Blue Key Seeks 'Ugliest Man'
In All-Men Smoker Thursday

"The Ugliest Man in the World" will be selected at the annual Blue Key sponsored All-Men Smoker Thursday evening at 7:30 in the Riviera Theatre.

Ten organizations will submit candidates to compete for the "Ugliest Man" honors. The contest will be presented by Frank Goodall in an impressive ceremony.

Other key features of the stag affair will be a Divided Band, Roos dancers, surprise contests, a play of five hours, the Civil War and a series of interpretative readings to the music of "The War of the Worlds." Free cigarettes will be passed out and/or address. Forms to the Office of the Control Room.

Dr. H. Edward Nettles, director of the English Department, will perform several selections.

Miss Reicher was greeted by a crowd of friends after the play. "Footnotes in Dance" was the best foot forward in the lively, colorful and imaginative presentation offered free to a capacity audience in the Riviera Auditorium.

FOOTNOTES EXPLAINED

In explaining the "footnotes" to various numbers, the dance technique, theories and interpretations of modern dance were featured. Many of the sophisticated steps were hardest to execute by the dancers and novices of modern dance.

Highlight of the concert was many hours of careful preparation and clever originality, which was the weird and startling "Space of modern dance.

The concert will be given Saturday, January 6, from 10-12 in Ridge Hall, and will end the 1949 football season.

Other stand-outs in the uniforms were the following: Reiner, H. E. Jacobs, Joe Grover, Dick Gonzales, Bill Jenkins, Ed Cleary, and Sam Lane.

In recognition of his outstanding contributions to the University, the Kappa Sigma Award was awarded to Dr. H. Edward Nettles, chairman of the Department of Science.

In the Christmas spirit of Freedom," it was announced that a pick-up service to aid in the Christmas tree in the Riviera Auditorium will be set up with funds from the Board of Athletic Control Reserve. This fund would be used to buy the树木 for the tree.

Dr. Edward Nettles will continue with musical selections to the Treble Ensemble. Slides of art work will be shown by Ray Spence, chairman of the English Department, and who was a bulwark in the all-Male Smoker.

The lecture, one in the All-College series, will be given by Dr. William B. Jacobs, instructor in government. The lecture will be held in the first part of January. The lecture will be given at the same time as the annual Student Government elections.

Today at 3 pm, all classes will be excused so that all students may attend the annual Blue Key Christmas Assembly planned for the Riviera Auditorium.

On 'Gauchito' Money Making . . .

One Dorothy Dow, commenting in the "QuizicAL Reporter" column states as a suggestion to El Gauchito, "Less ad space devoted to news. After all, it is a money making project?"

This echoes a misconception which many students have about the paper. The answer is, "Yes, El Gauchito is a money making project in a sense." Revenue derived from advertising pays the cost of printing the paper and approximately $5,000 must be realized from that source each year. So El Gauchito is in this sense a "money making project."

However, to meet the entire cost of publishing the paper, the Associated Students subscribe El Gauchito to the tune of over $3,000 annually.

Entirely students request more information about the finances of El Gauchito and other student projects, additional articles will be written explaining Associated Students finances.

At Last, An ISSUE! At last, the dream of every editor—an Issue—has arisen to clothe the sunny Santa Barbara College skies and to call forth the thunder of the editorial trumpet! Across the peaceful hamlet of Santa Barbara has been flung the epitome "Riviera Royalty" by one Alk Philippovich, editor of the subservient weekly Industrial Arts Bulletin.

Under the cautious banner, "Capitalistic Warmongers on Mesa Campus Change in Voting," Philippovich makes the following statement:

"This so-called 'QuizicAL Reporter' went out all by himself and took a 'fine' sampling of UCSBC students—nine in all I think. Somehow, (pure accident, I'm sure) he missed the Mesa Campus. To this group of students he put the question, Do you agree with the Inter-Fraternity Council's resolution stating that the Homecoming Queen be chosen by a "judges"?"

"Eight of this selected group said that they were in favor of the idea. One poor soul who is now spending his days in the salt mines of outer Mongolia disagreed with the idea.

"Now what is behind all this . . . it is designed to stop the mass of people over on the Mesa from voting alike. Apparently the Riviera Royalty we pick a candidate and then everyone over here votes for her . . ."

Comrade Alix becomes disheartened next, moaning "Anyway, in the future it looks like our Queens will be chosen by judges . . ."

President Frank Goodall has sent a long letter of information and commissination to Comrade Alix, explaining that Student Body officers should be "hit" and told what to do about the situation. This goes for those who want the Homecoming Queen chosen also.

Cautiously consider the many factors involved in the controversy, the loss of bubble gum, the loss of those lovely diving suits, the loss of money, to mention only a few. Presidents have been known to express a preference for blonde or brunette. But also consider that judging a beauty contest would give many tired Santa Barbara businessmen one heckuva lift in spirits and would be just dandy for public relations.

As it looks from here, ladies and gentlemen, it's the Riviera Royalty in purple trunks vs. the Mesa Peasants in dirty dungarees . . . Shake fists and come out fighting.

Face Tough Spartans Friday

Spartans Lack Height for Fracas

The Gauchos will face the San Jose State Spartans at the Armory on Friday night. Coach Willie Wilson, proud of the usual bright basketball coach of the Spartans, has been ranked twelfth in the nation in preseason prognostications, and according to Will­son, they are deserving of the position.

New Independent

San Jose recently turned independent, having been a member of the 2CA Conference up to last year when they were bested out only by Pepperdine for top spot in the conference.

The Spartans lost two members from last year's runoff-up squad, who were on the All-Conference first team but still have lettermen two deep in some slots and a host of outstanding transfer and fresh material to count on for depth.

Probable Starters

Probable starting line for the Gauchos will include Dean Gile, 6'9", and Bobby Crow, 5'10", at forwards; George Clark, 6'7" at center; and Bob Rosenzweig, 6'2" and Chuck Crampton, 6'3", at guards, representing quite a height advantage over the comparatively small Spartans.

Looking over the San Jose roster, Gauchos standout Lloyd Hameen identified the quality of some of the players he knows personally, and pondered, "How could these guys not get into Santa Barbara but do make the grade at San Jose?"

In the prospectus of the Gauchos basketball season, however, San Jose represents but one of the powers that the Old Glories will meet on their ambitious schedule, and any and all games that Gauchos play—win or lose—will display much of the cream of the coast's basketball talent capable of top-caller play and describing student body interest and attend­ance.

SANTA BARBARA COLLEGE SCORCHES FAITHFUL SPARTANS AT ARMORY

SANTA BARBARA (11-5) beat the Spartans (13-4) at the Armory on Friday night, 69-43, playing individualistic, but nonetheless effective ball. However, the former All-Everything, guarded by Bob Sherman and lucky Harvey Hub­ler, showed their class by trim­ming the Varsity lead to 25-25 at halftime.

Midway through the second half, the Old Glories made another bid, putting up the aggregate 34, playing individualistic, but nonetheless effective ball. How­ever, the collegians rose to the task and demolished it throughout the rest of the hard contest which saw Alums Hubler and Sherman shut down the bag along with Jack Moore of the Varsity.

In Action

Others scoring action for the Var­sity were Lloyd Harris, Ken Ken­son, Allan Jacobs, Don Braithwaite, Louis Hirt, Lionel Purrell and Adran Adams.

BOW TO AAU SQUAD: As a preview to the Alumni game, the Gauchos opened their home basketball season on Friday night, meeting a favored Fibber McGee and Molly AAU squad and going down to an honorable de­feat 49-43, after carrying the bat­ton for two deep in some slots and a host of outstanding transfer and fresh material to count on for depth.

Probable Starters

Probable starting line for the Gauchos will include Dean Gile, 6'9", and Bobby Crow, 5'10", at forwards; George Clark, 6'7" at center; and Bob Rosenzweig, 6'2" and Chuck Crampton, 6'3", at guards, representing quite a height advantage over the comparatively small Spartans.
