VALLEY VIEWED BY WORLD'S FAIR HOSTESSES

Accompanied by Miss B. Zackrisson, of the information and tourist department of the Santa Barbara Chamber of Commerce, Miss Eleanor Lopes of Watsonville; Miss Leonore Estudilla of San Luis Obispo, Mrs. Janie Hunken of King City and Miss Marion Achterman of San Mateo, who are to be hostesses in the Mission trails building during the World's Fair in San Francisco, toured the Carpinteria Valley last Saturday afternoon.

Arriving at the Chamber of Commerce office they were served with lemonade made from Carpinteria lemons and presented with fruits and flowers from the Valley. A tour of the valley included visits to the beach, state park, lemon houses, auto courts and lemon groves. Assisting W. H. James, secretary of the Chamber of Commerce, in entertaining the guests were: Ray Doell of the Pine Haven Motor Court, Walter C. Kenyon, Carpinteria Motor Court and the Misses Hester and Julia Fish of the Beach Auto camp. Pictures of the guests were taken in front of the Chamber of Commerce by Francis Castro.

The young visitors were very favorably impressed with the recreational facilities and agricultural pursuits of the valley and will undoubtedly be able to answer any questions regarding Carpinteria that they may be asked while on duty at the World's Fair.

Second Article on Zoning Presented by C. of C.

The following is the second of a series of articles issued at the request of the Carpinteria Chamber of Commerce as an aid to a better understanding of the proposed plan to create various use districts in Carpinteria Valley. Last week, the first article of this series outlined the purpose, necessity and procedure for creating a land use or distributing plan in Carpinteria Valley.

Ordinances for the orderly guidance of community development are not new. They have been put into effect in over five hundred cities in the United States and in many counties in California and elsewhere. They are known as districting plans, land use plans and zoning ordinances. Zoning, however, is much more elaborate and inclusive than the proposed Carpinteria ordinance that it hardly applies here.

Reasonableness Must Be Proved
The uniform test which such an ordinance must pass to be upheld by the courts is that of reasonableness. In the Carpinteria ordinance the aim will be to insure its legality to the fullest possible extent by the recognition of existing facts and conditions and by the fullest backing of the people of Carpin-

FIRE DEPARTMENT DINNER TO BE HELD IN SUMMERLAND

The Fire Department Association will hold the regular monthly dinner meeting in Summerland next Tuesday evening, Feb. 7th at 7:30. Dinner will be served by members of the auxiliary and arrangements are being made to obtain a speaker.

ZONING TO BE DISCUSSED AT C. OF C. MEETING

All members of the Carpinteria Valley Chamber of Commerce are urged to attend the meeting which will be held this evening in the reception room of the Veterans' Memorial Building and at which time several matters of importance will be discussed.

In addition to the scheduled discussion of the zoning plan and constitutional amendment, regarding meeting dates, Eugene Kellog, county agricultural commissioner, will be present to outline the general plan for the County's participation in the World's Fair.

INDIAN TRIBES TO BE DISCUSSED AT LION'S CLUB MEETING

Dr. William Mellinger of Santa Barbara will be the guest speaker at the regular dinner meeting of the Lions Club this evening. He will discuss the Indian tribes who inhabited this area and the Channel Islands before the coming of the settlers. He plans to bring with him various items, including skulls of Indians, with which to illustrate his talk.

SERENA RANCH PURCHASED BY MR. AND MRS. GUY STOCKTON MONDAY

A deal was closed Monday whereby Mr. and Mrs. Guy Stockton purchased the ranch owned by Mr. and Mrs. Charles Curtis in Serena. The tract contains 13.69 acres and is planted to lemons. The sale was made through Robert M. Orrill.

Valley Council Joins County Council of Social Agencies

FAIR DETAILS TO BE COMPLETED AT MEETING TODAY

David Safwenberg, president of the Chamber of Commerce, and W. H. James, secretary, plan to attend a luncheon at the Las Cruces Inn today at which time final arrangements will be made by all secretaries of Chamber of Commerce organizations in the county for the opening of the World's Fair and the observation of the special Santa Barbara County day. Eugene Kellog, county agricultural commissioner, who is in charge of the County's display at the fair will be at the meeting.

OVERSIZED EGG ON DISPLAY IN C. OF C. WINDOW

Carpinteria, long famed for the quality of its lemons, may soon lay claim to honors in the poultry field, if the egg which is on exhibit in the Chamber of Commerce is a fair sample of what can be produced by a new breed of chicken and Carpinteria's climate. The egg, which was laid by a 10 months old New Hampshire pullet belonging to Cliff Benedict, weighs four ounces, measures 8 inches the long way around and 6 3/4 inches around the middle. Several valley residents have been experimenting with this new breed, which is a cross between a Rhode Island Red and a Red Leghorn, and report that they are excellent egg producers as well as fine table fowl.

* The Valley Council, composed of representatives of schools, churches and civic organizations in the Carpinteria Valley, held its annual meeting in the offices of the Carpinteria Realty Company Monday afternoon and elected officers, appointed directors to the community chest board and decided to affiliate with the County Council of Social Agencies.

The community chest board of 1938 composed of Mrs. A. W. Horton, Mrs. Charles Curtis, Mrs. A. G. Wood, Dr. Genevieve Shorkley, Rev. Deane F. Babbitt, Dave Safwenberg and Percy Houts, Jr. was unanimously re-elected to serve during the present year.

Burchell Upson was re-elected president of the Valley Council, and Frank Wykoff was named to serve as vice-president for a second term. Rev. J. J. Woodson of the Methodist Church was elected secretary.

Following a report by Rev. Deane F. Babbitt on the advisability of affiliating with the County Council of Social Agencies it was agreed that the Valley Council associate with this group and meet regularly once every three months or upon special call by the board of directors. The purpose of the County Council of Social Agencies is to better coordinate the work of various county agencies such as the health department, relief department, probation department, etc., with similar work carried on by local organizations.

A report of Christmas activities was given by Dr. Genevieve Shorkley who stated that \$50.00 of the Community Chest Holiday fund was expended for the Christmas (Continued on page 8)

Ground to Be Broken for Hueneme Project Saturday

Actual construction of the Oxnard District Harbor at Hueneme, in Ventura county, will be started Saturday, February 4th, at 2:00 p. m., when Richard Bard, "father" of the long awaited project, will turn the first shovel of earth, starting the wheels of machinery on the \$1,750,000.00 industrial development.

Plans for the harbor at Hueneme have been under way for over twelve years. Obstacle after obstacle has been overcome by the people of southern portion of Ventura County, who finally, formed the Oxnard Harbor District and voted twelve to one for nearly two million dollars worth of bonds with which to construct the port.

Two long jetties, extending into the Pacific at Point Hueneme, will border the 400-foot channel connecting the ocean with the landlocked turning basin, with its slips, wharves, warehouses, and other waterfront equipment. Over 300 acres comprising the harbor site, belong to the district, which is a part of the City of Oxnard, re-

cently annexed. Average depth of the water in the harbor will be 30 feet. It will accommodate all Pacific Coast ships and will have mooring space for pleasure craft.

The Standard Dredging Company of Los Angeles has the contract for dredging the harbor and the Rohl Connolly Company of Los Angeles has the sub-contract to furnish the rock for the jetties, which will come from Catalina.

It is expected construction of the first unit will take approximately twelve months, although it is expected boats will be able to enter the port in around six months.

A large crowd is expected for the ground breaking exercises on Saturday in which State and County officials will officiate. Offices of the Oxnard Harbor commission will be located at Hueneme. The commissioners are Eugene H. Agge, chairman; Fred M. Aggen, and E. O. Green. Leeds and Barnard of Los Angeles have been the chief engineers.

"HONKING YAHOO"

We all know them, the honking yahoos.

They are the bullies of the highways, the "hurry-up" fiends who crowd their way past other cars, the jitterbugs of traffic who use their horns instead of their heads when approaching intersections. They are the fellows who are in such a hurry to meet their accident they can't see a stop-sign sign, and when forced to stop behind someone who does see it, they bleat angrily on their horns. They are the honking yahoos.

New York's police department, at the request of Deputy Mayor Curran, has been leading the country's fight against the nuisance. But it's been an uphill battle. The yahoo is an obstinate creature. The deputy mayor has now ordered that the number of summonses issued be doubled, and he gives this additional word of advice to officers:

"Never mind the little fellow, the man out with his wife and kids taking a Sunday drive. And never mind the truck driver. He is one of the most courteous of all motorists. He is a careful driver, working for a living, and is a fine example of good manners on the road. It's not these people, but the speeding, racing bully who is the most likely culprit!" The drive against super horn-honking goes on!

It's a worthy task for California's traffic officers! They will have behind them the support of the majority of the motoring public and, as Mr. Curran points out, the scriptural warning of the Psalmist: "And all the horns of the wicked also will I break, but the horns of the righteous shall be exalted."

Honking yahoos, we trust, will not long survive such opposition!

USC TO AWARD 35 SCHOLARSHIPS

Thirty-five tuition scholarships for high school and junior college students throughout the United States have been announced for the 1939-40 academic year at the University of Southern California by President Rufus B. von Klein-Smid.

Valued at approximately \$285 each, the awards will go to students in the highest tenth of their class in scholarship from schools with more than 200 enrollment. Twenty-five awards will be granted to high school students and ten to junior college applicants for the freshman year at S. C.

Applicants are required to file their nominations by April 15, with the scholarships to be awarded on or before June 1, according to the committee on scholarships and fellowships.

Requirements state that the candidate must have the recommenda-

INSTRUCTION PERMITS REQUIRED FOR LEARNERS

An instruction permit must be obtained in order to operate a motor vehicle when learning to drive, states the Safety Department of the National Automobile Club. This permit, which licenses the student to drive when accompanied by a licensed operator or chauffeur, may be obtained from any office of the Department of Motor Vehicles. Applicants are required to pass an eye test and show an understanding of the California Vehicle Code governing operation of vehicles on the highway.

The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

METHODIST CHURCH

Rev. John J. Woodson, Pastor
 10 a. m. Church school, Rev. C. P. Moore, general superintendent.
 11:00 Morning worship, sermon by Evangelist James Gibson.
 6:30 Young People's meeting. Senior and Intermediate leagues.
 7:30 Sermon by Rev. Gibson.

If you have not attended these evangelistic services which began Tuesday evening you are missing something really worth while. Services every evening except Saturdays.

THE CARPINTERIA COMMUNITY CHURCH

Rev. Deane F. Babbitt, Pastor.

"Worship the Lord in the Beauty of Holiness." The Church School for students of the Christian Life helps us to worship our Heavenly Father. Join a class at 9:45 Sunday morning

"Roses for the Living" is the sermon subject as announced by the pastor for the Eleven o'clock Morning Worship hour. Why hesitate until the Spirit leaves this mortal world to learn about the rich promises of our Master? To the Phillipian Christians the great Apostle Paul wrote:

"For me to live is Christ, and to die is gain." Phil. 1. 21.

What did he mean? Immortality is the glorious discovery of Christ. Paul to Timothy said, "Jesus Christ hath abolished death and brought life and immortality to light through the Gospel." Life is not complete without this knowledge of Eternal Life and its benefits to the man who follows in the Way of Christ. Special music for the service will include the Prelude, "Nocturne" by Chopin, the Offertory, "Album Leaf" by Beethoven, and Petite Fantaisie" by Lerman.

Life is a great research "Laboratory!" Because we are constantly going forth in spirit of discovery, Miss Nancy Franklin will present "My Father Worketh" at the 6:30 meeting of the Youth Fellowship. Reports of the "Treasure Hunt" of the Youth Council of Santa Barbara will be heard, and plans will be outlined for the coming trip to the snow.

CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

"Where the spirit of the Lord is, there is liberty." This verse from Paul's second epistle to the Corinthians is the Golden Text in the Lesson-Sermon on "Spirit" on Sunday in all Churches of Christ, Scientist.

A Scriptural selection includes these words of the Psalmist: "O LORD, thou hast searched me and known me. . . . Whither shall I go from thy spirit? or whither shall I flee from thy presence? . . . If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me. If I say, Surely the darkness shall cover me; even the night shall be light about me. Yea, the darkness hideth not from thee;

but the night shineth as the day; the darkness and the light are both alike to thee. . . . How precious also are thy thoughts unto me, O God! How great is the sum of them! If I should count them, they are more in number than the sand: when I awake, I am still with thee."

The Lesson-Sermon also includes this passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is everywhere, and nothing apart from Him is present or has power."

WOMEN IN THE NEWS

By LEONE BAXTER

That eastern judge who refused to marry a young couple because they were on relief has set off a controversial bombshell booming as loudly in California—where the huge number on relief makes the general situation peculiarly acute—as it booms back in the judge's own bailiwick.

Protest is raised that marriage is a sacred institution, a divine right, and that no one is justified in blighting the dreams of two young hearts simply because young people can't find jobs. Equally loud the contention that it's grossly unfair to other young married couples who do have jobs, and who are straining to stretch the paycheck to cover payments on homes, and bills from the baker, the butcher, the tax collector, to squeeze from their small earnings more taxes to finance unemployed honey-mooners.

In one light that magistrate's attitude is prosaically old-fashioned. It is very like that of the old-time father who gazed over his spectacles at the bashful suitor and demanded:

"What's your prospects? Got a job? Any money saved? My Daphne Rose ain't marryin' no feller that can't support her!" And the young man waited, and worked—for 50 years—before his "prospects" enabled him to wed his Daphne Rose, at the age of 80.

Perhaps that young man could not be censured enough for not being able, in half a century, to obtain steady employment or set himself up in business or save enough to marry.

Today, after six years of relief, with millions still dependent on public charity, economists are predicting that many long years will pass before private industry will be able to absorb the huge relief army. If so, thousands of earnest honest young men and women must marry while on public support or suffer frustration of a fundamental experience which is the birth-right of youth. For young men and women will fall in love—whatever the state of the bankroll of the nation.

The knotty fact remains, however, that with relief expenses mounting, and the present trend toward assuming heavy new burdens of adequate pensions for the aged on a national scale, it does seem that the economic backbone of our country, already sagging under the load, will break if, in addition to permanent relief for the old, perpetual support of a steady stream of newlyweds and their progeny be added.

Certainly that judge centered attention upon a momentous question! And the answer, probably, will be found only in the trial and error experiences of the future.

FEMININE STARS SCIOTS' CIRCUS FEATURE

The Sciots Indoor Circus to be staged in the Armory in Santa Barbara for seven nights starting Feb. 22, and continuing through Feb. 28 will be packed with thrills and sensations galore. The Sciots are bringing to Santa Barbara, the Polack Bros. Circus which is the largest traveling fraternal circus in American with a total of forty-one professional circus acts which is the same show intact that will be presented by the Shrine in Sacramento the week before the Santa Barbara engagement.

The Wheeler Sisters pictured above is one of the outstanding features of the Polack Circus. These two dainty misses perform a sensational routine on the high double trapeze, high up in the rafters of the building without the aid of a safety net or a safety device of any kind. This daring act is but one of the forty - one features that will be seen at the Sciots Circus.

Arrangements are now being completed by the Sciots circus committee whereby all of the underprivileged children in Santa Barbara and vicinity will be taken to the circus as guests of the Sciots.

CAR OPERATION DEDUCTIONS OUTLINED BY CLUB

With the income tax time just around the corner, the Automobile Club of Southern California has furnished the following information regarding certain deductions which can be made for sums paid out or losses sustained in connection with ownership and operation of automobiles. Substantially the same deductions are permitted under both federal income tax law and the California personal income tax law. Federal tax returns must be made by March 15 and State returns by April 15.

Deductible items summarized by legal experts of the Club include:

All sums paid during the calendar year as registration fees, vehicle license fees, personal property taxes, and municipal taxes.

Interest on money borrowed for the purchase of an automobile.

The amount of financing charges on automobiles purchased which covers the interest on the loan, when specifically set forth in the contract, but not the amount covering the premium on insurance to protect the finance company's interest.

Automobile insurance on cars used for business purposes.

Uncompensated losses sustained by reason of damage to automobiles used for business or pleasure.

Damage paid for injuries to persons or for destruction of property, provided the automobile was being used for business at the time of the accident.

Loss sustained when a car used for business is sold outright at a price less than its depreciated value. (Loss sustained where an automobile used for business is traded in for a new car cannot be deducted, but such loss can be considered as part of the cost when computing the depreciation for the ensuing year.)

Where a purchaser of an automobile takes delivery out of state for use in this state even though it is purchased from retailer in this state, or where the purchaser buys the car from a retailer outside the state and brings the car into California for use, the California Use

C. E. RALLY TO BE HELD IN VENTURA SUNDAY

First Christian church of Ventura will be center of a rally of Christian Endeavorers Sunday at 2:30 o'clock. Dr. Jesse H. Sunday is Christian Endeavor Day the nation and world over. Youth of Santa Barbara, Goleta, and Carpinteria will affiliate with Ventura County on this important occasion.

ONCE SHOWGIRL

Barbara Stanwyck, star of Cecil B. DeMille's "Union Pacific," was wearing a kummerbund of beads and riding an elephant as a showgirl in Ziegfeld's "Follies" when she was only 15 years old.

Tax Act imposes a tax upon the consumer and whatever tax is paid by the consumer under this act is deductible.

All operating and maintenance expenses, including depreciation, on automobiles used wholly for business, or a pro rata share of such expenses representing business use where a passenger car is used for pleasure and business. Depreciation usually is figured at 20 per cent per annum. Where an employee receives an allowance or mileage from the employer for automobile operation, unless such allowance is declared as part of income no claim can be made by the employee for deduction on account of operating expenses.

Non-deductible items include the California and federal gasoline tax and the federal taxes on lubricating oil, tires, tubes, accessories, new cars and trucks. A federal ruling is that these taxes are imposed upon the manufacturer or distributor, not upon the consumer.

No deduction can be made for the amount paid for an automobile used either for business or pleasure, this being a capital expenditure and subject to claim for depreciation where the automobile is used for business.

Mission and Bible study, Mrs. B. B. White, Supt. of Supplies, Mrs. George P. Clark; Supt. Christian Social Relation, Mrs. J. Husted; Supt. Literature and Publicity, Mrs. John J. Woodson.

An executive meeting was held Monday evening for the purpose of electing a mission study book and filling the new yearbook.

India, as recommended by the Council as the foreign field for special study was accepted, also the new Bible Book of the Psalms as recommended for 1939.

The next meeting is to be at the home of Mrs. A. W. Horton February 21st.

Mrs. A. W. Horton and Mrs. J. Husted as representatives of the Methodist church attended the luncheon meeting of the United Church Women of Santa Barbara at the Christian church Tuesday, January 31st. Plans for the observance of "world's day of prayer" were discussed.

FATHER-DAUGHTER BANQUET SCHEDULED

The annual Father-Daughter banquet will be given by the girls of the Carpinteria High school on February 23rd or 24th, a definite

date to be announced in the near future. The dinner will be potluck and a program will be presented by the girls.

YOUTH FELLOWSHIP TO ENTERTAIN COUNTY GROUPS

The Youth Fellowship group of the Community Church will entertain some 300 young people from Santa Barbara County churches who are affiliated with the County Council of Santa Barbara on Friday evening at 7:30 at the Cerca del Mar Club house. The gatherings will serve as a 'get-acquainted' party for young people of high school and college age.

Jack Hoffman, representative of the group at the State College, has announced a cake baking contest with prizes for the best cakes. Other features of the evening will be a bonfire and treasure hunt.

HIGH-Y AND TRI-Y TO ENTERTAIN COUNTY GROUPS TONIGHT

Members of the local Hi-Y and Tri-Y chapters will be hosts to some 300 members of these organizations from Ventura and Santa Barbara counties at a potluck supper in the high school auditorium this evening. Members of the local groups will bring hot dishes and soft drinks will be donated by a Santa Barbara firm.

The program for the evening will consist of accordion solos by Jane Franklin and Mary Alice Hebel, dance numbers by Lila Stone, and musical selections by Mr. William Crawford. Following the dinner and program dancing will be enjoyed under the direction of James McGiffen, social leader for the Hi-Y.

The following committees have been appointed to carry out arrangements for the evening: Decoration and table setting, Beverly Humphreys, Elsa Lee Grell, Benny Baker, Masaye Ota, Nancy Franklin, Ethel Babcock, Anna Lee Drake, Mary Alice Hebel, Beth Mathews, Patti Orril, Alden Fogladini, Bill Jorgenson, Warren Jones, Rodney Starkey, Charles

Babcock, Montie Ramey, Gordon Milne, Neil Clark, Dwight Babcock, Bill Catlin, George Miller, Eugene Baxter; Program printing, Willie Osterman; Drinks, Joe Wullbrandt; Bus boys, Carl McIntyre, Art Milne, Joe Wullbrandt, Webster Beckstead, Willie Osterman.

MRS. MA YOUNG HOSTESS TO POT LUCK CLUB

Mrs. Max Young entertained the Pot Luck club Friday afternoon. Places were marked at lunch for Mrs. Emma G. Marquis, Mrs. John W. Dorrance, Mrs. J. W. Bailard, Mrs. W. C. Hohmann, Mrs. E. F. Pendergast, Mrs. O. L. Lyman, Mrs. J. W. Young, and Mrs. J. F. Tubbs.

PAUL ARMSTRONG GIVEN SURPRISE PARTY

Paul Armstrong was given a surprise party following the meeting of the Wolf Cubs of the Community church pack Friday afternoon, with refreshments brought in by his mother, Mrs. F. A. Armstrong. In the party were Billy Mays of Oxnard, Charles Curtis, Peter Hales, Richard Lyman, Laurence Orella, Teddy Taylor, Clifford Rooker, Jack Brown, Robert Sangster, Walter Connell and Herbert Mills.

CANADIAN BISHOP TO CONDUCT MASS

The Bishop of Hamilton, Canada, who because of illness was unable to celebrate mass at St. Joseph's Catholic church last Sunday, will be present there next Sunday, February 5, at 9:30 mass.

Your Hollywood Correspondent Reports . . .

Madeleine Carroll has cabled Paramount from London that she'll be back in Hollywood by February 10th to start working in "Air Raid." She will get back just in time to attend the preview of her latest picture, "Cafe Society." An engraver at the United States mint in Philadelphia sent Anna May Wong an engraving he did of her in bronze. Dorothy Lamour is wearing dark glasses on the "Man About Town" set because of an eye inflammation. Nellie Manley, Irene Dunne's hairdresser, spends an hour each doing Irene's hair for "Invitation to Happiness." Her hair is long but has the appearance of being very short because of the style of 1926, when the picture takes place, was to wear short hair.

Lynne Overman's wife failed to recognize him on the "Union Pacific" set because of the beard and character make-up he's required to wear in the picture. Betty Grable had the interest of everyone on the "Man About Town" set showing them a 1500-word letter a fan wrote on the inside of a match box cover. A magnifying glass was required to read it.

Susan Hayward has the jitters because she has to play the piano for Gary Cooper, her favorite actor, in "Beau Geste." The new dry battery radio Shirley Ross is showing all around was given her by Tommy Dorsey. Gracie Allen plans to keep her hair red all the time. She had it dyed in her role in "The Gracie Allen Murder Case." Herbie Kay drives to Los Angeles from San Francisco every week to see Dorothy Lamour, his wife. She's working with Jack Benny in "Man About Town" and can't get away until the picture's completed. Claudette Colbert, Shirley Ross, Mrs. J. Carrol Naish, Betty Grable, Dorothy Lamour and Martha Raye among the celebrities who attended the opening of the Ballet Russe in Los Angeles January 4th.

An extra on the "Midnight" set tried to convince Claudette Colbert that he had a perfect system for betting on the races. Just to prove it he took \$5.00 of Claudette's

LOBERO THEATRE TO PRESENT MAX REINHARDT PLAYERS

Completion of arrangements to bring the Max Reinhardt Players in Maurice Maeterlinck's "Sister Beatrice" to the Lobero Theatre were made yesterday in Hollywood by Miss Grace Denton, Lobero's new manager, who announced the performances are scheduled for Thursday and Friday, February 9 and 10.

"Sister Beatrice" will be remembered as the great climatic point in Max Reinhardt's production of "The Miracle," which was presented in Europe and America with spectacular success. The present production is staged to fit the needs of the intimate theatre.

Mme. Helene Thimig (Mrs. Max Reinhardt), celebrated actress whose art is known throughout Europe, will appear in the role of the Madonna for the Lobero engagement. Mme. Thimig's interpretation of the Madonna in these

money and made \$60 for her. The money went to her favorite film charity. Jack Benny's Rochester will do a tap and truckin' routine to Matty Malneck's orchestration for "Man About Town."

ANGNA ENTERS AT LOBERO FRIDAY NITE

Santa Barbara will welcome again the famous Angna Enters Friday at Lobero. She returns with many new numbers added to her already large repertoire, which for want of a more descriptive title, she calls "Episodes in Dance Form."

[Miss Enters is an artist of many

performances will be her first appearance in America.

Dr. Reinhardt will also be in Santa Barbara to supervise the entire production.

Isaac Van Grove, known for his splendid work as conductor for the Santa Barbara Festival concerts in the County Bowl last summer has arranged the music for the production and will conduct the orchestra at Lobero Theatre.

The settings, simple yet rich in medieval atmosphere, were designed by Nicolas Remisoff.

The cast will include fifty actors from the Max Reinhardt Workshop in Hollywood, and a chorus of singers which will achieve the union of drama and music for which Reinhardt is so well known.

Tickets are on sale at the Lobero box office. Popular prices will prevail.

DROPPED HER TITLE

Donald Woods, who enacts the leading male role in Paramount's "Heritage of the Desert," produced by Harry Sherman, is married to the former Josephine Van der Horck who some time ago dropped her title of baroness. She and the actor met while they were students at the University of California in Berkeley.

HARD WORKING

Akim Tamiroff, noted character actor, once had to learn the deaf and dumb sign language for a picture. Then he learned a peculiar limp for his role in "Paris Honey-moon," and to crack the bullwhip for "Union Pacific."

LEARNED EARLY

Although he is only 13, Donald O'Connor, currently featured in "Night Spot Hostess," had 11 years vaudeville experience before entering film work. Buck Jones is starred in his present picture.

Ray Bassett Captures Honors In Izaac Walton League Shoot

R. G. Bassett captured three first places, one with a perfect score of 400 in 400, at the Izaac Walton League Rifle shoot last Sunday and brought home several nice trophies as the result of his efforts. Chas. Higbee of Santa Barbara and a member of the local gun club also captured first place in the 100 yard event with a score of 397 in 400 to win the H. W. T. Ross trophy.

Basset placed first in the 50 and 100 yard event with a perfect score, took the iron sight event at 50 meters and won the aggregate score with 1189 in 1200 and was awarded the Zelco Piston ring trophy for permanent possession, and a case of Quaker State Motor Oil.

At the conclusion of a series of 10 indoor shoots at the local club last week, Bassett was awarded the championship and the Seaside Oil Company trophy. Scores out of a possible 6000 were:

Basset 5684, C. Higbee 5655, G. Worden 5583, E. Knowles 5499, H. Smith 5471, G. Higbee 5468, H. Griffiths 5309, W. Wood 5286, R. Gradle 2935, B. Brouillette 2675, V. Ceriele 1901.

WARRIORS DEFEAT OJAI IN TRIPLE GAME FRIDAY

The Carpinteria Warriors were victorious in all three games played with Ojai last Friday evening. The A team defeated the Ojai five by a score of 43-31; the B's won 38 to 33 and C's annexed their game by 24 to 19. This was the first time this season that all three teams have chalked up the winning score.

Playing on the "A" team for Carpinteria were: Phillip Olds, Dwight Babcock, Arthur Milne, Neil Clark, Mike Sturmer, Dean Waters, Webster Beckstead, John Calhoun, Larry Bailard and Melvin Reeves. Those who saw action on the "B" team were Carl McIntyre, Eugene Baxter, Roland McIntyre, George Miller, Rodney Starkey, William Osterman, Jack Kendrick, Mike Lopez, Richard Kistler, Steven Granaroli. Playing on the "C" team were Benjamin Tada, Bob Jones, Harland Reid, Bernard Snow, Robert Doell, James Amos, John Miller and Emil Stemper.

ADDED STAKES EVENTS SCHEDULED FOR SANTA ANITA

Santa Anita has the following \$10,000-added stakes coming up for the next five Saturdays, the results of which promise to develop some outstanding candidates for the \$100,000 Santa Anita Handicap on March 4—

Feb. 4—Santa Margarita Handicap, 1 1-16 miles.

Feb. 11—San Vincente Handicap, seven furlongs.

Feb. 18—San Carlos Handicap, 1 1-16 miles.

Feb. 25—San Antonio Handicap, 1 1-8 miles.

The important news in connection with the Big 'Cap is the Chas. S. Howard stable readying champion Seabiscuit for a trial heat during the week. It will probably be in an over-night sprint. The 'Biscuit has been working most satisfactorily and it seems all set that Ralph Neves will have the mount.

An interesting development is the prospect that Perifox, a stakes winner in England, will be brought along to enter the "hundred grander." He is working well after being given two blisterings that threatened to put him on the shelf.

Gosum, No Dice and Quick Devil have moved up for consideration of the horses who have shown in races, but the great mare, Esposa, suffered an injury in the San Pasqual. Trainer Matt Brady is carrying Esposa along in her training and doesn't look for any serious set-backs. Heelfly, still acting up at the gate, failed and Main Man also dropped back when asked to carry 124 pounds.

All the trainers seem to be going along carefully in their "prepping" but next month will see a number entered.

The \$50,000 Santa Anita Derby has the top favorite, Porter's Mite, resting and going slowly and the appearance of Xalapa Clown and some of the other eligibles is being awaited with interest. Wm. Zeigler, Jr. displayed a greatly improved colt in Our Matt, winner of two fast sprints, but Our Matt wasn't put in the derby. A. G. Vanderbilt also failed to name Hysterical, who has indicated he can go a distance.

McSHAIN VS. ORTH BOUT SCHEDULED AT MAC TONIGHT

The critical clientele of the Mission Athletic Club were treated to a real session of refereeing last Thursday evening. Pat "Popeye" O'Brien turned in an enviable performance as ringmaster of the groaners. The crowd cheered the referee from beginning to end of the big four main-event card.

Jesse James, the new sensation, startled the audience with his Greek-god appearance. Never before had they seen such a marvel of proportion and grace as shown by Jesse. Not only was he a sight for the eyes but turned out to be a top-notch wrestler as well. He all but jerked rabbits out of a hat by exhibiting his mat tricks. A born acrobat and gymnast, Jesse was never in danger inasmuch as he was able to do a back-flip, front-flip or complete tumble whenever hard pressed. Bobbing up like a jack-in-the-box he had his adversary completely mystified. The niftiest fall of the season was performed by Jesse in getting a surfboard compact on Monte La-Due.

The Champion light heavy-weight, Danny McShain, kept his title. Using all the tricks which seem to be peculiar to champions of the mat these days, McShain gouged and punched his way to win over Jackie Nichols, who, given a fair chance, would make a monkey of McShain.

In the Orth-Belcastro feud, Orth roughed his opponent around the ring to take a very impressive two falls. Plenty of blood made its appearance in this match when Orth connected with Belcastro's nose repeatedly.

Tiger Taskoff won the first event pinning Eddie Rogers twice with step-over toe-holds.

Danny McShain will return this week to face the formidable Orth. McShain who is one of the roughest will be pitted against one of the meanest making this a natural. We look for a whirlwind of action.

Jesse James will meet Tiger Taskoff in a two-out-of-three falls affair with a one hour time limit. The two preliminaries will see Jimmie Lott vs Charles Carr and Sugi Hayamaka vs Nick Bozonis, both with a 30-minute time limit.

GROUND BROKEN FOR NEW ART GALLERY AT USC

With the breaking of ground on the University of Southern California campus this past week for the new school of architecture and fine arts as well as the Fisher Art gallery, campus projects now under construction and planned will value approximately \$1,000,000, according to university officials.

With a combined frontage of 250 feet on Exposition Boulevard, the new buildings will extend an entire block from 39th street. To be built around a series of three patios, the adjoining Romanesque structure will be two stories in part.

The fine arts building, given to S. C. by Mrs. John W. Harris, will include an auditorium seating 225 persons, air-conditioned lecture rooms, library and units for departments of ceramics, drafting, sculpturing, and decorative arts. The \$180,000 structure is expected to be completed for use in the fall semester.

Featured in the \$50,000 art gallery, a gift of Mrs. Walter Harrison Fisher, will be exhibition rooms to include her own private collection of rare masterpieces. Other quarters will provide for temporary exhibits for sculptures and paintings.

Completion of the first wing on the campus of the Hancock Foundation for Scientific Research, composed of rooms moved to the campus from the former Hancock mansion, now permits work to begin on the unit for laboratories, auditorium, and scientific sections of the \$500,000 structure, a gift of Capt. Allan Hancock to S. C. Plans now under way for the

AMERICAN LEGION TEAM LEADS IN CRIBBAGE PLAY

The annual cribbage tournament got off to a good start last Friday evening in the Veteran's Memorial building with teams representing six organizations taking part in the initial play.

At the conclusion of the evenings play the teams stood as follows: American Legion, 16; Cribbage Club, 15; Chamber of Commerce, 15; Lion's Club 15; Massons, 12; K. P., 8. Dave Safwenberg, Ray Doell, Sally Maddox and William Beckstead were tied for high individual score with 7 games each.

OXY CAGERS SEEKING TITLE

Seeking their fourth consecutive Southern California conference victory, Occidental College cagers encounter Caltech Saturday night on the Bengal floor at 8:15. A freshman preliminary will be held at 7 o'clock.

The greatly improved Tigers defeated Redlands last week to avenge their only loss of the circuit season. Oscar Riedel, highest scorer in the conference, paced Oxy with 18 points.

\$100,000 college of engineering building together with equipment for the four new campus structures will exceed \$1,000,000 in project activities, according to officials.

Ceremonies dedicating the new \$30,000 Kappa Sigma fraternity house, which will accommodate 150 in its banquet hall, were held recently.

REQUIREMENTS OF STATE INCOME TAX OUTLINED

Returns of personal income under the California Personal Income Tax Act are due after the close of the calendar year and may be filed at any time prior to the close of business at midnight April 15th. Substantial penalties are imposed by law, and must necessarily be enforced for failure to file where income is sufficient or failure to file in time. Income tax procedure has also established a requirement involving all persons who pay to another, salaries, wages, fees, commissions, bonus, etc., if single \$1,000.00 or more; if married \$2,500.00 or more, and in the case of interest on notes, mortgages, rents, and royalties, dividends and foreign items and other income of \$1,000 or more—an information return for calendar year must be filed. This is required of all public service corporations, City and County as well as State Departments, Schools, Police and Fire Departments, business establishments, construction works, etc., where sufficient wages, salaries, etc., as above outlined are paid.

Small blank forms (599) are provided for each individual and these forms when prepared are transmitted by a cover sheet, (form 596). These information returns must be filed before midnight of February 15th.

Personal Income Tax returns must be filed by all single persons whose net income after deductions for ordinary and necessary business expenses (not including personal living and family expenses) amounts to \$1000.00 or more and likewise by married persons whose

combined net income amounts to \$2500.00 or more.

While the law has been in active operation in California for some years and in the United States generally since 1913, and is ordinarily understood, some taxpayers continue to include personal items such as transportation to and from their work or business, doctor bills and funeral bills, and other personal family expenses which in common income tax practice are not allowable. However, interest paid (except to carry non-taxable items) and taxes on personal property are generally allowable as proper business deductions. Credits are provided for dependents. However, regardless of the amount claimed for credit on account of dependents, returns must be filed where the net income reaches the above figures.

While, in general, office and field representatives may not actually prepare the returns advice and information, blank forms and every normal assistance is available. Office hours of the State are from 9 a. m. to 5 p. m. except Saturday—9a. m. to 12 and holidays—with an hour out for lunch. Some field offices remain open from 9 a. m. to 1 p. m. and then take the hour for lunch in order to afford opportunity for employed persons, who have the noon hour available, to receive assistance. Forms may be filed with field representatives, with field offices, with branch offices or with the Area office at 105 California State Building in Los Angeles. In like manner the tax may be paid at such offices. Main Area office at 105 California state building in Los Angeles and the following points will be available to the taxpayers as noted.

GAS CONSUMPTION SETS NEW RECORD FOR YEAR 1938

Sacramento motorists used more gasoline during 1938 than in any other like period in the history of the state.

While the total for the year was only slightly higher than that of 1937, a new record for the assessment of the gasoline tax was reported by the State Board of Equalization.

The total gasoline tax assessed during 1938 amounted to \$51,601,430.04 as compared with \$51,584,003.69 during 1937, a gain of \$17,426.35.

The new high total was made possible by a gain of 1.09 per cent in the distribution of motor vehicle fuel during December.

The board reported the sale of 145,883,008 gallons of taxable gasoline on which a tax of \$4,376,490.24 was levied. The tax for the same month of the previous year amounted to \$4,329,119.19.

He also authored the chapter on the same subject in the current edition of new developments in the cinema field.

BURNS vs DE MILLE

Bob Burns, now starring in Paramount's "I'm From Missouri," made his first money in the show business by playing a piano accompaniment to the showing of Cecil B. De Mille's early picture, "The Squaw Man," when it was screened in Van Buren, Ark.

able to Carpinteria. With both of these areas have come highway development. Along with the business have come billboards, signs, wrecking yards and other enterprises which have made the west entrance to Carpinteria decidedly uninviting. The other residential areas of Carpinteria are well established within the town and are generally composed of one and two-family dwellings.

Business

Nearly all the commercial enterprises in Carpinteria are located either on the highway or on Linden Avenue. There is still room for many more business buildings in town without spreading toward Summerland and Ventura.

Industrial

The industrial district of Carpinteria is properly located near the railroad. It may expand but would benefit by expanding within the same general location.

Public Lands

In addition to these general areas, there are public lands for schools, parks and other uses. Also the great recreational asset which Carpinteria Valley enjoys—its beaches. These several areas will be recognized in the ordinance and its provisions will be adapted to the present scheme and allow for natural growth.

High Values

All these areas represent high values. These values will stand so long as they are not damaged by adverse and detrimental forms of development. Agricultural areas serve their best purpose when used for agriculture. Business functions best in business districts, and home values are highest in residential districts.

Insurance

The proposed ordinance is a form of insurance which the people of Carpinteria may "take out" to protect the community against a repetition of some of the common threats to property values and community pride.
