## How do you want to spend your summer?

- A. B. C. D. preparing for the MCAT

You probably didn't choose D. (And if you did, you really need a vacation.)

But think about it: You can come back to school next fall relaxed, rested, and totally ready for the September 18 MCAT.

We're making it as easy as it can be. You can sign up here, now, and begin to use your Kaplan resources: User's Guide, home study books, practice tests. Whenever you get sick of pure pleasure, you can study a little, unstressed.

And then, wherever you go—whatever you do—you can transfer your enrollment to the local Kaplan Center. In Toledo, Nashville, San Francisco, New York and 150 other places, you can start and/or complete the MCAT Total Training Program.

Choose all of the above.

Classes begin June 14.

"I knew I'd be making a lot of trips to the kitchen the minute I laid eyes on table #7. The woman ordered steak tartare and then sent it back five times for being under-cooked.

*I was bringing her a blackened hockey puck when I realized my Birkenstocks were beautiful.*

It must be the way they support my feet because I didn't feel the least bit worn-out. In fact, I found myself suggesting steak tartare to my next table."
