Gauchos, Sagehens Open '40 Season Tonight

Emil Ludwig Opens Campus Lecture Series

Noted Biographer's Appearance Marks Progressive Move

Santa Barbara State college's administration gives notice once more of a progressive move with the announcement that Emil Ludwig, world-famous biographer and playwright, will lecture once each week on the State college campus.

To date the exact times of Ludwig's lectures have not been decided upon but will be scheduled by a committee appointed by President Clarence L. Phelps. Assurance is given by President Phelps, however, that the series will begin either next week or the week following.

STUDENTS ATTEND

Ludwig's first lecture will be open to the entire student body but it is thought best that his following appearances be directed especially at such audiences as afforded by English, psychology or history classes or groups to whom his subjects are most pertinent at the time of the lecture.

Each of the lectures will be held in the State college auditorium and admission will be by special tickets which will be obtainable with no charge. According to President Phelps, this plan will limit the audience to those persons especially interested in the lectures and, at the same time, will avoid the confusion accompanying an overflow attendance.

It will be possible for townspeople to attend the lectures on the campus and they will be admitted in the same fashion as students.

MONTECITO HOME

Ludwig, whose first literary work, "Frieden", a three-act verse-drama, was published in 1897, is at present making his home in Montecito.

Included in the biographies written by the noted historian are those of Napoleon, Bismarck, Rembrandt, Mussolini, Abraham Lincoln, Hindenburg, and the incumbent President of the United States, Franklin D. Roosevelt.

He has also written studies of the dictators of Europe and several of the foremost personalities of the Continent.

Tri-Y Plans Welcome Tea

Plans for a welcome tea to be given in honor of all new women students will be discussed at a meeting of the college Tri-Y Tuesday night at 7:30 in the Methodist church club room.

The tea, to which all college women interested in joining Tri-Y are invited, will be given Saturday, September 28, from 3 to 5 p. m. in the A.W.S. clubroom.

Officers of the Tri-Y are Helen Haulman, president; Marian Bates, vice-president; Phyllis McKibbin, secretary; Katherine Malloy, treasurer; Jean Tesseyman, publicity chairman; Evangeline Haulman, musician and Rosalie Menghetti and Florence Slater, co-service chairmen.

Sponsors of the organization are Miss Nora Belle Heflin and Miss Loretta Byers.

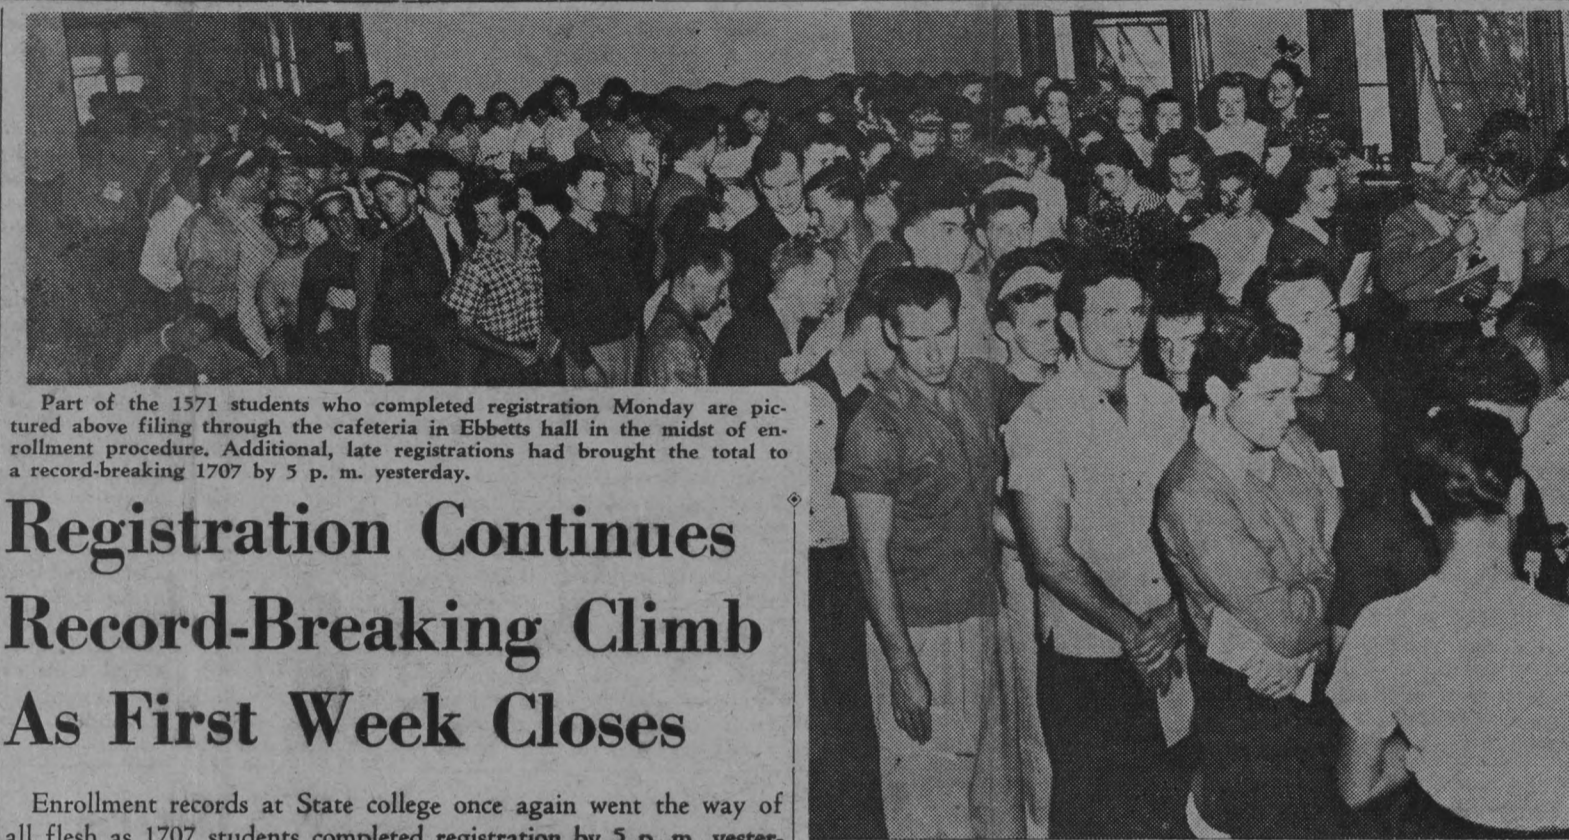

Chairmen

Richards Calls For Applicants

Applications for the positions of rally committee chairman and finance chairman must be submitted immediately, according to Jack Richards, associated students president.

Action will be taken on the appointments at the first meeting of the executive council next Thursday night in room 82, Pine hall.

Applicants are asked to place notices either in the student body president's box in the administration building or in box "R" in the quad.

Part of the 1571 students who completed registration Monday are pictured above filing through the cafeteria in Ebbetts hall in the midst of enrollment procedure. Additional, late registrations had brought the total to a record-breaking 1707 by 5 p. m. yesterday.

Registration Continues Record-Breaking Climb As First Week Closes

Enrollment records at State college once again went the way of all flesh as 1707 students completed registration by 5 p. m. yesterday, eclipsing the 1939 mark of 1666.

700 Gauchos Stage Pomona Game Rallies

Fortified by 400 pounds of delicious steaks prepared by the expert hands of big "Doc" Larsen, an estimated crowd of nearly 700 Gauchos opened the "biggest year in the history of Santa Barbara State college" with a display of enthusiasm unparalleled in Green and White annals.

Music for the barbecue was provided by Paul Cornell and his strolling Gaucho serenaders and recreation for the evening was handled by "Frenchy" Leigerot.

The dinner was closed by several yells and songs led by State college yell leaders, Bill and Dick Vanderhoof and Lew Bedell.

With three State Police officers as escorts, a caravan was then formed and drove back into town to adjourn to the Fox Arlington theater for the second half of the evening's entertainment.

There, Coach "Spud" Harder presented his team, for the first time, to the student body.

Those responsible for the affair were Ruth Suggs, Dick and Bill Vanderhoof, Lew Bedell, Jane Wood, Ruth Grant, Howard Clapp, Virginia Sweet, Marie Handley, Peggy Anderson, Warren Dorn, Wayne Mills, Ed Larson and Dwala Branyn. The rally was presented under the direction of Dr. Helen E. Sweet, faculty advisor and Walt Bradbury, State college publicity director.

Social Group Elects Officers

Sigma Alpha Kappa, social fraternity, held its first business meeting of the fall semester at the home of Dr. Lynne C. Monroe, a sponsor of the organization, last Monday evening.

Election of officers constituted the greatest work of the evening's business with those electing including Dick Smith, president; Walter Ziegler, vice-president; Ernest Monstiel, social chairman; Pete Bancroft, recording secretary; Gilbert McKee, corresponding secretary; Mickey Bernan, treasurer; Bot Cottom, pledge captain and Dick O'Brien, publicity chairman.

Tentative plans for the social calendar were formulated. Committees have been assigned to work on the open house, home-coming week, the Christmas formal and many other parties and dances.

With the adjournment of the meeting, members enjoyed refreshments served by Dr. Monroe.

Sophomore Class Schedules Dance

Sponsored by the sophomore class, a dance will be held next Thursday in the quad following the Occidental game rally.

Featuring popular recordings, the sport affair will last until 11 p. m. Admission will be free to students.

Dance committees appointed by Ruth Suggs, social chairman of the class, include Art Chauvel, music; Marilee Stevens, floor chairman and Johnny Caldwell, Tom Loeffler and Mary Lou Royal, acting as the publicity committee.

Final figures released from the offices of Miss Lois M. Bennink, dean of women, Don Follat, graduate manager and Miss Wilhelmina Mencken, assistant registrar, revealed that of those registered as regular students, 767 were men and 912 women, with the difference being made up by 28 limited students.

By noon Monday, the first day of registration, 1108 student body cards had been issued from the registration tables in the cafeteria. Another 463 completed the process of enrolling by the close of the first day, making the total 1571.

This alone, while not yet a record for the Gaucho institution, assured the success of the plan put into effect for the first time this year by which the greater part of registration was completed in one day.

Records maintained by Dean Bennink reveal that of the 912 women enrolled, 405 entered State college for the first time this semester, either as freshmen or transfers.

Persons in charge of registration review with satisfaction the speed and efficiency with which students became members of the student body, realizing that enrollment was carried on Monday at an average of four students per minute, a feat unprecedented in State college history.

Students are assured that the difficulties which accompanied this year's registration, as is the case with all new plans, will be abolished shortly so that mid-year enrollment will be much less complicated.

Gauchos Win Scholarships

For the first time in the history of the college a Gaucho student has received an art scholarship at one of the large Eastern universities.

Ronald Hurt will attend Yale University through the award which he received in architecture, his chosen field.

Hurt graduated from Santa Barbara State college in June and plans to earn his Masters degree at the eastern institution.

Also receiving congratulations is Olin Russum who has been named as the winner of a scholarship to Claremont colleges. While in Claremont he will teach athletics and art hobbies at a private school.

Dr. Noble Cain, Noted Music Technician, Arrives at College

Scheduled to arrive on campus Monday morning is Dr. Noble Cain, one of the most outstanding music technicians in the nation today, who will conduct classes at State college and choral groups and radio programs over station KTMS.

Dr. Cain has been for a number of years a director of the National Broadcasting company in Chicago, where he was in charge of training, directing and broadcasting of the famous Chicago A Cappella choir.

Known throughout the United States as a prolific writer and producer, he has had published more than 350 choral compositions, in addition to a recognized textbook of music.

Dr. Cain is a recognized authority in the field of music and is in great demand as a conductor of mass choruses and a choral adjudicator.

At the recent National Music Supervisors conference in Los Angeles, he was guest conductor at the public performance of the mass junior college choruses, numbering approximately 600 voices.

Dr. Cain and Van A. Christy, acting head of the music department, will conduct choral groups on the State college campus and tryouts are being conducted by Christy in the music office.

Positions are still open, according to Christy, in the men's and women's glee clubs and the A Cappella choir.

Las Espuelas Seats Officers

With the election of Sybel Jonathan as president and Phyllis Atwood as secretary-treasurer for the year, Las Espuelas, sophomore women's service organization, officially opened gates of their activities for 1940-41.

Meeting at the college cabin at Paradise camp Tuesday night for supper, the newly-elected group was presented by last year's members to past president Barbara Barry.

Las Espuelas' members are Miss Jonathan, Miss Atwood, Frances Boyron, Elizabeth Jacobs, Frances Houghton, Mary Julia Peterson, Peggy Enyeart, Nancy Lee Haskin, Miriam Kircher, Betty Nelson Clark, and Patsy Eaves.

Outgoing members present at the supper included Miss Barry, Mildred Meacham, Ruth Thompson, Jean Tapie, Marian Coombes, Faye Thompson, Lynn Russell, Mary Dunham and Phyllis Perry.

Accompanying the women were Dean Lois M. Bennink, sponsor, Miss Margaret Thompson, assistant dean of women, and Miss Gladys Van Fossen.

Gamma Delta Chi Plans Supper, Party

Plans for a potluck supper and bowling party to be held next Monday night were formulated at the first meeting of Gamma Delta Chi, social sorority, Monday night.

Summer functions of the sorority included the wedding of Mildred Peterson, president of the group, a week vacation at Balboa and a chain letter giving a full account of each members' summer activities.

Santa Barbara Eleven Rates Pre-Game Choice Over Pomona Gridders

Harder Starts Veteran Squad Against Southerners; Hilltoppers Outweigh Hens Ten Pounds Per Man on Forward Wall

By GEORGE STEPANIAN
El Gaucho Sports Editor

Rated by pre-season critics as the greatest eleven ever to represent Santa Barbara State college, Coach Theo "Spud" Harder's Galloping Gauchos get their initial test tonight when the 1940 edition of the Green and White squad rolls out on the greensward against the Pomona Sagehens, rated as the strongest team in the Southern California conference.

Students Suffer Confiscation Of A. S. Cards

Announcement is made by James Widman, who will be in charge of admission gates at La Playa field during football season, that student body cards will be confiscated if presented for admission by any student other than the one whose name the card bears.

State college students will enter the field from the Leadbetter Drive side at the foot of the hill and must have their student body cards and identification in the event that the latter is requested by a gate attendant.

Rooter's tickets will be presented to a limited number of students at the gate and will entitle the holders to seats in the Gaucho rooting section. These will be collected each week and no student will be admitted without one.

The rooting section will be roped off and patrolled by twelve members of the Santa Barbara high school R. O. T. C.

Thomas Talks At Mass Meet

Norman Thomas, Socialist candidate for President of the United States in the November elections, will speak in Santa Barbara tomorrow at 2:30 p. m. in the gardens of the Alhacama theater, Santa Barbara and Canon Perdido streets.

Addressing a mass meeting, to which listeners will be admitted free, the subject of Thomas' talk will be "End Poverty in a Land of Plenty."

His local appearance is being staged under the sponsorship of the California Independent committee for Norman Thomas.

Thomas' entrance into the Socialist party has resulted in his almost twenty-five year fight against militarism and the forces that are the underlying causes of warfare.

An active pacifist, his entrance into the party which he now represents was brought about through his condemnation of the world war of 1914-18.

The Socialist candidate will arrive in Santa Barbara tomorrow morning after addressing a youth meeting in Los Angeles earlier in the day.

He is also scheduled to address a meeting in the southern city tonight. Immediately following his local appearance, Thomas will return to Hollywood to deliver a coast-to-coast broadcast at 6:15 p. m. tomorrow night.

College Y Holds Openhouse Meeting

Featuring an evening of food and fun, the college "Y" will hold a get-acquainted meeting at the downtown YMCA Wednesday night.

Game time is set for 8 p. m.

Impressive ceremonies will be conducted before the start of the game and during the intermission between halves.

Special permission has been granted the college to raise the flag of the United States of America before the game as the audience sings the "Star Spangled Banner," accompanied by the band. This will be allowed because the flag will be raised and lowered within two hours.

Donald Sykes, Pomona college student will sing "God Bless America."

At half-time, the State college victory flag will be raised and a tumbling exhibition will be given by George Drane, supervised by Pat Kelly. Responsible for the flag and the pole upon which it will be raised are Alpha Theta Chi sorority, the rally committee, the freshman class, Ray Harris, Harry Hopkins and Louie Taylor.

Harder, after weeks of lengthy deliberation, finally decided on a probable starting lineup for tonight's fracas. Bill Jessup, 196, and Larry Pickens, 210, will start at the ends. Both were first-string wingmen last year.

Ed "Doc" Larsen, 210, veteran tackle and Dave Hengstler, 195, transfer from Santa Monica junior college, get the call at the tackle posts, with Blynn Wilson, 198, back as his old center position.

HEAVY LINE

Wayne "Butcher Boy" Engel, 190 and Larry Bemol, 185, a Compton junior college transfer, handle the guard slots, giving Santa Barbara a starting forward wall average of 200 pounds.

In the backfield, Harder is starting an all veteran quartet, planning to shoot in his new ace later in the game.

Hubert "Mad Mose" Neely, 175 and Walt Condley, diminutive 5' 6", 160 pound blocking back, get the starting call at the halfback posts; Ernie Saenz, 175, triple threat back, will take over the fullback position and Lloyd Garrison, 180, will take over the quarterback berth.

Held in reserve are Sam Henderson, 195 pound All Southern California junior college halfback from Santa Ana, Bob Scott, 190 quarterback transfer from Santa Clara, Tom Reid, triple threat fullback transfer from the University of Southern California and John Costas, ace passer.

Although the Sagehens should give the Gauchos a good battle, the much heavier Santa Barbara line will prove the difference in the end and should enable the backs to run wild in the second half for a two-touchdown win.

Parking

Students Face Quarter Fine

Notice has been given by Jack Richards, associated students president, that parking areas on the campus will be patrolled by NYA workers and students parking their cars in areas meant for faculty members will be fined 25 cents.

Faculty cars are to be parked in designated spaces beside the administration building and in front of the quad. Members of the freshman class must park their cars in the parking lot below the campus in front of the administration building.

Richards requests that faculty members desiring certain places place a note in the student body president's box or in box "R" in the quad.

Faculty Holds Annual Dance At Rockwood

Committee Offers Entertainment In Sycamore Room

Students are invited to be the guests of the faculty tomorrow night at the annual Faculty Reception at Rockwood from nine to twelve. It is a no-date event by tradition.

Tradition also dictates street-length dress and no hats for women; coats and ties for men. The latter is required apparel for all student body dances.

Because of the number of guests expected, there will be no guest privileges. Admission will be by student body card.

Colleagues have their choice of dancing to Doug Hoag's orchestra or playing cards and games in the Sycamore room. Name tags will be distributed by the door committee to facilitate the process of getting acquainted.

Receiving line will include President and Mrs. Clarence L. Phelps, Dean and Mrs. Charles Jacobs, Dean and Mrs. William Ashworth, Dean Lois M. Bennink, Dean and Mrs. Russell Buchanan and Mr. and Mrs. Byron Abraham.

Chairman of the event is Dean Bennink. Assisting her are Dr. Helen Sweet, door committee, Dr. Frederick Addicot, Miss Elizabeth Sehon, Mrs. Ruth Doolittle and Louie Taylor in charge of the game room, and Mrs. Abraham.

Rockwood is located about a block from the northern end of Alameda Padre Sierra, on Mission Canyon road and may be reached after a short walk from the State college bus line.

Phi Kappa Gamma Announces Troths

Phi Kappa Gamma announced this week the summer marriages of two members of the group, the former Anna Black who married Richard Parker and Lois Delker, now Mrs. Norbert Duarte.

Mr. and Mrs. Duarte both graduated last June from the college and plan to live in Santa Paula where Mr. Duarte has a teaching position.

Mr. and Mrs. Parker also attended State last semester. Mrs. Parker as a freshman, her husband a junior. They plan to live in El Monte where Mr. Parker is connected with the Lockheed Aircraft corporation.

• Be present in person on Saturday, September 21st at 7 p. m. VINCENT E. WOODS, 326 Chapala, and you may be the lucky person chosen to purchase for 9c.

Dean of Women LOIS M. BENNINK is in charge of arrangements for the annual Faculty Reception to be held tomorrow night from 9 to 12 at Rockwood.

AMS Heads Plan Stag, Mural Play

First in the series of Associated Men students' "stags", dated October 2, will be planned Tuesday evening beginning at 7:30 p. m. when the officers meet at the home of Dean Russell Buchanan.

Featured at the exclusive affair, which is under the chairmanship of Gordon Gray, will be athletic events in the form of boxing and wrestling and admission will be by A. M. S. activity card, according to President Howard Eckles.

Scheduled also will be the intramural sports program which will begin about October 1 and is under the direction of Jim Widman, first vice-president. Offered will be football, basketball, baseball, badminton and table tennis. Bowling may be included, Eckles stresses, if an inexpensive plan is worked out.

An ex-officio member of the activities control board, chairman of which is Howard Joham, will be elected from the executives at the Tuesday meeting.

Three additional stags will be offered this semester and two in the spring through the activities card which may be purchased by college men in the office of Dean Buchanan.

Beta Sigs Begin Parking Lot Work

First meeting of Beta Sigma Chi was held Monday night at the fraternity house.

Among the plans discussed for the coming year were pledging, the annual Mardi Gras, to be held at the Carrillo Hotel, from 9 to 12 p. m. Saturday, October 12, and the marking and painting of the State college parking lot tomorrow morning.

Administrators Bolster Faculty; Appoint Sixteen New Instructors

To meet the demands created by this semester's record-shattering number of students, 16 new names have been added to the regular teaching staff, bringing the number of full-time faculty members to 81. This number does not take into consideration the several part-time instructors engaged.

Among the four replacements in the new appointments is Dr. W. F. Aggeler, who succeeds Dr. Walter Peirce of the French department. Dr. Aggeler received his Ph. D. degree from the University of California, where he has been a teaching fellow for two years, and has studied extensively in Paris.

HEALTH EMPHASIS

Replacing Mr. Roy Bohler is Mr. Terry H. Dearborn, assistant professor in physical education with special reference to health and sanitation. Mr. Dearborn, who holds degrees from Stanford and who will complete his doctor's degree after two additional summer sessions, will also assist with tennis and swimming.

Assisting in physical education is Miss Margaret DeHaan, who takes the place of Miss Betty Collins. Miss DeHaan did undergraduate work at the University of California at Los Angeles, and received her master's degree from Columbia university after which she taught for two years in

the Horace Mann school, N.Y. She will do remedial work in physical education for women, and help in the rhythm classes.

Replacing Mrs. Catherine S. Vander Kar of the education department is Miss Dorothy Van Deman, who will work with kindergarten-primary classes. Miss Van Deman, who specializes in music, was formerly in charge of the K. P. work at Broad-oaks, early childhood education school at Whittier.

FORMER SUPERINTENDENT

Named as additional supervisor of elementary education is Miss Loretta Byers, who received her master's degree from Stanford, and has done graduate work at Northwestern university and the southern branch of the University of Idaho, where she was superintendent of student teachers.

Mr. L. E. Chenoweth, former superintendent of Bakersfield city schools, who has taught in Santa Barbara State's summer session for the past eleven years will enter the education department. He will teach school administration and other curriculum courses.

Miss Margaret Thompson will serve as assistant dean of women, having filled that position at Cornell university for the past six years. Miss Thompson received her master's de-

gree from New York teachers college at Columbia university.

Assistant professor in industrial education is Dana Barnes, who holds a degree from Syracuse university, following three years at Massachusetts institute of technology, with additional work at the University of California. He has also a large amount of practical experience in this country and in Europe.

BAND DIRECTOR

Taking charge of the band and orchestra will be Maurice Faulkner, assistant professor in music. Specializing in woodwinds and brasses, Mr. Faulkner is a candidate for the doctor's degree at Columbia University, where he had for several years been employed to teach in summer session.

Dr. Willard McRary, who received his doctor's degree from the California institute of technology, and who has been a teaching fellow at that institution for the past two years, joins the Santa Barbara state college faculty as an instructor in biological science.

Also a graduate of the California institute of technology is Dr. Joseph Foladare, assistant professor in English. He has studied at the University of California and holds a doctor's degree from Yale university, where he also served as a teaching fellow. He has been in charge of a testing program for the English de-

partment of Iowa state college at Ames.

Dr. John C. Snidecor, new instructor in clinical speech, received a doctor's degree from the University of Iowa, which he secured this year while on leave from the faculty of the University of Idaho. He has also served as dean of Antelope Valley junior college.

AERONAUTICS ASSISTANT

Assisting with aeronautics is E. A. Ross, a graduate of the University of Southern California, who has taught at Taft junior college, Pasadena junior college, San Diego state college and several schools of aeronautics.

Among part time additions to the faculty are Fred G. Sigerist, born and educated in Switzerland, but who received his master's degree from Claremont colleges, instructor in French; and Mr. Lockwood DeForest, noted Santa Barbara landscape architect, who will lecture on garden design and other phases of landscape architecture.

Robert Scalapino, last year's student body president, who graduated in June will assist in the social science department. William Woljies, now a senior in the industrial education department, has had trade experience in cabinet making and carpentering, will teach building construction and wood work.

Estey Slates 'Enlightening' Assembly Bill

Father Villa Talks On Present-Day European Situation

Plans have been formulated for what should be "a series of the most interesting and enlightening assemblies ever presented at State college," according to Don Estey, assembly director, as the appearance of Father Villa, noted authority on world events, was assured this week.

Father Villa, who recently returned from the Vatican city, where he spent the last 15 years in contact with the Pope, will speak at an all-college assembly Tuesday, October 8.

Numbered among the former friends of the religious leader is Benito Mussolini, Italian dictator. It is possible that Father Villa will afford students an insight into events in Italy as he has become familiar with them during his stay in Italy.

Tentative arrangements have been made, also, for the appearances of such outstanding personalities as Dr. Polyzoides and Melvyn Douglas and other well-informed authorities who will bring within reach of the general student body respected opinions on problems of current interest.

Scheduled to be presented quarterly throughout the coming year are Artist bureau assemblies featuring campus talent. Estey has issued a frantic plea for applications for these presentations and tryouts will be scheduled as soon as enough performers show the desired interest in the project.

Applications, stating the name of the applicant and the talent which he possesses may be submitted to Don Estey in person or placed in the 'E' box in the quad.

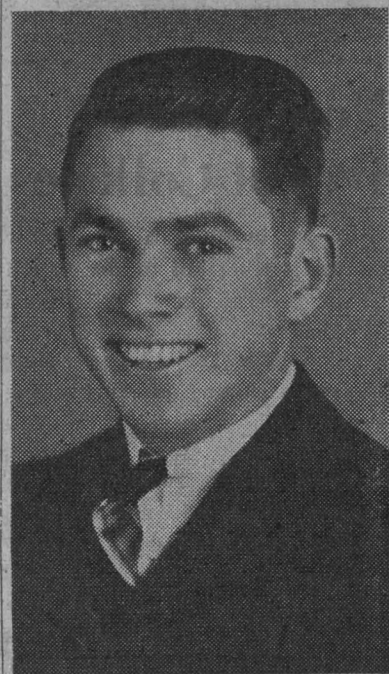

Thesians Bid For Roles in Pulitzer Play

Tryouts for "Icebound", Owen Davis' Pulitzer prize play winner of 1923 will be held Wednesday from 2 to 5 p. m. in the College auditorium, according to Frederic W. Hile, drama instructor.

Students interested in trying out are reminded that special preference is given to speech majors, minors, upperclassmen and lower classmen, in the order named.

There are to be twelve characters cast in the production, but since the play calls for a ten-year old boy to act one of the parts, it has been given to Dr. Harrington "Pop" Wells' son, Pat Wells.

All students in the play must be passed on by the eligibility committee unless they are members of the play production cast. Those students who are not cast in a part will be assigned to the staff.

AMS President HOWIE ECKLES announces a meeting of his cabinet to discuss a forthcoming stag and several other activities scheduled for men students during the semester.

DELTA ZETES VISIT

Installation of Alice Freeman to succeed Margaret Parks as president featured the meeting of Delta Zeta Delta social sorority Monday night at the new sorority house, 2031 State street.

VIRGINIA MOSS, A.W.S. president, will provide her home for a dinner meeting of the organization's executive board Tuesday evening.

AWS Hears College Ideas

Speaking to the assembled Associated Women students fourth hour Tuesday, Mrs. Charlotte Elmott will augment the first meeting of State college coeds.

Conducting the meeting will be Virginia Moss, president, who will present new members of Crown and Scepter, senior women's honorary organization, and Las Espuelas, sophomore service group.

Executive board members will hold a dinner meeting Tuesday evening at the home of President Moss for the purpose of discussing business of the year. In particular will be the A. W. S. initiation supper for new students, slated for Friday, October 4 in Ebbets hall.

PATSY SAYS:

Dear Mary Jane:

Don't let this rushing around and changing schedules discourage you with our college life at State. There's always this confusion the first week.

If you happened to be at the barbecue rally last night you saw that there's plenty of fun to be had here. And tonight—the first football game of the year ought to be sensational! They tell me we've got one of the best teams ever—and say—with all these new good looking coeds to back them up the Gauchos can't lose!

Speaking of good looking coeds it's going to take some smooth dressing to stay in the race this year.

And smooth dressing calls for a careful watch on that old budget. But that is easily taken care of as long as there's Jack Rose Campus Corner. Why, take a look at the neat little outfit I'm wearing from there today. Nothing could be smarter than this \$3.95 suede sweater with its matching cat-aba red skirt at the same price.

Must run to class now, Mary Jane, so if I don't see you at the game tonight I'll meet you tomorrow at Campus Corner.

Bye,

Patsy

Patsy Says . . . GOOD LUCK, GAUCHOS!

... and 'GAUCHETTES', it will be a successful season if you plan your rooting section strategy around . . .

Sagehens Ready to Spring Upset on Green Wave Eleven

Hisanaga, Hawaiian Back, Leads Hen Attack; Coach Merritt Prepares Tricky Formations to Befuddle Gaucho Squad

By AL STEWART
El Gaucho Special Correspondent

POMONA, Sept. 19.—Ready for one of its greatest seasons, the powerful Pomona Sagehens, already conceded the Southern California conference grid title, trek to Santa Barbara, all set to hand the Gauchos a smashing defeat in the football opener for both squads at La Playa field. Led by the fiery sparkplug Captain Kazuma "Bennie" Hisanaga, 175 pound Hawaiian quarterback, the Sagehens are set to unleash some of the trickiest offensive formations in modern football.

Coach THEO "SPUD" HARDER looks forward to one of the most successful years in Gaucho grid history as his eleven prepares to repel the Pomona invasion tonight at La Playa.

Although their 190 pound line is outweighed 10 pounds per man by the bulky Santa Barbara forward wall, the Sagehens have always been noted as a fighting eleven who are at their best when underdogs.

Starting at the ends will be All-Conference Dick Strehle, 170, and Jack Tanner, 175, both of whom were starters on last year's eleven.

Henry Van Ginkle, 210, former All Southern California High school flash of Covina, handles one tackle post while Sherwood Heiser, 190 pound senior from Hawaii, takes over the other berth.

A pair of watchcharm guards, Warren Heller, 180, and Warren Smith, 165, handle the guard spots. Heller is a veteran from last year's squad while Smith is a sophomore from Pomona High school. Bill Potter, 180, completes the starting line at center.

In the backfield, in addition to Captain Hisanaga, the Sagehens have speedy Bob Fernandes, swivel hipped halfback from Hawaii. Fernandes is the fastest man on the squad and is plain dynamite in the open field. He is also a trackman of note, having a leap of 24 feet six inches to his credit in the broad jump.

Fred Stuedler, hard hitting senior, gets the starting call at fullback. Stuedler, standing six feet even and weighing 190 pounds, is the hardest man on the squad to stop as he bucks into the line with terrific force.

Filling out the backfield quarter is Wayne Fisher, 180, a sophomore halfback, who did such a good job of blocking in the pre-season practice sessions that he won the starting call over the veterans.

One thing is certain—the Hens always play their best games against heavier teams. If they get off to a good start tonight, the Gauchos will find them a much harder nut to crack than they were six years ago when the Hilltoppers edged out a 6-0 win.

Captain KAZUMA HISANAGA, flashy Hawaiian quarterback, is the main reason why the Pomona Sagehens hope for an upset win over the Santa Barbara pigskinners. Hisanaga, besides calling signals for the Hens, is rated as the best blocker on the outfit.

Santa Barbara Casaba Squad Sparkles in Cage Tourney

Proof that Santa Barbara State college is going to have one of the most powerful basketball squads on the Pacific coast was illustrated in the recent Alhambra Summer basketball league.

Eight Gaucho players, playing under the colors of Santa Barbara, finished second in a loop composed of squads representing the University of Southern California, Whittier, Pomona, Pasadena, Alhambra, and a few other clubs.

The Santa Barbara five, composed of varsity members Tommy Guerrero, Larry Brewster, Paddy Caudillo, and freshmen Bob Sherman, Dick Rydler, Doug Winters, Hal Romero and Walt Lohman, drove to nine straight victories.

In the playoff against the U. S. C. Trojans, the Gauchos, off to a poor start, found themselves on the short end of a 17-5 score at the half-time. The local contingent rallied strongly in the second half but were nosed out in a thriller, 26-24.

Jack Lippert, the Trojans' All-American guard, proved the deciding factor when he held the Gauchos' Little All-American flash, Guerrero, scoreless. It is the first time in Guerrero's cage career that he has been stopped cold.

Of the Hilltoppers who participated in the tournament, all will be back with the exception of Doug Winters, who is now working in the Bank of America in Los Angeles.

Among the Green and White who did not participate in the tourney but will be back for another season of basketball are Johnny Costas, now active on the football team, Lowell Steward, flashy Negro center, and Gordon Gray, 6' 4" guard.

Fresno, Spartan Grid Squads Rate Favorites for 2C2A Title

This year's battle for the California Collegiate Athletic association football is expected to be the most hotly contested affair in the short history of the newly incepted conference. San Jose State college has been the dominating figure in the league race in the two previous seasons, but this year its power seems to be on the wane

'Mural Board Drafts Program For Semester

Santa Barbara State college's new intramural board, consisting of Coaches Spud Harder and Nick Carter, Howard Eckles, Associated Men's president, Jim Widman and Giles Liegerot, meets Tuesday evening for the final drafting of the intramural program for the coming year.

All team managers or heads of organizations who wish to may sit in in the meeting, scheduled for the Physical education office at 7:30 p. m.

Meanwhile, opening of the intramural football schedule has been set for September 30. All organizations and free lance teams are urged to get in their entries immediately so that the round robin tournament can be drawn up.

The final deadline for entries in six man football, volleyball, badminton, table tennis and horseshoes is set for September 27.

The only stipulation in the program is that varsity and freshman squad members may not compete in the sport in which they are competing for Santa Barbara.

Volleyball, badminton and table tennis will alternate nights in the gymnasium from 6:30 to 10 p. m. and will continue until the Thanksgiving holidays.

The Illinois point system will be put into operation this year. The determination of winners is not the object of the program. Points are given for sportsmanship, entries, number of men competing, promptness and other merits of competition. It is not necessary to win every game to gain the championship of the program.

while Fresno and Santa Barbara are making the greatest strides upward. San Diego is an unknown quantity, not even the Aztec coaches knowing what sort of ball club they are going to have.

Despite their heavy losses, the Spartans are still being rated co-favorites for the title along with Fresno. Back for duty are Johnny Allen, Negro All Conference end, Captain Ken Cook, Second string All-Conference tackle, who has been shifted to fullback this season, Aubrey Minter, speedy Negro back, and Joe Rishwain, regular quarterback.

These five are the only starters returning, but San Jose has a host of lettermen and transfers to plug the other holes. Their line will average about 193 and their backs around the 182 mark.

Fresno is considerably stronger than last year. Returning are Ernie Poore, All Conference halfback, who is a triple threat ace of the first magnitude, Jack Mulkey, first string "Little All-American" wingman, Al Fresno, hefty second string All Conference tackle, Ray Egelhofer, quarterback, Mel Rouch, fullback, John Irola, tackle, and Dan Boyd, center.

The Bulldogs lettermen total 21, which gives an indication of how well stocked they are in reserves. Fresno's line will average about 192 with a backfield around the 180 mark.

San Diego will have a line averaging in the vicinity of 190 pounds and a backfield averaging about 175. This, in brief, is what the Gauchos face on the road to their first 2C2A grid championship.

• Be present in person on Saturday, September 21st at 7 p. m. VINCENT E. WOODS, 326 Chapala, and you may be the ase the "MYSTERY CAR" for 9c.

San Jose State college's 9-0 loss at the hands of Texas A & I threw all predictions about the outcome of the California Collegiate Athletic association football loop into a turmoil. Rated by pre-season critics as the team to beat, the 1939 champions at no time in the game displayed their old time form.

All of Pop Warner's vaunted trick plays were smashed before they could begin to function by a hard charging Texas line that never gave the Spartan linemen a chance.

Now the Monday morning quarterbacks are changing their tune and picking Fresno state as the team to beat with Santa Barbara as the dark horse. San Diego is rated definitely out of the picture. San Jose may come back to become a threat for the championship, but unless it displays a better offensive than it showed against Texas A. & I., it can't be rated any better than third.

The tipoff to the Spartan's weakness is the shifting of Truck Tornell, All Conference tackle to a full-back post. Had the San Jose eleven any good plunging back such as Zimmerman or Zetterquist of last year's eleven, Warner and Winkleman would not have even considered moving Tornell out of the line.

SAGEHENS NO SETUP FOR GAUCHOS

Despite all rumors to the contrary, the Pomona Sagehens will prove no easy mark for the Santa Barbara varsity. Many grid fans base their arguments on the fact that the Gaucho forward wall outweighs the Pomona line 15 pounds per man. What these same fans fail to take into consideration is the fact that last year Whittier, Southern California conference champions and victors over the Gauchos by a 10-0 score, outweighed the Sagehens 20 pounds per man but considered itself very fortunate to get off with a 0-0 tie.

No, the Hens will be no setup and with wily Fuzz Merritt directing the destinies of the Sagehen squad, you can be sure that the southerners will unleash all of their pet plays in an effort to turn back the highly rated Green and White machine.

Although the football season has hardly gotten underway, basketball coach Wilton "Willie" Wilton can hardly wait for the casaba season to get under way. Reason for his enthusiasm is that he has four first stringers from his 1939 championship five returning, Tommy Guerrero, forward, Paddy Caudillo, forward; Lowell Steward, center; and Larry Brewster, guard.

Frosh Open Grid Season Against Pirates

With only one week of practice drills under its belt, Santa Barbara State college's Frosh eleven travels to Ventura tonight to battle the Ventura Junior college aggregation.

With only twenty-one men reporting for the squad, Gaucho Coach Howie Yeager will have tough sledding trying to trip a powerful Pirate team which has been reinforced by three members of the undefeated San Diego Marines eleven of 1939, Rawls, Griffen and Russell.

The game also marks the dedication of Ventura's new football stadium, and Pirate Coach Joe Buckmaster is determined to make its opening a successful one from the standpoint of the Ventura grid fans.

The probable starting lineup for the freshmen is as follows: Woodworth and Shiniquy, ends; Bechtold and Vogt, tackles; Harley and Iacovina, guards; and Kinzy, center.

Dermide Jousseau, signal barker from Bakersfield will probably start at the quarterback berth, Clyde Smith, Carpinteria, and Fowler pair up at the halfback positions and Laurie Boyd, Manual Arts, takes over the fullback post.

Spartans Meet Montana State

SAN JOSE, Sept. 19.—Tumbled from their gridiron pinnacle, the once feared San Jose Spartans are determined to get back on the championship trail here tonight when they clash in an intersectional battle with a strong Montana State eleven.

Led by the hard hitting fullback, Truck Tornell, the Spartans are determined to make their tricky Warner formations click for a couple of scores.

look, fellows

I'm the new campus representative for Roy E. Gammill and I'll be plenty glad to receive any suggestions, comments, or questions you have to offer. Tell me what is needed, how our clothes impress you, and come on in to the shop any afternoon or on Saturday, if only to chat. I want to get in touch with as many of you as possible so that we will always have exactly what you want when you want it.

Starting next week Roy E. Gammill is setting aside a special section of his windows and devoting it exclusively to you. In it will be shown the clothes, accessories, and ensembles that will meet your needs and your pocketbook. They will be in the latest styles, designed and bought to satisfy you and make living easier, more comfortable, and much more colorful. This section will be on the right as you enter the store. It will be identified by a personal note to you signed by me. When you are browsing around down town look for it.

My job is to find out what you want and see that we have it here for you. I've been working with clothes for five years and I like it, but I still need your help in the way of suggestions and criticisms. Come on in and talk things over.

Harry Stewart
Campus Representative

P. S.—

I'm so dizzy from standing in registration line, moving into the house, and beginning work that I haven't had time to run through all of those swell fashions that have just come in, but every week from now on I'm going to report to you exactly what I see and hear about the new styles. Watch for it.

Editorially Speaking . . .

United States Not at War; Why 'Secret Diplomacy'?

A fellow we know anxiously reaches for the morning paper each day, glances at the "screamer," tosses it aside and carefully makes mysterious notations in a little black book. He is recording the number of German planes claimed by the British and the number of British planes claimed by the Nazi high command. According to his figures—and these include the number of planes produced by the two countries, the air lanes over Britain and the Reich should be completely devoid of plane traffic by this time. Either someone is not telling the absolute truth, hallucinations are a common disease in Europe, or the kuemmel distillers and stout brewers are strengthening their respective products.

The great gullible American public, through no fault of its own, as usual knows nothing of what goes on. Airplanes fly over England. They drop bombs. People are killed. Airplanes fly over Germany. They drop bombs, too. More people are killed. The Nazi general staff, through the "ministry of information" claims great victories for its air armadas and in the same breath denounces R.A.F. pilots for bombing non-military objectives. Britain does likewise. Who wins? We're all in the dark.

The United States State Department, which must know something of what is going on, continues to communicate secretly with the warring powers. If this secret information possessed by government officials does not exist, if our executives know as little as we do, why all the frantic preparations for war? As far as we know, neither side may be gaining an appreciable advantage. Most Americans sympathize with the British and it is admitted that defense against possible invasion by the totalitarians is desired. But the people foot the bill. They make up the army. And the people are given a reading diet of two propagandas, indigestible to the discriminating because of obvious fallacies.

While we're paying for the privilege in this so-called enlightened democracy, why can't we receive the benefits from our investment? Fifty destroyers are sold to the British. We learn about the details after the deal has been completed. Sumner Welles traipses about Europe in conclave with leaders of the Gerat Powers. The reports are kept secret.

In many cases, secret diplomacy can be excused in order to keep the enemy in doubt. But the United States is at peace and theoretically has no enemies. So why all the "diplomacy?" Admission to the theater has been paid, the curtain is up. And the American people are waiting in the lobby.—S.C.

Indications Point to Willkie Failure in Southern Campaign

Wendell L. Willkie has invaded the South. Someone reported that he was going into Tennessee, someone else merely asked if he would come out.

And that pretty well summarizes the chances the Republican candidate has of success below the Mason and Dixon line.

Willkie has asked the South to discard a seventy-year old practice of voting democratic in order that the country may not break a 150 year tradition. If it is the south that is to decide the third term issue, Wendell Willkie has made a bad bet. For Willkie has overlooked the personal equation. Tradition is one thing, heritage another. A Southerner is born a Democrat, a president is merely elected.

The South believes in party politics. The South well knows that the New Deal is not the same party that stayed out of power from 1920 to '32. It knows also that Willkie's party is not the party of Coolidge and Hoover. The South knows that their party is merely the party in power, and that Republicans are simply the opposition party. The South has no intention of turning itself out of politics.

Regardless of the outcome of the election in November, Willkie's Southern campaign swing is futile—for the solid South will vote Democratic, as usual.—D.J.P.

'Lawlessness Not Fault of Education' Says Superintendent

The reason for our lawlessness is that at present we are just changing over from authoritative control to internal control. The former, as employed by parents of the old days, has been released without the establishment of good internal control by modern day fathers and mothers. Our schools are placing increased emphasis on character development and through the study of music, art, literature and science are providing an 'education for leisure,' so that our future citizens will not spend their time in unprofitable and frivolous pursuits." George Melcher, 27-year-old superintendent of Kansas City schools and a teacher since he was 16, makes the point that education has not failed, declaring that increasing lawlessness is not the fault of the educational system.

just for fun

With Jack Newman

Glad we were to welcome Harriet Richards back on Campus. As Harriet Ridenour a couple of years ago she was very active in Gaucho life and activity being a member of the Rally committee and serving as song leader. Retiring to domesticity as Mrs. Jack Richards she brought young John Jr. into the world a few months ago and now is with us again gathering a few more units, looking more charming than ever, and giving moral support to Pappy Prexy Richards. This is a combination we like and recommend to you.

While with the Richards, it occurred that some of you may be interested to hear of Ted Tod. Ted for you who are not acquainted with this, to say the least, colorful personality, is one of quickly disappearing element that belonged to the yellow slicker, "so's your old man" era. Ted was a real character. Used to wear a racoon coat at football games. Smoked a pipe, drove a racy looking sport roadster, never went to class, knew most of Dwight Fiske by heart, and was all set for anything, anytime. Ted, at last reports, was panning for gold somewhere in California. Typical of him, he must have found it for some one saw him driving a '41 Buick and looking like he could lay his hands on more dough than a centipede in a bakery.

The Pauline Hayes, Arlin Stockberger engagement was not a surprise to those who knew them well. However, when the chocolates were passed at Alpha Theta Chi meeting last Monday eve, there were several other couples picked as ready to formally announce the intentions suspected by almost everyone.

TO GET ON . . .
With Carol Warren returning to USC, she's a former Gaucho, and Bud Burdick back to Stanford, Betty Boykin, a UCLAngel now at State, knits a sweater for the boy who says he's going to be the fattest Junior on the Farm. How many remember the Three Stooges? Burdick, Borstelman, and Kelly they were, and how they used to get laughs from an appreciative student body! Homecoming two years ago, they raised the roof and the deficit by throwing pies at each other during the big Rally in the auditorium. It cost money to clean lemon meringues out of tubas and clarinets, but Gauchos are still chortling, so it must have been worth it. Borstelman is a coming Thespian in serious drama at UCLA, while Kelly is still around.

'Alma Mammy Bound . . .

Auto Designers Sound Death Knell of Aged Rumble Seat

The 1940 cars have closed a final chapter in the romantic era of autos. Back in 1927 H. Ford stopped production of the Model T and thus removed America's most romantic knight from the highways.

This year, when American manufacturers rolled their machines off the assembly line minus the beloved rumble seat, motoring at last succumbed to 20th century realism, and the "All-American-Girl" passed into oblivion.

No longer can we use that romantic excuse of the chill night air to snuggle up close to the girl friend. Within the close comfort of the 1940 coupe, even the all-American game must become brazenly realistic.

The auto designers have also thwarted our own inventive aspirations. Soon all the quaint little boxes and cowlings that our own ingenious minds have created to cover the rumble seat will disappear from the highways. Everything will soon be a streamlined stereotype, and the picturesque designs of our own individual personalities will have gone.

No longer can we invite our worst enemy out for a ride so that we can have the pleasure of seeing him dig down to the seat through the spare tire, the jack, tools, spare gas drum, blankets, and all the other things a rumble seat invariably picks up. Now we shall even have to pay for the kid brother at toll bridges, ferries, football games, fairs and all the other events that were made to order for a rumble seat.

The final chapter has been written. American auto designers in their all consuming desire to provide for our comfort have given the death stab to the last romantic lure of the highway. It is not as yet dead—but I hear "Taps" sounding in the distance.—Don Pennington.

From the Shoulder

BY THE EDITOR

It's Happened . . .

So far, the freshmen and sophomores engaging in these annual impromptu quad brawls have been fortunate in respect to injuries. The worst until now has been a black eye or a skinned elbow.

But yesterday's little incident, in which one of the participants, Bill McCarty, came out second best sporting a painful sprained ankle, gives promise of a more serious accident. After all, fun's fun and disrespectful "greenies", we suppose, must be acquainted with college tradition and the power of the "mighty Sophs", but someone might take a few seconds to remember that the quad pool isn't an Olympic swimming stadium and the bottom, being as near the surface as it is, is rather hard and unyielding. And oftimes slippery, making for treacherous footing.

Yes, We Know . . .

these brawls have been going on for a long time and so far no one has been killed. Well, no one WILL be, but we can't look forward enthusiastically to greeting several underclassmen sporting crutches and carrying their arms in slings.

So the suggestion is offered that "if the boys can't take it, they should stay home or just stand around and watch." Every man participating in yesterday's fracas looked as though he might be able to "take it" but, even so, State college and its spirit now chalks up an unpleasant incident and one student is wondering just how soon he'll be running or jumping or dancing without having to be fearful that his ankle might give way.

We Intended to Devote Just Half . . .

this column to a discussion of these brawls, but in the interim between the writing of the first half and this, this institution of higher learning has garnered for itself another blemish.

Dalton Smith, the victim of the latest accident will be able to walk—certainly, and be able to see fairly well in a few days too. What we're attempting to convey is the age-old thought that had the cut on his eye been "just a little bit closer", he'd have to be content the rest of his life to view the things that go on around him with just one eye.

Or don't you feel that an eye or an ankle or an arm is too great a price to pay for a few minutes of "fun"?

But to More Pleasant Thoughts . . .

We turn as we anxiously await the opening of football season tonight at La Playa. From the enthusiasm displayed at last night's barbecue-rally and the spirit of our feuding friends, the freshmen and sophomores, the formidable Green Wave that our sports editor is hysterical about this season should have all the support needed tonight to polish off a Sagehen or two by about two touchdowns.
