

WELCOME HOME GAUCHOS!

UNIVERSITY OF CALIFORNIA

El Gaucho

SANTA BARBARA COLLEGE

GAUCHO
GAMBOL
Thursday
1:30 p.m.

Vol. XXXVI

GOLETA, CALIFORNIA, WEDNESDAY, SEPTEMBER 12, 1956

No. 1

Here is a small sample of the hectic schedule of registration last year and expected this year in greater quantity. The first girl is probably being told that all available hours that might fit into her program are filled and would she please sign the optional list. Many people will be heard to exclaim, "Cytology instead of Biology 1A?" or "Well, it was the only hour I could get that wonderful, dreamy Professor."

REGISTRATION SCHEDULE FOR THURSDAY, FRIDAY

Thursday and Friday are registration days for Gaucho students, when it is expected that over 2200 will enroll in classes. Late registrations should bring this number to over 2300.

Students will be admitted to the gymnasium only upon presentation of (1) a counselling card approved by the faculty advisor, (2) a receipt indicating payment of fees, and (3) a slip indicating completion of physical requirements. Since some continuing students are not required to take their physicals this semester, they should check with the list posted at the Student Union and in the Health Service to see what is required of them at this time. All fees are paid at the Cashier's Office, Bldg. 427, at any time.

Students will be issued registration books at or subsequent to, but not prior to, their appointment hour.

REGISTRATION SCHEDULE

Sept. 13, Thurs., Upper Division and Graduate Students (60 or more units)

8:30 I thru M 9:30 S thru U 10:30 A thru C

9:00 N thru R 10:00 V thru Z 11:00 D thru H

Sept. 13, Thurs., Freshman Students (0-29 units)

1:00 A thru C 2:00 K thru M 3:00 S thru U

1:30 D thru J 2:30 N thru R 3:30 V thru Z

Sept. 14, Fri., Sophomore Students (30-59 units)

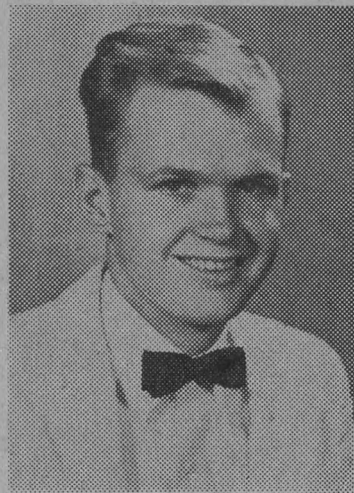

8:30 A thru G 9:30 P thru Z

9:00 H thru O

Veterans

All veterans, except those under Public Law 550, must process their papers with the Dean of Men Wednesday, Sept. 12, 2:00-5:00 p.m., Bldg. 402, Rm. 202.

New students whose transcripts were not received in time to be processed before Sept. 10, 1956, may not obtain their registration books until such time as their admission is approved. New students complete their physical and psychological exams and also receive important instruction at meetings with the Dean of Men and Dean of women prior to registration. Faculty counsel new students as well as reprogram continuing students Wednesday, Sept. 12.

From AS President

Once again, as the eve of the fall semester approaches, it becomes my pleasant duty on behalf of the officers and members of the Associated Students to wish you a most cordial welcome to Santa Barbara College. This is the beginning of a most important period in your lives—an experience not to be missed.

As the elected representative of the Associated Students I want to urge you to take part in the many student activities and in student government. These activities and this government is for you as UCSBC students.

Best wishes for a complete . . . and completely wonderful college career.

Dick Goode

ASUCSBC President

From the Provost

Congratulations on becoming students at UCSBC, and welcome to our campus. On behalf of the administration and the faculty I wish you all kinds of pleasure, hard work, and success. Perhaps hard work is not something to wish upon new students, but we have a reputation for high quality here, and work is necessary to maintain quantity. Hard work, however, can be a pleasure. With that bit of sermonizing I wish to remind you that the doors of our faculty counsellors and administrative offices are open to each of you for any help which we are qualified to offer.

In planning programs of study, you and your advisors together should first consult the list of courses which must be completed in lower division standing. Careful attention to this list will prevent annoying schedule complications in the junior and senior years, where more emphasis is placed on the requirements of the major.

This is a liberal arts college, where we emphasize a broad general education combined with a sound major. The major may lead directly to a job, to a graduate degree, or an advanced professional school. The general education provides a common ground on which to stand and common ideas to share.

We will endeavor to help you to develop the more responsible attitudes of adults, and we will goad you, if necessary, into keeping your minds open to new ideas. If you remember that you can get out of college only what you put into it, start pitting in everything you have and begin reaping the satisfactions which only a college life can offer.

E. R. Noble

Acting Provost, UCSBC

Greeks Open Arms

Sorority rushing is now in progress! The eight national sororities represented on the UCSBC campus are now holding their semi-annual rushing program.

The full week of sorority activities began last Saturday, Sept. 8, with open house at all the sororities, beginning at 1 and lasting until 5:20.

Monday evening the narrowing-down process began. A coke party was the evening's activity. Each individual was allowed to go to six houses that evening.

Game Parties Tonight

This evening the second period of the program is in order. It will be devoted to game parties.

Friday evening's period three will be theme parties with the girls attending only three houses.

Saturday night is Preference Night. The girls and the sororities will have narrowed themselves down so that each individual attends only two gatherings. Dress is date clothing.

Sunday, Sept. 16, is the all-important day of decision. Preference listing is the order of the day. The girls receive their final single bid at 3:30 and go directly to their sorority house wearing short white dresses for the pledging ceremony.

Panhellenic Plans

The main body behind this week of mad activity is the Panhellenic Council. Made up of representatives of each sorority, its officers include Cheryl Sedivia, president; Barbara Evans, vice president; Lee Mohr, recording secretary; Tita Kelly, corresponding secretary; Janet Adameck treasurer; Nita Jo Stockholm, publicity chairman; Barbara Leith, judicial chairman, and Joan Davies, rush chairman.

Mrs. Helen Keener, dean of women, is Panhellenic advisor and Mrs. John Waldron, of the alumni committee, is rush director.

The eight sororities participat-

GAUCHO GAMBOL TOMORROW

The annual Gaucho Gambol, 10 hours of fun and merriment, will kick the new school year off to a glorious start on the afternoon of Thursday, Sept. 13. A full program of events has been planned by Bill Ritter, chairman of the Special Events Committee.

Afternoon activities will begin with a full choice of athletic events, among them swimming in the campus pool and on the beach, volleyball, baseball, tennis, archery and ping-pong. This will be followed at 3 p.m. by the intersquad scrimmage in back of the gymnasium. This will be the first opportunity for the entire student body to watch its team in action.

Aquacade Review

New students will view for the first time the highly talented swimmers of SBC in their presentation of numbers from last year's Aquacade show. These demonstrations will include synchronized swimming and several humorous stunts. Three different shows will be presented to give all students a chance to see them.

From 5 to 7 p.m. students are on their own to find chow and rest up for the big schedule of evening events.

Rally and Dance

Starting sharply at 7 p.m. will be the first big rally of the year, to give students a chance to show their approval of the new coach and team. Admission to the rally constitutes admission to the dance and students will have to present their dance tickets to be admitted. These tickets will be sold all day today, Wednesday, and tomorrow in the Graduate Manager's

ing in this program include Alpha Delta Pi, Alpha Phi, Chi Omega, Delta Gamma, Delta Sigma Epsilon, Kappa Alpha Theta, Pi Beta Phi and Sigma Kappa.

Office and in the registration line for 25 cents.

Program of the rally is the presentation of the yell leaders and a few warm-up cheers, and then introduction of the new

NIMBLE FINGERS APPLY FOR THIS

Students interested in the job of Office Manager of the Associated Students office are asked to apply in Room 108 of the AS office.

Duties of the Office Manager are to manage secretarial work for the Associated Students and to do mimeographing. The Manager is paid \$66 a semester.

Requirements are two free hours daily, plus an ability to type.

The AS office also needs girls to help comprise the secretariat. Members of the secretaria, who also must type, do the various small typing jobs in the AS office, and they are to assist the Office Manager.

AMS Plans Events for 1956-57

Men students enrolling in SBC for the first time, or even continuing, will be interested in the new activities planned by the Associated Men Students.

The Associated Men Students is an organization composed of male students who live both on the campus and off, and was formed for the purpose of enabling all male students to have representation as a group on the Legislative Council and participate in activities expressly for men.

Under the leadership of presi-

Gaucho football mentor, Tom Hughes. Coach Hughes then will present the 1956 Pigskin Review, introducing each player to the student body.

Entertainment

Immediately preceding the dance students will be entertained by SBC's top talent, including Hal Brendel's Orchestra, a skit from the Galloping Gaucho Review done by Birch Hall and a vocal group from Spring Sing. Chairman Ritter promises that this hour will set the mood for the dance that follows.

The Westlake Music College of Los Angeles will present a five-piece combo, known to some for their fine recordings, for dancing from 9 to 12.

Assisting Chairman Ritter in his organization of the 1956 Gaucho Gambol has been the co-chairmen of the Recreation Control Board, John Wilband and Harry Weinberg; Rally Committee chairman Dulce Wilcott; Jan Hammeras, chairman of the Social Committee; Carolyn Jones, chairman of the Publicity Committee, and Sandy Becthold, who handled all the arrangements for the Aquacade.

dent Jack Adler, a full program of events has been planned for this semester, including a Steak Fry and a smoker, probably to be held off campus.

Adler plans to form for the first time an AMS council. This would be composed of representatives from various male living groups, and would control the AMS budget and outline activities.

The AMS representative will be selling AMS cards in the registration line tomorrow and Friday for \$1.

RHA REVEALS RIP-ROARIN' PLANS

New and old students alike on the SBC campus will find much to interest them in the fall program of activities planned by the Residence Hall Association. Activities Chairman Sandy Becthold has outlined a number of events designed to mold together students residing on the campus.

Things began last night with the RHA Orientation Assembly and Dance held in Santa Rosa Hall. The purpose of the Residence Halls Association and their function within the Associated Students was outlined to students already on campus.

Tomorrow the RHA urges campus residents to participate in the number of activities that constitute Gaucho Gambol, in which the RHA has played a major part.

Frosh Beach Party

Freshmen will be feted at a gala beach party on the campus beach Friday, Sept. 14. Upperclassmen will host the neophytes as part of the Frosh Indoctrination program.

Saturday night the RHA plans one of the very popular mixers so well attended last year. Dancing will begin in Santa Rosa Hall about 9 p.m. Swim enthusiasts will have an opportunity to wet their fins in an RHA Night Swim party to be held Tuesday, Sept. 18, in the campus pool. RHA members will be informed of all details by their various hall leaders.

Future Events

Coming in the future will be the Frosh Tribunal, where indolent freshmen are tried for their crimes by sage and judicious upperclassmen before the student body. This is slated for Sept. 21. Another Mixer will be held on Sept. 22, with an RHA Steak Fry

JANUARY GRADUATES: IMPORTANT!

If you do not receive graduation papers when you register, please call at the Office of the Registrar, Bldg. 427. All candidates for the degree and/or credential in January, 1957, must file complete papers by Oct. 26, 1956.

Welcome Home Gauchos!

To new students at SBC, and those old-timers who have already been through the mill, permit me to present a sincere welcome on behalf of the staff of *El Gaucho*. As one of the services extended to you through the Associated Students, this paper has to satisfy your tastes. We will certainly be working along that line, but cannot hope to meet your specifications unless we know how you feel. Our office is in back of the Student Union building, we work every Friday afternoon, and we will always welcome anyone, be they friend or foe. We like a good scrap.

For those of you who have not been around long enough to fully appreciate all the advantages of this campus-by-the-sea, permit me to expound a little. Our college is small, but growing. It shall never be a large college, but it offers, both in course selection and in cultural presentations, opportunities for learning and enjoyment not found in colleges several times larger. SBC is a place where you can easily adjust to the way of living, if you simply remember that everyone here has the same idea in mind, to extract from the college all that it has to offer, academically and in extra-curriculars. By so doing, of course, they bring even greater praise to the already famous University of California. I certainly hope that your stay here will be as rewarding as thousands of graduates have found theirs to be.

Noel McGinn

Forum . . . Forum . . . Forum . . . Forum . . .

Dear Editor:

The student body of Santa Barbara College was soaked an extra \$500 three weeks ago without a single elected representative of the students lifting a finger to inquire as to the merits of the appropriation. Here's the story:

Three weeks ago voting members of the Legislative Council, most of whom were elected to their offices, received a mimeographed letter from Associated Students President Dick Goode asking them to appropriate \$500 extra for the 1956 football training table. President Goode explained that while some \$1400 had already been appropriated for training purposes, the extra amount was needed so that the 55 members of the team could be fed three meals a day instead of two. What was not explained in the letter is that by reducing the number of candidates for the squad the increased meals could have been put forth without the additional expense. President Goode spent three-fourths of the letter complimenting Coach Tom Hughes on the fine job he was going to do for the team, three lines asking for the appropriation.

Council at Fault

Before condemning President Goode, it must be remembered that Legislative Council members could have taken the time and expense to cast a real vote on the issue, be it affirmative or negative. However, the voting members for this year are substantially the same as those of last year, who continually tried to walk the thin plank of non-committance to avoid opening themselves to criticism. We can only hope that by this silence they have at last taken a definite stand on something without first making sure that no one would raise a storm of protest.

Here's the Hook

At the bottom of the letter vot-

ing members were told that if they wanted to vote for the appropriation, they need not do anything but remain in the state of indolent bliss that summer is supposed to be. To express their opinions against the appropriation they would have to write to the Graduate Manager's Office within ten days.

It would seem obvious that in the functioning of government, student or otherwise, the purpose of elected representatives is to express what they believe would be the desires of their constituents, in this case those who are now reading this column. It is the belief of this writer that the means used to obtain a vote on this question did not even attempt to get an expression of opinion from the student representatives, and is contrary to all accepted means of voting as stated in Robert's Rules of Order, or as used in our national government.

The question here is not on the issue of appropriations for football, but rather a stab in the dark to see if this year's Legislative Council intends to work at the job of student leadership. If they do, then this writer will be completely satisfied, no matter what way their decisions turn. But he shall be very discouraged if they adopt an attitude so common in national politics of "watchful waiting" and "doing nothing."

John Freeman

DEANS SERVE STUDENTS

Offices of the Dean of Women and the Dean of Men at Santa Barbara College are open to serve the students.

Students are welcome in these offices at any time to discuss their problems. Social, financial,

scholastic, veterans' affairs and general problems of all types are handled by these offices.

Dean of Men

To help SBC men with such problems as veterans' matters, selective service, loan counselling, and general adjustment problems, the office of the Dean of Men is run by Dr. Lyle G. Reynolds. Administrative Assistant Mrs. Ruth Percival is also available.

Veterans who desire GI benefits are encouraged to consult the Dean of Men's office as soon as possible. Vet notices will appear regularly in *El Gaucho*.

Dean of Women

The office of the Dean of Women is headed by Mrs. Helen E. Keener, Counsellor of women students is Miss Ellen Bowers. Both of these able advisors are available to all women at all times by appointment.

The personnel deans are happy to counsel any student. They urge that problems should be brought to them as soon as they arise.

WATCH OUT FOR THOSE COPS!

Parking Regulations

1. Operators of vehicles entering the campus of UCSBC shall observe all posted signs and park only in designated areas.

2. Parking areas on the UCSBC campus are divided into two classifications—Restricted Areas and Unrestricted Areas. a) Parking in Restricted zones is limited to those persons who have obtained special parking permits from the University police department. b) Parking in Unrestricted zones does not require a permit, but does require registration of the vehicle by the University police department. c) Visitors or persons on business may not park in the restricted areas without having first obtained permission from the police department.

3. All vehicles parked in a restricted area must display the appropriate permit for that zone.

4. Motorcycles, scooters or bicycles should be parked only in the areas designated for such vehicles.

5. The parking of any vehicle in any of the following places is prohibited unless so directed by a police officer: a) On a sidewalk; within an intersection; on a crosswalk; within 15 feet of a fire hydrant. b) In any zone used strictly for loading and unloading of vehicles such as trucks.

Student Body Cards Give Owners Benefits

Students will receive their Associated Student cards when passing through the registration lines Thursday and Friday. These cards represent a \$15 investment on the part of the student.

The AS card entitles the holder to free admission to all Santa Barbara College athletic events, most dances, and other activities.

Checks, Loans

The AS card also serves as identification on and off the campus. It enables the holder to cash personal checks up to \$100 in the Graduate Manager's office. Also, with the card, students are permitted \$10 short-term loans.

In Santa Barbara and Goleta many businessmen honor the card for discounting purchases. Gasoline is only one of the many items discounted at various gas stations.

With both fall and spring cards students are entitled to a free copy of *La Cumbre*, SBC yearbook. All in all, the AS card adds up to quite an investment, and for this reason should be taken care of.

It's Like This . . .

(Name withheld by request)

Just think of it, a bright new semester in front of us. A-a-a-g-h!

Ah, but just think of all the happy days that lay ahead of us. Joyous days just crammed with great social activities like finals, mid-terms, incomplete slips, and the like. You don't think these are social? Well, just think of all the different people you'll meet when you take a class three or four times.

If that doesn't get through to you, think of all the sunny days you could spend on the beach this semester. Many's the day I've spent there, thinking horrible, unprintable thoughts about classes I should and could be passing.

Then, there's registration. Education's answer to brainwashing. If you're a new student here you can't possibly understand what I'm talking about, for there just isn't anything like it, anywhere. Of course, one does hear pretty bad things about Siberia. . . .

There comes a time in every man's life when he finally has to sign up for a required course. You run back and forth vainly

trying to fit that class into all the other cinch courses you've lined up. Finally, you've got it arranged, or so you think you have, and you stride confidently forward to present your schedule.

Egads! The section is filled! You run grovelling over to an instructor, preferably the section instructor, and beg him to squeeze you in. He peers at you as though you were a new insect for his collection, and reaches in his pocket for a pair of tweezers and a pin. Finally recognizing you by accidentally slipping his glasses back up on his nose—

"Ah! So I've finally got you. Well, I refuse to sacrifice myself." And so he draws a heavy black line at the bottom of his list to show that there is no chance for you in that section. If he remembers, and most profs don't, he tells you that you may sign your name on the waiting list, where you find yourself 99th.

Wearily, you trudge back to your grubby little dorm room, and just as you enter the door your grubby roomie calls you to the phone. Yep. The prof is calling you to tell you that you can

CAMPUS GARICATURES

by PETE VORZIMER

Registration

Registration is a messy thing. It's something like a two-hour brain wash. You can remember your schedule easily as you have to write is some eight or nine times. As you scribble out the pages of your registration book, you look up periodically to see which classes you want are being closed. As they close each time you inevitably have to re-schedule your whole program . . . this takes time. Then there was the case of the unlucky fellow who, being rather elated at his getting in first on the first day, emerged three days later babbling like an idiot.

The main thing in registration that distinguishes a veteran student from a neophyte is his ability to load himself with cinch courses whose hours let him rise at 10 and quit school at 11 each day. This may seem a trifle difficult . . . it can be done! There are a few of these cinch courses (like Neologisms 102, Hyperbolic Functions 157, Philosophy 2 (Ancient Turkish Philosophy), Economics 20A (Economic Significance of the Mil), Art 107 (Advanced Chiaroscuro), Music 141 (Gas Chamber Music). There is usually one insignificantly easy course in each department—look for them!

An important thing to remember as you emerge weary and haggard from the registration line—beware! There are some 20-25 people sitting outside the door, ready and waiting to sell you all kinds of things. You do not have to buy these things. Why, the way so many freshmen were taken in, a certain fraternity on campus was thinking of having little cards printed: "REQUIRED MEETING for all new women, 7:30 this evening at . . ." The address would be the fraternity house and a party would be the result. Don't be taken in. A guy named Stan McGinley will

be flashing a big smile and trying to sell you freshman beanies—you must wear these if you are a frosh.

Rushing

Ah, comes the season of clammy and innumerable handshakes, the flowing of fraternal nectars and if by chance you haven't memorized your name, major, and home town, you'll know it by heart when you get through.

And just think, if you do join Signa Phi Nothing what a wonderfully lecherous time you'll have this fall. Ditches, joints and the like are keen fun.

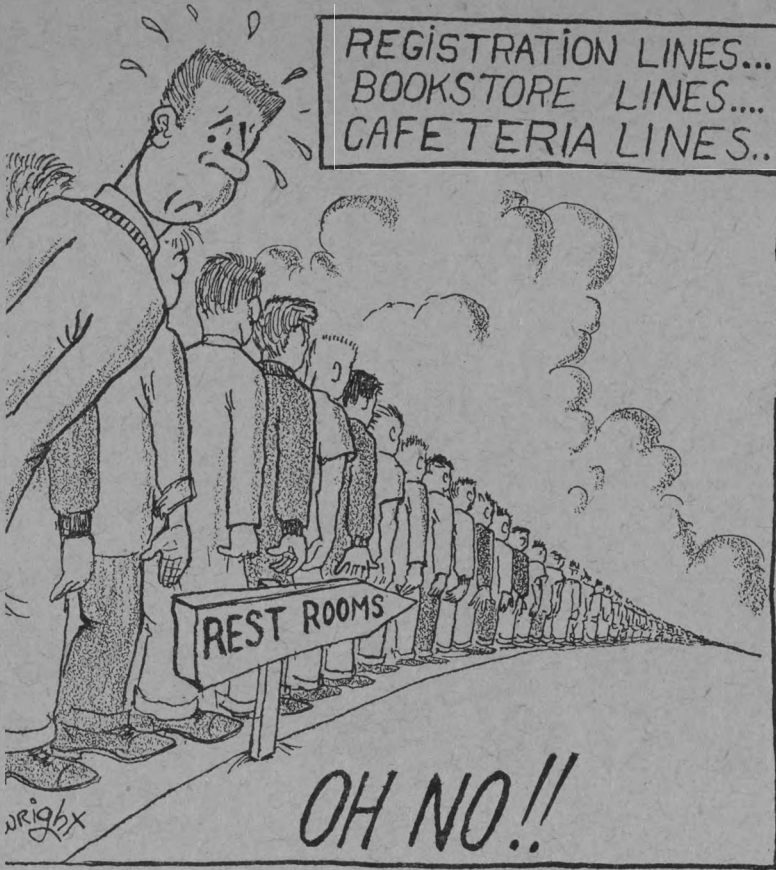

Classes

Few people realize how relatively unimportant classes are. As all the old veterans know, the first week is all strictly introductory material with the teacher doing his utmost to put himself and his time-worn jokes over to the class. This is known as the goodwill period, for you still have the power to change to another class. But for the unaware, this wolf in sheep's clothing at the front of the class makes everything seem simple until you pass the point of no return.

Well, you can skip the first two weeks—they're strictly introductory and elementary. The third and fourth weeks you can skip—you can always pick up the stuff in a couple of evenings before the first mid-term. After the first mid-term (don't worry, you'll get a better grade on the next one!) you'll have two or three more weeks to glide. You see, attendance in class isn't the only thing.

How Green Was My Freshman (Year?)

Above all, dear frosh, you must try your hardest not to look the part—wide eyes are a dead giveaway, and never ask questions—just comply. Remember the mud brawl, the freshman haven't lost yet, but there's always a first time.

BUSMAN'S HOLIDAY

Members of the Legislative Council spent last weekend high in the mountains overlooking Refugio Pass, learning how to be good representatives of the student body and planning policies for the forthcoming year.

The occasion was the annual Council retreat, a three-day affair designed to acquaint Council members with each other and introduce them to the weighty problems of student government. Although held usually at the Ojai Oaks, this year's retreat featured the Circle Bar-B Guest Ranch, unfavorable management policies of the Oaks forcing the change.

Mix Business, Pleasure

The retreat got under way Friday morning at 11, when some 20-odd Council members came in from all parts of the state to register for the weekend. Business began immediately after lunch, as members attended various discussion groups on student problems.

Among the problems discussed were those of athletic policy, to continue emphasis on football at the expense of minor sports, or to devote more attention to those

sports currently unfunded; the problem of providing more effective representation of the student body, keeping in closer touch with their desires.

In their free time Council members either continued their discussions more informally, or took advantage of the pool or horses available.

Provost Noble Speaks

Saturday evening was the highlight of the affair, with the presentation of the guest speaker, Dr. Elmer R. Noble, Acting

Frats Too

Not to be outdone by the female portion of the UCSBC student body, the eight national fraternities represented on campus are now in the middle of their rushing period.

Monday evening the men began their program by attending the open houses of the four fraternities located in Goleta—Delta Sigma Phi, Kappa Sigma, Sigma Phi Epsilon and Sigma Tau Gamma.

Tuesday afternoon the four fraternities still located in Santa Barbara held open houses. The men spent a half hour at each of the Beta Sigma Tau, Delta Tau Delta, Lambda Chi Alpha and Sigma Alpha Epsilon residences.

Rushing continues all through today and this evening, as well as up to 1:30 tomorrow afternoon and all day both Friday and Saturday. Sunday evening is reserved for preference night and next Monday, Sept. 17, is classed as "dead," as no functions will be allowed that day or night.

Tuesday, Sept. 18, the men will pick up their final bids in the office of the Dean of Men in Bldg. 402, Rm. 209.

Provost of UCSBC, Dr. Noble encouraged the Council members in their search for more effective and democratic government.

The students returned home, or to the campus, Sunday afternoon, to apply the knowledge which they had gained through this experience.

fashion notes

we hate to count the years since our college days, but september never comes but what we think of registration time . . . the pondering of schedules (trying to arrange classes around beachtime) . . . the "what did you do last summer?" . . . the exhilaration of being a sophomore and lending a hand to the freshman we were last year!

we've been busy at the annex with registration also, and our prize pupil is

helen garben who's enrolled as our new campus representative . . . her schedule calls for **saturdays in the annex** . . . the course, of course, is a survey of fashions with special emphasis on clothes counseling for co-eds . . . she's also busy planning lots of **exciting fashion events** for the coming year.

no column of ours would be complete without a hint of the many new things we've gathered for you . . . we're particularly proud of the items we've stolen from the men . . . the new oxford cloth, button-down shirts at 3.95, **ship 'n shore regimental striped shirts** at 4.95 and a handsome multi-tucked "**tuxedo**" shirt in pink, yellow, grey or white oxford cloth at 5.95

before we run out of space, we are delighted to report that again **lou rose** will send a complimentary subscription of **mademoiselle magazine** to each women's living group.

we hope you'll accept our urgent invitation to come into the annex this saturday and meet our **new campus representative**.

New Chairmen Appointed for 1956-57

Five academic departments of UCSBC will have new chairmen this fall, according to the announcement of department chairmen for 1956-57.

Newly appointed department heads include Dr. Huger Kenner, English; Lt. Col. Robert C. Woolsey military science (by appointment of the Army); Dr. Joseph Lantagne, physical education for men; Dr. Charles Spaulding, social sciences, and Dr. Upton Palmer, speech.

Acting chairmen have also been appointed in three other departments. The new heads of art and psychology will be serving during the sabbatical leave of the regular chairman. The acting chairman in home economics will replace the chairman who retired this year from University service.

New chief administrative officer of UCSBC is Dr. Elmer R. Noble, former dean of letters and science, who replaces Dr. John C. Snidecor, acting provost since February. Dr. Snidecor will be on sabbatical leave during the 1956-57 college year.

Chairmanships of academic departments are generally rotated among faculty members every three to five years according to university policy. Each chairman is responsible to the chief administrative officer.

Dr. Donald C. Davidson, librarian, will continue in the position of acting dean of applied arts during Dr. Snidecor's absence, it was also announced. He has held this position since last February.

The complete list of department chairmanship assignments for 1956-57 is as follows:

Art—Dr. Kurt Baer, acting chairman for Howard C. Fenton, on sabbatical leave.

Biological Sciences—Dr. Mary Erickson, continuing.

Education—Dr. Glenn Durlinger, acting.

English—Dr. Hugh Kenner, succeeding Dr. J. Chesley Mathews.

Foreign Languages—Dr. Rolf N. Linn, continuing.

Home Economics—Marie Wilson, acting chairman, succeeding Mrs. Florence C. Meredith, retired July 1, 1956.

Industrial Arts—Dr. Kermit A. Seefeld, continuing.

Mathematics—Dr. Stanley E. Rauch, continuing.

Military Science—Lt. Col. Woolsey, succeeding Lt. Col. Harold Haines, Army appointment.

Music—Dr. John E. Gillespie, continuing.

Physical Education, women—Dr. Jean L. Hodgkins, continuing.

Physical Education, men—Dr. J. Lantagne, succeeding Dr. T. Harder.

Physical Sciences—Dr. Robert W. Webb, continuing.

Psychology—Dr. Alma Beaver, acting chairman for Dr. Robert Gottsdanker, on sabbatical leave.

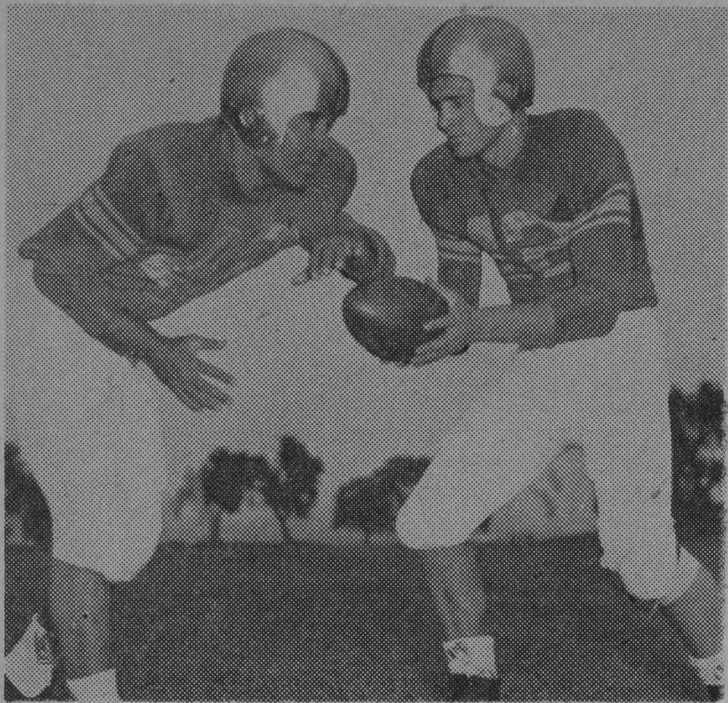

Social Sciences—Dr. Spaulding, succeeding Dr. Russell Buchanan.

Speech—Dr. Upton Palmer, succeeding Dr. Theodore Hatlen.

Got a Yen To Write?

An El Gaucho staff meeting for all new students interested in competing for a position on the staff will be held Friday, Sept. 21, in the Conference Room of the Associated Students offices, located in the rear of the Student Union Bldg.

Sports

Hughes, Cody Add To SBC Gridiron Prestige

Tom Hughes, former Purdue All-American, and for the past two years line coach for the Baltimore Colts, has been appointed head football coach here at Santa Barbara.

Hughes replaces Stan Williamson, who has been head coach here for eight years. Stan recently asked to be relieved of the head coaching duties but will remain on as line coach, the job which he knows so well, being also a former All-American lineman.

Hughes has an outstanding football record, as player and coach. As a member of the Missouri University Big Seven champions he played against Fordham in the Sugar Bowl ('41). At Purdue he was chosen All-Big Ten and All-American ('45).

He played tackle for the College All-Stars in the Chicago Tribune Annual Charity Game against the Professional champion Chicago Bears ('44).

For an outstanding coaching record, Hughes (1) was assistant football coach at the University of Oregon (PCC champions in '43), (2) was assistant line coach of the New York Yanks professional football team, (3) served as assistant coach in football and baseball at Purdue for two years, and (4) for three years was assistant football coach at North Dakota University. Prior to coming to Santa Barbara, Hughes was line coach for the professional Baltimore Colts.

Cody All-American

Ed Cody, former Purdue All-American and now Gaucho assistant coach, played on the same team and during the same time as head grid coach Hughes. He was also selected All-Big Ten and All-American. Cody was selected to play in the East-West Shrine and College All-Star games.

Ed Cody played professional

Meet Tom Hughes, Purdue All-American, pro-football star, line coach for the Baltimore Colts, and now . . . head coach for the SBC Gauchos.

Squad Fed Gruel In Gruelling 2 Weeks

The big green practice field between the gym and the tennis courts is alive with action daily from 9:30 a.m. to 4:30 p.m. On the field are some 56 football players out for the 1956 Gaucho football squad.

Starting with heavy calisthenics and running, Gaucho coaches Hughes, Williamson and Cody run the players through many scrimmages and other hard conditioning exercises. Never before has the team worked as long, as good and as hard. It is evident that these men will be in top-flight condition prior to meeting Whittier on the 22nd.

The four dozen men live together in a Physical Education building here on campus and eat in the Las Casitas cafeteria. They are supplied with vitamins and other food supplements all pointed toward the developing of a team in superior condition.

Besides the extensive conditioning the squad has been drilled and drilled again on the basic fundamentals of good football. Blocking, tackling, passing and good pass protection are all emphasized and the team will all have them pat before and after they go to La Playa to meet their first opponents.

CANDIDATES NUMBER 56 FOR 1956

Fifty-six candidates for the 1956 Gaucho football squad have been drilling for the past week and a half. Of these 56, 21 are returning players, seven having lettered. The candidates and their positions tried for appear as follows:

- ENDS:**
 James Dosheer (R)
 Dick Freeland (L)
 Kelly Hoover (R)
 Bud Long (L)
 Herb Williamson (L)
 Ed Haertel
 Jim Warner
 Roger Whalen
 John O'Brien

- TACKLES:**
 Norm Abbott
 Fred Bockmiller
 Bob Hill
 Lenny McCabe
 Ron McGuire
 George O'Day
 Paul Thompson

- GUARDS:**
 Bill Burton
 Tex Byrd
 Karl Ebell
 Hal Fink
 Lucky Pullman
 Rod Riehl
 Don Rodriguez
 Billy Ryan
 Chuck Williams
 Ted Young
 Vic Snyder
 Walden Townsend
 Earl White

- CENTERS:**
 Pat Downey
 Bob McNamara
 Cliff Purcell
 Jim Sylvia
 Howard iKttleson

- QUARTERBACKS:**
 Jack Coutts
 Greg James
 Don Trauthen
 Pat Mills

- FULLBACKS:**
 Fidenzio Brunello
 Fred Colby
 Dick Juliano
 Bruce Varner
 Jack Lyon
 Bob Pfeifer

- HALFBACKS:**
 Jacob Baca
 Dan Coenen
 Mike DeGeorge
 Francis Dunham
 Phil Johnson
 Danny Campbell
 Roger Wells
 Sut Puailoa
 Johnny Morris
 Ernest Sprinkle
 Ed Schoolcraft
 Norm Holt

ADVERTISERS

These three monsters are guaranteed to put fear into the hearts of all opponents who get in their way. Pictured from left to right are candidates for the fullback spot: Bruce Varner, Fidenzio Brunello and Dick Juliano. Brunello, who played full back for the SBJC Vaqueros last season, might be shifted to the center position, according to latest reports from Tom Hughes.—News-Press Photo.

SPORT TALK

by Pete Vorzimer

Outlook Good

The outlook certainly appears good for the Gaucho football squad. This should be one of their best years. Someone credited Gaucho head grid coach Tom Hughes with saying, "If I don't have a winning team this year, it'll sure be a conditioned one." This is not only true, but their prospects are great to have a winning one as well.

I count 21 men returning from last year's squad and seven or more having lettered. The schedule looks a bit easier with the absence this year of Cal Poly, a very formidable opponent.

Our first game this year, a week from this coming Saturday night, is with Whittier. The Poets defeated us last year 20-7 and wound up with an 8-2-0 season. Their past performance record against the Gauchos has been 11-6-0 . . . this gives us slightly better than 33 per cent average, but with a "better-than-ever" squad, I believe the Gauchos will make it a victory by at least a touchdown, possibly a good deal more.

6-3-0 Season

While I'm in a predicting mood, I might as well go completely out on the limb by predicting a 6-3-0 season for Santa Barbara this year, our losses going to Oxy, Long Beach and San Diego. This record could be even better if the squad is conditioned up to Tom Hughes's expectations. It is true that the three teams I have named will be our toughest opponents, but a glance at the schedule shows that all three are home games. This would give us some edge if the spirit of the student body is anywhere near that of those directly involved.

There exists a lot of hypothesizing as to whether or not the team down there in the stadium hears or is at all affected by the noise coming from the fans (call them "cheers" if you wish). Some players tell me that their mind is on only one thing and nothing else bothers or affects them. However, others again say it does have a decided effect, sometimes giving the players a little boost when they need it. Stan McGinley, Jim Daeschner and Jon Champeny seem to be the ones to yank the spirit from the groveling herd out there.

From what I've seen of the practice sessions, the team is more than meeting its responsibility. They've been living for over a week now here on campus in one of the Physical Education buildings. They sleep 24 in each large room, not the greatest or most private accommodations. They're in at 10:30, they sweat out on the field for most of the day, running through a hundred scrimmages and plenty of calisthenics. Those guys will be in shape and deserve the best student support we can give them.

Humor at Training Table

As further incentive to some of the ball players, Coach Hughes has set up two tables in the cafeteria where the team eats. One is marked "TOUCHDOWN TABLE," "for the first six men to score a touchdown in practice or in regular play." The other table was the cause of a hundred laughs. It's marked "FAT MAN'S TABLE" and all who sit at it are a subject of scorn. Their object is to slim down so they can get away from it. The four who sit there are: Dick O'Day (Capt.), Billy Ryan (Co-Capt.), Lenny McCabe and Chuck Williams. The boys were quoted as follows: "This isn't fat—just relaxed muscle!" (Billy Ryan). . . . "We're not fat—we're over-conditioned!" (Chuck Williams). Jim Silvia (married last Sunday), speaking for the half-dozen or so married men, wished to remind me that the married man are making even greater sacrifices for a better Gaucho squad.

Provost Has Traveled Far and Wide

Santa Barbara College's new acting provost, Dr. Elmer R. Noble, has a varied history replete with birth in a foreign country and four children.

Appointed last June to fill the vacancy left by Dr. John C. Snidcor, now on sabbatical leave, Dr. Noble, formerly dean of letters and science, has an interesting background.

Born in Korea

He was born in Korea and went to high school in that country, having an excellent opportunity to assimilate the culture of a very old civilization. He furthered his education in this country, receiving his BA, MA and PhD degrees from the University of California, Berkeley.

Last year Dr. Noble spent his sabbatical leave in England, doing research work on marine biology in the United Kingdom laboratories in Plymouth. While in Great Britain Dr. Noble was asked by President Sproul to represent the University of California at the installation of the Queen Mother as Chancellor of the University of London.

Takes Wife Along

Accompanying Dr. Noble on this yearly sojourn were his wife and three of his children. Elaine Noble flew back to Santa Barbara in June to graduate with her class from Santa Barbara High School and then continued in summer school at SBC.

Dr. Noble joined the faculty at Santa Barbara College in 1936 and became dean of letters and science in 1951. In addition to administrative and teaching duties he has maintained a continuous research program. His various studies have received recognition by research grants from the Society of Sigma Xi. He is a member of numerous scientific societies, both local and national.

NEW CREDENTIALS GRANTED TO SBC

Education majors at SBC will now be able to work toward a General Secondary Credential, as result of authorization given last May by the State Department of Education. This teaching credential permits the holder to teach all subjects in junior or senior high school or in junior college, and normally requires a fifth year of work on the graduate level.

Courses toward the general secondary were available during this year's summer session. Majors and minors in 22 high school teaching fields will be offered in the departments of art, biological

SBC FACULTY GETS VOTE IN ACADEMIC SENATE

Admission last July of the faculty of Santa Barbara College into the Academic Senate of the University of California gives SBC new prestige among the state universities of the United States. Dr. Upton Palmer, chairman of the Santa Barbara College Committee on Affiliation with the Academic Senate, has reported that inclusion into the self-governing organization will permit local professors to sit on important committees of the Senate while maintaining absolute autonomy in management of Santa Barbara College affairs.

Unique Organization

The Academic Senate is the faculty organization which—subject to approval of the President and the Board of Regents of the University—determines conditions for admissions, certificates and degrees; authorizes and supervises courses of instruction, and advises the President on matters of budget and academic personnel. The organization is unique in the American educational system in that it offers professors an opportunity to express their views on any matter pertaining to the conduct and welfare of the University, and to do so in a group that carries considerable influence on University policy.

SBCRHA GOVERNS HALF STUDENT BODY

Student self-government has been recognized by the University of California for more than half a century as being an essential part of education. The advantages of this policy have been clearly demonstrated on the Santa Barbara College campus, particularly by the Residence Hall Association.

Established three years ago by a group of students living on campus interested in managing their own affairs, the RHA wrote its own constitution, had it approved by the campus residents, and were given full recognition by the college.

Music Department Offers Varied Plan To All SBC Students

The Santa Barbara College extends a cordial invitation to all students to participate in a musical activity this fall. It is felt that the purpose of these activities is two-fold; the department is certain that the students will enjoy joining a musical group, making music for their own enjoyment and satisfaction and, secondly, since all of the groups make public appearances, the performers will get a chance to show off their talents.

For those who have had vocal experience there are the men's and women's glee clubs. Those who have sung in small groups might be interested in the *a cappella* choir. The modern chorale will sing with the orchestra this year. The orchestra itself offers many opportunities for students who are somewhat familiar with an instrument. Students with experience in light opera or operettas would enjoy the Opera Workshop.

New Band Formed

The band has always been a popular organization, and this year plans to expand with a special marching band for football games and rallies. Men and women experienced in this sort of performing are urged to come out for rehearsals. Schedules will be posted in the Music Building.

Other activities, such as the Brass Choir, string quartet and woodwind ensemble, offer further opportunities for musical enjoyment.

sciences, English, foreign languages, home economics, industrial arts, mathematics, music, physical and health education for men and women, physical and social sciences and speech.

Offering of the credential is expected to increase the enrollment of education majors on the campus and, authorities state, will probably increase the women-to-men ratio for a short time.

Regulations, Activities

Through this form of government the students have adopted regulations and planned activities within the framework of the University that add to the enjoyment of college life and enhance the reputation of the college.

Under the association's constitution each hall (or section of a hall as in the case of Santa Rosa) has its own governmental organization. Each unit appoints house committees which are responsible for the origination of social activities and the like.

The president of each of these governing sections is a member of the Residence Hall Council. This Council determines over-all policy and represents the halls on the Legislative Council.

Dues, Functions

Under the by-laws of the association dues are paid by each resident student and are used by the individual halls for their activities. A portion of the dues is turned over to the RHA Council for association affairs.

The Council, in addition to the presidents, includes four non-voting members who serve as publicity chairman, recreation chairman, social chairman, and historian. The president, vice president and secretary will be elected from the Council membership this fall.

In addition to social events for the residents, the association sponsors campus-wide activities and participates in all college events. Last year the RHA entered the Galloping Gaucho Review, Homecoming Parade, Barbary Coast and Spring Sing. For the resident students the association held beach parties, a spring formal, and weekly informal mixers.

Not only do the residence halls provide a healthful college environment in meeting physical needs, but they also offer a basis for the understanding of democratic processes through participation in student government. Finally, they offer experience in living and working with other people.
