

HERE'S ARNOLD

Throughout the semester, several persons have expressed concern over the absence of "Arnold" from the pages of *El Gaucho*. Subscription to this series of cartoons is expensive and thus not possible within the limited budget under which the paper operates.

However, as a gesture toward those who would like to see more of "Arnold", we have gone into our morgue and drawn out several old cuts of this cartoon. A collection of strips from the "Arnold Archives" can be found on page 2 of this issue of *El Gaucho*.

CCAA MEETS IN WEEKEND SPOTLIGHT

'MUSIC OF AMERICAS' BEGINS THIS WEEKEND

"Music of the Americas" will be featured by the University Symphony Orchestra in the first of three weekend concerts at the University of California, Santa Barbara concluding the 1961 contemporary music festival.

Under the baton of Dr. Erno Daniel, the University Symphony will make its fourth and final appearance of the year on Friday at 8:30 P.M. in the UCSB campus auditorium. On Saturday evening, the festival will continue with a program of student soloists and ensembles. Next Sunday, (May 7) the famous Lenox String Quartet will close the contemporary festival with a program of modern American string works. All events are open to the public without charge.

The Friday evening University Symphony presentation will include works by Roy Harris, Norman Dello Joio, Alberto Ginastera, and Ernst von Dohnanyi.

POSTON ENTERS MEDICAL SCHOOL

Miss Frances A. Poston, a UCSB junior majoring in physical education has been accepted into the curriculum of physical therapy at the university's San Francisco medical center.

Miss Poston, who is now enrolled in the new program in physical therapy at UCSB, will be the first UCSB student to enter a medical school for completion of her degree in this field.

The Santa Barbara undergraduate is a native of Washington. An excellent student, she is also active in the inter-collegiate program and other activities of the women's physical education department. Miss Poston has participated in several tennis tournaments.

COMMUNIST CHINA TOPIC OF LECTURE AT LOBERO

Mr. Frank Pestana will present a lecture entitled "Six Weeks in Communist China" Thursday, May 4, at 8:15 P.M. The lecture is to be held at the Lobero Theatre in Santa Barbara and will feature slides made by Mr. Pestana in 1959, when he travelled through China for six weeks. A question period will follow the presentation.

Pestana's visit to China came about through a chance encounter with a former classmate of his at UC. Pestana and his friend, Tang Ming Chao, met in Stockholm, where Tang was Chinese delegate to a conference. Tang, now an official of the Chinese government in Peking, invited Pestana to return with him and arranged for his visa.

Tickets for the lecture cost \$1.00 and are available at the Lobero box office. Proceeds will go to KPFK, the station without commercials or commercial sponsors. The benefit lecture on

BILL 698 FAILS

Bill 698 has been shelved for a period of two years. Last week the state legislature turned down immediate action proposals for initiating a \$100 per semester tuition at campuses of the University of California.

"Radio Piece" by Harris, one of America's foremost contemporary composers, was written in 1946 and commissioned by the Stromberg-Carlson station, WHAM, in Rochester, N.Y. The first performance of this work was broadcast on this station and conducted by the composer. In composing "Radio Piece," Harris has aimed to "highlight" the string section and the piano.

Dello Joio's "New York Profiles" which is next on the program is a musical expression of four typical New York scenes — "The Cloisters," "The Tomb," "Little Italy," and "The Park." The distinguished American composer uses a Gregorian theme in musically describing the first of these metropolitan landmarks. In the section dedicated to Grant's Tomb, a muted trumpet is used and one can hear "The Battle Hymn of the Republic." "Little Italy" is a gay dance, and "The Park" suggests a leisurely stroll through Central Park.

"Estancia" by Ginastera, the South American composer, represents dances from the ballet which are based on Argentine country life. The first performance of this work was given at a symphonic concert in Buenos Aires in 1943.

The Friday evening concert will close with the orchestra's performance of Dohnanyi's "Stabat Mater" for chorus and orchestra. The UCSB Women's Glee Club, under the direction of Miss Dorothy Westra will assist with this work. Dohnanyi, a Hungarian composer, wrote the "Stabat Mater" while at the University of Florida. It is the last large work of the late composer and was given its world premiere in 1955 under Dr. Daniel's baton in Wichita Falls, Texas.

Thursday is presented as part of a fund-raising campaign organized by Santa Barbara supporters of the program.

Aquacade Group pauses during Practice session for weekend performance.

STEAK BAR-B-Q

Come one, come all! The Frosh and Sophomore classes invite everyone to the beach party and steak bar-b-q they will be sponsoring on Sunday, May 7. The all-school event will be held from 3-10 (P.M.) at Refugio Beach, and it promises a lot of fun, laughs and good food. The tickets are on sale now at the cashier's office and are only \$1.50 per person. Ticket sales will end next Tuesday, May 2, so buy now!

There will be folksingers present who have been recruited from the talented ranks of UCSB's student body. All who attend are urged to bring guitars, bongos, etc. and to

O.P.S.O.

NEW CAMPUS ORGANIZATION INVESTIGATES DORM HOURS

A new campus organization, designed to promote investigation and discussion of issues and problems on the campus, local, state and national levels and to encourage students to express their own opinions concerning these issues, was initiated last Thursday, when the Organization for the Promotion of Student Opinion (O.P.S.O.) held its first meeting.

At the meeting, O.P.S.O. members voted to stage an inquiry into the question of women's dorm hours, in an attempt to find an answer to the question, why do women have dorm hours?

The organization will present a lecture-discussion event, including a question and answer period, at a time and place to be announced

Applications Accepted For Recreation Post

The Recreation Control Board of the Associated Students has announced that applications are now being taken for the position of Student Supervisor of Recreation for the 1961-62 school year.

Applications can be obtained in the Men's and Women's P.E. department offices, and completed applications must be turned into Miss Fae Witte in the Women's P.E. dept. by Friday, May 12.

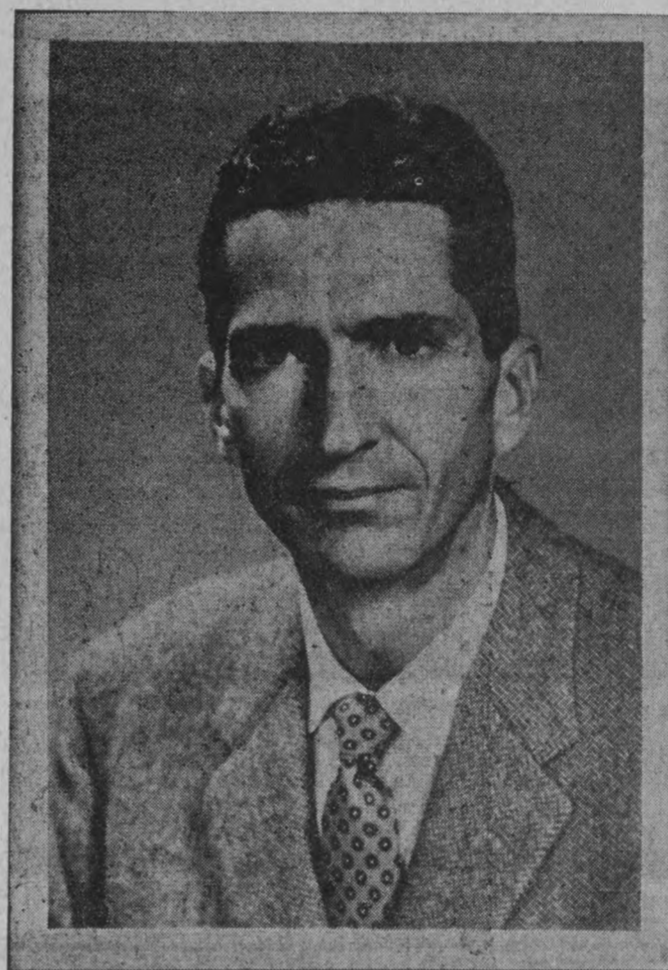

Cap and Gown

Reminder to graduating seniors: order your caps and gowns immediately in the campus bookstore office. The deadline is Friday, May 12. Graduation announcements are now available for those who ordered them and should be picked up. A limited supply of announcements may still be purchased in the bookstore office.

Faculty members are also urged to observe the above deadline for cap and gown orders.

Join in the singing. Sound like fun?!

STEPHENS TO DISCUSS 'THE SIMPLICITY OF POEMS' IN TODAY'S ALL-UNIVERSITY LECTURE PROGRAM

Alan Stephens

Dr. Alan A. Stephens, assistant professor of English at the University of California, Santa Barbara will take issue with certain contemporary theories about the use of language in poetry in his university lecture at UCSB Tuesday.

The lecturer, a poet in his own right, will talk on "The Simplicity of Poems" in the classroom building lecture hall at 4 P.M. The public is cordially invited to attend.

Dealing with simplicity as a characteristic result of the ways the poet can use language, Dr. Stephens will pay particular attention to the procedures of some famous English and American poets, including Spenser, Ben Jonson, Milton, Blake, Poe and Whitman.

The university lecturer is a

graduate of the University of Denver where he earned both his bachelor's and masters degrees. His Ph.D. in English was awarded by the University of Missouri. Before joining the UCSB English faculty in the fall of 1959, Dr. Stephens taught at the University of Missouri, and Arizona State College at Tempe. He teaches courses in American poetry and modern British and American verse on the local university campus.

Dr. Stephens has been writing poetry for several years. He is the author of a volume of original poems, entitled "The Sun," which was published in 1958 by Alan Swallow. He is also responsible for an edition of 16th century English poems, "Selected Poems of Barnabe Googe," which will come off the Swallow Press next fall as part of the Books of the Renaissance series.

Modern Chorale In Only Appearance

The UCSB Modern Chorale, under the direction of Professor Van A. Christy, will make its only appearance at the University of California, Santa Barbara this spring on Thursday, May 11 at 8:30 P.M. in the campus auditorium. Admission is free to the public.

The first part of the program will include some outstanding short compositions of recognized masters of the English school, performed by the chorale. A string trio, directed by Ira Lehn, a member of the UCSB music faculty, will present Mendelssohn's "D Minor Concerto, Opus 49" as the second part of the evening's program. The string trio will also accompany the chorale in select numbers.

A final group of songs consists of four dramatic and highly interesting folk ballads and spirituals, three of which are a cappella.

Organized by Dr. Christy in 1949, the UCSB Modern Chorale sing informally — around a table in the madrigal setting — presenting not only the madrigal style of literature but the more sonorous eight-part music of a large cappella choir, as well. The present group consists of 32 students.

Biology Student Awarded Grant

Miss Linda Jeanne Barge, a UCSB junior majoring in analytical biology has been awarded a \$600 summer research apprenticeship grant, enabling her to study in the field of genetics at the California Institute of Technology for ten weeks this summer.

An outstanding student on the local university campus, Miss Barge will get the opportunity to work with Dr. Robert Sinsheimer, a distinguished Cal-Tech biophysicist. The UCSB junior is a member of CHIMES, junior women's honorary service organization. She is on the Dean's honor list and receives honors-at-entrance recognition when she entered the university.

The summer research grant is funded through the National Science Foundation and awarded to undergraduates of exceptional ability who are between their junior and senior years in college to stimulate their interest in continuing graduate studies in their chosen fields of study.

Gahagan Appointed New UCSB Supervisor Of Special Services

Chancellor Samuel B. Gould today announced the appointment of G. William Gahagan as supervisor of special services at the University of California, Santa Barbara.

The new university officer will work in the general area of community relations including the growing activities of the UCSB Affiliates. He will also concern himself with other aspects of the development program, working with Dr. Robert Kelley, assistant to the chancellor for development.

Gahagan recently returned from Rome where he and his family lived for three years. He and his wife were members of the faculty of the Overseas International School before he became director of the American Embassy's Employees Association with 800 members. He also served as chairman of the Youth Council and acted as chairman of the American International Tennis Tournament.

He joined the faculty at

CHI ALPHA DELTA PLANS MAY 10 TEA

Chi Alpha Delta, elementary student teachers' honorary fraternity, is planning a tea for student teachers and their supervisors. It will take place on Wednesday, May 10th, from 3:30-5:00 P.M. in the Santa Rosa Lounge.

Chairmen include Margie Berry, Coordinator; Birte Jensen, Invitations; Jeannie Moody, Publicity; Deanna Roth and Carolyn Bradbury, Decorations; Pat Brinker, Entertainment; and Mrs. Davidson, Refreshments.

Cvetic Talks Next Monday

Earlier in the semester Matt Cvetic was scheduled to give a lecture on the UCSB campus. Cvetic is a self-styled authority on the Communist party in the United States. He was paid by (not member of) the Federal Bureau of Investigation for his services as an espionage agent working from within the Communist camps in the U.S.

The original plans called for his lecture to be presented at the same time that David Arnold's story on the John Birch Society was in the air. Certain persons have accused the administration of unfair practices and blamed the cancellation of the talk on "leftist favoritism."

These charges are unfounded. Cvetic's speech was never set on the agenda of events on this campus. The proper filing for rights to present him was not performed. The sponsoring organization was not informed of the procedures of petition for an off-campus lecturer to appear at UCSB.

Now Cvetic is scheduled (in proper fashion) to offer his views to the students. He will present his talk, "The Big Decision," in the Campus Auditorium on Monday, May 8 at 4 P.M. The lecture is being sponsored by the Assemblies Committee of the Associated Students of UCSB.

STARTS THURSDAY

'Symphony Of Seasons' Theme Of '61 Aquacade

"The 'Symphony of Seasons' will be presented by the 1961 Aquacade Thursday, Friday and Saturday, May 4, 5 and 6 at 8:30 P.M. at the campus pool. The sponsors of this event are the Associated Students and the Women's Physical Education Department.

The swim show will follow the theme of seasons and holidays, with a number representing each month. The twelve numbers are "Summer Place," "Carrousel," "Autumn," "Goblin Escapades," "Homecoming," "Winter," "Sunday in Seville," "Comedy

Diving," "Paris in the Spring," "Song of the Hills," "Graduation" and "Helios."

The soloist will be Cathy McHean, who will be featured in "Paris in the Spring." Performing duets will be Carol Dawson and Susie Bergvelt, Dixie West and Cathy Miner, Beth Johnson and Dorie Veder. The trio will be swum by Dee Ann Grossi, Linda Beel and Dixie West.

Tickets may be purchased at the door. The cost is 75 cents for students and \$1.00 for general admission.

FALL POSITION NOW OPEN FOR EL GAUCHO EDITOR

El Gaucho will need an editor for the fall semester of the 1961-62 school year. Applications are now being accepted for this position by the Press Control Board.

UCSB GRADUATE RECEIVES CITATION

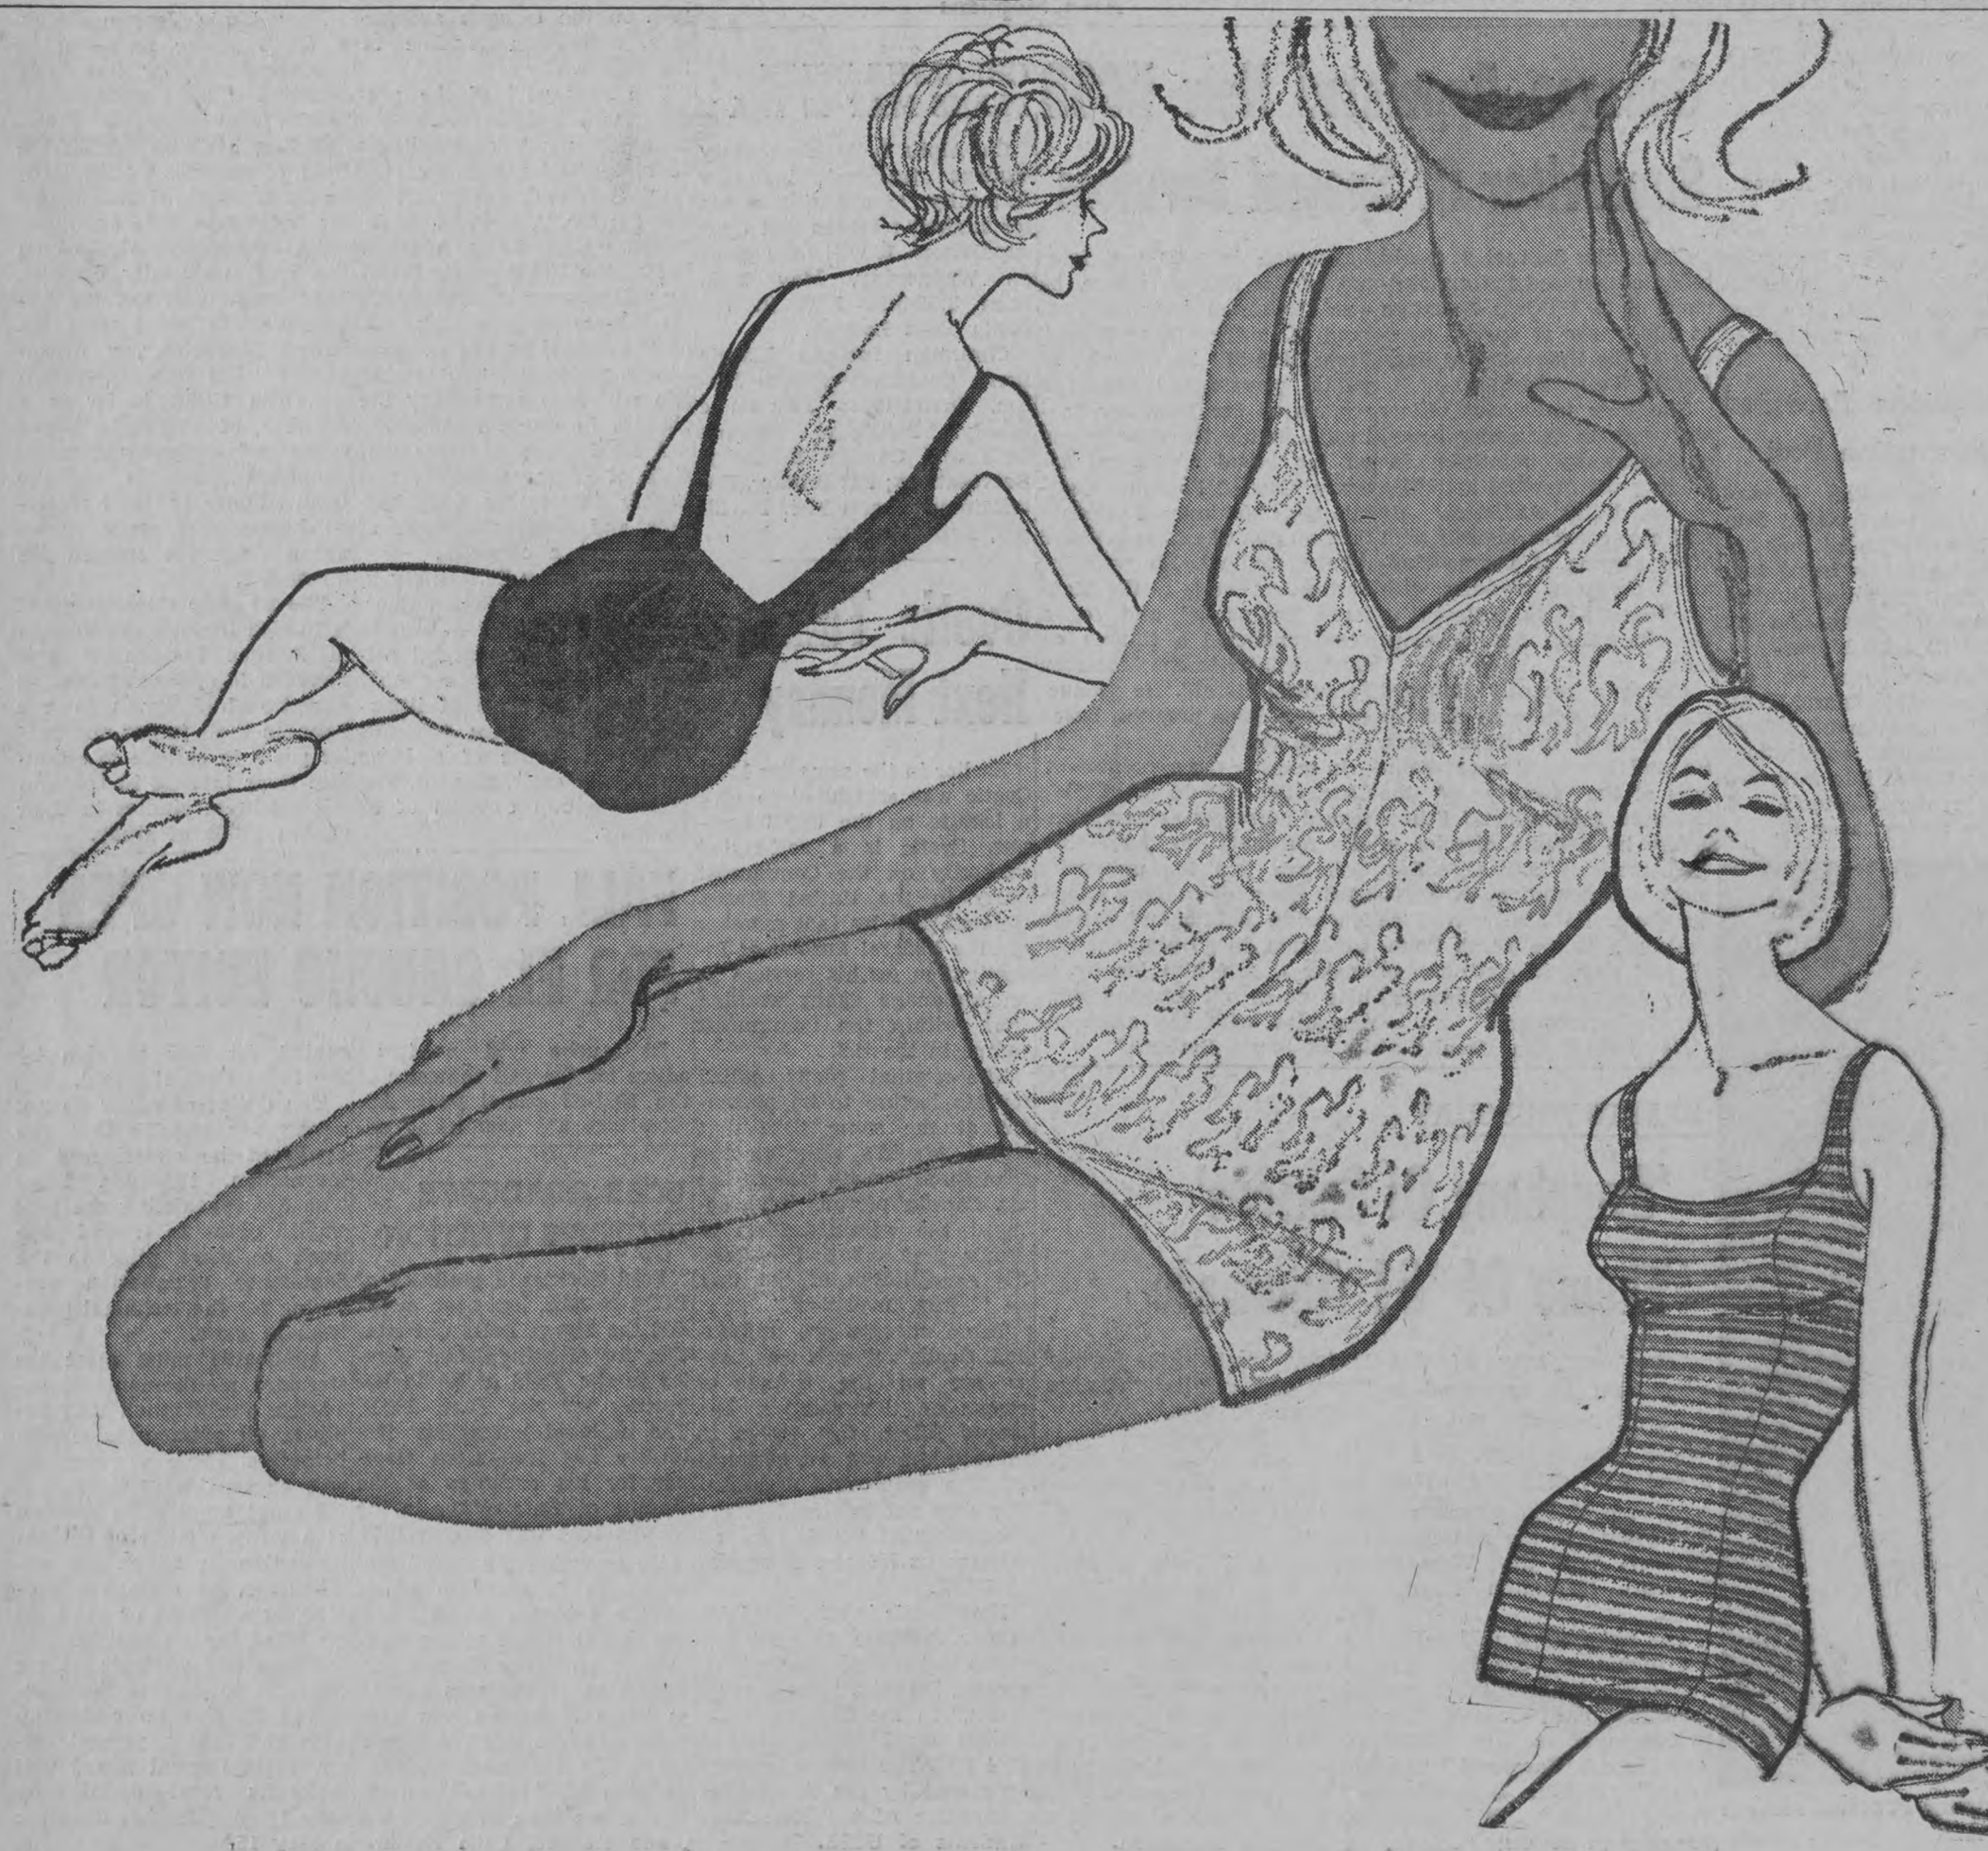

Fred Goerner, a graduate of UCSB in 1952, has been awarded the Sigma Delta Chi citation for "Distinguished Service in the Field of Radio Reporting for the Year, 1960." The national journalists' fraternity has recognized Goerner for his coverage of the finding of the airplane in the Sierras that was lost in 1943.

He ascended the 12,000 foot mountain in order to report on the evidence found there. His initial report of the verification on the death of Lieut. Robert M. Hester was carried in Time Magazine and over national radio and T.V. broadcasts. His documentary, "Expedition B-24" led to the naming of the lake in which the plane crashed, Lake Hester.

The duties of editor do not necessarily require that the applicant be experienced in journalism. However, those who are considering the post should plan to spend one week or more prior to the September registration preparing for the technical problems in store.

Applicants must meet the standard requirements of academic qualification that apply to all extracurricular participation. These requirements will be considered by PCB.

Formal application consists of a written letter of self-introduction in which the applicant is to state the reasons for which he or she feels qualified for the position. Interested students are welcome to discuss the matter with El Gaucho editorship with Phil Schott, present editor. Press Control Board will make its final decision by May 19. Application deadline is May 15.

THE RICH AND THE POOR

by Vince Bobkowski

Robert Theobald, in "The Rich and The Poor," is concerned with making great changes in our attitudes and actions toward those nations who are trying, almost hopelessly, to raise their productivity and obtain their portion of the economic wealth found in the "developed countries."

He presents a desperate but hopeful study of how we can, and must, fight the growing dichotomy between the rich nations and the poor. Theobald begins by examining the present difference in standards of living of the rich and poor countries. He points out that, until recently, an abundance of goods was a relatively unimportant goal in certain areas. However, "the pressure of increasing wants is now moving into all areas of the world."

Population Boom

Another, and a very important problem in the underdeveloped lands (though it is by no means unique to them) is that of rapidly increasing population. As the practice of death control spreads (e.g. preventative medicine), an automatic increase in population occurs unless it is checked by some form of birth (contraception) or life (war, famine and the like) control.

The small number of educated people in the poor countries presents a further problem. Theobald proposes immediate economic and educational aid to meet this problem on a large scale. Perhaps here, more than anywhere else, crash programs with extensive follow-through can be most useful.

Rich Nations

After examining the needs and hopes of the poor countries, Theobald turns to the rich countries. He touches on the meanings of prestige, economic surplus, spending and manufacture as they play a part in the rich nations. He then turns to the pressing problems of boom and bust, inflation and depression as they appear in the rich nations. To him, inflation, with all its bad effects, is more desirable than deflation, in that it seems to aid growth.

Inflation is not the real danger to a rich society as Theobald sees it. "The crucial problem lies elsewhere. Each year an increased amount of goods is produced by the rich countries, and they must be purchased if a slump is not to result. In addition, the fear of inflation in America has caused the government to refuse to accept responsibility in areas where only its actions could be effective — on the ground that this would unbalance the budget. The need to abolish substandard housing and to build educational facilities is urgent; it cannot be side-stepped because of an outworn shibboleth."

The role the rich countries are now playing in relation to the poor countries and the role which Theobald thinks that they should play takes up the remaining portion of this concise work. Let us briefly examine two of his major contentions.

Naive Assumption

First, it is argued by some that the rich could aid the poor better if rapid economic growth occurred in the rich countries. Theobald considers this view naive: "The rich countries can already 'afford' to give large sums of money to the poor; it is only the will and the institutions to do so that are missing."

Next, Theobald turns to the trying problem of ideology and aid. He is, of course, for the "no strings attached" sort of aid which has received such criticism from certain elements in American society. "Resent will grow if nations try to dictate on ideological grounds the policies that should be followed, particularly when the acceptance of advice is a condition of giving aid."

This book is one of the latest releases in the Mentor paperback collection.

Final Examination Schedule

The Committee on Registration and Schedule announces the following FINAL EXAMINATION SCHEDULE for the Spring Semester, 1961. Changes in the schedule may not be made without approval of the Committee.

NOTE: (1) Classes of two or fewer units will have examinations from 8-10 A.M. or 1-3 P.M. (2) Classes held at 5:00 P.M. or during the evening will be scheduled by the instructor at an hour that results in no conflicts for the class. (3) Three unit classes that meet for 75 minute periods on Tuesdays and Thursdays will normally schedule the final examination for the first of the two continuous periods; if preferable, and when no conflicts result for the class, the examination may be scheduled for the second of these two periods.

FINAL EXAMINATION SCHEDULE

| Date | Time | Subject | Location |
|-------------------|-----------|------------------------|---------------------|
| Saturday, May 27 | 8-11 A.M. | Mil. Sc. 1B, 2B | |
| Monday, May 29 | 8-11 A.M. | Subject A, Eng. 1A, 1B | Mil. Sc. 103B, 104B |
| Monday, May 29 | 1-4 P.M. | French 1, 2, 3, 4 | |
| Monday, May 29 | 1-4 P.M. | German 1, 2, 3, 4 | |
| Monday, May 29 | 1-4 P.M. | Russian 2, 4 | |
| Monday, May 29 | 1-4 P.M. | Spanish 1, 2, 3, 4 | |
| Wednesday, May 31 | MWF 10 | | |
| Thursday, June 1 | TuTh 9 | | |
| Friday, June 2 | MWF 11 | | |
| Saturday, June 3 | TuTh 1 | | |
| Monday, June 5 | TuTh 11 | | |
| Tuesday, June 6 | TuTh 2 | | |
| Wednesday, June 7 | TuTh 8 | | |
| Thursday, June 8 | TuTh 3, 4 | | |

Approved: Committee on Registration and Schedule

The Christian Science Organization welcomes you to its meetings held on Tuesday afternoons at 4:15 P.M. in the U.R.C. Bldg., 766 Embarcadero Del Norte.

Transportation may be obtained in front of the Student Union at 4 P.M.

REMINDER: Ortega Commons has a section of dining space for visiting friends, personnel and faculty members. We call it our A la Carte line, (it is open between 12 noon and 1 p.m. and it has been made available for the specific purpose of serving you good food at fair prices. We also have a catering service for faculty teas and student joints. You can now order coffee, cookies, punch and donuts for any amount of people. Just give us a 24 hour advance notice, and watch us do the rest!"

Limelighters To Sing On Campus

The Associated Students in conjunction with the Inter-collegiate Athletic Commission, are planning to present a show of folk singing on the UCSB campus. In an effort to increase the funds in the Grants-in Aid program, they will sponsor an appearance of the famed Limelighters. Tentatively, the show is scheduled for two performances, 7 P.M. and 9 P.M., on Monday, May 15.

Alumni Meet

Alumni of UCSB who are now in careers related to the political science field, gathered on the campus Saturday, April 29, for the second annual Alumni Conference.

The Department of Political Science cooperated in this professional progress conference, which is offered each year by the UCSB Alumni Association, in some specialized subject represented in the university curricula.

About 50 graduates now in the government, politics or political science teaching attended the meeting which will open at 9:30 A.M.

The principal speaker was Warren Dorn, class of '41, member of the Board of Supervisors for Los Angeles County. Chancellor Samuel B. Gould extended an official welcome to the group. The conferees were guests of the Alumni Association for a luncheon in the dining commons.

The program included four panel sessions devoted to national, state, local, and internal phases of government and politics with members of the

S.U. Policy Committee Invites Student Opinion

A new organization in which students are encouraged to express their views on the present student union is now in effect. Known as the Student Union Policy Committee, it will determine policy regarding money refunds on books, huddle hours and other aspects which concern the student.

Students are invited to contact Steve Campbell, chairman, through the A.S. office and voice any opinions they might have on the present student union operation.

Applications For Diving Course Due By May 12

A three week course in the use of self-contained underwater breathing apparatus will be offered on this campus starting June 19. Applications must be filed by May 12. Forms and information are available from P. Adams, 2112 Biological Sciences Building, Ext. 3220.

political science faculty taking part, coordinated by Dr. Edgar Lane, assistant professor of political science.

Gauchos' Defend 1960 Crown In CCAA Competition On UCSB Oval

UCSB's Gaucho track and field team will attempt to play the role of ungracious hosts to more than one hundred athletes this coming weekend on the campus track when they host the California Collegiate Athletic Association Championship meet.

The Nick Carter coached Gauchos are the defending CCAA champions. As such, they are serving notice they plan to carry away the laurels for the second consecutive year.

To retain their hard won crown, the Gauchos will have to have "come-through" performances for 90% of their team. Competition will be especially tough in this 1961 meet with several other conference teams loaded with talent and ready to put the "upstart" Gauchos in their place.

Los Angeles State's dual meet champion Diablos will be out to capture the Conference meet crown to add to their undefeated dual meet

DAVE BORAKER

record against CCAA foes this season. Led by the flying feet of Joe Womack, the Diablos will be a definite threat to Gaucho supremacy. Womack will be attempting to pick up first place votes for the visitors in the 100 and 220 yard dashes. He holds CCAA "Best" marks in both the events. The speedster has toured the 100 course in 9.8 this season and clocked a 21.2 in the 220. UCSB's defending 100 yard dash champion, Olympian Henk Visser, will team with the Gauchos Dave Boraker to stop Womack's point-getting efforts. Visser turned in a 9.6 last year in the conference meet but is off this pace so far this season. Coach Carter reports that Visser has been deliberately coming along slowly this year, pointing towards this meet and could well equal his 1960 time next Saturday.

Both Boraker and Visser have done 9.9 this year. In the 220, Boraker gets the pre-meet nod for the event with a best time of 21.0 for the distance. The fleet Gaucho's staying power makes him a

real tough threat in the longer distance. The Diablos will also get help in their championship quest from polevaulter Al Harris. The left-hander has already done 14 ft. 1 1/2 in. this season.

The Fresno State Bulldogs will come to Saturdays meet loaded with both talent and sufficient depth to carry off the laurels. The combination of first place points plus point-getting ability in all events makes the Bulldogs a definite and strong threat for the championship. The winning team will have to come up with this combination to carry off the trophy.

The third team that could

slip by for the win is Long Beach State. While not as strong in the front line, the 49'ers have possibly the best depth of any of the conference members and could "second place" themselves right into the championship. The Beach City team holds a dual meet win over the Gauchos this season.

With the above three teams in mind, Carter's Gauchos will find themselves in the underdogs role again this year; a role they had last year and relish. With enough people looking the other way during the competition, the chances are they'll be looking at the Gauchos when the team trophy is presented.

CCAA NET FINALS OPEN THURSDAY ON UCSB CAMPUS

Coach Ed Doty's net team will be out to make a determined effort this week to capture some of the trophies in the 2C2A Round Robin Tennis Tournament. The big meet, involving all of CCAA conference teams, begins Thursday, with matches scheduled to get underway at 8:30 A.M. on the campus courts.

Drawings for the matches are tomorrow night when the team coaches meet with Doty. Each team plays every other team once, and the results will count toward the determination of conference champion.

Heavy favorite, San Diego, holds an unblemished 5-0 conference record. L.A. State is next with 4 wins and 1 loss, and may have enough depth to knock off San Diego, the defending champions.

However, the team, which is the strongest physically, may emerge with more wins in the three day affair. Each team plays two matches Thursday, two on Friday, and one on Saturday.

UCSB will count heavily on Lee Reid and Don Gaynor to carry much of the load. Reid gained the third round of the recent Ojai Valley Tournament, and provided a minor upset in beating Pepperdine's second man, Dick Williams. After an easy second round win, Lee met experienced Ron Pelton of Redlands, losing 6-3 in the third set.

Trophies will be handed out to the men compiling the best individual records. Rawson Lloyd, Cal Poly, is the man picked to win the top spot in the singles competition, with either Gaucho Lee Reid or Gary Bunker of San Diego in the runner up spot.

Plenty of room will be available to watch the championship contests, and Coach Doty urges a strong turnout of Gaucho supporters.

GAUCHOS DROP PAIR TO FRESNO STATE NINE

UCSB's Gaucho baseball club was unable to stop the steam-rolling Fresno State Bulldogs in either of the weekend tilts played on the Santa Barbara diamond. The CCAA Championship-bound Fresno outfit blanked the Gauchos in the first game, 4 to 0. The second game deserves little mention, as the Bulldogs slamed in 18 runs to the Gauchos' 2.

Presently rated in the number 2 slot in national standings, the Bulldogs have an 11 and 1 record in league

The second contest appeared to center around a pitchers' duel through the sixth inning. With the Fresno club in front 3-0, Gaucho hurler Dan Mulvey tired and allowed the Bulldogs to score 8 runs. In the seventh and final inning the Fresno boys shelled the Gauchos for 7 more runs. In two innings they scored 15 runs compared to the Gaucho's 2.

One of the brighter spots in the two-game series came from the bat of UCSB's Jim Wynn. As of last Friday, Wynn was second in the CCAA

Batting Averages:

| | G | AB | R | H | 2B | 3B | HR | RBI | % |
|----------|----|----|----|----|----|----|----|-----|------|
| Wynn | 13 | 47 | 12 | 21 | 2 | 0 | 3 | 13 | .447 |
| Pifer | 13 | 37 | 10 | 12 | 1 | 3 | 1 | 6 | .324 |
| Reynolds | 13 | 44 | 14 | 14 | 1 | 0 | 0 | 7 | .318 |

competition and boast a 29 and 6, overall. San Diego State has a league mark of 8 and 2 and thus stands a chance of taking the CCAA honors away from the Fresno horseholders.

The pair of losses puts the Gaucho nine down the scale of CCAA standings with a 3 and 10. Non-league competition brings the overall total to an even 13 and 13.

Dave Petersen of UCSB, though turning in a fine hurling performance, was not able to outdo the pitching efforts of Bulldogger, Terry Tackett. Petersen allowed only six hits and one walk. Tackett kept the Gauchos down to four hits while he struck out nine.

in the race for the batting crown. His five hits for eleven a bats over the weekend should keep him in contention for the laurels.

First Game

| Linescores: | R | H | E | | | |
|-------------|-----|-----|-----|---|---|---|
| Fresno | 100 | 001 | 010 | 4 | 6 | 2 |
| UCSB | 000 | 000 | 000 | 0 | 4 | 2 |

Tackett and Dollar; Petersen and Fichtner.

(Second Game)

| | | | | | | |
|--------|-----|-----|---|----|----|---|
| Fresno | 100 | 028 | 7 | 18 | 23 | 1 |
| UCSB | 000 | 002 | 0 | 2 | 7 | 4 |

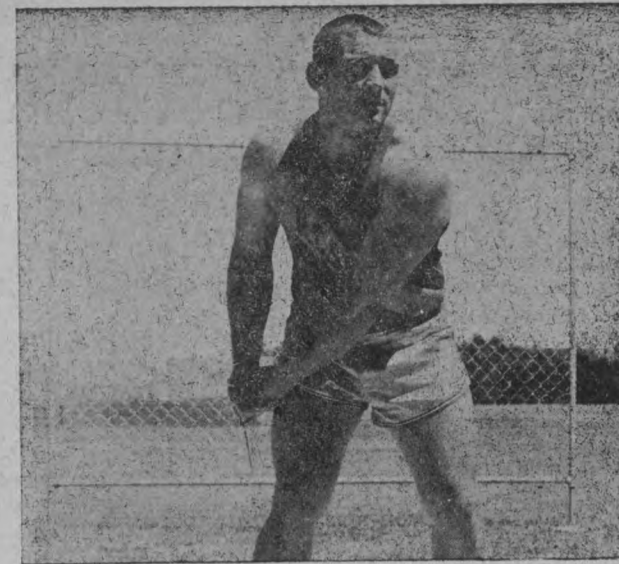

Petterson Sets Swim Records

Gaucha swimming speedster Rick Petterson churned his way to three victories over the weekend as the UCSB swim team took to the road in a two-day trip to Cal Poly and Fresno State.

The California Collegiate Athletic Association 100 yard freestyle champion turned on the speed for a double win Friday in Fresno when he copped both the 100 and 50 yard freestyle events. The meet came right down to the final relay event in the CCAA dual meet competition with the Bulldogs taking the race and the meet 52-43. J. D. Scherer was also a double winner for the hosts, winning the 200 butterfly and the breast stroke over the same distance.

In the Cal Poly meet, Petterson set two UCSB school records and came off with the laurels in the 100 freestyle against the Mustangs team captain Francis Bell. Petterson was only one-tenth of a second off the Cal Poly pool record in his victory. Bell turned the tables on the Gaucho ace in the 50 yard freestyle event when Petterson missed a turn and lost valuable ground in their dual. Bell and Petterson did not meet in the 50 yard freestyle event in the CCAA meet at UCSB last week. The Cal Poly ace took the league crown on the basis of best time.

The three wins for Petterson over the weekend ran his 1961 swimming record to one of the best in Gaucho history. He has only been beaten in dual meet competition once in the 100 and once in the 50.
