

### ADMISSION APPLICATIONS DUE AUGUST 15 FOR NEW STUDENTS

Students attending the Summer Session who plan to apply for entrance to the regular Fall semester must file for admission by August 15, according to the announcement by Dr. L.F. Walton, acting registrar.

The August 15 deadline for admission applications has been set for all students planning to enroll in Santa Barbara College for the first time. This date is also the deadline for credentials for admission.

### LA CUMBRES AGAIN HAVE TROUBLES

"Woe is me" could become a pet phrase around the Graduate Manager's Office these days with the office constantly besieged by La Cumbre demanding students.

Another of the long string of harrying but unavoidable tie-ups occurred recently with a printing accident at the printing house in San Francisco. Things are being straightened out, however, in a mad race to get the books here by Friday.

The Graduate Manager's Office, as perturbed by the delay as students, has kept in contact with the printers by telegraph and telephone in an attempt to get the books here before the closing of Summer School.

If La Cumbres do not arrive on time arrangements can be made in the Graduate Manager's Office for mailing by supplying postage, or picking up copies at a later date.

### FINALS-BOUND GAUCHOS STRANDED AS BUS DRIVERS STRIKE

"Give a Gaucho a lift" became more than a tradition this week, when bus-riding Gauchos found themselves without rides due to a walkout of Santa Barbara Motor Coach Corporation bus drivers.

The transportation company stopped service at midnight Saturday marking the beginning of a full-scale strike of all of the firms drivers, mechanics and repairmen as a result of the breakdown of wage negotiations underway.

No plans have been made as yet to provide any substitute bus service during the strike. Picketing of the bus company began Sunday by the Teamster's Local 186.

The union demands a 10 per cent increase in wages for all classifications, the maximum allowed by Federal wage ceilings. This would boost the wages of drivers, now making \$1.36 an hour under the two-year contract which expires Tuesday, 13.6 cents an hour.

The Santa Barbara Transportation Corp offers a raise of 10 cents per hour which they say is all that is possible under the fare increase granted last Thursday by the City Council.

There is no settlement in sight rendering the plight of Gauchos climbing the hill for finals a serious one. Car drivers are urged to go out of their way, if necessary, to pass bus stops heavily used by students, and to help provide transportation until the crisis is past.

## SECRETARIAT HELPERS NEEDED

Students interested in serving on the Secretariat next fall are requested to contact Pauline Byard, Coordinator of Student Affairs, as soon as possible.

Duties of the Secretariat include: typing, answering the telephone and personal inquiries, and assisting student body officers. A knowledge of typewriting is desirable, but not absolutely necessary, according to Pauline.

## PLEASE DON'T FORGET

Wherever you're going from here, your smokes are going to cost you more than they have been. On Friday, before you leave for parts unknown, drop in at the College Bookstore and stock up on your favorite brand. They're just \$1.58 per carton, including the sales tax.

## MacPHAIL TO BE LINE COACH

Pete MacPhail, former varsity end coach at University of Southern California, will become line coach at Santa Barbara next fall, it was announced by head coach Roy Engle.

MacPhail, who performed with the Trojans in 1941-2-3, was an All-Coast end in his senior year and returned as coach under Jeff Cravath at SB in 1947.

## NO CAFETERIA SERVICE

There will be no cafeteria service of any kind for the period August 12 through September 7, according to the Business Manager. Both snack bars will be closed, as well as the cafeteria during this period.

## FIFTH HOME GAME SET FOR FALL

A fifth home game has been added to the Gauchito 1951 football season, it was announced recently by Dr. Theodore Harder, director of athletics. The game will pit the Gauchos against the Amphib Forces and will be played the night of October 27.

Harder stated that the College had been trying for several months to add a service team to the Gauchito gridiron schedule. The Amphibious Forces is a naval unit located at San Diego.

It was also announced that the season opener will be played at Pomona College on September 29, a day later than previously announced. First home game for the Englemen will be on Friday, October against Occidental.

Other La Playa games are versus Whittier College (Homecoming), Los Angeles State and Pepperdine. Out of town opponents are Pomona, Fresno State, Cal Aggies, Cal Poly and San Diego State.

## ANNOUNCEMENTS

No checks will be cashed in the Graduate Manager's Office except University of California payroll checks.

Students who want grades mailed to them should leave stamped addressed envelopes at the Registrar's Office.

Football tickets will be on sale the third week of August in the Graduate Manager's Office.

Jo Wentworth is desperate. She is leaving town and must sell an upright piano beforehand. Phone 20400 (for piano only).

We on El Gauchito wish to thank you for reading our publication and for patronizing the bookstore.

We hope you have a grand vacation!

WHA' HOPPEN?!

We advertised picture frames last week. We thought they were a good deal. Some yuk fell down on us and we have a couple of them left. If that's the attitude we can expect, maybe the Bookstore gang should have gone fishing this Summer. I hope the guys who didn't get to it will drop in right away. There's only a few days left in the term, you know.

TAFFETA GOWNS FOR FLOWER GIRLS

Girls participating in the UCSBC float in the Fiesta Parade as flower girls will be arrayed in beautiful taffeta gowns, according to Dean of Women Helen Sweet. However, gowns will be self made.

A need for many more girls was expressed by Dean Sweet. She stressed the fact that girls don't have to be glamorous, for its the friendly and gracious type that are wanted.

Costumes will be self made but will be made as a group project. Cost for the garments will be about \$4.00.

Participating girls will have a chance to attend many special functions as well as take part in the parade. The functions will be announced at a later date when final arrangements have been made.

Interested girls should contact Babs Benning, Phone 3552, Diane Evasivick, Phone 21998, or Barbara Lettie, Phone 29610.

BEACHING IS MOST POPULAR SPORT

Gloria Dealey

Without a doubt, beaching is the most popular UCSBC sport. Here it has been developed to a fine art wherein every Gaucho is a shade of black and clothes are bought for contrast, not for covering! Experts on the sport are Liz Clark, Harriett Longfield, Carol Wells and Sally Shedd, who agree that it is not enough to sit and cook. Beaching demands more skill in basketball, swimming, and sand-dodging than in making like a mummy.

Rolly Brice and Carl Aimes, Bob Hunter, and Adrian Adams are enthusiasts who claim that whole sport rests on its stomach because a weakness against coke, hotdogs, flies, fritos, or sand fleas can keep the most avid beacher in the amateur ranks.

Another phase of beaching is "howdying" Many people "howdy" beyond their depth, but they don't realize their perilous position till the time comes to make introductions. Beginners should be careful how they "howdy".

The best part of beaching is the financial return. Yes, this sport is about the most lucrative there is. Unfortunately the cash all goes one way--out! But the Gaucho who is willing to pay for suits (at least three), oils, doctors, surfboards and, when day is done, a sun lamp--ah, this lad is a real beacher, a king and Ethiopian among men--at least till the fog sets in.

A COMPLAINT AT LAST

A couple of weeks ago the Bookstore put its neck out and asked for complaints about the pencil sharpeners that might not be working. We heard nothing from that area but an old, old junior that endorsed one of our best products had this to say following the printing of the endorsement: "I was not depicted as adequately enthused in my endorsement of your fine polaroid sunglasses. They're so good that I've seriously considered buying a pair! These I'm now wearing I would gladly throw away if I had the strength to lift them off." Fine football material, we'd say.
