SANTA BARBARA, CALIFORNIA, FRIDAY, OCTOBER 17, 1924

No. 5

## STUDENT STRAW VOTE MONDAY

### COMING ELECTION CONSIDERED IN COLLEGES

#### Committee Will Handle Votes in School Corridor

A straw vote by students on the presidency of the country will be taken here next Monday simultaneously with votes to be taken in about one hundred colleges and universities throughout the United States. The local vote is being sponsored by the Social Science Club, and the National Y. M. C. A. and Y. W. C. A. have endorsed the plan for a nation-wide straw vote.

The plan as outlined by The New Student, provides for participation of college newspapers, student government associations and non-partisan political clubs. October 20th has been set as the date for the straw vote and the returns from all the schools will be sent to The New Student, tabulated and printed in the October 28th issue of the paper.

#### Voting in Corridor

A committee has been appointed by the Social Science Club to make arrangements for conducting the election here. Oren Heckleman is acting chairman of the committee and Helen Ingalls, Maxwell Conklin and Lewis Peters are assisting him. The voting polls will be located in the corridor and students may cast their votes any time during the day. A check will be kept of those voting in order that the returns may be interpreted as an accurate expression of the political sentiment of the students.

The election is open to all students, regardless of whether or not they are entitled to vote in the regular election. The purpose of the plan is to determine as accurately as possible the  
(Continued on Page 3)

### GOVERNOR RICHARDSON INSPECTS COLLEGE; COMMENDS PROGRESS

Aid in the expansion program of the College has been promised by Governor Friend W. Richardson, who visited this institution last Sunday. After looking over the campus and buildings, the Governor indicated that the lack of adequate facilities to meet the steady increase in enrollment warrants a larger appropriation in order to provide for new buildings and equipment. The increase in registration from 325 students last year to 450 this year indicates the need of a proportionate increase in buildings and equipment with improved laboratories, buildings and shops.

Governor Richardson and Mrs. Richardson seemed pleased with the progress of the College during the last few years, expressing a marked interest in the new buildings, shops and laboratories. Governor Richardson appeared to be wholly satisfied with the type of work that was being done and commended the innovation of practical training given here.

### CREDIT IN SPORTS GRANTED TO JUNIOR COLLEGE WOMEN

#### Credential Committee Acts on Petition from Students

Elective credit for women's sports has been granted to Junior College students, according to action taken by the credentials committee. The change, which places women's athletics more nearly on a par with men's in that they are recognized for credit as a part of the school curriculum, has come in response to a petition from students. It is hoped that the plan may be put in operation the last quarter of this semester.

Heretofore no unit credit has been given for participation in women's athletics. The majority of the colleges and universities of the State require credit in sports from all women students. This meant that women who had participated in athletics here had to take extra physical education work  
(Continued on Page 3)

### HONOR SOCIETY PETITION SENT TO HEADQUARTERS

A petition for a Chapter of the Kappa Delta Pi is being sent to the Honor Society headquarters for the Santa Barbara State Teachers College. This is a nationally known, well established Honor Society. Better grades than the average of the institution is the requirement for membership.

It will be some time before word can be received as to the success of the petition, as it must go to twenty-six places before it can be granted. The petition carries the signatures of the first ten people out of thirty-two who signed the original petition.

### NEW REGULATION MADE FOR COLLEGE LIBRARY

The Library will be open from 9-12 on Saturday mornings hereafter in order to accommodate students. Since books taken out on Friday night must be returned Saturday morning, more students will be able to use them over the week-end. The plan of Saturday morning hours is being tried by Miss Winham in accordance with the hours observed by other colleges.

Books taken out Friday night are due Saturday morning at 9 o'clock. Those taken out Saturday noon must be returned Monday morning at 9 o'clock.

### STUDENTS ADDRESSED BY RAY O. WYLAND, THURSDAY

Mr. Ray O. Wyland, National Director of Education for Boy Scouts, addressed the students on "Citizenship" at the assembly held Thursday. Mr. Wyland spoke to various groups in the city on the same subject. Students expressed interest in his words regarding world citizenship, as well as national citizenship.

### STUDENT BODY DUES WILL NO LONGER BE REFUNDED

According to a resolution of the council, Student Body dues will not be refunded after three weeks have elapsed. In order to avoid confusion, it is hoped, that students who are leaving will take note of this resolution and not ask for refunds.

### NOTICE! !

The Health Benefit Association will cease to exist if more students do not show their desire to join it by signing their names on the several lists posted about the corridors. This organization is formed for the mutual benefit of all students on the campus, and deserves the support of all. In the assembly held about three weeks ago, practically the entire Student Body signified their intention of joining the organization, while to date not more than eighty have signed up. Act, folks, before it is too late!

### STUDENTS' TELEPHONE INSTALLED IN MAIN OFFICE

#### Students In Charge

The students' telephone was installed in the main office Tuesday. Students are free to use the telephone whenever they wish but are requested not to make it a nuisance or a burden. As the telephone is in The Eagle's office, the staff asks that noise and confusion be avoided as much as possible.

In return for free use of the telephone, students, in accordance with the plan adopted by the council, are expected to assume the responsibility of answering the phone throughout the day. An estimation shows that if each student in the College will care for the telephone for four periods during his college year, some one will always be in charge of the telephone. Calls will be received and posted on the bulletin board as heretofore.

A committee has been appointed by President Hawley to ask for volunteer students to carry on this activity. The committee is composed of Barbara Dewlaney, chairman; Anne Hartwell, and Maxwell Conklin.

The need for a students' telephone has been a necessity of long duration, not only because the students needed a telephone but because the use of the one in the office was becoming a burden to the office workers.

### DANCES AND PARTIES WILL BE COMBINED

#### Party-Dance Given Next Friday.

This year a new plan of combining dances and parties is to be tried by Dean Pyle and the social chairman, Helen Culp. This change is being made so that the Student Body will not be divided into two groups, one which attends the dances and another which only goes to the parties.

The first party of this kind will be given a week from tonight. At this time, cards and Mah Jong will be played in addition to the regular dancing. Some interesting "features" for the party are being worked out by Helen Culp. If this type of entertainment meets with the approval of the Student Body, a similar program will be followed in planning the parties of the rest of the year.

The social program for this year provides for a maximum of two Student Body social affairs a month. The kind of party and the number will depend upon the will of the Student Body.

### UNDER-GRADUATES OF DARTMOUTH PREPARE REPORT

#### STUDENTS STUDY COLLEGE

#### President Invites Criticism and Suggestions for Changes

At the invitation of President Hopkins of Dartmouth College, ten undergraduates of the college have submitted a report which bears their opinions as to how Dartmouth might "approach as near as is humanly possible to those ideals which a privately endowed, historic, liberal college is justified in holding."

The report, which was first issued on May 15th, has been referred to a faculty committee on Educational Policy to assist it in basing its findings on the same subject. The report which has been receiving nation-wide attention, is divided into a number of sections. It cannot be re-produced here in full, but students who are interested will find a fuller account of the report in The New Student for October 4th.

#### College Defined

Under the definition of a college, the report states: "It is the purpose of the college to provide a selected group of men with a comprehensive background of information about the world and its problems, and to stimulate them to develop their capacity for rational thinking, philosophic understanding, creative imagination, and aesthetic sensitiveness, and to inspire them to use these developed powers in becoming leaders in service to society."

The report urges a method of education which will tend to bring about a more personal relationship between teacher and student. The need for more instructors who have a real knowledge of their subject and who possess the traits of character which command the respect of the student is emphasized.

#### Changes Proposed

Condemning the present system of instruction as one which forces the student into a passive rather than an active attitude, the report suggests:

1. Virtual abolition of lectures.
2. Long time assignment of topic.
3. Small classes meeting weekly.
4. Office hours for consultation with instructor.
5. Written work in the form of short assigned papers, giving training in original thinking and organization of material.
6. Additional check on student's work, making it necessary for him to complete one quarter's work before undertaking the next.

Other sections of the report deal with matters pertaining to curriculum, degrees and admission to college.

## JOIN THE HEALTH BENEFIT ASSOCIATION

The Health Benefit Association is an association worthy of 100% membership of the Student Body. The value of membership in this organization can not be overemphasized. The hospital has made us an excellent offer, and the fund created thru the payment of dues of \$2.00 per semester bears a reasonable amount of costs. The \$3.00 base rate for ward service and the \$1.50 rate for medical service are generous propositions. The fund created by the payment of a \$2.00 fee bears a large part of the cost, namely: 2-3 of the ward service base rate of \$3.00 per day up to 20 days and total medical care up to ten visits at \$1.50 each, besides all operating room charges, laboratory fees, taxi and ambulance service, and 50% of all operating costs not exceeding \$50. It would be impossible to conceive a better, fairer, or more just proposition than that incorporated in the Health Benefit Association. It is essential that the association have a large membership, and those who have not yet signed the list for membership should do so immediately. Membership in an association whose purpose is to promote and safeguard the health of its members is of distinct value and advantage to the individual.

## A WORD OF APPRECIATION

Considerable appreciation is due the Chamber of Commerce and its co-workers for their interest and support in securing more adequate facilities for this institution. Representatives of the Chamber of Commerce and other clubs which have joined with the Chamber of Commerce in this project have given their time in investigating this institution with a view to expansion of the College.

It is of distinct value and importance for us to have the business men as well as the educators of Santa Barbara interested in our institution. We are glad that such an interest has developed and are grateful for their aid.

## GEOGRAPHY STUDENTS FORM UNIVERSAL CLUB

The fifth period Geography class, under Dr. Evans, formed itself into the Universal Club last Friday. It is the aim of the club to bring to the students a better understanding of countries and their peoples by having lectures by authorities on these subjects. The club is to meet every other Friday, and programs are being planned for each meeting.

At the initial meeting, officers for the semester were elected. Carlisle Gorman was chosen president, Helen Erickson vice-president, and Helen Clark, secretary. Mr. Weir was appointed chairman of the program committee. The rest of the meeting was given over to a talk on the Iron Range in Minnesota, by Mr. Griffin.

## DEAN ASHWORTH SERVES AS JUDGE IN CONTEST

Dean Ashworth has been chosen chairman of a Board of Judges in the Strollers' Club. The Board is to decide upon the winning play or story that was entered in a recent short-story, one-act play contest. The contest was only open to the members of the Strollers' Club.

Charles Peteler intends to spend the week-end in Long Beach.

## SPECIAL CONCERTS GIVEN AT LOBERO THEATRE

Many students are planning to attend two special concerts which will be given at the Lobero Theatre on October 17th and 18th. A feature of the concert is to be color music, which is being sponsored by Mr. Guy Clearhope.

Mr. Clearhope is quoted as saying that this instrument combines the color of the prism rhythmically with the notes of the music, effecting harmonious shades as pleasant to the eyes as the musical strains are to the ear. The colors are thrown on a revolving reflector which whirls at a high rate of speed.

## MISS HARRIET THOMPSON SPEAKS HERE ON SERVICE

Miss Harriet Thompson, secretary of the Presbyterian Board of Foreign Missions, addressed the A. W. S. last Friday on the needs and rewards of church work. Miss Thompson declared that in the next few years a pressing need for 50,000 young men and women, preferably college graduates, will be felt. At this time, America must decide between two theories—one of materialism and selfishness, or one of brotherly love and generosity. She urged that students give their talents in service to their church where the rewards would be twofold.

## MEN'S CLUB ARRANGE SMOKER FOR WEDNESDAY

Several important matters came up before the meeting of the Men's Club held Tuesday. First of all the matter of the smoker was dealt with. The men decided that the feed will be held at seven o'clock on Wednesday, October 22. Tamales, salad, coffee and dessert will make up the menu.

The drapery question in regard to the club room was settled by a vote. Each member is to be assessed fifty cents in order that the draperies may be purchased as soon as possible. Mr. Burns, of the Art Department, has offered his services to the Club in the selection of the drapes. The girls have gladly offered to help in the sewing of the material so that it will be the matter of only a week or so before the club room will present a suitable appearance. The Community Mechanics men will construct the furniture.

During the rest of the meeting, Mr. Heckleman was elected secretary-treasurer of the Club.

Committees have been appointed to handle the entertainment and dinner. Paul Cradler, Joseph Kellem and Carlisle Gorman will arrange for the "stag" affair.

## LITERARY FORUM TO MEET MONDAY NIGHT

A meeting of the Literary Forum will be held Monday night in the trustees' room at the Public Library. This will be the first formal meeting of the year.

Invitations to the meeting have been issued to a number of students who are being considered for membership in the Forum. Following the general meeting, the present members of the organization will meet to act upon the names, and official bids for membership will be issued sometime next week.

At the meeting which will start at 7:30, a general outline of the plans to be followed this year will be presented. Dean William Ashworth will read a play, after the business has been dispensed with.

## PERSONALS

Ester Glidden is going home in Lompoc this week-end.

Lothelle Miller is to spend the week-end with Thelma Conrad at Arroyo Grande.

Grant Youngs, who has been ill with the flu this week, will not return, but finds he has to give up his school work. The College will surely miss him.

Many of our College girls belong to the new club for young women formed as an auxiliary to the Woman's Club of Santa Barbara.

What are all these men and women doing wandering around with tennis rackets? They must mean business.

A show case along the corridor is already filled with this year's work. The Elementary Art Methods Class is responsible.

The College permeates with a business air, work in full swing at last.

Mr. and Mrs. Ryan and Frances Lincoln are giving a Hallowe'en dance next week.

## TERTIUM QUID'S CORNER

### Reply to R. P. L.

Dear Sir or Madam:

I notice that in your reply to my article about departments, you end your defense of departmental organizations with Lincoln's famous quotation "United we stand; divided we fall." How true, R. P. L.! You have expressed is of no interest to your department; this is the real evil that sion in the school.

You state that departments and organizations seek to promote the welfare of the members in the field. Quite obviously you imply that the welfare of the members of the other departments is of no interest to your departments; this is the real evil that departments tend to create. Should this be so? Should the responsibility of "perpetuating memories and cementing the bonds of comradeship" be left to departments? Should these bonds be cemented to departments or to the school as a whole? If you wish to cement bonds thru an organization, professional bonds, what could be a better melting pot than the class organizations, R. P. L.? These organizations bring the people of the different departments into a closer understanding of each other's problems, which is the ultimate aim of a college education.

The strongest organization on the campus today is the A. W. S. It has for its purpose the promotion of the interests of ALL the women on the campus. How noble a thing to bind all the little departmental cliques and factions into a strong central organization, at the same time not impairing the loyalty of its members to the school as a whole.

Department organizations tend to form cliques; cliques tend to promote loyalty to the members of the cliques rather than to the central organization; loyalty to cliques tends to weaken the school; for the above three reasons departments are inadvisable. (Signed) TERTIUM QUID.

## UNIVERSITY SITE MAY BE SECURED HERE

A campaign is being organized by the Santa Barbara Chamber of Commerce to secure the site of the University of California, Southern Branch, which is being moved from Los Angeles. The city administration believes that the opportunity for locating the University here is very worthwhile. Approximately 800 acres would be required for such a site.

## PERSONALS

Warren Atwood and Carl Wirths were active supporters of the Green and White at Loyola Saturday.

Catherine Berry, her brother, mother and sister, together with Monroe Langlow and Ted Ellsworth, motored south Saturday to see the Loyola game. Yes, Ted had his famous camera along!

Linn Unkefer, '24, has become a prominent reporter on the U. S. C. Trojan.

## OUTING CLUB HOLDS FIRST MEETING

The Outing Club held its first meeting of the year for the purpose of electing officers and planning a program for the coming semesters. The meeting was called to order by Ted Ellsworth, president from last year. Allen Keim was elected president; Clara Ziegeler, vice-president; Barbara Dewlaney, secretary; Merle Weidman, treasurer; Ted Ellsworth, men's manager, and Lucile Dexter, women's manager.

By a special arrangement, Outing Club members are to be given practical science credit on their trips this year. This factor should tend to increase the interest in the Club, and record turnouts are expected.

## WOMEN INFORMED OF COLLEGE REGULATIONS

Dean Pyle had charge of the Women's assembly Tuesday morning, where the new girls were told the College regulations. Each girl was instructed to fill out a slip containing her complete address so that the homes where they stay may be visited and approved. The Dean also explained the honor system which is in existence here and the rules for absences.

Any girl wishing to leave Santa Barbara for any length of time is asked to tell Dean Pyle, so that the latter may know where she is and be able to get in touch with her if it should be necessary. The house mother or one in charge of the home should always be told where a student is going and who she will be with.

Santa Barbara has the same rules as other Colleges in regard to the students' hours. Dean Pyle also announced that there would be no more than two College functions a month and all College dances would end at 11:30, so that students may be in bed by 12 o'clock.

## DECORATIVE NEEDLEWORK CLASS ORGANIZED

A number of townspeople attended the first meeting of the Decorative Needlework Class held Wednesday. This is a private class under the direction of Mr. Stanley Edwards. Weekly meetings will be held on Wednesdays from 10-12 in room 53. While the class is primarily intended for townspeople, students who have studied color and design are eligible to enter it. A fee of twelve dollars will be charged for the twelve lessons.

The course will include the application of design to various articles. All materials are to be furnished by the students. Lamp shades, pillows, table runners, bags, are a few of the things that students can make in this class. Interior decorating and costume design will also be studied.

## CREDIT IN SPORTS

(Continued from Page 1)

if they transferred to these other colleges because the work was not recognized here.

In view of the fact that the University of California does not permit the substitution of athletics for physical education work, sports cannot be substituted here for the regular university requirements, but additional credit may be secured in order to meet the requirements of many of the other institutions of the State before leaving this school.

Among the colleges and universities which give credit to women for participation in athletics are Stanford, Mills University of Southern California, Pomona, Occidental and Whitney.

The petition which was submitted to the credentials committee on October 7th and which has received its approval, follows:

"In view of the fact that several of the colleges to which Junior College women may be transferring, i. e. Stanford, Mills, University of Southern California, Pomona and Occidental, require credit in sports for women, and since supervised sports are already being given by the Physical Education Department, and as no innovations or changes in the present curriculum will be necessary, we hereby petition that elective credit be granted to all women participants in sports now offered, who fulfill requirements set forth by the head of the physical education department."

## COMING ELECTION

(Continued from Page 1)

general attitude of students toward the political situation. Students have not been considered in the lists of the straw votes taken by The Literary Digest. A few mock political conventions were held last spring by some of the colleges, but this will be the first serious vote taken.

Returns from the local vote will be telegraphed to the National Student Forum in order that they may go into The New Student with the returns from other colleges.

## ROADRUNNERS TRIMMED BY LOYOLA 17-0

Saturday, October 11, was a hard luck day for the hopes of the Roadrunners, for their ancient rival, Loyola, took them down the field for an easy 17-0 victory. Only in the last quarter did the Green and White show any of their expected class, and then it was too late. The team was in a crippled condition and minus the services of their star center, Grant Youngs, who was ill with a light attack of flu. The Loyola field was of slippery bermuda grass, and the locals found it difficult to get sufficient foothold for a quick get-away.

Loyola kicked off to Annin, who caught the ball in the solar plexus and dropped it. The Lions recovered and raced toward their goal by a series of right end runs. A drop kick was blocked, and the Roadrunners had the ball on Loyola's ten-yard line. On a punt formation, a bad pass from center caused Foss to fumble, and he was thrown for a safety and two points behind the goal. A few minutes later Chief Brown of Loyola made a neat drop kick for three points. The half ended with the score 3-0 in favor of Loyola. The Roadrunners had failed to make first downs, while Loyola had made their downs at will.

In the second half, Loyola recovered a fumble on their own ten-yard line, and Currin, star Lion half, carried the ball across on a fake criss-cross. Five minutes later Currin caught one of Foss's high punts and raced thru the entire Roadrunner team for a touchdown. In the last quarter Fritz intercepted a Lion pass and ran forty yards before he was downed. With proper interference he could have crossed the goal line easily, and there were several Green jerseys near him at the time. A sure-fire chance to score on a drop kick by Foss was spoiled by a bad pass from center, so the game ended with the Roadrunners in possession of their first goose-egg of the season.

## LIGHTWEIGHT GAME POSTPONED INDEFINITELY

The College lightweights will not play Taft High School at Pershing Park tomorrow as previously arranged, due to a change in schedule announced by Coach Gilliland recently. The game will be postponed indefinitely.

Another change in schedule is a varsity change for the last game in November. Instead of journeying to San Jose to play the San Jose Staters, the varsity squad will go to "Cal Poly" at San Luis Obispo to do its stuff. This will be good news to those who remember "Cal Poly" as our ancient rival.

## GREEN AND WHITE CAPS WILL ARRIVE SOON

One hundred students have ordered the attractive green and white rooters' caps, according to Allen Keim, who has been arranging for the purchase of these caps. As the order was placed last week, the hats will arrive some time next week. The caps are interchangeable, green and white, are similar to those used in all large universities, and the adoption of them is counted as a step in the pep campaign of the College.

Another list will be posted so that students who did not order them last week and wish to do so will have this opportunity. If at least twenty-five students sign the list, the order will be sent immediately.

## ORGANIZE GIRLS' AUXILIARY OF WOMAN'S CLUB

The Girls' Auxiliary of the Woman's Club was organized last Saturday at the Woman's Club House, with Mrs. J. O. Knighten as advisor. At this time temporary officers were elected. They include: Jessica Lemmon, president; Elizabeth Schwanbeck, secretary; Mrs. Percy Hunt, treasurer; Frances Jones, publicity manager.

The Auxiliary extends an invitation to the women of the State College to join the organization. The first official meeting will be held Saturday morning, October 25, at 10 A. M. in the Woman's Club on Anacapa street.

Some interesting work is planned for the coming winter. For the present, a study of the drama will be taken up under the direction of Mrs. Bertram Sutton. Plays will be read and studied, and later the women plan to produce one of the plays.

Jack Deland, captain of last year's football team and star quarter, was an enthusiastic rooter at the Loyola game last Saturday.

## ROADRUNNERS MEET U. S. C. FROSH ON LOS ANGELES FIELD

### Heaviest Game Scheduled This Season Promises Hard Struggle

Yesterday morning the Roadrunners made a pilgrimage to Los Angeles, where they will prepare to tackle U. S. C. Frosh in the Coliseum at Exposition Park this afternoon. The local aggregation, spurred on by last Saturday's defeat at the hands of Loyola, is out for blood and raw meat; and they're planning to get the bacon or come home in pieces.

The Roadrunners realize that in the Trojan babes they have a formidable adversary. It seems as though all of last year's high school football champs have chosen U. S. C. for their higher education, for this year's Frosh team is a world-beater. It has never been defeated. If the local aggregation mars this record, this afternoon's contest will go down in history as a real battle.

## ROADRUNNERETTES WIN OVER OLIVE AND GOLD

The Roadrunnerettes, erstwhile termed the Hooligans, surprised themselves and everybody else by defeating the Hi School squad 9-6 in a short practice game on Wednesday afternoon. Despite the apparent closeness of the score, the College lads had everything their own way, an intercepted pass giving the Olive and Gold their lone tally.

The Hi School kicked off to the College, who failed to make their yards. The College got off a beautiful kick on the fourth down, deep into the Hi School territory, and all thru the game kept the ball in the shadow of their goal. Richardson was thrown behind the Hooligans' goal for a safety and two points. When the College again gained possession of the ball on the forty-yard line, a series of completed passes brought the ball within striking distance of the goal. On the fourth down, Davis plowed his way over for a touchdown. Williams failed to convert, but the Hi School was offside, so the point was allowed. The Hooligans were again well on their way toward their goal when Glover grabbed a College pass and raced 80 yards to a touchdown.

The game was called on account of darkness.

edge on the Southern eleven because the Frosh fullback, Morley Drurley, broke his jaw in last Saturday's game with the San Diego Marines and will be unable to play this afternoon. Drurley is a graduate of last year's Long Beach High School team which won the Southern California championship.

### Punts and Passes

Today's game will probably be a contest of punts and passes, because it is realized that straight football will not accomplish wonders in a game against a team that has it so down to a science. Casey has made a few changes in the line-up and has been developing some new plays that will make the Trojan babes pick up their feet.

The Roadrunners accustomed themselves to a turf field at their own expense last Saturday at Loyola; so it is presumed that the Coliseum pasture will not be a material drawback.

### Line-up

The lineups are as follows:  
U. S. C. Frosh— S. B. S. C.—  
Boren..... 1er ..... Keim  
Jones..... 1tr ..... Hawkins  
Crow..... 1gr ..... Gillette  
Smith..... c ..... F. O'Reilly  
Yocum..... rgl ..... Brooks  
Wescot..... rtl ..... Annin  
Mosler..... rel ..... Linder  
Orsatti..... q ..... Garber  
Williams..... 1hr ..... Hollingsworth  
Drury..... rh1 ..... Anderson  
Golindo..... f ..... Vince

It is to be regretted that the local team lacks two of its standbys in today's game. Grant Youngs has left the team and Joe McCormick was injured in the Loyola game.

### GREATER INTEREST IN MUSIC COURSES SHOWN

According to Mrs. Barnett, a larger percentage of students are interested in music than ever before. This interest is manifested not only in the large Glee Club membership, but in the voice and harmony classes. Nearly thirty students are taking voice. It has also been rumored that the Women's Glee Club is planning to give an operetta.

## LIGHTWEIGHTS LOSE IN LOMPOC GAME

The College lightweight team under the supervision of Assistant Coach Jesse Hawley emerged from the Lompoc fray last Saturday wielding the lighter end of a 72-7 tally. Coach Hawley refused to admit an alibi, but the team blames their defeat on a lack of experience and team practice, as well as hurricane interference of the Lompoc squad.

The Lompoc line was nothing to brag about, but the slippery backfield was everywhere at once and nowhere in the next instant. The mustard growers' strong play was an end run that went like clockwork. Time after time the Lompoc backs would dash around either end for a touchdown with the aid of six-man interference.

The local sewing circle's strong play was a wide forward pass with which it made a good many yards during the game; but whenever the melon encroached upon the northerners' danger zone, the local squad lost the ball on downs. Passes became the only alternative when the Roadrunner Bantams found it impossible to pack the ball.

The lightweights' only score came through a fluke when Davis blocked a punt and Peel sat on the ball, which bounded over the goal line.

The most exciting instant of the game occurred when Greenough intercepted a Lompoc pass and galloped the length of the field only to be downed on the latter's 15-yard line, where the ball was lost on downs. The men who battled for the bantams were as follows: Heggie, Williams, Wormser (manager), ends; Conklin, Chamberlain, Peterson, Doner, tackles; Abbot, Henderson, Seegert, guards; Peel, Peterson, center; Fong, Blake, Greenough, halfbacks; Greenough, Davis, fullbacks; Dice, Gray (captain), quarterbacks.

## WOMEN'S TENNIS MATCHES SCHEDULED SOON

Irma Steward, tennis manager, announces that nearly thirty women students have gone out for tennis, and are practicing regularly two hours a week. The manager selects the partners for one hour's practice and for the other hour the students choose their own partners. The system of elimination will be used, until the champion is determined. The matches, which will decide the championship, are scheduled to come off in two weeks.

Carol De Mott, a member of the Freshman Class, won second-prize in an oratorical contest held between High Schools in Inyo County last Spring.

Generous Dr. Stockton. This is what he said Monday when telling a student to take another seat: "Now we'll let Mrs. .... slip across the room."
