

STATE COLLEGE REGISTRAR ATTENDS BERKELEY MEETING

MRS. ABRAHAM IS BACK FROM TRIP

Mrs. Jane Miller Abraham, Registrar, reports a most profitable and pleasant three days conference of the Pacific Coast Association of Collegiate Registrars. The first meeting was held at the University of California at Berkeley, the second in San Jose and the third at Stanford. Problems common to all types of records, transfers and evaluations were discussed. A uniform blank for the transfer of high school records is in the course of completion. If it is adopted it will facilitate the work of the high school registrars and principals. Discussion showed that many of the colleges represented charge a fee of two dollars or more for evaluating records. Many of the colleges represented will not accept transcripts presented by students for transfer. The record accepted must be sent direct from the registrar's office.

The first meeting held at the International House on the campus of the University of California was of especial interest. The lovely building is a gift to the university by Mr. Rockefeller and cost \$1,800,000.

The conference closed with a trip through the Registrar's office at Stanford University. The Registrars were guests of Dr. Mitchell at a barbecue luncheon and the Stanford-Washington football game.

Charles T. Fitts, Registrar of Pomona College, is the new president of the Pacific Coast Association for the year 1930-1931; Dr. Mitchell, Registrar of Stanford University, is the President of the National Association of Collegiate Registrars.

NEW PROGRAM IS MADE FOR CLUB

The fall program of the Outing Club as announced by Thomas Keating, president, has been moved ahead due to the activities during Home Coming Week. The new program follows:

December—Cabin Trip and horseback ride to Little Pine Mountain.

January—Auto caravan to Los Angeles Mountain Playground.

February—Cabin Trip, hiking and planting of cabin grounds.

Other events will be announced later. It is not too late to join the club. Membership in the organization is open to any member of the school who enjoys wholesome fun in the great outdoors. The dues are 75 cents per semester or \$1.00 a year. Tickets may be obtained from Thomas Keating, Miriam Smythe, Archie May or Charles Van Winkle.

Edwin Ellison Is Honored In North

Word has been received from the north of the success of the fall formal of Epsilon chapter of Delta Phi Epsilon fraternity at the University of California. Edwin H. Ellison, son of Dr. and Mrs. W. H. Ellison of East Annapolis street was chairman of the decorations committee. A large part of the success of the affair was due to the work of this committee, according to reports. The decorations were in the travel mode, foreign flags, ship flags, posters advertising foreign ports, and articles representative of different countries being used to carry out the motif.

DISTRIBUTION OF MONEY EXPLAINED

Ten per cent of the total student body funds are held in reserve for a sinking fund in case the Associated Student Body runs out of cash, according to the latest news received from the controllers' office. Of that which is left, 39 per cent goes to Men's Athletics, 13 per cent to the La Cumbre fund, 13 per cent to the Social Committee, and 10 per cent for the hospitalization fund, which is an innovation this year.

The "Roadrunner" gets nine per cent, A. W. S., 5 per cent; Women's Athletics, 4½ per cent, and Men's Club, 2½ per cent. Two per cent goes to the general fund, and one percent each to oratory and activities. It is interesting to note that women's activities receive only 9½ of the net student body money, while men's activities get 41½ per cent. However, men's athletics are the source of a large amount of the Association funds, and it is stated that the money expended on them is returned many-fold at the end of each season.

STUDENT-BODY OFFICE ROBBED OF MATERIAL

Between the hours of 11 o'clock Wednesday morning and 12 o'clock Thursday the steel file in the student body office was broken into. The contents of two sections were rifled, that of the Stadium Committee and the one in which Kay Bishop keeps all La Cumbre material. Nothing of value was taken, except a few pictures for the spring edition which at the expenditure of time and trouble can be replaced. The school camera was at the photographers being refilled.

Miss Bishop states that those entering the place were ostensibly after money, as heretofore funds of both the Student Body Treasurer and of the Stadium Committee had been kept in these files but were transferred to another department this fall.

The occurrence is greatly regretted as Santa Barbara State has been remarkably free from dishonorable occurrences. It is hoped that no further reports of this type will be forthcoming.

A. W. S. Party Has Large Attendance

Saturday night in the Dining Hall the Associated Women Students proved their ability to produce another successful "all-women" party. This time it was in the form of a hard-times bunco party. Prizes were awarded both to the holders of high scores and those displaying the most original and clever costumes.

Refreshments were served at the close of the party and Ella Cornwell and Carmie Janssens provided the entertainment in the way of tap dancing.

Mary Camp, A. W. S. social chairman, directed the evening's festivities.

Vespers Today

The annual Thanksgiving Vesper Service which is sponsored by the Associated Women Students will be held this afternoon, Tuesday, November 25 at 4:30 o'clock in the music room.

Elsie Tietz who is in charge of the service has been fortunate in securing Reverend Benjamin Goodfield, pastor of the First Baptist church of Santa Barbara as the speaker for the afternoon. Mary Louise Dye will sing Gounod's "Adore and Be Silent," accompanied on the harp by Miss Eleanor Mellinger.

CAMPUS GOSSIP

DID YOU KNOW?

That Lou Goodfield, dignified senior, had a popular frosh co-ed at the last dance?

That Daisy Cromwell and Dot Bartley were serenaded recently by the Tau Omega pledges?

That Charlotte Mason has also acquired glasses to wear while studying? Has anyone seen her wearing them?

That Alice Furman seems to prefer decided blondes? Or is "Whitey" a blond?

That Bob Winters treasures a mysterious love letter from some young lady? Need any help, Bob?

That Alyce Corbin is often seen with a tall, attractive stranger? (He doesn't go to State!)

That Vic Colton has not succumbed to the charms of any of State's fair co-eds? More power, Vic!

That Sally's and Kay's passwords last week was—Are you going to the big game or do you know some one that is, so we can get a ride?

That Miss Platte's lab. is always filled with visitors on Thursday afternoons. Some of the students suggested that, if these people were so intensely interested in cats, they would gladly let them do the carving.

That Wes Dickenson was seen on a recent Sunday afternoon—out riding with Chloris Bixler?

That Lovell Pageot recently surprised everyone and remained in Santa Barbara for the week-end? Yes, his girl friend came up!

That Katherine Gaines is wearing an engagement ring now, and that she admitted that Irving Johnson is the lucky man.

Shirley Mercer and Virginia Weber drove up to the Stanford-Cal game Friday. Shirley took her brother's car up to him at Stanford, and they are coming back with Mr. and Mrs. Mercer.

That Margaret Barnett is having a mid-term vacation. After attending the Stanford-Cal game, she is going to spend two weeks in San Francisco.

That Dorothy Hardeson spent the week-end in Los Angeles buying all kinds of new things.

You should have seen Johnny Reid "falling" for Elsie Tietz on the steps of the administration building last Friday morning.

Irene and Melba Jeanne Parker were the victims in burglary last Tuesday evening at the home of Mrs. O. E. Hall, 1725 Grand avenue, where they are residing.

A valuable necklace and money was stolen. Finger prints were obtained on the jewel box by Detectives Marion Wilson and Alan Hauan. Entrance to the house was gained by cutting the screen from a window.

TEA GIVEN BY STATE COLLEGE ALUMNI DURING HOME-COMING

CHARLES HUTCHINS TALKS TO STUDENTS

Did you know that birds save our lives? And that we owe much of the prosperity of our nation also to birds? No? Neither did most of the other students of State until they attended the program given last Wednesday afternoon by the California bird man, Charles Bowman Hutchins.

There are thousands of different kinds of birds, and yet the average person knows only seventeen. Hutchins told the story of a boy who declared there was a red bird in Washington. When the bird man dropped the subject by saying it was only an optical illusion, the young man was indignant, "I guess I know every bird around Washington," he stormed, "but I've never yet heard of an 'optical illusion'."

Of particular interest, especially to the elementary children in the front rows, were the bird calls and drawings by Mr. Hutchins. The bird man also whistled songs, accompanied by Miss Ruth Rizer at the piano.

In closing, Mr. Hutchins drew the bird of paradise. This picture was given to one of the boys of the beginning class in the elementary school for answering a number of questions correctly.

BLOCK S DANCE IS TO BE HELD AT ROCKWOOD

Our second Cord and Gingham Dance will be held tonight in Rockwood at 8:30 o'clock. The dance is in honor of our football team, who two weeks ago completed the most successful season in the history of the school. Coach and Mrs. Hal Davis, Luke Trimble and Fred Allred will be the guests of honor.

Virginia Weber is in charge of the arrangements for the dance, and requests that all women attend in gingham dresses, and the men in "cords."

The program for the evening, which will be in the form of a rally, is under the direction of Miss Weber. Wes Dickenson has charge of the decorations, Catherine Rogers heads the clean-up committee, William McDavid is floor manager, Elizabeth Peacock is in charge of the refreshments and Stuart Thompson will handle the advertising.

Nat'l. Association Will Accept W.A.A.

Upon receiving word that the W. A. A. had been accepted by the national Athletic Conference of American College Woman, an announcement of the good news was made at the W. A. A. meeting held last Thursday. In addition to other privileges, the affiliation with this national organization allows the W. A. A. to send members to the national convention.

Other business taken up at the meeting was the election of a scrap-book editor. Alice Warring was chosen to fill this position. Pearl Reiger was elected manager of natural dancing. The girls also discussed their overnight party that is being planned for the near future.

GUEST BOOK IS SIGNED BY MANY

One of the most important functions of Home Coming Week was the tea given by the Santa Barbara Alumni Association for the graduates who were here for the week-end. The tea was given from three to five o'clock, in the dining hall, on Saturday, November 16.

Those in charge of the tea were Edwina Kenney, Clara Fraga, Frances Dearborn and Mrs. Helena Bacon Collins, Miss Ebbets, Mrs. Crowell, Mrs. Barnett, Mrs. Hodgins, Mrs. Price, Mrs. Browns, Mrs. Pyle, Mrs. Phelps, Miss Severy, and Mrs. Jane Miller Abraham presided at the tea tables.

An interesting feature of the tea was the Guest Book which was passed around for the Alumni to sign.

Almost all of the sororities on the campus entertained their alumni during Home Coming Week. The Delta Zeta Deltans had as their guests, Mary Todd, Micky Knick, Georgianna Browne, Laura Middleton, Emily Van Wagner, Dorothy Merritt, Claire Kibbe and Jean Powell. The Alpha Theta Chis entertained Eujane Carr, Edith Smith, Molly Cheroske, Helen Campbell, Marcia Goodwin, Christine Hamilton, Charlotte Mobley. The Phi Kappa Gammas had as their guests, Grace Miksch, Helen Donnelly, Leilia Egan, Mildred Wright, Edwina Kenney, Gladys Thomas and Elsie Le Blanc. The Tau Gamma Sigmas entertained Catherine Durhan, Mary Jane Lawrence, Thelma Morgan, Louise Lowry, Marlyn Jameson, Micky Webster, Fay Munger, Ann Hegeman, Margaret Furman and Margaret McTavish.

Howard MacKibben, Nels Lager, Gates Foss, Edditt Davens, and Tom Hill were also among those who were here for Home Coming Week.

DR. W. H. COOKE VISITS COLLEGE

Miss Edith M. Leonard, primary supervisor in the College Elementary School, had as her house guests last week-end Dr. and Mrs. W. H. Cooke of Pomona and their two children. Dr. Cooke is head of the Social Science Department at Pomona and Mrs. Cooke is a teacher in the first grade in the Claremont schools. Mrs. Cooke inspected the elementary school's various departments. Dr. Cooke also visited the school and expressed great admiration for the beautiful location.

Dr. Ben R. Crandall, head of the State Polytechnic school of San Luis Obispo was also a guest of Miss Leonard and her sister, Miss Margaret Leonard, over the week-end.

Annual Pictures Are Being Taken

Notices are being received daily from Bartel's Studio for picture appointments. Kay Bishop requests that these be met promptly and that any officer of any organization, or Greek letter member who has not arranged for an appointment do so at once, in order that the work of taking the pictures may be completed before the Christmas holidays.

To any one who is desirous of securing additional pictures as Christmas gifts, this will come as an advantageous opportunity, since student rates will be allowed by the studio for all who have appointments.

THE EDITOR SPEAKS

PUSH THIS PROJECT

Picture this—a new, wide boulevard leading up to State College, bordered on either side by sidewalks and huge lighting standards! And this may be the scene within a few months!

At a meeting of the Riviera-Mission Ridge Association, which includes some seventy citizens of that region, a resolution was passed to present plans for such construction to the city council. The Association has been working on the development of the boulevard for some time, and now they are ready for action. This project will do much toward the further beautifying of our school. Let's push it!

—M. M.

WHAT OF THE STATE COLLEGE?

Robert Gordon Sproul, recently appointed president of the University of California, in his inaugural address made it very clear that he considered the growing scope of the various State colleges throughout California to be jeopardizing the future growth of the state university.

Mr. Sproul contends that the teachers' colleges should remain teachers' colleges only, and criticises junior colleges on the basis of scholarship and teaching personnel. It is his contention, as well, that to have more than one state university is wasteful, inefficient, and would lead, in his words, to "log-rolling" on the part of the smaller state supported colleges.

There is, of course, some truth in what Mr. Sproul says. He does not ignore, however, the fact that not only junior colleges but state colleges must pass through a period of inefficiency, perhaps of waste, in their early growth. There is a possibility, wholly a matter of conjecture, that results achieved per individual in the smaller school are not as great as the results achieved through training in a larger school. In any event, the fact remains that state colleges and junior colleges must inevitably grow in size and scope, and will eventually compete with the state university, simply because of the great need for better and larger sectional school facilities. Policy must give way to fact.

—San Diego State College Aztec.

STEAM—THE STUDENT'S BLOWOFF

Dear Editor:

I am writing you as one of an interested group of students. Will you, either to me personally or in the columns of your worthy paper, endeavor to explain the condition that I am about to designate.

As you well know, we have here at State, the best band in the city. This organization is led by Cliff Leedy, a busy man, but one who has enough interest in State to donate his services. Through his direct and untiring efforts, a program was arranged at the Granada Theatre in the form of a Midnight Matinee which was for the purpose of obtaining funds to sponsor a band tour, somewhat in the nature of the Glee Club tours which have made our institution famous.

After arrangements were practically completed, and a net profit of from 150 to 200 dollars assured, the whole thing had to be called off because of the objection of our Dean of Women,

who was unwilling to permit any activity that would keep the women of the campus out after midnight on the streets of our wicked city.

Why should a condition exist, especially here where we are supposed to be learning to control the childish activities of the next generation. Why should one person, woman or man, be allowed to dictate conditions that retard the beneficial progress of any one organization and the College as a whole. Are we mere children that have to be governed as the elementary school which exists on our campus? Are the women of State so weak that they cannot be permitted to look out for their own welfare? If so, why are they being trained to teach?

Will you, as a personal friend and as a supporter of Santa Barbara State please try to explain this deplorable condition.

Sincerely,
 A Student.

EXCHANGES

Students of the Montana State College have been striking against what is called the "Curfew Law," which was recently established by the faculty social committee, and reads that all college women should be in their quarters by 11 o'clock every night, including week-ends. Hand-bills have been circulated declaring that co-eds are "less free than high school women" and that this "convent regulation" was unreasonable. The students propose that co-eds be allowed until 1 A. M. Friday and Saturday nights and until 11:15 Sunday nights.

Dr. E. C. Watson, of the California Institute of Technology, in a recent talk before the assembly of San Pedro High School, said that if a student planned to be an engineer he should take four years of English and mathematics, chemistry, and physics, a language, and history, in high school. In college he should specialize in fields of research.

The Kent State College of Ohio is proud of the fact that on the stage of their administration building, which is now being dismantled, have appeared Madame Schumann-Heink, the Marine Band, Chief Justice Taft, and many officials of the state.

Early in December Prof. Albert Einstein, world-famous scientist, will arrive at the California Institute of Technology for a three month stay. He will spend his time in research work at the institute and at Mount Wilson observatory.

One way the Nebraska State Teachers' College at Kearney has of financing itself is by a college farm. An official record shows that from July, 1929, to July, 1930, \$1,000 worth of stock was sold from the farm.

Dramatics Gossip

Last Friday afternoon at the Community Arts Little Theatre Dr. Maxwell gave a talk on the subject, "Folk Themes in American Drama." The talk was an introduction to "No More Frontiers," the play being presented at the Lobero Theatre this week.

There are promises that a course in advanced composition will be added to the college curriculum next semester. Many students have been expressing their desire for such a course, and because of this pressure our English professors are giving the question serious thought. Students interested in taking this course will help by reporting to either Dean Ashworth or Dr. Maxwell.

Concerning our own dramatics organization, it might be said that the Christmas program is to be a vaudeville entertainment. Besides the two plays, "The Killer" and "Rosencrantz and Guildenstern," there will be music under the management of Carmel Leach and dancing in charge of Ruth Reynolds.

DEPARTMENT NEWS

H. E. XMAS SALE DECEMBER 17

The Christmas sale sponsored every year by the Home Economics Department will be held December 17 in the Quad. The various articles to be sold are being made by the girls in the department.

Among the variety of things to be made are pillows, dresser scarfs, buffet sets, aprons, toy dogs, luncheon cloths, and pot holders. There will also be candy, pumpkin pie, and plum pudding, so start saving your money and purchase your Christmas gifts on December 17 from the Home Ec girls.

Dr. Ellison still holds that there are 675 students enrolled in the history course, and of these about 40 are majoring in social science. The department is rather quiet now—but then there's always a lull before the storm.

There are about 40 students enrolled in the English course. If numbers prove anything, Public Speaking is the most popular of the English courses.

The Stage Craft class of the Art department, under the direction of Mr. Kebely, is busy working on the stage sets that are to be used on December 9, when the Art and Music departments collaborate to entertain the students in assembly. A series of tableaux expressing the holiday spirit will be presented.

The advanced harmony class, under Helen M. Barnett, has completed an Easter Cantata to be given this spring by the combined glee clubs. The composition has not yet been named but is being put in shape for mimeographing. There are seven members of the harmony class who are the joint composers of the cantata. They are Anita Cochran, Betty Procter, Dorothea E. Peterson, Irma Starr, James Tucker, and Mr. Vivian. This is the first time that an undertaking of this sort has been attempted at State and we are looking forward to the production with great interest.

I. E. HOME EC. TO HOLD PICNIC

The Home Economics and the Industrial Education departments are planning a joint party in January. "The cooks will furnish the good things and the orchestra, and shop men are expected to do the rest," said Mrs. Ralph Johnson, president of the domestic science girls.

The exact date of the party has not yet been set.

The new Industrial Education fraternity is beginning to show signs of mobility. In fact its eyes are open and it is discarding the pink of infancy for a long life of stability and action.

Although the ears of the campus strain for the faintest whisper of the name the new scholarship group is to bear, not a word has come forth. It is known, however, according to Carl Shoemsmith, president of the organization, that every member is on his toes, working on one or another committee.

The next meeting of the fraternity is to be held on the fourth of December. This is to be one of the most important the group will ever have, because the constitution will be discussed and adopted or rejected.

The orchestra has several tentative engagements between now and Christmas vacation, according to Mr. Leedy. They are working on some special numbers for an assembly to be given December 2nd, and will probably play for the Christmas program also. An invitation to broadcast over KDB has been extended to the college orchestra, but no definite plans have as yet been made for their appearance.

"Football may come and football may go, but the band goes on forever." Football games and band appearances are not necessarily synonymous, states our famous band leader. Regular practice will continue, and the band will play for rallies, assemblies, and sports events throughout the year. Football togs are checked in the storeroom, but no moth balls are needed for the band uniforms, but no moth balls are needed for the band uniforms.

SOCIETY

D. Z. D.'s ENTERTAIN

As one of their activities for Home Coming Week, the Delta Zeta Delta sorority entertained at a bridge breakfast at the home of their sponsor, Mrs. Jane Miller, on Santa Barbara street.

Green and White were used effectively in decorating, and corsages of the same colors were presented to the guests. After breakfast, bridge was played, the prize for high score going to Miss Elsie Tietz.

Those present at the delightful affair were: Mrs. Abraham, Miss Emily Van Waggoner, Miss Mary Todd, Mrs. Margaret Knick, Miss Dorothy Merritt, Miss Claire Kibbe, Mrs. Jean Powell, Mrs. George Brown, and Miss Laura Middleton, all alumni. Active members were: the Misses Ella Cornwall, Frances Merritt, Elizabeth Peacock, Carmie Janssens, Helen Smith, Elsie Tietz, Jocelyn Kelly, Charlotte Mason, Marie Miller, Marge Johnson, Dorothy May Gibson, Rose Greenwell, Margaret Wilson, Alma Rodriguez, and Mrs. Charlotte Faris.

Fraternities

With "Hell Week" roaring along full blast, campus activities of the three social fraternities soared to a new height last week. The greater portion of the initiatory ceremonies were confined to secluded locations.

The Tau Omegans finished their week on Saturday, while the Sigma Alphas concluded activities on Wednesday.

The Tau Omegans opened their week with a meeting at the home of the president on Monday night. Refreshments were served to the pledges by the members. Meetings were also held every night during the week.

Friday night the members and pledges united in sponsoring a sport dance at Rockwood. Although the affair was one of the scheduled events on the social calendar, it assumed the nature of a sport jubilee in honor of the seven varsity football men who are members of this frat.

SIGMA ALPHA KAPPA

The Sigma Alphas opened their week with a regular meeting at the home of Llewellyn Goodfield.

Eight men, Archie Way, Fred Pierucci, John Eckhardt, Nils Thiebaud, James O'Reilly, Emmet MacTavish, W. Coleman, and Harold Goodfield, were formally accepted into the fraternity on Thursday evening.

We the inmates petition for:
1. A new phonograph for the A. W. S.
2. More dances, we only had four last week.
3. Drop curtains where undressed turkeys are exposed.
4. Bigger and more Alumni meetings.

In a few (?) years from now, when some of you come back for homecoming to look the old battle ground over again—there will be a lot of old maids and one or two old bachelors.

By the looks of things Pollard will still be announcing from KDB. Clemore will be still chasing the frosh women and I'll still be writing yep. The bull frogs will all be grown up, too.

Peacock will still be sitting under one of the eucalyptus trees trying to figure out a joke she heard way back in 1930. Even if we don't get to be Alumnae we can always come back and play in the band.

And to go on with the second installment of our thriller—

Suddenly—as though the very heavens had crashed open, a loud cheer was heard—thusly, He's a frog! Who's a frog? He's a Santa Barbara frog—rah, rah, rah! Out of the soft thickets the cheering mob came. On the shoulders of the admiring her was old "Ace" frog. Shy and blushing was he—in spite of the fact that he had just won the pond jumping championship from the "cookie crushers five." Pollard, the terror of KDB—who had been taking it all in—

Still greater throbs—heart-aches and sighs await you—watch and pray for the third installment. If any of our admiring fans wish to offer suggestions or aid any of the frogs, drop them in the basket. Mr. Thomas will gladly take care of them for you.

Dot "Hardy" Hardison sez: "The fraternities may call this Hell Week—I wonder what they call the rest of the weeks?"

COCHRAN NAMED ORGANIST

Miss Anita Cochran, daughter of Elbert L. Cochran, secretary of the Chamber of Commerce, has been appointed organist for the new Unitarian Church on the corner of Santa Barbara and Arrelaga streets. Miss Cochran who is to be the regular organist of the church, is a pupil of Harold Gregson, organist of the First Presbyterian Church.

KAPPA OMICRON PHI PLEDGES ENTERTAIN

The pledges of the Kappa Omicron Phi fraternity entertained the actives with a dinner on November 17th at the home of Mrs. U. Uijima, an alumnus. The entertainment of the evening consisted of a musical program presented by the Hawaiian trio of KDB. Those present were: Misses Clark, J. Kelley, J. Lind, M. Stiber, M. Camp, H. Walker, W. Jones, C. Jennings, R. Ezaki, D. M. Peterson and Mrs. M. Johnson.

"Shakespeare" Loveland, possessor of "box apples extraordinary," hasn't been chasing women this semester. He's got his "eye" on the College Widow.

CO-ED SPORTS

"Dum, dum, da da," hums. Prof. Dozier as the scene shifts and we see Helen Furby, Mildred Chamberlain, Elizabeth Peacock, Ethel Hudson, Ella Cornwall, Mae Reeder, and Pearl Reiger as the gayest of senoritas. Take no alarm, dear reader, it's only the folk-dancing class learning the dances of sunny Spain!

And at the rate senoritas Ethel Hudson and Elizabeth Peacock are going, they will soon be signing contracts as fiery Spanish dancers.

Phizzed just woke up with a thud! "Tillie" Chamberlain has been engaged for a year. Wedding bells will be ringing next month.

Wonder why Pearl Reiger was so intent upon going to the Stanford game. Who's the big moment, Pearl?

In spite of all the hockey casualties this year, there was a big turnout for basketball last Tuesday. Phizzed missed Mary Longawa and Ella Cornwall, who have not sufficiently recuperated from the hockey combats to re-enter the fray. Little wonder, Longawa has a sprained wrist while Cornwall has a sprained ankle.

Three basketball frosh certainly go after their women! Florence Longawa charged and fell on Anna Furtado. Anna isn't sure yet whether she has any bones left unbroken.

Believe it or not—at last, the frosh have been humbled. In basketball they even admitted modestly that they "didn't think they

CASABA MEN LACK GYM

"We want a touchdown!" No more does this gripping cry arise from the bleachers on a chilly evening. Instead, there penetrates the halls of State and echoes even into the downtown athletic circles a mournful dirge, "We Want a Gym—We Want a Gym!" This chorus is led by Coaches Davis and Trimble, and is taken up by the basketball team and Student Body.

Because there is no gym in the city suitable for inter-collegiate basketball games, the Flying "A" floor having been taken over by the movie producers, no action has been taken on the basketball schedule.

Prospects for this year's casaba squad are the best in State's history, according to Coach Trimble, and if a place to play can be secured the Roadrunner hoopsters may follow the example of the pigskin toters and make a clean sweep of the season.

Besides Barnett, Imes, Kessler and Porter, who starred on last year's varsity five, the quintet will be strengthened by the addition of a group of speedy players from the frosh team of last season. Greeson, Carlston, Hopkins, Treloar, Grady, Hughes, and Powers are the outstanding men in this group. Several of these players show indications of becoming shining lights on the varsity squad. The Roadrunner schedule, when it is made up, may include most of the Southern Conference schools.

know much about this famous sports, but could learn." 'At's the old spirit!

BOXERS START FIGHTS SOON

Turning from the modern art of football, the mighty men of State are getting in trim for a saturnalia of the ancient sport of fist-cuffs. Luke Trimble has issued the call for entries in the second annual pillow swinging jamboree. The tourney will get under way right after Thanksgiving and will continue until only the mighty are left. As is customary a suitable medal will be awarded in each class.

Matches are to be made in six classes. The li' fellas will fight in the 126 pound division. The lighties will tangle at 135 pounds. The 148 and 160 pound classification will take care of the great middle class, while the potato eaters will mix it in the 175 pound and heavyweight divisions. These groupings give everyone a chance to take a few pokes at some one his own size. Luke wants everyone whom the faculty recently remembered to come out and work some of the gall out. From figures released by the registrar's office, it is evident that there are a great many able bodied males who should enjoy a chance to swing on someone.

Championships in three of the divisions will be defended, but the other three are wide open affairs. Army Kessler will defend his heavyweight title, and he seems to have the best chance of repeating. "Whitey" Haberek is still around to look after the 160 pound crown, but she should have plenty of competition. Cece Hickman is the other defending champ. Cece is in the 148 pound mob and there are a lot of good men in his way before he can take another medal.

In addition to the leather pushing matches, Trimble has arranged a wrestling tourney. The roil and grunt men will be divided into the same classes as the punchers, and medals will be awarded in each weight. Everybody should get into one or both of these tourneys. If you can't hit, come out and roll.

Theatres

GRANADA

"Billy the Kid" playing at the Granada tonight for the last time is well worth seeing. It is based on the historical character of William Bonney who was known as the most dangerous man in the west. It is a glamorous wild west show and features John Mack Brown as "the Kid."

Feeling sad, then see "Sunny" at the Granada the last part of this week. It is taken from the stage play and stars Marilyn Miller.

CALIFORNIA

Tonight is the last opportunity to see John Gilbert and Wallace Beery in "Way for a Sailor." As the title suggests it is a story of shipmates hard and tough, but there is also a gripping glove story.

The second part of the week, one may see "The Gorilla." The very name makes one shiver, but wait until you see it. It's a story packed with hair raising mystery and hilarious comedy.

ROSE

Douglas Fairbanks, Jr. and Anita Page in "Little Accident," is playing for the last times tonight at the Rose. It is an interesting story with clever situations. It deals with a man who upon his wedding night is called to a maternity hospital. Well, of course, this is rather incriminating. Sorry, the rest isn't for publication.

Eddie Quillan, one of the new finds for stardom is playing in "Big Money," starting tomorrow. What would you do if someone left you a million? Haven't you often imagined yourself in this position? Well, Eddie has his own ideas.

MISSION

Tonight and tomorrow night is a repeat performance of "Dawn Patrol," featuring Richard Barthelmess.

Saturday's program includes "The Most Immortal Lady" and a vaudeville entertainment.

THESE AND THOSE

We have come to the conclusion that all football men should be required to take the course in public speaking under Mrs. Hal Davis. We went to that football banquet last Friday night in the Caf, and we were forced to witness the tragic spectacle of several big husky guys who are regular go-devils on the gridiron, stammer, blush, and finally retire into a tongue-tied silence, shaking with terror and red to the roots of their hair, all because they were called on to say a few words. Boys, Mrs. Davis will straighten you out. A few trips to the platform and she'll make silver-tongued orators out of you. (This advice especially recommended to Harry Killian and Luke Trimble).

We must say this for Johnny Davis, though. He talked just six and seven-eighths seconds by the clock, but at that it was enough to make it the best speech of the evening. The sum and substance of it was in appreciation of Miss Churchill of the Cafeteria, who made possible the banquet. And we're telling you that it was the best free feed since we stuck our feet under the table back home. Mm-hm!

BARNETT ELECTED FOOTBALL CAPTAIN

Walter Barnett was elected captain of 1931's football squad at the football banquet in Ebbets Hall last Friday night. The banquet was followed with impromptu dancing.

KNUTE ROCKNE CITES EXAMPLE OF GOOD SPORTSMANSHIP

An example of good sportsmanship appears in a recent article, "Footballs or Hand Grenades?" by Knute Rockne, which appeared in the November "Rotarian." He says:

"We teach sportsmanship in football. Last fall, when our team from Notre Dame went up against Northwestern University in Dyche Stadium at Evanston, Illinois, one Notre Dame man had an injured muscle in his side. The Northwest trainer came around and offered him the use of a protective appliance—offered it to a player of the rival team! Not only that, the Northwestern man who was to play opposite our fellow, came up and said:

"They tell me you have a sore spot. Where is it? Our man showed him. Did the Northwestern player take advantage of his information? He did not. Our chap played forty-five minutes and his spot was never touched."
