Carpinteria Beach Store inaugurated a series of street dances at the beach, causing rowdyism verging on the point of vandalism and it became impossible to continue these dances because of the selfishness of a few. We do not know who these people are, but we do know that they have themselves alone to blame for denying the privilege of spending several pleasant evenings at the beach each week. It seems unfortunate that present day youth should have so little respect for the rights of others, especially when the entertainment provided was free, and that those who did enjoy the privilege of dancing and had sufficient self-respect to conduct themselves properly should be deprived of this pleasure because of the selfishness of a few. We do not know who these people are, but we do know that they have themselves alone to blame for denying the privilege of spending several pleasant evenings at the beach each week.
HIGH SIERRA FISHING IMPROVES

Fishing is improving rapidly in the High Sierra Country, according to reports received by the Outing Department of the National Automobile Club from the Mt. Whitney Pack Train and Tunnel Air Camp. Last reports state Consultation Lake on the Whitney Trail is open for fishing and Pumeteen Lake, out of Tunnel Air Camp, providing limits of golden trout. For stream fishing, Rock Creek, out of Carroll Creek Pack Station is good. Golden Trout Creek and South Fork of the Kern, in Ramshaw Meadows out of Tunnel Air Camp, are good. Flies are being struck on all streams.

SOUTHERN COUNTRY'S GAS COMPANY

COME! Our world capital at low cost! That’s good news for buying a gas furnace any time. And, during the coming heating season, that means advantage for you and your neighbors. 

The offer is open to owners of real estate and to operators of apartment houses and commercial buildings.

For further information, write to our executive offices. This soft and warming equipment adds to the gas company for full information.

SOUTHERN COUNTRY'S GAS COMPANY
Franklin Tito, Robert Young and Robert Taylor who will be seen on the screen at the California Theatre Saturday in "Three Comrades." which is being played at the Orpheum. "Little Mois Thoroughbreds," starring Ann Sheridan and the new screen discovery Janet Chapman will be shown on the same bill.

Your Hollywood Correspondent Reports . . .

Dorothy Lamour narrowly escaped being burned when she attempted to extinguish blazing brush in her new Coldwater Canyon estate into which she moved following the filming of her latest screen success in "Spaws of the North." Leif Erickson and Frances Farmer take an interest in all scenes of "Escape From Yesterday" and may be found on the set watching Amos Tinchfield, Lynne Oveman and Vladimir Sokoloff doing their parts when they could be taking recreation. Ben Blue, veteran of the show world's two-by-four beds, has finally taken time out from "Paris Honeymoon," the picture in which he is playing Bing Crosby and Francesca Gual, to buy himself a seven-by-seven bed. Bing Crosby and Franciska Gaal, who will be seen in "September Trails," their current picture, have announced today. Rehearsals are in full swing. Isabel Keith Morrison has her dancers in rehearsal and are scheduled to go on from "Campus Confessions." All S. B. CAST SELECTED FOR "SIESTA TIME"

Cust for "Siesta Time," Santa Barbara's own Flenna Ferris, Douglas Harmer, who is to be seen at the Los Angeles Wednesday, Thursday, Friday and Saturday nights of Flenna's week was announced today. Revelers are in full swing. Isabel Keith Morrison has her dancers in rehearsal and castants and music are heard throughout the night. The players are local people, many of whom have been seen on the Los Angeles stage in past performances.

The cast is as follows: Carmelita, Anita Dearrufe; Don Francisco, Honor Gayney; Dona Isabel, Margarette Runk; Don Pablo, Ricardo; Don Jose, Charles Ide; Padre Mariano, B. Fitzpatrick, Marilou, Virginia Malta; Señora, Isabel Keith Morrison; Alforno, the invisible singing villain, Martin A. K.

State-wide meetings of organizations at the 1938 California State Fair and Exposition will center around the grand opening of the State Fair September 2 thru 11. Special days have been set aside to honor many civic organizations including the American Legion, National Guard, State employed and cities and counties of California.

Children's Day will be September 8 and 9 when boys and girls under 12 will be admitted free. Secretary-Manager Muckler explained. The Farm Bureau and 4-H Club Day also will be September 2. On September 3, the Press and Junior Chamber of Commerce will hold a state-wide program. American Legion Day, September 4, will find Drum and Bugle Corps from nearly every Legion Post in California present.

The Golden Gate International Exposition, Alameda County and Los Angeles will be jointly honored on September 5. Radio, Farm and Mayor's Day will be combined on September 6, and on September 7, women's organizations, the Grange and Future Farmers of America will hold the spotlight. September 8 it will be jointly cel­ebrated as Governor's and Service Club Day. On September 9, the State Employes will have their annual program. The State Chamber of Commerce and the Mining Industry will be recognized September 10, and National Guard Day will be September 11. Other special events will be announced.

UNEMPLOYMENT TAX FOR 1936 NOW DELINQUENT

Sacramento—California employers who neglected to pay 1936 contributions to the Unemployment Trust Fund now have a double penalty.

W. F. French, Chief, of the Division of Unemployment Compensation, State Department of Employment, made this announcement today in calling attention to the fact that the time limit for payment of the Federal tax expired on July 27.

"Specifically," French said, "those employers who failed to pay the 1936 payroll contribution were given the privilege of making the federal payment of 1-10ths of one percent and the state payment of 5-10ths of one percent in order to avoid double penalty."

If employers fail to pay the tax on the date mentioned, they will be assessed full tax payment on the amount of contributions due, plus interest on the amount of contributions due, without the 1-10ths of the Federal tax and the 5-10ths of the state tax which have already been paid.

Briefly, provisions of the congressional act expiring July 27, 1937, are:

1. Those who have paid the 1-10ths Federal tax for 1936 to the Federal Government and also paid to the California Unemployment Trust Fund can apply for a refund from the Federal Government.

2. Those who paid the Federal Tax for 1938 but have not as yet paid the 1936 Tax to the California Fund, can pay the State Tax and take such payment as a credit against the Federal Tax. A refund may be obtained from the Federal Government.

3. Those who paid the State Unemployment Contributions, but who have not as yet paid the Federal Tax, are permitted to pay the Federal Tax and take credit therefor for such contributions paid to the California Unemployment Trust Fund for the year 1936.

4. Those who paid neither the Federal nor the State Tax may pay the State Tax plus interest and then the Federal Tax, and take as a credit from the Federal Tax, the amount of contributions paid to the California Fund.

Behind the Scenes In American Business

WHY ACCIDENTS? — The automotive industry examined closely last week a series of studies on the relation of car styling to driving safety. Surveys of the cause of traffic accidents show a constant floodlight of statistics in formation on the problem. Yet "sudden death" on the highways takes a bigger toll of lives each year. Why? Arthur W. Stevens, Chief of the Society of Automotive Engineers answers with the statement that many auto accidents are attributable to the faulty styling of modern automobiles, which obstructs full vision. "Blinding windshields," he says, tear to blame. To urge motor makers to take steps toward: lowering the hood, raising the driver's seat, allowing larger window areas and constructing thinner window partitions. Mr. Stevens says that better visibility is inevitable, because, "When for a million years has walked with eyes in the front of his head where they belong, and there is no reason why his car should not be built the same way."

THE FARMER'S BUSINESS OVERSEAS — In the first five months of last year our crop exports amounted to 13,000 bushels; in the same period of 1935 they totaled 25,000,000 bushels. This dramatically shows the vast agriculture is playing in our foreign trade this year. For January through May, 25 per cent of all our exports were farm products, as compared with only 17 per cent last year. Foreign countries are buying more of our wheat, corn, meat and live stock this year.

TRENDS TO WATCH FOR — Combination cigarette and match, the match being glued to the cigarette, so that when the latter is pulled from the package, a match also is withdrawn. "Ice-hoops" for trees, to keep them from bud-ding prematurely; a bag of rubber daisies filled with dry ice and wrapped around the trunk of the tree so the "freezing" process is kept from flowing. A folding porch for auto traders was introduced.

Additional articles and other features appeared in a "window" in the Saturday Evening Post, which open the June 27th issue.

that is this thing called a kilowatt-hour?

* Most people know that a kilowatt-hour (KWH) has something to do with their electric bill, but beyond that the word is a mystery. The kilowatt-hour is used in the electric industry to measure electrical energy used by appliances or Electric bill. The diagrams on this page will help you understand just what a kilowatt-hour is and what it means to you in terms of useful service.

A watt-hour is the amount of energy needed to lift a 1 lb. weight 264.5 feet. 1 Watt-hour is too small a unit for convenient measurement, so we use the kilowatt-hour which is 1000 watt-hours. A kilowatt-hour is equal to 1000 watts being continuously utilized for a period of 1 hour. Thus one 100-watt lamp burning for 10 hours would consume 1 kilowatt-hour. A kilowatt-hour is equivalent to 13 men working for 1 hour.

The average home consumes 50 kilowatt-hours a month—equal to 650 mwh hours of labor. If you paid this man only 25c an hour, it would cost you $162.50. Yet the average family pays $2.50 or less for an equivalent service.

A women's vote, both rural and urban, topping all previous records is predicted for the coming state election by all the office seekers, as well as by the private property negotiators with the highest rec- ords of right goners. Reasons for the future phenomena of primary election day (Aug. 30) are being promulgated and discussed and manufactured to fit specific pictures. Women's power and the national issue of political suffrage is one of the following effects of increased voting strength. A suddenly awakened spirit in others.

Perhaps the correct answer is simply the fact that more candidates than usual will run for election this sea- son included planks in their plat- forms with a definite women-ap- peal. To cite a few examples: Dan Murphy, San Francisco sheriff and candidate for the Demo- cratic nomination for governor, has pressed the case for progressive legis- lature, and for the lightening of the 8-hour law for women.

Dr. Walter Scott Franklin, San­ Francisco candidate for the Repub- lican nomination for Lieutenant- Governor, made many faces among women with his pronounce- ment that they should be only black ads that will be effective against the stupendous influx of relief and pension seekers will be uniform re- lief and pension standards through- out the nation. In that, women and the protection of their men's jobs from usurpation by transients from other states. Sheldon Downey, aspiring to the office of United States Senator, sees his cause much good with his disposal of a pension system which he believes will set the stamp of security on the average California family. And to the aver- age housewife, anything that strikes at the spectre of insecurity is a new spring hat.

George J. Hadfield, Republican candidate for governor, makes constructive, workable and wisely endorsed suggestions for lowering the tax bill—without impairing the work of the schools—a feel- ing many women will endorse with her vote.

And Fred Stewart, candidate for reelection to his post on the State Board of Equalization, holds speci- fic hopes for his fight against the "Single State" tax which has nearly backed for women's "50-60" bill, offering them equal representa- tion in every committee.

The list is long, for every candi- date worth a mention has made his overtures toward the women's vote. Women, then, can pick and choose, selecting or rejecting as they see fit. And their interest in Sheldon Downey's exactly what they're preparing to do—i.e., what they're preparing to do—i.e., what they're preparing to do—i.e., what they're preparing to do.

THE CARPINTERIA CHRONICLE

WOMEN IN THE NEWS

By LEONE BAXTER

A woman's vote, both rural and urban, topping all previous records is predicted for the coming state elections by all the office seekers, as well as by the private property negotiators with the highest records of right and wrong.

Reasons for the future phenomena (primary election day August 30) are being promulgated and discussed and manufactured to fit specific pictures. Women's power and the national issue of political suffrage is one of the following effects of increased voting strength. A suddenly awakened spirit in others.

Perhaps the correct answer is simply the fact that more candidates than usual will run for election this season included planks in their platforms with a definite women-appeal. To cite a few examples: Dan Murphy, San Francisco sheriff and candidate for the Democratic nomination for governor, has pressed the case for progressive legislature, and for the lightening of the 8-hour law for women.

Dr. Walter Scott Franklin, San Francisco candidate for the Republican nomination for Lieutenant Governor, made many faces among women with his pronouncement that they should be only black ads that will be effective against the stupendous influx of relief and pension seekers will be uniform relief and pension standards throughout the nation. In that, women and the protection of their men's jobs from usurpation by transients from other states. Sheldon Downey, aspiring to the office of United States Senator, sees his cause much good with his disposal of a pension system which he believes will set the stamp of security on the average California family. And to the average housewife, anything that strikes at the spectre of insecurity is a new spring hat.

George J. Hadfield, Republican candidate for governor, makes constructive, workable and wisely endorsed suggestions for lowering the tax bill—without impairing the work of the schools—a feeling many women will endorse with her vote.

And Fred Stewart, candidate for reelection to his post on the State Board of Equalization, holds specific hopes for his fight against the "Single State" tax which has nearly backed for women's "50-60" bill, offering them equal representation in every committee.

The list is long, for every candidate worth a mention has made his overtures toward the women's vote. Women, then, can pick and choose, selecting or rejecting as they see fit. And their interest in Sheldon Downey's exactly what they're preparing to do—i.e., what they're preparing to do—i.e., what they're preparing to do—i.e., what they're preparing to do.

IMPROVEMENTS ON HIGHWAY 101

Laying of the new highway on U.S. No. 101 near Morgan Hill, has been in progress for over two weeks and two miles of the improved roadbed is now in use, reports the Touring Department of the National Automobile Club. With the right-of-way for the new three-lane highway now clear from Coyote to Llagus Creek, three miles south of Morgan Hill, the widening and paving job is scheduled for completion by fall.

Low sections in the old highway between Morgan Hill and Coyote, which annually dogged the "bot-tleneck" during the winter months with six inches to two feet of water, are being eliminated. One section of the road just north of the Coyote Creek Bridge has been filled in and a new bridge has been added there to reduce its width by two feet. The new bridge will also accommodate the new school district for the area.

CANDIDATE FOR SHERIFF OF SANTA BARBARA COUNTY

Offers the Following Qualifications:

Years of experience in law enforcement work in Glendale, Calif. and Santa Barbara County.

Familiarity with the many and varied problems of law enforcement in all areas of Santa Barbara County.

VOTE FOR

Harry E. Fryer
FOR SHERIFF
at the AUGUST PRIMARIES
Carpinteria Wins Praise of Highway Patrol.

Letters from motorists praising traffic officers are common but when a letter of praise comes from a noted motorist, that's unusual and uncommon. Recently Capt. E. W. Beley of the California Highway Patrol wrote to Chief E. Raymond Cato commending Karl G. Johnson and his wife of Carpinteria for "valuable service." Investigation revealed that the Johnsons frequently crossed the hit-run driver crash into another car in Tulare County. They saved two of its occupants. The Johnsons took the license of the hit-run car, took a description of the car and driver, notified the State Patrol, then voluntarily testified in court. A jury found the offending driver guilty after five minutes deliberation.

Highway Bill to Go on Ballot.

A proposed constitutional amendment, recommending the State Highway Commission be assured a place on the November general election ballot when a certificate of qualification was received from Secretary of State Frank C. Johnson by officials of the Automobile Club of Southern California, sponsors of the initiative measures, with the California State Automobile Association.

The proposed amendment would reorganize the present part-time Commission as a full-time, salaried body charged with full responsibility for construction, maintenance and policing of State highways. State highway functions now distributed to four State departments would be vested in the Commission. A three-man body appointed by the Governor with the consent of the Senate for fixed ten-year terms.

The proposed bill would provide adequate funds and adequate powers to the Commission. Automobile Club officials declare that the measure aims at greater coordination of highway functions, placing under one head the responsibility for all phases of State highway work. Fixed taxes were ordered in order to present long-range planning of highways, and satisfy cabinet officers are advised to coordinate work of engineers, safety experts and highway officials. Fixed taxes, scattered authority, the proponents of the measure contend, has resulted in inefficient construction, short-sighted planning and uncoordinated operation of California's highway system. The reorganized Commission would be known as the State Highway and Traffic Safety Commission.

In addition, Governor's approval of the measure is required to become law.

Lions Club Holds Barbecue.

The Carpinteria Lion's club club held a barbecue at the Solaris Saturday night which was prepared by E. D. Soleri and Ford's House. Jr. The steaks and trimmings were provided by the losing team in the attendance contest which was recently concluded. Members of the winning team included: Dave Sabvanchi, chairman; L. R. Carter, John Hudson, Harold Hallman, Leonard Kirsan, Marc Latham, Judge G. P. Moore, C. E. Neuman, E. R. Solari, E. V. Stinsho, E. C. Maddox, Russell Unson, Frank Wykowski and Ben Humphrey.

The losers who lost by scant 1 per cent, included Howard Mays, Chairman; Dr. H. G. Cowherd, John Furgus, Percy Houts, Jr., J. E. Jones, Barney Kalmam, Dr. J. B. Lepe, Lloyd Tenneyson, Al O'Ballan, Frank Slatko, Hugh Thorsen, Charles Vonck and Ben Humphrey. The club will not meet during the month of August and the first meeting on September 1, has been designated as ladies night.

Exhausting the Elements.

Randolph Scott, getting action scenes for Paramount's "The Texan," in which he is co-starred with Gable, dust and snow, said he liked the blizzard scene best of all and really enjoyed a sled ride home back across the Rio Grande even with a head of 1000 bel lows at his back. Scott, who is a native of Iowa, is a complete cowboy and really enjoys a swim on any pleasant day. He gave his last name as Scott and was speaking of the role of Dan Blocker, who is an actor in the movie. The dub will not meet during the month of August and the first meeting on September 1, has been designated as ladies night. The regular monthly meeting of the department will be held Tuesday evening at the Veterans Memorial Building at 7:30 p.m. Dinner will be served by the auxiliary and the entertainment is in charge of Steve Granadillo.

Boy Scouts.

(Continued from page 1) that had been laid by Taylor and Carpenter. The Surrenders events were concluded with four suits out by the patrols. A small charge of 25 cents was made for the barbecues.

Boys who attended were: Denny Taylor, Howard Mayes, Jr., Keith Britchin, Teddy Starr, Frank Horton, Donald Butler, Bern hard Snow, Herschel Low, Junior and Ed Bowden of the Swimming Club and Ford Kline, Howard Mayes and John Lyman.

My Wife Almost Left Home.

Because she grew tired of the unsightly, worn linoleum that covered the kitchen floor . . . I've looked at the beautiful Armstrong designs at Ford's and now I know she is right. . . . It was easy to agree with her-so now my happy home won't be broken up . . . The linoleum was ordered and delivered and laid by Ford Kiene, who is thoroughly experienced in this work, and now I can settle back in my easy chair with my pipe and book with the comforting knowledge that the floor covering problem has been solved for many years to come.

If you are considering the purchase of new floor coverings be sure and inspect the samples of Armstrong's Linoleum on display at Ford's. Estimates for one room or for the whole house will be given gladly.
