CARPINTERIA, CALIFORNIA, THURSDAY, DECEMBER 9, 1938

NUMBER 41

Christmas Program to Be Presented Thursday Evening

A musical play, based on carols and folksongs of other lands, will form the program of the Community Christmas entertainment to be given at the high school next Thursday evening. Students of the high school and upper grades of the grammar school will sing in the entertainment, directed by Fred Greenough, Miss Vivian Rodriguez and Miss Elizabeth Platt. The program is sponsored annually by the Woman's club, the committee this year being composed of Mrs. Joseph H. Hendy, Mrs. James L. Kent and Dr. Genevieve Shorkley. All other valley organizations are cooperating in preparing baskets for distribution just before Christmas. A large tree is being erected in the corridor which will hold the clothing and food-stuffs which form the admission price.

High school organizations, the Hi-Y and Tri-Y, will distribute the baskets. The vocational agriculture classes have been putting in order the strings of light which will illuminate the outdoor tree.

METHODIST MISSIONARY GROUP MEETS

The Missionary Society of the Methodist Church met at the parsonage Wednesday evening, with Mrs. J. J. Woodson as hostess. Following the regular business meeting, Mrs. A. R. Horton gave a review of the Methodist Missionary Field. At the close of the evening refreshments were served.

Among those present were, Mrs. A. W. Horton, Mrs. Bright, Mrs. Blanche Koehler, Mrs. George Clark, Mrs. Jesse Husted, Miss Henrietta Fish, Miss Julia Fish and Mrs. John McIntyre.

Rev. and Mrs. John N. Ashley and Dr. E. W. Strickerd, district superintendent of the Long Beach Methodist, accompanied Rev. and Mrs. J. J. Woodson of Carpinteria to the zone meeting of Methodist pastors which was held in Oxnard on Monday.

Football Banquet to Mark Close of Eleventh Season

Arrangements have been completed for the eleventh annual high school football banquet and dance which will be held tomorrow night. The banquet which will be attended only by student body members, faculty, school board, the team and several invited guests will be held in the Veteran's Memorial building and will be followed by a dance in the high school auditorium for student body members and their guests.

Fred Greenough will act as toastmaster at the banquet and will introduce the speaker of the evening. Results of the election for Captain of next year's team will be announced and Richard

FIREMEN ELECT OFFICERS FOR COMING YEAR

The Carpinteria Firemen's Association held their regular monthly meeting in the Veterans' Memorial Building on Tuesday evening and elected officers for the coming year as follows: president, Milton Duncan; vice-president, John E. Jones; secretary, Frank Burbridge; treasurer, L. R. Carter.

The new officers will be installed at a joint installation of officers of the association and the auxiliary to be held in the Memorial building on January 3rd. Auxiliary members will be guests of the association at a dinner which will be followed by a motion picture show.

Fire Permit Needed

Residents of the Carpinteria fire district are reminded that burning permits are required for all burning other than small rubbish fires and that permits may be secured from Chief L. R. Carter in Carpinteria or from the fire station in Summerland.

VENTURA J. C. BUILDING UNDER CONSTRUCTION

With erection of the scaffolding for the cement forms, the first unit of the Ventura junior college building program is well under way. This unit is scheduled for completion in May. All footings and walls are up as far as the first floor, which will probably be poured this week.

Plans for the agriculture and gymnasium units were sent to the State division of architecture for approval following their approval in a special meeting of the school board November 22. Purchasing a site for a woman's athletic field was also sanctioned by the board. This site is east of the barranca.

Chronicle Want Ads bring results.

C. OF C. MEETING NEXT WEDNESDAY

The regular meeting of the Carpinteria Valley Chamber of Commerce will be held next Wednesday evening, Dec. 14, in the Justice Court room Veterans' Memorial Building. All members or interested citizens are invited to attend, and take part in the discussions.

SANTA CLAUS TO VISIT HERE ON SATURDAY

Word has been received from Santa Claus by Wm. H. James, secretary of the Chamber of Commerce that he will be in Carpinteria at the Chamber of Commerce office on Saturday afternoon at 2:00 p. m. and that he would like to see all the boys and girls from 1 to 100, at that time, so if you have any requests as to what you want for Christmas you are invited to come and tell him all about it.

FELLOWSHIP CLUB ATTENDS DINNER IN SANTA BARBARA

Members of the Men's Fellowship club of the Community church met for dinner at the Christian church in Santa Barbara Monday evening, and went on to the Museum of Natural history where the curator, Dr. Arthur Sterry Coggeshall, explained the new features and guided them in a tour of the museum.

Those in the party included Rev. Deane F. Babbitt, James A. Lewis, Carey Demaree, Ernest Houghton, West Tobey, Ray B. Cook, J. C. Furby, S. C. Snow, C. C. Heltman, Bruce Heltman, Frank Roberts, Del Kent, William H. James, Barney Kathman, S. C. Maddox, W. W. Humphrey, Kenneth Bates, Dr. J. B. Lape, Jack Wullbrandt, Myron Sturmer, H. W. Sturmer, A. M. Clark, W. Guy Stockton, Geo. Boverson, C. A. Catlin, B. E. Clark, Albert Coles, J. M. Shride, M. F. Lewis, F. L. Smith, J. I. Plock, Harry Ingerson, J. V. Van Meter, Bert Lausch, Harry L. James, D. I. Jamerson, Glen Humphrey, Lonnie Faught, W. L. Kenyon, R. O. Munn, Mumford W. Kenyon, A. L. O'Banion, Stanley Lane, and Ben G. Wright, bursar of the museum.

LEGION AUXILIARY CARD PARTY TO BE HELD TONIGHT

Plans have been completed for the American Legion Auxiliary Card party which will be held this evening at the Veterans' Memorial building at 8 p. m. and preparations have been made for 150 guests.

A large Christmas tree has been erected and decorated and will bear numerous prizes which will be distributed throughout the evening. Various card games will be played and refreshments will be served.

Cup Offered as Prize for Best Outdoor Xmas Tree

ATTEND ECONOMIC COUNCIL IN SOUTH

Mr. and Mrs. Wm. H. James attended the Economic Council of Southern California in Los Angeles Friday and Saturday, Dec. 2-3, at the Chamber of Commerce building, which was attended by a good representation of those connected with the different Chambers in the eleven southern counties.

Several matters of interest were taken up and discussed, among which were the "Tide Land Drilling," "Taxation," "Social Security Act," "Spanish Land Grants," and "Wage-Hours Bill."

Congressman Costillo was present and gave a fine talk, as were also several of the State Representatives and Senators who gave talks on the matters that are to come up at the session of the legislature in January. They returned home Monday bringing home with them their granddaughter Betty Mae Mead. On Sunday their other granddaughter Helen LuEttie Mead had the misfortune to break her left leg just above the ankle while on a swing on the grounds near the coliseum, and was taken to the Osteopath Hospital.

GRANDSTANDS FOR ROSE PARADE NOW BEING BUILT

The numerous grandstands along the route of the Tournament of Roses Parade in Pasadena on Monday, January 2, 1939, are already under construction, reports the Touring Department of the National Automobile Club. Early reservations will be assigned best seats available in the desired price class. One of the most strategically located reviewing stands is the Carmelita Civic Grandstand, located in the northeast corner of Colorado and Orange Grove Avenue, at the Memorial Flagpole. This large, well constructed and comfortable grandstand will conveniently seat 4,520 people with an unobstructed view of the famous spectacle. It is also the nearest stand to the Rose Bowl and has parking facilities in the rear for 800 cars.

Girl Scout Committee Names Officers for Coming Year

Members of the Girl Scout committee were hostesses at the annual dinner for the troop leaders and new members of the Committee at Rock Beach cottage Monday evening, when officers were elected. The same officers were chosen for a second year as follows: President, Mrs. L. K. Hebel; vice-president, Mrs. John F. Rock; secretary, Mrs. Stanley Shepard; treasurer, Mrs. Chester Miller.

New committee members are Mrs. Harlin-Henderson, Mrs. Mix

In order to stimulate interest in the decoration of outdoor Christmas trees a beautiful loving cup has been donated as an award to go to the home which is adjudged the most outstanding in the valley for its decorations this holiday season. The winner of the award will be allowed to keep the cup until next December when it will be returned to the Chamber of Commerce office to be awarded to next year's winner. Should the same family win the award three years in succession they will be given permanent possession of the cup and a new one will be purchased for the following season.

The judges are to be David Safwenberg, president of the Chamber of Commerce; Mrs. M. Hendry, president of the Woman's Club and Dr. G. H. Coshow, president of the Lion's Club.

All residents of the valley who have trees suitable for decoration are urged to join in the contest and it is hoped that Carpinteria will be one of the outstanding communities on the coast highway.

ATTEND MISSION TRAILS CONVENTION

A number of Carpinterians expect to attend the California Mission Trails Convention in Santa Barbara Friday and Saturday of this week, which will be held in the Supervisor's room in the court house and those who expect to attend are Mr. and Mrs. Ray Doell, Pine Haven Motel, and Mr. and Mrs. W. Kenyon of the Carpinteria Motor Courts. Misses Hester and Julia Fish, Beach Auto Courts, President Safwenberg and Secretary James of the Chamber of Commerce.

Members of the Gnomes club of Santa Barbara State College held their Christmas dance at the Woman's club Saturday evening. Decorations were in red and silver, the programs and cards being in the club colors, green and white.

Tickets for this desirable grandstand are in demand and early reservations are recommended.

VandeMark, Mrs. Randall Curtis, Mrs. Clark Catlin and Mrs. Lloyd Hales. Other members are Mrs. Donald Bailard, Mrs. Hugh Thurmond, Mrs. E. D. Solari and Mrs. Marc Latham. Leaders present were Mrs. Merle Staub, Mrs. Emory Peterson, Mrs. George Holsten, Mrs. Irvin Treloar, Mrs. Richard Westcott, Miss Elizabeth Platt, Miss Vivian Rodriguez, Miss Alice Langdon, Miss Ellyne Mallery and Miss Rosemary Carton.

AT YOUR SERVICE

The art of printing has grown from a case or two of type and a small hand press that worked like a paper presser, into a highly mechanized shop, with expensive mechanized equipment that allows perfect production for any type of work in any color or group of colors.

Types have multiplied until it is customary to see a word of the substantial status of "coal," printed in a heavy solid type that typifies coal, while such articles as ladies' frocks are handled in graceful type, light and generally italic.

Your local printer has invested heavily to give service, and modern typography. He can successfully compete with the quality of printing in the big city shop, and he can be depended upon to give a dollar in value for a dollar spent, instead of showing "attractive" samples to get an order and then delivering a cheap product, with cheap stock and standardized type and shoddy workmanship.

As often happens, the local printer suffers when a salesman from one of the mail order houses passes through his town, but in the end he wins, for most buyers are quick to learn that there is satisfaction in dealing with a printer who is known to stand back of his work, who is always on the job when needed, and who has thought enough of the city to invest the thousands of dollars necessary to supply the best type of printing available in these modern times. On that next printing order, "Shop at home!" It will pay real dividends.

LET'S REACH THE GOAL

The raging blizzards that have swept the East, claiming scores of lives, foretell the approach of winter weather to California.

High in the mountain ranges, dazzling snow mantles and ice-bound lakes already testify to the handicraft of Winter's wizardry, and early dark and oncoming rains in the valleys and coastal lands clock the official approach of mid-winter on the Weatherman's calendar.

They carry, too, words of caution to drivers, for this is the season when soon-coming dusk and slippery pavements prepare for their annual carnival of death for the unwary motorist and pedestrian.

Every year since 1926, December, month of glad tidings and good cheer, has been the grim high scorer for the year in traffic fatalities.

But this year great history is being written in traffic safety. While American motorists are coursing down the highways to set a record-breaking figure of 300 billion miles traveled, they are also heading for a superb record in life-saving accident prevention. At the present rate, the number of fatalities in 1938 will fall 12,000 under the 1935 toll.

Safety campaigns, energetically conducted by schools, newspapers, and other public groups, are indeed winning their spurs as life-savers, for it was long

The Churches

Carpinteria has a number of Churches, whose pastors and members will be glad to welcome you to their services.

CHRISTIAN SCIENCE SOCIETY

Christian Science Society, Carpinteria, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds service every Sunday at 11 o'clock a. m., Sunday School at 9:45 o'clock. Mid-week meetings every Wednesday evening at 8 o'clock.

A reading room is maintained in the church building, open Tuesday afternoons (except holidays) from 2:30 to 4:30 o'clock.

"God the Preserver of Man" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. These words from the Psalms are the Golden Text: "Withhold not thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me."

A Scriptural selection in the Lesson-Sermon includes these verses from First Kings: "And it came to pass after these things, that the son of the woman, the mistress of the house, fell sick; and his sickness was so sore, that there was no breath left in him. And she said unto Elijah, What have I to do with thee, O thou man of God? art thou come unto me to call my sin to remembrance, and to slay my son? And he said unto her, Give me thy son. . . And the LORD heard the voice of Elijah; and the soul of the child came into him again, and he revived. . . And the woman said to Elijah, Now by this I know that thou art the man of God, and that the word of the LORD in thy mouth is truth."

This passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is also presented: "Scientific healing has this advantage over other methods,—that in it Truth controls error."

THE CARPINTERIA COMMUNITY CHURCH

Rev. Deane F. Babbitt, Pastor.
 The final test of the school of religious education is the extent to which it leads pupils in learning to live the Christian life. Church school under the direction of Del F. Kent provides the opportunity for real instruction at 9:45 each Sunday.

The world has but two conceptions of Jesus. Either he is truly a wonderful man, or he is the Son of the Eternal unlike any person that has ever been or ever will be. We start with a realization of the "humanity of Jesus", but we proceed to the fulfillment in our minds and hearts of Him as the Divine Son of God. "The Mystery of Godliness" is the theme of the Eleven o'clock worship service on Sunday morning. Special music bearing upon the Advent of our Lord will be contributed by the Community church chorus.

As the world prepares for the

ago proved that safety is no mirage. The admirable record of commercial highway users was not due to luck, but to strict adherence to the three C's—caution, concern and courtesy. If commercial drivers' skilfull, sportsmanlike handling of their vehicles earned them title to their name, "Gentlemen of the Highways," more of that same gentlemanly spirit among all drivers should prove an effective challenge to December weather.

If the rest of the year's record prevails, good December driving will put down to the lasting credit of America's motorists, 12,000 lives saved, and 350,000 injuries avoided. That is the goal almost within reach!

* * * * * Behind The Scenes In * * * * * American Business * * * * *

By John Craddock

BUSINESS — Although the usual year end hesitancy is noticeable in certain lines of industrial production, retail trade is maintaining a heartening pace. Exceptionally heavy gift and apparel buying is leading the parade in most cities. Every day sees added evidence that workers in industrial areas are benefiting from employment and payroll gains in the automobile and related industries. Engineering contract awards in November were 31 per cent above last year. Observers estimate that residential building contracts for the final quarter will reach \$300,000,000, which would represent a 77 per cent increase over 1937.

WASHINGTON — The Temporary National Economic Committee, erroneously labeled the "monopoly committee," last week began a two year study of the American economic scene. It will be the most sweeping investigation of business practices ever made in this country. The study, however, is not designed to pillory industry but is purely objective, according to on-the-record statements of Committee Chairman O'Mahoney, Wyoming senator. The first witness, Labor Department's statistically-minded Dr. Isadore Lubin, told the committee that before America can return to 1929 prosperity levels, two immediate problems must be solved. These are, he said: first, providing economic security (Continued on page 7)

Birthday of the King, young people of the Community Church Fellowship Group will consider the "Coming of the Kingdom" to this Earth! Miss Nina Anne Miller will present "The Kingdom of Heaven Is at Hand" at the 6:30 meeting. A social hour with refreshments will be conducted by Miss Madelon Southworth and Bill Jorgensen following the study period.

METHODIST CHURCH

Rev. John J. Woodson, Pastor
 10 a. m. Church school, Rev. C. P. Moore, general superintendent. Every teacher is endeavoring to impart the truth in such a way that it may become knowledge to the pupil, resulting in strength of character and power for service.

11 a. m. Morning worship, subject: "The True Spirit of Christianity."

6:30 p. m. Young people's meeting. We are well pleased with the way this department is starting the new year, no doubt great things will be accomplished by them.

7:30 a. m. Evening message "Wisdom Exemplified." We invite you to come and spend this closing service of our Lord's Day with us.

7:30 p. m. Wednesday, mid-week prayer service.

If you are not attending elsewhere we invite you to make this your church home.

WOMEN IN THE NEWS

By LEONE BAXTER

By S. Brown, Guest Writer

A state department of education official remarked last week that women innately excel men in power of logical thought, and would provide the leaders in the exact sciences today and had nature not also predestined women to be the "decorative" sex.

"Until girls reach the 'boy conscious' age," he declared, "their superiority to boy students in mathematics and geometry is marked, and for the simple reason that they give full play to their intellectual gifts. After that age, girls become aware that men, who on their side or foreordained by nature to be the strong protector sex, wish to be admired for their grade A thinking as well as their manly chests and biceps. So the gals deliberately make themselves more attractive by putting up a front of illogic and indecision and turning to the flattered men in moments of real or pretended crisis.

"Whereupon," the official said—said positively, since he was speaking anonymously—"the pretense of helplessness in dilemma on the part of women has grown into a tradition. Behind that tradition, you see, is the brilliant logic that illogic is the logical way to favor in the eyes of the deluded but happy men—if I make myself clear."

Well, it seems clear enough—if true. And no generality, that educator should be reminded, is 100 per cent true. Yet there is considerable evidence outside the schoolroom to give strength to his position.

Men have always excelled women in the arts. All poets and all musicians of the very first water are men. Few women can follow men far into the creative worlds where beauty is fashioned from dream stuff—the worlds where two plus two doesn't necessarily add up to four or anything else unless one wishes it so.

Could it have been possible that Immanuel Kant's women folk read his "Critique of Pure Reason" and behind his back, snickered at the book as puerile—and to his face told him that it baffled them and asked him to explain its unfathomable 'pure logic' to them?

Hardly—even our official will admit. It is true, though, that the wise wife, when the great man makes a business blunder, is exceedingly tactful when, and if, she points it out to him.

We can't go all the way to his conclusion with our official. But it is pleasant to know that a man in position to observe factually is of the opinion that the ladies, most of all of whom, he gallantly says, are "decorative," definitely are not dumb.

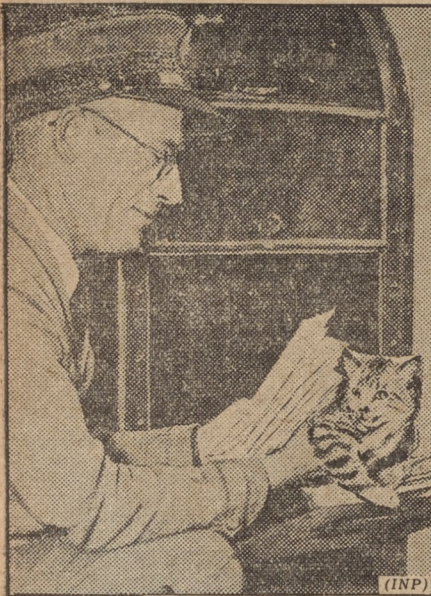

PERSONALS

AUTO CLUB POINTS TO DANGERS OF MOVING INJURED

The "good Samaritan" who grabs up an accident victim, dumps him into an automobile, and rushes pell-mell to a hospital, may have the best of intentions but often does more harm than good, according to the Automobile Club of Southern California.

Doctors are agreed that in nine cases out of ten, the best course is to make the patient as comfortable and warm as possible and allow him to lie quietly until the ambulance arrives. Of course, good judgment should be exercised in all cases, but unless there is a large loss of blood or unless the ambu-

lance is not expected for a long time the patient will be done more harm than good by a rough, fast ride to a hospital.

This is particularly true when shock. This condition is only aggravated by a nerve-racking ride before he gets medical help. In case of fracture, it is doubly dangerous to move a victim because the break may compound—the broken bone may force its way through the skin, which makes cure considerably more difficult. Fractures should be splinted at the scene and the patient taken to the hospital on a stretcher.

SOCIAL & PERSONAL

WEDDING OF LAST JUNE IS ANNOUNCED

Guests Sunday afternoon, Dec. 4, of Miss Edith Bannister, daughter of William D. Bannister, prominent educator of Los Angeles and Oxnard, and the late Mrs. Bannister, were completely surprised when instead of the anticipated betrothal announcement, the hostess made known her marriage to Alfred Frank Thurmond of Santa Barbara and Carpinteria Valley, last June 25th in Santa Ana. The quiet nuptials took place at the Santa Ana Episcopal Chapel. Mr. Bannister gave his daughter in marriage and Mr. and Mrs. Warren Clark were the couples only attendants.

The romantic news was revealed by means of telegrams which arrived for each guest present at the beautiful twilight tea which was held in the French Lounge of the Chateau Elysee on Franklin Avenue, Hollywood, from 4 until 6 o'clock. The hostess received in a gold satin afternoon gown of fuschia girdle and accessories, and orchid corsage. In the receiving line were Mrs. Warren Clark, who served as matron of honor, Miss Lua Thurmond, sister of the groom and Miss Esther Cornelius, a sorority sister. Pouring were Mes. William R. Cornelius and Philip S. Cummings of Oxnard. Also present were Miss Helen Ewing of Ventura county.

Miss Thurmond is a graduate of U. C. L. A. where she was affiliated with Gamma Phi Beta and Sigma Iota Chi honorary fraternity. She is also a member of Chi Phi Theta and "Stray Greeks" and is an accomplished musician. The marriage of the Ventura County girl to the Santa Barbara scion unites two prominent families of that section. Mr. Thurmond, who is a member of a long-line clan of Southern California, is a Stanford Alumnus. He is the nephew of Judge and Mrs. Robert E. Clark of Los Angeles, and a cousin of Judge Thurmond Clark.

The couple are awaiting the remodeling of a Spanish farm house on the Thurmond estate in Carpinteria Valley, where they will make their home.

CARPINTERIA COUPLE MARRIED AT PARSONAGE

Miss Bertha Emogene Hubbard became the bride of Charles Levi Mayrhofen at a ceremony performed by Rev. J. J. Woodson of the Methodist church in the parsonage on 8th street on Wednesday evening at 7:00 p. m. The bride was attired in a navy blue suit with accessories to match and wore a corsage of white sweet peas. The young couple were attended by Miss Jeane Hopper and Dennis Drake.

The bride and groom are resi-

dents of Carpinteria and will make their home at 304 E. Third Street. The young couple are planning a delayed honeymoon trip in the early spring which will take them as far east as Oklahoma where the groom's parents reside.

MRS. CARRIE MARTIN GIVEN SURPRISE PARTY

Relatives of Mrs. Carrie Martin joined in a surprise dinner celebrating her birthday last evening, those in the party including Mrs. Clinton Farrar of Santa Maria, Mr. and Mrs. P. I. Dane and daughter Carol, Mr. and Mrs. R. J. Ogan, Mr. and Mrs. Charles Treloar, Mrs. Lucie Treloar and Burdette Treloar

ALISO MOTHERS' CLUB HEAR MISS CARTON TALK

Members of the Mothers' club of Aliso school heard Miss Rosemary Carton tell of her trip to Mexico during the past summer at their meeting Wednesday afternoon. Miss Carton was dressed in a china poblana costume. Christmas carols were sung with guitar accompaniment by Ray Denno, Eddie Arrellanes and Gerald Velasquez, with Elyne Mallery at the piano. Carmelita Medel and Madeline Goena danced the Chiapanecas and Consuela Gonzales and Joaquin Jimenez danced a jarabe.

Attending were Mrs. Lucie Treloar, Mrs. George Nelson, Mrs. Charlotte Morrison, Miss Edna Coldren, Miss Leila Robbins and Miss Catherine Jones of the school staff; Mrs. Mary Morelli, Mrs. E. Saragosa, Mrs. E. Goena, Mrs. P. Vargas, Mrs. Maria Santellanas, Mrs. J. Sanchez, Mrs. Val Alonzo, Mrs. Rafael Rozales, Mrs. R. Cruz, Mrs. Annie Romero, Mrs. Nellie Jimenez, Mrs. R. Polyfox, Mrs. R. Gonzales, Mrs. C. Franco and Miss Mary Saragosa.

How to grow plants without soil will be demonstrated in a scientific exhibit at the 1939 California World's Fair.

SECOND OF PLAYS FOR CHILDREN AT LOBERO MONDAY

"The Little Princess," which the Clare Tree Major Children's Theater will present on Monday afternoon, December 12, at 3:30 at the Lobero theater has a happy ending as do most successful children's plays.

"All of the best-loved children's plays end happily," says Mrs. Major on the basis of her fifteen years' experience as head of the most extensive Children's theatre in the world. "Children demand happy endings. So do most adults, even those who may question the psychology of providing them for children when obviously as many endings in the actual world are anything but happy.

"When a child see Sara Crewe, who had to undergo hard work, privations and unkind treatment, attain complete triumph at the end of the third act, that child will himself be less oppressed by seeming unkindness from grownups because se will be able to visualize a happy end to it. Sensitive children are sometimes driven to despair by seeming inharmony and harsh dealings, simply because their limited experience does not show them the logic or reason behind their parent's actions.

The box office for "The Little Princess" opens tomorrow.

LIONS CLUB HEARS SPHAKER FROM OJAI

The Carpinteria Lion's club had as their guest speaker at their regular meeting last night, Billy Bush of Ojai, California. At their meeting last week they had as their guests Rev. Deane F. Babbitt and Harold Cadwell and two other members of the Carpinteria Boy Scout troupe.

PERSONALS

BECKY (played by Marcelle De La Grange) the little slavy in Miss Minchin's fashionable London boarding-school for young ladies, is one of the principal characters in "The Little Princess," Frances Hodgson Burnett's story which the Clare Tree Major Children's Theatre will present at the Lobero Theatre" in dramatized form, on 3:30 Monday afternoon, Dec. 12.

Your Hollywood Corresponden Reports . . .

Jack Benny, Mary Livingstone and Jack's writers, Bill Morrow and Eddie Beloin, are off for New York. It will be a vacation for Mary, but a busy trip for Jock. While there he plans to complete the script of next Paramount assignment, "Man About Town." John and Elaine Barrymore are using their "between scene" time on "Midnight" preparing for the New York trip they plan to take as soon as they complete the picture. Ray Milland bought a motion picture camera from Robert Florey, who is directing him in "Hotel Imperial." He plans to take several reels of film on his forthcoming European vacation. He leaves New York December 16th. Fred MacMurray just bought a new station wagon. Shirley Ross spent the day being drenched with seltzer water by Madeleine Carroll for scenes in their current picture, "Cafe Society."

Mary Boland ran off to New York when she got a ten-day vacation from her current picture, "Two Weeks With Pay." Carole Lombard's birthday gift to 4-year-old Tad Devine, Andy's son, was a real live Shetland pony. Bob Hope has to have his temperature taken several times for scenes in his current picture, "Never Say Die." He did a "double take" today when the thermometer registered two degrees of fever. He had been working with a sore throat but didn't know he had a temperature. Claudette Colbert is the busiest actress at Paramount what with completing her role in "Zaza" and just starting with Don Ameche in "Midnight." Joel McCrea calls his wife, Frances Dee, twice a day from the "Union Pacific" set, where he is working with Barbara Stanwyck. With time off from her latest picture, "Artists and Models Abroad," Joan Bennett is vacationing at Agua Caliente. Between races she's getting in some shopping.

John Howard, who has been going around with Kay Griffiths for over a year, escorted pretty Ruth Rogers to Paramount's preview of

Bob Hope and Shirley Ross in "Thanks for the Memories," now playing at the Fox Arlington Theatre, also on the same program "Tarnished Angel."

"EDNA HIS WIFE" TO BE PRESENTED AT LOBERO DEC. 14

Coming to Santa Barbara for her first engagement in four years Cornelia Otis Skinner, distinguished young Broadway star, will appear at the Lobero theatre for one matinee and one evening performance on Wednesday, Dec. 14, in her latest dramatic success, "Edna His Wife."

The unusual ticket demand from local as well as out-of-town playgoers gives early indication that both performances will be greeted by capacity audiences here.

In declaring that Miss Skinner's adaptation and performances of "Edna His Wife" gave her "one of

the latest Charles Laughton picture, "The Beachcomber." Claudette Colbert has had a kitchenette built into her studio dressing room. She likes to have lunch there when she's working. Ellen Drew all well following a recent emergency appendectomy and reporting to Paramount for wardrobe fittings on the gowns she will wear in her latest picture, "The Lady's From Kentucky." The pictures Bob Burns shows to everyone who visits the "I'm From Missouri" set at Paramount are those his wife took of him in Honolulu.

the greatest thrills I have ever experienced in the theatre," Margaret Ayer Barnes—who wrote the original novel, "Edna,"—paid tribute to the author-actress in terms that have since been warmly echoed by press and public.

The solo-drama written and acted by Miss Skinner is a skillful blending of the same tragic undertones and romantic comedy that made the novel a best-seller for many months.

The play opens in 1900, introduction Miss Skinner as Edna Losser, belle of an obscure Chicago suburb, excited over her meeting with Paul Jones, "the Gibson Man," an ambitious young lawyer with whom she elopes. As the action unfolds, Miss Skinner reveals in Edna a touching heroine—a woman who is unable to keep pace with her brill-

FOX ARLINGTON TO PRESENT FAMOUS SPANISH DANCER

European audiences at the concerts of Argentinita, the Spanish "queen of the dance" as she is known in her own country, who comes to the Fox-Arlington on December 12 in the course of her first tour of the United States, have been surprised and not especially flattered by her attitude toward them.

As she weaves through the intricacies of her authentic Spanish gypsy and South American dances,

her husband. After 38 years of marriage she survives blankly in the shadow of his success.

singing as though to herself the songs joyous, plaintive, passionate, with which dancers accompany themselves in Spain, she seems to be utterly indifferent to the spectators across the footlights. Indeed, she seems not even to realize they are there.

Critics in Paris and London have come to describe her as "the dancer who pleases herself." But the critics—and the audiences as well, after the first shock of seeming to be ignored—have used the phrase as a form of praise. For it is Argentinita's special contribution to the art of the dance that she has brought the strangely beautiful

Plenty of Action Promised in Gaucho Alumni Game

Gridiron civil war will take place on La Playa field of Santa Barbara Saturday, December 10, at 7:30 when the State College varsity meets a team of former Gaucho stars in a benefit game to provide aid for worthy State College students.

Leading the list of Gaucho alumni will be Howard Yeager, Little All American of two years ago and flashy speedster of 1937, at half-back for the All Stars. Yeager will arrive in Santa Barbara today by train, from New York, where he has been competing all season for the New Jersey Giants, professional football team. He has been acclaimed widely in the East for his spectacular play for the pros and has built himself an enviable reputation.

The All Star team boasts two Little All Americans and seven All Conference players of other years. The All Americans are Yeager and Doug Oldershaw who will start at guard for the alumni. The All Conference players include the two mentioned, and Donk Hart, center, Bob "Scooter" Morelli, left half, Dan Mulock, end, Harold "Sandy" Sanderson, fullback, and Al Young, end.

Seven members of the All Star team are at present coaching football teams in this vicinity. The playing coaches are Tommy Hart, coach of Santa Barbara's West Side Boys Club; Pete Hathaway, coach at Twin Camps CCC; Mayville "Doc" Kelliher, Oxnard high school coach; Mert Miller, lightweight grid mentor at the local high school; Dan Mulock, freshman coach at Corcoran; Oliver Seeley, coach of Los Amigos club here; Wilton M. Wilton, assistant varsity coach at the college, and Al Young, coaching in Carpinteria.

The odds on the game at the college are about even, although Coach Harder has expressed himself as worried about the threat which Yeager will provide in the All Star backfield. There are few gridders who are able to catch the Pasadena flash when he breaks through the line on one of his touchdown jaunts.

The varsity has been cooking up some new plays for the All Stars, and intend to wear the alums down by sheer man-power, by virtue of the fact that the regulars have more men available on their squad. Besides this fact the varsity's better condition and familiarity with the plays will compensate for the individual superiority of the All Star men.

Lineups for the game are as follows, as announced by the coaches:

Gaucho Varsity: Al Sprague, LER; Ed Larsen, LTR; Bob Hall or George Valos, LGR; Blynn Wilson, C; DeWitt Trewitt, RGL; Marvin Palmer, RTL; Bill Jessup, REL; Forrrest Gardenhire, Q; Bill McArthur, LHR; Larry Pickens, RHL; Peirino Merlo, F.

All Stars: Al Young, LER; John Twaddell, LTR; Frank Hayman, LGR; Don Hart, C; Doug Oldershaw, RGL; Earle Fredburg, RTL; Dan Mulock, REL; "Doc" Kelliher, Q; Howard Yeager, LHR; Bobbie Morrelli, RHL; Tommy Hart, F.

Travel authorities predict that 1939, with "Fiesta in the West" climaxed by the World's Fair on San Francisco Bay, will see new records set for westward tourist travel.

PIRATES NAME MOST VALUABLE PLAYERS OF YEAR

Jerry Baptiste, stellar 187-pound Pirate fullback from Somis, was voted into the honorary position of team captain for this season by his fellow footballers last week. The same vote named Norm Peters, 185-pound tackle, the most valuable man on the squad.

Baptiste, who alternated between his backfield spot and the center post, was acting captain throughout most of the year's games. Peters strengthened the weak tackle outlay of the team a week after the alumni game and has since been the backbone of the line, Coach Joe Buckmaster said.

FOX-ARLINGTON PRESENTS

(Continued from pae 5)
and expressive dances of Spain to the foreign theatre in their pure, undiluted form, without the self-consciousness of theatricalization which have been almost inevitable in Spanish dancing outside Spain.

Small, raven-haired, with the eloquent features and proud bearing of her race, Argentinita, though a full-blooded Spaniard, earned her name which means "the little Argentinian" when as a little girl she came to school in Madrid from the Argentine where she was born.

She fled her native land where she had been the head of the first all-Spanish ballet, performing such Spanish works as the ballet El Omor Brujo (Love the Sorcerer), until civil war broke out and her male dancers departed to engage in a less entertaining kind of dance—the dance of war and in many cases death.

Since leaving Spain Argentinita has been enjoying signal success in Europe, especially in London where he debut was sponsored by Lady Eleanor Smith and the English ballet dancer Anton Dolin, and with Queen Elizabeth in the royal box.

In her company on this her first tour of the United States Argentin

GUADALUPE ROAD BEING GRADED

Grading and surfacing operations are now under way on State Highway 166 between Guadalupe and Santa Maria, reports the touring bureau of the Automobile Club of Southern California. Approximately seven miles is being resurfaced to a width of 22 feet. Work is expected to be completed December 15, but present traffic is being carried over the project without interference.

Designing of a modern kitchen will be done before millions of visitors at the 1939 Golden Gate International Exposition on Treasure Island.

Howard Yeager, Little All American halfback of last year at Santa Barbara State and now pro-footballer who will star for the Alumni tomorrow night at La Playa Field.

UCLA SCHEDULES RECREATIONAL TRAINING COURSE

LOS ANGELES—The University of California Extension Division will be one of the sponsors of the second Recreational Training Institute to be held in Los Angeles from March 7 to April 4, according to Miss Margaret Wotton, executive secretary in charge of the state University Extension Division classwork in southern California.

The 1939A institute will continue a course of training held last year in Los Angeles and in addition will offer advanced work to leaders and students who are ready for advanced instruction in the field. Instruction will be offered in professional recreational leadership, hobby interests, group leadership and additional objectives. Sessions will be conducted during the day and evening in the auditorium of the Los Angeles Swimming Stadium in Los Angeles.

The Recreational Training Institute will be open to all individuals who wish to develop a better knowledge, appreciation, and avocation of recreational leadership in the growing needs of their groups or communities.

Information regarding registration and other details concerning the 1939 institute may be obtained from the Registrar, C. P. L. Nicholls, Room 305, City Hall, Los Angeles.

NEW BRIDGE ON HIGHWAY IS COMPLETED

Construction of the reinforced concrete bridge across the Salinas river at Soledad on U. S. Highway 101 is completed and the bridge is now open to traffic, reports the touring bureau of the Automobile Club of Southern California.

Argentinita has the assistance of Pilar Lopez, a popular young dancer who was second to herself in the Madrid ballet, Antonio de Triana who is noted for his gypsy style of dance, and guitarist and pianist. She opens her tour in New York this Fall and will visit 48 cities.

Warriors Defeat Ventura In First Practice Game

BOY SCOUT NEWS

Last Sunday saw the completion of another successful Boy Scout trip. A large group of Scouts from Troop number one took a one-day trip to Los Angeles under the direction of Scoutmaster James Kent and Assistant Scoutmaster Jordan.

Highlights of the trip were the time spent going through the exhibit buildings at Exposition Park and general city sights, some of which had never before been witnessed by some of the boys. A few hours at the beaches were allowed.

The new recreation Scout Hall has been steadily growing in popularity. A list has been kept of all boys who have dropped in after school to use the facilities; it is most promising. Some of the boys who heretofore were roaming the streets have now a place where they may go and enjoy themselves without the necessity of getting into mischief for a thrill.

The Scout organization wish to thank Mrs. Sebastian for her kindness in donating games to the Hall. It is hoped that other valley citizens will be kind enough to follow her example and donate anything that might be used by the boys in making their headquarters more successful.

Plans are underway already for the annual Catalina trip. This will probably be the biggest trip of the year by all indications. Over twenty-five boys have signed up so far.

GAVIOTA PASS BEING WIDENED

U. S. Highway 101 is now being improved between Gaviota pass and the Santa Ynez river, it was announced by the touring bureau of the Automobile Club of Southern California. A 2.9-mile section is being reconstructed with two 11-foot cement lanes and four reinforced concrete bridges. Traffic is being passed through construction and over surfaced detours without difficulty. Completion of the project is expected January 15.

WILL PLAY COLUMNIST

Allyn Joslyn has been cast as a New York society columnist, a role originally considered for Alexander Woolcott, in Paramount's "Cafe Society," opposite Madeleine Carroll, Fred MacMurray and Shirley Ross. Woolcott was unable to leave New York for the role.

Chronicle Want Ads bring results.

The Carpinteria Warrior basketball "A" squad was given its first real test of the season in a practice game with the Ventura "A" squad on Tuesday afternoon and judging from the results the Warriors should find themselves at the top when the season ends since they defeated Ventura 46 to 35. The line up for the game and points scored was as follows:

Carpinteria	Ventura
N. Clark 8	LF Figeroa 5
P. Olds 21	C Wilson 1
G. Milne 13	RF Gregg 22
W. Beckstead 3	RG B. Vaughn
L. Bailard 1	LG Benzor 6

Substitutes: Carpinteria, Babcock for Beckstead. Ventura, Havens, Sutor, Yannaz, Owens.

The first league game of the season will be played this afternoon when the Warriors journey to Simi. The games will start at 1:30 with the "B" team playing the first game. The line-up for this team which is coached by Fred Greenough is as follows: L. F., Osterman, C. R. Starkey, R. F., C. McIntyre; R. G., J. Reid; L. C., R. McIntyre.

The line-up for the "A" team under the direction of Coach Staub is as follows: LF, Dean Waters; C, Capt. Phil Olds; RF, G. Milne; RG, N. Clark; SG, L. Bailard. Others who will probably see action during the game are C. Smith, D. Babcock, W. Beckstead, M. Ramey, J. Young, M. Reid, T. Rodriguez, M. Sturmer, J. Kendrick, J. Calhoun.

The C team under the direction of Al Young will also play and the line-up is as follows: G, Doell; G, Snow; C, R. Jones; F, Reid; F, J. Miller.

EARTHY O'CONNOR

Donald O'Connor and Billy Cook, the Huck Finn and Tom Sawyer in Paramount's "Tom Sawyer, Detective," had more than 20 pounds of dirt daubed on them while working in one sequence of the picture. The dirt was for make-up.

STATE FLORAL NOTABLES DEDICATE '39 SITE

Pictured above are prominent California floricultural leaders participating in the colorful ceremony at the dedication of the Floricultural Palace site on Treasure Island recently. Being constructed by the California State Commission, for the Golden Gate International Exposition, the attractive structure—over 250 feet in length—designed by Mark Daniels, will house over 30 theme flower shows. Shown, left to right: Dr. George H. Hecke, Agricultural Administrator for the State Commission; Miss Kate O. Sessions, noted horticultural authority; John McLaren, "father of Golden Gate Park"; Mrs. Oakleigh Thorne, of New York and Santa Barbara, national leader in the Garden Club movement; Miss Alice Eastwood, famed Botanist of the California Academy of Science; Mrs. Luther Burbank, widow of California's own plant wizard; Miss Juneva Lanser, youngest Garden Club member in the State.

Behind the Scenes

Continued from page 2

for farmers and investors as well as workers, and, second, a rise in the standard of living.

MORE AUTO NEWS—While motorists are still talking about the improvements and novel gadgets in 1939 automobiles, designers in Detroit and other automotive centers are already drafting plans for the 1940 models. Prospects are that glass sections in the top of the car will be the next step in auto designing, judging from the popular acceptance of open-air panels in some 1939 models just unveiled. This possibility is heightened by the recent development of a heat-absorbing glass scientists call aklo which lets in light but keeps out the heat of sun's rays. In either a laminated or case-hardened form this glass in the roof of an automobile will add to the pleasures of driving while not detracting from its safety factor.

BOOKS OF RETAIL KNOWLEDGE—Many retail merchants are making profitable progress in building up their businesses by adopting modern merchandising methods. In order that all may ben-

efit from the experience of individual storeowners, the Department of Commerce is now publishing a series of pamphlets based on marketing studies made by its research division. The first, just off the press, discusses store arrangement principles. Included are 30 photographs of what modern practitioners of the ancient art of serving the consumer consider proper store arrangements and displays.

THINGS TO WATCH FOR—A new auto-body and straightening tool that delivers 125 blows per second and which is expected to supercede the use of a hammer . . . A "hideaway" bar for offices, with compartments to hold 65 bottles of liquor and glasses for 32 guests. . . Additions to frozen food lines will include Kosher meats, and bread, cake and other fresh bakery products. . . Extensive use of aluminum in sea-going vessels following successful completion of tests at Newport News on a portion of a ship's hull made of aluminum alloys and submerged for three year in alt water . . . Vest pocket opera glass with exceptionally wide view for sporting events . . . A super-film now in production in Hollywood called "Invasion" which will revolve around

an imaginary attack on North America by some foreign nation.

HEADLINES IN NEW YORK—U.S. Government to borrow \$700,000,000 "new money" this month to finance current deficit . . . Plans nearing completion for new television company to be known as Scophony Corporation of America, backed by the founder of English firm . . . \$110,300,000,000 worth of life insurance will be outstanding at end of year, largest amount in history and representing an average covering of \$1,725 on about 64,000,000 people. . . Looking over the earnings reports: higher—Diamond Match, Vick Chemical; low-

SALES TAX REVENUE SHOWS DECREASE

Statistics on sales tax revenue for the fiscal year ending June 30, 1938, recently released by the State Board of Equalization, show total returns of \$83,995,191.55, compared with \$85,667,081.94 for the preceding year, a decrease of \$1,671,890.39 or 1.9 per cent.

The "recession" which business in general suffered during the first half of 1938 is seen by William G. Bonelli, board member from the fourth district, as a major factor in decrease of sales tax revenue.

While revenue for the second quarter of 1938, which completed the fiscal year, totaling \$21,069,339.51, is 10.77 per cent below figures for the corresponding period in 1937, it is an increase of 12.95 per cent over returns for the first quarter of 1938.

Analysis of business classes shows the greatest decrease during the second quarter of 1938 occurred in sales of motor vehicles and accessories; building materials, hardware and farm implements; and household furnishings. Only minor decreases were recorded in sales of department, cloth-

Steel announced first quarter 1939 prices will remain unchanged from current quotations.

ing and variety stores; food products and household supplies; meals and beverages.

Los Angeles county, with a total of \$9,050,786.84, accounted for nearly 43 per cent of second quarter revenue. Alpine, least populated of the counties, contributed a total of \$508.85.

The fourth district, including the counties of Los Angeles, San Bernardino, Riverside, Orange, Imperial, San Diego, Ventura and Santa Barbara, contributed 46.58 per cent coming from the remaining 50 counties of the state.

SUMMONS

In the Justice's Court of the Second Judicial Township of the County of Santa Barbara, State of California.

Marvin Light, Incorporated, Plaintiff.

vs

Gerald C. Cudahy, Defendant.

Action brought in the Justice's Court of the Second Judicial Township, County of Santa Barbara, State of California, and the Complaint filed in the office of the Clerk of said Court.

Hugh M. Lindsey, Attorney for Plaintiff.

The People of the State of California Send Greetings to:

Gerald C. Cudahy, Defendant.

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Jus-

tice's Court of the Second Judicial Township, County of Santa Barbara, State of California, within ten days after the service on you of this Summons—if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of this Court this 21st day of September, A. D., 1938.

Earnest D. Wagner, Justice of the Peace.

By Elizabeth Williams, Clerk, Second Judicial Township.

OUT-OF-STATE CARS MUST BE CLEARED FOR LICENSING

SACRAMENTO — Owners of automobiles registered in other states for 1938 who plan to license their machines in California for 1939 today were urged by Registrar Howard E. Deems to submit their cars for official inspection at any department registration office Deems pointed out that every machine previously registered in another state must be submitted for official verification on engine and serial number against registration papers held by the owner. Deems stressed that this check is in no sense a mechanical inspection of equipment.

In urging an early verification on non-resident cars Deems pointed out: "During the month of December department employees will be able to make these inspections in a period of approximately five minutes but if the owners wait until the actual license renewal period gets under way on January 3rd there may be considerable delay. We are urging owners of outside cars to get in this month in order that they will be saved any inconvenience."

Deems stressed that approximately 40,000 cars previously registered in other states will be subject to California registration for 1939.

LAW URGED TO STOP EPILEPTICS FROM OPERATING CARS

SAN FRANCISCO—The state of California, through its Department of Public Health, is to inaugurate legal action to forbid the operation of motor vehicles by persons suffering from epilepsy, in an attempt to cut down the numerous accidents caused by physically unfit drivers. This was announced here today by Dr. Walter M. Dickie, director of the department, in a communication to the University of California Medical Center here. According to Dr. Dickie, the legislation will be presented at the next session of the Legislature.

Under the present law it is not possible for any hospital or private physician to report cases of epilepsy to the department, although both are known to be receiving numerous complaints about epileptic drivers. According to a number of medical authorities, the epilep-

LIQUOR LICENSES EXPIRE DEC. 31

Southern California holders of on-sale beer, beer and wine or distilled spirits licenses, are reminded by William G. Bonelli, member of the State Board of Equalization that such licenses automatically expire December 31.

While the last legislature placed licenses on a renewal basis, Bonelli explains, application for renewal and payment of fee must be filed with the board on or before the first of the year.

Failure of on-sale beer, on-sale beer and wine or on-sale distilled spirits licenses to do so means suspension of their licenses. The board may reinstate them within 30 days on payment of the fee plus a penalty not to exceed 25 per cent of the fee. At the expiration of the 30 day period, the licenses are automatically revoked. Application there after is treated as a new license.

Only on-sale licenses are on a calendar year basis, all others be-

ing issued for the fiscal year. In order to avoid a last minute rush or complete oversight of renewal provisions because of heavy holiday trade, Bonelli urges all holders of such licenses to make proper application for renewal as soon as possible.

According to Dr. Dickie it is the plan of the department to have the reported cases submitted to the State Division of Motor Vehicles so that the division may have opportunity to keep a constant check on epileptic drivers. There is no intention on the part of the department to keep epileptics out of automobiles, he said, as such recreation may be beneficial to them. The only intent is to keep them from driving motor vehicles while suffering from their complaint.

Present motor vehicle regulations provide that the applicant for a license must state whether he is suffering from a physical disability of any kind. But many epileptics either evade this or attribute their disorder to indigestion or other complaint in a non-disabling class, officials of the division say. There is no way to compel a correct answer, and some other means must be found for the state to meet the situation.

RESERVATIONS SHOULD BE MADE FOR HOLIDAYS

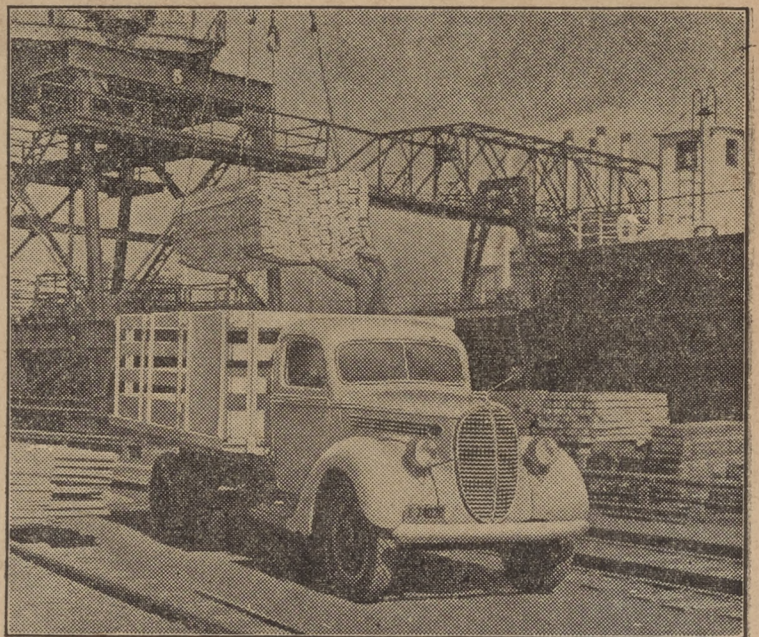

Motorists who plan to visit their favorite mountain or desert resort over the approaching Christmas holidays, are advised by the Touring department of the National Automobile Club to make reservations as soon as possible to insure desirable accommodations.

CHAUFFEUR LICENSES EXTENDED THREE MONTHS

Chauffeurs' licenses that expire December 31, 1938, are automatically extended until March 31, 1939, reports the License Department of the National Automobile Club. All Chauffeurs' licenses are issued hereafter for a two-year period from date of issue.

Two big poultry shows, one for utility stock and the other for fancy fowl, will be held during the 1939 California World's Fair opening next February 18.

FORD OFFERS WIDE TRUCK LINE

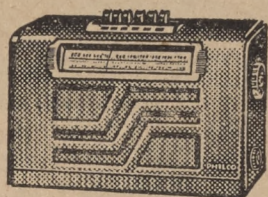

THIS 157-inch stake truck, dean of the line, is representative of the 1939 Ford V-8 trucks and commercial cars. All types are equipped with hydraulic brakes. The line comprises the widest selection of capacities, gear reduction ratios and power the Ford Motor Company has ever offered the transportation field. There are 42 body and chassis types, three engines including the new 95 horsepower V-8, two clutches, five transmissions and eight rear axle ratios. Operators may obtain V-8 trucks and commercial cars which are virtually custom-built to their own transportation requirements.
