CITY TAKES OVER TRAINING SCHOOL

Group Formed to Start Plans For New Campus

City, State Men Work on Master Plan

La Mesa Site Will Be Deeded to College in a Few Days

A commission which will be responsible for passing on the master plan for the new State college campus and the building layout on the Leadbetter property on La Mesa, with two-thirds of its members chosen from Santa Barbara and the other third composed of state officials, will be appointed in the near future, according to an announcement last Thursday by Andrew P. Hill, Jr., chief of the Division of School House Planning for California.

The state official visited Santa Barbara Thursday to go over the campus site, and held conferences with President Clarence L. Phelps of the college and with city officials and County Planning Executive L. Deming Tilton on plans for the new college campus.

"That the Santa Barbara type of Spanish architecture will be used throughout on the new college buildings is taken for granted by the state officials," said the visiting official. "The new commission, which will be responsible for passing on plans for the entire college layout, or master plan, also will determine the architectural plans for the new buildings."

The state also will cooperate with the city of Santa Barbara in the work on the extension of West Cabrillo boulevard along the beach.

(Turn to Page 3, Column 3)

Officers to Uphold Higher Principles

In an effort to encourage the upholding of the right ideals and principles among the women, the Women's Affairs committee, formally approved by President Phelps, voted to encourage the maintenance of these right ideals and principles by having all officers as supporters of these standards. This decision was approved by the A.W.S. executive board Friday.

Leadership Award Scope is Increased

Five Men and Five Women to Receive Honorable Mention for Trophy

That the new Leadership-Service Award program announced last week meets with the enthusiastic approval of the students and faculty of State is evinced by the widespread comment which followed the announcement, according to Oscar Trautz, Men's club president, who declares that the A.W.S. and the Men's club, sponsors of the new contest are extremely gratified by the interest which students are taking in the matter.

Trautz states that suggestions and expressions of approval of the new award plan have been emanating from all sources, including interested townspeople of Santa Barbara.

Among the suggestions which reached the officials of the two organizations were many which stated

(Turn to Page 3, Column 4)

Registration Outlined As Term Closes

Method of Registration Procedure Is Explained by Registrar

A frenzied week of last minute exams brings to a close the eventful fall semester of 1931-32, and students at Santa Barbara State pause for a breathing spell and new lease on campus life. The pleasantness of this moment's respite is marred only by that terrible suspense, that sword of Damocles, that bugaboo which ever pursues the defenseless student—what of the grades?

After one day of the fretted pencil-chewing that accompanies re-registration, classes will resume on Tuesday, with the customary searching for new classrooms and instructors continuing for the remainder of the opening week. Indications point toward a larger than usual influx of new students, which will probably add to the general confusion.

Mrs. Abraham, registrar, outlines the registration procedure as follows:

Procedure Outlined

Obtain pre-registration card from Dr. Elizabeth Bishop at table No. 1 in center foyer. Have this card properly signed and return to Miss Menken at table No. 2 in the foyer. She will give you the double semester program card and four daily program cards.

The double semester program card must be signed by the instructor and the head of the department. All laboratory fees must be paid to Fred Allred in the auditorium.

When the double semester program cards and three daily program cards have been filled and laboratory fees paid, all cards should be taken to Mrs. Miller-Abraham for final registration. Filing of registration cards completes registration.

Fees will be considered late after Monday evening, February 1. All students registering after February 1 must pay late registration fee.

Office Hours

Saturday morning, January 30, offices will be open from 8 a.m. until noon. Faculty members will be in the library from 9 a.m. until noon.

Monday morning, February 1, offices will be open from 8 a.m. until noon and from 1 p.m. until 4 p.m. Faculty members will be in the library from 9 a.m. until noon, and from 1 p.m. until 4 p.m.

No student may enroll who has delinquent bills for the previous semester. This includes fees for X-ray, Student Body, laboratory, library, aptitude test and English "A."

Mrs. Jane Abraham, registrar, has especially requested that students do not come to her this week about matters of registration as she is recording grades.

Dr. KleinSmid Is Honored at Dinner

Mrs. Helen M. Barnett and Mr. Clifford Leedy attended the dinner given in honor of Dr. Rufus B. von KleinSmid, president of the University of Southern California, at the El Paseo Friday evening.

Mrs. Barnett sang two songs, and Mr. Leedy led the group in singing the Alma Mater song of the university. Both Mrs. Barnett and Mr. Leedy are connected with the University of Southern California.

Management Class Sees Institutions

The Institutional management class under the direction of Miss Charlotte Ebbets visited St. Vincent's orphanage on Thursday as a part of the study of institutional management. They have also visited the Ventura School for Girls, Samarkand hotel kitchen, El Cortijo, Cottage hospital, Ambassador Laundry, and Johnson's cafeteria.

College Players Offer Rapidly Moving Comedy in Aud. Friday

College Paper Joins C.S.P.A. For Criticism

Roadrunner Affiliates With Second National Press Ass'n Under New Policy

Membership in the second-ranking national school and college press association was secured this week by the "State College Roadrunner," when membership dues were paid to the Columbia Scholastic Press association, with headquarters in Columbia university, New York City.

"The Roadrunner" was made a member of the National Scholastic Press association, generally conceded by journalism instructors and editors to be the first-ranking such organization in the country, two months ago, the first time the Santa Barbara State weekly had ever joined such an association. The National Scholastic Press association has its headquarters in the University of Minnesota.

The chief value derived from membership in the two organizations is through the annual critical service given by them, according to Editor Dick Cooper of "The Roadrunner." Copies of the paper published during the fall months are sent to the associations in January. They are subjected to a critical examination by competent judges of scholastic journalism, and returned to the editors and staffs of the paper with complete comments and suggestions for improvement.

Affiliation with the two national organizations is in line with "The Roadrunner's" internal policy of creating a college paper equal to any other such weekly publication in the nation, with a professional appearance and style, according to the editor.

Ericson's Office Is Finished by Class

E. E. Ericson, head of the Industrial Education department, had his office in the Industrial Education building remodeled last week by the carpentry class being conducted by E. B. Elliott.

Scales Referee for Waistline Battle

The health office was the scene of a 'close-pitched battle last week, with the scales serving as a ring. The two contestants, O. J. Trautz and Dick Waterman, well-known figures on the campus, had as their goal gain and loss of weight, respectively.

With the aid of Miss Sedgwick's advice, they fought bravely to attain the perfect figure for men of their heights. Each day they rushed to the health office scales and each day they were rewarded by the gain or loss of one blessed pound. This continued for five strenuous days until Miss Sedgwick declared the contest a tie, for the buxom Dick had given the slip to five whole pounds—the exact number which had been added to "O.J.'s" waistline.

Mr. Trautz declared in a startling testimonial for which not one cent was paid, "I have been eating eggs, butter, cheese, milk, etc., and have done exactly what Miss Sedgwick advised. The results are miraculous, if not evident. I never felt better in my life. In fact, even my wife noticed change in my spirits and demeanor. My advice to fellow students would be: 'See your scales at least once a day and eat spinach at least once a year.'"

'New Brooms' to Ease 'Last Straw' of Final Week

By NELL LARSON

Opening a season which holds great promise of many excellent bits of entertainment, the College Players will present a three-act comedy, "New Brooms," for the approval of Santa Barbara theatergoers Friday night at 8:15 in the college auditorium.

"New Brooms," the three act comedy, will be presented by the class in play production assisted by the College Players. It promises an evening of delightful entertainment, according to Dean William Ashworth. "New Brooms" is a thoroughly American comedy; the subject matter is American, the situations are thoroughly American, the diction has the flavor of middle class American life, and the humor is up to date and fresh. It is clean and amiable drama. "The play reads well, acts well, and leaves in the wake of its laughter, a bubbling furrow of pleasant memories."

"New Brooms" will appeal primarily to the fathers and sons. They will smile at the truthful situations, laugh at the clever lines, and no doubt appreciate the wisdom of the theme which is the sympathetic tolerance and combination of youth's energetic optimism with the elder's caution gained by experience. The mothers and daughters might be said to be onlookers cheering first one and then the other with understanding smiles hoping for a final mutual agreement between father and son.

The outcome is thoroughly refreshing by restoring a sane balance to distorted human relations. Many plays are so drab and uninteresting and so heavy with morbid situations that this play with its freshness and sparkle comes as delightful and refreshing relief suggesting a fine atmosphere and leaving the audience thoroughly satisfied.

The play is the project of the class in play production with the assistance of members of the College Players. The director is Dean Ashworth, and the management and publicity are under the care of the play production class and the College Players.

The cast of characters is as follows:

Thomas Bates, the father, Joe Gunterman; Kneeland, Frederick Harrison; Williams, the butler, John Brecker; Margaret, the retiring housekeeper, Tomys Wood; Thomas Bates, Jr., Chester Tubbs; Rev. Dr. Dow, Joe Garcia; George Morrow, a Super-salesman, Nathan McCray; Geraldine Marsh, Carol Margot; Ethel Bates, Jean Crouch; Florence Wheeler, Judy Bredsteen; Wallie Nowell, Howard Lane; Simpson, a factory worker, Donald Carter; and Nelson, also a factory worker, Jack David.

S.C. President Addresses Sr. High Seniors

Youth Is World's Leader Is Theme of Dr. KleinSmid's Address

"The world will go where youth leads it," was the statement made by Dr. Rufus B. von KleinSmid, president of the University of Southern California, in an address given during the high school commencement exercises in the high school auditorium Friday evening.

Sixty-two students were graduated in the mid-year class of 1932. The high school orchestra played several numbers, under the direction of Mr. Harry Kaplan; and the A Cappella chorus, under the direction of Miss Ardis Carder, sang two songs. Principal Harvey J. Holt presented the class to Dr. P. C. Means, president of the Board of Education, who gave out the diplomas.

Dr. von KleinSmid declared that "the present generation has done more for the youth of today than any parents of any ten previous generations in the history of the world, and if the next five generations travel at top speed they will not be able to do as much as the present generation."

"With the introduction of the automobile, the telephone, the radio, and their contemporary mechanical inventions, a span of ten generations has been jumped in the

(Turn to Page 3, Column 4)

College Work Goes on With City Money

Student Teachers to Continue Work in Jefferson Bldg.

Santa Barbara City Schools will, hereafter, assume the administration of the elementary school, heretofore conducted on the State college campus, in accordance with the plans of the State Department of Education to relieve all teacher training institutions of the administration of the elementary grades.

Santa Barbara is the fourth California teacher's college to be affected by the change. San Jose Teachers' college has disposed of its elementary school as have Chico and San Francisco.

According to President Phelps, the new arrangement will be a cooperative one and will result in a great saving of time to the present supervisors of the elementary grades who will continue to supervise the practicing teachers, although relinquishing all administrative control of the elementary students.

In connection with the new plans, the elementary grades will be conducted in the new Jefferson school building, on Alameda Padre Serra drive. At present, the first and second grades have already been removed to the new structure. Transfer of the remaining grades awaits the completion of the necessary housing facilities.

Commensurate with the change in administration of the elementary schools, a new department has been organized. The Kindergarten-Primary department, with Miss Edith Leonard in charge, Miss Leonard will have charge of the practice teachers as well as the students in that department. Mrs. Price will have general supervision of all practice teaching for the elementary grades and of combinations with the Kindergarten-Primary on the

World News of the Week

Hawks Completes Trip
Captain Frank M. Hawks, American aviator, completed the first round trip flight to be made in one day from Agua Caliente, Mexico, to Vancouver, B. C., and back on January 23. His flying time was 13 hours and 44 minutes. The distance covered was approximately 2,600 miles, making the average speed for the flight a little over three miles a minute.

Jimmy Waddell, New Orleans aviator, holds the record for one-way flight from Agua Caliente to Vancouver. He covered the distance in 6 hours, 42 minutes and 15 seconds. Captain Hawks' time for this half of the flight was 6 hours, 50 minutes and 45 seconds.

Manchurian Clashes
Numerous clashes have been reported in Manchuria between Japanese forces and "bandits." Anti-Japanese demonstrations in Shanghai led to the landing in that city on January 24, of 500 additional Niponese marines to re-enforce the garrison already in the city. Additional Japanese warships have been dispatched to Chinese waters.

It is reported from Mukden that the "Boy Emperor," Sun-Tsun, will be declared the first president of a new Manchurian republic that is to be set up early in February.

1931 Warmest Year
Reports from Washington state that 1931 was one of the warmest years in the history of the United States. Lower temperatures than usual were reported from practically all sections of the country. During the last four months of the year an average of from six to eight degrees below normal was reported in many places. The highest temperature of the year was registered at Greenland Ranch, California, where the thermometer reached 128 degrees in the shade.

Indians Saved
Snowbound Navajo Indians in Arizona have been supplied with food from army bombing airplanes. More than five tons of rations, including beans, flour, coffee, sugar, salt pork and dried fruit, were wrapped into well protected bundles and dropped into snow banks surrounding the Indian villages.

Earth Tremor Felt
A number of earthquake shocks were reported from Guatemala on January 21. A strong earth tremor was also felt in Lima, Peru, earlier in the week.

Dissolve Jesuit Religion
President Zamora of the Spanish republic signed a law on January 19 dissolving the religion of the Jesuits in Spain and confiscating their property, including temples and schools. The value of the property seized is calculated at \$30,000,000.

Warships Guard Americans
Reports of Communist uprisings in the Central American republic of San Salvador caused the United States government, on January 23, to order six warships to the scene to protect American lives and property.

Train Tragedy
Reports from Russia state that 68 persons were killed and 128 injured in a rear-end passenger train collision near Moscow the early part of the month. The accident was one of the worst in Russian railway history.

Dawes Heads Organization
Charles Gates Dawes has been appointed head of the newly created Reconstruction Finance corporation by President Hoover. He will be in charge of two billion dollars worth of credits.

Extend Term
The International Committee of Bankers has agreed to extend for one year a billion dollars in short term credits now tied up in Germany. Credits have been extended to January 3, 1933.

Volcano Glow Dies
Earth shocks in the vicinity of Mt. Vesuvius are reported to have extinguished the glow that has heretofore shown from the crater of the volcano.

Bandit Skirmish
Skirmishing between Mexican bandits and American border patrolmen on the Rio Grande at Paso del Diablo was reported from McAllen, Texas, on January 17.

Local News of the Week

Battery E Wins Honor
Battery E, 143rd Field Artillery, California National Guard, stationed at Santa Barbara is an honor unit in attendance at drills. The announcement was made by Adj. General Seth E. Howard, who stated that ribbons would be awarded to those units of the Guard that had shown excellent attendance records for 1931.

Two medical detachments, one stationed at San Diego and the other at San Francisco have averages of 100 per cent, meaning that every man attended each of the 48 drills held during the year. Santa Barbara's record was next with an average of 99.81 per cent.

First Sergeant Hal Davis, State college coach, is expected to be commissioned a second lieutenant shortly. He took the examination at Sacramento recently and there is a vacancy in the commissioned personnel of Battery E at the present time.

Youth Drowns
Donald Wilson, 17, son of Mr. and Mrs. LeRoy Wilson of this city, was drowned in the Santa Barbara harbor Saturday afternoon. He apparently fell from a skiff as he was attempting to board the tug boat Amazon. The accident occurred at two o'clock and the body was recovered two hours later by a drag net towed by boats from Larco Bros. fishing fleet. Artificial respiration was resorted to without success.

Young Wilson was a junior in the Santa Barbara High school where he took a prominent part in school activities.

Pass Tests
Four more members of the Santa Barbara Amateur Radio club, Kenneth Macleish, Bill Pope, Dan Daugherty and John Stevenson successfully passed their examinations for amateur operator's licenses in Los Angeles last week. There are now eight licensed operators in the club. The organization meets at the Y.M.C.A. and is sponsored by J. C. Lewis and Milton Compton.

Nine Graduated by College Elem. Dept.
Nine pupils were graduated from the College Elementary school, at exercises held last Friday afternoon. The children who graduated to the Junior High school were: Audrey Bethel, Nancy Kern, Dorothy Peacock, Jack Cornwall, Knight Harris, James Lowsley, Dwaine McNulty, Donald Tapie, and Ralph Willits.

Friday noon the 6A graduates were honored at a party after which, a program of "Olympic games" was presented by the classes of the Intermediate department in the College gymnasium.

MISS RAMELLI ILL
Miss Eda Ramelli of the Spanish department has been ill at her home for the past week.

Hair Cuts Are Cheaper
The Santa Barbara Barbers' union has announced a reduction in the price of hair cuts from 65 to 50 cents.

Object to Use of Airport
Two "forced landings" made recently on Earl Ovington's Casa Loma landing field have resulted in vigorous protests from residents in the district. A city ordinance forbids air ships landing in that section of the city unless it be absolutely necessary.

Stanwood Re-elected
Supervisor Sam Stanwood was re-elected president of the board of directors of Santa Barbara's Old Spanish Days organization at a meeting of the board on January 19. Charles E. Pressley was reappointed manager of the annual fiesta.

Files Damage Suit
A damage suit for alleged false arrest has been filed against two Santa Maria peace officers by Manuel A. Silva, who claims that he was held in the Santa Maria jail for two hours on January 6, "without warrant, order, court procedure or probable cause."

Union Rules Under Fire
Drastic changes in local labor union rules have been asked by the Santa Barbara contractors' association. The abolition of double time in favor of time and one half for all extra work is one of the changes requested.

Bandit Robs Station
The Standard Stations, Inc., gasoline station at 601 Coast highway was held up by a lone bandit in an automobile shortly before midnight last Thursday. Approximately \$100 was obtained. E. B. Frey was the attendant on duty at the time.

Peddlers Pay Fee
An ordinance requiring house to house peddlers to pay a \$2 filing fee and \$3 per day, or \$30 a month, was passed by the city council last Thursday.

New Members Flock Into Outing Club

President Archie Way Initiates New Membership Drive For Outdoor Group

The Outing club is enjoying a rapid increase in enrollment, according to Archie Way, president, who announces that the membership drive being conducted this week and next is bringing many new outdoor enthusiasts into the organization.

A report of a recent meeting of the Outing club indicates that the approaching semester will be one of much activity and delightful recreation to the members.

Among the events which are included in the spring program are, a beach breakfast, a moonlight hike to La Cumbre, a trip to Santa Cruz Island, and trips to the club's cabin. The season will close with a beach barbecue-picnic, shortly before the end of the school year.

The San Marcos cabin has been the scene of much activity during the present semester, many improvements and finishing touches having been accomplished by Archie and his disciples, who plan to carry on the improvement program through Easter vacation. Present improvement plans include the laying of a finished floor, the installation of locks on the doors and windows and the equipping of the kitchen with a large wood range and special built-in fixtures.

Archie declares that the weekend trips to the cabin have been enjoyed tremendously this semester by the members and their guests. "Some spent their time hiking in the mountains and along the river while others enjoyed bridge games beside the warm cheery blaze in the cabin's new fireplace. All persons joined enthusiastically at the sound of the lunch gong to appease their appetites with large, juicy barbecued steaks from the outdoor barbecue pit."

Outing club membership cards are being distributed for seventy-five cents each by Noren Cave, Mary Larco, Luke Trimble, Bob Main and Archie Way.

DIETICIAN HELPS 72 CASES DURING STAY AT S. B. S. C.

The dietary advice given to students during the past two weeks by Miss Ann Sedgwick from the State Tubercular association proved to be very beneficial, according to Dr. Edward Markthaler, college physician. Some seventy-two cases were treated by Miss Sedgwick in her checkup of students who were markedly underweight or over weight and a number of these have shown noticeable improvement already.

The students under care were first asked to write out their diet for the past twenty-four hours, which was considered as a sample of his or her eating habits. These different meals were then divided into their various food groups—cereal, sugar, fat, milk, fruits and vegetables, and protein—upon which Miss Sedgwick based her advice. They were also asked the following questions: Do you have one pint of milk a day? Do you have three or more servings of fresh or canned vegetables, including potatoes? Do you use two or more servings of fruit? Do you use between one-quarter and one-third of a pound of meat or meat substitute beside an egg every day? Does the largest portion of your food come from cereal grains?

They were then given diet lists, compiled by Dr. Markthaler, which they are expected to study and follow. He expressed a desire that these students come in to the Health office frequently to weigh and check up the result of their balanced diet. A new assistant, Miss Elizabeth Sweet, will be on duty at the office and will be glad to advise students on all problems concerning their health.

Executive Board Passes New A.W.S. Constitution Plan

The new A.W.S. constitution was passed on by the executive board and accepted by the A.W.S. at their regular meeting yesterday morning. The election of officers will take place today. Ballots may be cast in front of the Co-op store, according to Edna Blake, president.

The constitution was revised by the Constitutional Revision committee composed of Dean Pyle, Phoebe Steer, chairman, and Edna Blake.

A new section added to the constitution provides for a Nominative committee to be composed of two members from the executive board and chosen by the board, and one member from the A.W.S.; and this committee together with the Dean of Women will nominate the officers of the A.W.S. for the coming semester.

The new constitution provides for election of officers each semester as a sort of check upon the present officers.

The constitution as accepted by the A.W.S. is as follows:

Article I Name

The name of this organization shall be the Associated Women Students of the Santa Barbara State Teachers college.

Article II Objectives

The object of the Associated Women Students shall be:

(a) To cooperate with the Associated Students and faculty in all matters pertaining to the college.

(b) To strengthen the spirit of unity and good fellowship among the women students.

(c) To provide a medium through which the women students may express opinions on matters of interest to them.

(d) To provide a medium through which the social standards of the women shall be created and maintained.

(e) To provide a medium through which the women students shall be of service to the college and the community.

Article III Membership

Section 1—All women students are by virtue of their registration in the college members of the Associated Women Students.

Section 2—The dues of the organization shall be fifty cents each semester at registration.

Section 3—Active members of the association shall consist of all women who have paid their semester dues.

Article IV Officers

Section One:

(a) The elective officers of the organization shall be a president, first vice-president, second vice-president, secretary, treasurer, and a student councillor.

(b) The appointive permanent chairmen shall be the clubroom chairman, the point system chairman, and the tea chairman.

Section Two—Duties:

(a) The president shall call and preside over meetings of the Association.

ciated Women Students and of the Executive Board and shall perform the usual duties of an executive.

(b) The first vice-president shall assume the office of president in case of vacancy in that office and shall be the social chairman of the women students. She shall have general supervision of all social affairs.

(c) The second vice-president shall be the director of religious work and shall have charge of the social service work carried on by the women students.

(d) The secretary shall record the minutes of the meetings of the Associated Women Students, and shall send notification of the meetings of the Executive Board to such members and shall attend to all necessary correspondence.

(e) The treasurer shall have charge of the finances of the Associated Women Students and shall be the student representative to sign requisitions for presentation to the controller.

(f) The student councillor shall have charge of the activity formerly known as the Big and Little Sister movement. Its purpose is to create a bond of friendship and service between the old students and the new by helping the latter to adjust themselves to their new environment.

Section Three—Term of office.

(a) All officers shall be elected for one semester.

Section four:

(a) Eligibility for all officers shall be limited to women who have attended college for at least two semesters, one of which shall have been Santa Barbara State Teachers college.

(b) All officers who, upon taking office, not having adequate time, as evidenced by their program, for full responsibility of their office and for board meetings, shall present their resignation to the board.

Section five—The office of student councillor shall be a student who has been at Santa Barbara State Teachers college at least two semesters and whose family resides in Santa Barbara.

Section six—The nomination of officers shall be made by a committee of three, two from the board and chosen by the board, and the third chosen by the Associated Women Students.

Section seven—Election of officers shall take place before the first Associated Women Students meeting of the new semester. The election shall be by secret ballot.

Section eight—The student receiving the largest number of votes shall be declared elected.

Section nine—Chairmen:

(a) Appointments—The clubroom chairman, tea chairman, and chairman of the point system, shall be appointed each semester by the executive board.

(b) Duties—The clubroom chairman shall have general supervision of all matters pertaining to the clubroom.

(Turn to Page 4, Columns 1-2)

Plans for Debate Class Announced

If present plans work out, there will be a debating class next semester for those who are interested in debate. It will meet on Thursday, fourth period, and one unit of credit will be given. Doctor William Maxwell will teach the class. The number permitted to enroll will be limited.

Child Prodigy Will Appear in State Program

Ladday Gray Will Entertain Students of S.B.S.C. on April 7

Probably the youngest matinee idol in the United States is to appear in a program at the State college on April 7. The child prodigy is a California boy named Ladday Gray, who, according to music critics, is undoubtedly the most accomplished pianist of his age. His mother, Estelle Gray-Lhevinne, accompanies him on his tours. She is a violinist and has given concerts in almost every country in the world.

Mrs. Helen M. Barnett, head of the Music department, has made it possible for the students of the college to hear this boy, who has played before thousands of people. He has entertained at a number of universities. Once, before an audience of 6,000 at the University of Kentucky. He played compositions by Bach, Beethoven, Mozart, and Chopin, to which the audience showed the greatest of appreciation.

Ladday Gray has made a sensational record for so small a boy. At four years of age he was presented in the great ballroom of the Fairmont hotel, San Francisco, by the Pacific Musical Society. He goes on a three weeks tour of the United States every year, and he has been engaged in artist courses which included such stars as Marion Talley, Harold Bauer, Thibaud, Paderewski, Schumann-Heink, and John McCormick. Even in the face of this severe test, critics agree that few mature stars have such a definite personality, such ease and poise, and charm of manner on a concert stage as has Ladday Gray.

HANDBOOK STAFF TO PREPARE NEW ADDRESS LISTS

A corrected student directory supplement that may be inserted in the back of the present Handbook—this is the proposed plan outlined to the extra-curricular activities committee by Paul Hylton, editor of the 1931-32 Student Handbook. Hylton explained his proposition as follows:

"Due to incorrect or unreadable addresses and phone numbers on the lists from which the Directory was made up last fall, the Handbook appeared with several errors and omissions in this section. Also, many students have moved since the beginning of this school year. Registration for the new term will make available new address lists from which we hope to publish all changes and corrections, thus bringing the Handbook Director up to date."

The new supplement sheets will have gummed edges to facilitate insertion, and will be distributed to all students free of charge upon presentation of their Handbook. Special care in writing the address and phone number on all registration forms is suggested as an aid to the elimination of errors in the revised lists.

Plan Steeple-Chase March 27 has been set as the date for a steeple-chase at Hope Ranch park. It is planned to make the affair an annual event.

CLASSIFIED ADS

SINGLE ROOMS in Y.M.C.A., \$14 monthly. Cash rate includes full membership privileges, gym, plunge, hot showers, service.

Greek Sisters and Guests Enjoy Pan-Hellenic Dance

Greek sisters and their guests, sorority sponsors, and faculty members, making up a group of seventy-five couples, enjoyed the annual Pan-Hellenic formal held at Samarkand hotel last Saturday evening.

The Persian hotel served as an appropriate background for the colorful group of young men and women that gathered to celebrate another anniversary of founding of Greek letter sororities on Santa Barbara State college campus.

From behind the gold banners of Jess Joslin's orchestra, came many clever arrangements of new and old tunes. Dancing provided the entertainment for the entire evening with every sorority member exchanging several dances with members of other groups.

Once again the ping-pong table on the outer court was a scene of many fast and close midget tennis contests and offered a variation in the evening's festivities.

Sororities sponsoring this formal affair included Gamma Delta Chi, Alpha Theta Chi, Delta Zeta Delta, Tau Gamma Sigma, and Delta Sigma Epsilon. Sponsors included Mr. and Mrs. J. B. Yager and Mr. and Mrs. Byron Abraham of Delta Zeta Delta, Mr. and Mrs. Arthur Barnett of Tau Gamma Sigma, Mr. and Mrs. Scudder Clow of Gamma Delta Chi, Mr. and Mrs. Harold Davis of Delta Sigma Epsilon, Mrs. Mabel Spizy of Alpha Theta Chi, and Dean Mildred C. Pyle, general advisor for the Pan-Hellenic council.

Betty Procter, social chairman of the Pan-Hel organization, made all arrangements for the dance, assisted by Esther Ibsen, who arranged the exchange of dances and designed the clever green and silver programs.

Bridge Games to Be Allowed Free Hours

Card playing in the A.W.S. clubroom will be permitted and two new card tables have been purchased as the result of a decision made at the A.W.S. executive board meeting Friday.

Formerly women students were not allowed this privilege during school hours since the clubroom is primarily a place for those who wish to read and rest. The board decided to try the new plan for awhile. Cards will be furnished also.

Many new books have been donated to the clubroom recently. It is the hope of the clubroom chairman that all the old, uninteresting books will soon be taken off the shelves to make room for new ones. The books will be stamped and will belong solely to the A.W.S. room, not the library. All donations are welcome.

Bishop Article Advises Use of Biological Text

Teachers Should Know Facts and Principles of This Science

Did you know that thorax was a bone in the chest; that the abdomen is a muscle in the lower stomach; that the diaphragm is a part of the body containing the heart and lungs and opening onto a fan shape when singing; that endocrines are sweat glands; metabolism is a breakdown in bodily health; that chromosomes are cells in the body which must be "effected" if there is hereditary weakness; that genes are ancestors; that foetus is an offspring; that the eustachian tube transmits sound from the outer to the inner ear; that adrenal is that flow of spleen that comes over a person when he has the emotion of anger; that the thymus is the long part of the cerebrum?

These and many others are the reason that Doctor Elizabeth Bishop of State college maintains in a recent article in the "Science Education" magazine that teachers should know biology. "These answers were received on the test papers of prospective teachers. Doctor Bishop says, 'Not all teachers will teach biological sciences, but every teacher will deal with that biological phenomenon, the child—biological material concerning whose structure and functioning they have very sketchy or entirely erroneous ideas. The plea of this paper is for adequate, general training in biological facts and principles, for every novice teacher in every teacher-preparing institution in the country.'"

(Note: If you don't know what was wrong in that first paragraph, then the joke is on you.)

CALENDAR

Wednesday, January 27 — Band 7:30 p.m.

Thursday—Council, 11:00 a.m.

Friday—"New Brooms," College Players, Aud., 8:15 p.m.; Band, 3:30 p.m.

Saturday—Basketball game with Occidental at Santa Barbara

Monday — Registration; Sororities, 9 p.m.

Tuesday—Deans' meetings, 11:30 a.m.; Kappa Delta Pi, 7:30 p.m.

Wednesday—Band, 7:30 p.m.

A.W.S. WILL GIVE PAJAMERINO TO INCOMING GIRLS

Beach pajamas, evening pajamas, tea pajamas, hostess pajamas, formal pajamas, and, last but not least, sleeping pajamas will be the accepted mode of dress at the A.W.S. "Pajamarino" to be held in the Dining Hall February 5 at 7:30. All girls are urged to wear pajamas.

The affair is to be one of the largest social events of the second semester, according to Edna Blake, president. It is to be given in honor of the new women students enrolling next semester.

The main entertainment and refreshments remain a dark secret, but promise to be the most unusual in the history of A.W.S. parties, according to reports.

The Women's Athletic association, under the direction of Maurine Moore, are contributing their services to the A.W.S. and plan to take complete charge of all arrangements.

The executive board omitted one large affair in next semester's social program in order to give a few successful parties.

Hancock Five Defeated by Roadrunner Varsity, 37-24

Pinky Greeson Is High Point Man for State College Basketball Squad

By OSCAR NICHOLAS

Featuring better teamwork and a smoother passing attack than has hitherto been displayed in their previous games, the Santa Barbara State college basketball quintet submerged a hard fighting gang from Hancock School of Aviation to the tune of a 37-24 score last Saturday night in the Carpinteria High school gym.

This marked the second time in two starts that Hal Davis' squad has thumped the Santa Maria school, having taken the northerners into camp in the first practice game of the season for the local hoopsters.

Pinky Greeson, State forward, demonstrated his true worth to the Roadrunner cause when he sunk field goals from all corners of the court to take high point honors with a total of 16 points to his credit. Usually his method of taking wild heaves at the basket is ineffective, but his exhibition Saturday night shows what he can do when he is "hot."

The Hancock boys didn't stop fighting during the tilt, and in the third period, with the local second stringers in action, the northerners put on a burst of speed to take a 19-18 lead. Their hopes were short lived however, for State's first string players injected into the fray, promptly took a commanding lead and left no doubts as to the outcome of the game.

To the credit of Walt Barnett and "Hoppy" Hopkins goes the honor of putting on the best defensive game, busting up many a "Terror" threat and keeping the northerners' score from becoming uncomfortable to the Hilltopper cause. Joe Martin and Tuffy Treloar took good care of the center post for State with perhaps the former giving a better account of himself.

Boam, lanky aviator forward, was the class of the northern quintet, getting through the Santa Barbara defense for a total of 11 points, and copping high point honors for the visitors. Wong, the other forward, showed up well, also, but it was the "below par" guard work of the "Terrors" which was their main handicap.

Summarizing the highlights of the game, one would be led to believe that Coach Davis' squad will have to improve "a whale of a lot" before it wins a conference game, for the win Saturday stamped it as an improved team, not an outstanding one; that the Roadrunners must sink more cinch shots in win games, that such shots are not often made against good guards and when they

ARCHERS VIE IN TOURNEY

Eight archers will vie for class championship this Thursday morning during fourth period, according to Dot Mae Gibson, archery manager.

For several weeks now the women have been practicing for the tourney and high scores have been recorded. The Columbia Round in which 24 arrows are shot at a distance of 50, 40, and 30 yards will be used in the contest.

The two highest score holders in each class who will shoot this Thursday in the class finals are as follows:

Seniors: Helen Furby, and Helen Farrington.

Juniors: Mary Beebe and Ruth Strong.

Sophomores: Florence Longawa and Lorraine Bosalor.

Freshmen: Vivienne Sims and Louise Headley.

Revised Schedule for Hoop Games

If you have misplaced your basketball schedule, here's a new one for you to cut out:

January 30 — Occidental, Santa Barbara.

February 6—Redlands, Redlands.

February 13—U.S.C. Dental (Tentative), Santa Barbara.

February 19—Whittier, Whittier.

February 20—Whittier, Whittier.

February 27—Pomona, Santa Barbara.

do, they must be taken advantage of, and that when in the mood, Pinky Greeson can play with the team and still ring up the points.

HEARD IN THE SHOWERS

SPORT COMMENT

According to reports Jack David, mighty man of the frosh, lost a terrific wrestling match to George Schultz, giant bone crusher of the sophomores. After battling for several hours without special advantage Jack threw Schultz over his head. Of course, this made the massive Schultz angry, and he returned the throw by getting a double wrist lock with a half nelson and a toe hold. Jack struggled but of no avail and after many strenuous minutes of effort Schultz placed the shoulders of muscle-bound Jack on the floor. Schultz won, and what a contest! Many more like this will be staged in the near future; and as you can see they are really worth the time to witness.

Boxing has been going on at this same fast rate with many terrific bouts, some of which are so closely contested that the judges cannot decide upon the winners; in fact, in one bout the contestants fought 'till they both dropped and will have to finish the contest at some later date.

City, State Officials Direct School Plans

(Continued From Page One)

west of Banos del Mar, by furnishing earth, so that the roadway may be constructed at an elevation of about seven feet above the beach level, he said.

To Start Beach Drive

The dirt will be taken from the bluff of the Leadbetter property and work started on the roadway as soon as the property is deeded to the state, which he expects to be done this week. The work is being rushed in order that the roadway construction may serve as an unemployment relief project in Santa Barbara.

Two lead along the beach from the present west end of Cabrillo boulevard at Los Banos del Mar plunge, terminating at the west end of Leadbetter property, where it will follow a small ravine up onto La Mesa, will have a natural effect, according to the state official. It will follow the turns of the cliff, and underpasses will be made in the fill so that foot traffic to the beach may pass through from the college without crossing the road.

To Raze Old Building

The state architect is now drawing up specifications for a contract for the razing of the old Dibblee mansion, the landmark of the Leadbetter property, rendered unfit for use by the earthquake of 1925. Under the terms of the contract, which will be advertised for bids within a few days, the state will keep the sandstone used in the old building for use on the campus, as the retaining walls already on the property are of this kind of stone.

Provision for Dormitories

Although the state does not have a policy of erecting dormitories on the state college campus of California, provision for dormitories will be made in the master plan for the college, so that they can be erected in future if there is a need or desire for them.

State surveyors already have been ordered here to survey and make contour maps of the Leadbetter property for use in drawing up the master plan and for planning new college buildings.

The visiting state architect said that landscaping work would be undertaken as soon as the state acquires the property, and that when the master plan is completed, and it is learned just where the buildings are to go and what trees it will be necessary to cut down for them, provision will be made at once for planting other trees on the site.

First Anniversary Observed by Group

The home of Katherine Edwards, 1822 De la Vina, was the scene of a tea Sunday afternoon given by the Areta Gamma in honor of the first anniversary of its founding. Miss J. Raiguel gave the guests an informal talk, and Miss Katherine Ball, faculty sponsor and Miss Winifred Frye, patroness, were also honored guests. Three charter members of the sorority, Corinne Bush, Ida Mae Reeder, and Pearl Slater were present. Other guests included Grace Glenn, Helen Gerbig, and Ramona Abel.

WOMEN'S GROUP MAKES AWARDS

The Women's Athletic association held its semi-annual awards banquet in the Hotel de France last Friday evening. More than forty members and guests were present. The banquet, a semi-formal affair, marked the close of the first semester of athletic activities.

Miss Elizabeth Alley, a member of the national girl scout council, talked to the girls on the subject of leadership. Other speakers of the evening were Mildred C. Pyle, dean of women, Mrs. Winifred Hodgins, and Miss Gladys Van Fossen.

Decorations were carried out in green and white with sweet peas for table decorations. Corsages of gardenias were given to Miss Alley, Mrs. Mildred C. Pyle, and Miss Edna Blake, guests of honor.

Entertainment for the evening was provided by Miss Evelyn Eaves, who played several popular numbers on the piano. Meryl Adams sang a group of cowboy songs, accompanying herself on the guitar.

Miss Maurine Moore, president of the W.A.A., acted as toastmistress and presented the W.A.A. awards.

Those receiving sweaters, an award made on the basis of scholarship, participation in all sports, leadership, cooperation, and sportsman were Helen Furby, Dorothy May, and Maurine Moore.

Numerals were given to Marie Boslar '32, Vivienne Sims '34, Virginia Slicton '34, and Barbara Clark '35.

Marie Boslar, Ida Perry, and Florence Longawa received letters.

The Women's Athletic association has an enrollment of 41 active members. Officers of the organization are Maurine Moore, president; Edwina Elliot, vice-president; Winifred Jones, secretary; Meryl Adams, athletic manager; Dorothy May, hockey manager; Louise Dunham, basketball manager; Florence Longawa, volleyball manager; Marforie Juleff, baseball; Vivienne Sims, tennis; Ella Cornwall, natural dancing; Shirley Birch, hiking; Helen Furby, canoeing; Dorothy Mae Gibson, archery; and Louise Albaugh, swimming.

Committee chairmen for the dinner were Ella Cornwall, program; Helen Furby, place cards and seating; Audrey Moore, decorations; Pearl Rieger, printing; and Maurine Moore, awards.

Leadership Award Scope Is Increased

(Continued From Page One)

the belief that awards to only one man and one woman would necessarily leave unrecognized many students who merit praise and who perhaps so closely approach the winning calibre of the two selected students that failure to recognize them would be an injustice.

(Continued From Page One)

time of one, and the result is that the younger generation does not understand its elders, and elders do not understand youth.

"The challenge of today is just as strong as the challenge of yesterday," continued Dr. von KleinSmid. "There are just as many problems to solve today as yesterday."

He spoke further of the tremendous developments taking place in his generation and their effect upon the present generation. In closing he said to the class "this is your day. The destiny of the nations of the world lay in you. Our faith is with you."

Areta Gamma Group Has Mountain Party

Members of the Areta Gamma Sorority and their guests enjoyed a mountain party last Saturday evening at the Outing club cabin. Mrs. Lena Hirschev was the honored guest. The group spent the evening hiking and the guests included Grace Glenn, Katherine Edwards, Helen Gerbig, Ramona Abel, Viola Boardman, Ida Mae Reeder, Pearl Slater, Hadley Johnson, Morris Adam, Walter Ott, Zola du Bois, Orpheus Noel, Jimmy Edwards, Bill Edwards and Mrs. Hirschev.

I. E. Questionnaire Brings Many Replies

Returns on the questionnaire sent out by the Industrial Education department last month have been coming in during the past week. The purpose of the questionnaire was to help the department improve the courses they now offer and to learn what additional subjects prospective students wish to have added to the curriculum.

Answers for the most part came from men who have graduated from S.B.S.C. since 1912. Many more replies are expected, and when a representative number is in, a summary of the total results will be prepared.

Occidental Tiger Quintet Attacks Local Hoop Five

Tennis Tournament Ousts State Students

Out of the ten or twelve students who entered the city midwinter tennis tournament only two remain in the running. Cyrus Walker has advanced to the third round of the men's singles and will play Arnold Hoff. Carol Rapp paired with Dave Wilson, who is from the Santa Barbara High school, successfully passed preliminary rounds and is scheduled for a quarter final match.

Howard Lane, who won the campus tournament was defeated in the third round of the men's singles by Oscar Kaner. Lawrence Kupelian met defeat in the second round when he played G. Weeshoff. Allen Garber and Loren Meigs were defeated with their partners in the men's doubles.

Mary B. Edwards and Howard Lane, who were entered in the mixed doubles were beaten after a hard fought match against S. Franklin and B. Bond. Evelyn Maitland ran up against competition when she met M. McCaleb and lost the match after two sets. Carol Rapp fought unsuccessfully for three sets against Joy Hamilton.

Barbara Rowe and Carol Margot were defeated in the women's doubles by D. Wright and M. McCaleb.

'Open House' New Feature of Church

A Saturday night "open house" each week has been recently inaugurated by the young people's fellowship organization of the Methodist church at eight o'clock every Saturday evening the parlors of one wing of the church building are thrown open for the pleasure of the younger set, not only of the home group, but for all college students and those of the business world.

A huge fireplace adds to the comfortable "party" atmosphere, as games of every description, music, humorous anecdotes, impromptu amateur theatricals, and all manner of extemporaneous performances combine to afford genuine entertainment. Hosts and hostesses see to it that none feel ill at ease—there are no strangers. It is believed that this new departure will prove popular as a means of Saturday night diversion for those who are weary of the conventional run of amusements.

Clubroom Becomes Habitable Place

Through the cooperation of the A.W.S. and Chuck Seaton, the men's clubroom has at last been made habitable.

The Associated Women Students gave the Men's club drapes for the windows. They also gave a cupboard which the boys plan to keep well stocked with current issues of the popular magazines. "Chuck" remodelled and painted the room and gas has been installed so students can keep warm there on frosty days.

College Work Goes on With City Funds

(Continued From Page One)

one hand and the junior high school on the other. Mr. Roy P. Eichelberger, principal of the Santa Barbara Junior High school is in charge of the practice teaching done in preparation for the junior high school certificate.

According to Mr. Phelps, certain readjustments may prove advantageous in the future, but the spirit of cooperation will continue to be the keynote of the activity.

Roadrunners Expect to Show Good Form in Second Conference Game

Coach Hal Davis' battling Roadrunners will play host to the Occidental Tigers quintet on the home court at Carpinteria High school this Saturday at 8 p.m.

The Southerners boast a hard fighting well balanced line-up, and the Roadrunners will have to show even further improvement than was exhibited last Saturday against the Hancock Air school from Santa Maria. The local five has missed many set-up shots all season, which has cut down their scoring average considerably.

With another week's practice behind them the Roadrunners should be able to take advantage of the home court will add also to the chances of the Davis five.

Coach Davis will probably start Pinky Greeson and Harry Killian at forward, Joe Martin at center, Walt Barnett and Hoppy Hopkins at guards. Bobby Main and Tuffy Treloar will probably see action before the evening is over.

State Golf Team To Be Organized

A State college golf team will be organized and coached by Coach Hal Davis and Mr. Kebele.

Mr. Kebele expects about twenty golfers to compete for the team. It is not known whether the golf team will practice at the Montecito Country club or at the La Cumbre Country club.

There will be several tournaments. The first will be a "State College Tournament" in order to give the players their proper rankings. Following this meet there will probably be one or two small meets. On April 16 the intercollegiate meet with Pomona college at Claremont. Then on April 30 the State college plays Occidental college at Santa Barbara. Then the grand finals of the season will be the "All Conference Tournament" to be played at San Diego.

All prospective or interested golfers should see Mr. Kebele for full particulars and then sign up for golf on their program cards in order to receive full credit.
