of the year last Monday. Martin is a two-year letterman and next season will be his last at Santa Barbara.

The new captain has been one of the outstanding players this year, both defensively and offensively. He has speed and a world of fight in addition to a good knowledge of the game. He was captain of last year's Frosh basketball squad.

Coach DeGroot thanked the men for their co-operation this year and predicted a conference championship team next season with but a few men leaving. The men who will not return next year are Gates Foss, Tad Foss, Ray Denno, Gordon Clow, "Tiny" Annin and Jack Vince.

JOURNALISM CLUB ELECTS OFFICIALS

Officers were chosen and the constitution accepted at a meeting Monday of the charter members of the journalism club being organized on the campus.

Jack Smith was unanimously chosen president. Floyd Kenney and Josephine Black tied for the position of secretaryship, Kenney withdrawing in favor of Miss Black. Marie Cochran and Adele Miles automatically became first and second vice-president respectively.

Miss Miles will also have the office of Social chairman, while Franklin Anderson will be publicity manager for the club. Dr. Maxwell is the faculty sponsor for the club. Dan Britton will work with the Social committee, while Floyd Kenney will head the membership committee.

Art Department Has Plans for Functions

The Art department, in their meeting Tuesday, planned many social events for this semester and also for next. A dinner dance will be given at Margaret Baylor Inn in December. A Christmas party will also be given.

Edward Brown, the social chairman, found it necessary to resign. Marion Osborne was elected chairman and assistant-chairman.

PEP COMMITTEE SELLS

Tickets will be on sale today and next week by the Pep committee. Gene Harris will have direct charge of the campaign to be carried on for the raising of money to pay for the stickers.

"Buy a sticker and advertise both yourself and your school," was the advice of Gene given out for the students who are going home for Thanksgiving.

ALTITUDE RECORD TIED BY S.B.S.C.

The Santa Barbara State college although it cannot claim the championship of the California Coast conference this year, has one claim in which it is tied with the entire United States, namely the tallest football player in America, Melvin Homfeld, a student on the campus.

Homfeld, commonly known as "Altitude," touches the stick at six feet seven inches and goes into a tie with Paul Jessup of Washington University for first place as the tallest football player of America. Altitude weighs 180 pounds and is eighteen years old. He came to Santa Barbara this fall from Wasco.

Homfeld, according to reports, has not grown an inch in height in the past few years and is regarded as somewhat of a wonder as he reached his record breaking length at the age of fifteen. Although Homfeld has not been seen in action much of the time this year, he has been out for practice every night and has been a member of Captain Floyd Kenney's Varsity, otherwise known as "Goofs."

FURNITURE FOR NEW BUILDING DELAY OPENING

Opening of the new Administration building, previously set for next week, was indefinitely postponed this week when equipment for several parts of the structure failed to arrive. The final date is not decided.

Hardware for doors, which must be specially made, and motors for the ventilating system, have not made their appearance as yet. Furniture for the library will be delayed further beyond delivery, coming from Buffalo, N. Y.

Work of installation of the telephone system, the clock and gong systems, and the heating connections, is being completed at the present time, according to President Phelps. A change in the water mains and the pressure involving considerable labor and time has been necessitated.

HOME ECONOMS HOLDS CAF DINNER TONITE

The Phi Omicron Iota club of the Home Economics department is sponsoring a social evening in the cafeteria on November 16th, beginning at 6:30. The faculty and new students of the department will be the guests of honor.

A program of music, reading and speeches will be carried out during and following the dinner. The president of the club, Helen Donnelly, will act as toast-mistress.

A. W. S. VESPERS TO BE HELD FOR THANKSGIVING ON MONDAY

The first vesper service of the year will be held next Monday, November 21 at 4:30 in the music cottage under the supervision of the A. W. S.

Mrs. Calvin McCray will speak on "Thanksgiving." Helen Thompson will give a reading. Mrs. Helen Barnett is in charge of the music, and Ida Vizzolini will take care of the poster-making. Decorations will be made under the direction of Rebecca Hineman. Lua Thurmond as vice-president of the A. W. S. is arranging the service.

A Thanksgiving basket will be given by the A. W. S. and all contributions of money or food may be placed in the box in the corridor.

"The vesper services are given primarily to supply the lack of a direct religion on the campus," stated those in charge of the affair. "That is why we like to have as many as possible attend."

REMOVAL OF TREES TO CLEAR GROUNDS

A new view of Santa Barbara, the city of trees, and its surrounding green hills, will be opened before long on the south side of the campus. The heavy shrubbery and trees grown up on the hill in front of the western side of the main building, have necessitated a wholesale clearing.

The largest trees are to be left, according to President Phelps. The shrubs are all mountain plants, having been taken directly from the hills in back of the college when first planted. They were later interspersed with trees, and these have grown to sufficient size to permit removal of the underbrush.

Work was started last Saturday and will continue next Saturday. When completed a much wider vista will be opened to this main section of the campus.

FRAT PRESIDENT SMEET

A meeting of the presidents and one member of each fraternity on the campus was held Tuesday night to discuss plans for forming an inter-fraternity council.

It was pointed out by those advocating the movement that such an organization would create better relationship and co-operation between the fraternities.

STUDENTS WIN PRIZES

Three college students won the contest sponsored by the downtown merchants for the college and high school students. The first prize of \$25 was won by Richard Zinser; second, \$15, by Joe McFarland, and third, \$10, by Marilyn Jameson.

The subject for the essays was: "Trade in Santa Barbara."

PICTURES ARE TAKEN OF THE ADM. BUILDING

A picture of the new Administration building for a contest being sponsored by the American Architectural association is to be photographed in the near future by Contractors McDonald and Driver. Pictures from contractors building in various parts of the country are received in each contest sponsored by the association, and from the best are chosen a few prize-winners. These are finally judged by a committee visit of inspection.

McDonald and Driver recently won two prizes with a church and a club building. It is hoped by the contractors as well as the college administration to have Santa Barbara State represented by such an honor, which is based entirely on beauty of architecture.

TWO FRATS HAVE HELL-WEEK FOR THEIR PLEDGES

"It's hell to be a pledge," say the young hopefuls of the Tau Omega and Sigma Alpha Kappa fraternities as they enter "Hell Week," the annual reign of terror for frat pledges.

It is during this week that the Greek letter societies initiate their pledges into full membership. The victims appear to be facing their fate with composure, but it is expected that the carnage this year will be very imposing.

The unlucky victims of the Tau Omega are Fred Imes, Ansgar Larsen and Art Hill. The ill-fated pledges of Sigma Alpha Kappa are Cliff Weiser, Merton Harlow, and Carol Neiswanger.

A. W. S. DELEGATES AT MEET IN REDLANDS

Four official and two unofficial delegates left yesterday for the Associated Women Student's conference being held at Redlands University. The four officials are Clara Barrett, Lua Thurmond, Pearl Crawford and Rosamond Martin. The other two are Dean Pyle and Viola Barr.

The conference begins Thursday evening with a general executive board meeting. There will be a Round Table discussion. Santa Barbara delegates will lead the discussion.

Topics that will be discussed are Law Enforcement League; Social Activities, Vocational Guidance.

The delegates will go to Los Angeles by train. There they will be met by Clara Parrot's father, who will take them to Redlands.

A SOLUTION FOR ASSEMBLIES, RALLIES

THERE seems to be, in this college, no interest taken in the rallies and assemblies. Is it because the assemblies themselves are boring? It is thought not, though it might have been that the one assembly attended and by which all others are judged, was less interesting than the average.

Is it because those who take part in entertaining are not interested? That might easily be, because the mood of an actor, of an entertainer, or of the speaker, is usually the reflection of the mood of his audience.

The yell-leader is not the same at the rallies as he is at the games. Perhaps it is because of the excitement of the audience instilling enthusiasm into the leader. Thus it may be seen that the audience is at fault.

Excitement and interest are infectious, contagious. They cause the one standing on the stage to give forth of his best to rivet the easily diverted attention of college students.

It seems to be the fashion to cut rallies and assemblies, but if there was a vital object in view, a fear that something good would slip away if one or the other were missed, then it would be the fashion to scorn the one who would deign to refuse to attend a rally or assembly.

The Freshman Day assembly was a record breaker. Why? Because the students knew that there was going to be something there that would amuse, entertain. That is what makes all class day assemblies better attended than others.

Amusement is not a necessity, but entertainment is. "They wedded, though parted." That paradoxical statement is especially true of the students who are brave enough to make a part of the audience in that they are there physically but not spiritually.—D.C.

NOTHING EVER HAPPENS HERE

ONE of the most common remarks heard on this campus introduces the editorial taken from the Detroit Collegian. The article was written in a northern college paper, but its contents might well apply to the Santa Barbara State campus. The person who peevishly and disgruntledly wails the lack of things doing is the very one who does nothing and can do nothing because of his blindness and deafness to the things that are vital.

"Aw, hell," says the dapper but bored collegian as he flips the ashes from a cigarette, "I'm going to a regular school next year. Nothin' gever happens here."

In a vacant room on the second floor a youth is poring over a book. The book is pretty hard reading, he finds; it would be hard for anyone who had never heard or seen a word of English until a year ago. Far away, in a little village near Odessa, his brother is reading Ruskin.

It is four days before the big game. Yes, it is a big game. Of course, it will not burn up the Associated Press wires and Grantland Rice will never hear of it. But, nevertheless, the men who are preparing for it can think only of victory. It is yelling that makes throats husky and there is only one kind of fighting spirit.

The son of the laborer adjusts the microscope. Never before has he seen an amoeba, much less heard of one. He decides that the night he and the fellows sneaked out to see the burlesque show was not quite the ultimate in human experience, and fortunes in copper and oil vanish—at least for the moment.

The collegian slicks back his hair with his hand; he adjusts his necktie and is all set for a large evening at the Palais de Terpsichore. "Nope, nothing ever happens here."

Nothing ever happened because he was not interested in things that made happenings. The youth learned English and returned to his people with his knowledge. The thoughts of victory tore the game from the other team for the home men. The laborer gained new thoughts and new inspirations from his glimpse of the lowly amoeba. And yet, according to the collegiate Beau Brummel, nothing ever happened.

THE PEST

By DICK

WHO IS THE PRETTIEST BABY ON THE CAMPUS? AFTER HUNDREDS AND THOUSANDS OF REQUESTS THAT WE ANSWER THIS QUESTION, WE HAVE DECIDED TO STAGE A MAMMOTH POPULARITY CONTEST AMONG THE BABIES OF THE COLLEGE.

Anyone will be admitted, even upper classmen. Today will go down as a red-letter day in Santa Barbara; today, officially, opens the big-league baby contest on the campus. A contemporary last week started a baby contest, but it was a mere fog thrown about the really big baby contest which will be sponsored by this column.

The prizes which will not be given in this contest include—

First—\$5000 in cash or in new Ford cars.

Second—\$3000 in cash or in subscriptions to the Eagle.

Third—College Administration building.

Fourth—Rolls-Royce touring car.

Fifth—Packard straight-eight coupe.

Sixth to Tenth—Cadillac sport roadsters.

Tenth to One Hundredth—One pint Bourbon (adv.)

Next One Hundred—One pint gin.

MANY CHARMING ENTRIES ARE ALREADY WORKING HARD TO TAKE AN EARLY LEAD IN THE CONTEST.

Floyd Kenney has a large squad of men under his command scrambling hither and yon gathering votes. In an effort to make his baby-like features more prominent Kenney has even ordered his whiskers to stop growing. Another likely candidate is Keith Gunn, said to be Scotch. Gunn is practising daily a lisp which will give him the true baby accent.

Entries may be sent to The Eagle office at any time. From the Eagle office all entries will be carefully filed in the waste-basket. Many entries will be announced in the issue of next week... This contest is unlike other popularity contests in that popularity really has something to do with it. Popularity will not be judged by the number of subscriptions turned in.

THERE ARE NO RULES FOR THE CONTEST. IT IS OPEN TO ALL. MAY THE BEST BABY WIN. THE CONTEST WILL LAST INDEFINITELY AND THE PRIZES WILL BE AWARDED AS SOON AS THE JUDGES ARE ABLE TO REACH A DECISION.

Anyone who has a particular grudge against any person about the school may enter his enemy in the contest by leaving word in the Eagle office. The enemy will find his name prominently mentioned in the Eagle's next issue.

(All rights reserved — "The Pest.")

I'm very sorry, but you must have the wrong column. I really can't answer that question. I've been thinking of starting such a department, but do you suppose it would pay?

Governor Young Opens New U.C.L.A. Bridge

Los Angeles, Nov. 19.—(PIP)—Governor C. C. Young officially dedicated the new \$110,000 entrance bridge to the new site of the U. C. L. A. campus. When he severed the blue and gold cords that closed the bridge and thus formally marked its opening, he said, "The University of California at Los Angeles will eventually be larger than its northern affiliate because of its location. Students and the regents were participants in the dedication.

MRS. CROSWELL WRITES

Mrs. Crosswell, head of the Art department of State college, has written an article, "Beautifying Santa Barbara," which will appear in the December edition of The Official Magazine of the Parent-Teachers' Association.

OUTING CLUB OUTS

The Outing club announces another event for the week-end. This time a trip to the club's cabin on the Santa Ynez river.

The party will leave Saturday morning, and the return will be made Sunday evening, while a few will remain overnight. A list is posted on the bulletin board for the convenience of those desiring transportation.

U.S.C. Sophomores Have Official Togs

U.S.C., Nov. 10 — (P.I.P.) — Sophomore students at the University of Southern California have adopted an official sweater to distinguish them from members of other classes. Women, as well as men, will wear the sweaters, as it is claimed that the texture and colors of these garments have been designed especially to please feminine taste.

In addition to the sweaters, there has been some talk of the Sophomore men adopting the exclusive use of blue dungaree pants.

SANTA PAULA MEET ATTENDED BY FRYE

Winifred M. Frye, president of the Santa Barbara Business and Professional Women's club, attended a meeting of the southern district federation held at Santa Paula Saturday. Clubs from the entire southern part of the state were represented.

Following the business meeting at 4 p. m. a tea and reception was held at Glen Tavern. At 6:30 a dinner at the Santa Paula Union high school was served to more than 200 club members. Following the banquet a splendid program was given.

The Business and Professional club of Santa Paula was the host, unexcelled in the generosity of its hospitality and gracious friendliness, according to Miss Frye, who was unstinted in her admiration.

Students Lead Quiet Life At N. Y. Central College

The existence of a "night life" or "escapades" has been indicated as being nil in the lives of 200 undergraduates at City College, New York, as revealed in the replies to the questionnaire sent out.

Instead, the average City College student leads a comparatively quiet life. He studies more than three hours a day, enjoys about two hours of outdoor recreation and goes to bed before midnight. Of the 200 schedules tabulated, 88 indicate outside work of some kind. Students work on an average about 20 hours a week and consequently find little time for recreation.

Travel and meals consume about four hours of the day. To the question whether the students played any musical instruments, 24 of the 200 answered in the affirmative. Likewise only 23 admitted they sang. Along with the replies to this last question appeared the following remarks: "Only in the bathroom." "I try, but—." "It is a matter of opinion."

The general character of the replies was not so much as a result of anticipated censorship as of the fact the students were at a loss to list in detail their future activities, it was said at the college.

STUDENTS HAVE ANOTHER TRIAL AT APT. TESTS

On Tuesday, the 29th of this month, at the fourth hour, those students who did not make a satisfactory score on the first College Aptitude test, will be given an opportunity to try again!

It frequently happens that on the first or second attempt at this kind of a test, a student is either nervous or bewildered or overconfident, or failing to see the reason for taking the test at all, does not really try to make a good showing. In any of these cases, the score he makes does not really represent his actual ability, nor his true relative position in his class. In this college no definite rating is recorded until the student has been given ample opportunity to show his real ability.

Figures are now available for comparison of the gross scores of our Freshman class with the Freshman class at Chicago university.

Only 28 students out of the 630 students made scores higher than our best students. Of these, only four, three men and one woman, made scores more than 20 points higher than our highest. Our highest score was made by a man, with a woman a scant point behind. Chicago's highest score was made by a woman, with a man slightly behind. In both examinations, the middle score for men was somewhat higher than the middle score for women. On the other hand, in both tests, the lowest 10% had more men in it than women. Advocates of the doctrine of the superiority of either sex may interpret these results to please themselves.

All of our students who made gross scores below 85, which is roughly the lowest quarter of the class, are asked to take a second test of the same type, on the 29th of this month. Any other student who wishes to try to raise a previous score is welcome to try this next test, according to Miss Bishop. This opportunity is open also to any who made unsatisfactory scores last spring. No fee is charged anyone for a second test.

It will be greatly to the advantage of all such students to review the first test paper with Miss Bishop before the next test. Miss Bishop will be in her office, except the fifth hour, all day on Monday and Wednesday of next week, and Monday of the following week, to see any such students.

MANY ALUMNI WERE PRESENT AT DANCE

Many alumni were present for the dance held last Saturday night for the San Diego fellows. Henry Batchelder, Student Body president last year; Eleanor Warren, president of the A. W. S.; Wilma Appleton, Margaret Patrick, Ester Janssen were guests.

Reid Hollingsworth and his orchestra furnished the music. Doris Smith and Lawrence Ruiz gave a gypsy dance number.

Mr. and Mrs. Peters, Wilbur Selle, Mr. and Mrs. Ericson were sponsors for the affair. Other faculty members who were among the dancers were Mr. and Mrs. Barnett, Dr. Ellison, and Dean Pyle with her escort, Dr. Evans.

A large purple banner with the gold words, "Welcome San Diego" hung from the balcony. There were no other decorations. Punch was served in the short corridor off the Blue Room.

OFFICIALS CHOSEN TO FILL VACANCY

On Thursday, November 10, the W. A. A. held an election for the two offices left vacant by the resignation of two officers. Beryl Dunning was elected to Women's Athletic manager to take the place of Elizabeth Cash, and Helen Thompson is the manager of archery. She will replace Anna Nygren. Miss Cash and Miss Nygren were forced to resign because of ill-health.

Women's basketball will begin the week after Thanksgiving, according to an announcement made by Mildred Minched, head of that sport, in the W. A. A. organization. Prospects show that it will be a good year for women's basketball.

OLDEST FRAT PIN FOUND

THORNBURY, Pa., Nov. 18.—(IP)—The oldest fraternity pin in America, a Phi Beta Kappa key presented by William and Mary's college of Virginia in 1776 to John Graham, a Revolutionary soldier, has been found on the site of the battle of Brandywine.

FIRST OUTING OF ART STUDENTS FUN

A beach party wiener bake featured the first social affair of the Art department yesterday on Mrs. Crowell's beach lot at Orella del Mar.

Over thirty people were present, including art students and their guests. Henrietta Barnes prepared the menu while Maude Robinson and Farian Osborne had charge of the entertainment.

Beach games were played up to six o'clock when supper was served. As the party ended, it was decided by an unanimous vote that the Art department must give another in the near future.

BERKELEY MEN PEEVED

Up at the State university at Berkeley the men students, bedecked with insignia of their college, complained that the girls were disloyal in not wearing such decorations. When the matter was looked into, however, it developed that the girls wear so few clothes there really isn't any place for college insignia, so that the charge went flat.

"I call my girl Ketchup, 'cause she's pure, but artificially colored."

Water Buckets Are On Wane at Stanford

PALO ALTO, Nov. 19.—(PIP)—No longer will water buckets be seen on the Stanford Farm. At least not on the varsity gridiron. Early in the season individual drinking cups carried on a special tray were used on the field by Trainer Wallace Denny. Last week a new one was sprung. Candidates for football managership were seen wheeling a contraption resembling a miniature fire engine on the sward at the call for water.

The water wagon is the invention of Dr. George A. Storey, director of the physical education department. Water is under pressure in a tank and one merely has to press a spring to release a spray.

HOOP GAME BEGINS FOR FOOTBALL MEN

With the grid season ending with more or less success, all interest is being focused on the coming basketball season. Prospects are bright this year with nine of last year's varsity back on the court and several good men coming up from last season's Frosh aggregation.

The list of veterans is headed by Capt. Bert Clemore, a fast forward and a sure shot. Other men are Glover, Morehead, Williams and Kerney, forwards; Gates Foss and Lyman Curtis, guards, and Denno and Vandam, centers. Last year's Frosh additions are Martin, Cravens, Tad Foss, Boeseke and Pollard.

The season will officially open with the interclass games the week after Thanksgiving. The Juniors, last year's champs, are favored to grab the honors with an all-Varsity line-up. The Frosh have been practising for three or four weeks and may pull a fast one on their older brothers.

A tough schedule calls for sixteen games and a two-weeks trip. Of the sixteen games only six will be played at home.

A Freshman team will be organized and a schedule of games arranged. From the looks of things a red-hot aggregation will represent the Pea-greens. Homfeld, lanky six-foot-seven center, looks good, as do Paulin, Weaver, Petersen, Shannon and Glasby. A larger turnout will be seen with the first call for practice.

Miss Jessie Specker is teaching a class in art at the Soldier's Home in Sawtelle.

New York: "Look at them three pigeons."

Cape Cod: "Them's not pigeons, them's gulls."

New York: "Pyes or gulls, them is mighty fine pigeons." — U. of R. Campus.

The tall, proud girl turned haughtily to the white-robed figure. "Have you no heart?" she asked in a low tone.

"No," he replied.

"Well, give me ten cents worth of liver."—Chico Wildcat.

AZTECS TAKE GAME AFTER HARDBATTLE ONLY 13 TO 16

Profiting by an intercepted pass thrown in semi-darkness, the San Diego Junior college eleven placed the ball on the Roadrunners 30-yard line and with line bucks and forward pass pushed the ball over the chalk line to win the contest 13-16.

Last Saturday's game, played at Peabody Stadium, was the Varsity's last gridiron encounter for this season. The splendid exhibition of football playing is gave was a fitting conclusion to the season's games.

The victory would undoubtedly have been Santa Barbara's if the forward pass, called for by Glover, on the Aztecs' 10-yard line, had not been made. San Diego grabbed at that last chance. One of the backfield, after intercepting the pass, ran the ball down to the Roadrunners' 30-yard line. The San Diego team fought like Trojans for their winning tally. They succeeded in making the goal only in the few seconds before the end of the game by means of a pass from the 7-yard line over the goal.

The first touchdown was scored by the San Diego State by means of several deceptive plays and a charging line that temporarily swept the Roadrunners off their feet in the first five minutes of play. Garner of the Aztecs took the ball over for the touchdown. Johnson kicked for the extra point.

Cameron's drop kick, after the San Diego team was held for its fourth down on its march to the goal, on the 15-yard line boosted their lead to 10 points.

The Roadrunners came back in the second quarter and broke through the San Diego line for two touchdowns to put them in a lead that held through until the final minute of the game.

Early in the second quarter Clemore made a beautiful 20-yard run and aided by successive line charges that put the ball on the 10-yard line. The halfback then went through and made first down. A touchdown followed.

On the next kick-off San Diego was able to bring the ball forward only five yards from their two-yard line. Santa Barbara returned the San Diego punt and San Diego punted again. With the ball in the Roadrunners' possession, Glover made a 20-yard run, after a loss, and opened the way for the second touchdown, when a pass from Gates Foss to Clemore was completed at the goal line.

The Roadrunners looked close to a third touchdown in the same quarter, when in midfield, Clemore broke through the line and ran 40 yards before he was stopped. Next a pass from Basten to Glover and the ball was on the opponents' one-yard line as the half ended.

Beginning the second half by some cleverly faked plays, Capt. Foss and Glover proceeded with the ball to the 15-yard line where it was lost on downs. Later in the quarter Thurmond intercepted a

SOPH WOMEN HOLD HOCKEY VICTORIES

By winning the second hockey game last Tuesday afternoon on the high school field, the Sophomore team won the championship for this year. The score was 4-0, repeating the victory of a week ago, although the Freshman team played a much better game this Tuesday than before.

The same line-up was on the field. The game was refereed by Miss Van Fossen, and Miss Weage acted as scorer. Mrs. DeGroot, who has coached the women during the season, was timekeeper.

pass and after an exchange of punts the Roadrunners took the ball and began advancing against the Aztecs but lost the ball on downs when the quarter ended.

The Varsity maintained its 13-10 lead through the fourth quarter until the tough break occurred that enabled Johnson to intercept a pass and tear down the field for 60 yards for the Aztecs. Aided by line plunges and a short pass, the San Diego eleven scored their second touchdown.

It was a bitter defeat for the Roadrunners after having played such a consistently excellent brand of football throughout the entire game. Clemore and Vince played a fine game of football and Basten contributed to some spectacular moments with a 68-yard kick in the first quarter.

TWENTY ENJOY HIKE

Friday morning at 8 o'clock about 20 members of the college started for Painted Cave. They stopped at the National Forest reserve where they had lunch and took a 10 mile hike. After lunch they proceeded to an orchard where they gathered apples and made cider. They returned about 4 o'clock.

THEY'RE WINNERS!

Put on one of our new Collegiate Sweaters and a pair of Campus Cords and you'll give the Co-Eds a real treat. For strong wear, style, comfort and price this outfit can't be beat.
