

## FIRST STUDENT BODY DANCE IS SCHEDULED FOR TONITE IN GYM

Get out your old clothes and come to the hardtime dance which will be held in the gym tonight at 8:30. This is the first dance of the season and a large turnout is expected.

Several special features of the evening will be: the Virginia reel, the Paul Jones, and the Whistle dances. The old students, who have heard Keith Gunn create an amusing atmosphere with his Scotch dialect, should consider this dance another opportunity to be well entertained. Mr. Gunn will give several selections of his type during the evening, and there will also be a special program.

Every year a visiting team has been present but due to the postponement of the game with Southwestern University our team will be without guests so everybody come and make it a big success.

The gymnasium is to be decorated with cornstalk, bamboo and hay. Every detail has been carried out to make this dance a huge success. The refreshments are to be a big surprise. When you come tonight dressed in your old clothes prepare to let loose and have one big time.

The committee in charge of this dance includes: Norvel Dice, decoration; Eleanor Hicks, invitations; Ester Janssens, program; Harold Morehead, refreshments; Jackson Mead, clean-up.

Vic Janssen's jazz orchestra will furnish the music.

## Lab Fees are Outcome of Long-Felt Need, Assertion

Fees for laboratory work and physical education are being charged this year of all students taking any courses involving this type of curriculum. Rates are based flatly on the basis of one dollar per unit. The payment of this assessment was due Wednesday.

Because no direct benefit from laboratory fees was obtained in the past, they were not charged. The money was sent to Sacramento and not returned to the campus. The approval of the State made the collection of laboratory money by the student body legal, with the result that the finances can be kept at home and the laboratories benefit directly.

The amount charged is comparatively low in contrast with former rates, it is explained. Such fees for the entire four-year course would total from \$45 to \$65 for the average program, whereas in larger institutions a fee of \$25 is sometimes charged for one course alone.

"Broadly, the flat rate per unit is absolutely fair," President Phelps said Wednesday. "Going to minute cases, we could rate it according to equipment used in the course but it is not necessary."

# YELL AND SONG CONTEST STARTING NOW

## Jean McKenzie Improving After Accident on Monday

Jean McKenzie, well-known student on the campus, who was injured in an automobile accident last Monday when the car in which she was riding skidded and overturned at the intersection of Ortega and Anacapa streets, will return to school Monday.

Stitches were taken on Miss McKenzie's forehead and others on her nose. Lacerations around the eyes were caused by flying glass. Floyd Anderson of Los Angeles, driver of the automobile, was not hurt.

## CONSTRUCTION ON NEW CAMPUS BUILDING TO START IMMEDIATELY

Definitely assured that the new administration building will be ready for occupancy next fall, President Phelps returned from Sacramento Tuesday confident that work will finally start. Actual construction is scheduled to begin within two months.

Final approval of the plans for the new structure were given by the President at a conference with Will C. Wood, state superintendent of public schools. State Architect MacDougall gave the date of completion as September, 1927, the final drafting of the plans being finished now in the Department of Public Works.

**Another Structure Planned**  
Initial plans for the construction of a \$175,000 Home Economics and Science building, probably to be located to the east of the main building, are being advanced by the administration. Although the exact location is yet undetermined, it is expected that the removal of the cafeteria and music buildings will be necessary in order to provide space for the new structure. According to present expectations, the new edifice will be shaped in order to form another quad in addition to the court being used at present, this new quadrangle adjoining the eastern wall of the main building.

President Phelps has always disliked the appearance and location of the cafeteria and music bungalow, and with the removal of these housings, the department would be given quarters in the new building or be removed to other parts of the campus. The erection of the new building to the east, in addition to the administration building, will form a set of structures which will both fully equip the campus and present a good appearance.

The \$175,000 funds for the Home Economics and Chemistry building will be drawn from the new state budget, and President Phelps will put in the application as soon as plans can be definitely stated.

## PEP COMMITTEE PLANS FOR BONFIRE RALLY FOR HOME GAME

### Bonfire, Parade, Program Will Feature Stunt To Advertise

Rally plans for the Bakersfield game place that date, October 23, as Santa Barbara State's "Big Game."

At a meeting of the Pep Committee last Tuesday night extensive rally plans for the day were formulated and steps taken to have them materialize. The Committee has determined to make the Bakersfield game one of the big athletic events of the year, and by widespread advertising, to fill Peabody Stadium.

The huge bonfire, 20 feet square and 40 feet high, heads the list of rally events. To be built and guarded by the Freshman class, which has already taken steps in its construction, the pyre will be constructed on the East Beach and will be set afire on the eve of the game, the night of Friday, October 22, two weeks from tonight. The bonfire will be built around a framework of four telephone poles, railroad ties and heavier timber forming a shell, which will be filled with all types of inflammable materials, besides automobile tires and oil.

**Parade Previous to Fire**  
At 7:15 p.m. on the same night, a large parade, made up of decorated cars and trucks, together with a local band, which has not been secured, will leave the campus for State street. It is planned to have the town merchants participate in this parade, with signs on their cars announcing their support of the College.

Piercing through the sky from the time the parade starts until the flames from the bonfire light the horizon will be two searchlights on the campus, with green and white rays, respectively. It is planned to have these lights as a preliminary announcement to the town of the coming events of that night and the next afternoon, and

No. 1, Continued on Page 3

## Prizes To Be Given Winners; Sponsored By Pep Committee

### Contest Prizes

The prizes for the winners of the contest follow:

\$2 cash ..... First Prize  
\$1 cash ..... Second and Third  
Two mail subscriptions of The Eagle to any address for those whose entries are accepted but not awarded prizes.

Two sets of the above prizes will be awarded, one for the song division, and the other for the yells.

In response to a need for more adequate bleacher yells and songs, the Pep Committee is opening a contest for new songs and yells. It has already started and will close a week from Monday, which is October 18.

The contest is open to all on the campus. Prizes will be awarded, first place being two dollars in cash, a prize being given for both the best song and yell. Judges are to be appointed by Yell Leader Dice and Song Leader Phyllis Randall, each official appointing two faculty and two student members to their respective committees, which they will head.

Entries may be turned in to any member of the Pep Committee or to either Dice or Miss Randall.

A similar contest was held last year by the Forum, drama club, but it is stated that it did not result completely satisfactory.

## Parking Problem is Solved By Establishing New Area

A solution of the parking problem on the campus was worked out the first of this week when the driveways in front and to the west of the main building were chained off, thus prohibiting parking in these sections. A parking section was established in the vacant lot to the east of the building and adjoining El Encanto hotel.

Recent complaints against excessive noise on the driveways caused the action. Besides being crowded with parked cars, parking near the eucalyptus tree on the drive frequently prevented mail delivery, such a condition threatening a charge against the college of hindrance of United States mails.

Efforts were made last year to solve the parking problem and yet allow the use of the driveways, but was unsuccessful.

## Community Arts Director Speaks to College Students

Irving Pichel, new director of the Community Arts and dramatic authority of the Pacific coast, addressed the students at assembly Tuesday on "Leisure."

Stating that the Community Arts association bases its motive for entertainments on the enlightenment of people, Mr. Pichel outlined the play being repeated this week, "Caesar and Cleopatra," as an example of this attempt.

Leisure as an American characteristic was outlined by the speaker, who called attention to its many applications, such as witnessing athletic contests, reading, music, etc.

## BACKWARDS PARTY LAST NIGHT SUCCESS

A large number of women attended the annual A.W.S. Backwards Party held last evening from 5 to 8 p.m. in the cafeteria and gymnasium. Dinner was served in the cafeteria. As the first party given by the Associated Women Students this year, it was declared very successful.

Initiation of Freshman women by the upperclasses was the main feature of the evening. All women, or at least, most of them, came dressed backwards to live up to the name of the affair and to add to the fun.

The committees in charge of the event were headed by Ardis Sloan. Dorothy Kimes chairmanned the advertising committee; Pearl Crawford was in charge of decorations; Julia Anne Grimshaw headed the place-cards committee; Winfred Pollard had charge of table topics; Ester Janssens planned the initiation, and Rose Lesh supervised the dinner.

### PROF. NOTICE!

Dr. Maxwell is asking the members of his Creative Writing class to see him at once.

## Financial Backing Of La Cumbre Is Issue Before Students At Meet

A question of \$500 from last year's sinking fund to be awarded La Cumbre, the annual, because of a stated lack of funds, was dropped pending further action at the student body meeting yesterday. The question will be decided at the next student body meeting, two weeks from yesterday.

When an increase from 14% to 18% in the budget was denied La Cumbre by the council, the annual asked for authorization to use the \$500 which has been left over from last year's sinking fund in case of

emergency. The council conceded the request, but in order to take effect a two-thirds approval of the student body was needed.

When the matter was brought before the students yesterday, objection was raised because of assertion that the money was not needed, bitter debate following. The matter was suspended to next meeting when a technical difficulty in the wording of the constitution was unable to be decided at the meeting.

Women's Hockey Looks Promising; Keep an Eye and Ear Focused for the Interclass Games

## Roadrunners Lose To Fresno, 25-0; Game Played In Rain

Scoring once in each quarter, Fresno State took a 25-0 win from the Roadrunner eleven in a slow game played at Fresno Friday. Fresno failed to convert on any of her four touchdowns, making the extra point on a penalty for a Roadrunner offside.

The game, which was the feature of the Fresno Fair Week, was played under adverse weather conditions, the weather progressing from a heavy drizzle at the start to a light rain during the game. These conditions favored Fresno, the Northerners sticking to old style football, plugging through the line for two and three-yard gains and working the ball down the field by virtue of superior weight, Santa Barbara averaging twenty pounds less per man.

The Roadrunners, planning on playing an open game, found the weather their nemesis, the ball being too slippery to handle with any degree of accuracy. Playing a passing and running game would

have offset the lack of weight and given the locals a chance to score. In straight football Fresno's superior weight counted too highly against the lighter Roadrunner aggregation.

Gates Foss consistently outpunted the Bull Dogs, while Ted Foss and Lyman Curtis scintillated in their respective positions.

The record crowd expected was cut down to approximately 5000 people, owing to bad weather conditions.

The starting lineup for the fray was: ends, Acquistapace, 22, and Ted Foss, 16; tackles, Hawkins, 25 and Mead, 10; guards, Larsen, 17, and Clapp, 13; center, Vandam, 11; quarterback, Swanson, 18; halfbacks, Vince, 23, and Curtis, 12; and fullback, Gates Foss, 27. Those substituting were ends, Martin, 24, and Williams, 21; tackle, Stauty, 15; guards, Mabe, 26, Lawrence, 3; center, Pollard, 1; quarterback, Brubaker, 20; halfbacks, Morehead, 19; and fullback, Clemore, 14.

Coach DeGroot was the speaker at the Social Science club meeting held Wednesday night at the Public Library. DeGroot described his trip to Iceland last summer.

Thirteen new members have been voted into the club. They are Ester Hawley, Viola Barr, Dorothy Kimes, Jeanette Slagg, Ruth Hunt, Lawrence Pollard, Edward Smith, Roger Clapp, Donald Conklin, James Dinwiddie, Otto Larsen, Douglas Brubaker, and Alfred Tomlinson.

### DeGroot Speaks to Social Science Club on Trip

"C'mon, C'mon, use the old berry! Get your man; don't go to sleep on the job. Use the berry there."

A flash of green and white jerseys, thud, thud of shoulder pads, and a grand pile of twisted forms. Uncomplimentary remarks arose as the heaving mass untangled.

"Get on the dime! Come out of it, you! Stop that man. Get up where you belong. Wake up, wake up! Play football."

An active blue and white jerseyed figure dashing here and there, pushing one man ahead, drawing another back, increasing the distance between linesmen and puntingly and crisply commenting on the weakness of all.

The two tense lines crouch opposite each other, and there is the clatter of signals in the close-grouped backfield. The ball is snapped, the lines surge together in a heaving mass, the man with the ball runs headlong into the arms of the opposing tackle.

"You there, why didn't you put that man out? That's all you've got to do. He stopped your man. The boot for you if that's all you can do. C'mon open up a hole. Show some life. Get on the dime! Let's go."

The offending linesman meekly takes his position; the two lines face each other again. Signals—the same play. Smashing heave of the lines, and the quarter picks the

## Yep! By Dan

"I wish to rise up in protest," said Kenney as Coach DeGroot whispered to him to get on the dime and use the old berry.

And this brings us to the subject of dairymaids.

Our hero, Clarence Annin, was born at the age of 14 and tipped the scales around October 12, 1905. The small city of Wasco was then hurriedly incorporated into the city of Los Angeles.

He was educated in the dairies and worked considerably in the public schools. Realizing the furtherance of his neglected education, he left for S.B.S.C., where he has been very popular in agricultural circles. Being old enough to vote, he has heartily endorsed the oleomargine act.

After receiving his degree, it is expected that he will take machine work in earnest. A great loss will be felt at the campus, and it is expected that a public improvement will ensue therefrom.

It may be true, but— Many true words are spoken through false teeth; anyway, the other day Ed O'Reilly was telling us about ten people who were in a Ford coupe, externally and internally. Ask Ed.

Which only brings to my mind a slogan I saw on Mount La Cumbre the other day: "Economic Transportation" (not an ad). Of course we men only think, but we understand it only to pertain to the feminism.

One thing about making the Freshmen stand on the benches while singing "Our College Grand" is that they have no trouble in reaching the high notes.

Save me a dance, will ya? Thanx.

What is a prettier picture, dear children, than to see a pair of giraffes necking?

Just one more, dear.

ball on the run and dives through for a gain.

"Good, good. Do it again. Line up. Start moving."

Then the tiring smash and crash of drill, with the blue clad coach animating the sweaty pigskinners with his own boundless pep and enthusiasm. Monotonous plug, plug through the line, around end, until at last the sun is behind the hills, and the drills go off with the precision of machinery.

"All right boys, take a turn or two around the track and hit for the showers. You'll be football men yet."

That's the way Coach DeGroot is developing a real squad.

**PRESIDENT TO GO SOUTH**  
President Phelps is leaving Tuesday for a one day trip to Los Angeles in order to attend a meeting of the Western States Taxpayers Conference. Although the meet is a three day affair, President Phelps is especially interested in Tuesday's program, which pertains to college topics. Dr. Henry Suzzallo, recently expelled president of the University of Washington, will be one of the speakers.

## NO GAME THIS WEEK; SOUTHWESTERN TEAM CANCELS TRIP HERE

Cancellation of the game with Southwestern which was to have been played this afternoon at Peabody Stadium left an open date which the Roadrunners have been unable to fill. Efforts to secure Ventura Junior College were futile.

The Southwestern game was cancelled by the southern institution because of unforeseen technical difficulties.

In place of a game the squad will probably scrimmage in order to keep fit for the Loyola game next Saturday at Los Angeles. This year Loyola is reputed to have a powerful aggregation, holding Occidental 6-6, and defeating San Diego State 21-7.

Ventura Junior College last year defeated the Roadrunners in a hectic clash at Oxnard on Armistice Day, the score standing 12-6 at the end of the fourth quarter.

Engaging the high school in a stiff scrimmage last Wednesday night, a shifted line-up showed up in good shape. The consistent line plunging of Duncan, high school fullback, featured the afternoon. However, good open field runs were displayed by Vince, O'Reilly and Curtis.

### Degree Award by Central State Committee Favored

Degrees granted by a central board of state examiners instead of by the universities themselves was strongly recommended at a meeting of college presidents held at Berkeley last week-end at which President Phelps attended. Those favoring this change were President Ray Lyman Wilbur of Stanford and Dr. Rhinehardt, president of Mills College.

At this meeting President Phelps also served on a committee for legislation of junior colleges.

### DELTA ZETS PLEDGE

The Delta Zeta Delta girls pledged informally Monday evening at the home of Miss Frances Cattaneo on Olive avenue, after which they attended the California Theatre. Formal pledging will be made next week.

Dot Merritt: "What color dress did Mary Jane have on at dinner?" Harold: "Ingratiate."

### Women's Hockey Starts With Good Prospects

A large Freshman and Sophomore hockey squad turned out at the hockey practice held last Tuesday afternoon.

The girls are making rapid progress under the capable coaching of Mrs. DeGroot, former captain of the girls' hockey team at Stanford. Orders for shin guards will be taken next week.

Helen Dane: "Can you tell me in one word what time I had breakfast?" Dice: "Why, yes; attenuate."

## Sororities Announce Pledges For New Semester; Few Have Not Rushed

The results of the rushing season which closed last week are as follows:

Pledges to the Alpha Theta Chi Sorority are Viola Barr, Eleanor Gifford, and Pearl Crawford.

Delta Zeta Delta pledges are Emily Van Wagner, Helen Sitze, Mary Todd, Dorothy Robbins, Dorothy Mansfield and Beryl Dunning.

Delta Sigma Epsilon pledges are Jennie Thompson, Frieda Wegener and Anna Nygren.

Phi Chi Alphas have pledged Ida Vizzolini.

Tau Gamma Sigmas have taken in Catherine King.

The Phi Kappa Gammas have added Wanetta Puckett, also a member of a national sorority, to their group. They did not rush this semester.

Every girl listed above is at the mercy of her "sisters" until initiation, the tenth week of college.

The fraternities did not rush this season, and it is not known what their plans are regarding new members.

### Former Editor of Eagle Receives High Position

Barbara Dewlaney, editor of The Eagle two years ago, was appointed the first of this week to the second highest position obtainable by women on the staff of The Stanford Daily, assistant women's editor.

Miss Dewlaney joined the staff of The Daily last spring, rapidly rising to her present position. This is her second year at Stanford.

**No. 1**

Continued from Page 1

because of their effective location on the hill, it is expected that they will materially help the rally. Besides being used for the rally, these lights may be used for other college events, serving as an announcement to the town of a campus activity to which they are invited.

#### Program at Fire on Beach

After the parade through the business district, the rooters will move to the scene of the fire, which will not yet be lit. A burial ceremony will be held first, a low funeral-like pronouncement stating the occasion of the burning of the Renegade, the name by which the Bakersfield Junior College is known. While a dirge is being sung, accompanied by a piano and saxophone, a coffin bearing the body of the Renegade will slowly be carried to the pyre, upon which it will be placed. Following this the pyre will be ignited.

While the fire is at its height, no special part of the program will take place. As soon as the flames lose their high intensity, the rally commence. Speeches from the coach and captain of the Renegades, as well as from the Roadrunner captain and Coach DeGroot, will be heard. Yells, songs, and various demonstrations of pep will also be in order. This part of the program has not yet been thoroughly developed, but will be definitely arranged at a meeting of the Pep Committee next week.

#### Decoration Contest

To stimulate good decorating for the parade, a contest giving prizes to the best decorated car is being planned. It is expected this prize will consist of a generous box of candy from one of the downtown merchants.

The Renegades are to be invited to participate in all rally events. Special cars decorated in Bakersfield's Red and White will be provided for the team in the parade, these cars being accompanied by the local grid men, riding in cars decked with Olive and White.

Since the purpose of the entire rally is to draw out as large a crowd to the game as possible, ticket selling activities will take place at the events. Ticket sellers will parallel the parade, cornering all bystanders for the purchase of pasteboards. Ticket sales will also be held at the bonfire.

#### To Organize Rooting Section

Under the direction of Yell Leader Dice and his assistant, Floyd Kenney, a rooting section in white will be organized. With the aid of the new songs and yells to be produced by the song and yell contest of the Pep Committee, a highly effective section is expected. Original stunts on the magnitude of "Big Game" stuff will occupy the attention of the spectators during the half. One of the stunts will probably be a fight between a

### Croswell Appointed at Art Position of Association

Mary E. T. Croswell, head of the art department, was recently appointed state art chairman of the Congress of Parent-Teachers Associations. Beginning on her new work Mrs. Croswell is to review and make suggestions for a new course of art study for elementary schools. She will work on the basis of art importance in school and community life. Mrs. Croswell's year's program will include appointment of art committees in the Parent-Teacher associations, sending art exhibits to other cities for study and the holding of lectures by art authorities.

### PLEDGING HELD

Alpha Theta Chi held a meeting for informal pledging of three girls, Pearl Crawford, Viola Barr, and Elinor Gifford on Monday evening, at the home of Mary Williams. President Bernice Haberlitz presented each with a blue and silver badge, which will be worn until the time of formal pledging.

Roadrunner and a Renegade, shells representing the two creatures being worn by the actors. A band will also be secured.

#### Big Crowd Expected

As this game will be concentrated upon, and as it is one of the few local college games, a large crowd is expected to attend. Consequently programs will be printed, and if present plans materialize, will be sold as tickets, the presentation of a program to the gate-keepers serving for admittance. Students will gain admission through their student body cards.

#### First Big Attempts

The attempts to make the Bakersfield game a big affair for the Roadrunners is the first time in the history of the college that an undertaking of this type is attempted on such a large scale. The success of the game will be a help to the college financially, and on this basis alone, the success of the game is urged.

## MEN'S GLEE PLANS FOR BIG CLUB SEASON

Twenty-seven men were present at the weekly Men's Glee club meeting held last Monday evening at the Y.M.C.A. This number is the record thus far for attendance, at the weekly rehearsals of the club.

Only three first tenors reported for practice, a number far below the requirement. Baritone is the most numerous, while second tenors and basses take second and third places. Leaders of the group are calling for two or more much-needed first tenors to join the organization. Those definitely belonging to the organization at present are the following: first tenors, Proud, Misemer, Wegener; second tenors, Dinwiddie, Kramer, George, Ross, Barnard, Gunn, Raddue; baritone, Means, Mead, Larsen, Vandam, Scutt, Oakley Stutzman, bass, Batchelder, Evans, Sheesley, Seegert, Moore, Marshall, Hawkins.

James Dinwiddie, president, reported that preliminary plans for the season are being formulated. In the latter part of November the annual dance will be held. This will be followed by the first of chorus activities some time after Christmas. Mr. Dinwiddie also stated that he is working on a system of trips that the club will take in the Spring.

Rehearsals are being held on Thursday mornings, 4th hour, as well as Monday evening. The first business meeting will take place on Monday.

### Officers of Women's Glee Club Are Elected at Meet

Ardis Sloan was elected president and Elizabeth Bradley librarian at the third meeting of the women's Glee club held Tuesday afternoon.

The club started work upon four part harmony immediately. This is unusually good at the beginning of the year. Up to the present date the members number twenty-seven and an exceptionally wide range of voices is prevalent, which gives promise of a good year of work.

It is hoped that some mixed chorus work can be made possible as the season progresses.

Costumes were discussed, to be decided upon definitely at a later date.

Saturday night the Phi Kappa Gamma sorority gave a dinner and bridge party at their sorority house, Loma and Moreno Road, in honor of Wanetta Puckett, an honorary member.

## LET'S PUT IT OVER!

The college still lacks satisfactory songs and yells. A variation is needed, which we do not have at present.

A realization of this deficiency has prompted the Pep Committee to open a song and yell contest, and if possible to have the new products well in hand for the Bakersfield game.

At various activities, mainly at games, the yell leaders have been handicapped by need of proper voice guides. They have have to use those same of hackneyed, worn-out, dead contraptions over and over again, only to ruin the effects of a good rooting section.

A yell contest was attempted last year. True, new yells were accepted, but the contest was not what might be termed a "howling success." The yells submitted were the same old dead ones, merely with the letters and words somewhat dusted off.

Something original in bleacher demonstration would be ideal. Our bleacher stunts should not coincide in the least with those of the high school. They shouldn't; that is all. It does not make a good impression on outsiders.

There are certain things accepted as college stunts only and others are associated with high schools. For instance, only colleges have rooting caps with solid color on each side. High school caps are divided in the center and are the same on each side. A yell adapted to some stunt with these college caps would be good. It may be that someone might work out some such yell in the contest.

The modern yell is not like those heard six or ten years ago. Those older noise-makers consisted chiefly in wordy elements, that is, they gave a thought by words, not sound. But the modern yell depends alone on euphony. The words make no difference; all that is wanted is a sound effect. Yells are worked out in this manner with effects appropriate to the situation. Very few of the Roadrunner yells have euphony. They all are the older type.

The song leader has brought out the fact that a march is needed among our songs. We have none at present. We have no song that an easy rhythm could be worked out of, either in the bleachers or on the field. This contest should produce a good march.

Such is the situation around which the song and yell contest is being conducted. There is talent along these lines on the campus; let's have it flash into some classy songs and yells that will go over big, both with the students and the town.

### WELL, WHAT OF IT?

Yes, the scoreboards for the past two football games do give us an extremely light end of the score in both cases, both recording 25-0 defeats. But to let such a start, especially when the games were both against odds, dismay the student body and condemn the eleven as mediocre is absurd.

We are not going to line up a set of excuses for inspection, but we do want to show the student body what types of teams were played and that the Roadrunners played a respectable game in both cases. Both elevens were much heavier than our squad, and it is natural that they should be, with student bodies of 7000 and 1500 students respectively at Southern Branch and Fresno State. Southern Branch is an unusually powerful aggregation this year and the local outfit was expecting a much worse drubbing than was received. Rain at Fresno robbed the Roadrunners of their open game; consequently they were not as powerful as they might have been. Luck had favored the Bull Dogs, who use a wedge style of play.

If these facts are assembled

around the score figures, it can readily be understood that the Roadrunners are not a team which will attempt to maneuver together as many walloppings as possible. They will be heard from the opposite direction before many weeks are gone.

And, if we may say it, for the luvva pete don't let these scores wreck or discourage rooting plans for later games.

It was lost—and found. A 59c pot of paste was gone last Monday morning, and it was the pot of glue that the entire staff prided itself in. The pot was almost worshipped. And when someone got away with the stuff it almost broke the hearts of the staff, with the result that a campus-wide search was inaugurated. But it was found Tuesday night, where we won't say, and who member of the staff!

The editor of The Collegian, the Fresno State weekly, writes to The Eagle that the gang made a good name for themselves while north as a hard-fighting and clean bunch of players. He also commented on our luck of having so good a coach.

## KAMPUS STATIC

ORIGINALLY THEIR names were.  
LYLE HAWKINS ALIAS Slow Motion,  
AND JACK VINCE. But since the  
FRESNO STRUGGLE two new names  
HAVE BEEN UNEARTHED for these  
GENTLEMEN. HAWKINS is known as  
A DYSPEPTIC but good hearted person  
WITH STRONG MENTAL powers and a  
TASTE FOR FOOD. While the team was  
AT VENTURA junction this person  
DISAPPEARED FROM the public eye.  
THE BUS PREPARED to depart  
WITH NO HAWKINS. At last he was  
SEEN STROLLING from a bakery door  
WITH ONE DOUGHNUT in his mouth  
AND ANOTHER under his arm. Coach  
LOOKED AT HAWKINS and knocked  
DOWN THE DOUGHNUT. Hawkins  
SADLY LOOKED at the  
DOUGHNUT AND then at Coach  
AND MOURNFULLY climbed into the  
BUS MID CHEERS of "Doughtnuts, rah,  
RAH." THEY DEPARTED mid a cloud  
OF DUST AND hot air  
ENROUTE to Fresno.

IT CAME TO PASS that in the  
FRESNO HOSTELRY the gang was  
INDULGING IN the eating habit.  
THE MEAT course was served.  
PLAIN SUBSTANTIAL beef minus  
FANCY FLAVORING and trimmings.  
JACK VINCE spied a ketchup bottle  
COYLY REPOSING on a distant table.  
AFTER CASTING languishing looks upon  
IT HE CAUTIOUSLY and  
CAREFULLY made his way to the  
TABLE and purloined the  
RED LEAD. Setting it before him he bent  
LOVING LOOKS upon it and prepared to  
ANOINT HIS meat. But the arm of the  
WAITRESS CAME OVER his shoulder,  
AND THE BOTTLE disappeared,  
LEAVING JACK in tears  
AS COACH TABOOED further  
HUNTING FORAYS and the heartless  
THRONG CHEERED the waitress. So  
THAT IS WHY we now have with us  
KETCHUP VINCE, the fearless hunter  
AND DOUGHNUT HAWKINS,  
THE dyspeptic.

## STUDENT OPINION

This column is conducted by The Eagle for the benefit of the students. All letters are requested to be as brief as possible. They must be signed, although the name will be suppressed if desired. Place communications in The Eagle box. The Eagle will assume no responsibility for views published.

Editor, The Eagle:

I would like to put the question of the finances of La Cumbre fairly before the students.

The book has backing this year of 14% from the student body budget, which amounts to \$378 for the fall semester, and which for the year will probably approximate \$750. Aside from the support of the Student Body the book depends on advertising from the town. Due to the excess of advertising being collected by the school and college, it is going to be more difficult to collect.

Unless the Student Body backs the book this year, it will necessarily live to be a cheaper publication, and my opinion is that Santa Barbara State does not need a cheaper publication but a bigger and a better one, which this year's editor of La Cumbre will give us if we back her by giving her last year's sinking fund.

Ed Dundas, Ass't. Business Manager of The Eagle

To whom it may concern:

I wish to rise up in protest against the asininity and pusillanimity of some one of the inmates.

Ask for MR. SUTTON

The other day I went into the library and settled down in a chair to study. At the end of the period I arose, and, much to my surprise, the chair rose with me. This was due to the fact that some puerile creature had placed a large-sized wad of well-chewed gum in it and I had the misfortune to sit thereon. Those that can't forget gram-

## THE EAGLE'S EYE

—An Upper Classmen Observes

EVERYTHING is all right in its place; which reminds me of my poor car. I waded out to it a while ago and now my shoes look like Aimee's were meant to after her Mexican vacation.

It is too bad that the thoughtlessness of a few people has to deprive us of a decent place to park. Oh, well! Such a democracy.

THEY do have a way of collecting your money around any school. But we are lucky here in having such comparatively low fees assessed us.

However, there is one fee that in some instances seems rather unfair.

There are men who are out for football that have worked off their P.E. requirements in previous years, and who are out with the squad simply in order that they might help the college.

They give up about three hours a day, five days a week for practice. And they give up their Saturdays for the games.

Then on top of that they are assessed four-bits because they are out for a sport.

The assessment is OK for those who are working off a requirement; but when a man has given liberally of his time and energy the fairness of an additional assessment is hard to see.

THE social committee has planned noon dances. More power to them.

What Santa Barbara State needs is more campus life. Every campus activity deserves the support of every man and woman here.

mar school tricks don't belong in college. A home for feeble-minded is better.

"Indignant."
