

CARAVAN STARTS 'BALL ROLLING'

DR. HAND NEW LIBERAL ARTS DEAN

Dr. George Hand Named Acting Dean of Liberal Arts Division

Dr. George E. Hand, associate professor of English, has been named Acting Dean of Liberal Arts.

He fills the post from which Dr. A. Russell Buchanan resigned last June in order to devote his full time to teaching.

Acting Provost J. Harold Williams said the announcement of Dr. Hand's appointment has been delayed because of the latter's illness. He has recovered now, however, and is assuming the duties of his new office.

While Dr. Joseph Foadare, chairman of the English Department, is on sabbatical leave, Dr. Lawrence Willson will continue to carry on the functions of that administrative post, as he did during Dr. Hand's illness.

Dr. Hand has been at Santa Barbara College since 1945. Before that he had been on the faculty at the Berkeley campus of the University of California. He received his A.B., M.A., and Ph.D. from the University of California at Berkeley, where he was also elected to Phi Beta Kappa.

At Santa Barbara College he has been active in the development of the liberal arts program. He was chairman of the original committee which drew up plans for the Division of Liberal Arts, and served as a member of the first Advisory committee on Liberal Arts. The present advisory committee, elected by the faculty, includes Dr. William F. Aggeler, Dr. Mary M. Erickson, Maurice E. Faulkner, Dr. Stephen S. Goodspeed, and Dr. Willson.

Dr. Hand is a member of the Coordinating Academic Council and also of the Rhodes Scholarships Committee.

Seniors, Freshmen Elect Class Leaders

Associated Student Body elections will be held Wednesday, October 5, for Freshman Class officers and President and Secretary of the Senior Class. Applicants for Senior class offices must file a petition with the Graduate Manager's office by noon of Monday, September 26. Petitions for Senior class offices are available in the Graduate Manager's office. One hundred signatures are necessary. All candidates, including Freshmen already nominated at the class meeting, will be notified of their eligibility by Tuesday, September 27.

All candidates for class offices must take an examination on the A. S. B. constitution. The examination will be held Wednesday, September 28. All candidates must pass this examination. Valid copies of the constitution will be available Monday, September 26, at the Graduate Manager's office.

Regulations governing publicity for candidates have been set up by the Election committee. Each candidate may have two posters and one banner only. Any violations of the publicity regulations will jeopardize eligibility. All publicity must be authorized by the Publicity committee, Jo Gundersen, chairman, at the Graduate Manager's office.

COMMITTEES NEED MANY VOLUNTEERS

Volunteers are urgently needed to serve on several student body boards and committees. Students who are interested are requested to leave their names and schedules in the student mail boxes of the chairmen.

Chairmen to contact are assembly committee, Bill Hardison; band, Bob Greenwell; rally committee, Pete Grant; social committee, Doris Humphreys; and speech, Dickie Graham.

A freshman man and woman, and men from the sophomore, junior, and senior classes are also needed by the judicial committee. Candidates for this important committee should contact Dick Norton.

REQUIRE POMPONS, CAPS AT GAMES

Rooters' caps for men and pompoms for women are absolute requirements for students who plan to attend any of the at-home football games. No one will be admitted to the rooting section without the proper rooters' equipment as outlined here.

Both of these items are now on sale in the Quad opposite the Cafeteria entrance. Today is the time to buy in order to be prepared for the opening game tonight.

Rooters' caps, priced at \$1.00, are being sold by members of Blue Key, senior men's service honorary, under the direction of Bill McCurdy. Delta Sigma Epsilon, led by Jean Tahapian, is in charge of the sale of pompoms, which are priced at 50 cents.

DR. GEORGE HAND, newly appointed Acting Dean of the Liberal Arts Division.

'C' U-All Down South'

LOS ANGELES, Sept. 23.—"C' U-All Down South" will be the welcoming cry from the UCLA Bruins to their northern cousins on October 23 to 29, when students from Berkeley, Davis, and Santa Barbara trek to the southland to celebrate UCLA's 1949 Homecoming, and the All-University Week-end.

EL GAUCHO CHOOSES PERMANENT STAFF

Permanent staff members for *El Gaucho* have been chosen after a staff meeting last Wednesday. Reporters are Bill Anderson, Gloria Dealey, Nellie Hart, Janet Hellman, Marianne Hillman, Kay Kakimoto, Jim Mulick, Claudia Park, Larry Schechter, Shirley Weinland, and Ronald Westerman.

The editorial staff consists of Dick Docter, Judy Cook, Bob Tomlinson, Margaret Mueller, and Gerry Noble. They assist co-editors Doris Spotts and Don Mills in copy reading, rewrite, and make up of the paper.

Other editors are Helen Heitfield, managing editor; Mary Sharer, special assignments desk; Shirley Cutter, city desk; Don Humphreys, sports editor; and Jan Jones, society editor. Paul Kluth is staff photographer.

A few reporters are still needed. Applications should be left in *El Gaucho* office, Elm Hall 104.

DEADLINES
Absolute deadlines for any material to be printed in *El Gaucho* are Friday noon for the Tuesday edition and Tuesday noon for the Friday edition. Due to our printer's schedule these must be strictly enforced.

First Football Game and Rally; Car Caravan Will Precede Both

A caravan of cars will lead the way to the first Gauchito football rally scheduled at 4 p. m. today in the Sunken Gardens at the Court House at Santa Barbara street and Anapamu. The rally will precede the opening Gauchito football game against Whittier College to be held this evening.

'Seaweed Tangle' At Cabrillo Tonight

Tonight in the Cabrillo Pavilion, the Seaweed Tangle, the first after-game dance of the season, will be held from 10:30 p. m. until 1 a. m. Music will be provided by the Stardusters and the pavilion will be well-draped with fish nets and other nautical equipment.

Tickets are on sale from 60 cents per person and can be bought here on campus and will also be sold at the door. The dance is sponsored by Chi Delta Chi.

Skippy Loero is chairman for this dance and publicity is being handled by Lucy Doty. Tickets are being sold by the members of the sorority.

Library Staff Increased to Thirty-Three

The Santa Barbara College library staff has been increased this semester to include 17 full-time members and 16 student assistants, all serving in specialized fields in order to give students at this college the best possible aid in working out their library problems. It is to the advantage of every student to become acquainted with the members of this staff and with the many services which they are equipped to render.

The two new members of the regular staff this semester are Miss Jean Wycoff, a June graduate of the University of California Library School, and Mrs. Charlotte Cook, typist. Both of these women are in the catalogue department.

The old members of the staff are Mr. Berolzheimer, acquisitions librarian in charge of selection and purchase of new books and periodicals; Mrs. Wharton, periodicals and binding librarian and member of the acquisitions department; Miss McNabb, head of the catalogue department, assisted by Miss Dolly Ashley, Miss Mary Lou Trojan, former S. B. C. student, circulation librarian. Miss Trojan also has charge of shelving and keeping the reading room in order. Mrs. Blair Cameron is again in charge of the reserved book room and helps both students and faculty with their many problems.

Mrs. Violet Shue, who is reference librarian, is assisted by Grady Drake, Columbia University Library School graduate. Miss Mary Alice has in her charge the collection of juvenile literature, while Miss Minerva Cross is in charge of the Mesa Branch library.

The entire staff is eager to help solve any problems of the students and faculty which may arise regarding the library. Suggestions for methods of improving service are always welcome.

The caravan, led by the college band, will meet at the lower parking lot of the Riviera campus at 3:30 p. m. and proceed down Alameda Padre Serra to Grand; then down Valerio to Santa Barbara street; at Pedregosa the caravan will turn left to de la Vina street and continue down de la Vina to Victoria; turn right again at Anapamu and proceed to Anapamu and the Sunken Gardens where the rally will be held.

Cars may join the caravan anywhere enroute and the tradition of "Give a Gauchito a Lift" will be observed. A prize will be awarded for the best decorated car.

Before the big game a second caravan will leave the parking lot at 7:15 and travel down A. P. S. to Valerio; then follow Santa Barbara street to Pedregosa and De la Vina to Canon Perdido where it will turn right and continue up to the Mesa parking lot.

Peter Grant, chairman of the Rally committee, reminds all freshmen that they are expected to be on hand at the game to participate in the half-time activities.

CALL FOR MANAGERS

Any students interested in winning their UCSB letters by managing the Gauchito football team are requested to contact Director of Athletics Spud Harder or Senior Football Manager George Outland. Two sophomores, freshmen and juniors are needed.

The juniors receive a regulation Block C with the initial M sewn into it; the sophomores receive a special award; the frosh receive "53" numerals.

Tryouts Set for 'Of Thee I Sing'

Tryouts for speaking parts in "Of Thee I Sing," musical production to be staged jointly by the music, speech, and women's physical education departments, will be held Monday and Wednesday afternoons, September 26 and 28, at 3 p. m. in Oak Hall 7.

These tryouts are open to any regular student who is interested. Tryouts for musical and semi-musical parts will be held at a date to be announced later.

Copies of the script are in the reserve book room and further information about the production may be obtained from Mr. Theodore Hatlen of the speech department.

STUDENT DIRECTORY

Help wanted! Now! Students interested in journalistic endeavors or in student activities are urged to volunteer for work on the Student Directory. Many and varied positions are open. Those wishing to work on the staff may sign up in the Gauchito Office in Elm Hall 104.

MESA ELECTION
Shirley Lerner, student body vice-president, has announced that an election for Mesa Campus representative will be held in conjunction with the election of the senior and freshman class officers. Candidates for this office will be selected in the same way as the candidates for offices in the senior class. Further information is available in the student body office in West Hall.

Cafeteria Reduces Meal Ticket Price

A saving of more than 10 per cent is now possible for users of the College cafeteria through the purchase of meal tickets, Business Manager J. A. D. Muncy announced yesterday.

Meal tickets worth \$5.25 may now be purchased for \$4.75 at the cashier's office in Building C. Those students who have already purchased tickets at the former price of \$5.00 may obtain a refund at the same place.

Muncy encouraged students to take advantage of this substantial saving. The success of the plan, he explained, depended on a large volume of patronage, and only in this way could future additional savings be anticipated.

Muncy also said that he was gratified at the popularity of the Gauchito Luncheon, another convenient money-saving plan introduced at the cafeteria this semester.

EL GAUCHO

Published every Tuesday and Friday during the school year except during vacations and examination periods by the Associated Students of the University of California, Santa Barbara, California. Opinions expressed herein are those of the staff unless otherwise indicated.

Entered as second-class matter May 23, 1947, at the post office at Santa Barbara, California, under the Act of March 3, 1879. Mailing charge is \$2.00 per year, payable in advance.

ACTIVITIES VS. BOOKS —

During registration week we heard a lot about extra-curricular activities. Our minds were filled with dances, rallies, and frosh hazing. Then Monday we were suddenly faced with the reality of classes to attend and books to read. School had officially begun and with it came the battle between scholarship and social activity.

In trying to decide which should win in his own case a student would do well to consider the policy of the University of California. All branches of the school are famed for their emphasis upon student government and activities, but the university also has one of the country's highest scholastic ratings. A student can follow a similar code by participating in worthwhile activities and balancing them with earnest scholastic endeavor. If he does so he will not get the reputation of a grind, but neither will he be one of the disappearing race, the club-dubs, those who act on endless committees and clubs and still accomplish nothing. —d. s.

Leaves from the Jottings by Jan

Council Notebook

By Don Mills

The new Student Body Council as established by the revised constitution approved by the students last year is in full swing. Everyone has probably noticed some of the innovations that are now in effect, such as the Freshman Regulations, the reduced cafeteria prices, the new coordinating office, and new Freshman election procedure.

Since most of the news on this campus has its inception in student council meetings Tuesday nights in Ridge Hall, it follows that a column devoted to this important body, accurately reporting the decisions, policies, and recommendations made by council, will keep the students abreast of what is to come. Further, this column will attempt to make lucid the issues confronting the council, the actions taken by council, and how these actions will affect the students.

In the meeting last Tuesday council voted that ALL students engaged in student activities be required to be eligible according to the ASB constitution; this action means that students participating in ANY activity (i.e., music, speech, committee, active organizations) will have to maintain a C average one semester before, and during, the semester of that activity.

A Secretariat and a Speaker's Bureau were formed: the Secretariat to assist the ASB secretary and the Office of Coordinating Student Affairs; and the Speaker's Bureau to help publicize UC SBC activities.

A petition was made to the Administration to install a nickel music box in the Cafeteria, a step that will have a three-fold purpose: revenue for the Associated Students, pleasure for the Caf inhabitants, and a more quiet Cafeteria.

Minutes of council meetings will be posted in a conspicuous place for those seeking details of these actions.

That's thirty until next Friday.

Balanced Living

It Isn't Easy—

There has been a lot said about this business of successfully balancing your time between school work and social activity. It sounds like a good idea, it sounds easy, but just try it. I made an attempt the other night and here's what happened:

It was the evening after the very first day of classes. Dinner was over and the time was right to get to work on the first class assignments of the semester. There is nothing more important than that first impression you make on your professor. As an added incentive to systematic study I am now on probation and although I like to live dangerously, I am no fool, no one wants to live that dangerously.

I hauled out the books and opened up my notebook with its reams of blank, blank paper. I started reading in my first book. It made that snapping noise peculiar to new books as I opened it. I suddenly felt very sensible and intelligent. My roommate had already begun his lessons, but now he was restless and disjointed, angry mutterings came from his corner of the room. My friend likes a quiet study atmosphere and the boys downstairs were playing cards and stuff and making a lot of racket.

Suddenly a book hit the floor, a chair went over, and my roommate fairly shot out of the room as he shouted something about telling them guys a thing or two and did they think this was some blooming week-end. I could follow his progress as his size elevens hammered down the stairs. The voices down below fell to a steady hum. I started to read again and I guess it was when I was halfway down page eleven when I realized that the noise downstairs had in-

(Continued on Page 4)

THE CAMPUS CORNER

Claire Maher

HI GALS:

Here we are again, poised pens and blank notebooks in hand, ready to make lots of A's this semester.

But let's not open those books too soon. We still haven't heard what Jamie Gaucho did this summer. But we can guess. Gals, those smooth tans look marvelous.

While on those jaunts to the beach these sunny afternoons, remember to stop off at the Campus Corner in the Jack Rose Shop to see the many new things that will complete or supplement your '49 Wardrobe.

And to all you NEW GALS, do drop in and get acquainted. I'd love to meet as many of you as I can.

Be seeing you all,
CLAIRE MAHER.

Campus Cuttings

ALPHA PHI OMEGA

Santa Barbara's chapter of Alpha Phi Omega, National service fraternity of former Boy Scouts, met last Monday to renew old acquaintances and to plan for the fall semester ahead.

President John Sterrett announced that APO will be the only group this year acting as ushers for the Homecoming Parade, one of Santa Barbara's most colorful spectacles.

The Open House for next Monday was scheduled to be at the Scout meeting room in the basement of Santa Barbara Junior High School at 7 p. m.

SPURS

Spurs started off a very active semester as a service honorary. They were in evidence to serve at the AWS Punch Bowl, at the table where they sold Frosh ribbons, Bibles, and pamphlets — mainly Jamie Gaucho. They were active in the sales campaign of tickets for the AWS-AMS picnic at La Playa, and helped in the required assembly for women students.

Spurs will appear in the future in the plans for initiating freshmen, in caring for the student mailboxes, and on Wednesdays in their uniforms on campus.

PHRATERES

Women students are invited to attend a Phrateres tea Sunday, September 25, from 3 o'clock in the AWS room. Phrateres, a social and service organization, invites the membership of all campus women. Students wishing to attend the tea are asked to leave word in the Dean of Women's office by Friday noon.

WAA

The first meeting of WAA will be held on the Hockey Field, Monday, September 26, at three. WAA welcomes all women students, whether the sports-loving type or not. For further information contact Miss Hodgkins of the Women's Physical Education Department.

Crash Pilot Student Here

Readers of LIFE magazine for December 9, 1946, will remember the story. Pilot of the ill-fated plane was Captain Ralph Tate, Jr., now a student here. For Tate and the 11 passengers in his U. S. Army transport the flight from Vienna to Marseille was cut short by a sudden downdraft in the Swiss Alps, and was followed by the greatest mountain search in history.

On the afternoon of November 19 listeners in Istres, France, picked up the first weak radio signal saying that Captain Tate's plane was down. Within 24 hours all the scientific and mechanical weapons perfected in wartime were being rushed into use for search and rescue. After three days and nights, the stranded plane was spotted from the air. Then, for all the modernity of the search, it remained for hard-bitten, mountain-wise Swiss alpinists to climb the fissured glacier to the marooned party. Rescuers reached the plane after a five-mile climb. The wreck lay on a steep slope where night temperatures went down to 30 degrees below zero.

The passengers were carried from the scene by a ski-equipped rescue plane, with Pilot Tate the last man from the glacier.

In addition to the story in LIFE, an article concerning the crash appeared in the Atlantic Monthly, and the rescue tale is the subject of the book "Twelve Walked Away," condensed in the Reader's Digest for April, 1948.

Ralph is here from Michigan State College.

Gals,

With your first hectic week concluded, you are about to settle down to a semester of work. I think it's only fair to bring a bright spot into the picture. Look at all the great times you'll be having at games, dances, parties, and just around campus. That means—clothes.

The place to get your togs for all occasions is "Wendel's," the shop that caters to college girls, where prices are low and selection is wide.

Coats — jackets — fall cottons — jewelry — luggage — everything from A to Z.

Drop in and take a look.

Dear Roy Engle:

Well, pal, here's wishing you the best of luck in your first test of coaching prowess with a Santa Barbara College eleven. You may not have an outstanding team but you have a good bunch of scrappers to work with, and I feel certain in saying that they and the student body are behind you 100 per cent.

Not to discourage you even before the first game, but have you read the papers lately? You know, the college has lined up a mighty rough schedule for '49. A look at our future opponents' workouts and games last week-end shows only one enlightening thing. San Jose can be beaten! Albeit, Stanford has a good ball club but for crying out loud, the Spartans never got closer than 40 yards out and we did much better than that against last season's Oregon team, about comparable to Stanford this season.

Opponents Loaded

On the dark side of the ledger, however, comes news from down south that our first three opponents, Whittier, Pomona, and Occidental, are all loaded and ready to fight it out among themselves for the Southern California Intercollegiate Conference title. Whittier had the largest turnout of any of the schools with 66, some 20-odd being returning lettermen.

The Poets' two outstanding performers are expected to be Guard BILL PAYNE, the team captain

and all-conference selection last year, and Quarterback DICK TUCKER, also all-conference (second string) last year.

If you get by tonight unscathed, then next week comes FUZZ MERRITT'S Pomona Sagehens who gave us a bad scare last year before finally succumbing to a last-half rally on our part, 32-14. Led by the great All-SCIC triple-threat, JOHNNY McCOLL, at quarter, Pomona will have a powerful first string but unknown reserve strength operating out of a single wing and using a two-platoon system. A dozen or so returning lettermen include Halfback LLOYD HERBENER, Tackle DICK FARRAND, and Fullback GEORGE COLBATH. FARRAND was also a 1948 all-conference choice. With the game being played in the southland this time, the Sagehens may pile up more of a quick lead than last year and be able to hold it to the wire.

Oxy in Two Weeks

Ah, but the worst is still to come and the sked-makers have saved the Oxy game for the last of the non-conference scraps this fall. Saturday night, October 8, Coach ROY DENNIS' conference champs play a return engagement in Santa Barbara and the Tigers have big plans of adding the Gauchos to their list of nine consecutive victims. Last year it was only 8-7, Oxy, in a game that could have gone either way, but with 22 lettermen back, four of them all-conference, the Eagle Rockers have

GAUCHO GRIDMEN FACE POETS

IT'S ALL IN THE FAMILY—Gauchos brother act for 1949 features Doug Gorrie at halfback slot taking handoff from Dick, quarterback.

Keeping Tab on Our Opponents of the Future—San Jose Licks Wounds, Preps for Broncos

SAN JOSE, Sept. 22.—The highest scoring team in the nation—both ways—San Jose State was hard at work today preparing for its Saturday night game with Santa Clara. The Spartans opened their season with a rousing 103-0 whitewashing of an undermanned University of Mexico eleven but were unmercifully brought back to earth by Stanford last Saturday to the tune of 49-0.

This pasting was the worst for the Spartans in 24 years. It was the third highest score ever recorded against a San Jose team, and Coach Bill Hubbard and his aides, Bob Bronzen and Bud Winter, still have not been able to account for the lethargic showing against the Indians. The Spartans were flat and gave no indications of the team which has been so impressive in earlier workouts. The Santa Clara game is one of

the highlights of the season, and the largest crowd in San Jose football history is expected to witness this crosstown battle between two teams who already have tasted defeat. The Broncos fell before a superior California grid machine, 21-7.

Meanwhile there was little to cheer Spartan coaches. Against Stanford the passing and ball handling of Quarterbacks Gene Menges and Dean Sensenbaugh was good under the conditions. Reserve Tackles Jim Wheeahan and Ed Miller played good ball in the line, and third-string Right Halfback Don Dambacher was outstanding both on offense and defense. End Billy Wilson was sporadically good on defense and made several nice pass receptions. The other terminal, Junior Morgan, played good ball until he was injured.

Engle & Company in '49 Debut Against Whittier at 8 Tonight

Santa Barbara kicks the lid off their 1949 football season tonight, as the Gauchos meet a hard-charging contingent of veteran gridsters from Whittier College at La Playa Field. Kickoff time is set for 8 p. m.

Coach Roy Engle isn't the least bit optimistic when proclaiming that his charges are still a little green and have a lot to learn. The Gauchos may have the jump on the Poets in the pre-season practice department, but Whittier sports an all-veteran lineup and twelve returning reserves.

Rule Changes Listed To Help Average Fan

When the opening game of the 1949 football season gets under way tonight at La Playa Field, fans will be confronted with some 56 major and minor rule changes, and to make the game a bit clearer to all interested spectators, here are some of the most important revisions:

Legal blocks from the rear, if the initial contact is made above the waist of the man getting blocked, are no longer to be construed as "clipping."

The Gauchos will employ a "T" formation quarterback. As long as this man is close enough to the center, on offense, to make it physically possible for him to handle a "hand to hand" snap from center, he is ineligible as a pass receiver during the play. During a "T" formation play, the quarterback would always be in this category and is therefore an ineligible pass receiver.

Opposing linemen must always face squarely at each other and no longer will they be allowed to turn their backs on each other. Follow through privileges after a chest or shoulder block have been abolished and it will be ruled "illegal use of hands" if a blocker does not keep his hands in contact with his body throughout the entire block as long as he is contacting his opponent.

A ball kicked from scrimmage that crosses the goal line is not automatically dead as it was last year. This rule will permit runouts by the receiving team if they so desire, and also make possible the recovery of a fumble for a touchdown for the kicking team on such kicks that are handled by the receiving team. If a scrimmage kick travels over the line of scrimmage and for some reason rebounds back over the line of scrimmage, the ball may be recovered by the kicking team and advanced as far as possible, at which point it is first down for the kicking team.

When a backward pass or fumble goes out of bounds between the goal lines, the ball becomes dead and belongs to the passing or fumbling team at the out-of-bounds spot, regardless who last touches.

Assistant Coach "Doc" Kelliher sticks up for the defensive team, saying it's stronger than last year's set-up. Newly acquired to the coaching staff this week, Cy Williams will assist Engle at coaching chores in the line.

Spearheading the Gauchos in tonight's tilt will be a pair of fleet-footed halfbacks in Dick Johnson and Tommy Kelley. Both are reputed to run the century in under 10 seconds. Doug Gorrie fills in at right half, with Russ Bertell taking over at fullback. Santa Barbara's aerial arm will be supplied by Glenn Mullaney. Snagging Mullaney's attempts will be ends Adrian Adams and captain for tonight's game, Fred Lloyd.

A relatively light line finds Bob Woolridges and Wayne Tempelton at the tackle posts, Gene Bynum and Dick Bowdy at guards, and Warren Vinton at the center of the forward wall. The Gauchos' secondary backfield formation is strong with Ken Brittingham at right half and Don Fredrickson at left half. Transfer Roland Brice from John Muir J. C. should provide the bulwark at the defensive fullback slot. For those points after touchdowns, rely on Clyde Francisco, from Chaffey Junior College. His toe spelled victory more than once last year for the Panthers.

Engle will shoot a "T" formation game at the Whittier team, which boasts of a pair of threatening break-away artists in Al Gasparian and Wayne Dial, two transfers. The Poets are two deep in returning lettermen at every position. Their number one star on the forward wall is Captain Bill Payne at right guard. Fullback Herman Reed is a good fellow to watch. His line plunging accounted for numerous tallies last year. Bob Block and Ken Chandler make two dangerous wingmen, especially when the passing attack is aimed at them from any one of Whittier's three left-handed right halves, Andy Wood, Dial, and Rod Burroughs. The Poets will operate offensively from the single wing. Head coach is "Chief" Newman.

Twenty-five cents and a student body card will admit A. S. B. members to the rooting section. Tickets are on sale at the Graduate Manager's office or at the gate tonight.

State's First Constitution Described By Ellison

SANTA BARBARA, Sept. 20.—Early political struggles involved in the formation of California's first constitution are described by Dr. William H. Ellison, professor emeritus of history at Santa Barbara College of the University of California, in an article published in the current issue of the *Pacific Historical Review*.

Entitled "Constitution Making in the Land of Gold," this centennial article is part of a larger study of California politics and government soon to appear in the *Chronicles of California*.

Dr. Ellison is a former president of the Pacific Coast Branch of the American Historical Association.

He points out that the first actual government by the United States in California was military and not constitutional. It began when Commodore John D. Sloat took possession of Monterey in 1846 and raised the American flag there. Three years later a constitutional convention was called when General Bennett Riley was governor.

"To a surprising degree," Dr. Ellison writes, "... the makers of the constitution of California laid aside their sectional, class, and race prejudices... For the times, the constitution they produced was remarkably liberal. By clauses protecting the rights of wives, providing for an elective judiciary, and prohibiting slavery, and by the convention's refusal to exclude free Negroes, promise was given of progressiveness and freedom."

DANCE WORKSHOP STARTS TUESDAY

Do you like to dance? Dance Club is sponsoring a workshop for all men and women students who are interested in modern dance. Several programs are scheduled in which people in workshop may participate. One of these events is the musical show "Of Thee I Sing." Anyone interested should come to the Women's Gym Tuesday at 4 o'clock, or contact Harriett Beu, Dance Club president, or Miss Bellinger, advisor. The workshop will be held every Tuesday and Thursday from 4 to 5 o'clock.

DON-ATIONS . . .

(Continued from Page 3)
An improved squad that reached its peak at the end of last year by whipping Colorado A&M in the Raisin Bowl.

Well, Roy, I have lots of other cheerful news for you but it can wait 'til later. I'm sure your lads are hot to get off on the right foot tonight and we're hoping you're the guy who can help them.

Sincerely,
DON HUMPHREYS,
Sports Editor.

Balanced Living—It Isn't Easy

Creased far beyond the degree that had so irritated my roommate a few minutes before. Roommate hadn't been back, either. I was about to go down and check up

Aluminum or Magnesium? I. E. Prof Elucidates

Can you tell the difference between magnesium and aluminum? Probably not, but before you dismiss the question as being of little concern to you, a word about the danger involved in faulty identification might change your mind.

Louis S. Taylor, assistant professor of industrial arts at Santa Barbara College of the University of California, tells about this danger in an article in the September issue of *Industrial Arts and Vocational Education*.

The extensive use of magnesium and its alloys during the war created large stocks of scrap and surplus metal, he points out. Quite often it has been mistaken for aluminum. This faulty identification has resulted in some serious consequences, since magnesium under certain conditions will take fire and burn with an intense heat.

Once a fire from magnesium has started, it is extremely difficult to extinguish, Taylor writes. In large foundries where the casting of magnesium is an everyday occurrence elaborate precautions are taken to prevent fire.

Another danger lies in the fact that magnesium reacts violently with any kind of moisture. A wet

tool placed in molten magnesium is inviting disaster.

Taylor cautions that unless a school shop is equipped with adequate safety devices it is unwise and unsafe to attempt the casting of magnesium. Every metal shop teacher should be able to distinguish between magnesium and aluminum, he advises, suggesting a few simple tests to help in making the proper identification.

For one thing, magnesium is about a third lighter than aluminum. It is also more brittle, and when broken shows a lead gray color in contrast to the more nearly white aluminum. Finally, when all other tests have failed and there is still doubt, a small amount of filings may be placed on a fire

NOTICE

Jean Kistler, chairman of the Activities Control Board, requests that all chairmen or presidents of boards, committees, and organizations turn in the information requested by her board as soon as possible. The absolute deadline for turning this information in to the office of the Dean of Women is October 15.

brick or an asbestos pad and heated with a welding torch. Magnesium will ignite and burn while aluminum will tend to flow together without burning.

Taylor is on sabbatical leave at present, working toward his doctorate at the University of Oregon.

Know Your Gaucho Songs

Since many students, both new and old, are unfamiliar with all the words to the songs sung at football games by the rooting section, *El Gaucho* prints them here. The singing of these words will add to the effectiveness of our rooting section at tonight's Whittier game:

HAIL TO CALIFORNIA

Hail to California, Alma Mater dear,
Sing the joyful chorus, sound it far and near.
Rallying 'round her banner we will never fail;
California, Alma Mater, Hail! Hail! Hail!

Hail to California, Queen in whom we're blest,
Spreading light and goodness over all the West.
Fighting 'neath her standard we shall sure prevail;
California, Alma Mater, Hail! Hail! Hail!

ALL HAIL, BLUE AND GOLD

All hail Blue and Gold, thy colors unfold,
O'er loyal Californians whose hearts are strong and bold.
All hail Blue and Gold, they strength ne'er shall fail.
For thee we'll die, all hail, all hail.

All hail Blue and Gold, to thee we shall cling.
O'er loyal Californians whose hearts are strong and bold.
All hail Blue and Gold, thy strength ne'er shall fail.
Thy sight we love, all hail, all hail.

FIGHT FOR CALIFORNIA

Our sturdy Golden Bear is watching from the skies,
Looks down upon our colors fair, and guards us from his lair.
Our banner Gold and Blue, the symbol on it, too,
Means fight for California, for California through and through.

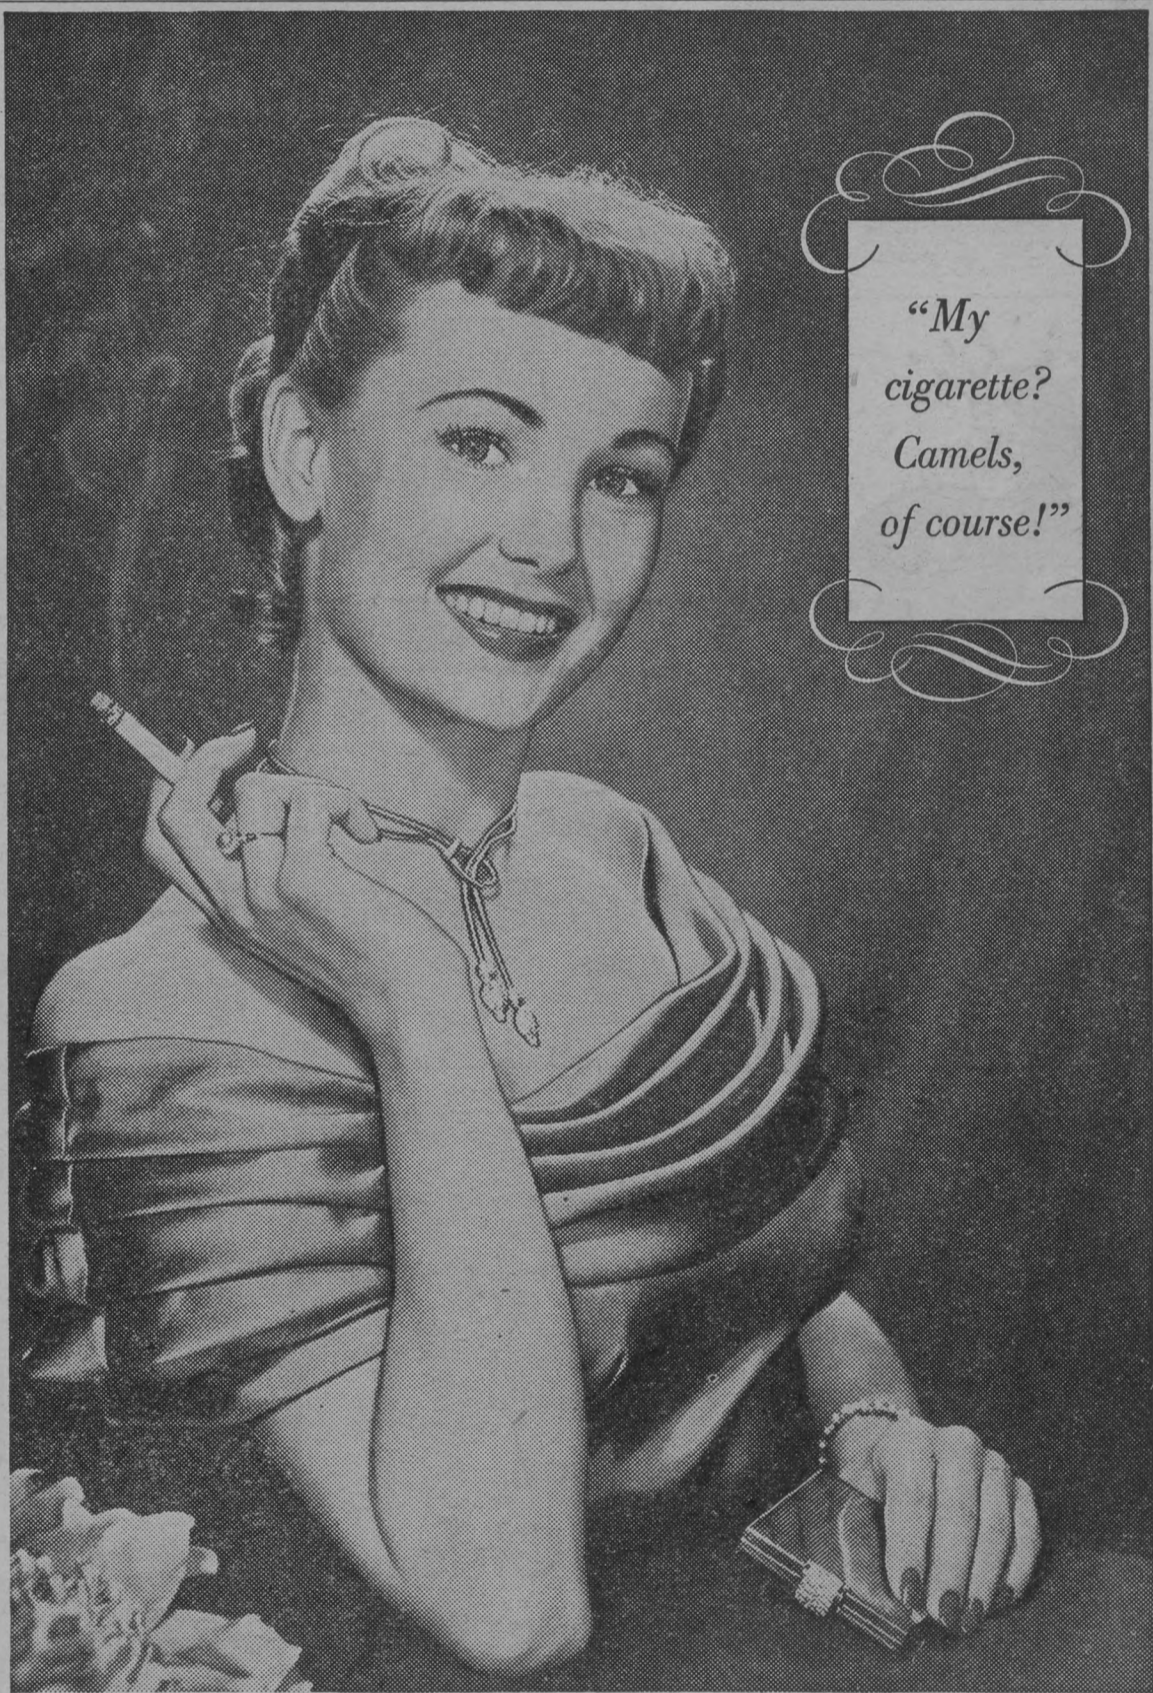

SANTA BARBARA FIGHT SONG

Fight, fight, fight for Santa Barbara,
Right, right, right in every play,
On, keep fighting on, you Gauchos,
Win the game today!
Sunset gold of California,
Mountain, ocean blue,
For your colors win, win, win,
You Gauchos, we're for you!

ON TO VICTORY

On to victory, you Gauchos who are strong and bold.
Santa Barbara, we will unfurl our colors blue and gold.
Alma Mater, dear, your sons are here to do or die.
On to victory, Los Gauchos, Fight, Fight, FIGHT.
