AUGUST 5, 1938

NUMBER 23

Republican Registration Leads in First District

According to registration figures just compiled by County Clerk J. E. Lewis for the August primary, the First Township of Santa Barbara County, along with Maine and Vermont, still shows a majority of electors registered as Republicans. Registration for this district by parties is as follows: Republicans, 1400; Democrats, 1193; Socialist, 5; Prohibition, 1; Progressive 12; Communist, 0; Commonwealth, 0; Townsend, 4; declined to state 72; total, 2687.

Reaching a new high, total registration for the County stands at 32,309 with the Democrats in the lead by 17,272 as against 13,529 Republicans. Of the total number registered, 1296 declined to state their political affiliation.

Divided into supervisorial districts registration is as follows: Second District: Democrats, 9,850; Republicans, 7,340; total 18,259; Third District: Democrats, 1,356; Republicans, 1,227; total, 2,722; Fourth District: Democrats, 1,343; Republicans, 1,048; total, 2,432; Fifth District: Democrats, 3,530; Republicans, 2,514; total 6,209.

OVER PAYMENT OF ONE CENT WORRIES COUNTY ASSESSOR

If the average person handling a set of books and large sums of money wound up at the end of a four months period after having made 85 payments totaling \$270,751.44 and found his records in arrears by just one cent he would feel that he had done a pretty good job and in most cases the one-cent difference could easily be taken care of in some manner.

However, this is not the case with County Assessor Tomlinson who has just been informed by County Auditor Eaves that checking of the many thousands of collections made by him during the past four months and turned over

GRAVESIDE RITES CONDUCTED FOR MRS. E. C. PIERCE

Graveside services were conducted yesterday afternoon at 2:00 p. m. in the Carpinteria Cemetery for Mrs. Ellen Corey Pierce, resident of Carpinteria since 1898. Mrs. Pierce, who was the widow of Benjamin Franklin Pierce, passed away at her home in Carpinteria Monday night. She had been in failing health for some time. She was born June 17, 1857, in Illinois and moved to Carpinteria from Michigan. A daughter, Miss Gladys Pierce, is the only surviving relative.

Mrs. Pierce was an active member of Olive Temple, Pythian Sisters of Santa Barbara and services were conducted by the organization.

George Hill of Los Angeles is spending his vacation at his property on Shepard's Mesa.

to the County Treasury reveals that he made an over-payment to the treasury of just one cent. It is not the amount of money involved that is bothering Tomlinson, it is just the principle of the thing for it seems that it is much easier to put money into the treasury than it is to withdraw it. It seems that once before in compiling his records, Tomlinson underpaid three cents and was promptly given a written demand for this amount which he promptly paid, but getting back his one cent is not such a simple matter and may take weeks.

With the thousands of payments handled each year by Tomlinson, the fact that errors in calculation are confined to a few pennies speaks well for the efficiency with which he manages the office and is a record of which anyone should be proud.

Election May Be Called On Redistricting County

Of vital interest to the Carpinteria Valley is the proposed special election to be held in September for the purpose of redistricting the county supervisorial districts. This movement has been started by Carol Bone of the Santa Barbara Democratic Club who has taken the preliminary steps towards the calling of such an election.

Should such an election be called and be successful it would give the city of Santa Barbara the balance of power on the Board of Supervisors and leave what is at present the first and third districts virtually without representation according to the best information to be had on the proposed plan at the present time.

The area of the present Second

District which is largely within the city limits of Santa Barbara would be decreased and the First and Third districts increased to include a sufficient portion of Santa Barbara to place the majority of registered voters in each of these districts in Santa Barbara, thus making it possible for three Santa Barbara residents to be elected to the Board.

In the event that this election is called considerable opposition is expected to develop in the two districts affected since residents of these areas would feel that under such a division there would be very little chance of receiving a fair return of county tax money for improvements in the outlying districts.

FIREMEN HEAR CONVENTION PLANS

The Carpinteria Firemen's Association held its regular monthly dinner meeting Tuesday evening at the Veteran's Memorial Building with twenty-one members present. Roland Wilder, Captain of the Santa Barbara Fire Department, accompanied by Deputy Chief Hunter, was present and outlined plans for the Firemen's Convention which is to be held in Santa Barbara in September. The dinner was prepared and served by the Firemen's Auxiliary.

HUNTERS ASKED TO BE CAREFUL WITH CAMPFIRES

Deer hunters planning trips to areas opened to hunting in California August 1 and August 10 are reminded by foresters that cautious use of campfires and burning tobacco is mandatory in the woods and chapparal brushfields. With the first of California's deer hunting seasons opening at the time of greatest forest fire hazard, Regional Forester S. B. Show of the U. S. Forest Service has asked nimrods to observe sportsmen's rules in keeping fire out of the woods and being careful with fire arms.

Major precautions outlined in national forest regulations are: smoke only in camps and at places of habitation; free campfire per-

(Continued on page 8)

MASONIC OFFICERS TO BE GUESTS OF LOCAL LODGE

The Carpinteria Masonic Lodge will be host to the Masonic Officers Association of Santa Barbara and Ventura Counties at the Veteran's Memorial Building Saturday evening. About one hundred persons are expected to attend and dinner will be served by the Vallecito Chapter O.E.S.

Captain Rutherford of the California Highway Patrol will be the speaker of the evening and will discuss various motoring problems of interest to the average driver.

FORD AGENCY REPORTS FIVE SALES IN JULY

The Humphrey Motor Co. reports the sale of 5 trucks and cars during the month of July. The largest truck, a lumber truck with 197 inch base, was purchased by the Carpinteria Lumber Company. Two pick-up trucks were purchased by Jones and Benedict and by the Bradbury and Murphy Ranch. Mr. Bowman of Santa Barbara and Mr. Pace of Goleta each purchased a DeLuxe Ford V-8 sedan.

Fiesta Programs To Go On Air Over National Hookup

"Old Spanish Days in Santa Barbara," the picturesque four-day Fiesta that annually converts the California city into a replica of an old pleasure-loving city of the Dons, will be re-created for the radio audience when the most colorful features of the celebration are broadcast over the Pacific Coast NBC-Blue Network August 10, 11, 12 and 13.

The opening of the Santa Barbara Fiesta will be broadcast to a coast-to-coast NBC audience, between 7:30 and 8:00 p. m., PST, Wednesday, August 10. Originating on the grounds of the Santa Barbara Mission, the first day's program will open with the traditional fanfare of trumpets and the booming of guns that signal the return of Spanish days.

Santa Barbara's famous Mission Choir, including the Padre Choristers and the Children's chorus, will be heard during the broadcast, accompanied by the Mission organ. Spanish musicians and singers will add a lighter atmosphere to the musical program. The procession to the Mission church, a feature of the opening ceremonies, will be described by NBC announcer Clinton (Buddy) Twiss.

When the Fiesta swings into its second day, the NBC microphone will move into the line of march to become a part of the historical parade, which will be described in a broadcast from 3:00 to 3:30 p. m., PST. Don Wilson, ace NBC announcer, will be one of the mounted Spanish paraders. Following his horse will be a burro, carrying portable transmitting equipment concealed in Spanish trappings. As Wilson broadcasts from horseback, other microphones will pick up colorful details along the line of march. A transmitter will be

mounted on one of the floats, which will also carry a Spanish orchestra. The parade which Wilson will describe will be a pageant of Santa Barbara from the days of the Chumach Indians, through the days of English, Spanish, and Mexican occupation, to the establishment of the Bear Flag Republic and the subsequent American occupation of the city.

The famous Ruiz-Botello pageant from the Sunken Gardens at the Court House will feature the broadcast scheduled for Friday, August 12, between 2:30 and 3:30 p. m., PST. An NBC transmitter will be carried on a tour of the Mexican village built in the Plaza De la Guerra. Spanish fiesta music, with orchestras and soloists playing typical dance rhythms, will be heard during the broadcast.

Santa Barbara 50 years ago will be described during final broadcast from the Fiesta on Saturday, August 13, from 2:30 to 3:00 p. m., PST. For a brief time, Santa Barbara's State Street reverts back to the days of carriages, horseback riders, and ox carts. The roped-off section of the street, from which the broadcast will be made, will be crowded with vehicles filled with men and women dressed in the costumes of half a century ago. The broadcast, following a description of the scene, will include the music of strolling players and singers, and Spanish orchestras. "Buddy" Twiss and Don Wilson will give a running description of the activity.

Mr. and Mrs. James A. Lewis and daughters, Isabelle and Margaret, accompanied by Miss Ellen Hogle left yesterday for a weeks' visit to Yosemite.

Carpinteria Team to Try Comeback in Spelling Match

GAS TAX REVENUE FOR FIRST SIX MONTHS SHOWS GAIN

State gasoline tax revenue for the first six months of 1938 showed an increase of \$85,735.79 over the same period for last year, the State Board of Equalization reports, revenue for the first half of 1938 totaling \$24,997,853.22, compared with \$24,912,117.43 for the first six months of 1937.

As decreases were noted in revenue for three of the months, the increase in the half year total is taken by William G. Bonelli, member of the board from this district, as an indication that business generally, at least in California, is on the up trend, gasoline sales being considered an excellent barometer of business activities.

Revenue for June showed an increase of 3.35 per cent over the total of June, 1937.

The Carpinteria Valley will again be represented over the News-Press radio Station KTMS next Wednesday evening at 8:00 p. m. when the Chronicle Spelling team will meet the Jack Martin team of Santa Barbara.

This will be the second appearance of a Carpinteria team in the series of spelling matches and keen interest is manifest since the Jack Martin team defeated the Altrusa Club team a week ago Wednesday night in a surprise victory after the Club had scored four straight wins with only one more to go to capture the trophy.

Those who listened to the match in which Carpinteria participated several weeks ago will remember that it was the Altrusa club that defeated the local team by the close score of 6 to 7.

The Jack Martin team now has 2 matches to their credit since they defeated the Twenty-Thirty Club 7 to 12 in the match held Wednesday evening of this week.

THREE BOYS IN A CHURCH

Their faces browned by the lash of wind and sun, three boys sat quietly in a Santa Cruz church last Sunday. They sat in church because a court had ordered it. They sat quietly because their freedom depended on it.

The judge who ordered those three boys to church faced no easy task. Gay, impetuous, with a youthful lust for adventure, they sailed off to seek their fortunes in the South Seas. Cautiously planned and carefully executed, their adventure probably seemed no less "right" to them because it involved a yacht that happened not to be their own. Like thousands of adventurers before them, they had sought to follow their star—and all else seemed unimportant.

But the day came when their voyage was behind them, when they faced the stern edicts of law and order. What was their punishment to be? Should they be jailed? The judge decided not. Should they be set free? Again, the judge decided not, for he recognized in the youngsters, for all their all their youthful bravery, a lack of discernment between right and wrong.

And so he ordered them to church and a study of the ten commandments. Whether that course is as wise as a harsher sentence already has been questioned by some, but admittedly millions of miscreants have been led aright by it. Perhaps, however, that long voyage to the south already has taught the boys that wrong-doing doesn't pay; that "Thou shalt not steal!" is a commandment worth remembering outside of church as well as in—even for impetuous, young adventurers.

NO RECESSION HERE

"There is no recession in human wants," states Neil Petree, prominent Los Angeles business man, "despite a recession in business. That means there must be no sit-down in advertising!"

The records on the books support his statement.

Between 1929 and 1933 many stores clipped their advertising budgets—and found they were clipping sales, too.

During the current setback, many of them just put that policy in reverse, and aided by the stabilizing effects of advertising, have kept their sales up. Among the leaders in the field have been the large groups of retail stores. In their consistent and permanent use of advertising lies the best proof of the truth of their maxim that the small profits of the multiple-unit store can spell success if tied to large and efficient sales volume. For advertising speaks volumes—in sales as well as in popularity!

What happens in the capitals of the world is news. But what happens in stores, what good buys are available, what special sales are contemplated, that's news too. Advertising is the news of the stores, but if the

The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

"Spirit" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. Paul's words to the Ephesians, "The fruit of the Spirit is in all goodness and righteousness and truth," are the Golden text.

Among the Bible citations in the Lesson-Sermon are these verses from Paul's letter to the Galatians: "For the flesh lusteth against the Spirit, and the Spirit against the flesh: and these are contrary the one to the other: so that ye cannot do the things that ye would. But if ye be led of the Spirit, ye are not under the law"; and the Lesson-Sermon includes also these words of Jesus, from John: "It is the spirit that quickeneth; the flesh profiteth nothing."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, presents the statements: "Rise in the strength of Spirit to resist all that is unlike good. God has made man capable of this, and nothing can vitiate the ability and power divinely bestowed on man."

THE CARPINTERIA COMMUNITY CHURCH

Rev. Deane F. Babbitt, Pastor.
 Sunday, Aug. 7, 1938.

Church school at 9:45 a. m.; Morning worship at 11 a. m. Dr. Henry T. Babcock of Los Angeles will preach. Theme, "Love," the second in a series of sermons on every-day Christian virtues.

Youth Fellowship meeting at the home of Iva and Ralph Walsh. Subject: "Ideals of Leadership." Leader, Doris Demaree.

Public cordially invited to these services.

METHODIST CHURCH

Melvin J. Addington, Pastor

Sunday, August 7, 1938.
 Morning worship, "Counting Factors."

Evening worship: "A Finished Work."

Wed., Aug. 10: "Which Church Are You In?"

We may say that certain diversions in our lives are not counting factors but they are things which go in to make up a Christian character or the lack of one. The plan of salvation is already made, and we can't improve upon it. We can take advantage of it, or refuse to take advantage of it. The church has one foundation not several. It has one Lord, one faith, one birth. Our life has one emphasis, or else it is scattered. It is a ship that makes no progress that is driven by every tempest and storm. A life that is driven by every gale will soon lose that mooring which it seems to have. Salva-

tion is a steady and a purposeful influence in life. It is a finished work.

public isn't told about it—there's no news. In this instance, no news is bad news, and sales are headed for an inexcusable sit-down.

Inexcusable, because there's never a recession in human wants!

POLITICS -- Day by Day

Monday

A variety of campaign literature has accumulated since last Thursday, the first release being from Olson headquarters stating that a non-partisan poll of Democratic candidates taken for Governor by the Oakdale Enterprise brought forth the following results: Olson-102, Haight-40, Murphy-27, O'Conner-22, Dockweiler-19, Neblett-1, Legg-1.

A somewhat lurid sheet entitled "Great American" carrying on the masthead the legend "Published in the Interest of the Independent Operator and Buyer" with Irving Fig Newton of Hollywood, Calif., as editor. This sheet is apparently published in the interest of the Olson campaign, with or without his knowledge we do not know, and is devoted almost exclusively to attacking Raymond Haight, Progressive Candidate for Governor, the California Newspaper Publishers Association, Harlan Palmer of the Hollywood Citizen News, J. F. T. O'Conner and others. It also proposes legislation supposedly to aid the independent merchant, which in reality would force many small businesses out of existence if enacted. All in all such literature as this will undoubtedly do Olson's cause more harm than good.

Apparently all the various verbal brickbats tossed at Senator McAdoo have been getting under his skin but he remained silent until papers carried the story that the Senate Campaign Investigation Committee had been asked to investigate McAdoo's campaign. McAdoo wired Chairman of the committee, Senator Morris Sheppard, of Texas, that he would welcome such an investigation and asked that campaign funds of his opponents also be investigated. In general McAdoo characterized charges of said opponents as "slandorous statements of desperate men."

Various Santa Barbara County office holders are reaching the point of committing themselves in regard to candidates for State and congressional offices. C. I. Preisker, Chairman of the Board of Supervisors, is working in behalf of Phil Bancroft, Republican candidate for the U. S. Senate; and Maxwell Nichols, city attorney for Santa Barbara is carrying the banner for Clubert Olson, Democratic Candidate for Governor.

Release from Governor Merriam's headquarters in Los Angeles states the Governor promises, "There will be no tax increase and no new taxes." "Tax reductions will be recommended" and adds that "Repeal of the sales tax would be a great blow to education" And from San Francisco headquarters comes a statement from Gertrude Atherton, novelist and Democrat, "I am supporting Governor Merriam and doing everything in my power to bring about his election. No democrat with any love for his party and his state can do otherwise."

Herbert C. Legg, Democratic candidate for governor, attacks the proposal of three of his opponents that California homes valued at less than \$3,000 be exempted from all taxes, stating that such action would remove approximate-

tional and social agencies to func-

tion is a steady and a purposeful influence in life. It is a finished work.

ly 40 percent of all property from the tax rolls and ruin the state, making it impossible for education.

From Franklin to Lieutenant Governor headquarters come the report that leading newspapers in the State and various straw votes indicate that Franklin is assured of the Republican nomination. The Santa Barbara News Press goes a step further and urges Santa Barbara County to give a majority vote on all tickets to the County's own candidate. The Los Angeles Times in commenting editorially on Franklin states, "Dr. Franklin is an engaging personality, whose life has brought him in contact with varying groups. In character, ability, intelligence and training, Dr. Franklin is well qualified to serve California in its highest offices."

Headquarters of John M. Burnett, Democratic candidate for Lieutenant Governor, hail the endorsement of the Bakersfield Californian as a decided "break" in Burnett's favor since that paper is reportedly very cautious in making political endorsements.

Patrick J. Cooney, democratic candidate for attorney general, has sent out a voluminous envelope containing several pages devoted to attacking the political affiliations of his opponents and stating that he is the only 'real Democrat' of the lot. We still feel that such attacks are poor politics, regardless of the political faith of the candidate who indulges in this type of campaigning.

Earl Warren, candidate for this same office, so far has refrained from indulging in such tactics, and appears to be making rapid progress in his campaign and has just received the endorsement of the San Francisco Progressive County Central Committee.

From headquarters for Louise Ward Watkins, first woman from California to run for U. S. Senate, comes the report that she was enthusiastically received in Imperial Valley during a recent tour and that her statement that the old-age and farm problems must be solved meets with the approval of farmers and women throughout the State.

Coming a little closer to home is a release received from the Martin-for-Congress Club of Bakersfield, stating that Martin has been given permission to use the designation "congressional secretary" under his name on the August primary election ballot. Unquestionably Martin's experience as secretary to the late "Pat" Stubbs has a certain definite value and this designation may aid in gaining votes but when the ballots are counted "incumbent" will probably prove to have been more potent than "Congressional Secretary."

Tuesday

A sudden dearth of political propoganda. Probably the calm before the storm. L. Wallace Hopkins, campaign manager for Louise Ward Watkins, Republican candidate for the U. S. Senate, called at the Chronicle and left a copy of the Los Angeles Independent Review, Democratic paper, which carries an article stating that Democrats hope the Republican nomination falls to Ray L. Riley as they believe he will be most easily defeated and stating that there is extreme weakness in the candidacy of Philip Bancroft but admitting that there are some very powerful elements of appeal in the qualifications of Louise Ward Watkins.

Wednesday

A determined effort is being

WOMEN IN THE NEWS

By LEONE BAXTER

In a week marked by good news all along the economic front, women have their bit to add to the general forecast of "All's well!" From their homes, in city and village, California's housewives report that times indeed are better; so much better that they suddenly can afford more domestic help. As a result, an unhandy shortage of competent household servants is noted in many California communities, a situation that points to new jobs for domestics and a heightened "servant problem" for housewives.

Indicating how acute the shortage may become, Mrs. Mary Carlisle, in charge of a school for domestic help in Riverside, has this to say: "We can't furnish trained girls fast enough to fill the positions waiting for them. As quickly as they are graduated, they are placed in jobs."

As a prosperity barometer, the Riverside project is a good omen,

Dr. Ray Lyman Wilbur, president of Stanford University, is chairman of the Committee of the Pacific Area in charge of weekly conferences in Pacific House at the 1939 World's Fair of the West on science, medicine, art, trade, archaeology, education and dozens of other subjects.

for it does more than supply a demand for domestic help. Since all of the girls in the school come from families on relief, the graduating class each month not only adds to the total of competently trained domestics, but reduces the county relief rolls as well. That's clipping the Gordian knot of depression from both ends.

From down under the Southern Cross comes the latest shot in the

old war of the feminist against the gallant sex. Australia's only woman mayor, Mrs. Lillian Fowler, provides the ammunition.

Men, says she, are muddlers! In fact, they're such master muddlers that practically everything wrong with the world is due either to man's carelessness or to his stupidity.

But there's bright spot on the horizon—swathed, one perceives,

in women's habiliments.

"Wherever woman has penetrated into man's domain," says the Lady, "she has brilliantly proved her efficiency and initiative despite the fiercest opposition!"

Some modest maids may blushing protest that their conquest of the masculine sphere really wasn't anything they couldn't have done in an afternoon's effort. Others may think Mrs. Fowler spoke a

mite too broadly of womankind in general. But there's no doubt the statement will furnish material for multitudes of dinner-table arguments for months to come. And won't the men squirm when the word seeps through from Lady Mayor that their importance in the scheme of things not only has been grossly overrated—but that it's been brilliantly superceded by women!

SOCIAL & PERSONAL

MANY ATTEND GARDEN PARTY

The garden party given by the Woman's Club at the home of Mrs. A. G. Woods yesterday afternoon was attended by a large group of members of the Club and their friends.

The afternoon was spent in playing cards and tea was served at the close of play.

SON BORN TO MR. AND MRS. HOWARD BOBO

Mr. and Mrs. Howard Bobo are the parents of a son born yesterday morning at 9:00 a. m. at the Cottage Hospital in Santa Barbara. Mrs. Bobo is the daughter of Dr. and Mrs. J. B. Lape and Mr. Bobo is employed at the local Safeway Store.

DAUGHTER BORN TO MR. AND MRS. FRED OSBORNE

Friends of Mr. and Mrs. Fred Osborne, who recently moved to Yorba Linda after residing in Carpinteria for several years, have received announcements of the arrival of a daughter, Doris Lee, on July 24. The young lady weighed eight and one-half pounds.

MARIAN FUNKE TO BECOME BRIDE OF WM. SORENSON

William Sorenson and Marian Funke of Santa Barbara will be married today in Ventura and will go to Catalina for a short honeymoon before returning to Santa Barbara where they will make their home. Sorenson is assistant manager of the Fox Arlington Theatre and Miss Funke is employed by the Santa Barbara Telephone Company.

SOUTHLAND VISITORS AT PINE HAVEN

Among guests registered at the Pine Haven Motor Court this week are Mrs. H. L. Ross and Miss Lottie Hemmings of Buttonwillow, Calif.; Mr. and Mrs. E. T. O'Neil of Los Angeles; Mr. and Mrs. E. R. Douglas and family of Delano; Mr. and Mrs. Aitchinson, Pasadena; Mr. and Mrs. R. Lueck of San Bernardino; and Miss Stolzman and Mrs. F. R. Buchanan of Glendale.

MRS. F. L. SMITH ENTERTAINS WITH DESSERT BRIDGE

Mrs. Frank L. Smith entertained a group of friends with a dessert bridge at her new home on 8th street the first part of the week. Guests were Mrs. H. V. Van Metre, Mrs. B. E. Clark, Dr. Genevieve Shorkley, Mrs. Edwin Storr, Mrs. M. F. Lewis, Mrs. J. C. Furby, Mrs. W. H. James, Mrs. Jack Wullbrandt, Mrs. Thomas Church, Mrs. David Cummins and Mrs. Ray Dell.

TO ATTEND LUNCHEON FOR GOVERNOR

Several members of the Carpinteria Lion's Club are planning to attend the luncheon to be given by the Santa Barbara club next Thursday in honor of Governor Frank F. Merriam who will be in Santa Barbara to take part in the Fiesta parade.

Mr. and Mrs. Frank Burbridge are planning to leave Sunday for a week's vacation in the High Sierra near Bishop, Calif. During Burbridge's absence John Vaughn will drive the fire truck.

VISIT SIMI LION'S CLUB

Dr. J. B. Lape, Dr. G. H. Co-show, S. C. Maddox, Barney Kathman and E. V. Stubbs were guests of the Simi Valley Lion's club at their clubhouse at Santa Susanna Tuesday evening.

Ford Kline spent the first part of this week in San Francisco buying fall merchandise for his store.

L. R. Carter left Wednesday morning to accompany several prisoners to State institutions in the northern part of the state and returned to Carpinteria last night.

Mr. and Mrs. J. K. Catlin, accompanied by Mr. and Mrs. James Whitehouse and daughter, Betty, of Santa Barbara, left this week for an extended motor trip to Yellowstone and Glacier National parks and points in Montana.

Mrs. Charles E. Neuman and infant daughter, Carol Jean, returned to their home in Vallecito Oaks last Sunday afternoon from a Santa Barbara hospital.

A card received Wednesday from Rev. Deane F. Babbitt, who with his family is spending a month's vacation in Eagle Rock, stated that the weather was hot. Dr. and Mrs. Henry T. Babcock are occupying the manse during their absence and Dr. Babcock is filling the pulpit of the Community Church.

Mrs. Howard Mays and son, Dickie, are spending a week in South Pasadena, with Mrs. May's sister, Mrs. Charles Sullivan.

Mr. and Mrs. B. E. Clark have returned from Los Angeles where they visited friends during the week-end and attended the wedding of Mrs. Clark's daughter, Miss Ruth Dorothy Gray, and Wallace Johnson.

Mr. and Mrs. Gwyn Thurmond of Saticoy have brought their boat the Gwyn Dee, to the Santa Barbara harbor from Balboa.

Mr. and Mrs. Ernest Cummings and son have returned to their home in San Francisco after spending several weeks in Carpinteria visiting relatives.

CANDID Camera Shots

By A. Photo Phinish

CLIFF BENEDICT proudly driving around in his big Cadillac.

A BLOND GENTLEMAN beating some of the local shieks' time at the beach campgrounds.

BILL WELLS in Los Angeles, finding out the ways and whys of the Standard Oil Co.

BILL UDALL and BURL MORRIS looking for a fourth to play bridge, so they said.

STAN ISLE preparing for his sister's birthday very early in the evening.

DARLINE BETTS taking her dog for a ride in a doll buggy. Practicing up for pet parade maybe.

MARGARET YOUNG catching a bad cold from an early morning swim.

VIC STUBBS standing on the corner scratching his shins. Though mosquitos had been eliminated.

LOCAL STORE WINDOWS being praised for their attractive displays.

JERRY HATTON, very tanned, back on the job at the Post Office after a two weeks' vacation.

A PAJAMA CLAD RESIDENT practicing his marksmanship on harmless song birds at an early hour and bringing down an Oriole as his prize.

BARNEY KATHMAN worrying about words that might be given him in the spelling match over KTMS next Wednesday night.

Ginger Rogers and Douglas Fairbanks, Jr., in "Having a Wonderful Time," which starts Sunday at the Granada Theatre. Also on the same program "Woman Against Woman" featuring Herbert Marshall and Virginia Bruce.

of a nature that will fit superbly into a Santa Barbara bowl performance.

Lotte Lehmann, regarded by many as the greatest singer of the day, will be the prima donna soprano of the second evening of the series. In the leading opera houses of the world she has won acclaim as a noble interpreter of song. For her Richard composed his latest opera, "Arabella," and she has created the leading soprano roles of three other of his operas—"Ariane in Naxos," "Die Frau ohne Schatten" and "Christine." In Vienna she enjoys the rare distinction of honorary member of the Staatsoper and she is the only woman artist to receive the Ring of Honor from the Vienna Philharmonic orchestra.

The third performance of the series will be on September 3rd, with Richard Bonelli, Metropolitan tenor, as soloist.

SECOND PROGRAM OF SUMMER FESTIVAL SERIES ON AUG. 20TH

Plans for the second gala event of the Summer Festival series at Santa Barbara County's beautiful bowl on the Riviera crystallized yesterday at the Festival Headquarters in 12 La Arcada.

The second program will bring to Santa Barbara Mme. Lotte Lehmann, Metropolitan Grand Opera coprano; Rock Ferris; renowned American pianist, the Festival Symphony orchestra from Los Angeles, and the San Francisco Opera ballet. Touring plans of the ballet company changes their appearance to the second Festival evening instead of the third.

The San Francisco Opera ballet is a large dance group of outstanding artists maintained by the Grand Opera Association in the Bay City to furnish the ballets in the elaborate operatic productions of the San Francisco Opera company. Following the close of the opera season the ballet goes on tour as a major attraction in a theatrical dance repertoire. The costuming is lavish and colorful,

POLITICS DAY BY DAY

Continued from page 2

made by the Automobile Club of Southern California to keep the Highway Patrol Bill, calling for the setting up of the Highway Patrol as a separate state unit, off of the November ballot. Several restraining orders have on petitions filed been issued based on affidavits stating that signatures were irregularly obtained. The Club, incidentally, has its own bill which would put the Division of Highways and the Highway Patrol, under a separate commission.

Thursday

Release from Ray L. Riley for U. S. Senator headquarters states that Riley has been endorsed by seven more trade groups of independent merchants and states that "He is a supporter of individual initiative, which is the basic principle of Americanism, sane taxation, minimum interference and a general attitude of encouragement of business which we urge upon government as policies vital to all California merchants and employees."

Pierson Hall, campaign manager for Sheridan Downey, Democratic candidate for U. S. Senator, issues statement predicting that Downey will be nominated by a margin so wide it will surprise all except those who have their ears attuned closely to the political ground swell.

Congressman Alfred J. Elliott, of this district, will have the full support of Townsendites at the forthcoming primary election according to a release from Townsend headquarters in Chicago, which stated that he has the full support of Dr. Francis E. Townsend.

From Earl Warren's Headquarters comes news that Warren's candidacy for Attorney General has been emphatically endorsed by Raymond Moley, former assistant United States Secretary of State under President Roosevelt.

Another newspaperman who has succumbed to the lure of political office is Alexander E. (Al) Snider, editor of the San Fernando Sun, who seeks the office of State Controller. Snider is a democrat but has also filed on the Republican and Progressive ticket. He recently

resigned as treasurer of the California Publishers Association and is being supported in his campaign by many Southern California papers.

Probably the nomination of the gentleman in Texas who utilized a "hill-billy" band in his campaign for governor of the Lone Star State had nothing to do with it, but J. F. T. O'Connor, Democratic candidate for governor, is going to add a little color to his campaign by touring County Fairs in company with Leo Carrillo, actor who considered entering the race earlier in the year. There is no question but what Carrillo, with his sparkling wit, will attract large crowds wherever he appears and this should give O'Connor a good chance to get his message to the people.

John M. Burnett, who claims to be the only Democratic candidate for lieutenant governor, is apparently after the vote of California teachers and states that he favors immediate legislation which would purge the class rooms of the state from political domination and favoritism. He is still advocating steps being taken by the State to prevent the influx of indigents from other states.

John Steven McGroarty, who ap-

parently favors California's climate over that of Washington, D. C., since he declined run for a third congressional term, is seeking the office of Secretary of State and charges Secretary of State Jordan with setting a poor example in filing on both Republican and Democratic tickets, stating that the cross filing of candidates violates the spirit of the direct primary law.

Release from McAdoo Headquarters states that Supreme Court Justice Emmett Seawell paid high tribute to Senator McAdoo this week at Berkeley. Perhaps we are wrong, but we always thought that a Judge's duties should be devoted to the dispensing of justice rather than engaging in party politics. Incidentally we are wondering if McAdoo's headquarters send out releases in envelopes bearing no return address for fear that the majority of editors would toss them in the wastebasket if they knew whence they came or if they can not afford to have them printed.

James W. Mellen of Los Angeles, opponent of McAdoo, declares that he has information that jobholders in the office of the Federal Collector of Internal Revenue at San Francisco have been "shaken down" for funds to support McAdoo's campaign and that he will furnish this information to the agents of the Senate Slush Fund Investigation now enroute to California.

C. E. UNION TO MEET HERE SUNDAY

The Santa Barbara-Ventura Union of Christian Endeavor will hold an executive session at the Community Church on Sunday afternoon at 2:30 p. m., with Miss Susanne Lindsay of Santa Barbara, president of the group, presiding. Arrangements are in charge of Jack Hoffman.

ANITA DEARDORF

TALENTED S. B. GIRL HAS LEAD IN FIESTA PLAY

Santa Barbara's fiesta play, "Siesta Time," written and to be produced by Douglas Harmer at Lobero Theatre on Wed., Thurs., Fri. and Sat. nights of fiesta week, has as its star our own Anita Deardorf, talented daughter of Mr. and Mrs. Moncure Deardorf. This announcement will bring pleasure to many who have watched Anita since childhood develop in the profession she loves, the stage.

After graduation here, Miss Deardorf attended the University of California and appeared there in college productions. Her professional career started with Henry Duffy, and under his direction she appeared with Leo Carrillo in his successful play "Lombardi Ltd." Among other professional productions were roles with James Kirkwood in "The Fool," with Robert Keith and Florence Roberts in "Lovers in Quarantine," and with Freda Innescourt and Robert Montgomery in "Merrily We Roll Along."

While Anita has been seen at Lobero in many of the Community Arts Association's productions, perhaps we love her best for her splendid performance for two consecutive years as in the fiesta production "Rose of the Rancho;" and also for her outstanding work in the leading role with Irving Pichel in "Redemption" when Charles Meredith directed at Lobero.

Dead End kid and Humphrey Bogart who will be seen at the California Theatre starting Saturday on the same program with the comedy success "There's Always a Woman," starring Melvyn Douglas and Joan Blondell.

Your Hollywood Correspondent Reports . . .

George Burns and Gracie Allen leave for a Honolulu trip the first of August. They will be accompanied by their children, Ronnie and Sandra Jean. Mary Livingstone and her daughter Joan, off for a Seattle vacation to meet Jack Benny, who has been vacationing since the completion of "Artists and Models Abroad." Frances Farmer will sing in Russian and speak with a Russian accent for her role in "Escape from Yesterday."

Miss Deardorf, who is an accomplished linguist, has appeared in pictures with Rosita Moreno, and also in those of Universal, as well as as on radio programs. She has that certain something that for want of a better word we call 'personality' that is necessary for her role as the sparkling "Carmelita."

Claudette Colbert is speaking in a very husky voice, as a result of the screaming she had to do at Bert Lahr for a temperamental scene she does with him in "Zaza." Ellen Drew planning a trip through several Eastern cities in connection with the showing of "If I Were King," in which Ellen appears with Ronald Colman and Frances Dee. Dorothy Lamour learning all about gardening from the landscape expert who is supervising the layout of the garden adjoining her new home in Coldwater canyon. Franciska Gaal preparing for a vacation in her native Hungary as soon as she completes her role opposite Bing Crosby in "Paris Honeymoon." Mary Boland left for a European vacation following completion of her role opposite Jack Benny and Joan Bennett in "Artists and Models Abroad." Shirley Ross and Bob Hope studying scripts and having wardrobe fittings for their forthcoming roles in "Thanks for the Memory." Fred MacMurray at last getting some real enjoyment out of his swimming pool adjoining his Bel Air home. He hasn't used it since the hot weather be-

Snow White and the Seven Dwarfs which starts at the Del Mar Theatre on Sunday.

DONKEY BALL GAME SET FOR TONIGHT

The Santa Barbara Sciots are again offering baseball fans a treat this year in arranging for two donkey games at Pershing Park. The last game is tonight. The game differs from regular baseball in that all players with the exception of the pitcher and catcher are mounted on the burros and there are no such things

as balls and strikes. The batsman is allowed to keep on swinging until he connects with a base hit and then mounts a donkey and proceeds to first base. And that is where the catch comes in for the little beast often outdo the worthy Mr. Corrigan in deciding in which direction to travel in reaching the base or leave the surprised player reposing on the ground after a series of well-executed bucks.

Tonight the S. B. Polo Association, skilled in handling tricky polo ponies, will try their hand at guiding the donkey's around the bases in competition with the Twenty-Thirty Club.

cause he's been so busy working in "Men With Wings."

Randy Scott back from San Antonio, where he attended the opening of his latest picture "The Texans." Frances Dee and Joel McCrea have taken Harold Lloyd's place at Santa Monica for the remainder of the summer. Producer-Director Frank Lloyd is getting ready for a European trip as soon as he completes his current picture, "If I Were King."

Claudette Colbert, who wears no modern clothes for her role in "Zaza," is making up for the deficiency of present-day vogue in her screen wardrobe by having modern fall things designed for her personal wardrobe.

Pamphlets containing news and information about the 1939 Golden Gate International Exposition and recreational attractions of the entire West are being distributed by airline offices throughout North and South America and in the Orient.

WASHINGTON—U. S. business men are applauding a decision of the Federal Export-Import Bank to aid American exporters to gain a larger share of the Latin American market which England, Germany, Italy and Japan have so actively cultivated. One pending deal is the sale of 1,000 railroad cars and 26 locomotives to Brazil with the bank handling the credit arrangement. More trade with Latin America is expected to benefit southern port cities such as Savannah, Miami, Mobile, New Orleans and Galveston. Miami, strategically located as the natural aerial gateway between the Americas, has prospects of becoming a major commercial city. Already it leads all American cities in air express shipments. A few weeks ago a federal loan-grant of \$4,000,000 received by Miami enabled work to begin on enlargement of its harbor facilities in anticipation of long-term growth in Pan American trade.

Submit Story of Your Vacation and Win a Prize

Ten pair of tickets to see the season's most hilarious film comedy, "Having Wonderful Time" are to be awarded to Carpinteria citizens in an interesting contest being conducted by the Carpinteria Chronicle, The Ledger and the Granada Theatre at Santa Barbara.

"Having Wonderful Time" opens next Sunday, August 7th at the Granada, with Ginger Rogers and Douglas Fairbanks, Jr., in the leading roles. It is the story of the meeting of the two young people at Kamp Kare Free, in the mountains. They are both on vacation, and engage in many different sports characteristic of vacation times. From this situation arises the motive for this contest.

Fans may submit interesting

stories of activities they may have had on vacation trips, in not more than one hundred words, to the "Wonderful Time" editor of the Chronicle, and these stories will be judged for interest, novelty, clarity of description and neatness.

The first ten selections, which in the opinion of the "Wonderful Time" editor, represent the best descriptions of your wonderful time on vacation, will receive two tickets to see "Having Wonderful Time" at the Granada Theatre starting Sunday.

Remember that neatness counts. Type or write in pen and ink neatly on one side of the sheets of plain typewriter paper, and mail or bring now to the "Wonderful Time" editor at the Carpinteria

Continued on Page 5

Chronicle.

Deadline for the contest is Saturday night, August 6th, at six p. m., so hurry. The story you relate should be a true one.

Just start it off, "When I Really was 'Having Wonderful Time' one day in the mountains near Lake Arrowhead, etc." and continue on from there, mentioning the name of the resort you visited, for instance, Catalina Island, Santa Barbara Islands, Lake Tahoe, or wherever you spent your vacation.

Stories must be confined to one hundred words, or less, so remember that it is not so much the length of your story as it is what you say in it and how interesting it is.

HERE IS SCHEDULE FOR GRUNIONS' RUN

The following table lists the expected 1938 summer appearances:

Aug. 11, 9:00 to 11:00 p.m.
Aug. 12, 9:45 to 10:45 p.m.
Aug. 13, 10:15 to 11:15 p.m.
Aug. 14, 10:45 to 11:45 p.m.

Grunion runs are heaviest from Topanga beach on the north to San Clemente on the south. The law specifies that the fish must be caught only with bare hands, warns the automobile club.

TWO CONCERTS TO BE GIVEN BY PRO-ARTES QUARTET

The Pro Arte String Quartet of Brussels, which will present two concerts in Santa Barbara at the Montecito Country Club on Friday evening, August 5th at 8:30 and Sunday afternoon, August 7th at 3:30 o'clock, under the auspices of the Mills College Club and the Music Committee of the Community Arts Association, announces their programs:

Friday Evening

Quartet in C Major, Opus 54, No. 2—Haydn. Vivace-Adagio-Menuetto: Allegretto-Finale: Adagio-Presto.

Quartet No. 2—Milhaud. Moderato-Allegro vivo-Lento-Scherzo-Lento-Vivo-Finale: Allegro Molto.

Quartet in F major—Ravel. Allegro moderato-Assez vif-Tres rythme-Tres lent-Vif et agite.

Sunday Afternoon

Quartet in B flat major, Opus 130—Beethoven. Adagio, ma non troppo-Allegro; Presto-Andante-con moto, ma non troppo-Alla danza tedesca: Allegro assai-Cavatina: Adagio molto espressivo; Finale: Allegro.

Quartet No. 2—Walter Piston. Allegro-Lento-Allegro.

Quartet in A minor, Opus 10—Debussy. Anime et tres decide-Assez vif et bien rythme; Andantino doucement expressif. Finale: tres modere-Tres mouvement et avec passion.

Tickets for the two concerts are on sale at the Santa Barbara Music Company or reservations may be made at telephone Santa Barbara 27766.

CONSTRUCTION ON ROAD TO YOSEMITE

Motorists driving from Fresno to Yosemite Valley, via Coarse Gold, will encounter six miles of surfacing operations between Friant and Bellevue, reports the Fresno Office of the National Automobile club. Traffic is routed through the work and careful driving is necessary. Three miles on this same route between O'Neals and Kelsha Corner is rough and chunky and requires slow driving.

ELECTION LAW AFFECTING LIQUOR SALES DEFINED

Clarifying a point on the relationship between elections and the requirement in the Alcoholic Beverage Control Act forbidding the sale of liquor during an election, the State Board of Equalization ruled the recent vote of grape-growers on a pro-rate program was not an election within the meaning of the act.

According to William G. Bonelli, board member from this district, the section of the act applying to elections is designed to apply only to elections in political subdivisions of the state. The grape growers and similar groups are not political subdivisions.

Elections in school district, improvement districts or water districts are considered elections in political subdivisions and during such liquor may not be sold in the area involved. The ban of course also applies to city, county, state or national elections.

GRANT PARK OPEN TO TRAVEL AT ALL HOURS

General Grant National Park is open to travel at all hours. An entrance fee of \$1 per car permits entry to either General Grant or Sequoia and driving the Generals Highway through both parks, advises the Automobile Club of Southern California touring bureau.

P. H. Gordon spent the week-end with his wife and family at their home on 8th street in Carpinteria. Mrs. Gordon is planning construction of a one room addition to the small house on the rear of her property.

Chronicle Want Ads bring results.

ROAD TO CUYAMA IS UNDER CONSTRUCTION

The paved and oiled dirt tri-county road between Wheeler's Hot Springs and Cuyama valley via Ozena is under construction and motorists using it are required to sign a release absolving the State highway department from liability in case of mishaps, the Automobile Club of Southern California touring bureau is advised.

HIGHWAY OFFICER INJURED

"Scoop" Nelson, Highway Patrolman, is recovering from a sprained arm incurred last Saturday evening when he was thrown from his motorcycle. The accident occurred while Nelson was escorting National Guard trucks through Santa Barbara. A car which suddenly pulled out from the curb caused Nelson to apply the brakes with such force that he was thrown from his machine.

WHERE SALT BREEZES BLOW

If the motorist operates his car regularly near the seashore or plans to do so for any length of time during a vacation period, extra attention to the body finish is urged by L. G. Evans, General Service Manager of the National Automobile Club. Body and plated parts should be waxed carefully every three or four months, using any good body wax for the job and first making sure that the surfaces are clean. The coating of wax will prevent rust and corrosion.

May 13, 1939, has been designated as Columbia Steel Company day at the Golden Gate International Exposition on San Francisco Bay. The occasion will be marked by special ceremonies commemorating the company's part in construction of the 8 1/4 mile long San Francisco-Oakland bridge.

More than 15,000 persons visited the site of the World's Fair of the West during June for Treasure Island previews.

SAN SIMEON HIGHWAY IN GOOD CONDITION

San Simeon coast highway now offers good touring conditions for the 130 miles from San Luis Obispo to Carmel, reports the San Luis Obispo office of the Automobile Club of Southern California.

This highly scenic route is narrower and more curving, for the most part, than U. S. Highway 101. It is proving especially attractive to sight-seeing motorists rather than fast coastwise traffic. Drinking fountains and parking areas have been provided at convenient intervals on the new road. Good oiled or macadam surfacing is found throughout. A two-tenths mile oil surfaced detour requiring low gear for steep grades is provided around bridge construction 88.5 miles north of San Luis Obispo.

DOCKWEILER IN FAVOR OF \$30.00 A WEEK PLAN

Robert S. Campbell, manager of the Dockweiler for Governor campaign in Santa Barbara announces that he has received a letter from Dockweiler indorsing the \$30.00 a week pension plan, initiative measure which will appear on the November ballot.

HUNTERS ASKED

(Continued from page 1) mits must be secured from Federal, State or county forest officers administering the area in which the hunter is to make camp; shovel and ax are required for automobile or pack train entering national forest land.

National forest areas included

in districts open to hunting August 1 contain portions of the Mendocino National Forest and the northern part of Los Padres National Forest. Both forests contain various game refuges closed to hunting. The deer hunting season opening August 10 includes much of southernmost Los Padres Forest in Ventura, Santa Barbara and part of Kern Counties.

Both the Mendocino and Los Padres Forests contain areas closed to public travel and use during extremely hazardous periods of fire danger. Regional Forester Show has directed the hunting public to inquire of forest supervisors about closed areas before planning trips to either of the national forest areas. Los Padres Forest Supervisor S. A. Nash-Boulden has headquarters in Santa Barbara. Mendocino Forest Supervisor Frank Price's headquarters are at Willows.

Limits in hunting districts opening August 1 and 10 are two bucks per season. Does, fawns and spike bucks can not be taken. The California Fish and Game Commission classifies a spike buck as a male deer with unbranched antlers on both sides.
