FAIR DES
Thirty-five tuition scholarships are awarded to high school and junior college students, according to the terms of the Act of March 3, 1879. Established March 26, 1933. Published weekly as "The Chronicle" from June 6, 1935, to October 6, 1956. Published daily as "The Chronicle" from Oct. 7, 1956, to Dec. 6, 1959. Determined a newspaper of general circulation (as defined by Section 4409 of the Political Code) by decree of the Superior Court of the State of California in and for the County of San Diego, Oct. 6, 1959.

**INSTRUCTION PERMITS REQUIRED FOR LEARNERS**

An instruction permit must be obtained in order to operate a postassium driving school and facilities. The state's definition of "postassium" is "a taxicab or a vehicle designed for the transportation of passengers for hire." All postassium drivers must have a valid driver's license and registration. The permit must be applied for and renewed annually. It is important to follow all safety regulations and procedures when operating a postassium.

**THE CHURCHES**

The Church has a number of church-related organizations, and members will be well-placed to welcome you to their services.

**METHODIST CHURCH**

Rev. Dene F. Babbitt, Pastor.

"Worship the Lord in the Beauty of Holiness." The Church School for students of the Christian Life helps us to worship on Heaven’s way. What the Lord’s Day morning.

For me to live is Christ, and to die is gain.

—Philippians 1:21

The Church offers a variety of religious services every evening except Saturdays.

**WOMEN IN THE NEWS**

By LEONE BAXTER

That eastern judge who refused to marry a young couple because they were on relief has set off a widespread agitation, particularly in California—where the general situation peculiarly acute—as it booms back in the judge's face.

Protest is raised that marriage is a right, and that no one is justified in blighting the dreams of two young people simply because young people can't find jobs. Equally loud is the contention that it’s greatly unfair to other young married couples who do have jobs, and who are able to pay for trips, buy real estate, and invest in their own bailiwick.

In one light that magistrates' decisions may have been most justified. It is very like that of the old-time fathers who would bar his spectacles at the battlefield and ask, "What did the prophets? Got a job? Any money saved? My Daphne Rose, that can't support her! And the young man waited, and—" But that's that! "He that is not censured enough for not being able to support his family, must not be condemned for the want of ability to support his family.

Today, after six years of relief, with millions still dependent on public charity, economists are predicting that many long years will pass before private industry will be able to absorb the huge relief army. If, so thousands of earnest honest young men and women who have worked for years to do their part—will have to find employment somewhere; and that which is the birthright of youth.

The most basic fact remains, however, that with relief the government is being asked to shoulder responsibilities that are not its function. The government cannot continue to pump billions of dollars into the economy. It is up to the individual to find employment in order to support himself and his family.

Certainly that judge centered attention upon a serious question. As marriage is a personal question, it will be found only in the trial and error experiences of the future.

**PERSONALS**

EUGENE KELLOG TO ADDRESS GOOD FELLOWSHIP CLUB

The Good Fellowship Men's club will hear Eugene Kellogg on "The Automobile Club of Southern California" at 7:45 Tuesday. Mr. Kellogg, a member of the Board of Directors, will speak on the following subjects: (1) the history of the club and its development, (2) the services of the club, (3) the functions of the club and (4) the club's present and future activities.

CAR OPERATION DEDUCTIONS OUTLINED BY CLUB

With the income tax time just around the corner, the Automobile Club of Southern California has furnished the following information regarding certain deductions which can be made for sums paid for or losses sustained in connection with ownership and operation of automobiles. Substantially the same deductions are permitted under both federal income tax law and the California personal income tax law. Federal tax returns must be made by May 15 and State returns by April 15. Deductible items summarized by legal experts of the Club include:

1. All sums paid during the calendar year as registration fees, vehicle license fees, personal property taxes, and municipal taxes.

2. Interest on money borrowed for the purchase of an automobile.

3. The amount of financing charges on automobiles purchased which covers the interest on the loan, when specifically set forth in the contract, but not the amount covering the premium on insurance to protect the finance company's interest.

4. Automobile insurance on cars used for business purposes.

5. Uncompensated losses sustained by reason of damage to automobiles used for business or pleasure.

6. Damage paid for injuries to persons or for destruction of property, provided the automobile was used for business at the time of the accident.

7. Loss sustained when a car used for business is sold at a price less than its depreciated value.

8. Losses sustained where an automobile was sold by contract, but not the amount covered by the contract, but not the amount covered by insurance.

9. Depreciation usually is figured at 20 per cent per annum. Where an automobile is purchased on the installment plan, the Depreciation Act imposes a tax upon the automobile purchase price.

10. Only non-deductible items include the California and federal gasoline tax and the federal taxes on lubricating oil, tires, tubes, accessories, new cars and trade-ins. A Federal ruling is that these taxes are imposed upon the manufacturer or distributor, not upon the consumer.

11. No deduction can be made for the amount paid for an automobile used either for business or pleasure, though the amount paid for the automobile is a business expense subject to the income tax.

12. The amount of financing charges on automobiles purchased which covers the interest on the loan, when specifically set forth in the contract, but not the amount covering the premium on insurance to protect the finance company's interest.

Max Reinhardt, who is personal­ly directing Maunder's classic drama, "Sister Beatrice," at the Lo­bero Theatre in Santa Barbara this Friday, Saturday and Sunday evenings, February 9 and 10 and for a pop­ularity priced matinee Saturday af­ternoon, February 11. The re­nowned actress, Helen Thimig (Mrs. J. Carroll Naish), will appear in the role of the Madonna.

Cary Grant, Victor McLaglen and Joan Fontaine in "Gunga Din" now playing at the Fox Arlington Theatre. Also on the same program Paul Lucas and Margaret Lockwood in "The Lady Vanishes."

YOUR HOLLYWOOD CORRESPONDENT REPORTS . . .

Madeline Carroll has cabled Paramount from London that she'll be back in Hollywood by Febru­ary 10. She will get back just in time to attend the preview of her latest picture, "Cafe Society." An engraver at the United States mint in Philadelphia went down on his knees, May Wong an engraving he did of her in bronze. Dorothy Lamour is wearing dark glasses on the "Man­hunt," her in a role of the kind she has been doing. She was one of the stars at the opening of the Ballet Russe in Los Angeles (Shirley Ross is one of the ties who attended the opening of the Ballet Russe in Los Angeles). She can't get away until the picture's completion. She had it dyed in her role of "Episodes in Dance Form."

Herbie Kay drives to Los Angeles from San Francisco every time. She had it dyed in her role of "Episodes in Dance Form."

Barbara Stanwyck is the center of attention at the World's Fair in Chicago. She is the only actress, she is known as "The Lady Vanishes."

ANGNA ENTERS AT LOBERO FRIDAY NIGHT

Completion of arrangements is expected to bring the Max Reinhardt Players in Maurice Maeterlinck's "Sister Beatrice" to the Lo­bero Theatre. The performances were made yesterday in Hollywood by Max Grace Denton, Lobero's new manager, who announced that the performances are scheduled for Thursday and Friday, February 9 and 10.

"Sister Beatrice" will be remembered as the great climatic point in Max Reinhardt's production of "The Miracle," which was pre­sented in Europe and America with spectac­ular success. The present production is staged to fit the needs of the intimate theatre.

Mrs. Helene Thimig (Mrs. Max Reinhardt), celebrated act­ress whose art is known through­out Europe, will appear in the role of the Madonna for the Lo­bero en­gagement. Mrs. Thimig's inter­pretation of the Madonna in these performances will be her first ap­pearance in the United States.

Jean Van Grove, known for his splendid work as conductor for the Santa Barbara Festival concerts in the County Bowl last summer has arranged the music for the pro­duction and will conduct the or­chestra at Lobero Theatre. The settings, simple yet rich in feeling, are being put together by the master of scenery, Isaac Van Grove, known for his work in the "United Pacific's" set because of the beard and character make-up he's used in all his pictures. Betty Grable had the interest of everyone on the "Man About Town" set when she was seen putting in a 1500-word letter a fan wrote on the inside of a match box cover. A magnifying glass was re­quired to read it.

Susan Hayward has the jitters because she has to play the piano for Cary Cooper, her favorite act­or, in "Boy Crazy." She is learning the piano by rote. The new de­bugger on Shirley Ross is showing around all around given her by Tommy Dorsey. Gracie Allen plans to keep her hair red all the time, as she had it dyed in her role in "The Gracie Allen Murder Case." Bertie Ray drives to Los Angeles from San Francisco every week to see Dorothy Lamour, his wife. She's working with Jack Benny in "Man About Town" and can't get away until the picture's completed. Claude Calvert, Shirley Ross, Mrs. J. Carroll Naish, Betty Grable, Dorothy Lamour and Martha Raye among the celeb­rities who attended the opening of the Fox in Los Angeles last week to see Dorothy Lamour, his wife. **GROUND BROKEN FOR NEW ART GALLERY AT USC**

With the breaking of ground on the University of Southern California campus this past week for the new school of architecture and fine arts as well as the Fisher Art gallery, campus projects are now under construction and planned will value approximately $1,000,000, according to university officials.

With a combined frontage of 394 feet on Exposition Boulevard, the new buildings will extend an entire block, from 39th street. To be built around a series of three patios, the adjoining Romanesque structure will be two stories in height.

The fine arts building, given to C.C. by Mrs. John W. Harris, will include an auditorium seating 215 persons, air-conditioned lecture rooms, library and units for departments of ceramics, drafting, sculpture and decorative arts.

The $180,000 structure is expected to be completed for use in the fall semester.

The greatly improved Tygers defeated Redlands last week to average their only loss of the circuit season. Oscar Riedel, high scorer in the conference, paced Oxy with 18 points. The $100,000 of college engineering building together with equipment for the four new campus structures will exceed 1,000,000 in project activities, according to officials.

Ceremonies dedicating the newly opened $30,000 Kappa Sigma fraternity house will accommodate 100 guests in its banquet hall, were held recently.

BENS vs DE MILLE

Bens, Robert L., a natural born citizen of Pennsylvania, for the return of $5,000, to thesquaw man," when it was screened in this theatre, is a representative of the story of life in the days of the Mohawks, as contrasted with the life of today. It is a tale of the struggle for existence, as told by the squaw who was the first to discover the squaw man. It is a story of the squaw who was the first to see the squaw man, and of the squaw who was the first to tell it to the world. It is a story of the squaw who was the first to tell it to the world, and of the squaw who was the first to see it in the world.

LEGAL NOTICE

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE

In the Superior Court of the State of California, for and in the County of Los Angeles, in the matter of the Estate of WILLIAM THOMAS SUMMERS, Deceased.

a) as above outlined are paid.

Fiscal year ended June 30, 1938.

GAS CONSUMPTION SETS NEW RECORD FOR YEAR 1938

Sacramento motorists used more gasoline during 1938 than in any other period in the history of the state. While the total for the year was only slightly higher than that of 1937, a new record for the assessment of the gasoline tax was reported by the State Board of Equalization.

The total gasoline tax assessed during 1938 amounted to $51,601,430.04 as compared with $51,584,045.69 during 1937, a gain of 1.09 per cent in the distribution of motor fuel taxes.

While the law has been in actual operation in California for some years and in the United States generally since 1929, and is ordinarily understood, some taxpayers continue to include personal items such as transportation to and from their work or business, doctor bills and funeral bills, and other personal family expenses which in common income tax practice are not taxable items and taxes on personal property are generally allowable as proper business deductions. Credits are provided for dependents. However, regardless of the amount claimed for credit on account of dependents, returns must be filed where the net income reaches the above figures.

While, in general, office and field representatives may not actually prepare the returns, advice and information, blank forms and every normal assistance are available. Office hours of the State are from 9 a.m. to 5 p.m., except Saturday, 9 a.m. to 12 and holidays with an hour out for lunch. Some field offices remain open from 9 a.m. to 5:30 p.m. and one office, with field offices, with branch of the State building in Los Angeles, is open from 8 a.m. to 5 p.m. and one office, with field offices, with branch of the State building in Los Angeles, is open from 8 a.m. to 5 p.m.

The above mentioned check or money order, in an amount of $5.00, shall be included with each bid. No bidder may withdraw his bid or bid upon return of such copies in good condition within (30) days after the bids are opened.
Second Zoning Article (Continued from page 1) and able to Carpinteria. With both of these areas have come highway development. Along with the holds of commercial areas have come billboards, signs, wreathing and modernization of the areas which have made the west entrance to Carpinteria decidedly unsightly. The other residential areas of Carpinteria are well established within the town and are generally composed of one and two-family dwellings.

Business

Nearly all the commercial enterprises in Carpinteria are located either on the highway or on Linden Avenue. There is still room for many more business buildings in town without spreading toward Summerland and Ventura.

Industrial

The industrial district of Carpinteria is properly located near the railroad. It may expand but would benefit by expanding within the same general location.

Public Lands

In addition to the residential areas, there are public lands for schools, parks and other uses. Also the great recreational asset which Carpinteria Valley enjoys—the beaches and public lands—will be recognized in the ordinance and its provisions will be adapted to the conditions in order to allow for natural growth.

High Values

All these areas represent high values. These values will stand as long as they are not damaged by adverse and detrimental forms of development. Agricultural areas will serve their best purpose when used for agriculture. Business functions best in business districts, and values are highest in residential districts.

Insurance

The proposed ordinance is a form of insurance which the people of Carpinteria may "take out" to protect the community against a repetition of some of the common threats to property values and community expansion.
