

FRATERNITIES ~ SOCIETY ~ DEPARTMENTS

Fraternities Plan Group Conference

The intra fraternity council is to be reorganized on the campus after a lapse of three years, during which time there has been no organized cooperation or activity among the three groups. The new government is to be a revision of the old form used originally, with the objectionable features removed. It is tentatively proposed that the council will have complete jurisdiction upon matters having to do with rushing of pledges, social activities, and such disputes as may arise during the year. The council will probably be composed of the presidents of the three groups and one representative from each. Dean Ashworth will also be on the group as the faculty advisor and chairman. The president of the student body will be a member ex officio as was the ruling in the previous council. Such an action is felt to be necessary among the Greek organizations on the campus, due to the friction which occurs especially during the rush weeks in which friendly rivalry is often very keen. It is hoped that the council will be able to arrange for an intrafraternity dance to be held sometime shortly before Christmas in accordance with the new administration's aim of friendly cooperation between all groups.

Sorority Holds Summer Picnics

Areta Gamma held several beach picnics during the summer with many active members participating. The sorority also entertained Alma Schakelford, viola Boardman, and Rose Telford at the apartment of Miss Katherine Ball, sponsor of the organization.

Laboratory Fees To be Collected Tuesday

Laboratory fees are due and payable tomorrow, Tuesday, during the entire day. These fees are collected for every subject which requires the use of laboratory equipment. The amount payable is one dollar for every unit of a laboratory course. A \$2.00 fee will also be collected from each student for maintenance of the library. An incidental fee of \$1.00 is also payable at this time. These fees must be paid within the time specified by the comptroller or a fine will be added.

M. E. Young People Extend Invitation

Young people of the Methodist church have extended an invitation to all college students interested in such organizations to attend their League which meets every Sunday evening at 6:30 in the church parlors. The new Methodist church is located at Anapamu and Garden streets, with the parlor entrance facing on Garden. The Sunday Morning club, a group composed of men attending college or engaged in business, which meets each Sunday morning at a quarter to ten for discussion of modern religious theories and their application to the little occurrences of everyday life, also has extended an invitation to the men of the college.

SUMMER POSES

"Tiny" Cash playing her fiddle and singing at "Y" camp. Carmel Leach looking grieved because Cleave Hillman's not coming back to State. Dick Cooper pondering over financial ways and means for the new Linotype. Dick Waterman dusting State up a bit. Jimmy Nicklin shouldering sacks of flour. Meryl Adams strumming the guitar at Scout camp and acquiring a permanent tan. Miss Van discovering that folks still hold the same business positions after her year's leave. Mrs. Hodgins catching all the trout in a stream near Seattle. Mr. and Mrs. Abrahams boarding a train for San Francisco. "Doc" Ellison swimming around the breakwater. Dr. Carson sprinting up and down West Beach. Doris Rodehaver worrying about this depression and a job. Dr. Bishop working on "Nervous Mary," the literary production. Ben Palmer exploring Crater lake. Ralph Porter with much gusto setting up the new Linotype. And then there was the divorced husband number six who thought his five predecessors didn't understand women. That snake that threw parts of two states into darkness by crawling across high tension wires certainly got burned up with success.

Annual Faculty Dance Planned Friday Evening

The faculty reception which is traditionally the first important social event of the school year will be held Friday evening, September 18, at 8:30, it has been announced. It is planned to hold the event at Rockwood in Mission Canyon this year, as the school cafeteria proved inadequate last year. Arrangements and entertainment are in charge of the faculty committee, headed by Dean Mildred C. Pyle. Other members of the committee include Mrs. Jane C. M. Abrahams, and Dean William Ashworth. An attractive and varied program has been lined up for the event, with Wells' orchestra furnishing the music. Students are urged to attend, as the dance is planned primarily in order that new and old students may become acquainted with each other and with the faculty.

Married Members Showered by D.Z.D.

Delta Zeta Delta sorority entertained this summer complimenting three of their newly married sorority sisters. Mrs. Francis Campbell (Laura Middleton) was the incentive for a surprise shower given at the home of Mrs. Dick Glover formerly Emily Van Wagner and a graduate of Santa Barbara State college. Miss Jean Neilson, whose marriage to Lyman Curtis '30, took place in the early summer, was the honor guest at a bridge shower given in the home of her aunt, Mrs. Harvey T. Neilson. Mrs. Herman Ludcke, '27, was hostess to the sorority members and alumni at a bridge shower for Mrs. Charles Ritchie (Alma Rodriguez) whose wedding announcement came as a surprise to all friends of the young couple. Mr. Ritchie, who graduated from the State college this spring has been elected science teacher in the Santa Barbara Junior High school.

Betty Aul Gives Swimming Party

The active members of Tau Gamma Sigma enjoyed the hospitality of Miss Betty Aul, who entertained her sorority sisters at a swimming party held on the Mitchell estate in Montecito. The guests were Margaret Jigerjian, Thelma Fent, Betty Procter, Phyllis Cole, Mildred Johnson, and Dorothy Robinson.

Alpha Theta Chi Meet in Reunion

Alpha Theta Chi sorority chose the Saturday noon during Santa Barbara's Fiesta celebration as their annual summer reunion. Members and alumni met at the Plantation for a gay Spanish luncheon. Members and alumni attending were Virginia Weber, Mary Hicks, Mary Erickson, Helen Campbell, Eleanor Hicks Greenough, Mary Williams Canon, Eva Miratti, Marcia Goodwin, Viola Barr, Ellen Voss, Shirley Mercer, Alyce Corbin, Eujane Carr, and Mary Camp.

Alfalfa Bill came to his office holding his pants up because he forgot his suspenders. Just as if he didn't have his hands full anyway.

A.W.S. President Greets Women

—And another school year is ushered in. Some are beginning and some are in their last year. Be that as it may—we welcome you all and are glad you chose to be with us. The "we" in this case represents the Associated Women Students, or the A.W.S. as it is more generally known. The "you" is necessarily limited to you incoming women students, or the prospective members of our A.W.S. We feel we have much to give and share with you, if you will but give us your loyal support. So here's to a happy year together. May it be successful, pleasant, and worthwhile. EDNA M. BLAKE, Pres. of A.W.S.

Several S. B. State Students Transfer

(Continued From Page One) The University of California at Los Angeles, Pomona has claimed Constance and Mildred Mosher. Other schools throughout the west will receive the following: Cleave Hillman, University of Washington; Mary Camp and Marie Stiber, Metabolic Clinic at La Jolla; Margaret Lewis, Muriel Cummings, and Constance Briscoe, Mills college; Walter Powers, University of Oregon; Ernest Smith, Loma Linda Medical college; Wesley Dickinson and Llewellyn Goodfield, University of California's Hastings Law School in San Francisco; Jose Ramirez, Chico State college.

"I'd like to read something that has appeal." —Carnegie Tech Puppet

WHAT TO WEAR AT FIJI COSTUME BALL

Wear fraternity robe and go as a Kluxer. Take pocket full of dimes and go as Rockefeller. Cut arms from fraternity brother's fur coat. Wear as pants. Go as cowboy. Or, take same coat and disguise self as fur rug. Or, cut tail from same coat. Paste on chest. Wild man from Borneo! Wear red knickers. Go as Santa, explaining, of course, that you lost coat and whiskers in poker game. Wear grandma's muff on head. Daniel Boone! Forget pants and go as absent-minded professor. Carry a nail-keg—thus disguising self as radiator cap or cuspidor. If none of these suit, love will find a way. —Wabash Caveman

The American home must be preserved at all costs. Yes, even if we have to hire some one to stay in it.

George Washington—the god of the Credit Men! He left a farewell address. —Northwestern Purple Parrot

It is considered very appropriate to put a broken field runner on a stretcher. —Arizona Kitty-Kat

What has become of that "day by day things are getting better and better"

Laugh and the world laughs with you. Cry and you'll get out on bond.

Unique Dances Promised Says Soc. Committee

Elizabeth Peacock, former president of Associated Women Students and a member of last spring's Social committee, has been appointed as the head of that committee for the following semester. The committee consists of four or five members which will be selected by Dean Pyle and Miss Peacock at a later date. The chairman announced, however, that plans are being formulated for many unusual dances this year, including a number of cord and gingham dances which have proved so popular in the past. The dances will be staged once every two weeks, probably being held at Rockwood, the Women's club in Mission Canyon. It is also hoped that permission will be secured to obtain the large dance floor of Cerca Del Mar in Carpinteria for some of the social affairs of the Associated Student Body. The dances will take place on Saturday nights with but few exceptions, since home football games have been scheduled for Friday nights. It is the plan of Miss Peacock to have the various committees needed for the organization of the social functions headed by members of the student body rather than limiting chairmanships to the members of the social committee as has been the custom previously.

Ericson Returns From Trip Abroad

(Continued From Page One) take over the office with elaborate coronation ceremonies, but merely takes his office and starts his work. Stockholm is unique, particularly in summer; it is built on an island; the whole coast of Sweden is fringed with thousands of these islands. There is no darkness for six weeks or more during the summer. In the north, the sun does not set at all. In the vicinity of Stockholm, the sun sets at 10:30 and rises at 2:30 o'clock. With all the sunlight, the vegetation grows surprisingly fast. "There is very little unemployment in Sweden," remarked Mr. Ericson, "Automatic industry has not been developed to high degree except in certain lines such as match manufacturing and paper pulp industry." The Scandinavian countries are watching Russia, their old arch-enemy fearing that their economic life will be jeopardized. So far evidently, no great damage has been done, but facts about Russia are hard to obtain there as here." Mr. Ericson stated, too, that Germany, Czechoslovakia, Austria, Italy, and France are inclined to measure their worth by the height of their buildings, the speed of their trains, the number of their automobiles. "Others become charmed with the historic background of their institutions, their art treasures, their culture, the seeming stability of their enterprises," concluded Mr. Ericson in speaking of his views and opinions of his European travels of this summer.

College Band Makes Big Plans for Year

(Continued From Page One) few weeks, so newcomers are urged not to underrate themselves or to suppose that difficult compositions must be mastered at the start. Band members will be permitted free entrance to all athletic events covered by the Associated Student Body card, and so will be permitted to use their season ticket books, properly endorsed by the comptroller, as complimentary tickets. These books are absolutely not transferable under any other circumstances, but a special dispensation will be made to members of the Roadrunner Band. At the memorable game with Whittier last fall, which State won 13-6, the band made a very favorable impression upon the student body and townspeople. There are two football games this season away from home—Pomona and Santa Clara (tentative), and it is expected that the band will accompany the team in both instances.

Many Additions Made to Faculty

Several new members have been added to the faculty this fall. Miss Nevada Spilles comes to Santa Barbara State college from the University of California where she was student assistant in physiology. Miss Spilles will take the place of Miss Agnes Plate, who is on a year's leave of absence traveling in Europe. Miss Stella Ella Haverland will assist Miss Katherine Ball in the library. Miss Haverland is a graduate of U.C.L.A. Miss Margaret Burke, who was formerly connected with Mrs. Laura Price's office and who has recently graduated from Pomona, will be added to the English department. Another addition to the coaching staff is Cecil E. Hickman, who graduated this spring from Santa Barbara college. Mr. Hickman will coach the Freshman teams and will also have charge of the athletic equipment in the gymnasium. Miss Gladys Van Fossen of the Physical Education department has completed a year of study at Columbia and has returned to her position as assistant to Mrs. Winifred Hodgins, head of P. E. department. Raymond McKelvey has been added to the history department and will handle the political science courses, according to Dr. William H. Ellison, head of the department. Mrs. Lillian Gray, formerly connected with the teaching staff of U.S.C., will be a new supervisor in the elementary education department. She will be demonstration teacher and student supervisor, being in charge of the third and fourth grades.

Faculty Members Enjoy Vacations

Mrs. Jane Miller Abraham, registrar, was among the guests who attended the wedding ceremony of Miss Doreen Tittle of San Francisco, the niece of Ednah Rice Morse, the founder of Santa Barbara State college. Mrs. Morse came from New York to attend the ceremony which took place in the Unitarian church in San Francisco during the first week of September. Fresno State college summer session had listed among its faculty, Dean Wm. Ashworth of S.B.S.C. Because of the heat in Fresno during summer, the session was held at Huntington Lake, Calif., with classes being conducted out-of-doors. Mr. Ashworth held classes in Current Drama and Modern Novels. President Clarence Phelps spent the short time allotted him for vacationing at Lake Tahoe with Mrs. Phelps and their two sons Waldo and Kenneth. Miss Ora Willets of the Cooperative Store also vacationed at Lake Tahoe. F. L. Griffin of the I. E. department has moved into his new home on the Sol de Acuesta tract. Several members of the faculty spent the greater part of the vacation session attending summer school. Mrs. Helen Barnett studied at the University of Washington, while Mrs. Lyons attended the session at the University of Oregon. Mrs. Ruth Doolittle of the Art Department spent the summer at Palo Alto at Stanford university. Leon Trimble of the Physical Education department attended the graduate school of the University of Illinois at Urbana this summer before returning to his home in Chicago. Miss Wilhelmina Mencken spent a short time in San Francisco this summer. Dean Mildred C. Pyle and her two children enjoyed the summer at Mrs. Pyle's beach home at Sandlyland. Guests of Mrs. Pyle were Mr. and Mrs. L. Deeming Tilton and Dorothy Dowling.

A.W.S. Officers Outline Early Social Events

The officers of the Associated Women Students met last Thursday evening at the home of the president, Miss Edna Blake, to arrange social events for the opening week of the fall session. Attending the meeting were Dean Mildred C. Pyle, advisor; Shirley Mercer, vice-president; Dorothy Dowling, secretary; Carmelita Janssens, student counselor; Jean Wood, treasurer, and Phoebe Steer, club-room chairman. At the beginning of each new semester it is the first concern of the Associated Women Students to create a friendly atmosphere for the incoming students. Several events planned by the A.W.S. executive board for last week-end already helped to carry out this aim. Last Friday afternoon from 2 to 4 o'clock in the A.W.S. clubroom members of the board, with Dean Pyle and returning students, greeted the new women students. Following the tea, dancing in the quad was open to both men and women students. Saturday afternoon at the Beach, the women students gathered for a picnic supper and swimming. Another means used by the A.W.S. for acquainting students is through the work of the student counselor who arranges the "big-and-little-sister" movement wherein a returning woman student of the college is assigned a new student with whom she corresponds during the summer. This women's organization also sponsors weekly tea dances open both to men and women students, and they plan to continue the custom this fall.

Official publication of the Associated Students, Santa Barbara State college, Santa Barbara, California. Edited and published weekly on the State college campus. Entered as second-class mail matter, Sept. 17, 1926, at the Postoffice, Santa Barbara, California, under act of March 3, 1879. Subscription price, one dollar per year, 50 cents a semester, mailed.

WELCOME, STUDENTS!

New students—we extend a hearty welcome! We hope that the coming semester will prove the greatest yet in your educational career, and that you will some day look back with pleasure upon the day that you adopted Santa Barbara State college as your Alma Mater. We want you new students to feel free to take part in all activities and to offer ideas and suggestions for the betterment of our college in educational achievement and in social activities.

Old students—as we return to the old campus again some of us realize that during former semesters we have wasted a great many of the opportunities for self-improvement that it presented, and consequently have resolved to MAKE THIS NEW YEAR COUNT—every hour of every day.

This is our training ground. Here we make ourselves fit for the fierce intellectual encounters of middle life. No time for training then! And woe to him whose brain-fiber is flabby then, whose mental processes are slow and hazy and uncertain! Just remember that we are winning these contests of middle life NOW by the precision and thoroughness practised each day. Our success later depends on the severe training we give ourselves in attention, decision, and mental alertness today, here, in the lecture room, on the athletic field, in the shop, wherever we may be.

—P. H.

Two men who had traveled were comparing ideas about foreign cities.

"London," said one, "is certainly the foggiest place in the world."

"Oh, no, it's not," said the other. "I've been in a place much foggier than London."

"Where was that?" asked his interested friend.

"I don't know where it was," replied the second man, "it was so foggy."

Acquaintance: Gosh, I'd like to read it. Who wrote it?

In the Proposed Radio Universities

GENIUS IS—

- The ability to go on working.
- The art of perfecting that just detail.
- Patience, added to industry and intelligence.
- One thing a man cannot be-

- Genius to his son.
- Great faith working desperately.
- Keeping one eye on the goal despite the applause.
- The willingness to lose a battle if it can win a campaign.

"Atlantic Is Raging," reports say. So would you if you'd been crossed that often.

That Lindbergh baby will be getting the idea his father's a traveling salesman.

College Humor

THE BEST COMEDY IN AMERICA

Copyrighted, 1931, by The Collegiate World Publishing Co. (College Humor) Through Bell Syndicate.

Breathes there a man with soul so dead
Who never to his Dad hath said:
"I wish a cay—my very own."
Whose heart within him ne'er hath burned

When the sweet girl who him hath spurned
Goes riding in his roommate's brougham.
Go place on him the hermit's seal

For him no wedding bells shall peal.
Despite his Tou Bet key and kale

The boy will ne'er annex a frail
But doubly happy shall come forth

From Lehigh's portals: Whence he will bring
His heart intact and HIS signet ring.

—Lehigh Burr

"What do you think of this ban on Rye?"

"I like swiss cheese on white better."

—Lafayette Lyle

Mayor Walker of New York says: All the glory is gone; all the glitter is lost. I am tired of my job.

Possibly he has spent a day or two at his desk.

—Brown Jug

Teacher: If a father gave nineteen cents to one son, and six cents to the other, what time would it be?

Bright Pupil: A quarter to two.

—Arizona Kitty-Kat

"There's only one thing wrong with the Ways and Means Committee."

"What's that?"

"They don't know the ways, and they've used up the means."

World News

Ramsay MacDonald, one time leader of the Labor Party in Great Britain and the present head of the new Coalition Government, is still in control of the political situation in that country. After an all day debate last Tuesday the House of Commons accorded him a vote of confidence, 309 to 250, and the following day on an important issue he was upheld by a vote of 306 to 212. On both of these occasions the premier was opposed by most of his one time colleagues of the Labor Party.

Ramsay MacDonald was until a short time ago the head of the British labor organization. When he proposed a ten percent reduction in the dole, to meet a threatened budget deficit, he was immediately deposed and read out of the party. It was said that he had committed political suicide, but he was at once asked to head a coalition cabinet and apparently still has the support of the House of Commons.

The advocated reduction in the dole would effect about two and three-quarter million unemployed. At the present time a married man with two children receives seven dollars and twenty cents a week while he is out of work. During the depression of 1921 the amount paid was five dollars and twenty-five cents a week and it is claimed that the purchasing power of the dollar is more now than it was then.

Mahatma Gandhi, East Indian leader, is sailing from that country to Great Britain on the S. S. Rajputana. He will attend a Round Table conference where a solution of the East Indian problem will be sought.

When the conference was proposed Mr. Gandhi at first refused to attend, claiming that the British had broken faith with agreements reached on previous occasions.

While on board ship he passes most of his time spinning. A first class cabin was placed at his disposal but he prefers to sleep upon the deck. It is said that his favorite English hymn is "Lead Kindly Light."

When he passed through Suez he was warmly greeted by a throng of his fellow countrymen and Egyptians who had gathered to see him.

Floods, followed by "the worst typhoon of the century," have caused an estimated loss of millions of lives and dollars in central China. The country is reported by eye witnesses to be a "tideless sea," dotted with small islands crowded with starving refugees. In many of the larger cities only the top floors of the higher buildings are above water. Aviators report that the city of Hankow, whose population was nearly one million, now appears from the air to be no larger than a small village.

The Nizam of Hyderabad, an East Indian Rajah whose principality lies in the middle of the peninsula of Hindustan, is estimated to have a fortune of over two billion dollars.

The Washington naval observatory will soon be equipped with a new super-telescope that is expected to penetrate at least sixty sextillion miles into space.

There are one hundred fifty-two thousand rural one-room schools in the United States, with a total attendance of over three and one-third million pupils.

A recent revolution in Chili, that for a while threatened to assume serious proportions, was put down when the rebel fleet surrendered to an attack of government airships.

Student: These university professors don't know a thing! Why, not a one of them could teach and get away with it anywhere else. They're just dumb—why, they oughta get a whole new teaching staff!

Other: Yeh, I flunked too.
