FREE Contact Lens Consultation

“Why didn't I get contact lenses sooner?”

This is the regret I hear most often from my new contact lens wearers. They seemed to put off getting contact lenses for one reason or another. For most, it was fear of the unknown. They just didn't know if they could wear contact lenses.

That is why I offer Free contact lens consultations. Have you wondered if you could wear contact lenses? Is your prescription well-suited to contact lenses? What would contact lenses feel like on your eye? Can you even get a contact lens in your eye? What would colored lenses look like in your eyes? Or maybe you have tried contact lenses in the past and want to know if there is a newer and better lens for you. I can answer all of these questions for you at your Free consultation. I can also try contact lenses on your eyes. There is no charge or obligation. So don't wonder if you can wear contact lenses. Find out. Life is too short for regrets.

Phone today for an appointment.

Don't Delay. Get the contact lenses that will make you look and feel great. Call now.

MEET THE NEW DOCTOR IN GOLETA

Hello,
I'm Dr. Lori J.J. Sender, D.C.

I can help you!
I specialize in:

- Sports related injuries
- Work injuries
- Neck pain
- Headaches
- Numbness
- Chronic & difficult cases
- Back pain

CALL 964-0222 TODAY
You have nothing to lose but pain!
25 Carlo Dr.

I have helped hundreds of people find relief from these common ailments. My six years in college prepared me to offer non-surgical and drug free treatment to these symptoms which some people have lived with for years. If you have not found relief, if you have been told "you'll have to live with it," if you are taking pain relievers often, I want you to call my office for an appointment.

ARE YOU IN PAIN?

IT COULD BE A PINCHED NERVE.

Relieving the pressure on your nerve (at the site of the pinching) causes the pain to go away. That's why a Doctor of Chiropractic adjusts your spine to relieve pain from your head to your feet. The chart below shows where the nerves are located which control the various parts of your body.

If you are taking pain killers, you are covering up the pain, and the pain will usually return. If you have been unable to find long-lasting relief from pain, I urge you to try chiropractic.

This examination will include an orthopedic test, a neurological test, a spinal alignment check, and a private consultation with your doctor. If X-rays or other tests are needed to arrive at a diagnosis, you will be advised of any costs before proceeding.

WORKERS' COMPENSATION AND MOST INSURANCE COMPANIES COVER CHIROPRACTIC CARE TO POLICY LIMITS.

Hi, I'm Dr. Mark L. Duell, Sr., Doctor of Chiropractic. Perhaps gentleness in chiropractic is a new concept to you. It was to me before I began the six years of college training necessary for my doctorate degree. During those years I learned the precise locations where light pressure can bring chiropractic relief to pain.

In addition to my doctorate, I have a bachelor's degree in Human Biology. Since college I have completed courses in Activator, Nutrition and X-Ray. Even now I devote three days every month attending a nationwide seminar on chiropractic.
