Slate Try-Outs for Plays This Afternoon

The College players announce two one-act plays, "The Glittering Gate" by Lord Dunsany, a brilliant little comedy, and "Riders to the Sea" by John M. Synge, a tragedy of the sea, to be produced in the near future. Both of these plays are a product of the Great Irish Renaissance.

Tryouts will be held this afternoon in the auditorium from 3 to 5 o'clock. Everyone interested is invited to attend. None of the parts have been cast to date. Dean William Ashworth will cast the plays.

Anyone wishing to help on the direction may make application this afternoon.

Seniors Must Turn in Cards by May 4

All graduating Seniors must turn in their "application for graduation card" to Mrs. Jane Miller Abraham by Friday evening, May 4th. This is imperative since diplomas and credentials must be ordered from the State Department of Education at once. Print your name on the card as you wish it to appear on your diploma. Please do not fail to attend to this matter.

2 Fraternities Induct 21 New State Students

Monday evening of this week ended six weeks of pledging for 21 pledges to the Beta Sigma Chi and Sigma Alpha Kappa, social fraternities. Initiation ceremonies for the Tau Omega fraternity will be held this Monday night. Heads of the organization said their formal pledging would be held in the fraternity house.

The home of William Pensinger, president, was the scene of the pledging of the 10 Beta Sig rookies. Following a week of "hell" the members were formally initiated into the social group.

Pledging ceremonies for the Sig Alphas was held in the fraternity house with President Bill Bell officiating. The Sig Alphas used a new system this year. Instead of the usual "hell week" the fraternity administered all of its "hell" Saturday night at Paradise camp. The new members were given their traditional walk Friday night.

Those initiated into the Beta Sigma Chi fraternity were Leonard Dorn, Dick Brothers, Dick Brimer, Lowell Jameson, Kenneth Ople, Sydney Smith, Bill Morrissey, William Lasarzig, Walter SoRelle, and Jack Von Efav.

The 11 new members of the Sigma Alpha Kappa frat are Bill Crow, Allan Garber, Bob Way, Alben Crews, Jimmy Moss, George Smith, Richard Griffith, Julio Borolozzo, Clarke George, Ernie Boucher and Kenneth Rister.

Plans of the Tau Omega fraternity call for the formal pledging of 13 new members.

Journalists Initiate Five Into Fraternity

Five students will be inducted into Alpha Phi Gamma, national honorary co-educational journalism fraternity, at a meeting next Tuesday night.

Those who have completed their pledge duties are Miriam Firkins, Dave Larsen, Clarke George, Della Haverland, and Fred Hendrixson. The other pledges will be initiated at a later date.

Pledge papers, in the form of essays or stories of approximately 1500 words were read and criticized at a meeting Friday evening in the women's club room.

"Bud" Lambourne Loses Mute at Revue

A Harmon Wa-Wa mute was lost at the Roadrunner Revue. Will the finder please notify Bud Lambourne.

A lifetime Schaeffer fountain pen was also lost at the Revue. Will the finder please return it to Marcus Cravens.

'Barney' Barnitz Spurs News Staff on with Cheery Smile

Gerold F. Barnitz, who cheerfully answers to the name of "Barney," is a recent addition to the Roadrunner staff and his radiant smile is proving quite an asset to the willing (or unwilling) workers who burn the mid-night oil on Wednesday nights. He is best identified as the man with the young face and old figure.

"Barney" works on Tuesday and Wednesday nights and his official position is aid-de-camp to the editor-in-chief, and linotype operator. He is the oldest printer in State college and his daughter, Geroldine Marie, age 11, is the youngest student. Geroldine is enrolled in the art classes that meet Saturday morning.

He began his career in 1915 in Denver, Colorado, as a printer's devil. He has worked in print shops

Roadrunner Revue Plays to Capacity House

By BILL HOYT

Staging the most successful Roadrunner Revue since its induction, Harry "Buppy" Moore and his cast of versatile stars presented the 1934 Roadrunner Revue to capacity houses in the State college auditorium last Wednesday and Thursday.

Opening the show with a "bang," Barney Jameson, the "tiny" one, and Melville Homfeld, the "high" one, presented their idea of a prologue. From this act to the finale, in which the girls' glee club and the entire cast, with Mrs. Helen M. Barnett, their director, singing the solo part of Victor Herbert's brilliant fast moving waltz, "Italian Street Song," the show was pronounced by all present as one of the best.

Numbers Outstanding
In the evening's entertainment several of the numbers were outstanding. Among these were the vocal trio, Bob Goux, Bud Lambourne and Tim Cornwall, who were accompanied on the guitar by John Westwick in a special arrangement of "Waiting at the Gate for Katy."

Mercedes Berger, outstanding star of the 1933 Roadrunner Revue, again won the applause of the crowded audience with her songs, done in her own inimitable style. She sang "This Little Piggy Went to Market" and "We'll Make Hay While the Sun Shines."

Orchestra Aids Success
Always furnishing just the correct accompaniment, Bud Lambourne and his orchestra did a great deal in making the Revue such a success. The orchestra was received with enthusiastic applause in their authentic imitations of Ted Fio-Rito and Duke Ellington.

Vocalists Well Received
Other vocalists who were well received were Don Coker and Frank Gilmore, who presented "Jack of Page 4, Col 2"

PLANS COMPLETED FOR NEW EDITION

Permission from Sacramento to publish a second literary supplement this semester was received by Dean William Ashworth, head of the English department, late last week. As before, the supplement will be in charge of Alpha Phi Gamma, journalism fraternity, working in conjunction with the English department and the Roadrunner.

"The purpose of the supplement is not so much to discover particular talent on the campus as to encourage students to write," said Al-lan Ottley, editor, yesterday. "The supplement is the only outlet on the campus for purely creative writing, and students who like to write are urged to turn in contributions to Dean Ashworth, Miss Burke, or me."

In an attempt to present a broader view of campus writing, plans call for shorter stories and more of them. In the first supplement there were but 10 contributors, and it is hoped that for the second there will be at least 15.

All forms of writing will be considered, verse, essay, short story, humorous sketch, and review. It is expected that the supplement will be published during the latter part of May or the first part of June.

Sorority Petitions for National Rating

Sheila Davidson, president of the local chapter of Delta Sigma Epsilon, national social sorority, this week received from Miss Reba Anderson, national organizer, a petition from Beta Psi Beta, local group of Fairmont State Teachers college in Fairmont, West Virginia, to become a member of the national sorority.

Should the endorsement of the 30 chapters of the organization and the approval of grand council be given, the Fairmont group will be admitted in time to permit their sending delegates to the eleventh biennial convocation which will be held in Santa Barbara on August 15, 16, 17 and 18 of this year.

Alpha Eta would become the chapter number of the new group, which at present consists of 13 active members.

JUNIORS MEET MAY 29

Junior class day will be held Tuesday, May 29, according to Ud Armstrong, class president. Class colors, programs, and entertainment will not be made known until after the next class meeting.

President Praises Roadrunner Revue

Dear Editor:
I do not often break into print about happenings here at the college, but when anything as outstanding, pleasing and successful in every way as the Roadrunner Revue takes place, I want to express my appreciation to the people who make such a contribution to the progress of the college. It is a kind of a tradition here that when things are done by a college organization they are done in a thoroughgoing fashion. This production, however, sets a high record which future student bodies will have a hard time to break. I want it known that I am pleased. Very truly,
C. L. PHELPS, President.

M. Linderman Reigns at May Day Festival

With the arrival of May 1 the annual May Day Fete presented Mae Linderman as May Queen in the quad Tuesday afternoon. A Mother Goose village was the setting of the affair attended by over two hundred of the students and faculty of the college beside a large number of townspeople.

Other candidates for May Queen who acted as attendants of the Queen were Wilma Felsenthal, Peggy Helm, Margaret Holden, Myrtle Holt, Grace Juhl, Lois Lamb, Mary Melano, June Marie Ryce, Myrna Sorensen, Jewell Stephens, Lucia Walker, and Evelyn Walker.

An Annual Production
This is an annual production of the women's physical education department and was under the supervision of Miss Winifred Hodgins, Miss Gladys Van Fossen and women who are majors in physical education. The purpose of the fete is to show the sort of extra-curricula work that can be done by the physical education department.

Large Shoe Selling
A large shoe was the setting for the pageant. Persons who took parts of Mother Goose land characters were, the book, Ruth Johnson; Mother Goose, Marion Ek; the Piper, F. Bliss; Jack, T. ENGLISH CLASSES REVISED BY HEAD

Revision of the oral English classes to make them more useful to the student in encouraging him to take an active part in both formal and informal discussion has been undertaken for the coming year, according to Dean Ashworth, head of the English department.

Names of classes have been changed and new material has been added to them to make them more efficient.

The course of public speaking, English 15, has been widened and is to be known as English 11, fundamentals of speech. It is planned as an aid to future teachers and will be open to freshmen as well as to upperclassmen.

Speech Clinic Started

Remedial work for the first semester will be English 12, the speech clinic, to help students with their speech problems. What is now known as public speaking, 15A, will become advanced public speaking and will be open only to students who have secured the permission of the department to take the course. It will be followed in the spring by English 15B, a debate course planned to meet student problems in the debating field.

A new course, English 8, grammar for teachers, will be open to all students.

Cravens Extends Thanks for Help

I wish to extend my personal thanks to the members of the associated students, the faculty and the community for your loyal support of the 1934 Roadrunner Revue. The cooperation we received from you made the work a pleasure. Your assistance is greatly appreciated.

Sincerely,
MARCUS CRAVENS.

Relation Body Sets Date for Letter Writing

In the near future an extensive "Write a Letter Day" is being planned by the public relations committee of the Santa Barbara State college.

"The 'Write a Letter Day' will be held in the early part of May and we believe it will bring the best results of any previous work done by the public relations committee," stated Marcus Cravens, president of the Associated Student Body.

Ericson Heads Committee

The committee is headed by E. E. Ericson and is composed of Roger Casier, Florence Longawa, Jack Porter, and President C. L. Phelps and Marcus Cravens as ex-officio members.

Through the assistance of William Herron, secretary of the Santa Barbara Chamber of Commerce and Pressly Landcaster Jr., also of that organization, a large supply of pamphlets has been prepared for distribution.

Two types of letters are to be featured on the "Write a letter day," group and individual. The group letters are to be prepared and then all persons in the State college from a certain locality will sign the letter being sent to a graduating student in that section.

Pamphlets Given Students

In the assembly on the "Write a letter day" the necessary pamphlets will be given to the students and on one of these in a place provided a letter is to be written by the student to a friend. Mailing facilities have been arranged and if the letters are brought to the student body office they will be stamped.

The pamphlets that have been prepared consist of a beautifully illustrated booklet telling of "The city with the Southern Exposure" and showing scenes of the beaches, the Spanish architecture, the court house, and general provisions for entertainment. Also a "Did You Know" pamphlet telling interesting facts and details of the Santa Barbara State Teachers college. For instance: "Did you know that there are nine degree granting departments in the institution," or "that the percentage of incoming transfers is larger than any other college in the state."

Cravens Draws Ticket at Fraternity Raffle

The Quilt Raffle, which is being sponsored by Kappa Omicron Phi, home economics fraternity, will be held in the college cafeteria at noon on Wednesday, May 9th. Marcus Cravens, student body president, will draw the ticket which will decide the lucky person. Tickets may be purchased from any member of the organization.

Girls Get Jitters as They Ask for Dates for Girls' Choice

any how the "Girls' Choice semi-formal is going to be held on Saturday, May 12 at Rockwood, and I would like to know if you would go with me?"
"Say, you wouldn't kid the goldfish. You mean the girls have to ask the boys to go, pay for the gas and buy the eats?"
"Yes."
"Sosh gakes, fan me down? I'm just as good as there."
"O.K. big boy, I'll be seeing ya at 8:30."
"Come up and see me sometime. Any time!"
"Fresh."
And with this conversation one of the weaker (?) sex went contentedly on her way to class.

Petitions for student body offices are due Friday, May 4 in the student body office, according to Julia Lynch, vice president of the student body and chairman of the election committee. Each petition must have 69 signatures of members of the student body.

Candidates who have posted petitions for president are Melville Homfeld and Allan "Bud" Lambourne; for vice president, Lois Jo McPheeters and Myrtle Holt; secretary, Mary Lee Townsend and Peggy Koopp; treasurer, Martin Verhoeven; manager of dramatics and debate, Pat Mahoney, Don Watson and Bill Ogle.

The candidates will draw to see which will speak first in each group.

Election of officers will take place Monday, May 14 at the window in the student body office.

At the student body meeting the prizes for the Roadrunner Revue ticket sales contest will be presented by President Marcus Cravens.

Ashworth Reads Play to Drama Group

Dean William Ashworth, sponsored by the College Players' club, will give the first of a series of six readings today at 3:30 in room 45. He will read "The Dark Tower" by Alexander Woolcott.

Although Dean Ashworth has given a series of readings in the summer sessions, this is the first time such a thing has been done during the regular semesters. The feeling is, according to Dean Ashworth, that students should have something besides their text books to think about.

The readings will require about 90 minutes. Invitation to attend is extended to the Players' club to anyone interested.

Frosh Go Childish for Annual Frolic

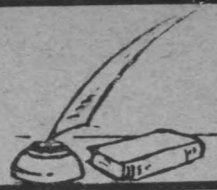

Invitations for the "Frosh Kid Party" to be held tomorrow evening in the college dining hall, from 7:30 to 12 o'clock, were issued to class members on Monday. Kid clothes will be in order.

A treasure hunt, dancing, and games are other features planned for the no date affair. Tickets may be purchased from class members.

Putting Over the 1934 Roadrunner Revue

The undeniable success of the 1934 Roadrunner Revue makes it unnecessary for the school paper to make further comments in its editorial columns to glorify the work done by the performers on the stage. However, we shall endeavor to give some recognition to those who worked untiringly before the production actually went on the stage and those whose work kept them from the spotlights and greasepaint during the performance, since as much credit for the success of the Revue is due to those workers hidden behind the scenes as has been given to those who displayed their talents before the glare of the spotlights.

In the estimation of the Roadrunner, perhaps this is the one way of repaying the unglorified workers of the Revue for their efforts since it was impossible for them to participate in the glory given the stage performers, who were generously applauded by the audience, which in a meager manner repays them for their work in the Revue.

Perhaps the one person that has been found on the college campus every day and night for the past month, until 12 and 1 o'clock in the morning, working for the success of the 1934 Roadrunner Revue is President Marcus Cravens. He has filled the job of Revue manager in a most efficient manner. The organization and promotion of the show rested upon his shoulders. It has been his duty to see that all the small and big details of the show were taken care of by those to which they were assigned. Congratulations, Marcus, for your work on the Revue. You have thanked all others for the part they have played in making it a success, let us in turn give you that honor.

Melville Homfeld filled the position of assistant manager and both he and Phebe Steer, secretary, have been most helpful in carrying out the detailed work of the show. Without their assistance, the general manager would have had difficulty in taking care of the many duties given to him.

Those who worked back stage also deserve special mention. They were Jack Murray, electrician; Jim Coultas and O. J. Trautz, stage crew; and Chet Tubbs, who managed the spotlight. Their jobs were important in the smooth running of the production.

That the ticket committee consisting of Harry Killian, Eugene Nelson and Fred Allred did effective work was shown by the full houses at each performance. No show could ask for more than that.

The large audiences also indicated that the Revue was effectively publicized. Jack Porter, Bill Hoyt, George Smith and Roger Casier handled the publicity in an expert manner. In this connection we should like to thank Dixon McQuiddy, last year's editor of the Roadrunner, now announcing for station KDB, for the valuable publicity he gave the production over the radio.

The traffic management under the direction of Roy Davis and Dick Jackson was very efficiently handled. These men stayed outdoors throughout both performances in order to enable the patrons of the Revue to park on and get away from the campus with the minimum of delay and difficulty.

Several members of the faculty were particularly cooperative in the production of this Revue. William L. Rust served as technical adviser to the stage crew, Fred L. Griffin supervised the construction of the stage sets, and Walter L. Cheever designed and painted the sets. Mrs. Marie Davis and Mrs. Helen M. Barnett acted in advisory capacity to the production, offering many constructive suggestions to the performers. Evidence of their work, was displayed in the clean and high class performances put on by the actors. Miss Hazel Severy, again as last year, gave many hours of her time to the Revue as its faculty sponsor.

Credit for the fine job of stage make-up applied to the actors goes to Miss Elizabeth Furby. Jesse Hathaway filled the position of technician's assistant.

We also wish to acknowledge the fine support this show received from merchants and townspeople, particularly Trenwith's, the Alcazar theater, Carpinteria, the Granada theater, and the Southern Counties Gas company.

Pledges Give Dinner for Active Brothers

Active members of Tau Omega, social fraternity, were entertained at a dinner by the pledges Monday evening at the home of Jack Maloney. The pledge egg hunt followed the event.

Dr. Charles Jacobs, and Dr. Charles Pruess, fraternity sponsors were also there.

THEATRE EXHIBIT FEATURES I. E. ART

An exhibit of metal work done in Santa Barbara Evening high school classes taught in the new junior high school building by Louie S. Taylor, part-time instructor of forging and welding on the local campus, was displayed in the lobby of the Fox Arlington last week.

Mr. Taylor has accumulated for the exhibit a representation of articles which have been made by his pupils ranging from bits of jewelry to large trays and ornaments, and from small vases to valuable chess sets. Taylor's classes are composed of all ages, extending from boys and girls of junior high school age to elderly men and women.

The work on the projects applied under Taylor's supervision has produced articles worth from \$1 to \$50 from small pieces of copper costing as little as 20 cents and seldom more than \$1.

Copper, pewter, and brass are the three metals chiefly used in making the articles. The majority of projects on exhibit are made from the students' own designs with which they had help and guidance from Mr. Taylor.

The College Widow

What a show! WHAT A SHOW!!! We're all mighty proud of it and of all the people responsible for it... the thing about "Buppy" that outsiders didn't see was his good nature, when things looked the blackest and he was bluest he just kept his good nature and never crabbed once... speaking of good nature "n" things, Mrs. Davis, Mrs. Barnett and Miss Severy stood by their guns through every rehearsal. Art Dakan didn't do so badly by all those extra rehearsals transporting the chorus around and keeping them in good humor, our own student body prexy was rather interested too for some reason... anyway Marcus we think you really should give us something definite on that nice little girl we see around once in a while... "Buppy" must be holding out on us too, and am I disappointed.

How does his voice sound without the backing of Bud Lambourn's orchestra, Merle? Girls, those of you who wondered who the strange blonde trumpet player in the orchestra was, his name is "Dutch" Higgins, he's from Carpinteria and drives the best looking blue Terraplane convertible coupe... don't get excited though, Mervilyn Shaw seems to have beaten us all to him... guess the P. E. department isn't so slow... Neither was Gilmore, he sure as heck went to town. Just a bit of fear creeps into us as we think how the crowd fell for Mercedes, we sure thought they were going to walk away with her and the roof... Margaret Beddome didn't hurt her reputation as a dancer any... and anyone what can sing like Sophie should be featured a little more often... looks like a more serious kind of romance between her and the romantic looking guy with the guitar... shall we credit the Revue with that too?... Maybe it's love at last else Don Coker couldn't have warbled with such feeling... That fashion review was plenty hotcha... Barney Jameson described the red one as a "Fisher Body ad personified"... so he reads the magazines now... he can, he now belongs to the sacred order of Beta Sigma Chi.

More fond mamas and papas in town for the big affair, not only the college were helping out... the Briggses, Dakans, Joneses and others arrived to see their offsprings perform... when families go touring around together there must be something serious in the air... guess the Jones girl may as well give up... After all the show wouldn't have been much of a show if it hadn't been for the orchestra—they not only looked nice but played swell, how could they help it with a real composer at their helm... more power to ya kids, only we think its too bad that such nice fellows and good looking ones have to play in orchestras, think of all the girls what can't go to dances... maybe we'd better start a women's jazz band... if only Johnnie'd wear that plug hat all the time... the band made a swell showing before the new coach too, and it seems that something is just a bit unadjusted... the band couldn't find any money to tour on this year and they're the best advertising this school ever had.

Those Home Ek people know how to make sandwiches and the cast knew how to get rid of them... and then that crazy Ralph Forsythe hunted for a party, some people are just like that... So here it is May

The LONGBOW

By A. R. O.

Professor Pitkin should have read Dr. Samuel Johnson before writing his best selling book, "Life Begins at Forty." Here is what the old sage of Gough Court wrote to Mrs. Thrale on her 35th birthday:

Ladies, stock and tend your hive, Trifle not at thirty-five; For, howe'er we boast and strive, Life declines from thirty-five; He that ever hopes to thrive Must begin by thirty-five.

The bell from the old Yankee clipper "Noonday," which was wrecked early in 1863 near San Francisco, has just been brought up from beneath the sea. Just another old Barnacle Bell!

Tibet, and particularly its sacred city Lassa, will probably be one of the last places in the world to feel the influence of our western civilization. Its mind, life, and customs are still mysteries to us, but the greatest mystery that has probably yet come out of the land of the lamas is the book, "The Invisible Influence," by Alexander Cannon, M.D., Ph.D., F.R.G.S. (Fellow Royal Geographical Society), and recently published by Dutton at \$1.50.

Let all devotees or believers in voodism, ancient Rosicrucianism, or any of the mystic sects raise their eyes and square their shoulders once again and defy this skeptical modern world of ours. For Dr. Cannon has seen things that would make your eyebrows curl and your chin quiver, and has lived to write about them. He has seen a man whom he, with his medical skill, declared to be dead 24 hours, rise up at command and walk away. He has seen a tree shrivel up at the point of a finger! And he himself, by the sole force of pure mental effort, has been floated across a chasm 50 feet wide!

The Bible, with its miracles of Jesus walking on the water, raising up Lazarus, and the burning bush, have nothing on this book. Dr. Cannon is not only a canny Scot, but is a highly educated man, and is one of the few white men ever to be permitted within the walls of Lassa. There seems little likelihood that he has perpetrated some sort of hoax on the public, despite the fact that he is reported to have been ejected from one of the learned English societies of which he was a member, just because the stories he brought back from Tibet so astounded the august members that they, in their true British conservatism, doubted his veracity. Learned European societies devoted to science and philosophy are dumbfounded by the book, which has stirred up the greatest controversy of any book in many years.

And through it all, the temple bells of the mystic Far East tinkle quietly over a land where civilizations lived when our forbears were plastering themselves with Neolithic mud. "East is East and West is West, and never the twain shall meet."

We have thought sometimes that we would like to be a pole vaulter, but we fear that there is just a little too much overhead.

colleges, where men think it a little too effeminate for consideration. But a male toxophilist is a man for a' that, especially if he wields a 70-pound bow and brings down grizzly bears with a single arrow... as Art Young has done.

The bow and arrow have turned the tide of history on many an occasion, as note the battles of Argincourt, Crecy, Poitiers, and Hastings. Children of the West Indian natives had to knock their food out of a tree with an arrow before they could eat. And children of the wild nomadic tribes of Turkestan, at an age when they could hardly even walk without assistance, used to shoot rats with miniature bows and arrows in the tribal winter hovels. Many a gal in the Middle Ages has given her hair to her lover to furnish him with a bow-string, and many a captured archer has been hanged with that same bowstring. There is glamor and romance in archery (and we don't mean Cupid), and we for one would once more like to pull a longbow at the archery butts as well as in a newspaper column. To any aspiring toxophilist, let us recommend Saxton Pope's book, "Hunting With the Bow and Arrow."

More than a hundred mouths watered and more than a hundred pairs of eyes opened their widest, Saturday afternoon. The cause? Delta Zeta Delta's fashion show. Good looking clothes on good looking people made a good appearance to a good many folks.

First we'll take Mrs. Abraham. What poise she has and what a hit she made. Her afternoon frock was a two piece affair made of navy blue crepe. The neckline was a yellow green, matching some of the little circles in the design of the dress. Pink dots were also there. Chatose trimmed the gown. Her formal was in black and white organdy. Blue, green and brown were the colors of a heavy linen suit, and tan was the color of the hat which was worn with the suit.

Those Cornwall sisters, Ella and Babe. Lucky Tim. Ella's sport suit was a white linen one with lapels on the jacket. The waist was brown and there was a little brown sport hat with a white band, to go with the suit. And that afternoon dress was absolutely adorable. Something new and different. A brown linen net over brown taffeta. The collar and the cuffs on the sleeves, which were elbow length were of drawn linen in an eggshell color. Red buttons trimmed the cuffs. Her formal was a very summerish one—figured in peach and made of a cotton. Babe's riding habit was in brown and tan. Brown boots, coat and hat, and tan breeches. And two bathing suits, one in blue and white, and a rose and blue bloomer one, were shown by her.

Margaret Beddome looks pretty in red. So we noticed when she appeared in a brilliant red ribbon organza formal. The slip was of taffeta and the dress sleeves were elbow length tied in a bow. A red Chinese silk jacket and white silk dress composed a little sports frock. For afternoon occasions she displayed a navy blue taffeta in two pieces—worn with a white organdy blouse.

"Peachy" Stuart, the little red-head, modeled some of the most attractive clothes in the show. Included was a navy blue crepe one-piece dress, with pink stiffened linen collar and cuffs. With it went a large pink linen picture hat. Also a most adorable light blue and pink flowered sheer, the outstanding feature of which was the eight tiers of ruffles at the back of the skirt. The neckline was high and finished with a ruffle which fits well around the neck.

Suits for sport only were displayed by Mary Lee Townsend and Betty Durfee. Mary Lee's was a striped blue dress with a pair of shorts and a hat to match. Betty's was a little different. No skirt in fact, just blue shorts, a little swag coat and hat. She had a polo outfit too. And a polo game wouldn't be a bit bad with such players if they all looked as grand as Betty did. The more western idea was brought out in Percis Freeman's riding outfit. It was a brown leather vest and riding skirt worn with brown boots.

One of the most "talked about" formal was the linen formal Betty Peter Remp modeled. The majority of the dress was white, while the square sailor collar in the front was done in brown. The neckline in the back was cut low and square and the belt was brown.

Charm itself, was Ester Ludcke in a formal of slipper crepe designed in pink, green, and brown flowers. Around the armholes and the edge of the dress were green taffeta ruffles. A simple linen suit checked with brown and orange lines was her sport outfit.

Lillian Talbot, Rose Greenwell, and Jo Covelle modeled riding habits and bathing suits. And what bathing beauties . . . you should have been there. Your eyes would have opened wide, too.

And when it comes to anything, clothes especially, we wish we could be like the iceman who always has his pick.

Society Holds Yearly Formal at La Cumbre

Phi Kappa Gamma, social sorority, held its annual formal dance Saturday evening at La Cumbre Country club.

Frank Greenough's orchestra provided music for the event. Sea green and coral, the sorority colors were carried out in spring flowers which decorated the room.

Sorority members and their guests present were Mr. and Mrs. Ray Gilbreth, Katharyn Myers, Tessie Williams, Marian Call, Betty Johnstone, Katherine Gaines, Lois Lamb, Fern Peterson, Marion Ek, Mary Melano, Bill Morrissey, Bobby Goux, John Ingram, Frank Perry, Fred Tyres, George Winters, Harry Killian, Campbell Covington, and Armand Needham.

Patrons and patronesses were Mr. and Mrs. Charles T. Holland, Mr. and Mrs. Earl Johnstone, Mrs. Ruth Doolittle, and Dr. William H. Ellison.

Cast Holds Party in Dining Hall

After the final performance of the 1934 Roadrunner Revue Thursday, a reception for cast and all those connected with the production was held in the dining room of Ebbs hall.

Dancing and refreshments were enjoyed by over one hundred students and faculty members who attended.

Necessary financial means were furnished by the Social committee; food was prepared by the home economics department; and music for the dancing was obtained by radio which was furnished by the Men's club.

Faculty members who were present were Mrs. Helen M. Barnett, Mrs. Marie June Davis, Dean Lois Bennink, Miss Helen Sweet, Miss Hazel W. Severy, Mr. William L. Rust and many others.

Marriage of Former Student Made Known

Announcement has been received here of the marriage of Miss Ruby Delp, former student, to Weldon Fulton. The couple were married at the Saint Clare parish in Oxnard on April 23.

Miss Delp was a student in the local Art department last year. Mr. Fulton is a graduate of the California Institute of Technology and is at present employed in Camarillo. The couple are making their home in Somis.

STATE HORSEHIDERS WIN CONTEST FROM SAN MARCOS C.C.C. CAMP NINE

Roadrunners Play Good Game in Spite of Errors; Joe Ball Hits Club to Victory Over Camp Boys

State's baseball nine defeated the San Marcos C.C.C. outfit 5 to 2 in an air-tight game played on the Pershing park diamond Saturday morning. The number of errors made by the Davismen were considerably less than in any other game this season, it was reported.

Joe Ball was the outstanding hitter of the game striking four hits out of four times at bat. Ball has changed his stance lately and it has caused him to hit much easier. On the other hand Mert Miller was hitless for the first time in any game this season. Also Rezzonico made several errors on third base due to outside influences.

State Holds Lead

The Roadrunner outfit jumped to a two-run lead in the first two stanzas of play and held this advantage the remainder of the game. Rouse holding down the mound position held the government boys scoreless until the third inning when they scored one run. State then made two more runs, and one other later in the game. Rouse had no serious trouble at any stage of the game and also hit out a two-bagger in the ninth stanza.

Occidental has called off the scheduled game with the Roadrunner aggregation next week, thus allowing them to maintain their undefeated record in the Southern Conference. They have made eight wins and no losses to date.

The Roadrunner line-up for last Saturday's game was as follows:

Willard and Aspitte, catchers; Rouse, pitcher; Ball, first base; Lebeck, second base; Stockel, shortstop; Rezzonico, left field; Hoffar, center field; Muegenburg, right field.

Choose Van Winkle to Head Roadrunner 'Y'

Howard Van Winkle was selected to head the College Y next year at an election meeting held by the local Y in the faculty dining hall Wednesday morning. The meeting was presided over by Richard Jackson, the retiring president of the group.

Other officers chosen for the coming year were Tommy Merrill, vice president; Lyman Goldsmith, secretary-treasurer; and Carl Willensky, social chairman.

Attend Conference

The junior college and college president's training conference of college Y's to be held at Cambria Pines next Saturday and Sunday was the main topic of discussion at yesterday's meeting. Several local men will attend the conference including Harry Hill, director of the Santa Barbara Y.M.C.A., Richard Jackson, Howard Van Winkle, and probably two others who haven't been named as yet.

C. Merle Waterman, tri-county Y secretary, visited the local Y meeting yesterday and led the group in several songs. Frank Smith, president of the Carpinteria High school student body, was a guest at the meeting as was J. C. Lewis of the Santa Barbara Y.M.C.A.

Beta Sigma Chi Slate Annual Formal May 5

The Montecito Country club will be the setting Saturday evening of the Beta Sigma Chi, social fraternity formal. Dancing will begin at 9 o'clock.

HARDER OPENS STATE GRID PRACTICE

A fair turnout for spring football practice greeted Coach Theodore "Spud" Harder, new Roadrunner grid mentor. The initial work-outs are to be held on Phelps' Field. Spring practice is to be directed by Coach Ray Denno during the week with the former Stanford star supervising the work on the week-ends. The hilltoppers should go to the top of the league next season under the able direction of Harder.

Hold Archery Meet at Manning Home

An archery tournament open to all women students is being sponsored by the Archery club at Mrs. John Manning's in Montecito on Saturday, May 12 at 10 a.m. All women students are invited to take part. There will be an open shoot of Columbia round in the morning, and a clout shoot in the afternoon with luncheon at 2 o'clock. Each student should bring his own lunch.

Here is a chance to have a good time and to learn something more about archery. Further information may be obtained from Miss Van Fossen or Joyce Newton, archery manager.

CAPACITY HOUSES GREET '34 REVUE

Among his group was the new song written by Betty Proctor and Bud Lambourne, "That's Why I'm So Blue Under the Stars."

Musical numbers were not the only lights of the program. Marion Ek's Swedish monologue was excellent; Allen Neil's caricatures were humorous; the various dance numbers which included the Collegiate and waltz numbers; the tap dancing by Margaret Beddome and acrobatic dancing by Betty Burns.

"This year's production has surpassed any preceding Roadrunner Revue and set a precedent for the directors of future State college revues to work for," said Marcus Cravens, student body president and general manager of this year's revue.

Cal-Christian to Meet State Roadrunners

Cal-Christian baseball nine will be the opponents for the Davismen Saturday morning at 11 o'clock on the Pershing park diamond. As a result of the win over the San Marcos C.C.C. outfit last Saturday the Staters are quite enthusiastic and they have a good chance to down the Cal-Christian aggregation. The southern team recently defeated the strong Redlands nine, whom the Roadrunners also downed on the local diamond recently.

Captain Aspitte is limping around the campus this week as the result of a sprained foot and thus Rouse will probably start Saturday's game behind the bat. "Tex" Willard has a badly sprained ankle and may be out of the game Saturday. The other men composing the local baseball club are in

Women's Sport Comment

By PEGGY KOEPP

Women's sports have been quelled this week in favor of the annual May Day festival which the W.A.A. sponsors. A very successful day it was too with all the Mother Goose characters gamboing about, and the lovely May Queen and her attendants.

The all-star volleyball teams have been chosen from the four classes. The Juniors head the list with six places on the team, four Seniors, one Sophomore, and two Freshmen. The girls are: Grace Roscoe, Muriel Brown, Lucille Gauldin, Fern

Johnson, Florence Longawa, Shirley Warner, Lucille Bolton, Ida Pagliotti, La Rue Steelsmith, Vivienne Sims, Dorothy Taylor, Evelyn Maitland and Margaret White. Imagine Gilmore's confusion when, while crooning to an entranced gym class last week, Miss Van Fossen requested him to stop with the remark, "the girls can't take it."

Can't something be done about the dirty floor in the gym? Time and time again I have heard exasperated gym classes groan when they had to roll on the floor in various gymnastics after spending the weekend washing and ironing their suits.

The Women's P. E. department has chosen its officers for the coming semester. Lorraine Koehly is president, and the other two officers are Wyllys Anderson, vice president, and Irene Samson, secretary-treasurer.

Track Awards Given to Men After Season

Ten men have earned letters in track this year according to Coach Ray Denno. These men have earned their letters in the stiffest competition that any State college men have undergone so far in his sport during the past few seasons.

The track squad broke fifty-fifty in the total number of meets that they participated in, winning three of them, and losing three. Two places were made in the all-conference meet and four new school records were made by the cinder men.

Those who earned letters this year are: Allen Garber, "Doc" Kelliher, Shirley Keith, Thornley Roe, Willis McCullough, Pat McCullough, Elmer Lee, Howard Craven, Bill Crow, and Dick Jackson.

Ben Eastman Speeds to Double Victory in Meet

Staging their Fourth Annual Open Track and Field Meet last Saturday afternoon at Peabody stadium, Santa Barbara played host to over 160 track and fieldmen, some of them internationally known and holding world records, from all parts of the United States.

Santa Barbara State college track team made a mighty fine showing in the meet as they placed in one event in which the meet record was broken and almost won a first in another.

In the four man mile relay the Staters garnered one point by winning fourth place with a team composed of Crow, Cravens, Keith and Jackson. The event was run in 3 minutes 21.2 seconds, breaking the old record held by the U.C.L.A., of 3 minutes 24.7 seconds Ben Eastman, Sam Eastman, Hables and Cranston were on the unattached team that won the relay.

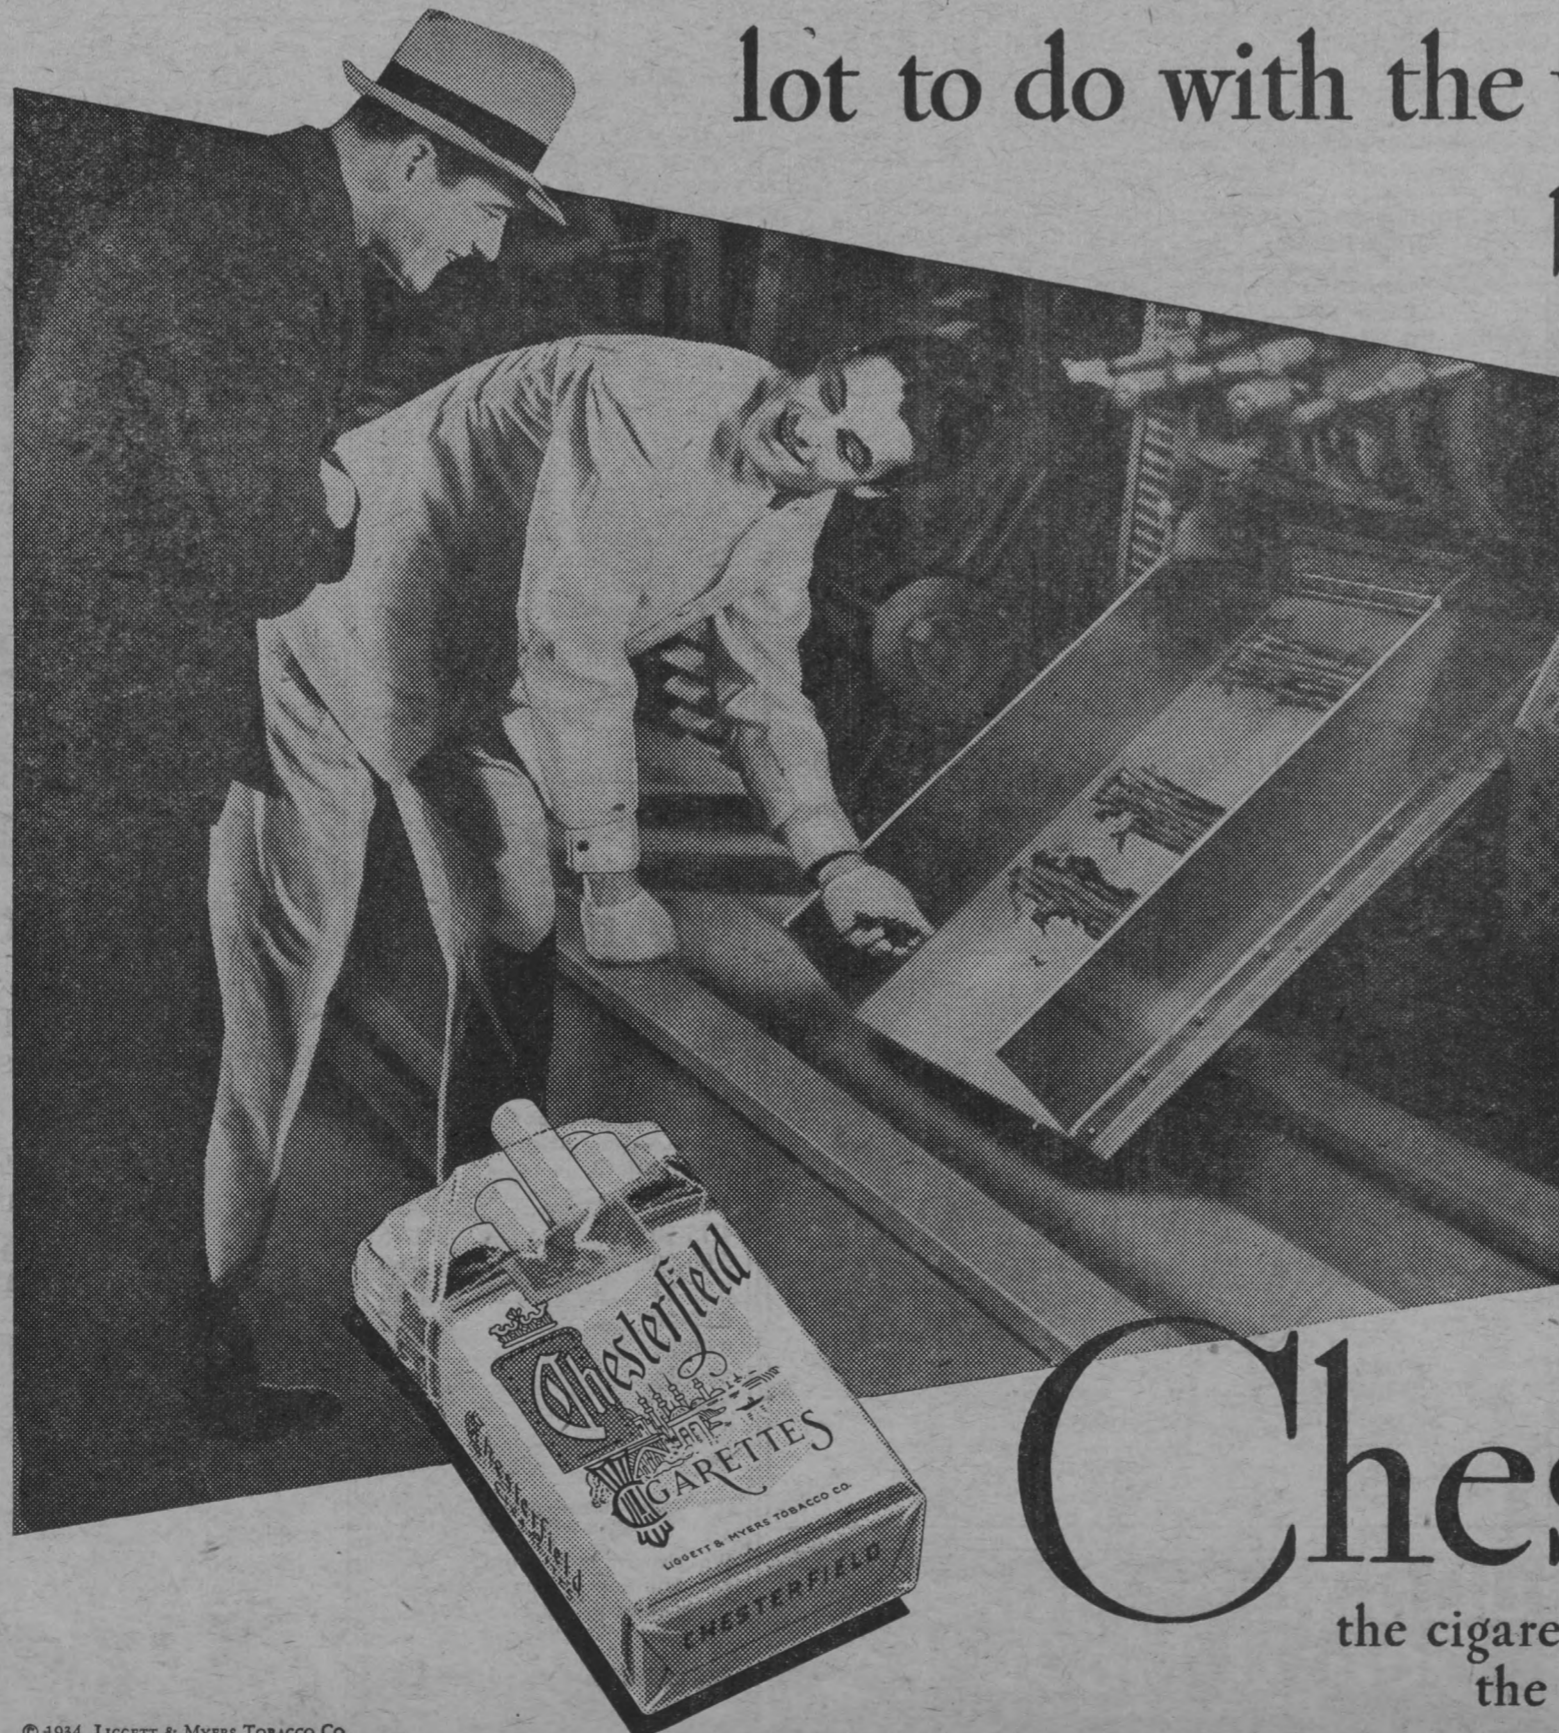

"Doc" Kelliher running in the 220 low hurdles won both of his preliminary heats but while in the second heat he injured his ankle so badly that he was unable to compete in the finals or he might have placed first. The event was won by Bates of San Diego in 25 seconds flat.

Record Holders Compete
Among the world's record holders who competed was Ben Eastman, who holds the record in the 440 yard dash and the half mile run. Ben ran the 880 in one minute 52.7 seconds, 8.3 seconds lower than the mark set by Ron Johnson in 1933. As anchorman in four man mile relay, which set a record, Ben ran his quarter in 48 seconds, a fast pace in anybody's meet.

Frank Wykoff, another world record holder, took high point honors in the meet as he won two first places. Frank finished first in 100 yard dash with a time of 9.8 seconds and he also came in first in the broad jump with a leap of 23 feet 2 inches.

Team honors for the day went to U.C.L.A. with 22½ points, second Olympic club 18, third Caltech 13 and fourth Occidental 11 points.

The way tobacco is cut has a lot to do with the way Chesterfield burns and tastes

There are many different ways of cutting tobacco.

A long time ago, it used to be cut on what was known as a Pease Cutter, but this darkened the tobacco, and it was not uniform.

The cutters today are the most improved, modern, up-to-the-minute type. They cut uniformly, and cut in long shreds.

The tobacco in Chesterfield is cut right—you can judge for yourself how Chesterfields burn and how they taste.

Everything that science knows is used to make Chesterfield the cigarette that's milder . . . the cigarette that tastes better.
