

SBC TO COMPETE IN INTERNATIONAL DEBATE

Two speakers from the University of London will appear in the third annual international debate against representatives of Santa Barbara College at the Alhecama Theatre this Saturday night, Apr. 9, at 8 p.m.

Admission Free

This event is part of a nationwide speaking tour by the British students and is presented by the Committee on Drama, Lectures and Music in cooperation with the Santa Barbara chapter of the English Speaking Union. The topic debated will be, "Resolved: That the place of a university is not in the dust of the arena," with the visitors upholding the affirmative. Admission will be free.

Enrollment Largest Since World War II

Final enrollment totals for the academic year 1954-55 issued at SBC recently showed a registration of 1,888 students, of which 895 are men and 993 women.

According to the statistics released by Dr. Paul W. Wright, registrar, the figures for last fall's enrollment were complemented by the largest spring registration in four years, a total which exceeds even the spring enrollment of 1946, when World War II veterans began coming in large numbers. At the present time there are 328 veterans enrolled at SBC, the majority of them attending college on the Korean GI plan, and the number is expected to continue increasing for the next two years.

Breakdown of Total

A breakdown of the total of all students enrolled at SBC during the past two semesters shows that the Freshman class leads with 623, followed by Junior class with 429, the sophomores with 377, and the seniors with 374. A decided majority, 938 out of 1,888 are included in SBC's well-known teacher training curricula. Of these, 297 are majoring in elementary education and 105 in kindergarten-primary.

Undeclared Majors

There are 102 undeclared majors at SBC, eight special undergraduates, and 52 special post-graduates. The Industrial Arts Department has one of the highest numbers of majors with 171.

The College's first year of graduate work, offering the MA degree in economics, history, political science and psychology has 25 students, 17 men and eight women, enrolled in that program.

The steady increase in enrollment at Santa Barbara College during the past three years reflects the widening reputation of this branch of the University and the beginnings of the flood-tide of college age youth which will double shortly after the 1960's and triple by 1970. The master planning of the local campus site is based on an eventual student body of 3500.

IT'S COMING

A converted gridiron, into a carnival site, that is, bright lights, food and game booths and the Whiskerino contest are the high lights of this year's Barbary Coast, being held at La Playa Stadium Apr. 15 and 16.

According to Duane Mittan, chairman of the entire shebang, this will be the greatest ever. The main theme of the gala event is "Gold Rush Days". The evening will begin at 6:30 and end at 11 p.m. The various performances will feature student talent. Admission to the Stadium is free.

The Institute of International Education, which sponsors the American tour, selects outstanding students from the great universities of Britain. The last two years, speakers were from Oxford and Cambridge. The English students can always be relied upon to furnish an entertaining as well as an informative evening.

Debaters From London

Representing the University of London will be Lester Borley and Jennifer Copeman. Borley is former president of the Queen Mary College Union and deputy president of the University of London Union. He was a member of the British delegation sponsored by the Council for Education in World Citizenship to the Youth Festival at Rouen in 1948, and has travelled in France, Belgium, Germany, Austria, Italy, and Switzerland. He also served in the Royal Air Force from 1949 to '51.

Miss Copeman is the first woman to participate in the annual series of international debates. She has been vice-president of the University of London Union and is now serving as president of the University Union. She is a former editor of the Bedford College literary magazine and has also travelled extensively in Europe.

Upholding the honor of Santa Barbara College will be Jack Adler and Jerry Perry. Jack and Jerry are Santa Barbara's top debate team and one of the top teams on the West Coast. Though only sophomores, they have taken second place at the Western Speech Association tournament, which brought together the best college speakers from the eleven Western states, and have been appointed alternatives from their district to the national debate finals at West Point. They have also made several recent appearances over radio and television and before civic groups in Santa Barbara.

The Alhecama Theatre is located at 906 Santa Barbara Street in Santa Barbara. It has been furnished for the international debate through the cooperation of the Adult Education Department of the Santa Barbara City Schools.

EMINENT PROF. TALKS TOMORROW

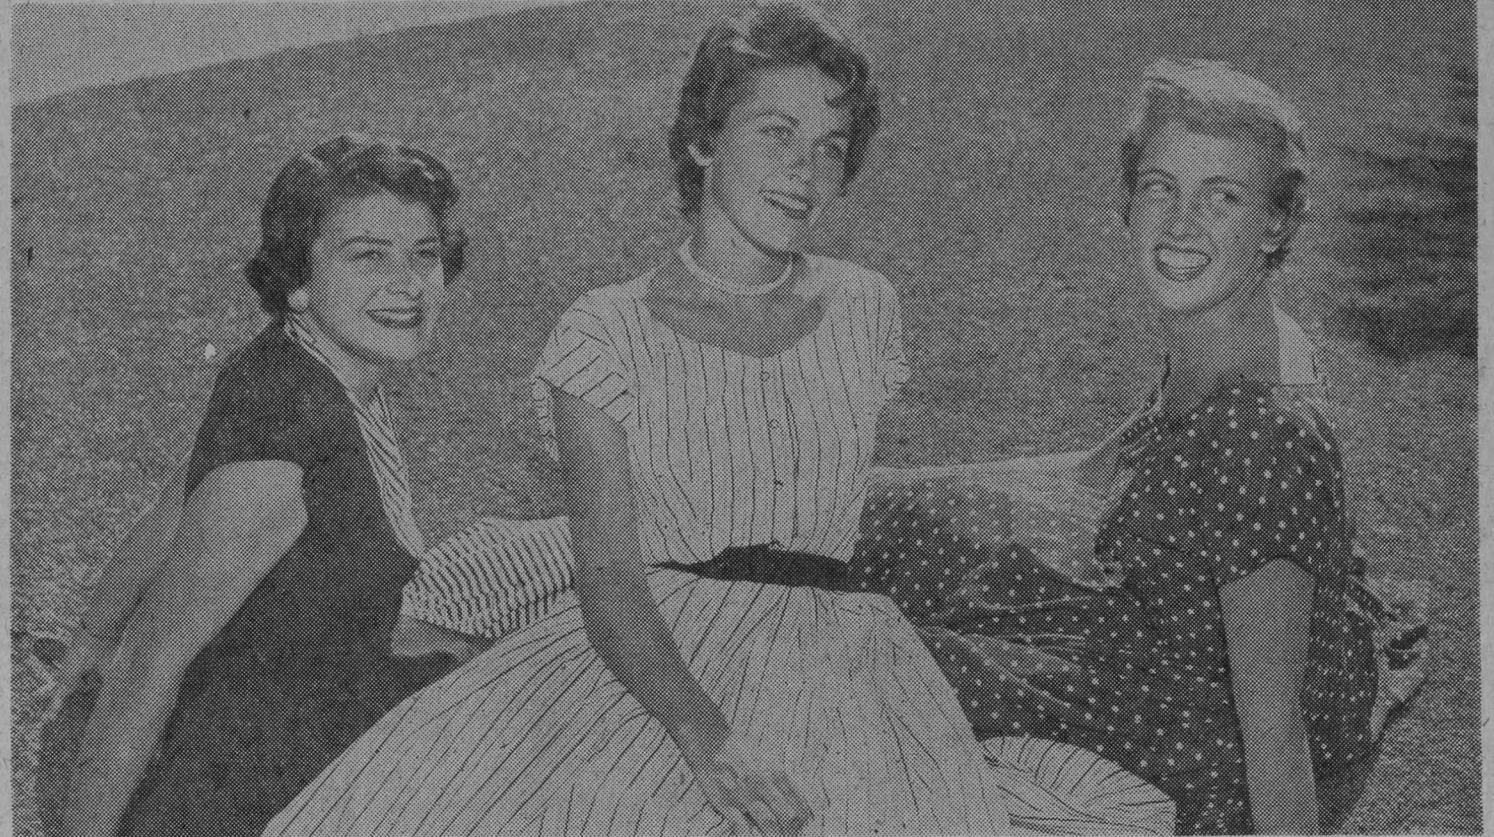

Homer Carey Hockett, distinguished Professor Emeritus of Ohio State University, will talk to students tomorrow, Apr. 7, at 7:30 p.m. in the Quiet Lounge of the Student Union on the topic: "What History Means to Me."

Eminent Professorship

"Dr. Hockett is one of the most eminent Professors of American History to visit the Goleta Campus," states Dr. William Jacobs, assistant professor of history at SBC. Dr. Hockett has been President of Mississippi Valley Historical Association and has been honored with visiting professorships at the University of Wisconsin, University of Pennsylvania, University of Michigan, UCLA, University of Chicago, and the University of Southern California.

Among the published books of the distinguished scholar are: *The Constitutional History of the United States (1939)*, *The Political and Social Growth of the United States (1940)*, *Western Influences on Political Parties to 1825*, *Land of the Free (1944)*, and *Research in American History (1948)*, which is a standard reference work for all graduate students and Ph.D. candidates.

Refreshments and discussion will follow the program.

The three finalists in the contest for Queen of the Easter Relays are (from left to right), Glory Green, representing ADPi; Maribeth Hillman, representing Pine Hall; Bev Annis, representing Alpha Phi. The Queen will be crowned at the Kick-off Banquet tomorrow night.

STUDENTS STORM OVER HALL BY-LAW; CHANGE SOUGHT

by Mark di Suvero

The By-Law establishing dues of \$5 was added to the Las Casitas Constitution last semester. Seventy-five percent of the residents at that time voted for the By-Law; 99 residents voted against it. The issue has been raised again this semester.

The Constitution has no provision for direct initiative for amendments. The legislation must begin in the council where it is initiated by a majority vote of the hall presidents. From there it goes to the halls where it is voted upon. Regarding this Bob Ingersoll said, "If all the residents want to have an amendment and all the presidents do not then the legislation cannot be initiated."

Controversial Amendment

An amendment to the By-Laws was proposed by Duane Anderson, president of Toyon Hall. Amendment to By-Law No. 1 "Dues will be mandatory only of those persons who desire to participate in the activities for which said dues shall be employed."

Duane said, "The amendment was voted down said by a majority. I have shown the council a sample petition. They know that some people don't want to pay."

Bob Ingersoll had petitions circulated through four halls. There were 87 signatures for the amendment to the By-Law. The President of Las Casitas Council thinks that the people that have signed the petition do not understand the situation. Among the signers of the petition is one of the drafters of the Constitution of Las Casitas Residence Halls Association.

Deans and Objections

Dean of Men, Lyle G. Reynolds, pointed out "that in Berkeley, UC LA and Davis fraternity and soror continued on page six

NO LECTURE TODAY

Hassan Ibrahim Hassan will not be able to give his lecture on "The Contemporary Near East," due to illness. The next all-college lecture will be given Apr. 13 by Hendrie L. Gartshore, Psychiatrist and instructor in Psychiatry at the UC Medical Center in San Francisco. His subject is "Psychiatry: An Extension of Knowledge."

STUDENT ELECTIVE POSITIONS TO BE FILLED; ALSO CLASS, AWS OFFICES

Signups for candidacy in the Associated Students' General Election will begin next Wednesday, Apr. 6, announced Joan Quintero, election committee chairman.

Candidates are needed for all elective A.S. offices including that of president, vice-president, secretary, three men representatives-at-large and three woman representatives-at-large. Class officers for sophomores, juniors and seniors will be elected at the same time.

Petitions

Petitions of candidates will be due Thursday, Apr. 14, and must contain at least 150 signatures. A meeting of all candidates will be held on that date at 11 a.m. at which time constitution tests will be given and publicity regulations will be explained.

On Friday, Apr. 15, candidates will turn in all publicity to appear in *El Gaucho*. Publicity to be posted on campus must be brought to

the AS Office by 9 a.m. on Monday, May 2 where it will be passed by the Publicity Committee.

Assembly

An election assembly will be held Tuesday, May 3, on the Library Courts instead of in the Auditorium, as printed last week in *El Gaucho*. Mesa students will have a separate election on Wednesday, May 4.

Voting will follow the preferential system and is scheduled to take place Thursday and Friday, May 5 and 6.

The Associated Women Students election will follow the same schedule as that of the Associated Students, announced AWS President Claire Smith. Officers to be elected are president, first vice-president, second vice-president, secretary, treasurer and counselor.

BERKELEY, SBC HALL OFFICERS MEET

To make a study of residence hall operation and student organization on the Berkeley campus of

the University of California, the two top officers from the SBC Las Casitas residence hall council conferred with the northern group Mar. 18 through 22.

SBC DEBATERS THIRD IN MEET

Santa Barbara College received several awards at Claremont Men's College invitation speech tournament, which was held recently on the Claremont campus.

Jack Adler received a first place trophy in discussion, while Jerry Perry was awarded third place in impromptu speaking. Jack and Jerry then teamed up to place third in debate, losing only to the University of Redlands team, which took first.

Competition in the tourney was among eleven schools from California and Nevada. Santa Barbara's showing was good enough to place third in the over-all sweepstakes tabulation behind Redlands and Pomona.

Two More Tourneys

Two more regular tournaments remain for the Gaucho speech squad, one in April and one in May. The first one will be the Tournament of Peers at Occidental College, which Santa Barbara students won last year. The last tourney of the season will be the Pentathlon sponsored by USC in which each entrants must prepare in five different events.

La Playa Is To Be Scene Of Relays

Santa Barbara's annual Easter Relays, co-sponsored by the Santa Barbara Junior Chamber of Commerce and the Associated Students, will be staged next Saturday, Apr. 9, at La Playa Stadium.

Morning events will start at 10 a.m. and will consist of high school competition. Junior college and open (universities and AAU) competition will be held in the afternoon starting at 12:45 p.m. A total of 93 events will make up the days program, with about 1200 athletes entering

Many Notables

Such track and field stars as Lon Spurrier, holding the world's record for the 880; Fortune Gordien, discus thrower; SC's Ernie Shelton, participator in the last Olympic high jump event; Mal Whitfield, Olympic 880 winner, and Jim Lea, sprinter will be present.

Due to unpredictable Nature, Wes Santee will be unable to participate in this year's Santa Barbara Easter Relays, as previously announced in *El Gaucho*. Mrs. Santee is expecting at about the same date as the track program.

Among the athletic associations visiting Santa Barbara to join in the relays are the Los Angeles Athletic Club, USC, Occidental, Pepperdine, University of Arizona, and the Olympic Club of San Francisco. Between 50 and 60 high schools will participate as well as many junior colleges and other universities.

Numerous trophies and medals are being donated by Santa Barbara townspeople and members of the Junior Chamber of Commerce to be presented by the Easter Relays Queen and her court to winners in the events.

Competing for queen from the 17 candidates are the three finalists Bev Annis, sponsored by Alpha Phi sorority; Glory Green, sponsored by Alpha Delta Phi sorority, and Maribeth Hillman from Pine Hall. The Queen will be chosen from these three by vote of SBC male students taken yesterday and today, Apr. 5 and 6. The runners-up will be princesses.

Crowning of the queen will take place at the Kick-off Banquet to be held tomorrow night, Apr. 7, when the Junior Chamber of Commerce will announce the winners.

Letters to the Editor...

Dear Editor:
 I would like to reply to a letter published in *El Gaucho* in the issue of Wednesday, Mar. 30, which was signed "A Group of the Discontented" and concerned "social dues."

This association is primarily a representative student legislative and organizational body, not a social organization.

Las Casitas Association is your representation in University and ASB affairs. Without such an Association Las Casitas residents would have little voice in student government and student affairs. This organization permits representation on Activities Control Board, Recreation Control Board, together with a guest seat on the Legislative Council of the Associated Students. The Association is also entitled to present to the University Administration their views on policy and operation of the residence halls.

The Association was founded in the fall of 1954 when three fourths of the resident students approved by tallied vote the establishment of the Association and its Constitution. Later in the fall of 1954 the by-law established the dues of \$5 was approved by the tallied vote of two thirds of the resident students. The vote on the by-law was 306 votes "for" and 99 votes "against".

It is not the intent of the by-law to tax students for purely social activities. It is necessary, if a representative working student government is to thrive, to provide means by which that government can operate for the best interests of the majority of those students represented.

Of the \$5 dues collected, \$1.50 from each resident of Las Casitas goes to the Las Casitas Residence Halls Association for expenses to be incurred pertaining to (a) general running of the business affairs of the Association, (b) service contributions, (c) such social events planned and approved by the Council for the enjoyment of the majority of the entire Las Casitas Association and (d) any additional recreational and functional facilities not supplied by the University. The remaining amount (\$3.50 from each resident) goes back to the halls for their use in any way they choose. This amount maybe used by the respective halls in any way which the majority of that hall chooses.

Shirley Bryant,
 President Las Casitas Council
 and Las Casitas Residence
 Halls Association

Editor, *El Gaucho*:
 William Carlos Williams has engaged to speak on the West Coast this spring. Santa Barbara College, fortunately located between San Francisco and Los Angeles, could

have Dr. Williams' services as lecturer on approximately May 26. Ordinarily the Committee on Drama and Lectures would provide the honorarium for such an occasion. During this school year, however, the committee has brought W. H. Auden and Allen Tate before us. Committee funds are not available to initiate a request for a lecture by Dr. Williams.

William Carlos Williams, certainly the greatest living poet-essayist whose work and interests are distinctly American, is over seventy years old. It is doubtful whether he will visit the West Coast again. It is probable that we will never again have an opportunity to listen to this man.

Dr. Williams, as many of you know, has been an intimate friend of Ezra Pound for over half a century. They have defended and attacked, praised and cursed each other during a period of great literary development that saw both men emerge as two of the most significant poets of our time. Pound's recognition among the public has been as plodding as Eliot's was accelerated. Williams, a poet whose work signalize a break with tradition as profound as Pound's and Eliot's, has been largely ignored by the Western United States. Williams is not as great a poet as Eliot and Pound. He certainly is better poet than Frost, Masters, Jeffers, or a half dozen good but minor poets whose names are classroom touchstones. There are, of course, obvious difficulties in evaluating the work of a contemporary poet. We think that Williams' poetry is of a high and enduring quality.

Within recent years Williams has been appointed as poetry consultant to the Library of Congress. He was awarded the Bollingen prize for poetry by Yale University.

Dr. Williams' recently published essays are landmarks in American literary thought. They are the result of half a century's contemplation and championship of an American mode of perception and expression. Williams is not a stupid and belligerent nationalist: he is a highly talented, educated, and thoughtful man who understood the need for a new poetic. Williams believed that America was the place to find it. His collected essays and his major poem, "Paterson," are the fruits of a long and sincere investigation by a man who knew where to look in America.

Santa Barbara College can listen to this man if an honorarium of \$150 can be raised. We think that the student body government should provide whatever funds are necessary to aid in bringing William Carlos Williams to Santa Barbara. It is important that the students should be mature in de-

siring their own enlightenment. The students who have signed this letter desire that the student body fees they have given over a period of years should be used in a way that would benefit themselves, their fellow students, and the community. We can think of no better means to serve notice that the students of Santa Barbara College have come of age. We feel that such a move on the part of the student government would be the fulfillment of a privilege expressly desired, and not one merely granted without our individual approval.

The undersigned students request that an answer appropriate to the content of this letter be made in the *El Gaucho* by an officer of the student government. A reiteration of the Associated Students' philosophy of spending might give an account of that body's active consideration of its members' cultural well-being.

Most sincerely,

Dear Editor:

In reply to the letter to the editor concerning Dr. William Carlos Williams, noted American poet-essayist, I have been requested to justify the spendings of the Associated Students monies. In this respect, let me begin by saying it is the policy of this student government to budget the income for activities of the A.S. in such a way that the greatest number of students are benefited by such activities. Budgets are made up every year to carry on those activities that fulfill this requirement. It is with deep regret that certain activities must be curtailed when the amount to be budgeted is less than the needs for carrying on all justifiable activities. Those activities that fall into the category of catering only to a limited number of students must be dropped or discontinued.

Some years ago the A.S. sponsored what was called the "Artists Series". These were assemblies involving noted off-campus talent who were paid for their performances. With no disrespect to Dr. Williams, his lecture would fall under this category. It was found that a larger enrollment than we now have was necessary to justify the series. We are now approaching this number in enrollment, when it would be feasible in the practical sense to carry on activities of this nature.

Just because such activities are not felt to be feasible at this time does not imply that the students

on this campus are intellectually incapable to comprehend a lecture on literary works and philosophy. This is not the point at all. But the question must here be raised, asking whether the cost of such a lecture would be justifiable in the light of our present financial status. Personally, I would like to hear such a lecture. But can we say it is justifiable to spend \$150.00 (plus an additional \$25.00 or so on promotion and setting up an auditorium) on this, when we can spend just double this figure for all the recreational activities put on by Recreation Control Board for an entire school year?

The assembly committee is formed on this campus to carry on, as the name implies, assemblies. A lecture by Dr. Williams would, in our terminology, be called an assembly. This committee

has a budget that is set up to put on assemblies; perhaps a budget that could allow the presentation of this lecture. This committee likewise has a chairman, who is anxious for suggestion in how to program better assemblies. This committee also is scheduled to put on "Class Quartet" and the Awards Assembly.

It is not for me to tell this chairman how to spend the budgeted money. It is not for me to tell the chairman to spend 70 percent of the entire year's budget (if the initial sum remains) on one assembly. I can only point out the idea behind the spending of any and all money initiated by the students. This is that it must be intended to benefit the greatest number of these students.

COMMENTARY

by Leo Paul S. de Alvarez

In the By-Laws of the Constitution of Las Casitas Residence Halls Association is a paragraph that has caused the present controversy over dues. It reads: "Each member of the Las Casitas Association will pay dues of five dollars (\$5.00) per semester. Each hall shall receive 70 percent of the money collected from their (SIC) hall, and the Las Casitas Council shall receive the remaining 30 percent. The dues will be paid within two weeks after the commencement of classes, at the beginning of the fall and spring semesters."

The members of the Association are defined as follows: "Membership of the Las Casitas Residence Halls Association shall consist of all residents of Las Casitas Residence Halls duly admitted by the Housing Office of the University of California, Santa Barbara College, who have paid those dues set forth in the By-Laws of the Association." Italics are mine. I emphasize the last part for I interpret it to mean that those who do not pay the dues are not members of the Association. I think this is clear enough.

If this is so, then there is no provision in the whole Constitution of the Association saying that residence in the halls themselves constitutes automatic membership in the Association. Rather, membership depends upon the payment of the dues, therefore no resident of Las Casitas is required to join the Association either by terms of the contract signed for residence or the terms of the Constitution itself.

If anyone cares to question this

In Goleta its . . .

Bill Tomlin MEN'S SHOP

For Arrow and Manhattan
Shirts and Sport Shirts
from \$3.95

5850 Hollister Ave.

interpretation I point them to the Constitution of the Association itself to Article II and to the By-Laws and to paragraph five of the contract.

Now to turn to the present controversy. A group on campus has refused to pay the dues as required by the Association. Because of this refusal it has been threatened by expulsion from the residence halls under the terms of the Housing Office University Residence Halls Contract. "Dean Reynolds has set Apr. 8 as the final deadline for dues; names of those have not paid will be turned into the personnel deans' office," states the minutes of Las Casitas Council meeting. The significant clause of the legal contract reads: "The undersigned student agrees to abide by the rules of the University and of the Residence Halls while in residence." And: "The undersigned agree that the authorities of the University of California may terminate forthwith the residence in a University Residence Hall of any student who is guilty of unbecoming behavior or of neglect of academic duties."

But a question may be again asked, "Are the rules of the Residence Halls the same as the rules of the Association?" Somehow I believe that this is not so and cannot be so. The rules of the Residence Halls include the powers of House Mothers, the powers of Resident Assistants, Quiet Hours, behavior in the residence halls, etc.

I cannot link the rules of the Residence Halls with the rules of the Las Casitas Association. But primarily the non-paying students cannot be coerced to pay the five dollars, for under the terms of the Constitution they are not forced to pay but are simply left out.

The third question may now be asked: "Why all this fuss? Why have the students been threatened with expulsion from the residence halls for non-payment of fees?" Very probably because of mistaken reading of the Constitution. Very probably too to avoid as much trouble as possible. But this much is sure: the University has no right to throw the students off

From the President's Desk

Should the activities of the Associated Students follow the pattern set by our big brothers at Berkeley and UCLA? This question has been brought to me with the expression that we must follow our individual pattern determined by the demands of the student body. This last statement is a generally received basic concept in student government, recognized by authorities in the field. I am not one to disagree with this; on the contrary, I agree wholeheartedly with the theory of the statement. But, in the practical sense, it is the elected student government representatives who instigate many of the new policies that keep student activities interspersed with new ideas and points of view. It is their job, and how else can they do this than by investigating the way activities are carried on at other campuses?

I believe a valid assumption can be made that student problems in the general sense are the same on all campuses. The problems are the same, but the point of departure, viewpoint, or way of handling these problems are individual for each campus. In investigating new points of departure for these basic problems, student leaders must review the methods used by other campuses.

I have been accused of trying to pattern some of SBC's activities after those of UC Berkeley. This is true. I completed my lower division studies at the UC Berkeley campus, and, as a result, was able to observe firsthand their student activities. I have tried to introduce some of these new viewpoints into our basic activity problems. It would have been a proud and happy day for me if all of these new programs would have worked. But as was expected, some succeeded and others failed miserably. Does this mean that we must stop trying? The answer to this is obvious.

In student government, as in any problem solving case, one must view a situation from all possible angles before a truly satisfactory solution can be reached. And this satisfactory solution is no longer workable if the once static conditions change over a period of years. The conclusion campus because they refuse to pay the dues for the reasons outlined above.

Pictured at last Saturday's Parasol Prom is AS Social Chairman Larry Higbey, presenting the award for the best parasol to the Sigma Kappas. Carleen Helman is accepting the prize.

—photo by Jim Pitcher

from this is that since the conditions in student government are in a constant state of flux from year to year, the viewpoints and solutions to problems must also be changed to meet these conditions. No set sequence of operations can be set down for others to follow. If this were possible, there would be no need to have student leaders. It would be simple process of following the book.

If a conclusion can be reached from all this, it would not be a reprimand to the persons presenting the criticism, but more constructively a re-emphasis of the purpose of student government and how this relates to the betterment of the entire student body. The new campus offers a situation that should prove an incentive for student leaders to exploit every and all possibility that will serve to meet the changing conditions and resulting needs of the student body.

George Allen
A.S. President

Tattle Tales . . .

by Dan Hon

Hi People,

Here I am again, your once a month guest reporter. You know, one of the toughest things that the writer of this column has to do is to tell you who is going to be where before they are even there. Even though he is sometimes given lists by the different campus organizations on who is doing what and when, he must also rely on his perceptiveness, and, believe me, you don't find much of that anymore because he can often be the influencing factor in the breaking up of budding romances by making mistakes and putting the wrong person with the right one.

So, kind people, please keep this in mind when as I make the following predictions on who was at the Parasol Prom next, but in actuality, last Saturday night: Theta Artie Deuteran and Phi Alpha Jack Becker; Sigma Kappa Glenda Chapman and George Blackshaw of Cal Poly; Chi O Donna Pat Wolfe and Sig Ep Stu Schlegel; Sigma Kappa Connie Buttiitta and George Ames; 2.77 Cynthia Billig and Willy Thomas.

Chi O Barbara Gay and Pro Lew Kummerow; Joanne Mills and Jim Pitcher; ADPI Donna Yount and Carl Wiebe; Chi O Judy Couch and Dick Chamberlain; Judy Kendle and Ole Olson; and last but not by

erside. Many prominent educators in the field of Health, physical education, and recreation presented the latest information available in their areas.

The first annual banquet of the SBC unit will be held May 12 with Edly Day and Sandy Snodgrass chairmen, also in the planning stage is a sports carnival for the entire school to be held sometime in May.

any means the least is Pi Phi Karon Gunderson and Larry Higbey.

Last Monday night one could hear grumbles from the Sigma Kappa house when they found that their Active H. P.'s stole their Phi Alpha hashers, George Ames, Carl Wiebe, and Paul Sage along with several apple pies and visited Jim Bell who was hashing at Miss Pond's house. As near as I can figure, the pies were excellent, eh what, Schatsi?

Another successful party was held at the Lambda Chi house on Friday night. The theme was built around the Ozarks of Oklahoma, with a touch of the back room at Duffy's as their player piano banged out many songs of the Olden Days. Seen there were DG's Joanne Sisson, Cynthia St. Clair, and Robin Walsh with Russ Leva, Chuck Buchanan and Chuck Rainey respectively; Evie Kley and Jim Warner; Joan Hillis and Ray Cooper; and Alpha Phi Sally Lynch and Fred Gardener, just to mention a few.

It seems that last Monday night was the night for raising heck among the Greeks. The Lambda Chi Pledges ditched with the DG's. From what I hear, they had a great time until the Lambda Chi's got home and found that their bedding and mattresses had mysteriously disappeared. Ah well, nobody seems to appreciate the virtues of a pledge.

A couple of nights ago, I ran into a new version of that old faithful one about running out of gas. The scene, a dark spot on Hi Way 101. A red '48 two-door Ford sedan wheezed to a halting stop. Lew looked at Barbara and said, and I quote, "Honey, I've just blown a head gasket." So long, folks.

Club Notes

KAPPA DELTA PI had at their last meeting J. W. Lawson, superintendent of the Ventura Elementary Schools as the speaker. His subject was "Supervisor-Teacher Conference". The meeting was conducted by Joe Maguire, president.

INTERNATIONAL STUDENTS CLUB had as their speaker at the last meeting Ali Amir Moez. He spoke on the costumes of Persia.

On Apr. 12, the debate of the year will be held on the topic "Should the Communist Government of China be Granted Diplomatic Recognition by the United States?" Everyone is invited to attend.

Dean Needs Pictures

A number of women student, both new and returning, have not yet supplied the Office of the Dean of Women with a picture for their cumulative record. As these pictures are much needed, it is strongly urged by that office that they be brought immediately. The size should be no larger than two inches by three inches. If these are not filed, a penalty will be levied, warned Dr. Helen E. Keener, Dean of Women.

A free lecture on Christian Science entitled
CHRISTIAN SCIENCE: THE REVELATION OF
GOD'S EVERPRESENCE WITH MAN

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts

The lecture is under the auspices of Christian Science Organization of college students

Students, faculty and staff are welcome

GAUCHO NINE LOSES MOUND ACE, PUGSLEY

GAUCHOS, WAVES IN TWIN BILL SPLIT; PETE SHINES

VERSATILE Pete Walski, quarterback of Gauchos Gridgers and slugging right fielder on Baseball Team, subbed for ailing hurler and blanked Joe.

Mound Troubles For Rochelle As Cotchonis Also Sidelined

The Santa Barbara College horsehiders have flashed to a flying start this season winning seven out of their first eight contests and showing a powerful hitting attack to go with a virtually airtight defense.

Pepperdine dealt the Gauchos their first defeat of the season in the opener of a twin bill last Friday on the SBC diamond. The score was 4-1 as the Santa Barbara bats were pretty well silenced by the slants of Wave southpaw Carl Osterhas, who gave up but six hits, three of which were singles by Gauchos third sacker Ron Boorman.

Santa Barbara bounced back to take the nightcap by a 3-1 count and thus move their record in league play to two wins and a single loss.

The big news concerning this double header was the outstanding mound work done by Pete Walski who twice moved in from his right field position to still the Pepperdine bats in impressive fashion. Walski relieved starter Dick Love in the first game and hurled the last four frames, allowing one single and one walk as he blanked the Waves. After Pugsley injured his knee in the second inning of the second game, Walski was again called upon. The tireless righthander pitched the final 5 2/3 innings giving up two singles and again shutting out the Waves.

In all, the husky fireballer worked 9 2/3 innings, gave up three hits and one walk for as brilliant a stint of pitching as Gauchos fans could ask for.

Westmont Downed

Earlier in the week Santa Barbara entertained the Westmont Warriors, led by their freshman phenom Earl Golden. The Gauchos used a lineup sprinkled liberally with reserves in handing the inept but spirited Westmont crew a 12-4 defeat.

The Gauchos hit Warrior hurler Golden hard in the first three frames in which they scored eight

times, sparked by the slugging of Dick Bartholomew and Neil Wright.

Also hitting well for the Gauchos were Ed and Ken Coulter who collected five safeties between them, and Jim Olsen who blasted a 380 foot double and a single in two at bats.

Although he showed a glaring lack of control in issuing 10 walks, Gauchos twirler Duane Mittan allowed but five hits and went the route in his first complete effort of the season.

Hueneme Falls to Gauchos

In a game featured by the fine pitching of Carlton Counts who started his first game for SBC, the Gauchos pounded out a lopsided 13-2 decision over the Sailors of Port Hueneme. Counts impressed Coach Rochelle with his fast ball and curve as he pitched until the eighth inning when he retired with the Gauchos leading 13-1. Bob Shoup finished up.

Despite the 19 hits collected during the windy afternoon only Ed Bowen of the Gauchos got more than a single as he walloped a double. Dick Bartholomew rapped out four hits and Bob Hollenbeck and Ron Boorman collected two each to lead the Gauchos to victory.

This weekend the Gauchos hit the road for a double header against the Cal Poly Mustangs in San Luis on Friday, and then travel to Fresno to beard the lion in his den in a single contest on Saturday.

REYNOLDSMEN DOWN CAL TECH AFTER LOSING TO POWERFUL REDLANDS TEAM

Coach Lyle Reynolds' varsity tennis forces dropped their second match of the season when the powerful University of Redlands Bulldogs hung a hard fought 6-3 defeat on them last Thursday on the Santa Barbara courts.

The Gauchos bounced back however to take the measure of the Cal Tech netmen the next day by a score of 7-2.

The Redlands contest was a battle of champions, the defending SCIAC champion Bulldogs against the defending champion Gauchos of the CCAA.

Losing to Redlands was no disgrace for the Gauchos and here's why: Redlands is perennially the toughest small college tennis team in Southern California. They have been their conference champs for the past five years in a row and for 17 of the last 19 years. They have a schedule of 34, count 'em, 34 matches, of which they have played 18 and won 17, their lone loss coming at the hands of PCC power USC by a 6-3 count.

Santa Barbara had to contend with such men as Ron Palmer and Jerry Boas who are defending four separate titles this spring, besides the Arizona tourney honors they

won. Palmer is defending singles champ in the Ojai Tournament, along with holding the singles title for the SCIAC. Boas and Palmer hold the doubles title in the SCIAC and also own the doubles crown of the NATA which they will defend June 3-4 in Abilene, Texas.

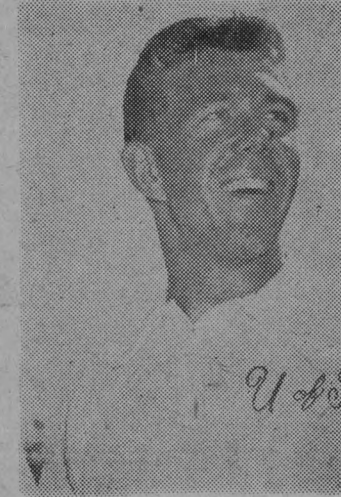

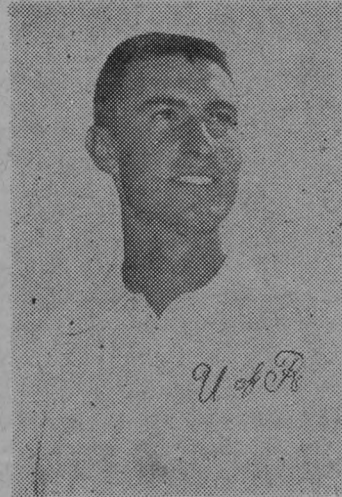

Last year's Gauchos pulled the upset of the season when they downed Palmer and the Bulldogs 5-4, but SBC wasn't up to the task this time around.

Cal Tech proved an easier opponent and the Gauchos decided the match early when they swept the first five singles matches, George Lederer, Pete Lederer, Dick Walker, Ken Bernard and Ronnie Green turning the trick.

In the No. 1 singles match George Lederer defeated Bernie Muller, 6-1, 6-2.

Dick Walker and Ken Bernard combined in first doubles to pound out a 6-4, 6-4 straight set win over the Cal Tech duo of Bernie Muller and Gene Barnes.

For these two matches with Redlands and Cal Tech, Coach Reynolds moved Pete Lederer back to the No. 2 singles spot after working with him to develop a better serve.

University of Redlands' top netters, Jerry Boas (left) and Ron Palmer who led SCIAC Champion Bulldogs to hard fought win over defending CCAA champions of Santa Barbara. The win was the 17th of the year for the perennial powerhouse of small college tennis.

Young New Prexy of Block C Lettermen

Veteran football player Russ Young was elected president of the Block "C" lettermen club at last Tuesday's noon meeting. The first action of the organization under its new president was to call for a re-evaluation of passed procedures and to organize a tentative itinerary which will terminate in a stronger and closer knit organization. Lee Hansen, past president is heading that committee which is working on future plans for the club.

All interested members are urged to attend a meeting this Thursday, Apr. 7, in Bldg 420, room 110. A great deal of activity will be forthcoming if the spirit and enthusiasm manifested in this past meeting is a sign of what is to come.

Why do more college men and women smoke VICEROYS than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 TINY FILTER TRAPS . . . plus Richer, Smoother Flavor

EASTER RELAYS SATURDAY

U.S.C., L.A.A.C., Olympic Club Highlight Track Carnival

ACE DISTANCE MAN Gordon McClenathen races home for record mile against UCLA Bruins. Will compete for Gauchos in Easter Relays.

The 17th Annual Santa Barbara Easter Relays sounds off this Saturday morning as over 1500 athletes from colleges, junior colleges, and high schools from up and down the Coast and as far as Wyoming vie at La Playa Stadium where the fierce competition from the best athletes in the West will decide the victors in their respective divisions. Starting at 10 a.m. with a car parade of the Relays Queen down State Street, the Relays will continue for eight hours without further night events as in the past.

Coach Jess Mortensen will bring his USC track squad of 35 men to defend their first place title in the College division against such aggressors as UCLA, Occidental, University of Wyoming, University of Arizona, Hartnell College, and other athletic clubs such as the powerful Los Angeles Athletic Club, San Francisco Olympic Club, Edwards Air Force Base, and Camp Pendleton who qualify in the college division.

The junior colleges will have competition only amongst themselves since the college frosh have overdominated the field in past years. Santa Barbara JC, Ventura JC, Antelope Valley JC, Orange Coast JC, and Oceanside JC, are examples of the major threats in the battle. The Frosha re expected to have a fling of their own. The high schools are innumerable from everywhere in southern California and Arizona.

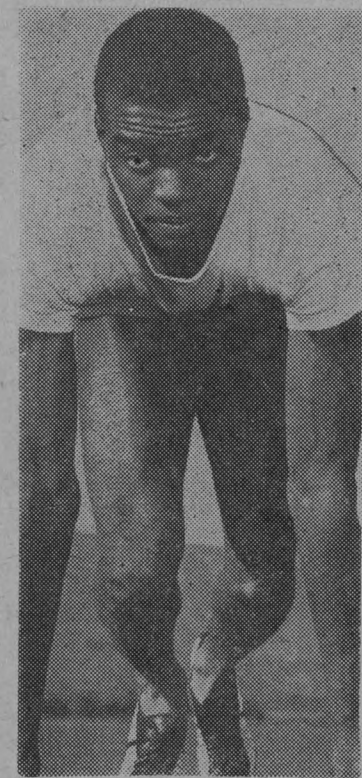

The Nick Carter Mile Run will be a featured event of the day in which only the best runners in the whole field are allowed to compete. Jack Murden of College of the Pacific will join Dick Rodriguez of UCLA and Rodney Vanderhoff of USAFB at Reno and the great Max Truex of USC in the battle of the mile against UC SBC's miraculous Gordon McClenathen. All of these men have run under 4:30 min.

Bill Miller, ex-Univ. of Arizona, is sure to take the field of the javelin with ease as he regularly throws around 240 feet. SBC's Marv Ashby may open wide and prove a real match for Bill. The LAAC squad will consist of 40 men in 12 events and they never fail to bring some of the best competition to the College Division.

Gates Foss, from SBJC, will compete unattached in the pole vault trying to reach the summits of 14 ft. He is highly rated in southern California. UCLA's Dick Kraub, however, will have to split with his competition while SBC's Roffe Morris and Jack O'Gain are not to be left below.

University of Wyoming will feature John Rushing in the low hurdles which will have to defeat UC LA's Rafer Johnson, who also competes in the broad jump, discus, and javelin, and Pepperdine's Walt Barnes.

The 100 yard dash will give Gauchos jet Ed Scott his greatest competition with many men who fly with him around 10 seconds. Long Lon Spurrier, ex-UCLA athlete, who broke the world's record in the 1/2 mile several times

Gauchos Flash Ed Scott won sprints and remained undefeated for the year in 220.

THINCLADS CRUSH WAVES. AIRMEN IN 3-WAY MEET

In a meet preparatory to the Easter Relays the SBC thinclads not only took a second victory but bettered their season marks against the badly outclassed Pepperdine Waves and March Air Force Base. The Gauchos notched 85 1/6 points leaving Pepperdine in second place with 49 5/6 and March AFB at the end with 28 points.

Speedy Ed Scott flew to the tape in 10 flat for the century dash while Marv Ashby stretched his javelin distance to almost 182 feet and Roscoe Morris was a third place winner at 13 feet in the pole vault. Coach Ernest Michael was not only happy because of the turn out of new men but also because of the results in the second and third place brackets.

Scott went ahead to clean up in the 220 dash in 21.4 s. and Lou Kummerow equaled him in the 880 in the time of 2:03.6 s. Gordon McClenathen led from the start of the mile run but let his veteran teammate Jerry Downing

pass to score first place honors with plenty of extra space. Gordon then reversed the scoring in the two mile struggle in 10:27 min.

Meanwhile, Pepperdine's Walt Barnes led his visiting team with twin victories in the low and high hurdles in 24.4 s. and 15.3 s. respectively. Supporting him was John Williams who took seconds in the javelin and 220, third in the 120 high hurdles, and fourth in the high jump.

Taking March AFB's single first place was Max Coleman who placed the shot put at 43' 9".

STATISTICS

Mile — Downing, SB; McClenathen, SB; Mintburn, P. 4:52.2 min.

440 — Smith, P; Tyler, M; Pembleton, SB; Barr, M. 52.5 s. High Jump — Kay, SB; and Austin, SB, tie; Stringham, SB; Williams, P. 5' 9".

100 — Scott, SB; J. Morris, S B; Ricks, M; Carter, SB. 10.0 s.

120 High Hurdles — Barnes, P; Feola, P; Roy, M; Williams, P. 15.3 s.

880 — Kummerow, SB; Lockner, P; Brissmon, M; Reigle, SB. 2:03.6 min.

Shot Put — Coleman, M; Coutts, SB; Baker, P; Taylor, M. 43' 9".

220 — Scott, SB; Williams, P; Ricks, M; Carter, SB. 21.4 s.

Two-Mile — McClenathen, SB; Downing, SB; Mintburn, P; Richards, SB. 10:27 min.

Broad Jump — Anderson, P; Whitney, P; J. Morris, SB; Taylor, M. 22' 1/4".

Javelin — Ashby, SB; Williams, P; Carlson, SB; Baker, P. 181' 11 1/2".

220 Low Hurdles — Barnes, P; Gayton, M; Robinson, P; Jones, SB. 24.4 s.

Pole Vault — R. Morris, SB; O'Gain, SB, and Whitbeck, P, tie; Grimm, SB. 13'.

Discus — Brown, P; Anderson, SB; Coleman, M; Young, M. 128' 3 1/2".

Mile Relay — Santa Barbara College; March AFB. 3:34.2 min.

Max Truex star USC freshman distance man will be in Relays.

in the past few weeks will be at La Playa but competing only in the two-mile event. However, if time allows he expects to run the 880 also.

The 75 expected high schools will be divided into two divisions depending on enrollment; whether above or below 1,000.

STUDENTS STORM

continued from page one
 ity members are not allowed to live in the residence halls. The Administration has allowed the fraternity and sorority members to live in the residence halls because of the acute housing situation here." There is a misapprehension that the objectors are solely members of fraternities and sororities. However, out of the 87 signees only 18 are fraternity and sorority members. This is only a 20.6 percentage of the signees. The Administration should be aware of this fact.

Dean Keener was asked to make a statement to the press. She said it was "a student matter. The residence halls should work out the situation." Her personal opinion was, "If I was living in a residence hall I would want to be a part of it."

Sproul Directive

President Robert Sproul stated in a directive of Jan. 1947 that "these places that the University

Kaywood's Article In Safety Magazine

In the March issue of "Safety Education," a nation-wide magazine published by the National Safety Council, appeared an article describing the work of Santa Barbara staff and students to further the principles of safety in the Santa Barbara area.

The author of the article is Dr. Richard Kaywood, assistant professor of physical education, who has been active in safety work here as Chairman of the County Safety Council and as faculty advisor to the SBC student safety committee. He also is vice-president of the California Driver Education Assn.

Student Projects

Entitled "The Big C of Safety Education," the article tells of College projects which have furthered safety in Santa Barbara, emphasizing the "C" for "community cooperation." Among the student projects described was the traffic safety exhibition and demonstration in the lobby of a local theater, traffic counting, analysis of city playground accidents, incorporating principles of safety in community craft shops, planning a teen-age "road-e-o" in cooperation with the local Junior Chamber of Commerce, and other efforts.

Dr. Kaywood also tells of the work of students and faculty committees involving safety on the new campus where there are problems of fire safety in residence halls and other buildings, problems of motor vehicle and pedestrian safety on campus roads, waterfront safety problems on campus ocean beaches, and others.

The article is illustrated with pictures of the campus taken by Jim Pitcher, editor of the 1954 College yearbook, *La Cumbre*, and student photographer.

provides shall not be dormitories or houses of board and room. Residence halls shall be defined as a place where a student has a chance to have cultural and social experiences; a place to develop leadership qualities, student government and skills of group living." In direct contrast: "University Residence Halls Contract, Spring Semester, 1955: The undersigned student applies for room and board in one of the University Residence Halls and tenders herewith a \$26 deposit." This shows that the Housing Office is, in effect, selling room and board and not a social life.

There is a paragraph in the University Residence Hall Contract which goes: "The undersigned agree that the authorities of the University of California may terminate forthwith the residence in a University Residence Hall of any student who is guilty of unbecoming behavior or of neglect of academic duties. The undersigned student agrees to abide by the rules of the University and of the Residence Halls while in residence." The question becomes one of interpretation of "the rules of the Residence Halls" A rule means, according Webster, *Law*: to give as an order, command, direction or determination by court. Thus the rules of the Residence Halls do not include residents associations. Associations are not commanded or ordered, they are joined on a voluntary basis.

Membership?

Dean Reynolds said "The Administration stands behind the Las Casitas Association; these people who don't want to pay shall be asked to leave." Compulsory dues are not an unusual feature of residence halls; most residence halls of universities have this feature.

"Constitution of Las Casitas Halls Association; Article II; Membership: (se. I) membership of the Las Casitas Residence Halls Association shall consist of all residents of Las Casitas Residence Halls duly admitted by the Housing Office, of the University of California, Santa Barbara College, who have paid those dues set forth in the By-Laws of the Association."

This indicates that to become a member of Las Casitas Association one must pay the dues, and shows that there is not a necessary connection between residents of Las Casitas and members of Las Casitas Association.

USAF REPS. ON CAMPUS TODAY

The U.S. Air Force Aviation Cadet Selection Representatives from Los Angeles will be located at the Student Union Bldg., today, Apr. 6 for the purpose of assisting any students interested in flying with the United States Air Force after graduation.

Young men may apply for either pilot or aircraft observer training in the aviation cadet program. Cadets in observer training may specialize in one of the following fields: navigation, bombardment, radar operation or electronics and other related flying specialties. A graduate of the pilot training course will naturally find himself in the cockpit of a sleek jet aircraft. In addition to technical training he will receive an administrative background that will prove an invaluable asset in civilian life. All training can earn him valuable college credits.

After approximately 12 months of training a graduating cadet is awarded a commission and the silver wings of a rated flying officer in the United States Air Force.

Anyone between the ages of 19 and 26½, good health, single, male citizen, possess the basic requirements for submitting an application for Aviation Cadet Training.

WOMEN'S RES. HALL NEARS COMPLETION

The huge, attractive residence hall rising on the campus of UCSBC, will be completed Sept. 1 to be ready for occupancy by 400 college women at the opening of the fall semester, it was agreed by the construction contracting firms, Williams & Burrows and Carl M. Swenson, who undertook the job as a joint venture.

Robert E. Floyd, university planning engineer, said that 40 percent of the work on \$1,185,000 structure has been completed and now that the roof is on, more trades can now work on the building at the same time.

The concrete pouring is 90 percent complete and the installation of the attractive cinnamon-colored volcanic ash building block has been finished except for the sand-blasting which will bring out its rich color. One of the big jobs finished is the exterior utilities leading into the building.

The structure consists of a large one-story area containing a lounge, recreation room, date rooms, office and lobby. To this are attached two two-story living wings, each accommodating 200 coeds, and each Z-shaped. The building will be the largest on the campus for

some time, containing 87,600 square feet, outside gross. To give an idea of the expansive area covered by the building, if straightened out it would be almost one-third of a mile in length. There are two-thirds of a mile of central corridor.

In Harmony

The roof of the building, which is being completed now, is sloped and will be of flat red tile as has already been used on the new library and science building, bringing it into harmony with the architectural aims of the community.

Most of the student rooms, measuring 12 feet six inches by 14 feet six inches, will be doubles. Each will have its individual color scheme and customized furnishings which have already been ordered by the University.

There will be large windows in the lounge and recreation rooms, each leading to protected patio areas. The rooms themselves will also feature ample glass areas with the end of each room practically all glass, running from 30 inches above the floor to the top of the 8 foot ceiling.

This will be the third permanent building on the campus. The sci-

ence and library building were complete for the College move this past fall. Walls will soon be going up on the new \$780,000 music building on the campus and construction on a \$1,200,000 classroom building will begin this coming summer or fall.

'Stabat Mater' Will Be Sung in Holy Week

Three performances of Pergolesi's "Stabat Mater" will be given during this pre-Easter week by the Women's Glee Club, under the direction of Carl Zytowski, instructor in music.

The work will be heard first on the campus Wednesday, Apr. 6, at noon in the Little Theater; Thursday, Apr. 7, at noon in Trinity Episcopal Church, and on Thursday, at 5 p.m. at All Saints by the Sea Episcopal Church, Montecito. All performances are free.
