No. 6

## FORMAL CONCERT BY TALENTED STUDENTS

A Santa Barbara College formal student music concert will be presented Wednesday night at 8 p.m. following the final Twilight sing of the summer session. The concert will be presented free to the public in Music Hall on the Riviera Campus with Dr. Van A. Christy, Professor of Music, in charge of the arrangements.

This is the first time such a concert has been presented by the Associated Students summer session and will feature several advanced students of music, including two of the leading singers in the forthcoming Fiesta Operetta, "La Noche Serena". In addition the program will have young musicians who are studying privately with the summer school music department faculty.

A varied program of vocal and instrumental selections is planned with classical, traditional and popular works included.

Gloria Nygard Harrison, soprano, student of Dr. Christy, will open the concert. She has been appearing professionally in Santa Barbara and has been a regular contributor to the music department concerts during the regular school year. She has also made several appearances in motion pictures and on the radio.

Tenor Stanley Arnold, a summer session music major, will present songs by Deems Taylor and Massenet. June Davies, studying piano with Lloyd Browning, assistant Professor of Music at the college will play Debussy's Arabesque.

Joy Aarset, a Santa Barbara High School student, who played first chair in the second violin section of the California High School Symphony, will contribute five selections. At present she is studying with Edwin Jones, on the music department faculty.

## DELF PICKARTS ENROUTE TO SCANDINAVIAN COUNTRIES

Del Pickarts, Santa Barbara College javelin star, is on his way to Norway with other California athletes as a member of the AAU track squad. He left the Idlewild Airport in New York for the U.S.-Scandinavian track meet to be held July 27, 28, and 29.

Del has an impressive record behind him to justify his present trip. This season he has broken the school record and his own previously set records seven times. This display of athletic prowess broke the record set by Al Sprague in 1938 with a throw of 183' 11". His latest record breaking throw at the NCAA meet in the Los Angeles Doliseum was 221' 10 $\frac{1}{2}$ ", a throw 38' better than the ten-year old record set by Sprague.

Del will be a senior next year, and will prove himself invaluable to the Gaucho track team and the College.

## IT MAY SOUND FISHY, BUT....

75 followers of Isaac Walton boarded the luxurious cabin cruiser "Bellron" at the Breakwater dock last Saturday morning at 7:30 a.m. to enjoy the annual fishing cruise over to the Islands. Although most of the student passengers complained about arising at such early hour on Saturday morning, all were enthusiastic at the completion of the trip.

The two hour trip to the Islands was unusually calm. Everyone appreciated the opportunity to view Anacapa Island at such close quarters. The fishermen first tried their luck at the north end of Anacapa, and the catch produced innumerable Mackerel and Rock Cod. When they chose the barrier reefs where the catch was Cod and Whitefish. A jackpot was held

FORMAL CONCERT

(cont from page 1)

Baritone Sam Simons, another student of Dr. Christy, will sing three selections. Simons has made several appearances on the college stage with his versatile singing abilities. He will play the part of Pablo in the Fiesta Operetta.

Betty Smith, soprano, and Bernice Baker Jones, pianist each have a section on the program. Miss Smith is a student of Helen Barnett, associate Professor of Music. Mrs. Jones, is a student of Professor Browning and is considered one of the finest pianists on the campus.

Bruce Stewart, playing the part of hero in the Fiesta Operetta, will be one of the outstanding singers from the Music department. This bass-baritone is a music major and a former member of the San Francisco Opera Company and the Columbia Broadcasting Company of Canada.

Accompaniists for the concert will be Helen Barnett, Francis Wishard, Mary Burton and Irving Eisley.

COLLIER ARTICLE TELLS  
CALDWELL TRUE STORY

Starting in the July 23 issue of Collier Magazine is a three-part serial of the story of John Caldwell's true adventure crossing 7800 miles of ocean from Panama to Australia, called "Voyage of the Pagan"

John, last year's student body president, has a fabulous story to tell. After he was discharged from the Merchant Marine, he found himself in Panama; his bride in Australia, and an expanse of 7800 miles of treacherous Pacific between them. Finding that the only way he would manage to get to Australia would be to sail across himself, he bought a 29 foot boat, equipped it with goods, and set sail on his long journey.

Among his adventures are a struggle with a shark half the size of his small craft, splintering his boat to shreds; investigation

FINAL TWILIGHT SING

Fiesta spirit will have its part in the Santa Barbara College campus life Wednesday evening when the final Twilight Sing of the summer session will take on an Old Spanish Days flavor. The sing will start at 7 p.m. in the Riviera Campus Quad.

Dr. Van A. Christy, director of this last community singing event, extended an invitation to the public to join the college group in the singing of familiar Spanish and Mexican songs heard each year in the Fiesta.

A special feature of the event will be the appearance of Gloria Linn, soprano, and Bruce Stewart, bass-baritone, who are taking the leads in the forthcoming Fiesta Operetta. They will come in costume and sing two duets. Both of these singers are well known and will help the community group in the singing of many Fiesta songs.

Dr. Christy will also have music for a number of Latin American folk songs, recently made available in English translations.

Following this Twilight Sing, a formal student music concert will take place in Music Hall at 8 p.m., also free to the public.

NO SQUARES AT THE SQUARE DANCE

Students and faculty will have their last opportunity of the summer session to enjoy the popular revived recreational activity of square dancing tomorrow night, July 27, at 7:45 p.m. in the Women's Gym.

Miss Jean Bellinger, faculty sponsor, cordially invites students to make requests for their favorite dances at this last get-together. For an evening of good fun, come join the square dancers Wednesday night!

CALDWELL STORY

(Cont from page 2)

of a tropical waterspout; and a flirtation with death--falling off his boat into the stormy waters.

With the article is a picture of John, his wife, and his two sons. Everyone in the student body will be interested in John's dramatic tryst with the perils of the sea.

The Collier article is a condensation of John's forthcoming book, which is being published for release this fall.

This summer John is taking life easy. He graduated from Santa Barbara College last June and his plans for the future are not yet formulated.

IT MAY SOUND FISHY, BUT.....

(Cont from page 1)

among the fishermen, and the winning trophy was an 11 lb Sheepshead fish, hooked farther north on the reef.

An experienced fisherman, the Captain drifted free over the grounds, unlike his competitors who prefer the anchor. This gave everyone a chance to keep his line in the water. The success of his technique was borne out by the catch.

A final try was had at the shallows west of Santa Cruz Island, where two additions were made to the catch. Coming back, the weather was rough and most of the passengers sought shelter in the cabin. IF THE CAFETERIA IS SERVING FISH THIS WEEK, YOU'LL KNOW THE REASON WHY!

"BETTER PATTERNS IN INDUSTRIAL EDUCATION"  
TOPIC OF VISITING PROFESSOR

Dr. Homer J. Smith, visiting professor of industrial education at the Santa Barbara College summer session, will speak on "Better Patterns in Industrial Education" on Tuesday (July 26) at 7:30 p.m. in the Mesa Campus auditorium.

The meeting will be open to the public without charge, according to Chester Troudy, acting president of Epsilon Pi Tau, honorary industrial arts fraternity, which is sponsoring the event.

Dr. Smith, who is Chairman of the Industrial Education Department at the University of Minnesota, is one of the best known figures in the field. He has written several books and is a regular contributor to national education journals.

A graduate of the University of Wisconsin, Dr. Smith received his M.A. and Ph.D. at the University of Minnesota. He is president of the National Association of Industrial Teacher Trainers and a consultant for the American Council of Education. He is also a member of the Committee for Evaluation of Credit Earnings in the Armed Services, and belongs to numerous professional organizations.

\*\*\*\*\*

DON GILL, ATHLETIC TRAINER  
HEADS FOR FLORIDA

Santa Barbara College has lost its likeable Athletic trainer with the resignation of Don Gill from that post.

Don has accepted a position with the University of Florida as their trainer. The Florida Gators belong to the Southwestern Conference.

Don has been head trainer on the Gaucho campus for the past three years. Last year he was elected executive secretary of the Pacific Coast Athletic Trainers' Association, an organization which he helped form.

(Cont page 4)

DON GILL HEADS FOR FLORIDA  
(Cont from page 3)

He came to Santa Barbara College in 1940, served during the war as a Navy Pharmacist's Mate, and returned to graduate last year. He lettered in gymnastics while an under-graduate.

Don Gill was invaluable on the campus with his help in greatly improving training methods and facilities.

No one has been found to succeed Don as Athletic Trainer.

MILITARY INTELLIGENCE UNITS  
ACTIVATED FOR FOREIGN LANGUAGE STUDENTS

A group of Military Intelligence units will be activated at Santa Barbara College of the University of California in August, it was announced today.

The commanding officer will be Dr. William F. Aggeler, Chairman of the Department of Foreign Languages and a major in the Organized Reserves.

The reason for organizing these units, Dr. Aggeler said, is to utilize the foreign language ability of faculty members and students. Membership in the units will be limited to these two groups. The former will fill the officer positions, while students will comprise the enlisted personnel. To be eligible, a faculty member or student must be fluent in a foreign language.

Organization of the new units, which is part of the Army Department's Affiliation Program, has been approved by the Regents of the University of California. Similar units are in operation on the Berkeley and Los Angeles Campuses.

Separate units will be set up for different languages, Dr. Aggeler said, the exact number not having been determined yet. The program will be synchronized with the school year. It is planned to hold three meetings a month for eight months. Refresher courses in the languages may be included in the program.

APPLICANTS OF THE  
FULLBRIGHT ACT

Norway and Holland have been added to the list of countries in which American graduate students may study under the Fullbright Act.

This announcement was received by Dean of Women Helen E. Sweet.

The notice stated that there will be 25 openings in each of these countries during the academic year 1949-50, in accordance with the educational exchange programs approved by the Board of Foreign Scholarships.

Applications for this year must be made immediately, Dean Sweet said. Generally three months are required to process applications.

Basic requirements for applicants are a B.A. degree, facility in the language of the country in which the student desires to study, and a significant study program.

Seventeen other countries will be open for applications for 1950-51. Later announcements will be made covering these.

The Fullbright Act authorizes the use of foreign currencies and credits realized through sale of surplus property abroad for educational exchanges. Americans are sent to institutions in the countries concerned, and foreign students are brought to the United States for study providing they do not displace American students in our educational institutions.

The Secretary of State is responsible for the general administration of the Act. The selection of participants is made by the Board of Foreign Scholarships after preliminary screening by the Institute of International Education in New York. Applications are sent to the latter office.

Additional information may be obtained from the Office of Dean of Women.

\*\*\*\*\*

The unit is part of the Organized Reserve Corps, and those participating will receive pay.

## REMAINDER BOOK SALE

### CLASSSED AS HUGE SUCCESS

The sale of remainder titles by the College Bookstore was pronounced a real success at the close of business last Friday evening.

Most everyone found at least one title to his liking and many persons were seen leaving the store with huge armsful of various titles.

Many requests have been made that the Bookstore include technical books in the next remainders purchased. Unfortunately, most technical titles are handled in a different manner than the average trade titles and, therefore, do not become remainders as quickly as do other titles. If possible, however, a list of technical books will be obtained for the next sale.

Since the students and faculty have shown that they are definitely interested in such sales, plans are being laid to hold the second sale during the month of October. This will give even more people an opportunity to fill personal libraries since the entire student body will have returned to the campus with the opening of the Fall term.

A number of good titles are still available at the same sale prices, 29¢ and 97¢. Among them are:

WE, THE PEOPLE  
PIETY Vs MORALITY  
GEORGE ADE  
PROMISED LAND  
BLACK HAMLET  
THE PERMANENT ADE  
I GO BY SEA  
NOT NOW BUT NOW  
THOSE OTHER PEOPLE  
JUSTICE IS A WOMAN
