Many Requests for Local Air Mail Week Cachets Received

Withall preparations completed, for observance of Air Mail Week which starts next Monday and continues through May 21st, the Carpinteria post office has already received many requests for air mail envelopes bearing the Carpinteria cachet.

Owing to a series of unforeseen incidents Carpinteria probably has one of the most unique cachets of any town in country and may possibly have the only cachet in the State of California. A number of photographs of any issued throughout the United States commemorating Air Mail week in which case the local cachets will be highly peculiar to collectors.

When air mail week was announced a small rubber stamp depicting an airplane and bearing the words, "Via Air Mail from Carpinteria, California, World's Safest Beach," was secured and air mail envelopes to be distributed by Post Office, and the numbers on Commerce were imprinted with this stamp in red ink. In the meantime orders from Post Offices began to arrive early this week and it was found that many of them bore highly elaborate designs. It is felt that some of the orders there should be added to the local cachet. Since there was not sufficient time left in which to secure a drawing and a new stamp the cachet design has been changed through its files and found a cut of the Carpinteria beach showing the pier beach and maintains the back ground and the scene was tinted with a touch of light blue ink, so that the cachet shows the beach scene in blue with the original cachet in red imprinted over the blue in such a manner that the airplane appears printed over the blue in such a manner that the airplane appears.

The Churches

Carpiiteria has a number of Churches, whose pastors and members will be glad to wel­come you. The Church of the Brethren, 133 E. Coast Highway, and the Methodist Episcopal Church, 115 E. Coast Highway, are open Tuesday mornings to 5 o'clock and all day Saturdays. The Church of the Brethren has a fine organ, and the Methodist Episcopal Church has a fine pipe organ. The Morning Service is at 10:30 a.m. The afternoon service is at 5 o'clock.

COMMENDABLE ACTION

Although there have been times in the past and probably will be again in the future when we have not exactly agreed with action taken on various mat­ters by the government, we have been wonder­ing just how much longer it would be until someone would endeavor to take action in this respect and we imagine that a number of other people in the com­munity feel the same way, particularly those who are not exactly agreed with action taken on various mat­ters by Congress. We feel that he is to be congratu­lated on his action in investigating the SRA situation. In fact, particularly in view of recent incidents of which we have knowledge, we had been wonder­ing just how much longer it would be until someone would endeavor to take action in this respect and we imagine that a number of other people in the com­munity feel the same way, particularly those who are not exactly agreed with action taken on various mat­ters by Congress. We feel that he is to be congratu­lated on his action in investigating the SRA situation.

MILLIONS FOR DEFENSE

Millions for national defense, but not an extra pen­sion. The American Home has been made to bear the burden of millions of dollars, but the government has not made an extra pension for the American Home. Fast, convenient, efficient, all America today knows the value of air mail service. A symbol of the American way of doing things, it goes on help­ing Americans get things done, quicker, faster—the American way.

WOMEN IN THE NEWS

BY LEONIE BAXTER

Not among women as individuals, nor among women as groups is there any agreement on the question: "Do I, or don't I want to be protected?"

Politically, belligerently and thunderously, it's been asked—and answered the same way.

A prominent Los Angeles judge has remarked that she assigned her salaried judgeship rather than remain a lawyer, hampered by "protective legislation" which resulted in baseless discrimination in valuation of properties—"even by the clients."

But P. T. A. district president from the same area has countered with the warning: "Women need protection rather than independence or economic equality with men. There is no greater profession than home making, but increasingly women are taking to public affairs, leaving the care of the home in the hands of the State. Protection of the home is threatened unless women get back into it."

The gauntlet is returned, however, by former President Herbert Hoover, who calls for women's further entrance into public affairs, with the plea: "As a consenting citizen, I turn to women to do a cleanup job in this republic. Women must take the initiative in politics, for there is a moral recession in full swing now!"

Accepting that injection, some women step right up and offer their qualifications for public office—out of a clear sky and just like that. Others, watching the political ebb and flow, startle the complacent by speaking out in meeting, as when the state P. T. A. president called on the governor last week to "refrain from playing politics with Exposition funds."

Proposed legislation to take women out of the preferred and protected, but economically pridewise, "women and children" class, has brought the matter to full head, with some pulling for protection and others urging independence and equality with men.

If Lloyd's of London were to make a bet on the outcome, they would probably lay 100 to 1 odds based on over two centuries of observation and experience, that women will choose to retain as much of their "independence" as possible—but will not neglect, mean-while, to collect whatever "protection" is available, too. For such as the great majority of business and professional women may desire "equal rights"—numerically there are more shop girls, power machine operators and factory workers, who will continue to demand economic "protection"—and get it.

VACATION SAFETY HINTS IN POSTER

Because school children soon will be released for summer vacation, the monthly school safety poster and lesson suggestion issued to more than 210,000 Southland classrooms by the public safety department of the Automobile Club of Southern California appeal to youngsters to "Practice Safety During Vacation." A list of caution suggestions for activities on highways, at home, at play grounds, in swimming, hiking and boating is offered in the material extended this month to more than a million students enrolled in nearly 2000 schools.

NEW BAND AT EL CORTIJO POPULAR

Large crowds are being attracted nightly to El Cortijo on the Coast Highway in Montecito by the excellent floor shows and the music of Lyle Griffin's swing band.

Although Griffin has been at El Cortijo but a few weeks, he has already acquired a large following of "swing" fans who are enthusiastic over his novel arrangements of the latest hits as well as many old familiar favorites. No small factor in the band's popularity is the fact that the boys are always glad to play any number that patrons may request.

"THANKS FOR MY WIFE" AT LOBERO STARTING MAY 26

Alan Dinehart, who is heading for the Broadway theater and the scene of his first triumphs as the star of "Thanks for My Wife" following a three-day engagement at the Lobero theater beginning Thursday night May 26, never fully exercised in Hollywood the "triple-threat" reputation he achieved in his twenty-five year association with the legitimate stage.

In the theater Dinehart added to his capacity of setting the directoral function, and later bore the burdens of producer. Then he was stricken with the writing urge, and demonstrated his adaptability as the author of a succession of hit plays among which were numbered "Applesauce," "To Love With Ease," "The Patsy," and "The Mostest Man In The World."

Dinehart's accomplishments in the Manhattan theater may have been eclipsed in the last six years by his notable contributions to the success of Hollywood pictures. He ranks with the busiest producers in the business, and on a few occasions did his contract studio spare him from acting assignments to enable him to direct.

"Thanks for My Wife" ended a long search for the star, who avowed his absence from the stage conducted a constant film combing of play market for the right vehicle for his New York homecoming. So impressed was Dinehart with the new play's potentialities that he volunteered to stage the production for the Gotham producing the new play's potentialities that he conducted a constant fine combing of plays for the theater and the industry, but only on a few scores of Hollywood pictures. He

S. B. POLICE SHOW ON MAY 18 WILL FEATURE 13 ACTS

13 acts of top-notch vaudeville and vaudeville will be featured at the Santa Barbara Police Department's benefit show which will be presented twice, at 7:00 p.m. and 9 p.m., at the Fox Arlington Theatre next Wednesday evening, according to T. G. Males, chairman of the ticket sales committee. Police Chief Thornton Edwards of Santa Barbara will act as master of ceremonies and music will be furnished by Frank Greennough's Orchestra.

The show is being put on to raise funds for the convention of Municipal Motorcycle Officers of California which will be held in Santa Barbara from August 25 to 27, inclusive. Among the honored guests at this convention will be Governor Frank E. Merriam and B. Raymond Cato, Chief of the California Highway Patrol.

THE SCIOTS & 144th FIELD ARTILLERY
Sponsors a GRAND OPENING BALL Of the New Santa Barbara Armory

Opening Ball to be held at New Armory May 20
Celebrating the completion of the Santa Barbara Armory which has been in the course of construction for several years, the Santa Barbara Sciots and 144th Field Artillery are sponsoring a grand opening ball, featuring Ray Grayson and his orchestra, on Friday evening May 20th. The completions of this building which has a capacity of 4,000 people gives a long felt need in Santa Barbara for a meeting place large enough to accommodate big gatherings and it is expected that the dance on the 20th will attract a capacity crowd, especially in view of the popularity of the orchestra which has been engaged for this event.

PLAY TO BE PRESENTED AT LOCAL CHURCH

The work of the modern church in an industrial center will be portrayed Sunday evening at 7:30 by the Community Church of Carpinteria through the presentation of the play entitled "The Untried Cross," by Dorothy Wilson, by twelve players from the First Church of Christ, in Santa Barbara.

The play is an impressive drama of the Church in an American Community and attention is focused on the possible social aspects of the work of the church during its infancy and should long be remembered by those who see it.

The cast is as follows: Mrs. E. V. Jackson, T. M. Mitchell, Miss Orin Ambrose, Barbara Lewis, Mrs. A. W. Pigott, Hope Scott, Alyce Jane Moulds, Mary Lynne Drake, Charles Holman, A. L. O'Banion, John Hughes and Charles Hollister.

SO. COUNTIES GAS COMPANY PLANS IMPROVEMENTS

A program of additions and improvements in the gas system in Santa Barbara calls for expenditure of approximately $65,000 during 1938. It was announced today by W. G. Smith, Manager of the Southern Counties Gas Company.

The largest item is $50,500 for three gas storage holders, the purpose of which will be to provide additional emergency service.

In addition, two heavy duty gas pumps will be installed at the gas holder station to replace the present steam driven equipment. These will cost about $12,000, Mr. Smith stated.

The natural gas distribution of Santa Barbara will be further reinforced by installation of new connecting mains and valves. Expenditure for this work is expected to aggregate $25,000.

Southern Counties Gas Company this year is expending in the neighborhood of $1,500,000 for additions and betterments throughout its system, Mr. Smith stated.

The home of Mr. and Mrs. G. A. McCue was the setting for Mother's Day reunion when all their children were at home. They included Mr. and Mrs. Mother McCue and family, and Mr. and Mrs. Oliver and Louis McCue, who were here on a trip from Los Angeles.

Mr. and Mrs. Oliver and Louis McCue, who are living in one of the cottages on the Fifthian estate, were among those at the McCue home who have recently purchased property in Ojai.

Mr. and Mrs. Norval Dice and daughter, Marilyn of Santa Maria, spent the week-end with her parents, Mr. and Mrs. Phil Dustin.

ANOTHER BILL PROPOSED TO EXTINGUISH YNEZ RIVER

That Congressman A. J. Elliott had been successful in having a survey of the Santa Ynez River included in the Flood Control bill which was presented to Congress yesterday, is indicated by the copy of the bill from Elliott received by the Chronicle yesterday afternoon.

"Flood Control bill presented to Congress today includes provision for preliminary examination Santa Ynez River.

Should Congress pass this bill this provision will be of material assistance to the Santa Maria Flood Control District which has been formed several months ago to undertake flood control measures. That there is need for this work was amply proven during the heavy rains of this winter when the Santa Ynez River went on a rampage and did thousands of dollars worth of damage to bridges, highways and private lands.
