

# MARGARET MEAD HERE FOR BENEFIT MARCH 13

Margaret Mead, anthropologist and writer, will present a benefit lecture for the new student union March 13. All profits will be donated toward the S.U. building fund, according to Roberta Hart, project chairman for Crown and Sceptor, sponsor of the event.

Dr. Mead has devoted many years to the study of native peoples on the islands of the Pacific. To carry out her research she has mastered several primitive languages and dialects.

**Primitive Culture**  
As a result of her many investigations into cultures both modern and primitive, she has written a number of books, including *Coming of Age in Samoa*, *Sex and Temperament in Three Primitive Societies*, and *Cultural Patterns and Technical Changes*.

**Samoan Girls**  
Psychologist, lecturer and teacher, as well as writer and anthropologist, Dr. Mead received her B.A. from Bernard College and her M.A. and Ph.D. from Columbia University in 1929. The far-flung field work for which she has become well known began in 1925 when she made a study of adolescent girls in the Samoan Islands.

In 1929 Dr. Mead made studies of the children of the Manus tribe on the Admiralty Islands in New Guinea. Her findings were published in the book *Growing Up in New Guinea*.

Despite the time required for field work and writing, Dr. Mead has been able to maintain a heavy teaching and lecturing schedule in the United States and abroad.

## Secret French Film Shown Tomorrow

An undisclosed French film will head the bill at the AS assembly tomorrow night in the UCSB Classroom Building Auditorium. There will be two showings, at 7 and at 9 p.m.

Committee chairman Russ McClain states, "All information concerning this film must be withheld, as the mere divulging of its title would draw an oversized crowd."

**Oscar Winner**  
The French film has won such awards as the Grand Prix de la Presse Belge. It was acclaimed the best foreign movie of 1949 by the Academy of Motion Picture Arts and Sciences, and was chosen one of the three distinguished foreign films of the year by the New York Times.

In addition to the surprise main attraction is a famous French short, "Colette." This film was directed by Mme. Yanick Bellon, and the consultant was Jean Cocteau.

The commentary is spoken in French by Colette, with English subtitles. In 1951 this movie was selected for exhibition at the Edinburgh Film Festival.

## U.S. NATIONAL SCIENCE FOUNDATION TO AWARD 1,200 GRAD SCHOLARSHIPS

The National Academy of Sciences - National Research Council will again assist the postdoctoral fellowship programs which have just been announced by the Foundation. The NSF plans to award approximately 1,000 graduate and 200 postdoctoral fellowships in these two programs for scientific study during the 1959-1960 academic year.

The evaluation of each candidate's application is made by the Academy - Research Council selection panels and boards. The NSF will make the final selection of Fellows and will announce the awards on March 15, 1959.

**U.S. Citizens Only**  
These fellowships are open only to citizens of the United States and are awarded solely on the basis of ability. The NSF has announced that "... fellowships will be awarded in the mathematical, physical, medical, biological and engineering sciences, including anthropology, psychology (excluding clinical psychology), and from many areas in the social sciences, where they conform to accepted standards of scientific inquiry by fulfilling the requirements of the basic scientific method as to objectivity, verifiability and generality. (A listing of the various fields will be found on the bulletin board in the *El Gaucho* office.)

**Seniors Can Apply**  
Graduate fellowships are available to those who are working toward the masters or doctoral degrees in the first, intermediate or terminal year of graduate study. College seniors who expect to receive a baccalaureate degree during the 1958-1959 academic year are also eligible to apply. Postdoctoral fellowships are available to individuals who, as of the beginning of their fellowship tenure, have a Ph.D. in one of the fields designated or who have had research training and experience equivalent to that represented by such a degree.

**Know-How Tested**  
All applicants for graduate (predoctoral) awards will be required to take an examination designed to test scientific aptitude and achievement. This examination will be held on Jan. 19, 1959, at Educational Testing

Centers throughout the United States.

The annual stipends for graduate Fellows are as follows: \$1800 for the first year, \$2,000 for the intermediate year and \$2,200 for the terminal year. The annual stipend for postdoctoral Fellows is \$4500. Dependency allowances will be made to married Fellows. Tuition, laboratory fees and limited travel allowances will also be provided.

Further information and application materials may be obtained from the Fellowship Office, National Academy of Sciences - National Research Council, 2101 Constitution Avenue, N.W., Washington 25, D.C. The deadline for the receipt of applications for regular postdoctoral fellowships is Dec. 22, 1958, and for graduate fellowships, Jan. 5, 1959.

### ALL-CAL DUCATS DEADLINE FRIDAY

Reduced rates for tickets to All-Cal end this Friday, Oct. 31. Tickets are now on sale at the Graduate Manager's office at a student rate of \$1.75. After Friday, tickets will be available only at Berkeley, priced at \$3.50.

All-Cal Weekend will be held at the Berkeley campus Nov. 7-9. Transportation information can be obtained by calling the local Southern Pacific office.

Approximately 30,000 students from the eight UC campuses are expected to attend All-Cal weekend, according to Art Herman, UCSB chairman for All-Cal. For further information regarding transportation or housing contact the All-Cal Committee in the AS office.

## On-Campus Housing Forms Due Nov. 3-7

During the week of Nov. 3-7 the Housing office will issue re-application forms for the 1959 spring semester to all residence-hall students who wish to continue living on campus, it was

## Death and Decay as Life's Basis Is Subject Of Robert Muller's All-College Lecture

The UCSB Committee on Drama, Lectures and Music will present its fifth in the series of All-College Lectures in the classroom auditorium today at 4 p.m. Dr. Robert Muller will speak on "Death and Decay—The Basis of Life."

The speech will concern the breakdown of complex materials into simpler ones which can be used again by the plant. The lecture will be supplemented by slides.

**Research at Rutgers**  
Dr. Muller is presently teaching General Botany and Plant Physiology. His particular interest is in the influence of antibodies on molds, and he conducted research on this problem at the Institute of Micro-Biology, Rutgers University, while on sabbatical leave two years ago. A number of his investigations have been published in scientific journals.

Mr. Muller received his bache-

lor's degree at Queens College in New York City and his Ph.D. at Cornell University. He also taught for one year at Cornell. During this time he was employed as a bacteriologist for Applied Research Laboratories, Inc., in New Jersey.

## Monaghan Chosen To Lincoln Group

Dr. Jay Monaghan, consultant for the Wyles collection of Lincolniana at UCSB, has been chosen as an honorary member of the Lincoln Sesquicentennial Commission. Dr. Monaghan, a recognized authority on the great Civil War president, was notified of his selection for this honor by Sen. John Sherman Cooper of Kentucky, chairman of the commission.

The UCSB research historian has written 10 books on Lincoln, the Civil War and early westward expansion. A piece on Lincoln's famous political adversary, Stephen Arnold Douglas, by Dr. Monaghan appears in the current edition of the *Encyclopedia Americana*.

The Lincoln Sesquicentennial Commission commemorates the 150th anniversary of the birth of Abraham Lincoln.

## Deadline Set For Civil Service Bids

Oct. 30 has been set as application deadline for participation in the first test under the new Federal Service Entrance Examination program, says the California Civil Service Board. The first and only test during 1958 will be given Nov. 15 at points throughout California to college juniors and seniors, graduate students and those with equivalent experience.

## 'Wild One' Brando Cycles Onto Screen For Gaucho Viewers

California Club is sponsoring two showings of "The Wild One" in the UCSB Classroom Auditorium on Oct. 30. The first will be at 3:30 p.m., the second at 7:30. Admission is 50c with student-body card.

In 1953 a convention was held of some 4,000 cyclists in California—some fringe elements of whom proceeded to make a shambles of the town of Hollister. Frank Rooney, noticing a picture of this destructive raid on the front page of LIFE, wrote a short story from which Producer Stanley Kramer got his idea for an exciting off-beat movie, "The Wild One."

**Town Terrorized**  
In "The Wild One," starring Marlon Brando, Mary Murphy and Robert Keith, Brando plays the role of an inarticulate but not-so-juvenile delinquent leader of an outlaw motorcycle club called the "Black Rebels" which terrorizes a small town when its irresolute lone cop fails to drive them out.

Hollis Alpert, movie critic of *The Saturday Review*, refers to the production's "startling freshness" and comments, "... it's a rewarding movie to see. ... It's first rate movie-making and I'd say something in the way of a public service. The movie ... makes an honest attempt to discover the seeds of discontent and maladjustment lying behind the surge of social misbehavior."

## Dr. Seefeld Speaks On IA Association

Dr. Kermit A. Seefeld, professor of industrial arts and chairman of the department at UCSB, will deliver three addresses on behalf of the American Industrial Arts Association, of which he is now president.

Dr. Seefeld will speak in Pennsylvania, North Carolina and Virginia before state associations on the subject, "Industrial Arts Today and Tomorrow."

## SIGMA PHI TRIUMPHS IN GGR, SATURDAY PARADE

by Stan Aspittle, Staff Reporter

A bobbing head and winking eyes won the Grand Sweepstakes Award in Saturday's Homecoming Parade for the Industrial Arts Club. The float, portraying this year's theme—Gauchos Salute Santa Barbara—was judged best over-all in design, originality and presentation of the theme. Sigma Phi Epsilon was judged as having the most unique float in the parade.

**Fraternity**  
In the fraternity division first place went to Sigma Alpha Epsilon. Second place went to Phi Psi Zeta while Delta Tau Delta was judged third-place winner. Delta Zeta won first-place hon-

ors in the sorority division, with Kappa Alpha Theta taking second and Alpha Phi third.

**RHA Trophies**  
The RHA men's trophy went to Toyon Hall while Tesoro and Villa Marina won first place in RHA women's. Second in the distaff division was the float of Coralina and Ribera Halls.

The girls at Lobero walked off with honors when their float, dedicated to Pearl Chase, was judged the best among organizations.

**GGR Winners**  
On Friday night the GGR winners were announced to a capacity house. Sweepstakes went to the Sigma Phi Epsilon fraternity for its skit, "The Reluctant Cannibal."

Lambda Chi Alpha swept top honors in the men's division with its rendition of "Miss S.B." Second place went to Blue Key for the skit entitled "Are You Psycho?"

**Ghost of S.B.**  
First prize in the women's division was presented to the Chi Omegas for "The Ghost of S.B." Second place was awarded to Alpha Phi for "UCSB Coeds" while Delta Gamma took third with "The Festival of the Arts." Homecoming started with a threat of rain, but both the parade and the game were dry.

**Beautiful Floats**  
The floats in Saturday's parade were ranked among the finest of any year by many of the alumni. The alumni section at the game was filled to capacity as they challenged the students in yells. Two after-game dances were held, one for the alumni and one for the students.

## Industrial Arts Club Captures the Parade Sweepstakes . . .

**SWEEPSTAKES FLOAT AWARD**—Amid the flourish of fanfare Queen Elaine announced the winner of the Sweepstakes in the Homecoming Parade. After the shouting died down Dick O'Day, Chairman of the Industrial Arts Club, accepted the award. The IA float with its winking, saluting Gaucho captured the coveted trophy as handily as its float-depicted Gaucho ran the 'Gator through the wringer. Pictured left to right above are Queen Elaine Noble and her princesses, Sheila Higbee, Barbara Fraley and Dagmar Cleavinger. Dick O'Day is accepting his club's award from Cathy Grant, Homecoming Chairman.

## Kappa Sigs, Beachcombers Top Slates — Clean Records

by Tom Morgan Sports Writer

Three undefeated grid powers stepped front-and-center on the Gaucho intramural football front this week, but none of the early pace-setters has been given complete control of the inside track to top honors in its respective league.

While the trio of pigskinners, two from the fraternity division and another from the independent circuit, escaped unscarred from last week's battles, a handful of top-notch six-man squads was crowding the first-place door in both loops.

**Sig Eps Pull Up**

The Sig Eps caused the big noise in the frat competition over the past seven days when they toppled the Sigma Pis from the ranks of the undefeated by the narrowest of margins, 19-18. The Sig Pis earlier had moved into a first-place stalemate with the league-leading Kappa Sigs and Lambda Chi with a 28-6 victory over the Delts.

The two chief title contenders in the fraternity league, Kappa Sig, unbeaten in two outings, and Lambda Chi, winning its lone tussle, were idle last week.

The SAEs shoved their offensive attack into high gear and rolled past the Delts, 32-0, to climb into a fourth-place tie and level their seasonal mark at 1-1.

Sequoia, scoring early in the opening half and then calling out its defensive forces, threw a monkeywrench into Toyon-Yucca's undefeated hopes with a 6-0 conquest of the defending kingpins.

**Toyon Rolls**

Earlier in the week, Toyon-Yucca, behind a three-touchdown performance by halfback Jim McMichael, humbled Juniper, 27-6, for its second consecutive victory.

The powerful Beachcombers steamrollered their way to their third straight triumph, walloping Palm, 45-0, with a torrid ground attack.

**FRATERNITY**

Kappa Sigma .....	2	0

USF .....	6	2	0	6—14

**Scoring Summary**

UCSB—Ellington 2 (36, pass from St. Clair; 12, run); Westerling (1, plunge). PAT: Knecht (pass from St. Clair).

USF—Johnson 2 (62, pass from Sochor; 5, pass from Sochor). Safety: Nelson (blocked kick out of end zone).

3514 State St.

Santa Barbara WO 6-1649

The 'Combers, all alone atop the independent standings with a 3-0 record, have allowed only two points to be scored against them in three games.

Cypress scrambled into a second-place deadlock with Toyon-Yucca by whitewashing Pine, 19-0, for its second win against a single setback.

Birch-Acacia tasted the victory cake for the first time when the only conversion of the game provided a squeaking 13-12 win over Juniper.

**Title Seekers**

The hotly contested title chases enter their third week starting today, with attention focused on

## Gaucha CCers Lose; L.A. State Next Foe

Los Angeles State is the Gauchos' next cross-country foe, today at 4 p.m. on the Diablos' course. An upset is hoped for following UCSB's fourth loss, this to the Cal Poly Mustangs on the victors' home grounds Thursday afternoon by the narrow margin of 22-23.

The big laurel winners for Cal Poly were their ace duo of Jack Wofford and Don Lee, who toured the 3.8-mile course in the respective times of 17:26 and 17:37. They were, however, pressed by the sterling performance of Gaucho Roland Cordobes, who finished two seconds behind Lee.

The remainder of the Gaucho scoring was garnered by Joe Zamora (18:14), who captured fifth place, team captain Gerry Mullins (19:02), seventh, Bob Oldham (19:26), eighth, and Rosendo Castillo (20:12), tenth. Other Gaucho finishers were Kenneth Bervers and Dennis Cavanaugh.

Coach Nick Carter expressed satisfaction with the Gauchos' improved performance and looked with optimism towards the dual meet with the Diablos today.

**Queen's Jewelry**

Homecoming Queen Elaine Noble's three-piece ensemble of jewelry presented to her Thursday night was donated by Sarah Coventry Jewelers. The Fine Fashion Jewelry ensemble included a necklace, bracelet and a pair of earrings.

## URC Notes

All students interested in working on "Religion in Life Week" meet Thursday, Oct. 30, at 3 p.m. at the URC Building.

Christian Science Testimony meeting, 4:15 p.m. today at the URC Building.

Westminster Fellowship Counseling and Group Fellowship from 4 to 6 p.m. today at the URC Building.

Episcopal Holy Communion at 7 a.m. Wednesday at the URC Building. Student discussion group at 4 p.m. tomorrow at the URC Building.

Baptist Roger Williams Fellowship, discussion group from 4 to 4:30 p.m. Thursday at the URC Building.

## Wilson Fellowship Deadline Friday

Friday is the nomination deadline for Woodrow Wilson Fellowships for graduate study, according to Dr. Robert Kelley, assistant professor of history and campus representative for the program.

The fellowships provide \$1,500 plus tuition and fees for the first year of graduate study for students entering the college-level teaching field.

### Must Be Nominated

Applicants must be nominated by an instructor. One thousand fellowships will be granted on a national level. Applicants should be interested in subject areas usually taught in a liberal arts college.

For further information regarding the Woodrow Wilson Fellowship program, students can contact the Department of History.

## Denning Records Two New Tunes On Liberty Label

by Debbie Frieden  
Feature Reporter

Three curtain calls for Galen Denning at the Thursday run of Galloping Gaucho Revue indicated the continuing upswing of the young musician's popularity.

Gaucho fans, who can't get enough of Denning's unique vocal style, are in luck if they have hi-fi and enough money to buy his recordings. "What Ya Gonna Do" with the flip side labeled "Gonna Build a Rocket" was released two weeks ago by Liberty Records. This is his second recording; the first was Denning's own "Alone Without Love" and "Senior Prom," written by David Vowell and Hal Brendle.

### Likes Folk Songs

Audiences yell for rock 'n' roll and folk music with equal fervor, but Denning has definite ideas about his preference. "I like to do rock and roll all right, but I would rather do good pop singing and folk tunes. But rock and roll is the current thing, and it will get me started. I hope to do an album of folk tunes soon. They seem to appeal to more people."

With guitar in hand, Denning faced the audience, whose previous response to his playing and singing had been responsible for his break with KEY-TV, and said, "Well, like I mean . . . thanks."

## Elmed Meeting

Edward Kincaid will be the featured speaker at the Elmed meeting Thursday at 7:30 p.m. in the Science Auditorium. Kincaid will speak on the topic, "Keys to Fall and Winter Decorations." Refreshments will be served.

## Home Ec Club

"Becoming a Royal River Rat" by Charles Hendrick will be the program title of the Home Economics Club meeting tomorrow at 7:30 p.m. in the Home Ec Building, Room 106.

## On-Campus Housing

continued from page one  
announced by Velma Morrell, housing supervisor.

These re-application forms are to be filled in at the Housing office. Contracts will be issued at that time. Each student must make his own re-application for housing.

The same procedure will be followed for the off-campus students who desire to live in the residence halls next spring.

Miss Morrell reminds students that unless they apply on the above dates accommodations on campus cannot be assured.

## A PROJECT FOR CHARITIES . . .

As part of the Student Government program on this campus the AS Charities Committee is presently beginning to organize the various charitable projects which it will undertake this year.

These projects, for the most part, will be of a local nature, in keeping with the well-known adage that "charity begins at home."

However, occasionally a unique situation occurs outside the immediate area of the S.B. campus which warrants the attention of our Charities Committee.

Such a situation now exists in the small town of Clinton, Tenn. Clinton, as many readers will recall, was one of the first Southern cities to integrate its schools in compliance with the Supreme Court's order. The people of Clinton opposed integration, but were determined to abide by what they felt to be the law of the land.

For the past few years violence has marked the beginning of each school term in Clinton. Doggedly the people held to their decision to integrate their public schools.

A few short weeks ago disaster struck in Clinton. The senior high school was almost leveled to the ground by bombs. This malicious act of violence has disturbed people in both the North and South.

But the people of Clinton did not take time to become remorseful. They immediately undertook projects to raise funds for a new school to house their 870 students. They appealed to Washington for federal aid, but received very little. In fact the delegation from Clinton was not given an audience with the President when they went to Washington for that very purpose.

Since the bombing Clinton students have not missed a single day of school. Makeshift classes have been held in other buildings on the campus, and even outside when the weather permits. But Clinton needs a new school and it appears that the only way they are going to get the necessary funds is through the good will of people and organizations throughout the country.

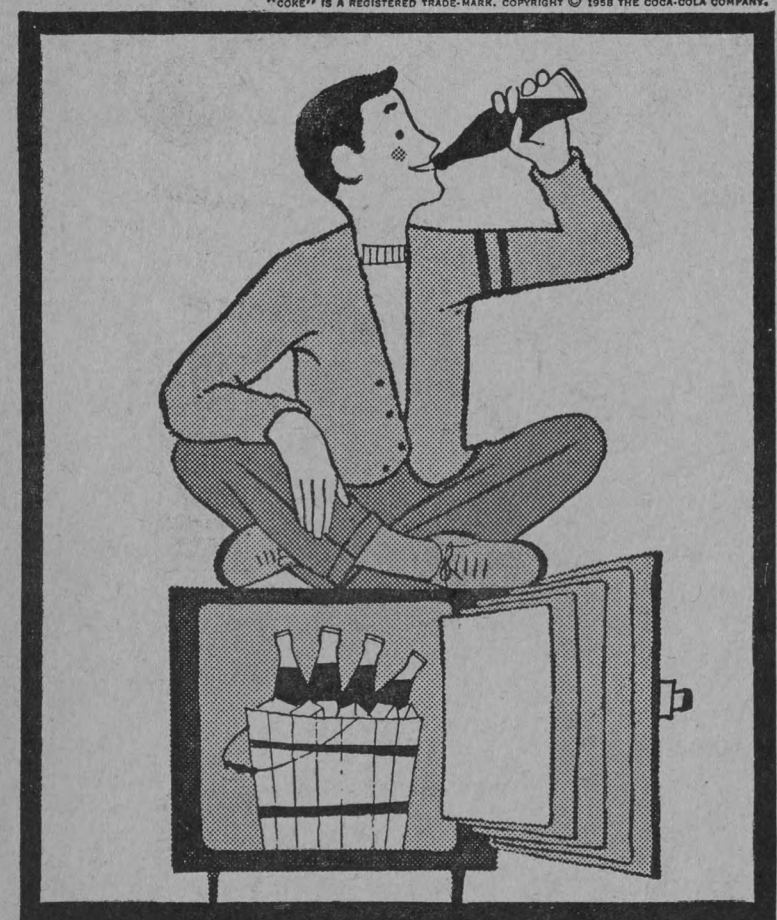

*El Gaucho* feels that this is one case where a violation of the "charity at home" theory could be tolerated. The only wrong of the people of Clinton, Tenn., was their obedience of the Federal order to integrate their schools. Considering the disgusting legal hedging of other cities in the South, we cannot help but admire their attempt. But their admirable intentions have been temporarily halted. The AS Charities Committee can offer aid, regardless of how small, by contributing "Friendship Bricks" to build again the damage done by the bombs. A project well worthwhile.

## STUDENT BALLOTS . . .

Many of our students on campus cannot vote in the election because of age or failure to meet some other requirement. *El Gaucho* feels these students should be heard. We also feel the student body would be interested in knowing how UCSB students in general feel about the election.

Therefore *El Gaucho* is going to run a ballot in next Tuesday's issue of the paper. The students are asked to mark these ballots and place them in the boxes which will be set up for that purpose around the campus. The results of this vote will be run in the Friday paper.

At the request of members of the student body the editorial board of *El Gaucho* will review some of the propositions we feel are of general importance and perhaps need clarification. Propositions 16, 17 and 18 will be discussed in Friday's paper, and 7, 9, 10 and 13 will be discussed in next Tuesday's paper. We will attempt to be as impartial in our analysis of these issues as the issues themselves will allow.

## Safe Deposit

John always did take things too seriously . . . like that habit of locking his Coke up in a safe! Sure everybody likes Coca-Cola . . . sure there's nothing more welcome than the good taste of Coca-Cola. But really—a safe just for Coke! Incidentally—know the combination, anyone?

Hear Your Gaucho Football Game on KTMS, Sponsored by Silverwoods

**A bell is to ring**  
but without the clapper,  
you'd miss the whole idea of a bell

.....

**A cigarette is to smoke**  
but without flavor—you miss  
the whole idea of smoking

.....

When it comes to flavor

**It's what's up front that counts**

IF IT HASN'T GOT IT HERE

IT HASN'T GOT IT!

R. J. REYNOLDS TOBACCO CO., WINSTON-SALEM, N. C.

Up front in Winston is **FILTER-BLEND**

That's why **WINSTON TASTES GOOD**, like a cigarette should!
