## STATE CAGERS OUT TO MUZZLE BULLDOG CREW

By Allan Ottley

Not only will the Roadrunners be up against a team skilled in the technique of basketball, but they will be trying to hold a team out to avenge an unexpected football defeat when Coach Hal Davis' fixe mixes with the Redlands Bulldogs tomorrow night in the south. The tilt will be State's third attempt to bowl over a Southern Conference cage crew.

The down state aggregation is not a group that can be trifled with. The southern boys ran wild over the Occidental Tigers something like 34-18 in a recent encounter, and Oxy is regarded as no pushover outfit. Redlands is out in full cry for the conference pennant this year, and prospects loom brightly on the horizon for Coach Lee Trine's quintet. Last year the Bulldogs came so close to making off with the victor's flag that they are one of the most feared teams in the conference this season.

### State to Beat Redlands?

To say that Coach Davis and his Roadrunners, after being spilled by Cal Christian, Oxy, and Whittier, are nestling to their new basketball jerseys bright hopes of trouncing Redlands' aces tomorrow night might be audacious. But such is the case! Thoughts of last year's grid triumph, when the Staters "came down like a wolf on the fold" and efficiently muzzled the Bulldog, still remain in their minds, and added thoughts of duplicating the record on the basketball court are expected to drive the Davis-men to spectacular efforts against their hosts.

### Lack of Reserves

The sore problem with the local mentor is his inadequate supply of first rate reserves. Opening in a speedy manner, the Davis-men are unable to stand their gruelling pace more than three

## Pan-Hellenic Formal Planned For Saturday

The second annual dance of the Pan-Hellenic society or intersorority group will be held tomorrow night at the Samarkand hotel. Victor Janssens' orchestra will play for the last time in Santa Barbara before leaving for the Orient.

It is the plan of the management of the hotel to serve light refreshments following the dance. Dean Mildred C. Pyle and Mildred Wright, president of the Pan-Hellenic Society, have appointed the following committees to prepare for the dance: Jean Neilson, program chairman; Zoella Gabbert, invitations chairman; arrangements chairman, Genevieve Schmidt, and Dorothy Curtis, decorations.

The sponsors for the various sororities will be the patrons and patronesses for the evening.

## STADIUM FUND IS LAUDED BY PREXY

"Last Thursday's assembly in which the plan for finishing the stadium was introduced to the students was one of the best gatherings at the College in many years," President Clarence L. Phelps told a representative of the Eagle last Wednesday. "The spirit manifested at the meeting, the enthusiasm of the students in pledging their support to the athletic field movement, and the general program certainly distinguished the assembly as one with a most noble purpose and a most practicable means of finishing up the field."

The movement under way calls for the pledging of ten dollars by each of the students toward raising \$5,000 for the completion of Phelps Field. The money will make possible the building of a fine track, the surfacing of the field itself, the enlargement of the field by excavating, the laying of a drain, and perhaps the construction of bleachers. Students may pay their money in five installments, the final payment not being due until May 20. Practically \$2,000 was raised by the students at the special assembly last Thursday, according to Virgil "Red" Gillum, chairman of the stadium committee. Gillum, it will be remembered, was winner of the Eagle popularity contest two weeks ago.

## PROCEEDS FROM 'MARCH HARES' TO AID ANNUAL

By Doris Rodehaver

Some time ago I suggested a short cut to culture, but found that there was no sale for such stuff in a college paper. After all you've got to give the public what they want, and culture is not what the students crave. I was told that the paper was supposed to represent the students' interests, so I looked it over. There was a big article about a popularity contest, and I suddenly realized with a pang that the age of culture was over and that popularity was the ultimate goal of every college student.

My way was clear; I saw what a fool I had been, and straightway set about to find out how to become popular over night. Thinking that the most logical way was to ask the man who owns one (a popularity pedigree), I approached "Red" Gillum.

Just as I expected he was talking to three women. Not being able to find an opening, I stood there listening to the conversation. The women were Dorothy Rust, Helen King, and Alma Chandler. To my great astonishment they were talking business. It seemed that "Red" was business manager for the La Cumbre, the school annual, and those three girls were helping him in collecting ads. After they had gone he spoke of them highly, telling me that they were working well.

### "Red" Does Business End

"But I thought Katherine Bishop was putting out the annual," I suggested. But he told me that she and her assistants, (Continued on Page 3, Col. 3)

### Notice

Students who have not paid the aptitude test, laboratory, or library fees and fines will receive no grades for their fall semester's work. These are regularly advertised fees and must be met before any grades will be given. Those who have not paid their fees will not be allowed to register next semester.

Jane C. Miller, Registrar.

## WOMEN BUNK IN CAFETERIA

Nearly 300 girls attended the bunco party given by the A. W. S. last Friday night in the new cafeteria. Virginia Weber, manager of the party, welcomed the girls.

The amplifier was used on the phonograph for dancing before dinner was served.

During the meal the girls were entertained by a trio from the Women's Glee Club, composed of Inez Cash, Margaret Barnett, and Mary Louise Dye, who sang two numbers. A tap dance was given

by Anna Fatata, and a reading, "How to Keep Thin," was given by Betty Higbee.

After the dinner the tables were separated and the girls started to "bunk," if that is what it is called. Alice Warring won first prize, while Rachel Walde-smith won the booby prize.

The committees were headed by Helen Nauman for favors; Eugene Carr for publicity; Mary Camp for serving; and Elizabeth Peacock for tickets.

## School Librarian To Make European Tour

Miss Ball who is librarian in the State College library, is leaving on the 29th of January for New York where she will sail for Europe the middle of February.

The first part of the trip will be taken up in a cruise of the Mediterranean followed by a motor trip through Europe. In the motor trip Miss Ball expects to visit Italy, France, Switzerland, Belgium, Holland and England, and also Oberammergau in order to see the Passion Play.

Miss Ball will return to Santa Barbara next fall in time for the first semester of school.

Miss Elizabeth Wanzer, who is a graduate of Smith College and the Carnegie Library School, is to take Miss Ball's position. Miss Wanzer was the first person to organize a Research Library in Honolulu.

## Varsity Men Only To Wear Sweaters

Women and fellow students, other than those winning them, will not be permitted to wear varsity sweaters unless the sweaters are turned inside out, according to edict passed by the Block "S" society at the second meeting of the club, which was held in the home economics hall at 7:30 o'clock last Tuesday evening.

This new rule will eliminate the practice of lending sweaters to friends by the varsity men. The sweater award is won by those excelling in sports and must be reserved for their wear, according to President Ralph Johnson of the society.

In an attempt to foster a keener appreciation of the athletic sweater, the society urges all lettermen to wear their sweaters in student assemblies and also the day following. As assemblies are often held twice a week, this new movement among the athletes will mean that sweaters will be worn possibly four days a week.

The meeting Tuesday evening opened with dinner in the home economics dining hall. Coach Hal Davis gave a short talk on the spirit and necessity of a lettermen's society. Reports of the various committees recently appointed by President Johnson were read, and after some discussion were adopted in part.

Plans for a special assembly by the Block "S" society were discussed.

### Phelps Attends Meet

President Clarence L. Phelps attended a meeting of the Ventura County Principals and Trustees Association at their annual gathering in Fillmore last Wednesday evening. Phelps has been an honorary member of the association for several years.

## STUDENT NOTES MAKE CERTAIN STADIUM LOAN

With a \$1,500 loan on the student pledges for building the stadium practically assured, work will start on Phelps Field almost immediately, according to Virgil Gillum, recently elected president of the stadium committee. Between three and four hundred dollars have been paid on the first installment of the pledges by the students, Gillum said yesterday.

Plans are being considered to gain the further support of the alumni, and preparations for another "mystery" assembly on February 4 are being made. In the words of the stadium president, the program will be "a peach," and an hour of good entertainment is on the books.

Officers of the committee in charge of the stadium drive were elected late last week. Besides President Gillum, the following officers were chosen: Dave Watson, vice-president; Charles Van Winkle, secretary; and Arthur Trumbull, treasurer. The board of directors consists of Francis Williams, chairman; Llewellyn Goodfield, Allan Ottley, James Guest, Ray Denno, Albert Terry, Howard McKibben, and Ted Niedermuller. Coaches Harold M. Davis and Leon Trimble are serving as faculty advisors.

"Money is coming in fine on the first installment," President Gillum said yesterday. "Many of the students are playing the entire pledge in one payment, which has given us a ready supply of funds to make an early start on the field improvements."

Merchants and townspeople are enthusiastic over the stadium drive, Gillum announced, and the support of many of them has already been assured.

## Make Applications For Jobs On Eagle

In preparing to turn over my position as editor of the Eagle to my successor at the end of this semester, I am making an effort to secure for him or for her a few additions to the staff of the paper. All students who are desirous of working on the College newspaper are here given the opportunity to apply for positions for next semester. Students who have had previous experience on their high school papers should be particularly eager to work on the Eagle. All applicants will please hand in their names to me accompanied by a statement regarding their past experience in journalism and in which capacity they served.

Allan R. Ottley,  
Editor the Eagle.

Entered as Second-class Mail matter, Sept. 17, 1926, at the Postoffice, Santa Barbara, California, under Act of March 3, 1897.

Printed by Daily News Job Printing Dept.

## A LITTLE CONSIDERATION, PLEASE

WHEN students come into the Eagle office they are treated like guests, and it should be a point of honor with them to treat the office as they would the home of a host.

We have not made public complaints heretofore regarding the actions of students in the Eagle office, but the time has now come to make published lament. Exchange newspapers from other schools are opened by students and the wrappers thrown about the office. The floor is littered with bits of torn paper.

But the climax was reached early this week when some one tore down the assignment sheet. This sheet gives the stories which the staff and journalism class are to write for the paper. Lord knows it is difficult enough to get in the copy under the best of conditions, but when someone deliberately snatches the assignment sheet from the board where it was tacked, difficulties are multiplied. If students care to come into the office, they are welcome; but if they continue to be a nuisance, steps will be taken to bar them altogether from the office. I hope to receive the cooperation of the students in the future.

Signed, Allan R. Ottley,  
Editor.

## CAMPUS PARAGRAPHS

The Roadrunners meet the Bulldogs of Redlands tomorrow night in what is predicted to be their toughest game so far this season. Redlands is high up in the conference standings this season and should be able to put it over State. However, the Olive and White is in a fighting mood and should give the southern quintet a jolly good run for the game.

Students meandering around the campus during free periods or during the lunch hour should take more care in occupying the middle of the driveway. Commercial cars and those containing students drive up to the College all day. Often, it has been noticed, students stroll leisurely down the center of the driveway, while entering automobiles have been forced to stop to allow them to slowly get out of the way.

The enthusiasm which the students who have pledged money toward the stadium have shown for the plan certainly is commendable. They have come to the window, put down their money with a smile, and talked only in words of praise for the whole project.

There is always a large group of students who go through school without taking any part in activities other than their lessons. They leave all the work of student doings to a few who are willing to assume the responsibilities for the benefit of the entire group. Such is not the attitude to take. Those not in traces should feel that some duty is their's and work for the good of the group. There is more pleasure in working for a large group than the inactive student realizes.

## BIRDS-I-VIEW

By Larry Parma

Hold your noses, here's the "weakly" dose of dope. In seven starts this year the Roadrunners have only been able to chalk up two victories, one a practice win over the Center team and the other a 33-25 decision at the expense of good old Cal Poly. Maybe we can't trim Whittier or Oxy, but we always beat Poly. Which is something—but not much. Our honorable opponents have rolled up 204 points, but the chances are you haven't seen anything yet, till you watch the De Paul U. team. On the other hand State has made 174 points, which is about one hundred points more than they had at this stage of the game last year. Looking at the matter from another angle, the opposing cohorts have averaged 32 points per game against the Green and White's 25, which gives the enemy a margin of .003 points per playing second. But Cal Christian's 39 point slaughter just about accounts for that difference in respective scores.

Santa Barbara fans have never had a chance before to see as fast and as good a team as this year's varsity, wins or no wins. The quintet is out two hundred per cent better than it was last year. Only the stiff competition and a few bad breaks Saturday after Saturday have kept it from consistently winning.

The next home game is the 31st—against Cal Christian. They all laughed when I sat down at the typewriter and wrote that ineligibility, lack of practice, and a small court accounted for the drubbing the Green team took in their premiere contest against the Panthers. They absolutely howled when I prophesied we would trim Whittier. Who said figures don't lie? But you'll die laughing if Cal Christian beats the varsity, when I say they won't. Well, I contend that our boys will take them, and justify the good old dope. And if they do, the drinks are on the house. On the house, mind you, not Parma.

Pausing in our glorification of the great American game, we have the honor of heralding the advent of the unbeaten Lager Beer five, who have as yet to lose a game. They issue a challenge to one and all with the following exceptions: the varsity, the frosh, the high school, the Ramblin' Wrecks from the Recreation Center, and the S. B. Girls' school. The team is captained by Niles Lager, brainy standing guard, who was the sensation of European courts. Luke Trimble, God's gift to Illinois, takes care of the running guard position. Thayer Euphonius Kessler, former West Point star, jumps center. In "Pedro" Hickman and "Wolf" Martin, the team has two of the fastest and trickiest forwards who ever stood flat-footed in one place and let their opponents take the ball away from them. So far the "Old Crow" outfit has signified its intention of taking up the defy with the possibility that the "London Drys" will engage the winners.

## Tilton to Speak to Rotary at Luncheon

Nearly a hundred members of the local Rotary Club will hold their weekly luncheon in the new College dining hall this noon, according to Miss Churchill, who is in charge of the cafeteria.

Students will probably be let out of classes a few minutes earlier than usual in order that they may have their lunch and make way for the clubmen, President Clarence L. Phelps says.

L. Deming Tilton of the county planning commission will speak to the Rotarians on the future developments planned for the College. Mr. Tilton has recently drawn a layout of the campus as it will look in a few years, according to present plans, and an enlarged drawing of this will be shown to the visitors.

## Alpheus Lincoln Is Writer For Magazine

"Some American Theatrical Superstitions" is the name of an article written by Alpheus Lincoln, student and reader at the College, which appears in the current number of the "Writer's Digest," a monthly journal for young writers.

Lincoln lists many of the superstitions which dominate life "behind the scenes" and the customs of dramatic folk. Lincoln's purpose in writing the article is to aid writers of stage and screen fiction to employ proper atmospheric structure. He has been a regular contributor to half a dozen American magazines and has acted on the stage and before the camera.

## Student Opinion

To the Students:

With the nomination of Franklin Anderson for editor of the Eagle, the students are assured of a candidate who knows all the fundamentals of the newspaper business.

Anderson served as assistant editor of his high school paper, and following his graduation from high school worked for a year as reporter on the Morning Press. When Franklin was formerly at the State College he served on the staff of the Eagle in a most efficient manner.

Without doubt Franklin is the most qualified student in school for the job of editor, and I recommend him most highly.

Very sincerely,  
Allan R. Ottley.

## Tau Omega Holds Hop Following Cage Game

Members of Tau Omega fraternity held a dance at the Strollers clubhouse following the basketball game last Saturday night. About seventeen couples were present.

After the dance students gathered at the home of Dr. and Mrs. Charles Jacobs for refreshments. Mystifying tricks by Johnny Davis, and singing by Chester Tubbs featured. Nadine Viles accompanied Tubbs on the piano.

While Nell Larson washed the dishes, several members dried and had almost the entire lot finished before Mrs. Jacobs discovered them.

## DEAN BARKS AS STUDENTS HAVE LUNGS X-RAYED

By Marie Cochran

Station agents will probably be busy selling tickets for Arizona and points during the next two or three weeks, all depending on the results of the pretty little pictures which the big yellow truck turns out. Students, old and new, have succumbed to the thrill of seeing their lungs in print, watching fearfully all the while, however, for those mysterious spots which are so important in the conservation these days.

Dean Ashworth was the most promising victim, his hacking cough rattling in the corridors to such an extent that the Eagle editor scurried from his lair to get the advance dope on his demise for this week's screen issue. Dean was merely atmosphere, though, as he sat the table for the rest of the day, taking charge of the others who were willing to pay sixty-five cents for a night's rest.

### No Serious Cases

No serious cases have been reported, at least, no one has left for Arizona and points in any great hurry. As explained by those who were in the know, the rush was merely as a precaution against future complications. There is nothing like being forewarned and forearmed. The work was thorough, beginning with a form which had to be filled out, letting everybody in on whether or not the writer has had croup or colic or ingrown eyelashes. Next came that picture which is to pronounce the awful fate and then the victim finds out how his lungs look. It is the only chance he will ever have and he makes the most of it.

Despite the weather, the idea behind the idea is a good one. Precautions are necessities and the one taken yearly by the Tuberculosis Association is proving advantageous to many. The truck goes from college to college, high school to high school, working with freshmen in particular and with all others who desire to be examined. Dr. Markthaler cooperated with them, taking charge of the physical examinations, and according to Dr. Markthaler, the results of the pictures will be known in a few days and all those who had them taken may secure any information from him.

### Frosh Beat Carp.

Freshman basketball players took a 49-14 victory from the Carpinteria Athletic Club in a game played Tuesday night on the Flying "A" floor. William Pensinger and Lorenz Greeson were high point men of the game, with Greeson making 18 markers and Pensinger 14.

## Young Stevedore Wins Over Myron Catchpole

Aggressive fighting and a cool head enabled Cecil "Ace" Hickman, the battling stevedore from San Pedro, to win the College welterweight crown from Myron Catchpole in a bout staged between the halves of the Whittier game at the Flying "A" last Saturday.

The fight was close throughout the three rounds. Catchpole had an edge in the first round when his opponent resorted to wild hay-makers which missed their mark by wide margins. Hickman settled down in the last two rounds and consistently drove Catchpole before him with straight rights and lefts, taking both these rounds.

Judges of the bout were Theodore Neidermuller, Francis Williams and Hal Smith. Williams and Desmond Hill served as seconds to the combatants.

## Nine Men Initiated Into Beta Sigma Chi

Formal initiation of the Beta Sigma Chi fraternity was held at the house of Francis Peteler last Monday evening.

The following men were taken in as members after serving the required pledgeship period of ten weeks: Fred Humphreys, Eddie Rodman, Larry Parma, Ralph Johnson, Claude Yeoman, Robert Meade, Arlo Harris, Charles Ritchie. Harry Denno was taken in as an associate member.

After the initiation Mrs. Peteler was presented with an electric toaster in appreciation for her kindness in donating her house for fraternity use. The remainder of the evening was spent playing bridge, after which refreshments were served.

## Alumna Entertains Delta Zeta Deltans

Miss Ester Janssens, president of the Delta Zeta Delta alumni organization and also the first president of the sorority when it was founded on this campus, was hostess to the alumni society at her home on East Anapamu street last Tuesday evening. After the business meeting during which the constitution was adopted, the members were entertained at bridge.

The guests were: Ester Janssens, Emily Van Wagner, Lucille Dexter, Laura Middleton, Mrs. Jean Powell, Mrs. Viola Girsh, Mrs. Lorine Warner, Patrice Neeley, and Mrs. Georgiana Browne.

## STATE CAGERS OUT TO MUZZLE BULLDOGS

parts of the game, and it is then that both U. S. C. and Whittier crept up and went into the lead to cinch the game. If Coach Trine has many good substitutes to rest his regulars, then the latter stages of the game should see his men loop a pretty little total of points.

State's opening lineup will probably consist of Clemore and Barnett at forwards; Kessler, center; Captain Denno and Trumbull, guards.

## Typists Wanted

Several girls are being sought by Charlie Van Winkle, secretary of the stadium fund committee, to work as typists for the committee. Girls who can type who are interested in aiding the work for the student completion of the athletic field are asked to apply for positions from Van Winkle.

## PROCEEDS FROM "MARCH HARES" TO AID ANNUAL

Margaret Barnett and Hattie May Harper were editing the year book, but that he and his three assistants were handling the business end of it. "Well, do you have to finance it?" I asked feeling terribly uneducated.

"Yes," "Red" laughed, "but Katherine has struck a dandy scheme this year. It is going to go over big and will clear up the debts of two years back." I hesitated to ask another question, but the business manager of the La Cumbre went on. "You know this play, 'March Hares,' that Harold Jones is putting on at the Lobero on January 31?"

I was glad that I knew something and nodded. "Well, fifty per cent of the proceeds and maybe more are going to the La Cumbre benefit fund. Harold sure is a swell kid to do all this for the college book. And it is going to be good this year. The whole theme is a new one, and Katherine has some clever ideas, but I can't tell you about that. Dr. Maxwell, who is the faculty advisor, knows all about it and thinks it is exceptionally good. And the art in it is wonderful; Mrs. Croswell, head of the art department, is co-operating, too.

### Is Big Job

"Of course this is a big job we've got, but we are trying to sell space to local advertisers, and a great deal of our success depends on the help we get from the student body. Now with the play advertising it is—"

"You aren't handling play advertisement too?" I gasped.

"Not exactly," he said, "but I'm business manager of that, too, and I have some able assistants. Albert Terry is responsible for getting out the programs, and Ann Sampson is working with poster advertisement. I'm making speeches over the radio, and tending to the tickets. Gee, it's late, I gotta dash to work."

He was off and left me standing dumbfounded. I realized I was beaten; I had failed again. I could never sell this recipe for popularity to college students. It is too hard, it demands too much work and thought, and appreciation of people. Blue and discouraged I returned to the Eagle office realizing that if this is the highway to popularity, most of us will never get there.

## SNITZLEBANAY POPS UP WITH QUAINT DANCE

After hardly any requests, Professor Snitzlebanay has again taken pen in hand and compiled a column of intricate and obscure learning with which to dazzle the comprehension of the lamebrains who peruse it.

(It is thought that this article will revolutionize modern dancing.—Ed. Note.)

The Prof. has been noting the need of the local students for dancing lessons and has finally decided to conduct a dancing class through the medium of correspondence. Those wishing to become proficient dancers may be successful by not reading this article.

The first step to be explained is the Snitzlebanay Slide. This snappy dance is a combination of the Siberian Gaslotz and the African Wham, so if any of the members of this school have either Siberian or African blood coursing through their veins, it will be simple for them to learn. (At this point we should like to say that the Prof. danced with nearly every debutante in Siberia and Africa before concocting this quaint number).

I'll Say!—We hear rumors of a new razor to be put on the market shortly. Our old razor is all right—what we need is a new chin.—Goblin.

## CAL POLY FIVE BEATEN 33-25 IN ROUGH TILT

By Larry Parma

In a rough and tumble game of the worst kind, but a type to which they are rapidly becoming accustomed, the State College squad turned in their initial collegiate victory of the season over the California Polytechnic School, 33-25, on the northern court last Wednesday night. Nervous and excited from the tremendous continual roaring of the crowd, shooting eyes rendered ineffective by the faulty lighting and deceptive shadows of the large gym, and handicapped by a referee who obtained his experience by playing right guard for the Hog Hollow High School football team, the men of State performed way below their usual standard.

### Poor Basketball

Exhibiting their worst basketball this year, the Roadrunners were off to a poor start. Passes were wild, team work was negligible, and the shooting was atrocious. Then a few short shots by State put them ahead 4-1. Cal Poly surged up to within a point of a tie score but the Roadrunners drew away, mainly through the shooting of Barnett, and at the end of the half led 12-7.

Calm and collected after Coach Davis had pointed out the remedy of their mistakes, the Green and White re-entered the fray. Their confidence was shattered early as the Northerners looped two baskets and trailed by one lone point.

Again the Hilltoppers drew away and led by seven points, only to have a burst of sharpshooting by the cohorts of San Luis cut down the locals' lead to that one point again, 22-21. For the third

## FROSH CAGERS WILL OPPOSE VENTURA J. C.

With three victories out of four games to their credit, Coach "Luke" Trimble's freshman basketball team will engage the Ventura Junior College five in a game tomorrow night at the Flying "A" studio.

Reports emanating from the Poinsettia institution indicate a fast group of players, and the Roadrunner Chicks are expected to have their hands full when they tackle the invaders. However, the local youngsters have battled other teams with a like reputation and come out ahead at the closing whistle, and Trimble is looking to a victory tomorrow night, though he expects the score to be close.

A five man offense recently given the frosh by Trimble will be a major point in giving the Olive and White a victory. The sure shooting of Frank "Speed" Hobbs, William "Penny" Pensinger, and Lorenz "Pinky" Greeson is expected to batter down the offense which the southerners are reported to have. Hobbs and Greeson are particularly ac-

time, the Staters came through with the needed points and increased their margin to five points and the game neared its close. Then Williams replaced Barnett with instructions to play a stalling game. The Roadrunners passed the ball around among themselves under their own basket. When the enraged Mustangs charged down to break up the little monopoly, the ball was shot the length of the court to "Army" Kessler who sank it consistently for the needed digits.

State lineup: Barnett, F., 4; Clemore, F., 7; Kessler, C., 12; Denno, G.; Trumbull, G.; Williams, F.

## Head Coach Receives Injury to Shoulder

Coach Hal Davis is nursing a dislocated shoulder which was injured in basketball several weeks ago. He did not discover the injury until recently. The Roadrunner mentor was first troubled with the shoulder following a collision with one of his football men in a scrimmage during the grid season. Believing it healed, Davis played against his basketball varsity and had the shoulder injured again. He will soon be back in shape, it is believed.

## Outboard Racing May Be Started Here Soon

Outboard motor racing may be installed as an intercollegiate sport in the College if sufficient interest is shown and boats are obtainable, according to Coach Hal Davis. The College has been invited to enter the Intercollegiate Outboard Regatta which Occidental is sponsoring for "College Humor."

If tentative plans work out, Davis hopes to be able to secure the use of a boat from some of the local enthusiasts. In such case students with some experience would be trained and sent to represent the College at the regatta.

Plenty of time is offered Davis in preparing for the regatta as it will not be held until May. The regatta will probably be staged at Balboa.

## Baby Is Born

Lieutenant and Mrs. Roger Stanley are receiving congratulations on the birth of a five pound baby girl born a few days after Christmas. Mrs. Stanley was formerly Dorothy Robins, a student of the State College and a member of the Delta Zeta Delta sorority. Mr. and Mrs. Stanley are living at Manila.

curate on long shots, and it will not be necessary for the Olive and White to break through to the basket in order to make points.

Coach Trimble will probably use the following men in his starting line-up: Pensinger and Hobbs, forwards; Greeson, center; Myron Catchpole and Paul Hopkins, guards. A capable list of reserves will also be on hand to relieve the regulars.

## FRESHMEN FIVE TRUMPS OXNARD IN 40 TO 34 TILT

Coach Luke Trimble's freshman basketball team added another victory to its string last Friday night when it took a 40-34 win from the Independent Athletic Club of Oxnard.

The Roadrunner Chicks were leading at the half 27-10 and Trimble put in his second team. The Oxnarders got going against the second stringers and carried the score up to 29-31 before the first team was put back into the fray.

The first five went back in about the end of the third quarter and was able to come through with a victory though not showing the stuff it had in the first part of the game. The Clubmen tied the score at the start of the final period but gradually fell back and made only four markers the remainder of the game, while the frosh were able to score 10.

Frank "Speed" Hobbs was the shining light of the game, running wild to score 16 points in less than three quarters of the game. Paul Hopkins sunk five free throws out of five tries in addition to playing a good defensive game.

Maulhart, the Oxnard center, was high point man for his team, making 10 markers. He was legally to have been put out of the game on fouls before the end of the game but was allowed to stay in because the Oxnarders brought no substitutes.

Santa Barbara players and their scores were as follows: Porter, 2; Grady, Treloar, Hughes, Greeson, 8; Hopkins, 5; Hobbs, 16; Pensinger, 4; Greenough, Catchpole, 3; Darby, Purvis, 2.

## Dancing, Tea, Feature Women's Open House

The first A. W. S. tea was held last Thursday afternoon in the women's new club room. The tea was in charge of the A. W. S. executive board with Elizabeth Peacock as chairman.

Tea and wafers were served, with Carmie Janssens and Virginia Weber pouring. There was dancing to a portable phonograph on the side porch.

Teas are to be held each Thursday of the next semester, and the different groups of girls living in houses are to be in charge, according to Miss Weber. Though there were many girls at the tea, the men are reminded that they too are invited.

## Tickets For Play to Go On Sale Tuesday

Tickets for "March Hares," the Harry Wagstaff Gribble play, which the College Players will present in Lobero Theatre, January 31, will be put on sale next Tuesday, according to Harold Jones, director of the play. The tickets will not be sold on the campus, but can be obtained at the box office at the Lobero. The theatre is small and all the seats are good. Tickets are priced at \$1.50 for box seats, \$1.00 and \$.75 for the others.

## WHITTIER TOPS DAVIS FIVE BY 29-23 MARGIN

By E. Gull

Whittier 29, Santa Barbara 23. Into that game last Saturday night was packed all the features of football, boxing, track, handball, and its originally planned style of play—basketball. Rough blocking, charging and tackling put out two Whittier men and one Roadrunner. A fist fight in the middle of the floor sent Ograin and Art Trumbull to the showers. The speedy offense of the two teams kept both sides racing up and down the lengthy Flying "A" court. Batting the ball against the backboards accounted for more than one basket. And added to all that was as pretty an exhibition of real basketball as ever thrilled the crowd of 600 on a local court.

### State Leads at Half

After flashing a superior brand of ball during the early stages of the game to lead 15-9 at the half, the Roadrunners found it impossible to keep up their fast pace against fresh material injected into the conflict by Coach Landreth, and gradually fell by the wayside to be barely nosed out at the final gun. With the fall of the varsity, the local subs were no match for the invaders, and the general inability of the Davismen to sink foul shots spelled defeat for the Olive and White.

The game started out at top speed, and State early took the lead. The Poets were outclassed in their half and were unable to close up the scoring gap until late in the third part of the game. With the expulsion of Denno and Trumbull on fouls, State's morale wavered, and a final flashy drive turned victory to defeat in the last few moments of the game.

### Strong Defense Shown

The Roadrunner defense was impassable during the first half, and the Quakers were permitted attempts at the basket only from far outside the foul ring. Fast passing and clever footwork characterized the attack of the Davismen almost the entire game, but the last stages of the tilt saw them on the defensive. Gates Foss, who was too sick to play, was a sore loss, and Walt Barnett played when he should have been on the sick list.

Lineups and scoring:

| Whittier  | Pos. | State        |
|---|------|--------------|
| Landreth (7)  | R.F. | Barnett (5)  |
| Walker (5)  | L.F. | Clemore (8)  |
| Reitz, c (11)   | C.   | Kessler (7)  |
| Jones   | R.G. | Denno, c (2) |
| Ograin (3)  | L.G. | Trumbull     |
| Substitutes — Poets: Wampler, F., 2; Persing, F., 1; Benbow, G.; Baker, G.; Juday, G.; Edwards, F.; Roadrunners: Imes, G., 1; Short, G.; Rodman, G. |      |              |
