## Bishop Clears Health Service Difficulties

Fund Is Operated Under the Faculty-Student Health Cottage Committee

Specialists and Out-Side Physicians Are Not Provided For

Due to recurring misunderstandings of the medical service offered free through payment of student body fees, many difficulties have arisen this year. In consideration of this payment, each student is entitled to certain privileges in the line of hospital care and physician's services, according to Dr. Elizabeth Bishop, chairman of the health cottage committee.

The health service fund is operated through a faculty-student health committee, on the basis of a contract drawn up by the student body. Under it, students are entitled to the services of the college physician, Dr. E. L. Markthaler, during his office hours on the campus, or at his town office, or when necessary, at the student's private residence. This consultation service does not include such special expenses as basal metabolism tests, ultra-violet light treatments or other special expense services.

### Doctor Authorizes Services

When expedient, Dr. Markthaler, will authorize the services of a specialist such as an oculist, or a bone specialist. The student body cannot, however, pay any specialist's or physician's bills unless they are authorized and countersigned by either Dr. Markthaler, or by the health coordinator, Dr. Elizabeth Bishop. In an emergency, if neither of these people can be located, the college nurse, Mrs. Elizabeth Shepperd should be called or the patient be taken to St. Francis Hospital. Any emergency must be reported as soon as possible to the health office or to Dr. Bishop.

Absolutely no physician other than the college physician is now authorized to take patients from this college student body. Students who go to other physicians without the authorization, must bear their own expenses. This ruling has been found imperative in order to conserve the resources of this fund for service to the entire student body.

### Hospital Care for Three Weeks

Hospital care for not more than three weeks is also provided from this fund on recommendation and authorization of Dr. Markthaler. The fund pays entrance fees up to \$35.00 and room, board, and care up to \$4.00 per day for not more than twenty-one days.

## TURNOVER SLOW FOR HANDBOOKS NOTES FOLLETT

The sale of student handbooks is progressing very slowly, according to Don Follett, editor. These handbooks contain 100 pages of useful information. Included in the handbooks are the names, addresses, and telephone numbers of all student body members, also a faculty directory, student body officers, the constitution in printed form for the first time, and a listing of all fraternities and sororities on the campus.

Up to date about 200 copies have been sold, according to Don, and all students are strongly urged to purchase one for their own benefit.

Staff members are: Don Follett, editor; Bob Moore, assistant editor; Alistar Anderson, Barney Jameson, Bruce Le Claire, statistics; and Virginia Moon, business manager.

## Final Voting for the Homecoming Queen Shows Renata Maccianti Chosen by Overwhelming Majority

Pres. C. L. Phelps

"Santa Barbara State, operating under its new title, with new responsibilities and new opportunities since September 15 of this year, is happy to welcome its returning graduates and its friends in this first State College Week which will culminate in the homecoming game with La Verne on Saturday evening. We are especially happy to issue this statement of welcome from the new college, believing as we do that the changes that have produced it are highly acceptable to alumni and friends.

"We hope that you will note some of the physical improvements about the place.

"We hope that you will enjoy every minute of your stay here and that when you go from us you will be looking forward to the time when you can join us again."

Sincerely,

C. L. PHELPS,

## Department to Present Skit

To portray the spirit of Halloween in Sleepy Hollow, the kindergarten primary department will present its annual pageant during assembly period next Tuesday morning, October 29. The play is an adaptation of Washington Irving's story entitled "Sleepy Hollow."

Characters to be portrayed are Ichabod Crane, played by Louise Gordon, Katrina Van Tassel, by Betty Wlels; and Brom Bones, by Edna Hollister. Other characters will be dramatized by Ruth Hilty, Mary Wilson and Mary Lee Townsend. The department is presenting the pageant in two scenes, the school room of Ichabod Crane and a Halloween festival at the home of Katrina Van Tassel.

Pageant chairman, Miss Betty Wells is assisted by five committees, under the direction of Mary Louise Dunbar, Ruth Hilty, Betty Townsend, Edna Hollister and Mary Lee Townsend.

## Gamma Deltas Honor Grads at Luncheon

Gamma Delta Chi will celebrate the annual Homecoming with a bridge-luncheon on Saturday, and a breakfast Sunday morning.

Coronation of Queen Takes Place Tonight at Granada Theater Rally

### PARADE PRIZES GIVEN

Rally Features Hanson and State's Coaches in Brief Talks

Renata Maccianti of the Sophomore class emerging victorious by an overwhelming majority of votes was elected to represent Santa Barbara State college as the '35 Homecoming Queen! Aileen Elder and Jean Townsend were the two other contestants who polled a large amount of votes and earned the distinction of being second and third respectively from a group of over twenty contestants.

Out of the total number, 375 votes cast, Miss Maccianti received 187, for the first place while Jean Townsend garnered 98 to take second, to Aileen Elder third place who mustered 90 votes.

### Outsiders Count Votes

Under the direction of "Bun" O'Reilly, contest manager, three unaffiliated outsiders counted the

"E. O. Hanson makes this statement relative to the rally and parade because someone falsely using the mayor's name has spread the report that there would not be a rally and parade.

The coronation of the Queen will take place at the Granada Theater following the State's float and car parade which will formulate at the foot of State at 6:30 p. m. and will move up State street promptly at 7:00 p. m.

The parade will pass in front of the Granada Theatre where judges in the reviewing stand will single

## PARADE STARTS AT SEVEN P. M.

"The Homecoming parade will form at 6:30 at the foot of State street and on the first four blocks east of State street on Cabrillo boulevard and start promptly at 7 o'clock," states Danny DeReign, chairman of the parade committee.

The parade will be led by a Gauchita, Armae Brewster, and a Gaucho, Danny DeReign. Then will come the mayor's car. The rest of the parade is divided into four sections. The first section will contain department floats. The industrial education department is the only one as yet which has signified its intention of having a float.

### Unclassified Section

The unclassified section will include the frosh class and the Anacapa club entries. All decorated cars are to be in this section if not sponsored by an organization. Alpha Theta Chi, Delta Zeta Delta and Tau Gamma Sigma will have floats in the third division. Fraternity floats enter in fourth division. Sigma Alpha Kappa, Tau Omega and Beta Sigma Chi will have floats.

Jane Miller Abraham

Mrs. Jane Abraham, State college registrar and member of the "Old Guard," is general alumni chairman for Homecoming and all details for the alumni dinner and floor show are under her guardian wing.

## Masquers Hold Play Tryouts

Tryouts were started last night in the auditorium for "Dulcy," the first play to be presented by the Players club. A large turnout of members insured a good casting of the comedy which has seven masculine and three feminine characters. Exceptional talent and past experience were exhibited by many of the students who tried out.

Change was made in the play to be presented, because of the high cost of the books and the royalty for the original choice of the play selecting committee, "See Naples and Die." "Dulcy" is also a more suitable play for the club to present as its first play of the year, according to Dean William Ashworth, who has seen it before. Dean Ashworth and Mrs. Hal Davis are casting the play.

## Pond Attends Meet of Educators in City

Miss Elsie Pond, head of the Junior high department and Mr. Roy R. Eichelberger, principal of the Santa Barbara junior high school, attended all educational meetings at a conference of the Progressive Education association, at the Biltmore hotel, from Friday to Sunday.

"We were gratified to find," said Miss Pond, "that some instructive outlines of the junior high department followed along the same lines as the junior high teachers' training

Plans for the annual Homecoming dinner, which is to be held in Ebbets hall Saturday, October 26, are well under way, according to Mrs. Jane Abraham, registrar. A turkey dinner will be served at 5:30, and a floor show will follow.

Mrs. Esther Janssens Porter, '27, president of Santa Barbara section of the alumni association, will open the program and will be followed by Mrs. Jane Miller Abraham, general chairman for Homecoming, and Frances O'Reilly, '27, toastmaster.

### Committees for Dinner

Chairmen of the committees for the dinner are Anita Cochran, '33, program; Mrs. Fred Pierce, hall decorations; Mrs. Francis Noel, table decorations; Miss Miriam Firkins and Miss Stella Haverland, publicity; Mrs. William Scalapino and Miss Florence Longawa, contact; Mrs. Mercedes Berger Keating and Mrs. Ralph Porter, special tables; Miss Margaret O'Reilly and Mr. Louis Taylor, tickets; Mr. Fred Pierce, Mrs. Charles Ritchie, Mr. Charles Ritchie, Mr. Francis Noel, Miss Helen Smith, Mr. Stonewall Jackson, Mrs. Helen Dice, Miss Lua Thurmond and Miss Carmelita Janssens, committee members.

Tickets can be purchased in the offices of Dean Lois Bennink, President Clarence Phelps and Mrs. Jane Miller Abraham. Those intending to go to the dinner must buy their tickets before noon on Friday.

"We should, says Mrs. Abraham, "show school spirit by being on hand to greet old and new members of our student body.

## DEPARTMENT TO ISSUE INSIGNIA AT HOMECOMING

Issuing a special welcome to off-campus members during Homecoming week, the elementary department is planning to distribute small green and white badges to past and present members of the department.

The active members of the department want the alumni to feel that the college and the elementary department still have an interest in them and their work. For details and badges, active members who plan to attend the dinner, game and dance will see Helen Schield, Dorothy Riche, Lillian Talbot, Gwen Davis, or Bob Way.

"Let the alumni know that the department is eager to know all about every alumni and their present work," is the message given by department officers to all members of the department.

**Welcome to '35 Homecoming**

Graduates of former years, it is with a great deal of enthusiasm that we welcome you back to our campus and yours! For the past weeks the campus has been busy in pleasant anticipation of your returning, making plans so that you may have every opportunity to enjoy your short sojourn here as well as to renew friendships with members of the faculty and former classmates. We hope that you will have as much pleasure participating in the many events planned as the members of the various committees and organizations have had arranging them.

The steady growth of the student body to eight hundred and fifty students, marks a progress not so visible to the casual observer, but which is of great significance and one advance which we would like to have you know. A further study of the number of students enrolled here indicates that not only is the freshman class growing each year, but that the number of students who have transferred from other institutions, because they find more of what they desire here than anywhere else, is growing by leaps and bounds. At present the number of transferees includes thirty-six percent of the student body. In round figures, forty institutions in various parts of California and nearby states are named as the colleges, junior colleges and universities from which these transferees come.

The fact which is of importance and interest to you and ourselves is that with your loyal support in spreading the news and many assets of Santa Barbara State, and the fine reputation which you are establishing for your alma mater in your respective positions afield, as well as the many other ways by which our college becomes known, the number of persons who become acquainted with and interested in benefitting by the many fine and advanced courses offered here becomes larger all the time.

An immediate outcome of this representation of some forty other colleges and universities is that we have a very cosmopolitan student body. The influence which we receive from these other colleges through the transferees is most beneficial. The best methods of carrying on student body activities are consolidated and combined with the result that you will find this year's student body more progressive than ever as well as taking an increased interest in their affairs.

To turn aside from the immediate college, we are proud to call your attention as well as that of undergraduates to the fact, that Santa Barbara State is the only one of the state colleges in California which has organized branches of alumnae in various parts of the state. At present there are six of these groups holding meetings and having regularly organized plans during the year. Graduates in San Luis Obispo have just sent in plans for forming another chapter, and work is being carried on so that more of these chapters may be formed soon.

We are glad that you all are taking such a continued interest in your alma mater, and we will feel gratified and rewarded if our plans for your banding together and meeting this year will develop a continuity of spirit and interest in Santa Barbara State for a long time to come.

By BOB KRAUSE

AMERICAN SCHOOL of the AIR  
"The American School of the Air," incorporating several new features in its regular plan of broadcast instruction, will resume its course in geography, history, literature, elementary science, music, vocational guidance and current events, when it opens its sessions over the coast-to-coast Columbia network this week from 11:30 to 12 noon.

The plan of education by radio was started as an experiment in 1930. Designed to stimulate and vitalize education and encourage enterprise and individual initiative on the part of pupils, the courses met with such hearty approval of school principals, teachers and students throughout the country that the schedule has been gradually increased to include new features.

**INTERNATIONAL PROGRAM COMPETITION**

According to an article published in "Radio News Magazine" of November, 1935, John F. Royal, N.B.C., vice-president in charge of programs, recently returned from an extensive trip through Europe, during which he made arrangements for a great interchange of programs between N. B. C. and the various broadcasting groups of Europe. Included in his plans are tentative arrangements for broadcasts from the African zone of war between Italy and Ethiopia. His plans go so far as anticipating a broadcast direct from the battlefield, if there should be one.

Royal predicted that within the next eighteen months there will be the greatest international program competition in the history of entertainment. "By that time," he added, "All the European countries will be equipped for shortwave sending and receiving and, with the further improvement of long and short wave receiving sets, every radio listener will have the world in his living room."

STUDENT'S BLOWOFF

Dear Editor:

I accidentally read one of your rags the other day, and that seems to explain why our grounds are littered with so much paper that we have to hire a couple of men to pick it up.

Now it seems to me as though your paper is not elegant enough for the students to read it. The news is okeh if you're interested, but what you need is something real classy and instructive, like articles on etiquette or world affairs or literary comments or something. I think maybe your paper will be carried at least as far as the nearest trash can if you follow my suggestion. What do the other students think? They're the ones who usually throw it away, so they might tell you why.

## Gaicho Gab

By BARNEY JAMESON

Believe it or not the Santa Barbara State Gauchos still have a chance to win the conference. After a huddle of the Gaicho staff which worked hard to find the answer as to how State can win the pennant the following method was devised. Santa Barbara State can win the championship. IF:

San Diego beats Whittier  
 Santa Barbara beats Whittier  
 Oxy beats Redlands  
 Whittier beats Oxy  
 Whittier beats Redlands  
 Santa Barbara beats La Verne  
 Redlands beats San Diego  
 The chances of all of this turning out favorable are about 100 to one, but it is possible.

If football means anything, the Homecoming this year should be a huge success. With the frosh tangling with Black Foxe on Friday night and the varsity playing La Verne Saturday p. m. the fans should see two of the best games of the year. The frosh will be out to avenge a stinging 18 to 0 defeat suffered last year, while the varsity will be trying to reverse their last year's predicament. Black Foxe caught Cummings' 1934 squad on their most off-day of the year and passed them to death. La Verne stormed over the Harder suad although the local high school could have downed the Leopards in an easy fashion last year. Revenge is the bye word for both varsity and frosh and each team has a good chance of getting it.

For the first time this season all six of the Conference teams will be playing league games this week-end. The Redlands Oxy game heads the list, while the San Diego Whittier fray should be a thriller too. The Gaicho La Verne right here in wour own back yard will not be any cream puff throwing contest either. All in all the league standings are due for a shake up. All of the teams have improved on the whole, and no outfit can be classed as the winner of the cellar position yet.

### Tish tattle:

"Sandy" Sanderson, Gaicho ace fullback and star punter, will be playing against four of his former teammates Saturday night. Captain Glover and three other Leopards played at Porterville with Sanderson—Howard Yeager is due to be real hot in some game soon. Maybe Saturday will be the night—Sigler, frosh full looks like the stuff, keep an eye on him tomorrow—

## Freshman Vie With Cadets Tomorrow Eve

### Los Amigos Club Tangles With Moorpark C.C.C. in Preliminary

A band of fighting Gauchitos will invade Pershing Park tomorrow night to engage in grid warfare with a troop of Cadets from Black Foxe Military Academy. The frosh and Cadets are scheduled to begin hostilities at 7:30 o'clock. Preceding the feature game the Los Amigos eleven club will tangle with the Moorpark CCC squad.

Coach Abe Young, commander in chief of the visiting horde, has his men keyed for tonight's skirmish. Last week the Cadets dropped their first game in over two years. The Santa Clara university frosh turned the trick and the southerners don't feel any too good about it.

### Yearlings Should Click

Coach Cummings expects his men to click as they did against the Santa Maria J. C. Bulldogs. Long practice sessions have been put in during the past week in an attempt to smooth out the wrinkles in the offensive attack. Cummings ran most of the plays over and over until each man thoroughly understood his assignment. The advantage gained from this fundamental drill should enhance the Cummings-men's chances for victory over the Cadets.

Coach Cummings has not made up his mind about the starting post at fullback. In the Santa Maria fray Sigler surprised with an outstanding offensive and defensive performance, and may get the call over "Gordy" Gardenhire. Both men, however, will see plenty of action, for Cummings will probably be forced to call upon his reserve strength to withstand the Cadet attack.

## Campus Coffee Cup Capers

Welcome Alumni! We cordially extend an invitation to old "grads" and "dads" to drop in and renew ye olde acquaintances during homecoming week.

A Sport glance! Do you know that there are sixty-three big and little teams unbeaten and untied today, and twenty-seven undefeated but tied teams?

And now for a little dust, or should we have said dirt, anyway we find Connie Allen walking around in a trance since Bob Dorn has given over his affections to the fair Ann Gibson. (Wonder how this will set with the Pasadena flower queen?)

A Hamburger at night, is an old maid's delight.

It might be interesting to know that the famous Campus Coffee has been served between halves to the Gaicho football team every game this season. (Archie Way, Coach Bud Cummings, Tommy and Willie journeyed to Redlands and served coffee to State last Friday night).

Support the Black Foxe, State Freshman football game tomorrow night!

Howard Yeager was reported spending the week-end at Pasadena, with a charming southland "rose-bud," while Frankie Gilmore was seen wreathing smiles Friday and Saturday on the popular Sammy Davis.

We wonder if it is a personal or fatherly interest "Bun" O'Reilly is taking in a certain freshman blonde. (Well maybe it is a Brotherly interest.)

Alumni and students do not forget to meet your friends at the "Cup" during homecoming week.

We again welcome the Alumni and wish them a "happy time" during their stay in Santa Barbara.

## Gauchos Seek Victory Over La Verne Cats

### Three First-Stringers on Shelf as Gauchos Try for First Conference Win

With three of his first string on the shelf, Coach "Spud" Harder will send his Galloping Gauchos out to try and cage the potent La Verne Leopards next Saturday evening on Pershing field at 8:00 o'clock.

The Leopards use the Howard Jones system of football, as their coach is Garret Arbelbide, former star end for the S. C. Trojans. Last week the Leopards held the strong San Diego Aztecs to a 14 to 6 score. Leo Callands heavy San Diegans were forced to take the aerial attack to make any yardage through the fighting Leopard line. The Aztecs were held to a mere 30 yards gained from scrimmage during the first period of the game. Three times the Leopards were inside the Aztec 10 yard line, reaching pay dirt once. Saturday night's fray will be the Leopards' second conference game.

### Crawford Star

In Crawford, according to coach Harder, the Leopards have one of the best plunging fullbacks in the conference. George Eisan, brother of the famous Lee, is probably the best lineman, states "Spud." Coach Harder also states that they are a fast, hard-fighting bunch, who play just about the same brand of football as the Redlands' bulldogs.

This will be Coach Harder's third meeting with an Arbelbide coached team. Arbelbide coached two years at the Modesto J. C. while our own "Spud" was head man at the Bakersfield Junior college.

In the two games played, Arbelbide won one and the other ended in a tie. Coach Harder inferred that he was out for revenge, and was expecting a victory in Saturday night's game.

### GOSLINS HIT COSTLY

"Goose" Goslin's single in the ninth inning of the final world series game cost Harry French, cub southpaw, a vaudeville contract for six weeks at \$150.00 per week. This contract was valid provided he won the game.
