## Joint Thanksgiving Service To Be Held Wednesday

Members of the Carpinteria Community Church and the Methodist church will join in a special Thanksgiving service to be held on Thanksgiving Eve., Wednesday, Nov. 23rd, in the Methodist Church. All residents of the valley are invited to attend the service which will start at 7:30 p. m. The President's proclamation will be read by Rev. John J. Woodson, Pastor of the Methodist Church and the sermon, "Dare We Give Thanks?" will be delivered by Rev. Deane F. Babbitt of the Community church. The complete program for the evening is as follows: Wednesday, November 23, 1938

### METHODIST CHURCH

#### PRELUDE—DRESDEN:

"We plough the fields and scatter the good seed on the land,  
But it is fed and watered by God's Almighty Hand."

#### CALL TO WORSHIP

1 Chronicles 16. 8, 9  
"O Give thanks unto Jehovah, call upon His name; make known His doings among the peoples. Sing unto Him, Sing Praises unto Him; Talk ye of all His marvellous works."

#### HYMN 6:

"HOLY, HOLY, HOLY"

NICAEA

#### THE PRESIDENT'S PROCLAMATION:

Rev. John J. Woodson

#### PRAYER OF THANKSGIVING:

#### ANTHEM:

"The Earth Is the Lord's"

Lynes

#### SCRIPTURE READING:

Psalms 145—Jehovah is extolled for Goodness and Power.

#### THE OFFERTORY:

Prayer of Dedication  
(The offering will be used for Benevolent purposes in the Church families of this Community.)

#### HYMN 222:

"Come, Ye Thankful People, Come."

St. George's Windsor

#### SERMON:

"DARE WE GIVE THANKS?"

Rev. Deane F. Babbitt

#### HYMN 14:

Coronation Tune  
"All Hail the Power of Jesus' Name!" and the —

#### BENEDICTION

DOXOLOGY

## LIONS CLUB HOST TO INTER-COUNTY COUNCIL

The Carpinteria Lion's Club entertained some 61 members of the local club and clubs from Oxnard, Santa Paula, Ventura, Santa Barbara, Ojai, Fillmore, Santa Maria, and Simi at the Inter-County Council meeting which was held in the Veterans' Memorial building Wednesday evening. E. D. Solari and George Holsten prepared the barbecued steaks for the dinner. Harold Heltman, vice-president of

the local club, opened the meeting and four violin solos were played by Fred Greenough, accompanied by Mrs. C. E. Neuman.

Following the dinner the meeting was turned over to Frank A. Calston of Simi, president of the Inter-County Council and an interesting report of the membership committee was given on the progress of the Lion's organization in nearby counties. Two new clubs at Atascadero, with 16 charter members, and at Moro Bay, with 20 members, have been formed and installation will be held on Wednesday. (Continued on page 8)

## Citrus Institute Being Held In Santa Barbara Today

Many Carpinteria citrus growers are attending the Citrus Institute which opened in Santa Barbara in the Supervisors room of the Court House yesterday and continues through today.

Percy Houts, Jr., manager of the Carpinteria Mutual Citrus Association and chairman of the Citrus Department of the Santa Barbara County Farm Bureau will preside at this morning's session which will be devoted to the discussion of consumption and costs of lemons. Miss Irene Fagin, home demonstration agent, will speak on Lemon Consumption the Year Round; H. W. Hall will explain the work and methods of the Exchange Lemon Products Corporation, of which he is manager, and J. L. Scott, emergency assistant farm advisor, will discuss "Lemon Cost of Production Studies" and the meeting will be opened for

general discussion by those attending.

The afternoon program will center on marketing and John Schneider, extension specialist in marketing, will speak on "Marketing and Marketing Problems" after which the meeting will be thrown open for questions and discussion by growers.

Thursday's program was devoted to citrus pest and disease control and to soil management with the following speakers appearing on the program: Dr. Kenneth Maxwell, Citrus Experiment Station, Dr. A. M. Boyce, Citrus Experiment Station, E. S. Kellogg, S. B. County Agriculture Commissioner; J. R. La Follette, California F. G. Exchange; Dr. H. Fawcett, Citrus Experiment Station, Warren R. Schoonover, Ext. Specialist in Sub-Tropical Horticulture and J. B. Brown, Ext. Specialist in Irrigation.

## LOCAL FARM BUREAU TO DISCUSS TAX INCREASES NOV. 25.

According to an announcement by C. E. Neuman a meeting of the Carpinteria Valley Farm Bureau has been called for next Friday evening, Nov. 25, at 7:30 p. m. in the little theatre of the High School.

The meeting is open to the public and the chief topic of discussion will be the increased tax assessments of farm properties in the Carpinteria Valley and persons attending are requested to bring this year's and last year's tax assessment blanks for comparison and discussion.

All Farm Bureau members and those interested in joining the organization are urged to attend as election of officers for the coming year will be held during the evening.

## RED CROSS ROLL CALL CONCLUDED \$323.00 RAISED

Although the Red Cross Roll Call for Carpinteria has been officially completed, persons who may have been absent from home when committee members called may still enroll at the Carpinteria Realty office, according to Miss Arianna Moore, chairman of the drive.

Although the drive did not bring in quite as much as last year's drive, it was highly successful. Some three hundred memberships were obtained and a total of \$323.00 subscribed.

Assisting Miss Moore in the drive this year were: Mrs. Joseph Hendy, Mrs. Harold Cadwell, Mrs. Reginald Thomas, Mrs. Geo. Humphreys, Miss Rosemary Carton, Mrs. David Safwenberg, Mrs. John Rock, Miss Betty Franklin, Mrs. Robert Bailard, Mr. H. C. Motley, Miss Phoebe Bowen, Mrs. J. V. Van Metre, Mrs. Nelson Smith, Mrs. Thomas Church, and Miss Elizabeth Furby.

## CARPINTERIANS ASKED TO DECORATE OUT-DOOR TREES

The State Chamber of Commerce is again sponsoring the campaign for the decorations of outdoor Christmas trees and the local Chamber of Commerce has been asked to assist in this program. All residents of the Valley, and particularly those living near the 101 Highway, who have suitable trees are asked to decorate them in an effort to make this section one of the outstanding of the state.

Persons who are interested in the Associated Oil Company series for next year have requested that the company use the Tory Pine at Wardholme on one of the stamps, since this tree is believed to be the largest in the world of this species. Others who are interested may secure cards from the Chamber of Commerce office which may be filled out with this request and sent to the oil company.

## Highway Department May Favor Casitas Road Change

### WORK STARTED ON WPA PROJECT FOR SEWER COMPLETION

Work was started last week on the W.P.A. project which was granted Carpinteria for the completion of sewer lines in the Old Town area, under the direction of Mr. Robbins, engineer from Los Angeles.

The cost of the project is estimated at \$70,000 and all materials and labor are being furnished by the government at no cost to Carpinteria other than approximately \$1,200 for various fees which will be paid out of Sanitary District funds. The project calls for the installation of main sewer lines and extension mains to property lines.

Original plans call for completion of the project within six months but it is believed that the work may take longer since the mains must be laid 14 feet below the surface and mud already has been encountered at the five-foot level. At present crews vary from 10 to 50 men as they are available.

### UNSEASONABLE COLD SPELL BELIEVED OVER

Carpinteria ranchers heaved a sigh of relief and retired early Wednesday night when early evening temperatures indicated that the cold snap which has made smudging necessary in many parts of the valley during the past week had broken.

The cold spell started a week ago last night and temperatures continued to drop on Friday, Saturday and Sunday nights, with some indication of moderation on Monday and Tuesday nights. Smudging has been general throughout the valley with temperatures reported from 26 to 30 according to locations. Damage from the cold spell is believed to have been light and is confined for the most part to young trees and vegetable crops.

Long time residents of the valley state that such low temperatures at this time of the year are extremely unusual.

Unless the change in the State administration interferes with projects outlined by the Highway Department, there is an excellent chance that Casitas road within Santa Barbara County may be realigned to eliminate the most dangerous portion of the road, according to Thomas Dinsmore, Supervisor for this district.

According to Dinsmore, engineers from the Highway Department are expected to survey a new route for the highway within the next few weeks which would follow the foothills in a gentle curve from the first sharp turn encountered just beyond the Bliss ranch to re-join the present road near the Ventura county line. The proposed change would shorten the present distance by one-half mile and would eliminate two sharp turns and several smaller turns and a portion of the road which follows a ledge near the Butler property.

Since the Casitas road is the most direct route from Santa Barbara to Ojai and connects with the Maricopa highway there is an excellent chance that the change will be favored by the Highway Department, in which case the portion of the State Highway eliminated by the change would revert to the county which would keep the road in repair for the use of ranchers whose property adjoin the present road.

### AGRICULTURE CLASS VISITS SOIL PROJECT AT LOMPOC

Boys of the vocational agriculture department of the high school and their teacher, Charles E. Neuman, spent Wednesday in Lompoc where they studied the soil conservation project under construction.

Those in the class were Ben Alvarado, James Amos, Sam Beresford, Billy Hohman, Albert Medel, Jenaro Medrano, John Miller, Arthur Morales, Jimmie Reid, Nickol Roza, Hilario Savala, Bernard Snow, Junior Stemper, Walter Taylor, Pasquel Ortiz, Harold Avant, Frank Alvarado, Alden Fogliadini, Clarence Gorham, Roland (Continued on page 8)

## Warrior's Football Season Comes to Successful End

COACH STAUB

Although the Carpinteria Warriors will play two post season games the football season for the local boys officially ended with the game last Friday at Lompoc. While the Warriors have not chalked up as many victories this year as they did last they have had a very satisfactory season, especially in view of the fact that they were not playing in any league and played four games with teams in the Ventura Major League. Although the teams in the Ventura League were heavier and had more material to draw on, the

## THANKSGIVING

Three centuries ago a handful of men and women knelt to give thanks to the Creator for having preserved them from the dangers of the forbidding wilderness and rewarded their labors with a harvest of sufficient food to carry them through the long winter ahead.

Today one hundred and thirty million Americans have cause to thank the Creator for having preserved them from the dangers of the forbidding wilderness of oppression, dictatorship, Communism and war that surround us as a raging sea surrounds a safe island—to thank him for having rewarded our labors with comforts of living beyond the dreams of the humble Puritans.

Today, as then, thankfulness for the past connotes thankfulness for present opportunity to make for ourselves a better future. Democracy and liberty preserved give us freedom to build stronger barriers of steadfast faith against the deadly infection of foreign "isms," as preservation from savages and starvation enabled the Puritans to strengthen their rude forts and extend their hard-won food acreage.

We have clung to liberty for the common man, while whole peoples have yielded theirs. We have kept to the path of peace, while armies ravage other lands. Most serious problems confront us—problems of labor strife, of enormous tax debts, of economic dislocation still unconquered. But we have the freedom and the will, the resources and the mechanics, to overcome our problems. Let us be thankful.

## MAKE DEMOCRACY WORK

Forty million Americans exercising their right of democratic citizenship!

That is the real story of the recent election, a story more important than the columns of figures the smiles of the winners or the "we concede" of the losers. Once more America has demonstrated that democracy works, that the free selection of leaders is still a workable system of government in the land of the free.

Yet even as America again demonstrates her successful democracy, from across the sea comes a raucous laugh, a roaring cry of derision.

The scene is Wimar, Germany, where the Reich's first democracy was conceived. But it is no free leader of a free people who speaks. The voice that roars defiance to the world's democracies is the voice of force. The hand that accents the denunciations is the clenched fist of might and maim.

When all the world was safe for democracy, the burden of our democratic citizenship was light. Today that dream of safety is shadowed by the fate of China, Spain, and Czechoslovakia. Today there is no place in the world for static do-nothingness. Today democracy must build or be destroyed. Its citizens must work or be overwhelmed.

The burden is on every citizen of America. We

## The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

### CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

"Yea, in the way of thy judgments, O Lord, have we waited for thee; the desire of our soul is to thy name, and to the remembrance of thee." These words from Isaiah are the Golden Text in the Lesson-Sermon on "Soul and Body" on Sunday in all Churches of Christ, Scientist.

Among the Bible selections are these verses from Psalms: "I will bless the LORD at all times: his praise shall continually be in my mouth. My soul shall make her boast in the LORD: the humble shall hear thereof, and be glad. O magnify the LORD with me, and let us exalt his name together." These words of Paul's from the Acts are also included: "God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; Neither is worshipped with men's hands, as though he needed anything, seeing he giveth to all life, and breath and all things; . . . For in him we live, and move, and have our being."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "Soul is the substance, Life and intelligence of man, which is individualized, but not in matter. Soul can never reflect anything inferior to Spirit. Man is the expression of Soul."

### THE CARPINTERIA COMMUNITY CHURCH

Rev. Deane F. Babbitt, Pastor.

Touching the future of the world and the progress of our species, we see in a mirror darkly. There is a far-off goal toward which mankind slowly moves.

"For now we see in a mirror darkly; but then face to face: now I know in part; but then shall I know fully even as also I was fully known." — 1 Corinthians 13:12

The theme of the Eleven o'clock Morning Worship will be "Unobstructed Vision," the Rev. Deane Francis Babbitt occupying the pulpit. Special music by Mrs. Wilbur Humphrey, pianist, will consist of Prelude: "Valse" by Chopin, the Offertory: "Bouree" by Bach, and the Postlude: "Hark, Hark, the Lark" by Schubert-Liszt. Make the Sanctuary your "Meeting Place with God."

"Revenge is mean" according to Bill Jorgensen of the Youth Fellowship. "Getting Even" is the subject of Discussion and study of Christian Youth at the 6:30 meeting in the McLean Youth Chapel of the Church. Come—see whether or not it pays!

must forget the easy passiveness of the past. We must act to build a government of the people, by the people, and for the people that shall not perish from the earth.

The election is past! But its enthusiasm, spirit, and interest must not pass. If the democratic form of government is to remain the lodestone of freedom, America must make democracy work!

## WOMEN IN THE NEWS

By LEONE BAXTER

A San Francisco woman is "marooned" on a tiny mid-Pacific island over 3500 miles from the nearest mainland. She has no stores to visit, no neighbors to call upon—two deprivations that mean much in the average woman's life—yet she is having a fine time of it!

Nothing grows there. The only food obtainable from the island itself is the fish in the blue lagoon. However, when this lady sits down to dinner she selects from menus of which the following is typical.

Hors d'Oeuvres  
 Sweet Gherkins Green Olives  
 Fruit Cocktail  
 Consomme with Vermicelli  
 Salad a la Guba  
 Prime Ribs of Beef au jus  
 Roast Chicken  
 Long Branch Potatoes Fresh Peas  
 Golden Bantam Corn on Cob  
 Loganberry Pie  
 Camembert - Leidekrantz Cheese  
 Ritz Butter Wafers  
 Nabisco Wafers

Coffee Tea  
 So swift is air transportation that perishable delicacies arrive from the mainland in perfect condition. Bulky staples come by water.

The lady, you see, is Mrs. Chas. Jenkins, co-manager with her husband of the unique Airways Inn, recently erected on Wake Island by the Pan-American Airways Company for service to trans-Pacific plane passengers. For many years Mr. Jenkins was manager for the Bohemian Club of San Francisco and later of the Commercial Club of Fresno. He and Mrs. Jenkins, who is known over the Pan-American route as the "Queen of Wake Island," have trained to excellent service a crew of native boys imported from Guam.

Mrs. Jenkins writes to friends that she is fascinated by the beauty of the tropical setting, the clear waters, the endless varieties of brilliant-hued fish and the coral. She swims, practices her favorite sport of archery—and works. She is equally at home in office or kitchen, and when the great planes swoop down there is plenty to do in both.

Most women would contemplate trying Mrs. Jenkins' job with mingled fascination and apprehension.

### METHODIST CHURCH

John J. Woodson, Pastor

10:00 a. m. Church school, Rev. C. P. Moore, general superintendent.

11:00 Morning worship, Subject: "The Jesus Paul Knew."

6:30 Young people's meeting.

7:30 Evening message, "Man's Place in God's World."

7:30 Wednesday Union Thanksgiving service in this church. Sermon by Rev. Deane F. Babbitt, pastor Community Church.

"O give thanks unto the Lord, for he is good; for his mercy endureth for ever." Sunday evening, Nov. 27th, will be young people's evening; a section will be reserved for seating them in a body.

If you are not attending elsewhere we invite you to worship with us and make this your church home. You will always find a welcome here.

## LETTERS TO THE EDITOR

Mrs. G. W. Riley, Publisher, Carpinteria Chronicle, Carpinteria, California.

My dear Mrs. Riley:

I have every regard for your courtesy toward me during the recent campaign.

Also, to the voters in your community who supported me, I wish to express deep gratefulness.

Sincerely yours,  
 F. Fred Hoelscher

## ELLIOTT THANKS VOTERS FOR COOPERATION

Congressman Alfred J. Elliott of Tulare, who was re-elected by the largest majority ever accorded a candidate for representative of the Tenth district, today issued a formal statement of appreciation to voters and supporters.

The statement follows: "I sincerely thank the voters of the 10th Congressional District for their fine cooperation and vote of November 8th. The people throughout the 10th Congressional District were very kind to me and I want them to know that I deeply appreciate their confidence and the sincere support given me. I will continue to serve all the people in the 10th Congressional district in the same manner that I have in the past.

"Very cordially yours,  
 "A. J. ELLIOTT,  
 Congressman, 10th District."

## C. S. CHURCH TO HOLD THANKSGIVING SERVICES

Thanksgiving Day services will be conducted on Thursday in Churches of Christ, Scientist. The subject of the Lesson-Sermon is "Thanksgiving" and the Golden Text is from the Psalms: "Offer unto God thanksgiving; and pay thy vows unto the most High."

Among the Bible citations in the Lesson-Sermon are these words of the Psalmist: "I will praise thee, O Lord, with my whole heart; I will shew forth all thy marvelous works. . . . And they that know thy name will put their trust in thee: for thou, Lord, hast not forsaken them that seek thee." This verse from the Habakkuk is also included: "For the earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea."

The Lesson-Sermon presents also these words from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spiritual living and blessedness are the only evidences by which we can recognize true existence and feel the unspakable peace which comes from an all-absorbing spiritual love."

During the service an opportunity will be afforded Christian Scientists in the congregation to give testimonies appropriate to the occasion.

Floor space of 120,000 square feet has been made available in the Palace of Fine Arts at the 1939 California World's Fair on Treasure Island.

Not lonely—yet far away from friends and home—but with interesting work, stimulating contacts with world travelers, and the pleasure every woman takes in being a successful hostess.

What really counts is that Mrs. Jenkins likes it—which is all that counts in any career, whether it be thrilling or humdrum. For every worthwhile endeavor, however unusual, it seems there is some one especially fitted by interest and capacity.

Best of luck—with a touch of envy—to the Queen of Wake Island.

**FARM PROBLEMS TO BE DISCUSSED AT DEC. CONVENTION**

VENTURA—A wide range of farm problems and subjects will occupy the attention of the Seventy-first Convention of California Fruit Growers and Farmers to be held in Ventura, December 5 and 6, it is shown by the tentative program released by the State Department of Agriculture, the sponsoring agency.

Many prominent agricultural leaders and authorities are on the program and it is expected that because of the importance of the subjects to be discussed that attendance of growers and others at the two day public sessions may exceed in number those at the Farmer and Fruit Growers conclave held in recent years.

Much of the discussion time will be set aside for news and views of farm marketing programs, federal and state, the program shows.

**Final Free Forum**

The Farmers and Fruit Growers conventions are unique in that there is no formal farm organization sponsoring them, the program being the responsibility of the State Department of Agriculture as it has been since 1870. The conventions provide a final free forum for the presentation of views on any and all agricultural problems confronting the state's largest and most important industry. All persons interested in any phase of agriculture are invited to attend.

Sessions will be held in the Ventura Civic Auditorium.

Probably the most important discussions to be heard at the convention will be those regarding the marketing problems of the citrus, walnut and cling peach industries, all of which are or have been subject to either federal or state control or both.

The widely discussed California Agricultural Prorate Law will also be on the program for review and discussion.

A highlight of the opening day will be the presentation of his annual report by State Director of Agriculture A. A. Brock. Director Brock is expected to review the work of the department.

Officials of the various farm organizations will also present brief reports concerning the work and plans of their organizations as viewed from the result of the year's experience.

The convention banquet will occur Monday evening, the address to be delivered by Dr. Carl Alsborg, Director of the Giannini Foundation for Agricultural Research, University of California, Berkeley. Entertainment for the banquet will be supplied by the Ventura Chamber of Commerce through the cooperation of Secretary George C. Mcleod. Thornton Edwards, Chief of Police of Santa Paula, widely known for his wit and humor, will be the toastmaster.

Men prominent in California agriculture will be the chairmen of the sessions. All persons who register will be given the opportunity of receiving a printed copy of the proceedings as incorporated in one of the regular issues of the Cali-

**Interesting History of the Conquest of Smallpox**

Smallpox—terror, the two went together. Why can smallpox be looked at and talked about so calmly now? It was once the most common and the most feared disease in the world. It was unpreventable and great plagues of it swept through the cities and country, striking down entire families, rich and poor, kings and peasants. Only about five persons out of every hundred escaped it, and twenty-five out of every hundred who had it, died. Many of those who recovered were terribly scarred and maimed for life. Nothing could stop it. Doctors seemed helpless; flight from city to country, remedies of every sort, were of no avail. For centuries man fled before this, devouring, loathsome disease, helpless and with no hope of deliverance.

In 1765 Jenner, a 17 year old English medical student, heard a milkmaid say: "I can't have smallpox because I have had cowpox." This remark made quite an impression on the observant young Jenner. Through the next few years he investigated further and found that some of the farmers and folk of England had believed for many years that cowpox protected against smallpox. In 1774 a Dorsetshire farmer by the name of Benjamin Jesty successfully vaccinated his wife and two sons. What vision, courage and intelligence that farmer showed. He helped to pioneer a work that has saved literally millions of lives. Would that more of us could say as much! Jenner didn't scoff at these crude beginnings; instead he investigated through logical and scientific methods and proved that a person who has had the mild disease, cowpox, enjoys complete protection against smallpox.

"Jenner made his crucial experiment May 14, 1796, while Washington was still president, when he transferred vaccine matter from the hand of a dairy maid ((Sarah

fornia Department of Agriculture Bulletin.

The resolutions adopted by the Fruit Growers and Farmers always attract a great deal of attention in farm circles, state and national, as they represent the cumulative views of the various agricultural groups and leaders on the many and varied agricultural subjects facing the farmers and others engaged in agriculture. The committee on resolutions is to make its report at the concluding session, Tuesday afternoon, December 6.

Nelms), who had scratched her hand with a thorn and 'was infected with cowpox from her master's cows', to the arm of a boy about eight years old (James P. Phipps). A typical take followed. 'In order to ascertain whether the boy, after feeling so slight an affection of the system from the cowpox virus, was secure from the contagion of smallpox, he was inoculated the first of July following with various Variolous matter, immediately taken from a pustule. Several slight punctures and incisions were made on both arms and the matter was carefully inserted, but no disease followed. Several months afterwards he was again inoculated with variolous matter, but no sensible effect was produced on the constitution."

"In addition to such direct experimental proof, Jenner inoculated smallpox matter into ten persons who had some previous time contracted cowpox, and found that they were resistant to smallpox."

At last a successful weapon to fight the great plague had been found. An invincible weapon and one that was to prove so effective that now smallpox does not sweep the countries of the world leaving blackened homes and communities in its wake; no longer are pest houses needed to be filled with the unfortunate victims of this disease; no longer do tens of thousands each year die of smallpox; and no longer do we commonly see the disfiguring pock marks on what would otherwise be some handsome or beautiful face.

The observations of intelligent farmers of England were verified beyond doubt by the scientific Dr. Jenner—that the mild disease, cow-

pox, which can readily be transferred from cows to man and from man to man, protects absolutely against smallpox. In 1796 Jenner presented the results of his observations to the Royal Society, of which he was a Fellow, but the paper was refused. The ignorant layman is not the only one who has at times hindered true progress.

What of America? It, too, was not spared from smallpox. The white man carried it with to the new world and the Indians died by the thousands from it. Large epidemics were yearly occurrences in the colonies. In 1721, for example, there was a smallpox epidemic which struck down one-half the population.

Benjamin Waterhouse, of Harvard Medical School, very early became convinced that Jenner had presented to the world one of the greatest advances in man's conquering fight against disease. At a meeting of the American Academy of Arts and Sciences, presided

over by John Adams, President of the United States, the subject was considered and no time was lost in procuring a supply of vaccine matter. It was received in June, 1800, and on July 8, Dr. Waterhouse vaccinated his son, Daniel Oliver Waterhouse, then five years old. Daniel became the holder of the enviable title, first person to become vaccinated in America. The Harvard professor then vaccinated two slaves with the cowpox, and they together with his son were inoculated with the dread smallpox, with no harmful results. Dr. Waterhouse had taken out for his son an invaluable insurance policy, complete protection against what only a few years before had been an unpreventable disease.

## CARPINTERIA WOMAN'S CLUB ENTERTAINS COUNTY FEDERATION

Officers and chairmen from Los Angeles district federation of Women's clubs were speakers at the meeting of the county federation Tuesday when the Carpinteria Woman's club was hostess. The visitors were welcomed by the local president, Mrs. Joseph H. Hendy, Mrs. Howard Corbett of Santa Maria presided at the meetings which were held in the Community church. Luncheon was served at the clubhouse by a committee headed by Mrs. Clarence Sawyer. During luncheon a program of violin and piano music was played by Mr. and Mrs. Ruben Carlson of Gate school.

The district vice-president, Mrs. Oscar S. Elvrum of Los Angeles, accompanied the district delegation and was one of the speakers. During the morning the district chairman of literature, Mrs. Corinne King Wright of San Gabriel spoke on her department, stressing books to be read for a background of present day affairs as well as for information and pleasure. Mrs. Wright is well known as an author, her book, "Cold Embers" still selling in large numbers after six years, and another, "The Conquest of Los Angeles," being used in many schools as a text in early California history. She has also written plays, "Old Mission Memories" based on the history of San Gabriel Mission, and a religious drama, "Saul of Tarsus." She does her writing at her study on Point Loma, and has an art studio at her home where she has reproduced many historic buildings of California in oils.

Mrs. June Webster, chairman of music, spoke during the afternoon session, and the handicrafts chairman, Mrs. W. G. Ross showed many articles which the district clubwomen have learned to make from instructions given each month by the district headquarters in Los Angeles.

## MANY HEAR LADY WANLESS SPEAK AT WOMAN'S ASSOCIATION

Lady Wanless, wife of the late Sir William Wanless who served as a medical missionary to India for forty years, spoke to the members of the Woman's association of the Community church Wednesday afternoon and showed a number of articles which she had brought with her from India. She was accompanied by Mrs. Paul Leavens of Santa Paula who lead the devotionals at the opening of the meeting.

Following the program the new officers were installed by the Rev. Deane F. Babbitt, including Mrs. W. Guy Stockton, president; first vice-president, Mrs. J. B. Lape; second vice-president, Mrs. H. L. Beckstead; treasurer, Mrs. B. E. Clark. Officers holding their positions for another year are the secretary, Mrs. J. C. Furby, third

vice-president, Mrs. Wade Hamilton; corresponding secretary, Mrs. O. L. Lyman; stewardship secretary, Mrs. Deane F. Babbitt, and literature secretary, Mrs. Charles Curtis.

The contest for points based on attendance, calls and other work of the association was won by group number four of which Mrs. C. C. Whitcomb was chairman. The December meeting will begin with a potluck lunch at one o'clock, followed by the regular meeting and the Christmas party. New committees will be announced then, and the new groups will be given time to meet and elect a chairman.

Tea was served at the close of the afternoon by a committee composed of Mrs. C. C. Heltman, Mrs. J. W. Young, Mrs. O. L. Lyman, Mrs. Albert Jarvis and Mrs. A. E. Southworth.

## PERSONALS

Rev. and Mrs. J. J. Woodson, accompanied by Mr. and Mrs. W. H. James, attended the district conference of the Methodist Church which was held at the Trinity Church in Los Angeles on Monday.

Mr. and Mrs. J. J. Rodriguez and family spent Armistice Day with Mr. and Mrs. Irving Cadwell in Fullerton.

Mrs. James A. Lewis arrived home Tuesday evening from Farmington, New Mexico, where she had visited at the home of her sister for several weeks.

Merle Waterman, district executive of high school young people's associations, attended the meeting of the Tri-Y at the high school Wednesday evening.

Mr. and Mrs. W. Guy Stockton spent Monday in Delano on business.

More than fifty parents and friends attended the dinner at the Memorial building Monday evening given by the high school Parent-Teachers association. Fred Greenough played several violin selections accompanied by Mrs. Charles E. Neuman, and games and a social evening followed.

## "FAMILY NITE" MEETINGS CONTINUE

On Wednesday evening another of the series of "Family Nites" at the Community Church will be held and the World Friendship Study of India continued. Those who plan to attend are asked to bring the potluck dishes at 6:00 o'clock. At 7:30 the group will adjourn to attend the Carpinteria Valley Thanksgiving service at the Methodist church.

## THANKSGIVING HINTS ON TURKEY COOKING

DAVIS—Hints for housewives who are wondering how best to cook their Thanksgiving turkeys were offered today by Louise C. Struve, head of the division of Home Economics on the Davis campus of the University of California.

According to Miss Struve, many turkeys are ruined by housewives who lack the knowledge of the best methods of cooking them. Even the poorer grades may be delicious if well cooked, she says, but it is wise to select the better grades which have been dressed scientifically, packed and frozen hard. Birds which are drawn immediately after killing seem to be superior in flavor to those not drawn.

Furthermore, water should not be allowed to touch the inside of the bird. Thus, all cleaning of the outside of the skin should be done before the bird is drawn.

Dressing adds much to the flavor of the bird. Miss Struve points out that a thin layer of dressing between the breast meat and the outside skin gives the white meat a more delicate flavor and surprising juiciness. If the bird is stuffed and prepared for cooking a day or more in advance more of the dressing permeates the meat. Also, if the turkey is three-fourths roasted on the day before it is to be served and the final fourth of the cooking completed just before the Thanksgiving dinner, the texture and flavor of the meat is greatly improved and carving made much easier.

The easiest and most satisfactory method of cooking, says Miss Struve, is as follows: grease the turkey, place in an open pan breast up, and roast at 300 degrees, basting every half hour with melted fat.

## NEW NUT CRACKER AT U. C. SHATTERS FROM INSIDE

DAVIS—Blowing the shell from the kernel by means of explosive gas introduced into the nut, a nut-cracker has been devised on the Davis campus of the University of California by the engineering division of the College of Agriculture. Announcing the perfection of the machine, Dr. C. B. Hutchison, dean of the college, points out that an entirely new principle is employed, by breaking the shell from within rather than crushing it from the outside.

The nuts are fed into the machine and run between two rubber faced belts over a circular saw which cuts a slot in the shell. They are then conveyed over gas jets contained in a guide rib which fits into the aperture cut in the shell and the space between the nut and the shell is filled with an explosive mixture. At the end of the conveyor line, the nuts drop through a circular burner which ignites the gas and blows the shell away from the kernels. The nut meats drop vertically into one container, while a larger one surrounding it catches the pieces of

shell. The machine has a capacity of 900 pounds of whole walnuts per hour. The nut meats are 60 per cent whole or in halves, with a few small pieces in the remaining 40 per cent. Formerly nuts were cracked between blocks and the meats were separated by hand labor. This slow and expensive and a high percentage of the meats were broken. The California Walnut Growers' Association which cracks several millions of pounds of walnuts each year, requested the University to work out its problem, and the Internal Combustion Nut Cracker is the result. It is being patented by the University, to be turned over to the walnut industry of the state.

Mrs. J. B. Lape returned to Carpinteria yesterday following a short business trip to Fullerton.

## STANWYCK ADOPTS BROGUE

Barbara Stanwyck, signed for the feminine lead in Cecil B. DeMille's "Union Pacific," will speak with a touch of brogue throughout the film. She is cast as the daughter of an Irish immigrant and postmistress for the men building the first trans-continental railroad.

## S. B. FIREMEN PLAN FOR LARGE CROWD AT ANNUAL DANCE

The Santa Barbara Firemen are preparing for what is expected to be the largest crowd ever to attend the annual ball since its inception ten years ago at the 10th annual ball which will be held next Wednesday evening in the Santa Barbara Armory. In past years the firemen have been handicapped by lack of building large enough to accommodate a huge crowd with ample room for dancing.

Music for the event will be provided by Doug Hoag's Orchestra which will be augmented by five additional musicians.

Firemen are making a determined drive to sell tickets and are particularly anxious for a large attendance since the Firemen's Association must raise \$800.00 more than has been cleared in the past in order to cover a deficit and provide for current activities.

Tickets may be procured from members of the Santa Barbara Department or at the Fire Stations. Carpentierians desiring tickets may secure them at the Chronicle office. Admission is \$1.00 for men and no admission charge is made for ladies.

### HAS 15 SUITS

Barbara Stanwyck, star of Cecil B. DeMille's "Union Pacific," has 15 suits in her wardrobe. They range from tweeds for sport to black broadcloth, which she sometimes wears to the theatre or nightclub in the evening.

### MULE CRASHES MOVIES

Hollywood sent a camera crew back to the famous livestock show at Kansas City to obtain shots of "the world's most beautiful mule" for the next Bob Burns film, "I'm From Missouri."

### FAMOUS ARTIST

Michel Werboff, regarded as one of the world's greatest portrait painters, turned actor to play the role of a Russian sergeant in "Hotel Imperial," the picture which will bring Isa Miranda at work.

### KERN SOLOS

Jimmie Kern, one of the four Yacht Club boys, sings his first solo for the screen in "Artists and Models Abroad." It's the new Leo Robin-Ralph Rainger hit, "You're Lovely, Madame."

### NEW ROMANTIC TEAM

Madeleine Carroll, Hollywood's most beautiful blonde, has Fred MacMurray for her leading man in "Cafe Society," her next picture for Paramount.

More than 250,000 gallons of soft drinks will be consumed in the 288 days of the California World's Fair in 1939.

Janet Gaynor and Robert Montgomery will be seen on the screen at the California Theatre starting Saturday in "Three Loves Has Nancy," which is on the same program with Warner Bros.' Technicolor production "Valley of the Giants" starring Wayne Morris and Claire Trevor.

## Your Hollywood Corresponden Reports . . .

Bob Burns and his wife will be back in Hollywood from Honolulu by Thanksgiving. Bob is scheduled to start shortly after that in Paramount's "I'm from Missouri." Mary Carlisle is completely recovered from the appendicitis operation she underwent, following completion of her role in "Say It in French," and made her first public appearance since her illness at the Ice Follies with James Blakeley. Bing Crosby and Dixie Lee to San Francisco for a few days vacation. While there they will attend the races at Bay Meadows.

Martha Raye's mother has moved into the new house Martha purchased in Coldwater Canyon recently. Martha and her new husband, Dave Rose, are living in an apartment in Hollywood. Jack Benny works with his writers, Bill Morrow and Eddie Belloin, every morning on his radio script for his forthcoming picture, "Man About Town."

ZaSu Pitts, back again in Hollywood from a vacation in Dallas, Texas, to start working with George Raft in Paramount's "The Lady from Kentucky." Cheryl Walker, 1938 Pasadena Rose Bowl Queen, is working as stand-in for Joyce Mathews for her role with Mary Boland and Charlie Ruggles in "Parents on Probation." Elizabeth Patterson is having all sorts of language complications. She's been studying French for months, in contemplation of a trip to Paris she plans next summer, and now she has to speak with a decided

English accent for her role in "Bulldog Drummond's Secret Police."

Madeleine Carroll, Fred MacMurray's sophisticatedly romantic partner in Paramount's "Cafe Society," serves tea every afternoon in her portable dressing room on the set.

Claudette Colbert back from a San Francisco vacation, where she attended the first "sneak" preview of "Zaza." Frances Dee and Joel McCrea will move from their valley home to Brentwood, when Joel starts work with Barbara Stanwyck in Cecil B. DeMille's "Union Pacific." Elaine Barrimore has recovered from minor sinus operation she underwent last week and reported to Paramount for wardrobe fittings on the gowns she will wear in her forthcoming picture, "Midnight."

## Cowboy and a Lady

Gary Cooper and Merle Oberon in "The Cowboy and the Lady" now playing at the Fox Arlington Theatre. Also on the same program, the Jones Family in "Down on the Farm."

Fred MacMurray's services have been required in every scene for eight days in "Cafe Society," so he's had his barber come over to the set.

San Francisco's Loring Club, a male chorus which sang on Treasure Island in a pre-Exposition concert, was organized eight years before the Metropolitan Opera Association.

"Streets of the World," with eight "foreign" villages will be a \$2,225,000 concession at the 1939 California World's Fair.

### PRIZE ROLES

Ray Milland has just been assigned two of the most coveted roles in Hollywood, the masculine leads in Kipling's "The Light That Failed" and "Hotel Imperial." He will appear opposite the seductive Isa Miranda in the latter picture at Paramount.

## WARRIORS TO PLAY POST SEASON GAMES

Although the football season for the Carpinteria Warriors officially ended with the Armistice day game at Lompoc, two post season games have been scheduled, one for this afternoon and the other for next Wednesday afternoon.

At 2 o'clock this afternoon the senior members of the varsity who are playing their last high school football this season, will meet the members of the team who expect to be out for practice again next fall. The game is expected to provide plenty of excitement and will give Carpinetrians a good sample of the material available for the team next year. The Seniors will be coached by Capt. Gordon Milne and George Schmitz and Richard Houts will act as manager. The junior team will be under the guidance of Al Young as coach and Dean Waters as manager.

The line-ups for the game are as follows: Seniors: LE, Clark; LT, Bailard; LG, Sturmer; C, Rowe; RG, Crotty; RT, Beckstead; RE, Milne; Q, Osterman; LH, Babcock; RH, Smith; F, Olds. Juniors: LE, Capt. McIntyre; LT, Beresford; LG, G. Miller; C, Ramey; RG, A. Milne; RT, Capes; RE, R. McIntyre; Q, Kendrick; LH, Snow; RH, Reid; F, J. Miller.

### Play Saintlets Wednesday

The Warriors will tangle with the Santa Maria Saintlets, coached by Skip Winans formerly of Santa Barbara State, on the local field next Wednesday afternoon at 2:00 p. m. and the Warrior squad is hoping for a good attendance at this game as well as today's game

## Carpinteria High School Football Varsity of 1938

Reading from left to right: Front row; Al Young, Ass't. Coach; Clyde Smith, Glen Capes, Art Moralis, Dwight Babcock, Carl McIntyre, Montie Ramey, Jack Kendrick, Philip Olds, Jimmie Reid, Capt. Gordon Milne, Webster Beckstead, Coach Merle Staub.

Second Row: Neil Clark, Tony Rodriguez, Larry Bailard, John Crotty, Willie Osterman, George Schmitz, Roland McIntyre, George Miller, Mike Lopez, Alden Fogliadini.

Back Row: Mgr. Dean Waters, Jimmie Amos, Steve Granerolli, Sam Beresford, Bill Rowe, Bernard Snow, Bill Jorgenson, John Calhoun, Richard Silas, Robert Jones, Edward Moreno, Eugene Baxter, John Miller, Mgr. Richard Houts; Not shown: Art Milne, Monroe Reeves, Rodney Starkey.

—Photo by Francis Castro

since there is a \$15.00 deficit for team expenses which the boys hope to make up on gate receipts at these two games. The game with Santa Maria will make up for the game with Villanova which goes to the Warriors on a default.

The line-up for Wednesday's game is as follows: LE, Neil Clark; LT, L. Bailard; LG, G. Miller, C, Ramey; RG, A. Milne; RT, Beckstead; RE, G. Milne; Q, Kendrick; LH, Smith, RH, Babcock; F, Olds.

### Defeat Lompoc

Playing their first Armistice day game away from home in several years, the Carpinteria Warriors defeated the Lompoc eleven in a hard fought game in that city last Friday by the close score of 7 to 6.

The Warriors made good use of a "kicking toe" similar to that used by Southern California in scoring the extra point on their lone touchdown which was made late in the second quarter to break

a 6-6 tie.

The Lompoc team, out to avenge themselves for the defeat received at the hands of the Warriors in last year's Armistice Day, drew first blood on a touchdown by Stillman in the second quarter which gave them a six point lead. The Warriors retaliated in the latter part of the quarter, when Babcock intercepted a Lompoc pass and returned it to the Lompoc 16 yard line. Following two incompletes passes, Babcock completed a pass to Olds for a touchdown and Kendrick donned the "kicking toe" and scored the extra point for Carpinteria.

Although the Warriors tried several new plays, and runs, passes and line plunges in the second half of the game they were unable to better their score and the game ended with Carpinteria victorious by a score of 7 to 6.

The Carpinteria band accompanied the team and paraded on the field during the half and presented several formations along with their music which were well received by those attending the same.

## Gauchos Meet San Diego Aztecs Tomorrow Afternoon

### VARSITY ALUMNI GAME SCHEDULED BY S. B. STATE

SANTA BARBARA — Howard Yeager, former Little All-American star halfback for Santa Barbara State College and at present a professional football player in the east, will perform again for the fans of Santa Barbara on December 9, when the State College Gauchos meet an alumni team in a post season benefit contest.

The Varsity-Alumni game was scheduled last week by the Santa Barbara State Board of Athletic Control when the alumni suggested the game as a means of providing funds for aiding worthy athletes. Invitations to play have been sent to all former Gaucho grid greats, and most of the graduates from last year's team.

Yeager, at present playing for the New Jersey Football Giants in Jersey City, recently wired his acceptance to the bid to Don Follett, Gaucho graduate manager. Other former stars who will meet Coach Spud Harder's varsity include Doug Oldersaw, 1937 Little All-American guard; Don Hart, Al Young, Clair Busby, and Frank Hayman from the 1937 varsity. Bobbie "Scooter" Morelli, ace half who was ruled out of action last year on an ineligibility question in the famous Morelli case, will also compete for the grads.

Dan Mulock, former Gaucho end and at present coach of the State College freshmen, signified his intention to compete, as did Mert Miller, former Gaucho center, at present coaching at Santa Maria High school. "Sandy" Sanderson and Pete Hathaway, stars on past Green Wave teams, are also expected to gather for the contest.

Tickets will go on sale for the benefit immediately, according to Graduate Manager Follett.

Chronicle Want Ads bring results.

SANTA BARBARA—Santa Barbara State's Gauchos, back into the running after an 18-6 defeat of Cal Aggies, start prepping with "big game" fervor for the traditional clash with San Diego State Saturday afternoon, November 19.

Despite the fact that both teams have dropped from the Southern California conference, the natural rivalry of the two schools and the fact that the esason's records are so close presages plenty of enthusiasm on the part of the respective supporters. San Diego has asked that 1000 seats be reserved for the Bordertown delegation, according to Don Follett, Gaucho graduate manager.

The Gauchos' long-overdue offense started clicking last Saturday night from the opening gun, when Bill McArthur, speedy halfback from Long Beach, took the Mustang's kickoff and ran it back 95 yards to a touchdown. Forrest Gardenhire, fullback, regained his early season form to pace the strong Santa Barbara attack with line plunges and passes, and scored both the Gaucho's later touch-

**FRUIT GROWERS ASSOCIATION REPORTS FOR YEAR**

LOS ANGELES—The California-Arizona citrus industry marketed 107,330 cars of oranges, lemons and grapefruit during the 1937-38 season ended October 31, the largest volume ever put into consumption as fresh fruit in the history of the industry, Paul S. Armstrong, general manager of the California Fruit Growers Exchange, said in his annual report released today.

Shipments by the Exchange reached 80,103 cars, 75 per cent of the total movement, and returned f.o.b. packing houses \$63,056,462. If fruit sold otherwise than through Exchange facilities brought the same returns per box, the f.o.b. returns for the entire crop would aggregate \$83,000,000, the report said.

Bountiful harvests, with accompanying low prices, were the rule throughout agriculture, Armstrong reported. The citrus industry fared better than most, which is small comfort to those who did not make expenses, but does not justify confidence in the future because of the sheer volume sold and consumed under most favorable conditions, he said.

**Annual Report on Lemons**

The season's lemon crop returned approximately 22,847 cars, or 22.5% more than the crop of the 1936-37 season, and was again considerably heavier than the total fresh lemon consumption in the United States and Canada in any previous year. Total shipments through the Exchange on a 406-box basis aggregated 16,279 cars of packed and loose fruit, the heaviest movement in fresh fruit channels in the history of the organization.

Returns can be considered satisfactory on the whole, although lower than in recent years. With consumers extremely price conscious, it was in the interest of volume sales that prices at no time reached the high peaks of some years and that retail prices could be, and were, very reasonable, with extra push put behind sales of both chain stores and independent retailers. All of which made it possible to secure maximum consumption.

The late spring and early summer were cool and the usual increase in demand accompanying the advent of hot weather during this period did not occur. July weather conditions also, with the exception of the first week, were unfavorable for consumption, with heavy rains in nearly all sections of the country. Even though temperatures at times were high during the day, in most districts the nights were cool, so that there was little opportunity for the trade to increase sales. In August, the weather commenced to improve, and throughout the greater part of the month was the most favorable of the season. Whenever warmer weather developed, heavy supplies of fruit were available to take care of the demand.

Exchange picks during the first six months of the season were 11,328 cars—very closely in line with picks during the same period in 1936-37. Due to the later maturity

**BRITISH LIKE KRUGER**

Despite the fact that he appears in not more than two English pictures yearly, Otto Kruger, who plays a leading role in Paramount's "Disbarred" with Gail Patrick and Robert Preston, is one of England's favorite screen actors. A London magazine, in a poll of fans acclaimed him as "the golden speaking voice of the British screen."

**COLBERT WEARS HORSEHAIR**

Horsehair, used in clothes and upholstery at the turn of the century, is used for hats and other items of Claudette Colbert's wardrobe in Paramount's "Zaza." She plays a music hall favorite of that period, wearing authentic costumes designed by Edith Head.

**BUYS HOME**

Judith Barrett, Paramount's Venus from Venus, Texas, who makes her first appearance at her new studio in "Illegal Traffic," has just acquired a home in the Hollywood hills.

Twelve chefs will preside over the pit of the Oakwood barbecue, one of scores of places to dine at the 1939 California World's Fair.

of the crop, fruit did not begin to accumulate in the houses until March, and the peak storage was not reached until the first of May. At that time, Exchange supplies in storage were 6,214 cars.

Due to California's keeping the market fully supplied and to the tariff, importations of foreign lemons were again light. This condition and the reasonable price level made it possible for the Exchange to secure a substantial volume of business in eastern Canadian markets, where in past years this business has gone largely to Italian lemons. Supplies were consistently given these markets throughout the year, leaving very little opportunity for other lemons to come in and sell at profitable prices. In Florida also, the volume of California lemon business continued quite satisfactory, although meeting considerable competition from Persian limes grown in that state, which sold at very low prices.

**SAN DIEGO FANS TO ATTEND GAME IN SANTA BARBARA**

SAN DIEGO—Several hundred San Diego football fans are expected to journey to Santa Barbara this week-end in order to be in on the fireworks when the Ambling Aztecs of San Diego State college renew a bitter gridiron rivalry with the Galloping Gauchos of Santa Barbara State in the Channel City's newly-dedicated stadium Saturday afternoon.

The only thing that bothered Coach Leo Calland as he prepared to give his squad some tough work for this, their last game of the season, was a let-down which many feared might follow the Aztecs' 9 to 0 victory over the San Diego Marines Armistice Day.

In their last seven meetings, San Diego State and Santa Barbara State have established what is probably the bitterest gridiron rivalry of any two California State colleges in recent years.

**GAUCHOS MEET SAN DIEGO**

(Continued from page 6)

downs on power plays through the line.

Monday following the game Coach Spud Harder put his Gauchos to hard labor immediately to keep last year's fire hot for the Aztec encounter. Secret practice is scheduled for the latter part of the week. It is expected Harder will stress his pass attack on offense, and spend considerable time working up a defense to stop San Diego's flashy backfield aces, Siraton and Zinser.

While Harder has made no definite declaration as yet, he will probably start Gardenhire at quarter against the Aztecs, with Peirino Merlo filling the fullback slot. Jack MacArthur and Bill McArthur are probable bets for halfback starters. The Gaucho line will be LE Sprague, LT Larsen, LG Valos, C Wilson, RG Trewhitt, RT Palmer, RE Jessup.

The Bordermen have four wins to their credit after last week's defeat of the Marines, while the Gauchos boast but two, over Greeley State and Cal-Aggies. Aztec opponents' point total is 56,

Chronicle Want Ads bring results.

**GLENN ZINSER - QUARTERBACK**

Zinser, second highest ground gainer on the Aztec team with an average of 5.5 yards per try in six games this year. "Zip" is a smart quarterback, adept at spinner plays and a good passer and pass receiver. He lettered on the "Pony" backfield last year.

while Gaucho foes have scored 59. San Jose, last mutual opponent of the two teams, defeated the Aztecs 14-0 and the Gauchos 20-0. Last year San Diego defeated the Gauchos 13-0, completely stopping Santa Barbara's ace half, Howard Yeager.

**WARRIORS FOOTBALL**

(Continued from page 1)

Warriors defeated one of these squads and scored from 7 to 13 points against each of the other three teams.

The record for the season shows four wins, four losses and one tie which were accounted for as follows: Sept. 23, Arroyo Grande 19, Warriors 7; Sept. 30, Moorpark 0, Warriors, 39; Oct. 8, Santa Paula 0, Warriors 6; Oct. 14, Fillmore 32, Warriors 8; Oct. 22, Oxnard 25, Warriors 13; Nov. 4, Ojai 6, Warriors 6; Oct. 11, Lompoc 6, Warriors 7; Villanova game defaulted by Villanova and credited as a win by the Warriors.

**Prospects for Next Year**

Coach Merle Staub, who has been assisted this season by Al Young, former State College foot-

ball star, will be in a much better position in regard to experienced players next fall than he was this year with only a few hold-overs from the 1937 squad. Out of the 36 members of this year's squad he will lose but eleven by graduation which will leave him 25 experienced players for next year. All of these holdovers have seen action in the games this fall and several have been in the starting line-up for most of the games.

Members who are now playing their last high school football are Clyde Smith, Dwight Babcock, Philip Olds, Gordon Milne, Webster Beckstead, Neil Clark, Larry Bailard, John Crotty, Willie Osterman, George Smith, and Bill Rowe. Hold-overs are Glen Capes, Art Moralis, Carl McIntyre, Montie Ramey, Jack Kendrick, Jimmie Reid, Tony Rodriguez, Roland McIntyre, George Miller, Mike Lopez, Alden Fogliadini, Jimmie Amos, Steve Granaroli, Sam Beresford, Bernard Snow, Bill Jorgenson, John Calhoun, Richard Salas, Robert Jones, Edward Moreno, Eugene Baxter, John Miller, Art Milne, Monroe Reeves, and Rodney Starkey.

Gerald C. Cudahy, Defendant.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Jus-

ice's Court of the Second Judicial Township, County of Santa Barbara, State of California, within ten days after the service on you of this Summons—if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of this Court this 21st day of September, A. D., 1938.

Earnest D. Wagner, Justice of the Peace.

By Elizabeth Williams, Clerk. Second Judicial Township.

**FOREST SERVICE REPORTS REDUCTION IN MAN-MADE FIRES**

"The low number of forest fires starting at the hands of man in California's national forests during 1938 is an enviable public record." In a United States Forest Service news dispatch Regional Forester S. B. Show paid this compliment to outdoor visitors who use and give increasing protection to 20 million acres of Federal forest lands in the State.

Regional Forester Show added, "The Fire Season isn't over in many sections, particularly in southern California where watershed preservation is vital to the lives of whole cities and communities. We can't afford to let up in our carefulness with forest fires."

Man-caused fires to date this year numbered 595. At this time last year 770 fires were attributed to human carelessness. The present year's figures represent a decrease of 23 per cent under the number of man-caused fires last year.

Since January 1 an aggregate of 1580 fires from all natural and human causes desolated over 50,000 acres of national forest and private lands inside the forest boundaries. Forest rangers list fires in two classifications—lightning and man-caused. A three weeks siege of severe lightning storms brought more than 400 fires to northern California forests during the past summer. Several of the fires developed into conflagrations in inaccessible areas before firefighters could reach the flames.

Fires caused by man may be accidental, incendiary or due to gross carelessness and lack of woods experience. Forest fire records reveal a continual need for

State is annually increasing. About five million visitors, including repeaters who visited a number of different forests, were checked in during the fiscal year which ended June 30. Man-caused forest fires have been reduced in recent years despite this heavy use and in spite of generally adverse weather conditions which have brought high temperatures, strong winds, low humidity and abundant forest fuels.

Considered by forest groups, the four national forests of southern California presented a favorable record of 183 fires to date. Of this number, however, slightly more than 100 were man-caused. In the Sierra Nevada timberlands foresters and CCC enrollees fought 532 fires of which 207 were started by man. The Klamath, Shasta, Trinity, Modoc, Lassen and Mendocino National Forests of northern California had 865 forest fires. Of these, 286 were man-caused, the balance having been started by lightning.

law enforcement and public educational measures which will carry the conservation concept to incendiaries and careless campers and smokers.

"In public education aimed to protect our national forests from fire and other abuse the public schools, newspapers, magazines and all sincere conservationists have given unselfishly of their efforts," commented Mr. Show. The efforts of forest rangers in fire prevention and fire planning work is also considered a major factor in bringing about increased public cooperation.

The 18 national forests of California one of the most fire hazardous regions in the United States, support some of the most extensive recreational use in the Nation. The number of recreation visitors to the national forests of the

**BOY SCOUT NEWS**

As the Boy Scout cabin was being used for voting purposes last Tuesday evening the regular meeting was held at the downtown Scout recreational hall. The work of the evening was principally taken up by the study of first aid methods.

It was voted by the Scouts to further Civic Service in the city. Each boy has taken a pledge to give ten hours of his time to some worthwhile civic duty. It is felt that inasmuch as there are 40 boys in the Troop this will give the city something to be very proud of. Four hundred hours will be devoted to this work.

On Thursday of last week, a color guard composed of 15 Boy

**LLOYD'S REWARD.**

Upon completing for Paramount the new Ronald Colman starring vehicle, "If I Were King," Producer-Director Frank Lloyd rewarded himself by departing, with his wife, on a ten weeks' trip to Europe.

**COLBERT AS BLONDE**

Claudette Colbert will be seen as a blonde in one sequence of Paramount's "Zaza." She sings a comedy song, "I'm the Stupidest Girl in the Class," and wears a blonde wig with long blonde braids.

Scouts took part in the Armistice Day program in the high school auditorium.
