MACBETH BRINGS THRILL OF HORROR TO COLLEGE
by Tony

A study of mental and physical horror will be seen, and Nov. 27 as the curtain rises on one of the highlights of the UCSBC production of Shakespeare's "Macbeth." The revue drama to be viewed by the first-nighters will be the culmination of the efforts exerted by the students and faculty that comprise the cast and various committees. The play will be presented Thursday, Nov. 27, to 29, and from Dec. 6 through 8, for those who miss the opening-night excitement.

Sets Add to Plot

The famous tragic play will be played against an unusual and quite unorthodox background which is sure to add the final touch to an already spine-tingling plot. Designed and constructed by SCI students, the sets have Leathernecks Land!

The Marines are leading, Santa Barbara College is due to be invaded by Capt. J. B. Creton, leading the Marine Corps Officer Procurement Team for the purpose of interviewing students interested in the Marine officer-training programs.

The team will be available for interviews at the Student Union Nov. 27 and 29, and will be open to freshmen, sophomores, juniors and seniors. Capt. Creton will explain to the students the finer points of the officer-training program, and how the program can be worked into a student's present educational program through elements of the, review, as well as the splendid aviation officer program available.

You girls can also get in on the act as Capt. Creton will also explain the woman officer's program designed to convert the average young lady into a potential officer. Capt. Geston will also explain to those interested, some of the women officers' prospects that are available. The women officers' prospects will be given for the first time this year by the Interfraternity Council.

WHERE ARE YOU?

Somewhere on this campus lurks a student who shall not for himself win eternal fame. He will be acclaimed by the whole campus as one who has given the one great, significant contribution toward our college community. Who is he? What is he that all his fans commend him for? The creator of the Johnny Gauche illustration is in new being dubbed from the various sketches already submitted. Until Nov. 30 all those who feel that their original creation may have secured the hearts and minds of El Gauche staff. Fame like rock's has its rewards, first-place winner will receive $7.75 for second place, $6.50, and $5.26 will go to third place. (All change will be in new coin bearing the stamp of Lincoln.)

Image is unique in that it will be held this week in order to have the presentation in a highly polished state. Faculty Lentus Hands

Among the contributors are bloodstock and diarist, and Diana Lillie, assisting Monitor, Miss Mary Jones, Monitor, in physician education, and Dr. Ted Hanle, associate dean at Mary, who is cleaning up after the performance, is donating much of his time and efforts.

Tickets go on sale today and can be purchased from the Music Office box office between the hours of 8 and 4 p.m., and admittance price is 50c and tickets will be held for two weeks only, and advance is limited seating.

Caught briefly in the hustle of last-minute preparations, Diarist Park and about to commence production, "The show will be every bit as thrilling and exciting as "Medium" was and probably more so."
Painless Churchooking

The United Churches, which leaves the Campus at 10:10 each Sunday, starts at Stati Michaels in time for the 10:30 service. Stay for the Coffee Hour afterwards and catch the bus to the campus, arriving about 11:50.

Painless Suppers

On Sundays can be had at Stati Michaels and Leaves at 10:30, immediately followed by supper. If you need transportation, call us.

Stop Everything—Start Laughing!

IF YOU'VE GOT a Lucky, you've got it made. That's 'cause you just can't beat a Lucky for taste. Luckies are made of fine tobacco—light, naturally-tasting tobacco that TOASTED to taste even better. In fact, you'll say Luckies are the best-tasting cigarette you ever smoked. What more could you want? Oh, the answer to the Sticker! If you're in a light plight, the answer you need is a Match, Note!

HERE'S A STICKER! IF YOU HAVE A LUCKY, WHAT ELSE DO YOU NEED?

(SEE PARAGRAPH BELOW)

"IT'S TOASTED" to taste better!

Lucky Strike

CIGARETTES

STICKLES are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No suiting patterns, you can think of dozens.) In seconds. We'll send 25¢ for every stickler we use—and we'll use them. One with no print or print of any kind is not a stickler. Send 'em to Happy Days Lucky, Box 614, Mount Vernon, N. Y.

Student Government Outmoded

About this time last year an editorial appeared in El Gaucho literally begging students to attend a meeting of the Legislative Council. Some expression of student interest was needed at the time. It is a generalization that few, if any, persons heeded the plea so sincerely put forth. It is this same apathy last spring that caused Legislative Council members to remark that they did not have to worry about what the students wanted, because the students never thought about student government.

It is the firm belief of El Gaucho that students are interested in their government, the use of their money. The stumbling block to adequate student expression of their needs and wants lies in the inadequate and antiquated form of student government used here at Santa Barbara College.

We of El Gaucho believe that constitutional revisions are in order. The present organization is too cumbersome. It is difficult, but it shall benefit the college for years to come.

Liberal Education Improactic

By Louis G. Robinson

Since our last editorial in which we were urging the students of the Liberal Arts College and the faculty to consider the ideals of the Liberal Arts College we have not really received any comments from the students here but also a good deal of productive criticism from several members of the faculty. The words used there in our article are those of Dr. Willson, a firm believer in "Science Through Liberal Education." However, we observed towards the Liberal Arts Education that many of us of you who also know to be true.

However, although we do agree with many of Dr. Willson's ideas we can see many limitations to an educational system which would stress cultural learning to the point of excluding applied arts courses essential to a more practical element of education. For, belief in "Science Through Liberal Education" would become the aim of general learning and it is this same educational system which dominates the type of courses and studies the student seeks to pursue. Pursuing an ideal culture which he should acquire as a secondary result, the liberal idealist is sure to argue that the college exists to satisfy the demands of the community and a close inspection will bear this out.

As students of the countries of the community that must first be fulfilled and perhaps even more, here at Santa Barbara College, the fact that Goleta is destined to be an aero- nautical research center might radically affect the liberal arts education. This is an impractical luxury.

CHIMES, junior women's honorary organization, met every Thursday at 12 noon in the Stang Ballroom for the first time since the end of the school year. The group planned some big events for the fall—a weekly sing-around and a concert. The events will be announced in the Stang.

THE PORNOGRAPHY CLUB will hold its meeting tomorrow at 12 noon in the LS 203. All active members and students interested in pornographic activity are invited to attend. Dr. Frank G. Seppens, an eminently authority in this field, will be the speaker.

EL GATO

by Noble and Bennett

So sorry we didn't have a col umn last week. You'd think that would be obvious, especially with the weather we've been having. It's been wet and windy. And the rain has caused a lot of flooding. Please be careful when driving. And remember to check your windshield wipers. They should be working properly.

SOUNDS FROM PORTERS, FRANCE

by John Windows

As the French are known for their wine, they are also famous for their music. In fact, the French have a saying, "C'est la vie," which translates to "It's the way it is." The French are known for their passion for music and their love of wine. They believe that music and wine go hand in hand.

HARRIERS TAKE WEEKEND LOSSES
by Don Sawyer

The last week of the season seemed to bring bad luck to the Santa Barbara cross-country men as they went down to their first CCAA dual meet defeat on Wednesday and Sunday they ran against strong opposition in the Conference zone and nabbed fifth in the team scoring.

In the all-important CCAA Conference meet, held over the UCLA 5000-meter course, Santa Barbara State was easily with 31 points, L.A. State was second with 71, Long Beach was third with 84 and Fresno State placed fourth with 80. Sacramento State, which missed the 1954 contest. On Tuesday Sequoia Hall met and ended defeat to the Gaucho Dwellers in a 33-14 tilt. At the time the big game went down, at the 1st yard, it was 5-4-0 and are out to make it 6-4-4. Let's back it!

Sports Head Needed

If Gauchos now have openings in the Sports department for the position of permanent Sports Editor and Assistant Editor, competitions will be held among the various applicants for the positions.

Interested applicants can contact the El Gaucio Editor, Noel McGonigle, in the El Gaucio office Friday afternoon, or anytime on campus.

At the end of the 3rd quarter and 45 seconds later, the Gauchos moved the ball to make the necessary yardage. Terrell Eaton's 20-yard run downfield to the 19-yard line in the first quarter, a fake kick, sent Root downfield with him—and broke the five-year-old VHS record. Morris-Puailoa backfield did a tremendous job, running the ball for yardage, followed by Sut Puailoa cutting through for the TD. Wilson kicked the point—33 to 3.

The only good display by the Hornets occurred in the last quarter. After the ball had been moved around a bit by both teams, Terrell Eaton pointed 33 yards to the Gauchos 34. The Hornets were stinging. However, their attempt to make good Herb Williamson and Chuck Williams, ace Gauchos, failed, as the Gauchos' depth, in the end, proved too much for the Hornets. The Gauchos moved the ball downField back to the 19-yard line in the 4th quarter, in which the Gauchos had only 20 yards to go. The Gauchos were stinging but, after a failed attempt to make good, Herb, the ball was knocked off his hands as the Gauchos gained enough yardage to make the play.

Brunello did some great carrying and running, and the Hornets scored on a 10-yard pass play to the Gauchos 30. With 1 minute and 30 seconds left in the game, the Gauchos kicked a successful field goal from the 33. To 30.

Now that the big weekend is over, it is time to begin to get your wardrobe back in shape. We will take the "Homecoming Blues" out of your clothes.

Intramural Football Results

Men's intramural football is all but over now. It was one of the best seasons to date, with some more-than-excellent playing. The Sig Ep powerhouse—one of the only undefeated powers out there—rumbled mercilessly over the SAEs last Monday in a 51-12 victory, and, last Friday, the Delta Chis blasted the Lambda Chis in a 30-7 contest.

On Tuesday Sequoia Hall met and ended defeat to the Gaucho Dwellers in a 33-14 tilt. At the same time the Sig Eps again went at it, this time edging one that's new V8 in the '57 Chevrolet. It's as quiet as a contented cat and as smooth as cream...and it's cat-quick in response when you call for action.

No household tabby sitting in a sunny window can rival Cherry's new V8 engine. You can scarcely tell when it's idling.

Chevy's new V8 engine. You can feel it, hear it, see it. That's the real thing.
