PRESENTS

BA FINDA C' BEACH

Aries (March 21-April 19). The boss is in the mood to buy new equipment — let him or her know what you want. Past-due projects interfere with your free time. Don't complain; you can play later. Go along with your sweetheart's cost-cutting maneuvers.

Taurus (April 20-May 20). Problems that looked insurmountable yesterday dissolve into nothing today. Push your plans forward. Take a romantic break around noon. Your best ideas will come from a meeting around dinnertime. Tonight, travel back in time with friends.

Gemini (May 21-June 21). A friend on the inside is very helpful today.

She can snag something that's inaccessible to you. An older person — maybe one of your parents — can help you get the money you need tonight. Discuss finances in detail over dinner.

Cancer (June 22-July 22). Just about everything will be easier today, partly because you've got more help. Let a person you don't always agree with carry the ball. You need the relief. Tonight, discuss plans for the future with the one you love.

Leo (July 23-Aug. 22). You'll have no trouble staying busy today. Ask if you can work overtime, and rake in even more bucks. It's not easy, but it is good experience. Instead of buying more toys, stash extra earnings into a savings account.

Virgo (Aug. 23-Sept. 22). Everything will be easier today. You've sure paid your dues lately; you've earned a break! Meet with a special friend at lunch, and schedule something nice around dinnertime. You're lucky with games tonight. Play something you can win.

Libra (Sept. 23-Oct. 23). Give a difficult project at work your full attention today. It'll be easier once you get into it. Discuss the household budget with your roommates tonight. You can get something you all want, if

Scorpio (Oct. 24-Nov. 21). Education's your theme today. Take a master class to polish your skills. Romance flourishes around lunchtime. Make plans for a trip together over dinner. If you have kids, take them along too—the more, the merrier.

Sagittarius (Nov. 22-Dec. 21). If you're a gambling person, take a risk around lunchtime. Investing in a work-related item should pay off, too. If you've got any money left, buy something you need for the house after dinner. Heed a wise woman's advice.

Capricorn (Dec. 22-Jan. 19). This is a fabulous day for you. You're smart and good looking. Use information you've learned recently to impress an attractive friend. A luncheon date is recommended. Tonight, you'll succeed at a new endeavor.

Aquarius (Jan. 20-Feb. 18). You're still stuck between a rock and a hard place. Money's going out almost faster than it's coming in. Keep control or you'll wind up in the red. Talk to your creditors and work out terms you can live with. Tonight, stay home.

Pisces (Feb. 19-March 20). You're charming and persuasive today. A group endeavor is going very well. You're learning a lot by working with your friends. Romance looks educational too. Study with your mate in private tonight. Learn to take better care of each other.

Today's Birthday (March 13). Group activities dominate your year. Take action based on past experience and recent information in March. Make decisions in May concerning love, money and your own education. School will be easy; you'll be able to concentrate. Play in July; work in August. Pay bills in September and travel in November. Old skills advance your career in December. A team effort wins big in January. Expect a surprise in February.
