

# THE EAGLE

VOL. 4

SANTA BARBARA, CALIFORNIA, FRIDAY, OCTOBER 10, 1924

No. 4

## OFFICE REGULATIONS EMPHASIZED BY FACULTY

Several official rules are being reiterated by members of the administration with a view to guarding students against unwarranted disobedience of such requests. Students are required to attend all general assemblies and attendance will be checked on by Miss Bradley. If for any reason a student is unable to attend an assembly, he should see Miss Bradley in order to secure an excuse for absence. All absences are reported and must be accounted for. Another request has come from the office regarding walking across the court. Students are asked to use the pavement. Those who have not turned their program cards into the office should do so at once.

## C. M. DEPARTMENT PLANS PICNIC AT EL CAPITAN

The men of the Community Mechanics Department are giving a picnic Sunday at El Capitan. Ralph De Bolt, who is in charge of the affair, assures a hundred per cent attendance and a hundred per cent good time.

Leaving the Arlington about 9:30, the men plan to go by auto to El Capitan, which is about twenty miles up the coast, and spend the day there. The eats committee has planned a substantial lunch which is expected to be greatly appreciated after a morning of games and swimming. The program provides for more games and some surprising surprises originated by Ralph De Bolt.

There are about forty-five members in this department, and as each is to bring a guest, a large attendance is being provided for. The manager of the picnic utters the final warning that all those attending this outing be sure to bring knives, forks and other necessary utensils.

## ELEMENTARY CURRICULUM WILL BE REVISED

President Phelps attended a meeting of a committee on the elementary curriculum of the State schools held in San Francisco last week. This committee is to study the curriculum of the elementary schools with the view of revising it. The State Colleges are to assist in this work by furnishing material that subject matter specialists have worked out.

## MISS THOMPSON SPEAKS IN CAFETERIA TODAY

Miss Harriet Thompson, student secretary for the Board of Foreign Missions of the Presbyterian Church in America, will speak to the A. W. S. at 12:10 today in the cafeteria. Miss Thompson is on a tour of American colleges, speaking to the students.

Mrs. Grace Wright of the Presbyterian church and Miss Thompson will be at the faculty table in the cafeteria, and all members of the faculty are urged by Dean Pyle to be present to meet the visitors.

## COLLEGE HAS GREATEST INCREASE IN ENROLLMENT

Santa Barbara State College has had the greatest increase in enrollment of any State College in California this year. At the conference of State College Presidents, President Phelps reported an increase of over thirty-five per cent in our enrollment over that of last year. There are now nearly four hundred and fifty students enrolled in the college.

## NORVELL DICE CHOSEN AS YELL-LEADER

Norvell Dice was formally elected yell-leader at the Student Body meeting held Thursday. Dice has been acting as temporary yell-leader, and his election is proof of his popularity as a yell-leader. Dice comes from Visalia, where he was one of the pepsters of the Student Body.

## CLASS OFFICERS CHOSEN BY SOPHOMORES

Class officers were elected by the Sophomores yesterday. Alvin Baranov, former vice-president, won the presidency, while Christine Hamilton secured the vice-presidency. Howard Cagle was elected treasurer. A re-vote will be necessary to choose a secretary.

## CONFECTIONER NOLAN TREATS WINNING SQUAD

The members of the victorious Roadrunners' squad that walloped the California Christian College team here last Saturday, were all given a treat at Nolan's Confectionery after the game. Mr. Nolan, an earnest well-wisher of the State College, had offered to treat the members of the winning team to one of his famous 'Choc' malts.

A reporter who interviewed Mr. Nolan after the game noticed that the proprietor of the sweet shop was unusually glad that the local men got the treat. Mr. Nolan is reported as saying, "It would have broken my heart to have had to treat the Cal. Christian bunch; I was all set to set 'em up for the Roadrunners. I'm just as tickled as the students up on the hill at the outcome of the game."

## OUTING CLUB MEMBERS PLAN MANY EXCURSIONS

The Outing Club will hold its initial meeting Wednesday at 12:20 in room 44, according to Ted Ellsworth, retiring president. Plans for the activities of the club will be formulated and outings scheduled as soon as the club organizes. Officers will be chosen at the first meeting in order to arrange for contemplated trips.

Last year's schedule provided many good times for members of the club, who enjoyed trips to the cabin on the Santa Ynez River, La Cumbre, the islands, and other short hikes. According to enthusiasts of the former club, two trips are anticipated to the islands and to the cabin.

## ELEMENTARY SCHOOL HAS MANY ADVANTAGES

Student teachers had their first supervised teaching work in the College Elementary School on Thursday of last week, according to Mrs. Price, principal of the Elementary School, who made final assignments of teaching periods on that day. Due to other previous necessary arrangements, assignments for supervised teaching were not made earlier. Nearly all the equipment for the school has been installed, although more is arriving daily.

Student teachers are teaching and observing under the supervision of Miss Crumby and Miss Pond. Not only are the usual subjects being taught, but courses in cooking, sewing, art and wood work are offered in the upper grades. Both the boys and girls of the fourth, fifth and sixth grades are taking cooking, and the boys of these grades are being instructed in the industrial art—woodwork.

Regular assemblies lasting twenty minutes are held on Tuesdays at nine o'clock, during which time the different grades present programs. The first, second and third grades dramatized a story for their assembly this week, and the following week a program concerning a better health campaign will be presented.

Thirty-nine students are now attending the Elementary School.

## OFFICERS CHOSEN BY SENIORS

The Senior class organized for the year during the first class meeting held yesterday. Paul Cradler, last year's Eagle Editor, was elected president. Carrie Smith received the vice-presidency, while Alice Dillinger was chosen secretary-treasurer. In order to be fully prepared for their class stunt to be given in assembly, Jane Kelley was elected chairman of a committee to start work on a stunt.

## Chamber of Commerce Pledges Support for School Extension

For about a year a genuine interest in this institution has been shown on the part of the Chamber of Commerce. Recently various clubs have joined with the Chamber of Commerce and have visited the institution through committees with a view to expansion of the College. They have embodied their findings in the following resolutions:

Whereas, the various organizations subscribed hereto have, through committees appointed from each, investigated conditions regarding the Santa Barbara State Teachers College located at Santa Barbara, California, and find:

First: That said State Teachers College ranks high in education, and that during the last two years has been granting degrees in The Bachelor of Arts.

Second: That such an institution of learning is of distinct value to and typifies the standard of culture and education of this community.

Third: That the present enrollment has grown yearly since 1921, and is now nearly 450 students. The increase over last year being 34 per cent.

Fourth: That the buildings and equipment were designed and adapted for 250 students, and with the present enrollment insufficient and inadequate class rooms, with lack of suitable equipment obtains.

Fifth: That no new buildings have been furnished for the last six years notwithstanding an increase of over 100 per cent in the students enrolled.

Sixth: That statistics show that the assessed valuation of \$221,500 is the lowest of any of the State Teachers Colleges in this state, the highest being San Jose with \$647,000, and that the appropriation made for this institution is \$100,000 lower than any other.

Now therefore, be it resolved: With the foregoing facts as set forth above; that we, jointly and severally, pledge our hearty support and use our influence to secure more adequate facilities.

And be it further resolved: That we urge the State Board of Control to place in the Budget a minimum appropriation of \$250,000 which is urgently needed for the proper development of the College facilities and program.

The report is signed by:

The Chamber of Commerce Committee, Walter E. Erwin, chairman; The Kiwanis Club Committee, Paul T. Daltzell, chairman; The National Exchange Club Committee, A. Franklin Durkee, chairman; The Parent Teachers' Federation Committee, Mrs. W. F. Marquette, chairman; The Rotary Club Committee, Fred A. Jackson, chairman; The Woman's Club Committee, Mrs. J. O. Knighten, vice-president; The Business and Professional Women's Club Committee, Minerva A. Cross, president.

## JUNIORS CHOOSE OFFICERS THURSDAY

Officers were elected by the Junior class which held its first meeting Thursday morning. Tilen Keim was chosen president, and Helen Culp received the vice-presidency. Lewis Peters was elected secretary-treasurer.

## STUDENTS ADOPT ROOTERS' CAPS

At the Student Body meeting held Thursday morning, Allen Keim introduced new green and white rooters' caps, to be worn at the games and similar school affairs. After some discussion the caps were formally adopted. They are reversible, green on one side and white on the other, and are the same pattern as those worn in all the large universities. The price will be not more than a dollar. Students wishing to buy these rooters' caps are asked to sign the list posted on the bulletin board.

## LOCAL POMONA ALUMNI PLANNING PROGRAM

Alumni members of Pomona College will have a dinner and program Tuesday night at the Cypress Inn on Garden street in honor of Founders Day.

Miss Florence Clark, instructor in the Home Economics Department and a Pomona graduate, is assisting in planning the program.

## COLLEGE ORIENTAL RUG IS NEW INNOVATION

An Oriental Rug is now being woven here at College which is to be called the College Oriental Rug. The rug was started some time ago and it will probably be a long time before it is completed.

The loom on which it is being woven was made under the supervision of Mr. Walter A. Hawley, author of the book called "Oriental Rugs." Mr. Hawley was a Santa Barbara man who has died since the making of the loom.

The wool being used was imported from Smyrna, and this importation was the last before the war.

Mr. George Harootian of Los Angeles helped to start the work on the rug, and Mr. Kupelian of Santa Barbara assisted with the border design of blue, tan and mahogany colors. There will be a green center in which two candlesticks are to be placed on either side of the school insignia consisting of a mission bell, an eagle head and the map of wisdom. The College colors, green and white, will dominate the color scheme. The rug is to be a prayer rug, and over the niche of the top of the design will be placed a lamp.

Students in the third unit weaving class are doing the weaving, but anyone who is interested in participating in the construction of the rug may come in and help tie knots. The weaving is being done under the direction of Miss Camp.

## DON'T FORGET YOUR COURTESY

It ought not to be necessary to remind college students that it is exceedingly rude to leave an assembly during any part of an entertainment. Such discourtesy was displayed during Tuesday's assembly when several students, other than those on duty at the cafeteria, left the room before the program was concluded. Such action is not only disturbing to the entertainer but is annoying to other students who are endeavoring to listen to the program.

If the program extends four or five minutes over the regular time, students should be willing to remain in assembly those few minutes for the sake of courtesy if not for the pleasure and benefit which they derive from the program.

Courtesy is one of the finest characteristics of a well-trained individual and one which proves valuable in any field of work. We are not only doing an injustice to some one else through such lack of courtesy, but are forming undesirable habits.

## THE COLLEGE ORIENTAL RUG

We are indeed fortunate in having a College Oriental Rug to add to our traditional treasures. The rug is an interesting and novel project because it is a relatively unusual traditional possession for any college. The rug not only preserves our colors and emblems, but in itself will be symbolical.

The fact that all students may have a hand in making the rug will increase its value. It might be rather a pleasing afterthought to each of us when we have left our Alma Mater to know that the College is preserving something that we helped make. Let's not forego this pleasure through neglect to tie a few knots in our rug during our course here.

## PUBLIC SPEAKING CLASS HOLDS DEBATE

"Resolved that self-government in the Santa Barbara State College shall be absolute" was the subject debated Wednesday by the Public Speaking Society, which meets during the 4th hour.

The affirmative was upheld by Phil Davis and Helen Lindquist, who based their arguments on the statements that student government develops greater initiative, keener thinking, greater co-operation and is the best possible training for citizenship. The affirmative urged three changes in the present handling of student affairs. These were student body control of athletics with full power to choose a coach, determine the sports to be played and arrange for games; full control of the co-operative store as carried on at the University of California; and student control of examinations, which involves the establishing of the honor system now in vogue at the University of California.

The negative, which was upheld by Mary Virginia Platt and Margaret Cronise, argued that such a system is inadvisable because students are not competent to cope with matters of dis-

cipline and the hiring of faculty members and setting of standards for graduation, and that it would be unfair and undemocratic. The negative asserted that co-operation with faculty and not control over faculty is the only solution advisable and that such a radical change as putting full control into the hands of students would not make for co-operation.

A vote of the society was taken, based on 50% for argument, 30% for delivery, and 20% for rhetoric, and the affirmatives won by a vote of 13 to 5.

## INDUSTRIAL ARTS CLUB CONVENES IN FRESNO

President Phelps received an invitation from the Industrial Arts Club of San Joaquin Valley to a dinner and program to be given at the new California Hotel in Fresno on October 10. About fifty per cent of the members of this organization are alumni of this college. L. Burtram Garner, a graduate who has attended five summer sessions here, is secretary of the club.

Helen Mansfield was an enthusiastic rooter at the High School football game at Oxnard last Saturday.

## STUDENT ANSWERS TERTIUM QUID

An answer to: "Do you want departments?"

Emphatically no, if department organizations are to be maintained at the expense of the general welfare of the college. Yet I certainly feel we need department organizations.

There are four major departments in the college—the Home Economics, General Professional, Community Mechanics, and Junior College. The first three departments are professional and the last one preparatory. The students of the former three departments will hold this institution as their Alma Mater, while the Junior College students are thinking of this college only as the stepping stone to some other institutions.

As I see it, the professional departments are organized for a two-fold purpose:

(1) To promote the general welfare of its members in the field.  
(2) To perpetuate the memories and cement the bonds of comradeship formed while attending their Alma Mater.

If the reader will take the time to find out how many Stanford graduates hold the positions of responsibility in the field of education in this state, he will see the importance of an organization to cement strong professional bonds.

The second purpose is easily explained by the fact that all the Home Economics and the Community Mechanics students attend this institution for four years and the General Professional students three years. This is their Alma Mater and this is where they leave to take up their work in their chosen field. As stated before, the Junior College students, on the contrary, use this institution as the entrance to the university of their final choice.

To my way of thinking the departments as now organized do not detract from the general welfare of the college. They are business organizations primarily designed to help their members and look out for their general welfare, and for this reason it may not be incorrect to say that they are of much more importance than some of the other organizations on the campus.

"United we stand, divided we fall."  
R. P. L.

## A. W. S. INITIATES NEW STUDENTS AT PARTY

S. W. A. the by night Friday last, given party backwards the of success. hilarious the proclaiming loudly are girls of backward most the even. Successful proved Freshmen backward the of initiation the to supper backward delicious the from everything.

With clothes worn backwards, and carrying pillows, the girls backed into the Cafeteria. However, they were not too backward to eat supper, which began with dessert and ended with coffee. During the meal, the upper classmen were entertained by the unusual antics of the Freshmen as they were being initiated. A backward speech by Bernice Gange, president of the A. W. S., and an Irish clog dance by Ester Janssens and Elsie Le Blanc, were loudly applauded by the audience. (In true backward style the applause consisted of hissing).

After a final wholesale initiation of all the Frosh, a peppy dance was held.

## CONGRATULATIONS TO THE TEAM—

We pride ourselves that our food has contributed greatly to the welfare of many of the members of the Team. Keep up the good work, boys.

## TERTIUM QUID'S CORNER

### Spirit, Where Art Thou?

Last Saturday, Tertium visited the ball park to see the Green and White gridiron artists perform. It was a good game, cleanly fought, replete with clever plays, but lacking in one essential that makes a real football game—an enthusiastic rooting section. Tertium sat in the rooting section and yelled with the small group of no more than fifty students, and did his poor best to add to the pitifully small volume of noise that the rooters were able to make.

Tertium was pleased to see old Alma Mater triumph in the first game of the season, but the victory was not sweet because the team was not backed by a sufficient number of the Student Body. Students, where is all your spirit? Tertium saw an article in the last Eagle that told of a howling hundred being organized to promote pep at the games. Where were even ten students who really howled? The members of the school ought so to talk up the team that there would be a crowd of two thousand howling townspeople present at the games. Your team will feel that you are neither proud of them nor interested in their victories; they will cease to win for you.

The team is **your** team. Be proud of the fellows. Get behind them and root your lungs out at the game. You have a good team, students! Show them you are aware of the fact by a 100% turnout at the next game. Tertium will be there. He hasn't missed a game in four years.

(Signed) TERTIUM QUID.

## SOCIAL SCIENCE CLUB TO ELECT NEW MEMBERS

The Social Science Club will hold its second meeting Wednesday evening at the Chamber of Commerce at 7:30. Suggestions for membership which were made at the last meeting will be voted upon during the business meeting. If satisfactory arrangements can be made, the organization is contemplating joining the National Student Forum whose headquarters are in New York.

Topics of current interest will be discussed, following the business meeting.

The Los Angeles Branch of the Alumni Association is holding its annual breakfast on December 19. Miss Essie Elliot, '16, the president of this association, is in charge of the reunion. The meeting is to be scheduled on the Los Angeles County Institute program.

## COLLEGE WOMEN WILL CONVENE IN FRESNO

A convention of the Intercollegiate Women's Association will be held at Fresno early in November. Although the date has not been definitely settled, it will probably be held November the seventh, eighth and ninth.

There will be delegates sent by the A. W. S. but it is hoped that as many girls as possible will drive up in cars to be present at the convention. A committee is already at work on a stunt, and planning an attractive dress for the delegates. If a large number of girls are able to go, a better stunt may be put on and more enthusiasm created.

The object of the convention is to arouse enthusiasm and to bring the women's organizations in colleges closer together, by actually meeting and exchanging ideas. The problems of the various organizations will be taken up and the new activities they are participating in will be discussed.

Gladys O'Shea attended the Ventura County Fair last Sunday.

## VINCE AND BARANOV FOOTBALL LEADERS

At a meeting of the varsity squad last Friday, Jack Vince, fullback, was elected captain, and Alvin Baranov, quarterback, was elected football manager for the present season. This election was held in compliance with Article V, sections 2 and 3, of the constitution of the Athletic Council for Men, which states that these officers be elected just prior to the first official contest, which was last Saturday's game.

Both of the men elected have had ample experience in the ways of football.

## ALUMNI NOTES

Miss Roxana Elliot, '13, of the Home Economics Department, has returned to California, after two years of teaching in the East, and is now teaching Home Economics in Piedmont High School.

Miss Bess Exton, who was graduated from the State Teachers College this June, is now working for her Master's Degree at Columbia University.

Ruth Stonebarger, a graduate of the Home Economics Department, earned her B. A. degree in Physical Education at Columbia University this year. She is now teaching in the Long Beach High School.

Charles Beck, '17, is teaching in the San Pedro High School. When attending summer school here this year he was elected president of the Student Body.

Naomi Kasten, '24, and Pearl Wynes, '23, came down from Lompoc to see the game last Saturday. Henry Miller, '24, was also another rooter at the game.

## FRESHMEN ADOPT OFFICERS THURSDAY

Officers for the year were elected at the first Freshmen class meeting held Thursday. The meeting was called to order by Francis Peteler, and nominations for president were immediately made. Gordon Bailard was elected president, while Scottie McGee won the office of vice-president. Eleanor Hicks was chosen secretary and Francis Williams, treasurer.

## STUDENTS WILL HEAR MR. WYLAND THURSDAY

Ray O. Wyland, who is connected with the National Education Association, will be in Santa Barbara Thursday to give addresses concerning education and service. Students will be given an opportunity to hear Mr. Wyland Thursday morning at 11 o'clock during assembly period. Mr. Wyland is speaking to various groups in the city during his sojourn here.

## PERSONALS

Mary Ratekin went home to Ventura this week-end and enjoyed the Fair.

Mabel Sorem spent the week-end in Los Angeles.

Gwendolyn Stewart, former faculty member of the State Teachers' College, is now teaching in the Los Angeles schools.

Miss Lottie Anderson, who taught music here during the 1924 summer session, is teaching in Santa Monica High School.

Thelma Conrad is going home to Arroyo Grande this week-end.

Lucile Fratis and Elsie Douglass spent last week-end in Lompoc.

Olga Larsen plans to go to Lompoc this week end.

Marie Girard is going to spend the week-end in Los Angeles.

Lothele Miller is going to Lompoc.

## CO-OPERATIVE STORE SHOWS PROGRESS

The "co-op" store which was founded two years ago, was at that time a vastly different concern than it is today. It was started due to the inconvenience of a number of people selling candy in the corridors. Candy was the first merchandise sold, but this was soon followed by books, pencils, paper and erasers. When the store was first opened, there was no money behind it, as the first wares had to be purchased on credit. The valuation of the stock has increased from \$200 to \$1500.

The store is not run for profit, but for the convenience of the students, consequently, the lowest prices possible are charged.

Last year the store was slightly enlarged, but the present place is dark, inconvenient and much too small. A new building is rapidly becoming a necessity and there is also need for a larger stock.

The store committee says that the much-needed new building could be put up for approximately \$500. A properly planned building would add materially to the efficiency of our co-operative store.

## FOOTBALL DANCE VOTED SUCCESS

The football dance was given last Saturday night in the Arlington ball room with much success, according to those who attended it. Many members of the faculty, as well as students, were present, and to all appearances the faculty was having as good a time as the students. Those who didn't care to dance, enjoyed the evening playing cards. The music was good, and the punch was very popular.

This is the first Student Body social affair of the year, and its success promises many more good times.

## PLANS IN PROGRESS FOR ALUMNI REUNION

Mrs. Miller is communicating with L. Burtram Garner, an alumnus, concerning a reunion of the alumni to be held sometime in November, possibly on the first. Last October about 50 alumni and 8 faculty members attended such a reunion held in Bakersfield.

## MUSICAL PROGRAM GIVEN IN ASSEMBLY

Professor Raymond Elmore Challiss, formerly of Philadelphia, who has recently come to Santa Barbara to live, gave a delightful musical program in a general assembly held Tuesday morning. He opened his program by explaining many things of interest about the banjo, and then played a number of charming selections, several of them his own compositions.

His program Tuesday morning was as follows:

"Fretting," "Introduction in Melody," "I Love You," "Miserie from Il Trouvatore," "Unlimited Rag," "Symphonic Rag," "Grandfather's Clock."

## WITH OTHER COLLEGES

Central State Normal School issued a weekly throughout the summer session. The big social event of the summer was a kid party, which proved an hilarious success both from the standpoint of attendance and entertainment.

The varsity team of the Southern Branch met Loyola College Saturday in a scoreless game.

## THE YOUTH MOVEMENT

One hears and reads constant allusions to the Youth Movement of Germany, of China, of Japan, of England, of America, of every country in the world, in fact. The majority of readers are unfamiliar with the exact meaning of this seemingly intangible change with the youth of the world is undergoing. What is the Youth Movement? How is it finding expression? What is it accomplishing? These are some of the questions which will be considered in a series of articles to be written by a member of the staff who has been making a study of the Youth Movement of the world. The first series, which will start next week, will deal with the Youth Movement of the individual countries. Another series dealing with specific expressions of the movement in America will follow.

## ROADRUNNERS DEFEAT CAL. CHRISTIAN COLLEGE

Those who saw the Roadrunners crush California Christian College at Pershing Park last Saturday, to the tune of 23-0, will testify that it was a fast and exciting game from start to finish, although a bit one-sided. Santa Barbara played an offensive game entirely. Never at any time was the ball in her danger zone or closer to her goal line than thirty yards.

Before the game had progressed two minutes, Andy trotted around right end for the first touchdown. Foss failed to convert, but our lead of 6-0 sufficed to encourage "Kal Kris" to settle down and play a fast game. The remainder of the first quarter was a contest of punts, in which the Christians vainly tried to keep the Roadrunners out of their danger zone.

In the second quarter, Vince, Hollingsworth and Anderson, with the aid of excellent interference, ran the ball to the Christian's 3-yard line. Then Captain Vince bucked the line for the second touchdown. Foss added a point with a drop kick, raising our end to 13. Linder kicked off for the Roadrunners, and an aerial onslaught followed, in which neither team showed excellent passing ability. The half ended with the Christians on their own 45-yard line.

## TENNIS MANAGER ELECTED BY WOMEN ATHLETES

At a meeting of the tennis squad held last Friday noon in the cafeteria, Irma Steward was elected tennis manager for the coming season. A number of women have gone out for tennis and practice is in progress on the El Encanto court.

As was announced in last week's issue of The Eagle, Eleanor Warren has been chosen basketball manager, and the squad is being divided into teams. Enough freshmen and sophomores have signed up to form teams for these classes, but several more juniors are needed to complete the junior team.

in the third quarter. After being stopped by the Christians at their 25-yard line, Foss dropped the melon between the posts for three more points. Linder again kicked off, and "Kal Kris" made 35 yards on a completed pass, in which Garber averted a touchdown by a difficult tackle from the rear. Vince then intercepted a pass and skipped 30 yards. S. B. lost the ball on downs; and after a few unsuccessful line bucks, Vince intercepted a pass and, with the aid of excellent interference by Hollingsworth, galloped 50 yards for the final touchdown. Score 23-0.

The last quarter was a battle of punts and passes, in which neither team made appreciable gains. The final whistle blew with "Kal Kris" on her own 23-yard line.

## LIGHTWEIGHT TEAM WILL PLAY LOMPOC

The lightweight football team journeys north tomorrow to tie-into the Lompoc Bean Thrashers. Coach Hawley has been putting the midgets thru the paces all week, and has expressed himself as satisfied with the results they have shown.

The Roadrunners seem to be very strong on the defense, but they lack the drive and punch so necessary to a strong scoring machine. In the practice game with the High School team Wednesday afternoon, Coach Hawley's men got their first taste of fighting blood. In the ten minutes that the lightweights were in the game, the Hi lads were able to put over one touchdown, altho the midgets began to tighten up after the first few minutes of play.

Lompoc has a heavy team, but not a dangerous one. Last Saturday the Ventura Hi outfit downed Lompoc 19-6 in a raggedly played game.

This afternoon the midget squad will elect a captain and a manager for the season. To date about six games have been arranged for the squad with nearby Hi schools: Lompoc, Ventura, Moorpark, Oxnard, Taft and several other possibilities.

Those men who will make the trip are: Gray, Dice, Fong, Davis, Wormser, Blake, Jacobs, Morehead, Peel, Petersen, Henderson, Conklin, Chamberlain, Heggie, Williams, Abbott and Coach Hawley.

## GATE RECEIPTS OF GAME NET \$114

The gate receipts of last week's football game amounted to \$114, according to Manager O'Reilly. This amount indicates that a large number of outsiders attended the game. The gate receipts will aid in financing the coming football trips and guarantees.

## GREEN AND WHITE CLASH WITH LOYOLA

Tomorrow morning eighteen sturdy Roadrunners travel southward to engage the beefy Loyola bunch in what promises to be one of the hardest fought games of the year for both teams. Loyola is our most ancient unconquered rival. In the first year that the State College put out a team, 1921, the Jesuits took our team into camp 67-0. The second year no game was played, and last year Loyola again journeyed to Santa Barbara, confident of another easy victory. They were little prepared for a hard-fighting team that was able to out-fight them 13-0. They returned to Los Angeles nursing an open grudge, and tomorrow will try to obtain satisfaction. On Sept. 27th they conquered the Christian College warriors 13-7, the same aggregation that was subdued 23-0, but the following Saturday they held the Southern Branch Grizzlies to a scoreless tie, thereby dissipating any doubts as to their lack of strength and fight. Small wonder, then, that a real scrap is expected tomorrow.

The men who will make the trip are the following: Captain Vince, Manager Baranov, Hollingsworth, Anderson, Garber, Fritz, Morehead, O'Reilly, McCormick, Youngs, Annin, Hawkins, Brooks, F. O'Reilly, Foss, Gillett, Brownsberger, Keim and Linder. A goodly number of local students are expected to accompany the team south, and hope to see the fellows bring home the bacon.

Judging from the Christian College game, the Roadrunners have a very powerful line that always follows the ball. A repetition of this same spirit will be bound to make many yards for the team, for it is a rare team that never fumbles. In Foss, the Green and White have a clever linesman, an excellent punter and a consistent drop-

## TENNIS ENTHUSIASTS HOLD REGULAR PRACTICE

Tennis as a branch of physical education in the college is being approved by eight or ten men who appear regularly at the community court in the Plaza del Mar or at Abbot's court in Mission Canyon.

The tennis teams are in charge of Philip Brotherton, who supervises practice at the community courts while Terence Ellsworth watches his charges at the canyon playground. To all appearances, Philip has some apt pupils as well as some inbred enthusiasts chasing the ball.

kicker. The backfield combination of Garber, Anderson, Vince and Hollingsworth is a sure-fire point-getter, and should be the means of winning many games. Fritz, Baranov, Morehead, McCormick and F. O'Reilly form a strong reserve that can always be relied upon.
