Undergraduate Research Publication

Undergraduates doing original research and writing projects are invited to submit papers for possible publication in **DISCOVERY - UCSB Journal of Undergraduate Research**. Interested students should come to the editorial office in **South Hall 6607** to obtain the basic information and guidelines concerning publication and to leave information about themselves and their work.

Papers should be analytical, involving critical reasoning. Examples of publishable work are research papers in the natural and social sciences and critical essays in the arts and humanities. Creative or impressionistic writing will generally not qualify, as such work has an outlet in *Spectrum*, nor will work which is basically just a review of a subject. The deadline for submission of camera-ready manuscripts is **June 20**. Students intending to submit a paper but needing more time may be allowed to submit after this date provided they make their intentions known early to the editorial office.

NO WAR IN CENTRAL AMERICA

We oppose all intervention in the internal affairs of Central America. We object to U.S. actions on moral as well as legal grounds. We feel that terrorism such as the funding of the **Contras** is direct interference in these nations' rights to self-determination. The **Reagan Administration** has repeatedly violated **International Law** and **U.S. Laws**. The Ad-

ministration has violated the **War Powers Act** and the **U.S. Constitution** in Central America. We intend to stop the lies that have been perpetrated by the **Reagan Administration** and object to the U.S. Foreign Policy with respect to **Central America**.

Kaplan.
The father of test prep.

No lie! Stanley H. Kaplan was the first. And nearly 50 years later, he's still the best in test prep.

Kaplan will chop down any fears you may have about taking the SAT, LSAT, GMAT, MCAT, GRE, NTE, CPA, or others. His test-taking techniques and educational programs have helped over 1 million students boost their scoring power and test confidence. He can do the same for you.

So if you have "presidential" ambitions, call Kaplan. And prepare with the expert.

CASH for your BOOKS

YOU CAN'T KEEP THEM ALL!

Is the book a useable reference book in your major?... Will you use it for review in the future?... Is the book well written & understandable?... Will you use it in future classes?... If not, then why not sell it to the I.V. BOOKSTORE?

WHAT ARE MY BOOKS WORTH?

You will receive 10% to 50% of the new price for your book, many factors affect the price you receive, but the most important are the saleability, need, condition, stock on hand, anticipated class size, age of the copyright, and prior sales history of the book. Old editions and out-of-print books have no resale value.

WE WANT TO BUY YOUR USED BOOKS

To remain your leading source of used textbooks, we must continually buy good, clean used books from all sources including our customers - UCSB students. We pay top prices in order to acquire sufficient quantities of used books to offer our customers. This is why we are known as the place to buy used textbooks... And to sell them as well.

Please have your I.D. with you when you sell your books.

Rise to the top.

You're a nuclear-trained officer. It goes beyond special. It's elite! And your status reflects a job that demands your best. Proving your skills at the heart of today's nuclear-powered Navy.

Over half of America's nuclear reactors are in the Navy. That adds up to more years of experience with reactors than any company in the world, and it means working with the most sophisticated training and equipment anywhere.

There's no boot camp. College graduates get Officer Candidate School leadership training, and a year of graduate-level training in the Navy Nuclear Power School. The rewards are topnotch, too. Generous bonuses upon commissioning and also upon completion of nuclear training. Sign up while still in college and you could be earning \$1,000 a month right now.

Be one of the most accomplished professionals in a challenging field. Lead the adventure as an officer in the Nuclear Navy. Contact your Navy Officer Recruiter or call 1-800-327-NAVY.

NAVY OFFICER.

LEAD THE ADVENTURE.

Congratulations
GRADUATES

Congratulations:

Santa Barbara Dodge would like to commend all the students at UCSB as this school year approaches an end, especially the "Graduates!" New challenges are just around the corner and decisions will have to be made. Among those, a new car decision might be one of your top requirements.

Santa Barbara Dodge would like to extend to all the graduates the opportunity to drive away in the car you really want, without even making a down payment. If this sounds hard to believe, take a look how easy it is to qualify. If you're a recent graduate of a four-year college and have a job — or the promise of one — you can qualify!

We wish you the best of luck in your career and urge you to consider leasing to own or purchasing one of Dodge's performance vehicles. Contact Gary Allison at Santa Barbara Dodge for further information, at 964-8774.

TAKE A LAP!!

with you to class

A laptop computer, that is. Such as the new Toshiba¹ T1100. This little fellow can go anywhere with you, providing constant PC compatible companionship and computing capability. They use cute little 3.5" pocket sized diskettes, are battery powered and they display up to 25 lines of 80 column text on their easy to read LCD screens. Check this out:

Best of all this machine can be had for only \$1749.00. Toshiba supplies theirs with 1 drive, 512K RAM and a 6 hour battery. Other options and configurations are available. Toshiba has a PC Link available that will allow you to connect your T1100 to a PC and transfer software and/or files from 5.25" diskette.

To order your new laptop (or to ask questions about this offer) call 963-1378.

¹Toshiba and T1100 are trademarks of Toshiba America, Inc. located somewhere in upstate New York.
