CAREER OPPORTUNITY IN FINANCIAL SALES

We need to fill several financial sales positions over the next few months. If you have excellent communication skills and an outgoing personality, then we would like to speak with you. We offer a base salary of \$35,000 plus commissions.

We are a Santa Ana-based, publicly traded, high technology equipment leasing company with nearly \$500 million of assets and \$120 million of shareholders' equity. Our competitive edge comes from our centralized, state-of-the-art telemarketing operation. It allows us to lower our overhead expenses, expedite lease fundings, and give our corporate customers direct access to management. Our average transaction is \$300,000, but we have the capability to complete financings well in excess of \$10 million.

If you are ready to embark upon an exciting career in financial sales, then please fax your resume to (714) 436-6610. To learn more about us, please visit our website: (www.Amplicon.com).

To get the advantage, check the day's rating. 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19) - Today is a 7 - You're lucky, forceful and dynamic. Things won't go exactly as you expect, but that's OK. Leave room for surprises. Action you take now will have positive results. Late tonight, you'll use skills you acquired the hard way. Listen to an older woman. Her advice is right on target.

Taurus (April 20-May 20) - Today is a 7 - You're under a bit of pressure. You like things to be peaceful, calm and quiet, but that's not likely to happen today. You may feel like you're in the middle of a combat zone. Don't let it get you down or make you nervous. Just do what needs to be done.

Gemini (May 21-June 21) - Today is a 7 - This is a great day for a party. You and your friends are in a festive mood. If you've got nice things you don't want damaged, cut your guest list down to just a few of your very dearest friends. Even better, have a party just for the two of you. That could get very interesting.

Cancer (June 22-July 22) - Today is a 7 - Don't let the turkeys get you down. The cranberry sauce doesn't have to be traumatic, either. It looks like you're going into the mid-holiday dithers. Disregard a demanding older person's reckless whims. Just do it the way you always do and everybody will be happy.

Leo (July 23-Aug. 22) - Today is an 8 - You can learn something from another person's experience today, without having to go through the whole thing yourself. This could show up as more money in your pocket. A partner's innovative idea could bring in more money as well. Solicit suggestions from friends and co-workers; you'll get some valuable ones.

Virgo (Aug. 23-Sept. 22) - Today is a 7 - The spotlight is on you again. It looks like people want to give you money. They're giving you more work, too. You don't seem to be overjoyed by the prospect. That's probably due to your insistence on perfection. Don't worry. You'll be able to pull it off again. That's your area of expertise. You're good at it.

Libra (Sept. 23-Oct. 23) - Today is a 7 - You've been coming up against your old barriers, and plowing right through them. Well, some you've had to go around, and some you may have had to climb over. Some you might just leave there, as historical monuments. The point is, you don't have to drag them wherever you go.

Scorpio (Oct. 24-Nov. 21) - Today is a 6 - Be careful of your temper today, especially if a co-worker is behaving in a rude manner. Your anxiety level is just a little higher than usual, that's all. Don't let somebody else's emergency cause you to make a mistake you'll regret later.

Sagittarius (Nov. 22-Dec. 21) - Today is a 7 - You're expected to do a job perfectly for somebody else today. A very critical person is watching to see if you make any mistakes. You're more in a partying frame of mind. Take that enthusiasm, plus your own good sense, and push toward the goal.

Capricorn (Dec. 22-Jan. 19) - Today is an 8 - You could have the chance to travel. This is a little upsetting, since there's so much to be done at home. That's OK. The stuff at home will get done whether you're there or not. Go ahead and take a risk, just for the fun of it.

Aquarius (Jan. 20-Feb. 18) - Today is a 9 - You're not a person who worries much about money; that's how you manage to spend so much with so little to show for it. Today, however, you can turn that around. You'll have the opportunity to make an excellent deal. You'll need to be at the right place at the right time, but you can make that happen. Go for it.

Pisces (Feb. 19-March 20) - Today is a 7 - This is a good day to ask for a raise. You might even get one without asking. If you've been keeping up with demands, you've made it obvious that you're valuable. Let people know you're a team player, and you're there to help. Do what you love and the money will follow.

Today's Birthday (Dec. 8). Fall in love all over again this year, with an old friend. Talk about money and get some from a woman and a man, separately, in January. Find the puzzle piece you were seeking in February. Take a bold stand in romance in April. If you've learned from the past, this one will work. Heed a challenging tutor's advice in June. Skills you gained this summer lead to success in September. Your new/old romantic relationship helps, too.
