

PARASOL PROM FRIDAY

The annual Parasol Prom, Santa Barbara College's traditional Spring formal, will be held Friday night at the Coral Casino. Social Committee Chairman Jack Mertz is in charge of arrangements.

Flowered parasols entered by women's organizations will decorate the Casino for the dance. First-, second- and third-place cups will be awarded to the most attractively decorated parasols. They will be judged on originality, uniqueness and beauty. The cost of decorating is limited to \$15, and the parasols must be no larger

than standard size, according to Mertz.

Dick Beeks and his orchestra

APOLOGY

Activities Control Board of the Legislative Council would like to apologize formally to the members of the Industrial Arts Club for rescheduling the Spring Formal from March 29 to the date of their dance, March 28.

We heartily endorse the Industrial Art's formal and hope that it will be a big success.

will provide music for dancing from 9 pm to 1 am. Beeks is a student at Santa Barbara College and is known for his trumpet music, Mertz said.

Corsages are in order for this Spring formal, in contrast with previous policy for student body dances. Bids for the dance are on sale at the ticket booth on the Men's Gym lawn and in the Graduate Manager's office. Members of the Social Committee also are selling them. The price is \$1.75 per couple.

"Last year's dance was highly successful," stated Mertz, "and indications are that this one will be the same."

Dr. Kennedy Relates Economic Trends to Works of Literature

New economics ideas advanced in literary fields have sometimes been the forerunners of new policies, Dr. William F. Kennedy, assistant professor of economics, said in a Santa Barbara College public lecture last week.

Dr. Kennedy also expressed the opinion that important contributions can be made to the social order by literary men and women, artists and those in other fields.

Basing his discussion on specific examples from the works of Thomas Wolfe (1900-1938), Dr. Kennedy cited criticisms of ideas on economy voiced in this work, including an unremitting pursuit of wealth, speculation, the use of wealth for display purposes and standardization which tends to subdue individualistic tendencies.

Dr. Kennedy emphasized that Wolfe brought out that the depression, and a consequent breakdown of economic standards and ideals to which people had been clinging, were stimulating to thought toward solution. Wolfe suggested as a substitute for the system he attacked a fulfillment of spiritual goals. The author thus had a positive approach, Dr. Kennedy said.

Modification of economic ideas had occurred, Dr. Kennedy continued, citing social security, controls of speculation, relief for those unable to earn a livelihood and other measures indicating a new system of social consciousness had been evolved.

The lecture was one in a series sponsored by the Committee on Drama, Lectures and Music. The next is scheduled for April 2, it was announced by Dr. Robert E. Robinson, chairman.

Assembly To Feature Atom Attack Defense

What can be done in the case of an atomic attack will be discussed at an Associated Students assembly on Tuesday, April 1, at 11 a.m.

Adm. J. M. Irish, coordinator of Civil Defense for central coastal California; Dr. E. A. Williams, associate professor of physics, and Mr. J. A. D. Muncy, chairman of the Campus Safety Committee, will be the speakers.

Slides showing what would happen to people and buildings in the event of an atomic explosion will be featured at the assembly. A demonstration of the Geiger Counter used in detecting the presence of radio activity and in measuring its quantity will be given.

The assembly has been organized with three practical ends in view: to provide information that may be the means of saving lives, to emphasize the need for organizing now, and to explain opportunities that exist in Santa Barbara at the present time for taking part in one of several preparedness organizations.

What Santa Barbara College students can do to assist in these non-military organizations now being developed will be explained at the assembly.

Dean's List

A correction from the Dean of Men's office adds another name to the honor list. Donald S. Reynolds, senior in Industrial Arts, had an average of 2.800.

Fellowships Offered To Gaucho Students

International Relations Fellowships leading to a graduate degree in government or political science are offered for 1952-53 by the California Congress of Parents and Teachers, Inc.

Included are four fellowships of \$1000 each for a year's advanced study in any accredited school in the United States offering such courses, and one fellowship of \$2000 for a year's advanced study abroad.

In return for a fellowship, recipients must be willing to serve in the international relations field of the United States Government or some comparable field.

Further information and applications may be obtained from the Scholarship Committee or from Dr. Henry Adams, Social Science Department, Nominating Board of UCSBC. Deadline for applications is April 15, 1952.

Other correspondence may be addressed to the Congress of Parents and Teachers, Suite 300, 322 West 2nd Street, Los Angeles 7, Calif.

Meetings Attended At Davis, Berkeley by Muncy, ASB Heads

Business Manager J. A. D. Muncy, accompanied by Bob Christofferson, Jim Stanley and Fred Wade, toured the Davis and Berkeley campuses and attended meetings of various campus groups recently. According to Christofferson, the group was invited to join Mr. Muncy who was attending a meeting of all business managers from the branches of the University of California. The business managers have been invited to hold their meeting on the Santa Barbara campus in April.

At Davis our representatives sat in on an executive board meeting which is similar to our legislative board. They talked later with the business manager, graduate manager, president of the associated students and other student officers about student government. Discussions were held on student union, alumni groups, publications and finances.

On Saturday the group toured the Berkeley campus, visiting student offices and the office of publications. Bob mentioned that the Santa Barbara display for Charter Day was on exhibit along with those from the other campuses. The group also visited the California Art Engraving Company which reports that work on the UCSBC yearbook, *La Cumbre*, is progressing very well.

Brotherton Accepts Research Fellowship

Robert J. Brotherton, who graduated in chemistry from Santa Barbara College in June of 1951, has accepted a research fellowship in biochemistry at Cornell University Medical College.

Since his graduation Brotherton has been working as microanalyst in the Basic Sciences Division of the Research and Evaluation Laboratory at Port Hueneme. His new appointment is to study and work under Professor Vincent du Vigneaud, an outstanding scientist, and will take him to New York City in September.

Women To Register Eligible Voters On Campus Today

Representatives from the Santa Barbara League of Women Voters will be on campus today to register all persons eligible to vote in the primary election, June 3. The registrars will be located in the quad area of both the Riviera and Mesa campuses from 11:30 to 1:30 and are under the sponsorship of the Political Science Club.

In order to register, prospective voters must be 21 years of age, a resident of the state of California for one year and a resident of Santa Barbara County for 90 days.

Legal residence is determined by a student's permanent address. Students who are living at temporary addresses and who have no intention of making Santa Barbara their legal residence after the school year ends must register in the district in which they maintain their home.

Richard Clark, president of the Political Science Club, stated, "All students eligible to register should do so in order to exercise their democratic prerogatives in the coming elections."

Pauline Byard Is New Secretary of ASB

Pauline Byard was appointed secretary of the Associated Students by the Legislative Council Tuesday, March 18. She replaces Pat McCarty who resigned because of her study load.

Pauline will hold this office until the next general election which will take place in June. She will still hold her position as office manager.

The new secretary is a junior majoring in Political Science. She is a member of Chimes and was in Spurs. She graduated from business college and has had several years of secretarial experience.

Articles by Faculty Members Published

Three faculty members of the Physical Science department of UCSBC have had articles published recently in a science journal.

In one, Dr. John W. Sutton discussed "Chemical Education in Santa Barbara College of the University of California." Dr. Sutton also collaborated with Dr. Kenneth H. Simpson on a paper entitled "Physics and Chemistry for General Education."

A short article by Dr. Glenn H. Miller told of new chemical equipment which he has developed.

Loan Funds Available To Women Students

The Office of the Dean of Women wishes to remind women students, particularly juniors and seniors, that loan funds are available ranging from \$25 to \$500 without interest.

For loans over \$200 applications are made with the A.A.U.W., P.E.O. and the California Congress of P.T.A. Available through the business office of the College are E.R.M. Loan Fund, Edwin Willis Leonard Memorial Fund, and the David Gray Loan Fund.

SANTA BARBARA COLLEGE

Vol. XXXI

SANTA BARBARA, CALIFORNIA, WEDNESDAY, MARCH 26, 1952

No. 32

COLLEGE DAY SATURDAY

Santa Barbara College and its student body will be the hosts Saturday to several hundred high school and junior college students. The special one-day program, entitled "College Day," is designed to acquaint high school and junior college students with the advantages of college.

The day-long program is intend-

ed to give students a taste of college life and help them decide if they are interested in college careers.

Visits to classrooms, laboratories and shops have been planned. Exhibits by the arts and biological sciences departments will be set up.

A "College Daze" revue will be presented in the Riviera Auditori-

um, including skits from the Roadrunner Revue and "Hit and Run."

John M. Groebli and Rolf Linn of the SBC faculty are co-chairmen of the committee arranging for the event. Patricia Whitaker of the faculty also is on the committee. Student members of the committee are Connie Harder, Myra Jaccard and Don Sherwin.

MEN OUTNUMBER WOMEN IN REGISTRATION TOTAL

Announcement of a total enrollment of 1437 students, including 727 men and 712 women, has come from the Registrar's office. Men outnumber women in both upper-division classes; however, the reverse is true of the lower-division ratios. Elementary Education, the largest major, boasts 215 students. Industrial Arts, with 213, is a close second, and Physical Education ranks third with 125 students—73 men and 52 women.

Santa Barbary Coast Whiskerino Contest Starts Next Tuesday

Now busy with preparations for the Santa Barbary Coast Carnival, the Special Events Committee promises "good times for all" when the carnival's two-night run on April 18-19 is slated. Pat Welsh and Ted Troy head the committee.

Ideas used in booths include burlesque, saloons with and without gambling, wrestling, old-time movies, photo galleries, food, grog, a Santa Barbary Coastal Steamer, and other entertainment. Other booths will furnish hot dogs, peanuts, snow cones, coffee, doughnuts and punch.

Times and facts on booths will be announced by an old-time barker during the evening, and carnival music will be played.

On Friday, April 18, prizes will be awarded to the Whiskerino contestants growing the most original, the funniest and the longest beards, according to Marilyn Ringel, whiskerino chairman. A cup will be awarded for the organization with the most men entered in the contest.

All men interested in participating may sign up, clean shaven, on April 1, at the blue and yellow ticket booth on the Riviera campus and in the Mesa Quad between 12 and 2 pm. The entry fee is 25c.

Performing on April 18 only, the KELP show from UCLA will give two free half-hour shows in the Riviera Auditorium. Directed by Ed Hummel, KELP president, the show will feature an English version of old-time minstrel shows. This new attraction is sponsored by the Inter-campus Arts Exchange Committee.

All townspeople are urged to come to the Carnival in order to increase the turnover to the charities.

Assisting on the Special Events Committee are Wayne Kluth, Babs Benning, Mary Ellis, Margaret Marsh, Marilyn Ringel and Larry Taylor.

Dr. Jacobs To Confer With Mesa Students

As a service to students on the Mesa Campus, Dr. Wilbur R. Jacobs, acting Dean of Men, will be available for conferences there every Wednesday morning from 10 to 11 o'clock in the Conference Room.

Mrs. Percival, from the Office of the Dean of Men, will be there on Friday mornings from 11 to 12 o'clock to confer with veterans regarding Veterans Affairs, and will have various necessary forms for their use.

BARGAIN

A few copies of the 1950-51 La Cumbre may be purchased at half price, it was announced. The books are being sold in the Graduate Manager's office for \$2. This year's student directory also may be purchased there for 15c.

Major departments with more than 50 students are Home Economics, Art, Economics, Music, Junior High Education, Zoology, and Early Childhood Education. The smallest departments are Botany, Philosophy, Divisional, and Group. Only one student is enrolled in each of the following: Music and Elementary Education, Tutorial, Administration, Junior High English and Junior High Mathematics.

Of the 30 states represented here, Ohio claims six students, Oregon five, Washington five, New York five and Pennsylvania four. Three or fewer students come from each of the remaining states.

Los Angeles County tops the list with 594 students; Santa Barbara County, with 393 students, is second. Other counties with large enrollments are: Ventura 57, Riverside 33, Orange 32, San Bernardino 31, Kern 28 and San Diego 22. Counties sending 10 to 20 students are Alameda, Fresno, Monterey, San Luis Obispo, San Mateo and Santa Clara. Only one or two students are from Humboldt, Kings, Madera, Merced, Solano, Siskiyou and Yuba Counties.

Our six foreign students, five men and one woman, are from Argentina, Chile, Iran and the Philippine Islands.

SBC Sends Students To Model UN Session

Seven students from Santa Barbara College of the University of California have been named as a delegation to participate in a model session of the United Nations to be held April 3, 4 and 5 at the University of Southern California.

The delegation includes Richard A. Clark, chairman; Jesse L. Alexander, Janice Constance, Jean Hopkins, Dolores Phelps, Rhoda Rarick and John H. Robinson.

Sixty Western colleges are expected to send delegates to represent the policies of the United Nations. Each delegation will present the view of a particular nation. The local group has voted to represent Mexico, Brazil or England.

Three trophies will be awarded by an official of the United Nations to the colleges best representing the policies of major and minor nations.

Mrs. Eleanor Roosevelt is expected to address the conference.

TIPS TO VETERANS

According to late information from the U.S. Veterans Administration, veterans under P.L. 346 who expect to graduate in June and go on to graduate work, but plan to teach next Fall, are required to start their graduate work this summer, in order to establish their eligibility for continuous training in summer sessions as teachers. The only exception to this regulation would be if they plan to take graduate work on Saturdays next fall and then attend summer session in 1953. For further information inquire at the Office of the Dean of Men.

Editorial

Academic Freedom . . .

A recent column published by Fulton Lewis Jr., the lesser half of the Hearst witch-hunting team of Pegler and Lewis, comments on a Supreme Court decision upholding the State of New York's Feinberg law. The Feinberg law lists a group of "subversive" organizations and makes public school teachers subject to dismissal for membership in any of the groups.

Lewis's particular brand of vitriol can usually be dismissed as the product of low-level reactionary thinking. His methods, as testified to by his participation with Sen. Joe McCarthy in the campaign to defeat Sen. Millard Tydings of Maryland, are, to say the least, unsavory.

The case he makes for the Feinberg law is typical of the way in which he delights in assailing many of the progressive elements of American society.

The Feinberg law, as pointed out by dissenting Supreme Court Justice Douglas, creates a spying project out of the public school system. It is based on the principle of guilt by association.

Academic freedom has taken a terrible beating in recent years as a result of the general hysteria created by such men as Lewis, Pegler, McCarthy and California's own Jack Tenney.

Lewis says in part, "If the Supreme Court thinks that as parents we have an obligation to inquire into the left-wing and Communistic associations of our school teachers it seems only reasonable that we have, as citizens, the same obligation towards the textbooks."

This means that he wants not only to question the actions of the teachers but also to bring under the microscopic scrutiny of those of his ilk the contents of the books used in public schools.

The attempt to control thought has proved successful in the very nations which Lewis professes to abhor. Regulation of educational processes is one of the more important prerequisites of any state-controlled culture.

Americans should have learned by this time that there can be no compromise in academic freedom. The necessity for unfettered instruction in our schools is basic to our form of democracy.

Lewis and his "fellow travelers" have created a dangerous precedent of labeling every liberal idea and every progressive individual as "communistic."

Communism's threat is real enough. It cannot be ignored.

But the shallow thinking of the reactionary element represents, in many ways, a greater threat.

Academic freedom, in these days of conflicting ideologies, is having a hard enough time surviving without being encumbered by the limitations Mr. Lewis would like to impose upon it.

UP ON THE HILL . . .

By Joe Costantino

UP ON THE HILL . . . Spring has sprung, according to the calendar. Of course, no one has yet put his red flannels into mothballs, and I for one am not removing the Prestone from my radiator nor giving up my Handee Dandee water bottle, but still there are indications that the verdant season is peeking around the corner.

Yesterday on campus I noted a beaming couple sitting in a classroom with eyes for no one but each other, and though this happens during the entire year, an increase in the frequency of such actions has been noted. Therefore, Costantino's Cast-Off Casanovas Club has met to discuss this far-reaching bit of student life, and since discovering the fact that this is also leap year, we feel it our duty to warn all males of the danger confronting them.

We should like to point out (as a result of past experience) some of the pitfalls which may trap the unwary. For instance, if you plan to attend the Spring Formal, beware of girls who offer to take you to the bar for a fast one. Chances are they have made an arrangement beforehand to have your Sarsaparilla spiked with a rare Tijuana love potion, which will lower your resistance and enable them to pull a Sadie Hawkins.

Also, if, while at the dance, this lovely, alluring female suggests you take a stroll on the upper deck

of the Casino to view the nocturnal attributes of Santa Barbara scenery, be wary! If she snuggles up closely, links her arm through yours and breathes sweet nothings (and believe me they are nothings) in your ear, then grab the nearest cab home—that gal has her sights on you.

Of course, you might be a veteran of several battles de amour and may realize that this is the time to clutch her tightly to your manly chest and say "I love you madly, but what about my wife and six little children?" This is guaranteed to have an immediate effect, but if you are not certain of the possible reaction it is better to be ready to immediately sprint for your life.

Also, when a girl mentions love, and birds, and flowers, and little feet . . . THIS IS IT, BROTHER—turn in your registration card, grease up the auto and make off for Ensenada. (Or was it Acapulco I heard so much about?)

In conclusion, remember . . . THIS IS LEAP YEAR, and you're gonna be "it" if you don't watch out.

For further information on this matter contact any of the following members of Costantino's Cast-Off Casanovas Club:

Bill Mitchell, Jack Mertz, Ted Troy, Buzz Walker, Hugh Cameron, Bert Pierce, Bill Cunningham, Larry Taylor, Bob Tomlinson, Phil Jacks, Mark MacLin and Ichmay Backum.

To the Editor of El Gaucho:

Your condemnation of the city of Santa Barbara and the municipal officials is noteworthy, but your censuring should begin with the stepchild. Why should the City acknowledge the murmurings of a college whose reflective organ, *El Gaucho*, reveals a lack of maturity, a lack of interest in any affair which does not begin "Johnny was seen holding hands with . . ."? It is an eighth wonder that the *Gaucho* can blissfully go to press with such isolated conformity. The *Gaucho* should encourage and be a leader in controversial affairs, locally, nationally and internationally. The *Gaucho* should provide adequate space for student expression of these vital issues. Students should be encouraged through this organ to inform themselves and the townspeople that they have a stake in local affairs and are willing to support or oppose any issue on its merits.

To be even more specific, the *Gaucho* should champion the removal of religious and racial discrimination from campus fraternities and sororities by student legislation. The *Gaucho* should raise its voice, or at least discuss, the censorship imposed on the University's newspapers by Regent Neyland. In short, the *Gaucho* could be a leader on the Hill. But no, this would mean a step outside isolated conformity and a recognition of the "cruel" world. Wake up to your responsibility and potential, *El Gaucho*, and perhaps the townspeople will take us into the family as a legitimate, mature adult.

Loran Hilligas

RAZIN' KANE

Today I received a letter that is apparently being sent to all taxpayers. It was another plea for funds for a worthy project. The request touched me so deeply that I decided to copy the letter so you all could read it:

Dear Fellow Taxpayer:

I have the distinguished honor of being a member of a committee to raise FIFTY BILLION DOLLARS to be used for placing a statue of Harry Truman in the Hall of Fame in Washington, D.C.

We have decided not to tease it by placing it next to George Washington, who never told a lie . . . or next to Lincoln, who is known as "Honest Abe" . . . or Jefferson, who spurned a third term. The committee was in quite a quandary, but after careful deliberation it was decided to place the statue next to Columbus, who, after all, did not know where he was going—did not know where he was when he got there—nor where he had been when he returned home, BUT made the whole trip on borrowed money.

If you are one of those who dares to have money left over after your taxes are paid, we will expect a liberal contribution.

Sincerely yours,

The Committee

Pennings From Peningers

Hi Gals:

At last it looks as if we might have some beach weather for a change. You might know we'd get it during mid-terms! Anyway—the weather is going to get much nicer as spring progresses into summer and down at Peningers you can find all sorts of beach wear. The newest thing is the denim *Sunabout* made by Fleischman; this practical outfit includes pedal pushers, a sleeveless turtle neck pull over, a pair of shorts and a sun bra—all in blue denim. They're cute! Come down and see for yourself.

In spite of the rain last Saturday, I was pleased to see *Ann Johnson* in the store. Ann succeeded in buying a birthday present for her mother and a lovely blouse for herself, also browsing around were *Patty McCollum* and *Betty Jo Hoeven*.

Also girls, we now have some very pretty novelty gloves like those you may have seen in *Life Magazine* not so long ago—they're going to look mighty sharp with that new Easter outfit.

Something which I discovered the other day that was new to me is a neck scarf cut on the bias to prevent slipping and sliding; I tied one around my neck and they really are effective.

Come in Saturday—I would like to show you some of the things that I have been telling you about. Hope to see you!

Meanwhile — don't get sunburned!

June Murphy

SANTA BARBARA

PAGNOL'S 'BAKER'S WIFE' TO BE SHOWN MARCH 27

One of the outstanding post-war motion pictures, Marcel Pagnol's "The Baker's Wife," will be shown March 27 at 7:30 p.m. in Pine Hall 100. This attraction, free to students and faculty, is the first of five outstanding motion pictures to be offered by the Foreign Language and Speech Departments. The Great Film Series is the first series of

Blue Key-AMS Smoker Planned for All Men

Blue Key and the Associated Men Students are sponsoring their annual smoker in the cafeteria Thursday, April 10, at 8 p.m. All men students may attend this event.

In the past AMS and Blue Key have sponsored smokers separately. However, this year Mark MacLin, AMS president, and Bill Cunningham, Blue Key president, decided to combine the two.

Entertainment chairman is John Robey, who promises entertainment both "ridiculous and sublime."

Standards Committee Chairman Sought by Legislative Council

A chairman for the newly created Standards Committee is now being sought, according to Associated Students President Bob Christofferson.

The function of this committee was formerly handled by the Judicial Committee, which was purposely left inactive last semester. In past years the Judicial Committee, composed of students, had the job of controlling student cheating, suggesting better testing methods to the faculty committees and other activities relating to student discipline in examinations.

University regulations do not provide for the student court setup which was used by the Judicial Committee, so the committee was reorganized and passed by the student body in the recent Constitution election. The Standards Committee, as it is now known, will act in an advisory capacity in the establishment of standards for conducting examinations, proctor systems, student conduct and similar subjects.

The chairman selected will be largely responsible for the reorganization of the committee. Students interested in such a position should contact Bob Christofferson for further details. Applications are available in the Associated Students office, Building D.

Appointment will be made by the Legislative Council Tuesday evening, April 8. Applications must be turned in prior to that date.

PROFESSIONAL ACTRESS TAKES 'MADWOMAN' LEAD

When Santa Barbara College's production of Giraudoux's "Madwoman of Chaillot" opens at the Lobero Theater early next month it will have the distinction of being the first College play in which a professional actress plays a leading role. The actress, whom many a Western critic has called "professional" in the highest sense of the word, is Leila Eccles Brimhall, assistant professor of speech at the University of Utah. She will take the part of the "Madwoman of Chaillot" in the classic French comedy.

Mrs. Brimhall began her sparkling career in her home town of Ogden. She attended the University of Utah at Salt Lake City, where she graduated with a major in speech and dramatics. After receiving her degree, she studied at the American Academy of Dramatic Art in New York for two years. The popular actress stayed on in New York for 10 years before returning to Salt Lake City to become an assistant professor of speech.

Not one to bury herself in teaching alone, Mrs. Brimhall took advantage of every leave she could wangle to tour the Western states with the famous Moroni Olsen Players.

"We had some wonderful times in that company," she recalls, "and did some fine things. Moroni was always a perfectionist and the work with him and his group has been one of my greatest satisfactions."

Mrs. Brimhall has appeared frequently in Pasadena Playhouse productions. Several plays in which she took a leading role were "But Not Good-bye," "Lady Precious Stream," "Claudia" and "The Extra Day."

Mrs. Brimhall is scheduled to arrive in Santa Barbara early this week to begin rehearsals with the "Madwoman" cast under the direction of Dr. Theodore Hatlen. She will join an all-student troupe which has been in rehearsal three weeks.

In prominent roles with Mrs. Brimhall will be Claire Arnold as

Wednesday, March 26, 1952 EL GAUCHO Page 3

MESA MEMO

By Dorothy McClure

Alpha Beta chapter of Epsilon Pi Tau, honorary fraternity in industrial arts, initiated 15 new members in a ceremony held in the Mesa Auditorium March 21. Following the initiation the organization held its Spring banquet at the Mar Monte Hotel, with William Steinberg, Supervisor of Industrial Arts for San Diego City Schools, as the principal speaker. Charles Jordan, truck designer for General Motors, also spoke.

President William Toohey announced that the following students were invited to join the fraternity: F. D. Bell, Lloyd Corliss, Donald Higbee, William House, Willis Jolly, Ted Keeler, Marvin Melvin, Bernard Olsen, Kemp Richardson, Frank Royce, George von Breyman, Elton Ward, Richard Weber, Gordon Weed and George Young.

Clyde Keener is faculty advisor for the local chapter and Dr. Lynne C. Monroe is trustee. E. E. Ericson is one of the 30 honorary members of the national organization.

* * *

The Industrial Arts Club's Spring Semi-formal Dance will be held Friday night at the Elks Club with Skip Wilson's orchestra providing the rhythm. The dance is free for club members and their guests. Non-members are charged one dollar.

Ed Monreal and Jerry Koory are aiding the social chairman, Lindy Zichichi, in setting up the affair. Lindy points out that the evening's music should be top notch, the orchestra being the former Chas. Copeland group.

* * *

The History of Books is the title of the main exhibit on the Mesa prepared by the Antiquarian Booksellers Assn. of America and sponsored by Xi Omicron Pi, the professional printing fraternity.

Among the items of interest are bindings in silk, cloth, calf and Burmese palm leaf, along with different engraving and printing types.

* * *

The Michie television set has proved to be very successful. Jack Michie, in collaboration with one of his professors, began the tedious task nine months ago of completely designing and building a television set. There is still tuning to be done but the product even now is very clear and audible. The two experimenters are exuberant.

Students in the Motion Study class are participating in the Santa Barbara County Heart Assn. training program in the simplification of housework for cardiac patients. At an introductory meeting conducted by Dr. John McClure, the heart patients referred by the Heart Association are given training in the fundamentals of work simplification as applied to household work.

At this initial meeting the patient indicates whether she wishes to have help in working out the motion-economy problems for her own home. Students in the class then volunteer their time and help in making layout drawings, teaching how to chat and analyze the various household tasks and offer improvements in the patient's home.

This is the first known instance where college students have directly participated in these community training programs promoted by the American Heart Assn. The arrangement is proving quite valuable to the students as well as to their patients.

Harriett Hadley Engaged To Sgt. John D. Buster

Chi Omega Harriett Hadley announced her engagement to Sgt. John D. Buster of the U.S. Marine Corps at a party at Davis University March 9. Harriett, a senior from Merced, is majoring in Home Economics and attended Davis for three years. Her fiancé is from Bakersfield and was a pre-veterinarian major at Davis before he entered the service.

The couple plan to be married when Sgt. Buster returns from the service.

AWS Candidates Introduced At Bean Supper Monday

AWS sponsored a Bean Supper Monday at 5 p.m. for the purpose of announcing the candidates who are running for AWS offices for the next school year. Cathy Cox introduced the nominees and Pat Seeber led a community sing after the introductions.

Ransom Hunt was in charge of food preparation. Chili beans, tossed salad, French bread, milk and dessert were served.

Candidates vying for the presidency are Eleanor Roberts and Teddy Tye. Miss Tye is now the president of the Panhellenic Council and has been active on the AWS board. When the new by-laws are passed she will represent Panhellenic Council on the Activities Control Board. She is the vice president and scholarship chairman of

Chi Omega sorority. Miss Tye is a speech major and has participated in intercollegiate debates.

Miss Roberts is a member of Chimes, junior women's honorary, and Kappa Omicron Phi, home economics honorary. She is a member of Alpha Phi sorority and is a home economics major.

Candidates for other offices are: First vice president, Dorothy Dinsmore, Jean George, Myra Jaccard; second vice president, Ione Smith, Janet Trittschuh, Marilyn Mulholland; secretary, Joyce Fenstead, Helen Fong, Joan Reynolds, Claire Smith; treasurer, Sue McCracken, Mary Nizetich, Cathy Stuart; counselor, Joan Wootton.

Elections were held yesterday and are continued until today. The runoffs will be held on Thursday.

Camp Cooke Dance Planned for Mar. 28

Friday is the date of the next Camp Cooke dance. Dean Sweet urges every girl who possibly can to attend. Buses will pick the girls up at the College at 6:30 and return them to their homes. Anyone who wishes to go this week must sign up in the Dean of Women's office by Friday noon.

These dances are held every other weekend under the sponsorship of AWS. Kay Ryan is in charge and any girl who wishes more information may call her at 4954.

Also, there is hospitality for the servicemen in Santa Barbara at the Recreation Center and the Assistance League dance. The next Assistance League dance will be held April 12 at the Carrillo Auditorium, 222 W. Carrillo St. I. Newton Perry's band will play for the dance and transportation will be provided home for the girls attending.

Girls are asked to sign up in the Dean of Women's office, since these dances will be discontinued if the attendance isn't increased.

Anyone who wishes to entertain at the Recreation Center from 3 until 5 on Sunday afternoons may call Helen Fong at 2-2848 for information.

Elemed Square Dance To be Held Tomorrow

Members of Elemeds will hold a square dance tomorrow in the Women's Gym. The Industrial Arts Club has been invited, and some 200 people are expected. With squares called by Paul Sund and refreshments of cake and punch, members will enjoy an entertaining evening. Mary Woods, Elemed social chairman, and Jimmy Shook, Elemed president, are general chairman for the event. The gym will be decorated in a spring theme with Pat Mackey in charge of decorations. Because of school regulations concerning the gym floor, tennis shoes should be worn. The new officers for 1952 will be introduced at the dance.

Other chairmen are: Mary Kura, refreshments; Arden Pemberton, entertainment; Charm Hill, publicity, and Donna Matson, cleanup.

Hilltop Talk . . .

Gay Paree was the threme for the Delt party, last Saturday, Mar. 15. Parisian murals done by Monsieur Bud Bottoms decorated the walls, and guests and members ate by candlelight. U.C.S.B.C. French apaches enjoyed the music of Skip Wilson's Combo. Bob Dullea and Doreen Verner won a prize for the best costumed couple, and Herb Christian, sporting tattoos, won a prize for the "scantiest" costume. Having a good time were: Ralph Yeats-Marian Combs, Bill Smart-Nancy Hartke, Doug Albright-Liz Clark, John Chatfield-Irma Combs, George Everett-Jan Smithern, Knute Clarke-Devra Durgin, and Ray Knerr-Muriel Adams.

The pledges of Sigma Kappa entertained all sorority pledges at a lovely tea held at the Sigma Kappa house from 2 p.m. to 4 p.m. on Sunday, Mar. 23. Approximately 25 girls attended and were served tea and coffee with sandwiches and nuts. Barbara Worley was chairman of the event.

A particularly happy person on campus lately is Betta Born. She just became pinned to Delt Bob Holland.

Sig Pi's had a "Water Front" party Saturday, Mar. 22 with fish nets galore. Pledge Joe Marino came in a unique costume as "Viva Zapata." Joe Costantino went as Robinson Crusoe and Pam Smyser was his gal "Saturday." Frank Royce and Dorothy McClure livened up things in their bathing suits of 1920 vintage, and Marc Wallace was the Sig Pi-rate with Sharon Musgrove as his buchaner girl. Bill Brown was rashing in an Eskimo suit.

College Recreation Association is sponsoring a mixed doubles

badminton tournament Sunday, Mar. 30 at the Red Barn, 1220 De la Vina. The tournament is open to everyone.

The Sig Tau's commemorated the Parsian New Year Friday, Mar. 21 with Abdollah Ghashghai and Abol Bakatar in charge. A rollicking time was had by all.

Delta Sig Malcolm Neal is newly pinned to an Alpha Gam at U.C.L.A. Another Delta Sig, Al Mercer is engaged to Marilyn Grinnell. A June wedding is planned.

Alpha Phi's, Sig Tau's, Delta Gamma's, and Sig Pi's held a four way joint at Manning Park, Sunday Mar. 23. After some exciting games of volley ball and base ball, everyone filled up on hot dogs and salad.

Phrateres Welcomes Five New Pledges

Members of Phrateres welcomed five new pledges into their organization Sunday, March 16. The candlelight pledging ceremony was held in the AWS Room. Pledge pins were presented to Barbara Frerichs, Merry Peters, Carolyn Cox, Dorothy McClure and Mary Jean Walker. Mary Jean was later chosen by the group as pledge captain.

After the ceremony the girls went on to Mom's Italian Village where they enjoyed a delicious chicken dinner.

Phrateres plans a full program of enjoyable activities for this semester. It is not too late to join this organization, which is open to all college women. Anyone wishing to join should come to the AWS Room tonight at 7:30.

SAE Holds Parent Day And Kappa Sig Smoker

Sigma Alpha Epsilon held its annual Parents' Day on Sunday to better acquaint parents and friends with fraternity life. An informal gathering began at 2 p.m. with the guests being shown through the house where they learned of the organization's history. Refreshments were served by the Minerva Club and mothers of members. Several songs were presented and a short talk was given by Joel Williams.

Members of Sigma Alpha Epsilon held a "smoker" with the Kappa Sigma fraternity March 17 at the Magnolia Cafe. Educational movies on the French Olympics preceded the general get-together, and card games and refreshments followed. This type of entertainment is the first of its kind on campus and is helpful in promoting better interfraternity relations.

Blue Key Initiates 13 New Members

Blue Key, national upper division honorary men's society, initiated new members at 6:30 p.m. last Sunday at El Cortijo. The qualifications for membership in Blue Key are that a student has a 1.3 grade average and has participated in at least three extra-curricular activities.

New members are Art Clark, Joe Costantino, Ken Brittingham, Milard Davidson, Vince Di Fiore, Dick Corrie, Dale Humphreys, Wayne Kluth, George Mattias, Ed McCann, Frank Thornburgh, Fred Wade and Joel Williams.

Plans were also discussed for the Barbary Coast entry and the selection of the Easter Relays Queen. In charge of the initiation were Dr. A. R. Buchanan and Russell Erikson.

GAUCHO BASEBALL TEAM DEFEATS WESTMONT; DAVIS, EMIRHANIAN STAR

Shortstop Bill Davis, with three big hits in five times at the plate, and Pitcher Bob Emirhanian, who twirled three innings of hitless ball, were the stars last Wednesday afternoon when the Gauchos met the Westmont nine at Mesa Field. Coach Roy Engle's Hilltoppers humbled the Warriors by a score of 9 to 3. The Gauchos are slated to meet USC Friday and Saturday.

Team	W	L
Low Balls	13	3
Lambda Chi Alpha	11	5
SAE	10	6
Sigma Tau Gamma	9	7
Sigma Phi Epsilon	9	7
Delta Tau Delta	8	8
Delta Sigma Phi	7	9
Sigma Pi	5	11
Kappa Sigma	5	11
Faculty	3	13

Last Week's Results
Sigma Tau Gamma 3; Delta Sigma Phi 1.
SAE 3; Kappa Sigma 1.
Low Balls 4; Faculty 0.
Sigma Pi 2; Delta Tau Delta 2.

Leading Scorers
High individual series—Bbb Weithorn (Low Balls), 559.
High team series—Low Balls, 2886.

Davis drove five runs across the plate with his three hits, which included a home run, a triple and a single, and he participated in the only Gauchos double play of the afternoon.

Engle split the pitching chores among Duane Mittan, Ray Rubenstein and Emirhanian, with each going three innings. Mittan started on the mound for the locals and pitched shut-out ball for the first three stanzas. He was relieved by Rubenstein, who gave up all three Westmont runs and was tagged for three of the Warriors' five hits. Emirhanian, a transfer from Pasadena City College, was on the hill for the last three innings. The three members of the Gauchos mound corps managed 10 strikeouts all told, with Mittan collecting two, Rubenstein four and Emirhanian four.

The Gauchos jumped into a three-run lead in the first inning when "Sluggo" Davis greeted Westmont Pitcher Tom Fisher with a homer into right center, driving George Mattias and Al Cox across the plate ahead of him. Davis got into the act again when he teamed with Centerfielder Dave Gorrie to drive in three runs in the fifth, giving "Roy's Rovers" a 6-0 lead. Westmont broke into the scoring act in the bottom of the same inning, tallying two runs, and another one in the sixth, but the Hilltoppers came back for another trio of runs in the seventh to end the scoring for the afternoon.

Right-handed Tom Fisher went the route for the Warriors and, except for a shaky first inning, pitched creditable ball. He was hampered by poor support afield, however, with the Warriors being guilty of six errors and numerous fielding lapses. The Montecito flinger collected eight strikeouts and gave up only three walks over the nine innings.

None of the Warriors garnered more than one hit, the aggregate for the Westmont team amounting to only five safeties. The Gauchos picked up eight bingles, with Dave Gorrie hitting two for three, in addition to Davis's power at the plate.

The box score follows:

	AB	H	O	A
Santa Barbara	4	0	9	0
Mattias, 1b	4	1	1	0
Cox, lf	5	3	3	3

Anderson, 3b	4	1	0	2

Nutini Only SBC Winner as Wildcats Score 105-26 Win

The Santa Barbara College track team scored only one first place last Saturday as they bowed to the University of Arizona cinder squad, 105 to 26. The meet was held on the Wildcats' home track in Tucson. Lone first-place winner for the Gauchos was Hugo Nutini, the Chilean middle-distance star. Nutini captured the half-mile run in 1 minute 58.1 seconds for a new meet record.

Kappa Sigs, SAE, Block C Lead Field In Volleyball Play

Going into the fourth week of the intramural volleyball tournament, Kappa Sigma "A", Sigma Alpha Epsilon, and Block C "A" teams have moved into the favorite spots. So far in the tournament these teams have been bowling over opposition right and left.

Last week Kappa Sigma "A" team knocked over Foul Five, 15-2, 16-4, and the I.A. Club, 15-2, 15-11. Sigma Alpha Epsilon downed Sigma Tau Gamma "A", 15-3, 16-14, and the Faculty 15-10 and 15-12. Block C "A" picked up two victories over the Hot Dogs, 15-10 and 15-7.

In other contests last week the Hot Dogs walked over the Faculty, 15-8 and 15-2; the I.A. Club shut out Kappa Sigma "B" twice, 15-0; Sigma Phi Epsilon collected two wins over Sigma Tau Gamma, 15-4 and 16-14. Sigma Pi handed Delta Tau Delta two defeats, 15-8 and 15-10. Delta Sigma Phi had a rough time beating Lambda Chi Alpha as it took three games to pick up two wins.

Sigma Alpha Epsilon is being paced into the tourney by Al Jacobs and Adran Adams, while Block C "A" has flashy Marvin Dennis setting up the plays. Kappa Sigma has two whizzes in Joe Riddick and Sam Barr.

Time—2:50.

Coach Nick Carter's squad was weakened by the absence of Alberto Triulzi, who had been counted on for first places in both the low and high hurdles. Triulzi was unable to make the trip to Tucson.

The freshman-dominated Arizona squad swept five events, taking all three places in the 100-yard dash, 120-yard high hurdles, 220-yard dash, two-mile run and 220-yard low hurdles.

The Gauchos are scheduled to clash with UCLA and Cal Poly in a triangular meet at La Playa Stadium Saturday afternoon.

GOLF TEAM SLATES FIVE MATCHES

Santa Barbara College's golf team will play a schedule of five matches and one tournament this season, Director of Athletics Theodore Harder announced today.

The Gauchos links team opens in Los Angeles April 7 in a match with Loyola. Other opponents are California Poly, Occidental, Los Angeles State, Pepperdine and San Diego State.

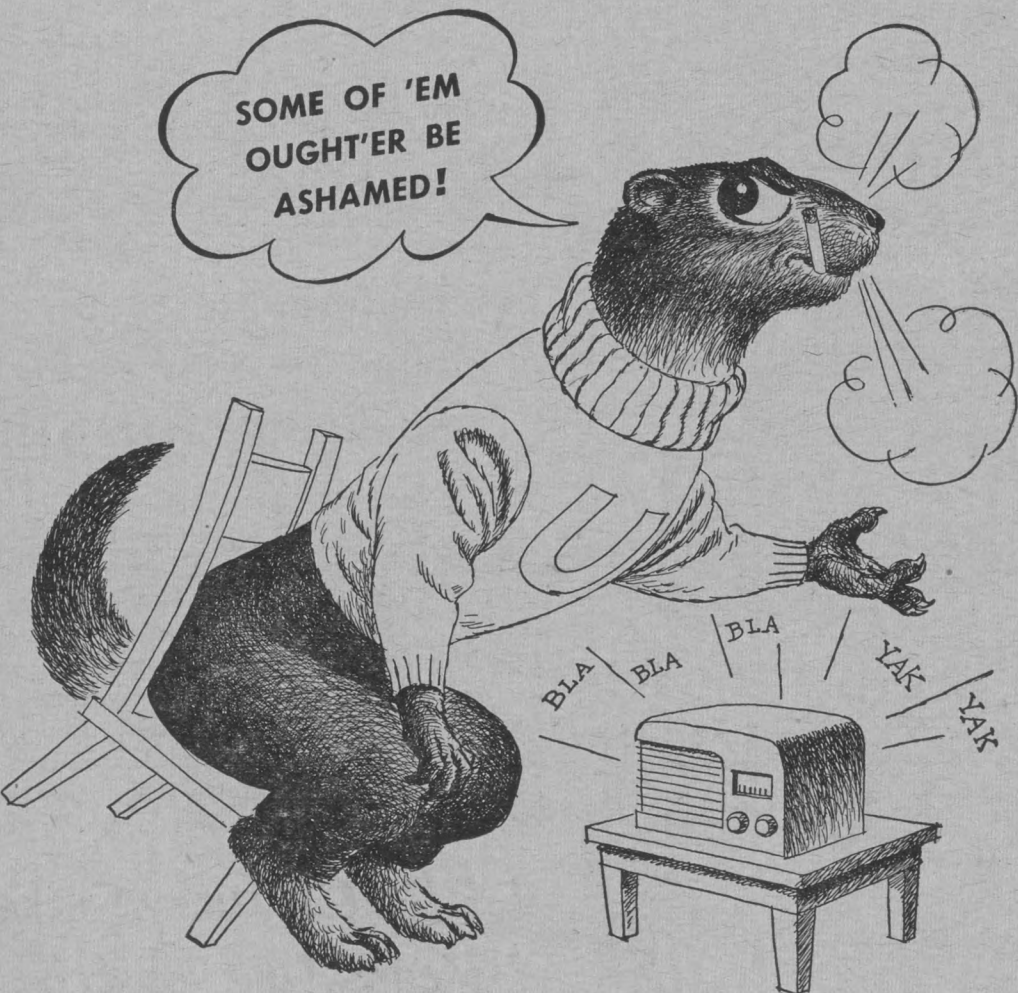

The Conference championship will be decided in a CCAA tournament scheduled for May 16 at Los Angeles.

Coaching the Gauchos this spring is Bill Irvine. Home matches will be played at the Montecito Country Club.

The schedule:
April 7—Loyola, there
April 10—California Poly, here
May 2—Occidental, here
May 8—California Poly, San Luis Obispo
May 16—CCAA Tournament, Los Angeles
May 22—Loyola, here

Campus Interviews on Cigarette Tests

No. 36...THE OTTER

A usually mild-mannered and easy-going lad, he really made the fur fly when he realized the trickiness of most of the so-called cigarette mildness tests! He knew there was one honest test of cigarette mildness. Millions of smokers everywhere know, too — there's one true test!

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments! Once you've tried Camels in your "T-Zone" (T for Throat, T for Taste), you'll see why . . .

After all the Mildness Tests . . .

Camel leads all other brands by billions

Dr. Sutton of Physical Science Department Works on Special Projects in Spare Time

By EDITH HICKS

(This is the fourth of a series on members of the faculty)

This interview with Dr. John W. Sutton of the Physical Sciences Department was timed at just the right moment. An entrance one moment later would have found the professor throwing glasses containing various solutions at the walls of the laboratory; so he was not at all reluctant to take a few moments out for an interview over a coke.

Dr. Sutton is a Midwesterner, born in Richmond, Mo. He took his high school work at Marshall and his Bachelor of Arts work at Central College. He came to California in 1944 and completed work on his master's degree and doctorate at Stanford University. In the simplest layman's language, his doctorate dissertation dealt with physical and colloid chemistry: how heat affects changes in the crystal structure of soaps.

Following work on his doctorate Dr. Sutton was an instructor in physical chemistry at the University of Nevada for the period 1948-49. He joined the staff here in 1949.

Dr. Sutton mentioned that the physical science course at Santa Barbara College is in the process of being revamped. An attempt is being made to present a course in the physical sciences which brings together the various areas of physical science into one course rather than having them split up into units; for example, merging physics and chemistry into one study for the general student. He pointed out that this work has been completed in the biological sciences.

Apart from his work in the classroom, Dr. Sutton has several projects of his own in the incubative stage, one dealing with research on the effects of various things on the deterioration of cooking fats. When asked if any results had been obtained thus far, Dr. Sutton said, very succinctly, "I have found that anything you put into cooking fat makes it deteriorate faster; the only thing to stop deterioration is not to put anything in it."

Another research project on which Dr. Sutton is working deals with the relation of molecular structure to the distribution of electricity in the molecule—this research, it is hoped, leading to eventual publication.

Some likes: Photography; sports and music, usually as a spectator; raising dachshunds and Russian wolfhounds.

One dislike: The attitude that it is smart not to understand simple scientific things, which attitude seems more easily assumed than the concentration needed to understand simple scientific formulas.

French Poetry Reading By Dr. Nugent Monday

Under the sponsorship of the English Department Poetry Series, Dr. Robert Nugent will present a reading on contemporary French poetry Monday, March 31, at 4 p.m. in the AWS Room.

Dr. Nugent will read first an English translation of each poem and follow this with a reading in the original French.

Mimeographed sheets of the poems will be distributed to those attending the reading.

History Club Slates Meeting for Tonight

The History Club and Phi Alpha Theta, history honorary fraternity, will meet in Pine Hall 100 at 7:30 tonight. Phil Staniford will read a paper on German political and military strategy during World War II.

Anyone interested is invited to attend the meeting, according to Ernest L. Hilligan, president.

Phi Alpha Theta will meet in the AWS Room at 6:45 p.m. tonight to initiate new members.

Navy Officers Here For Interviews Friday

Representatives of the Navy's Officer Procurement Office will be on campus Friday from 9 a.m. until 4 p.m. in the conference room of Bldg. D for interviews and to answer questions about the Officer Candidate program.

Any college degree qualifies an applicant educationally for the Navy's officer program. Undergraduates may apply as early as 120 days before completion of studies. The age limits parallel those of Selective Service, 19-26.

Officer training begins June 1 at the Newport (R.I.) school for June graduates. Thereafter classes will convene every other month.

The Naval Officer Candidate course runs for four months and upon graduation the candidates are commissioned ensigns in the Naval Reserve. They then serve three years of active duty at the full pay and allowances of their rank. Married men receive extra allowance for their families.

INQUIRING REPORTER

QUESTION: Revised figures show that there are now more men than women in attendance at this college. What is your reaction?

Phil Staniford, senior, History major: It's a dirty deal for the guys. They want more fellows to join the Army so they cut down the women's attendance and the poor spastic males get discouraged and join up.

Carmen Arguedas, sophomore, Early Childhood Education major: There may be an increase in quantity, but I haven't seen an improvement in quality. (Im kidding!)

Bob Vogelsang, junior, Speech major: I find myself so busy with extracurricular activities that I have no time for dates. I'm all for going out with girls, but I'm broke.

Melida Horn, sophomore, Sociology major: It just goes to show how incompetent the administration is.

Bob Holland, sophomore, Political Science major: The picnic is over, so I had to get pinned.

Joanne Churchill, freshman, Home Ec major: Really? They must be hiding. I haven't seen them.

Frank Robertson, senior, Psychology major: Statistics aren't important; it's how you interpret them.

Diana Evasovic, sophomore, Political Science major: I don't care. It wouldn't make any difference in my case!

PE Instructor Called To Air Force Duty

Turning from physical education instruction at UCSBC to service in the Air Force is Miss Dorothy Robarge. A member of the Air Force Reserve, Miss Robarge was commissioned as a first lieutenant and called to active duty beginning April 1.

With the Red Cross during the war, Lt. Robarge spent two years in the South Pacific setting up recreation facilities for servicemen on Guam, Saipan, Iwo Jima and Okinawa.

Lt. Robarge has been a member of the Santa Barbara College faculty for three years, coming to Santa Barbara soon after obtaining an M.A. from Wellesley College. She has been an active member of the Faculty Club and has acted as sponsor to several school organizations, including the Rally Committee.

P.S. To keep hair neat between shampoos use Lady Wildroot Cream Hair Dressing.

Be Happy-Go LUCKY!

Her Lucky shopping was complete
And stored upon the shelf;
'And now, she said, "I earned this treat,
A carton for myself!"

Roscoe Rouse
University of Oklahoma

Though cigarettes may look alike,
They're really not the same.
There's all the rest-but one that's best,
And Lucky Strike's its name!

George W. Martin, Jr.
University of Virginia

In a cigarette, taste
makes the difference—
and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellower, more enjoyable taste of a Lucky ... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco ... fine, mild tobacco that tastes better. Second, Luckies are made to taste better ... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

L.S./M.F.T.-Lucky Strike Means Fine Tobacco

I've started smoking Lucky Strike—
They are undoubtedly
The world's best-tasting cigarette—
Just try one and you'll see!

Alan W. Koppes
Lehigh University

Though cigarettes may look alike,
They're really not the same.
There's all the rest-but one that's best,
And Lucky Strike's its name!
