Outdoor Xmas Decorations
To Be Judged Tonight

Although the contest sponsored by the Carpinteria Chamber of Commerce, whose purpose is the best lighted outdoor Christmas decorations, has been hampered because of the rain, a majority of the entries have been arranged and others are being completed today. The C. E. Neumann house, Ruth Berndt resi- dence, Myron Robertson home, W. H. James home and several others are among those already compet-
ed.

One of the largest evergreen trees in the yard of the Methodist church was lighted for the first time Wednesday night in memory of Gideon Franklin and his sister, Mrs. Cyril, who assisted in planting the trees many years ago. The judging committee on the outdoor decorations will make its tour of inspection this evening and those wishing to enter the con- test should notify the Chamber of Commerce and should have their displays lighted between the hours of 5:00 p.m. and 9:30 p.m. Persons having outdoor decorations are asked to keep them lighted during the weeks between Christmas and New Year.

The trophy to be awarded for the winner of the contest is a handsome silver loving cup, lined with gold, with handles on each side, which stands over a foot in height. It is also understood that the Community Christmas Committee of the Junior and Planting Branch Community Arts Asso- ciation has announced that a special award will be given to the best decorations visible from the high way in Carpinteria and Goleta.

Traffic Accidents Claim Two Lives During Week

The heavy storm of the past week was a contribut ing factor in two fatal accidents which ended the lives of James Miller, 76 year old former Justice of the Peace of Carpinteria and C. K. Wessa, 39, Santa Barbara police officer.

Hit By Car

Miller was killed Sunday evening about 7:45 p.m. when he was struck and dragged by Jack Hoffman of Carpinteria near the home of C. A. Talmage on 5th Street just a few yards from his own home. Miller was apparently enroute to his home and walking in the road when Hoffman's car rounded the corner from Linden Avenue and struck him from the rear with such force that he was thrown up on the hood of the car and carried a short distance before his body rolled to the roadside. Young Hoffman stated that he was unaware that he had hit any one, believing the crash was occa- sioned by the line of a tree pro- truding into the road.

Following an investigation by Highway Patrol officers, the accident was held unavoidable and no charges were placed against Hoffman other than operating a car without a windshield wiper, which officers believed contributed to the accident since Hoffman did not have clear vision through the windshield which was found to be scratched by mud and dirt immediately after the accident.

Skids Into Car

Patinson Corbin K. Wessa of the Santa Barbara police depart- ment was killed instantly at 12:00 noon Sunday when his 1932 Buick hit the east side of a road a few yards south of Carpinteria when his motorcycle skidded into oncoming traffic. Wessa was enroute to a social engagement in the scene of the big landslide on the Elsinore which had occurred the night be- fore, when he hit a portion of the road which was covered with mud and skidded into the side of a car traveling towards Santa Barbara which was driven by J. A. Kahn of 706 State Street, Santa Barbara.

Kahn told officers that he at- tempted to avoid the crash when he saw Wessa's motorcycle (Continued on page 8)
The Churches

Carpentaria has a number of Christian denominations and members will be glad to welcome you to their services.

The CARPENTERIA CHURCH
Rev. Isaac F. Balthaser, Pastor.
Hearts are strangely warmed at Christmas. We have many who may have the “yakaboo of history.” Just the cradle brought forth one who was to be the light of the world. The cradle destiny of happiest, that “Wond­er Child” came to the world in a white Cattaraugus, as arranged by Richard Keating—and presented by the combined Parks and State Churches of the church at the ele­vated Carpentaria Baptist Church. The “Cradle and the Cross” is the theme of the Pastoral Message of the morning.

Mrs. Ruth Dorothy Gray Wal­ker will sing “Ave Maria” by Schubert. The Kings of Kings, who are steadily winning all men of good will, will sing “O come, O come, Emmanuel.” Is this a coming time for you? “The Wondershow Story.” A Christmas Carol with familiar songs.

1. The Sheperds—Pastoral Movement.
2. The Angel Choirs—Heralding the Birth.
3. The Three Wise Men—Fol­lowing the Star.
4. Into the Town of Bethlehem—A Street Choral.
5. The Manger Marks The Awakening of the Child Jesus.

METHODIST CHURCH
Rev. C. F. Moore, minister.
Rev. C. F. Moore, pastor.
6:30 Young People’s service
7:00 Evening message by pas­tor.

If you are not attending elsewhere, we invite you to worship with us and make this your home church.

Time itself, and that of the ef­fort made, is made out of. Here­after another church will have a service like this year, not another day to pass from the rush of the business world. It is not too late to make a reason­able change if the spirit moves you. A New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day.

If you are coming, you may get a piano and would move on in the world to­wards a higher and a better level of mind, you make a gain going to church, for the soul will be refreshed by the weary one after six days of toil in the game of life.

You will find a welcome here.

CHRISTIAN SCIENCE SOCIETY
Christian Science Society, Car­pentaria. The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 a.m. and 3:30 p.m. and Wednesday evening at 8 o’clock. Mid-week meetings every Wednesday evening at 8 o’clock.

A reading room is maintained in the church. Debits for 50c. No Sunday afternoon (except holidays) from 3 p.m. to 4:30 o’clock.

A New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day, a New Year’s Day.

Christmas Eve is a special day for the Christian Scientist. All are welcome. It is a day when we meet together to pray and weep, to sing and talk, to reflect on the meaning of the Christmas Story and to learn from the Church’s record of the year. It is a day when we reflect on the value of the Christian Science Mind, the power of the Christian Science Mind, the power of the Christian Science Mind.

To those who hear these words, to people of good will, to those who love, to those who need friendship, their meaning rings true as the bells which announce the day of the nativity. If only for a brief moment, thoughts turn again toward a blaz­ing star, to the heavenly watchers on Je­sus’ hill, and toward the humble shelter in Bethle­hem, where the Peacemaker was born.

In the warm fires of good will kindled each year at this season, in the peace which encompasses our great land, each of us can find reason and heart-felt truth for wishing to all and everyone “A Very Merry Christmas!”

The Chronicle Staff Wishes All a Merry Christmas
CONSERVATION
MEETING HELD IN SANTA BARBARA

A meeting of county delegates held in the Post Office building Thursday afternoon, December 15, brought to a close a series of meetings at which the 1939 Agricultural Conservation programs were explained and new committees were elected.

A community meeting was held in each of the four districts in Santa Barbara county, and at each of these meetings a delegate to the County convention, an alternate Delegate, and members of a committee were elected to represent that community.

At the meeting in the Post Office building Thursday afternoon, Mr. A. B. Hawning, a sugar beet farmer and Delegate from Goleta district, met and selected the County Committee which will take office on January 1. Mr. Earl T. Jensen, Delegate from Santa Ynez Valley, was not present at the meeting.

Elected to the County Committee were L. C. Donati of Santa Maria as chairman, Chester Rich of Goleta as vice-chairman, A. B. Hawning as regular member, Earl T. Jensen as first alternate and F. W. Grisingher as second alternate. 1939 will mark the fourth year that L. C. Donati and A. B. Hawning have been members of the County committee for Santa Barbara.

This committee is charged with seeing that the Agricultural Conservation programs in Santa Barbara County are properly administered and is the administrative unit of the association. Members of the Committee represent practically every phase of agriculture in this county. At the committee meetings held the following were elected by farmers within the community:

Goleta: Chester Rich, delegate; W. N. Hollister, alternate delegate; Frank G. Doty, chairman
Santa Maria: Earl T. Jensen, delegate; Harry Borton, vice-chairman; Roy H. Nick and, regular member; Robert H. Hollister, first alternate; F. W. Grisingher as second alternate. 1939 will mark the fourth year that L. C. Donati and A. B. Hawning have been members of the County committee for Santa Barbara.

PERSONALS
Mills Becky Mae Mead returned Thursday to the home of parents in Los Angeles for Christmas, after spending the past three weeks in the valley with her grandparents, Mr. and Mrs. W. H. James and her uncle and aunt, Mr. and Mrs. Harry L. James and cousin Marlin.

Little Miss Nancy Travis who has been visiting at her home of parents in Los Angeles for Christmas, after spending the past three weeks in the valley with her grandparents, Mr. and Mrs. Charles Ide; L. E. Burns, first alternate; C. W. Johnson, second alternate.

Mr. and Mrs. Lowell F. Shanklin, regular member; C. W. Johnson, first alternate; R. H. Johnson, second alternate.

Mr. and Mrs. J. H. Thompson, regular member; E. A. Burch, first alternate; R. A. Burch, second alternate.

Santa Ynez: Earl T. Jensen, delegate; Anker Bredal, chairman; J. Buell, second alternate.

Santa Maria: F. W. Grisingher, delegate; L. C. Donati, first alternate; Harold C. Grisingher, second alternate.

Lompoc: A. E. Southworth, regular member; E. G. Southworth, second alternate.

Santa Ynez: Earl T. Jensen, delegate; Harold J. Buell, alternate delegate; Anker Bredal, chairman; Peter Pettersen, vice-chairman; J. R. Johnson, regular member; Earl T. Jensen, first alternate; Harold J. Buell, second alternate.

“Streets of the World” will be a $25,000 confection at the Golden Gate International Fair.
Following a honeymoon at Portsmouth, the young couple will make their home in Santa Barbara where the groom is employed as a new surgeon. The bride is a graduate of the Taft Union High School and Junior College and of the Chicago College of Beauty in Bakersfield. She has been employed as a secretary of the Lincoln School in Taft.

ENGAGEMENT OF MILDRED WATERMAN ANNOUNCED

The engagement of Mrs. Mildred Gordon Waterman to Melville T. Curtis is being announced by her parents, Mr. and Mrs. P. F. Gordon, of Carpinteria. Mr. Curtis is the son of Mr. and Mrs. Charles Curtis of Carpinteria and is employed at the Bank of America in Santa Barbara. No definite date for the wedding has been announced but it will take place in the early summer.

HOUSEWARMING GIVEN FOR MRS. WILBUR HUMPHREY

Members of the Christmas choir of the Community church gave a house warming Tuesday evening for their accomplishments. Mrs. William W. Humphrey and family at their home in Valley Oaks, following practice at church. A table hamp was presented Mrs. Humphreys in appreciation of her work with the choir. Refreshments were served and carols sung by firelight.

The party was in Rev. and Mrs. Denz P. Babbitt, Jr., and Mrs. Thornton M. Shekryer, Mr. and Mrs. E. H. Holtzman, Mr. and Mrs. J. C. Parry, and Mr. and Mrs. W. Guy Stockton, Mrs. Charles Curtis, Mrs. William Bolton, Miss Margaret Lewis, Miss Jean Ballard, Miss Doris and Pati Demaze, Margaret Russell, Nelle Cook, Melodie Southworth, Edith Van Meter, Delaine and Patty Orfik, Mary Sherkyler, and S. C. Snow.

SURPRISE PARTY GIVEN FOR MRS. H. L. BECKSTEAD

Mrs. H. L. Beckstead was guest of honor at a surprise party given by her daughter, Mrs. Leonard Kiker, Monday evening, celebrating her birthday. The guests included a number of men and women who are her neighbors in a Westchester suburb, in addition to the family and friends of Santa Barbara this year.

The ceremony was followed by a reception and buffet supper during which music was played by Mrs. C. H. L. Nidever and his daughter, Elise. Dancing was enjoyed in the pleasant late June evening.

BOLLY MACE GILL BRIDE OF ELMER DOW TAYLOR

In a simple ceremony performed by Rev. J. W. Woodson in the parochial of the Methodist church Tuesday afternoon at three-thirty, Dolly Mace Gill of Taft, California, became the bride of Elmer Dow Taylor of Santa Barbara.

The bride was attired in an attractive rust colored suit and the couple were unattended.

MAY LEOTA DEWITT BURIED HONORABLE M. F. L. WING

The home of Mr. and Mrs. Mark Lloyd, La. Linda de Serra, on Foothill Road, was the setting for the marriage of their son, Marvin F. Wing, to Mrs. Mark Leota Wing, daughter of Mrs. A. P. Morris of Pawhuska, Oklahoma, Saturday, at 8:16 o'clock p.m. The ceremony was performed by Rev. J. W. Lloyd as the couple and the attendants stood beneath an arch of white chrysanthemums and ferns. Preceding the ceremony, Miss Joan Wood sang, “I Love You Truly” and Lehmann’s Wedding March was played by Miss Doris Demaree.

The bride were in the Queen Elizabeth style and train of white roses and a short wedding veil and carried a shower bouquet of lillies of the valley and white sweet peas. She was attended by her sister, Mrs. Emma McKee of Pawhuska, as matron of honor and Mrs. Minnie Wright of Ventura as bridesmaid. Miss McKee was attired in a pink taffeta gown and carried a bouquet of pink roses and white sweet peas, while Mrs. Wright wore a pink taffeta gown and carried a bouquet of pink roses and white sweet peas. The groom was in a peacock blue taffeta tuxedo and earned a bouquet of red roses and blue sweetpeas. The guest were in black velvet. Vern Ray of Santa Barbara acted as best man and William Roulston of Los Angeles served as usher.

The couple will make their home in Santa Barbara for a number of years and in a graduate of the University of California. The groom is a member of one of the oldest families of the County, being a grandson of the late J. M. and Martha J. Nidever and a relative of Captain George Nidever. The Nidever family celebrated the 19th anniversary of their family home in Santa Barbara this year.

The ceremony was followed by a reception and buffet supper during which music was played by Mrs. C. H. L. Nidever and his daughter, Elise. Dancing was enjoyed in the pleasant late June evening.

THE CARPINTERIA CHRONICLE
PAGE FIVE

Your Hollywood Correspondent Reports . . .

The Christmas rush is on in Hollywood 400, and all the stars are trying to sandwich in those last minute purchases and wrapping duties as even as you and I. Claudette Colbert’s been so busy working in “Midnight” that she’s having her secretary bring things on approval and then doing her selecting from the set. John Barrymore solved his problem of gifts for his wife by arranging a new car to be delivered to her in New York, where they will be Christmas eve. Ray Milland left for Europe with an entire trunk full of gifts for his family there. Joel McCrea is having jewelry made for his wife, Frances Dee, and Barbara Stanwyck, who appears opposite Joel in Cecil B. De Mille’s “Union Pacific,” is giving her young son a pony and an Irish setter dog. Christmas cards are practically all ready for mailing. Gail Patrick wrote over 400 personal notes. Madeleine Carroll addressed 700 cards herself, between scene of her current picture, “Cafe Society.” Fred MacMurray offered to help her, but spilled a bottle of ink all over her desk, so “Cafe Society.” Fred MacMurray

The one thing that received almost as much comment from the large crowd that attended the performance of Argentinian and her Spanish ensemble at the Fox Arlington Theatre as the excellence of the performance itself, was the vastly improved acoustical properties of the theatre. Although only a little more than half of the $90,000 acoustical treatment of the Arlington is now complete, the acoustical properties of the Arlington are already so much improved that the audience received near perfect reception of the program in every section of the house. Manager Edward Penn of the Arlington reports that he was very elated that such an intimate show as Argentinian could be heard without any amplification and that he is assured that upon completion of the acoustical work the Arlington will offer ideal facilities for the enjoyment of this season’s long list of stage attractions as well as the new season’s motion picture production. Penn also reports that he has obtained assurance from several of the big Hollywood picture studios that they will bring to the Arlington the Major Studio previews of many of their greatest productions. The Fox Theatres is being completely renovated, seats, painting, redecoration and general repairs for your comfort and enjoyment. The management is sparing no expense to make the Fox Arlington Theatre truly “The Place To Go.”

Hugh Herbert and ZaSu Pitts have been signed as a comedy team to support George Raft in “The Lady’s From Kentucky,” story of the race track, Paramount.

HIGHER GRADE AVERAGE IS SHOWN BY MEN AT U. C.

LO ANGELES—All-sorority grade point averages—1.42; all-fraternity grade point average—1.32.

These are the latest figures released on the subject of male and female intelligence, and show that the 27 fraternities on the Los Angeles campus of the University of California can claim the honors over the 25 sororities.

The highest individual score, a 3.66, was credited to Thana Upson, a sophomore, however, these figures reverse the situation noted in the previous statistics: when the sororities were in the top spot.

An explanation of the figures shows that a C average would be 1 grade point; a B average would be 2, and an A average would be 4.

DE MILLE AND BISON

Cecil B. De Mille has had all the railway cars used in “Union Pacific,” equipped with signs reading, “Please Don’t Shoot Buffalo From the Train.” The message has been found that shooting the bison from open windows was a favorite pastime of the first transcontinental railroad travelers, though the road itself favored it because it angered the Indians.

Arthur Lake and Penny Singleton as they will appear on the screen at the California Theatre starting next Tuesday in “Bouffe.” Their great adventure film “Dark Rapture” is a tale of the Belgians Congoe completes the program.

Many concessions have finished their buildings on Treasure Island and are awaiting the opening of the California World’s Fair next February 18.

Santa Anita Race Track
Ready for Opening Dec. 31

The racing enthusiasts who will be attracted to Santa Anita a week from Saturday, December 31, for the opening of the season are promised many new and interesting features.

Aside from the extension improvement and general beautification of the entire park, there will be introduced an unobstructed view of the finish line from the stands and terraces of the stands and terraces.

The top story of the old judge's stand has been taken off and the glass-enclosed lower floor will serve to weigh out the jockeys and bring these ceremonies more prominently to the attention of the spectators and will open a view of the stretch run and finishes of the horses. The placing judges will be stationed at their old post in front of the stand.

The board of stewards have been increased this season to five members—C. C. Pickard, president, with James F. Gallagher, W. A. Quigley, J. C. McGill and J. Kingsley Macomber, representing the California Horse Racing Board, as associate—and will officiate from elephant watches placed on the inside rail on each turn and a fifth between the home stretch and the far turn. It will give the officials closer inspection of the races.

Another added feature for the spectators will be change-of-jockey and change-of-horse signs, all sited on the tote-board across the track.

The gates of Santa Anita Park are going to be opened at 1 p.m. on opening day in order to give spectators an opportunity to inspect all the changes before the closing dates for filing work sheets announced.

Closing dates for filing work sheets with the County Agricultural Conservation Association for inclusion under the 1938 Agricultural Conservation Program have been established as January 15, 1939, which means that all farms which have not been included under the provisions for the selection of the sites for the 1938 Agricultural Conservation Program should be re-opened by work sheets prior to January 15. It is not necessary that farms included under the past conservation programs be re-entered under the 1938 program. The fact that all work sheets covering farms under the 1938 Agricultural Conservation Program are automatically continued for the 1939 program. The Agricultural Adjustment Act provides that payment will be made only upon application submitted through the County Agricultural Conservation Office and the Secretary of Agriculture re-opened the right.

(1) To withhold payment from any person who fails to fill any form or furnish any information required with respect to any farm which such person is operating or renting to another person for the share of the crops grown thereon, or

(2) To refuse to accept any application first rate start at 1 p.m. The races are starting a half hour earlier on a week from Saturday as on Monday and thereafter post time will be 1:00 p.m.

WARRIORS DEFEAT VILLANOVA

The Carpenters' Warriors A and B basketball squads defeated Villanova on the local court last Fri.

BAY REGION GETS NEW $750,000 CRAB LABORATORY

BERKELEY—Selection of a site in the San Francisco Bay region as the location for a $750,000 crab processing laboratory for the eleven western states is announced by the United States Department of Agriculture. It is believed the site selected was one made available by the University of California in the city of Albany, immediately north of Berkeley.

The site was picked by the department after a number of surveys of available locations had been made in the eleven western states. The University, cooperating with various communities on the east side of San Francisco Bay negotiated for the selection of the site in this region. Other points seeking the laboratory were Seattle, Portland, and Los Angeles.

According to Dean C. B. Pitchot of the University's College of Agriculture, the laboratory will bring approximately 200 scientists and technicians to the bay region and the upkeep will approximate $1,000,000 a year. The continual interest of the University will be based on its search for fundamental research material upon which to base information for payment if such application for information required is not submitted to the County Office within the time fixed.

The laboratory will center its activities.

The laboratory will continue its work. It is not necessary that actual building operations start with completion of the site during the next few months, as the plans and specifications for the laboratory are already available in Washington.

Mr. and Mrs. Robert Brown and two sons of Fall River, Kansas, are visiting their aunts, the Misses Honer and Julia Fish.

HOME-BUILDING NHA LOANS DO NOT END IN JULY

Ninety per cent home-building loans under the National Housing Act positively do not expire by limitation on July 1, 1939, and no action of Congress is required in order to continue this popular type of loan, declared D. Sauvenberg, manager of the Carpenters' branch of the Security-Fire National Bank yesterday, said the banker: “The widely used 90% loan for the construction of new homes is affected by the July 1 limitation only as to the mortgage insurance rate, and the term of loan. Unless Congress acts, the insurance rate will go to 15% amends.

(Continued on page 7)
STATE SPEEDS '39 FARM EXHIBIT

Picture above is the first view of a remarkable diorama now being constructed by the Exhibits Division of the California State Department of Agriculture in the Hall of Agriculture at the Golden Gate International Exposition on Treasure Island. Among the first of the major exhibits to be actually under way on the site, the remarkable display now being built is well on the way to completion. Exhibits techniques are shown putting finishing touches on a Mission doubt. Two dioramas—each 100 feet in length—will graphically depict the entire cycle of agriculture from the days of the padres to present day California: also, interesting and instructive phases of the merchandising and inspection work of the Department. The California State Commission reports encouraging progress on this and other State and County group exhibits.

 Behind the Scenes

Continued from page 2

INVITATION TO A PARTY—When a group of tax-conscious colleages on December 14, 1773, there was only one Boston. Now, on the 160th anniversary of the event, there are thirteen additional cities named Boston in the nation. This bit of information came to light last week when it was disclosed that all fourteen "Hubs" are joining in commemoration of that event, led by the Massachusetts units of the National Consumers Tax Commission, who will stage their program on the historic wharf where the first "party" took place. Mrs. John H. Kinbdl, Massachusetts member of the national committee, declared last week: "Nearly two-thirds of the nation's $13,000,000,-

PERSONALS

Miss Elizabeth Furby has returned from a Santa Barbara vacation to Chicago, leaving her husband Tuesday from a Santa Barbara trip, George Horace, arrived with friends in Chicago, leaving Thursday when it was disclosed that all fourteen "Hubs" are joining in commemoration of that event, led by the Massachusetts units of the National Consumers Tax Commission, who will stage their program on the historic wharf where the first "party" took place. Mrs. John H. Kinbdl, Massachusetts member of the national committee, declared last week: "Nearly two-thirds of the nation's $13,000,000,-

Miss Barbara Host is spending her vacation from Pomona college with friends in Chicago, leaving Thursday evening. Mr. and Mrs. Percy Host and son Richard, and Mr. and Mrs. Richard Kistler drove to Los Angeles for her departure.

Mrs. Horace Coshaw and his son, George Jones, arrived from Los Angeles for her departure.

housa, as does the 20 year term. No change is indicated in the down payment, which continues at 10% of the value of the house and lot.

Title I loans for modernization, repair, etc., are due to expire on July 1, however, and Title II loans for refinancing will be practically discontinued, unless Congress extends provisions of the Act, the banker said.

WHERE it is LEGAL TO PARK your CAR

Everyone knows that a car should not be parked beside a fire plug—yet many citizens are affected for this violation. Do you know all the rules regarding park­ing?

While parking regulations vary in different cities, there are certain circumstances under which parking is prohibited by state law. The Automobile Club of Southern California summarizes them as follows:

Within an intersection; on a crosswalk, between safety zone and adjacent curb or along such curb where indicated by local signs or red paint; within 15 feet of a fire hydrant; within 15 feet of a fire hydrant or other distance as marked except when the car is attended by a licensed operator or chauff­eur; in front of a public or private driveway; on a sidewalk; alongside or opposite any street highway excavation or obstruction when stopping or parking would block traffic; on roadway side of any vehicle stopped, parked or standing at the curb or edge of the street highway; curb bus passenger loading zone; in a tube or tunnel.

HNA LOANS NOT ENDED

(Continued from page 6)

Mr. and Mrs. Neal Furby, who are natives of the University of California, are visiting their par­ents, Mr. and Mrs. John C. Furby and Mr. and Mrs. George R. Bliss.

Miss Barbara Host is spending her vacation from Pomona college with friends in Chicago, leaving Thursday evening. Mr. and Mrs. Percy Host and son Richard, and Mr. and Mrs. Richard Kistler drove to Los Angeles for her departure.

Mrs. Horace Coshaw and his son, George Jones, arrived from Los Angeles for her departure.

A cordial invitation has been issued to residents of the county to attend this free admission program to either gather at the Recreation Center and view the program at 7:30 P.M. and again at 8:30 P.M.

**MOODEN WOODMEN TO HOLD HOLIDAY PARTY**

The Carpinteria Modern Woodsmen of America will give a combination Christmas and New Year’s party next Friday evening, Dec. 29th, in the Masonic temple for members of the Woodsmen of America. The program will be held to raise the standard of living. The point of view is that of society as a whole, the questions of welfare re- leave in society in general.

**THE ECONOMICS OF LABOR**

**By WALTER E. SPARK**

Professor of Economics, New York University

The study of labor and the economics of agriculture are supported to be segments of economics (in general) and to confront the same scientific stand- ard and problems that exist in the study of any of the social sciences. General common- place that the study of labor and agriculture are, as a matter of course, science. But this is not true. In the first place, the study of labor and agriculture is not a science, in the true and accepted sense of the word. In the second place, it is not a science, in the accepted sense of the word, as a science.

The consequences of this unfor- tunate situation are that both the study of labor and the study of agriculture are mismanaged, not only by those who study them, but also by the public. The study of labor and agriculture is not a science, in the accepted sense of the word, as a science. 

The study of labor and agriculture is not a science, in the accepted sense of the word, as a science.
