State Artists Broadcast on NBC Network

**Barnett Secures Chance for
Student Audition on
California Hour**

NAGEL IS TOASTMASTER

**Expenses and Wages Paid for
Participants; Tryouts
to Be Held Soon**

Gaucha artists, singers and instrumentalists will soon have the opportunity of broadcasting their talent over the California Hour, Sunday March 7, which is featuring the western colleges each Sunday evening over the Blue network of NBC system. Arrangements were made by Mrs. Helen Barnett, head of the music department.

Nagel Is M. C.

The hour is sponsored by the chain stores of California, with Conrad Nagel as master of ceremonies, and David Broekman's orchestra. Representatives of the broadcasting station will be on the campus on February 23 and 24 to hold auditions for students wishing to try out for a place on the program. Singers, instrumentalists, dramatists and comedienne are wanted. Mrs. Barnett asks that all students who are interested in the tryouts will contact here as soon as possible.

Students Receive Cash

Students chosen for the hour will have their transportation to and from Los Angeles paid and in addition each solo act will receive 25 dollars in cash, and each duet act, 40 dollars. Trios will receive 60 dollars and quartets, 75 dollars.

"This is a wonderful opportunity not only to advertise Santa Barbara State college and to win money but perhaps for further radio work," stated Mrs. Barnett.

EXIT THE STRIKE

The irrepressible Los Angeles Times has transferred its comic section to the editorial page, where they comment so amusingly on the settlement of the maritime strike. The burden of the editorial is that the strikers "seem to think they have won something." These punative gains that the Times considers so trifling and insignificant turn out to be control of the hiring halls and 10 dollars a month increase in salary. Anyone who remembers the salient objectives of the strike will recall that the control of the hiring halls was the most bitter issue in the strike. A 10 dollar increase in wages will mean considerable to a scullion whose monthly income is forty dollars a month.

MASS EXECUTIONS

The 16 Russians recently shot in Moscow after being adjudged guilty of counter-revolutionary activities generally, and plotting to kill Tovarish Stalin specifically puzzle the rest of the world. It seemed so incredible that anyone would contemplate such a certain mode of suicide, but there actually exists in Manchukuo an organization which styles itself the All Russian Fascist party. In a recent manifesto this threadbare band of exiles boastfully declared that it had scores of myrmidons whose duty it was to sabotage industrial plants, dynamite railroads and generally disrupt the function of Tovarish Stalin's regime thereby discrediting it in the eyes of the populace. How far this All Russian Fascist party's aims have been transformed into action is problematical, but the Moscow men take it seriously and think they have connected the defendants (now deceased) with them. It is indeed strange that Trotsky could be identified with this group and a little absurd.

GAUCHO TOUR PLANNED

All students who would be interested in taking a tour of Santa Barbara's historic sites and scenic beauties should sign up on the bulletin board in the administration office. The tour will take place this Sunday, February 7, in the afternoon.

Dave Pollock Sets Goal for Students

It so happens at this time of great confusion that we struggle not in vain. It is true that we lose direct contact with a few of our colleagues, but satisfaction is gained from meeting many more new students, you freshmen and you transfers.

The only regret is the fact that of those new friends gained, we lose many along the way. Some drop out, others are "rolled" out because they are unable to meet the scholastic requirements.

This latter fact is unavoidable in a few cases but can be avoided by proper care and diligence. Consequently as a good start, freshmen, let's resolve to be one of the grads of this institutions and not one of the has-beens.

DAVE POLLOCK,
President Men's club.

Revue Posts Remain Open for One Week

**Tryouts for Roadrunner Show
to Be Held February
14 and 15**

The deadline on applications for positions on the annual Roadrunner Revue staff to be held April 8 and 9, has been set at February 12, according to Denning McArthur, student body president who is acting as general chairman of the event. The rally committee, headed by Wilma Kiesner, is in charge of all arrangements.

The executive positions open include those of assistant manager, publicity manager, advertising manager, orchestra director, stage manager, director, assistant director, costume manager, make-up chairman and property head.

Tryouts for the revue will be held February 15 and 16 in the afternoon and evening. Appointments for tryouts may be obtained from Miss Helen Sweet's office.

'Y' Holds Breakfast Meeting Wednesday in College Cafeteria

The next meeting of the College "Y" will be held next Wednesday, February 10, in the college cafeteria at 7 a.m., according to Dick Wichman, president of the organization.

"This will be an open meeting and anyone interested in attending should contact members of the 'Y' on the campus," stated Mr. Wichman.

Merle Waterman, general secretary of the County "Y", has been invited as guest speaker. Other guests will include Mr. Yale Griffin, Captain Paul Jones, Dr. Charles Jacobs, and Mr. J. H. Halterman.

The members of the organization are planning a supper and social to be held in the near future at the downtown Y.M.C.A.

Spring Enrollment Shows Drop of 100

A total of 860 students have enrolled in school to date, according to Miss Wilhelmina Menken, secretary to the registrar. Of this number 827 are regular students and 33 are specials, carrying five or less units.

This is a decrease of a hundred under the enrollment in September of last year, but still totals 120 over the enrollment a year ago at this time.

Twenty-three students from last semester were disqualified because of failure to make grades.

Noted Director

Henry Eichheim, noted Santa Barbara musician, director and composer, who will again direct the annual All-College Symphony, which will be held March 2, in the auditorium of the Lobero theatre. Mr. Eichheim is well known in music circles especially for his oriental masterpieces.

ANNUAL HEADS COLLECT FEES FROM STATERS

Over \$600 has been collected by members of the La Cumbre staff from students desiring annuals, according to Bob Moore, business manager. The annual will be given to the students about two weeks before the end of the spring semester.

The fee for returning students desiring annuals is one dollar and for new students, three dollars. All money can be paid to Fred Allred in the comptroller's office before February 28. After that time, no more orders will be taken as only a limited number of year-books will be printed.

"Pictures for the annual are still being taken and students should go down anytime to the photographers even if they don't have an appointment card," stated Jean Kandjounzeff, editor, "and entries are still being taken for the photography contest."

The contest, sponsored by the La Cumbre and El Gaucha staff, will close very soon. Prizes will be given for the three best snapshots handed in.

Legislative Council Holds Ninth Meeting

The ninth regular meeting of the student legislature was held last night in Pine Hall, with Denny McArthur presiding.

Don Follett, senior class representative, was appointed chairman of the constitutional revision committee to replace John Twaddell. Bill Murphy was named as new chairman of the student welfare committee, to replace Dick Waterman. Dorothy Hornor was also selected as a member of this committee.

A decision to award letters to cross country men was made by the council, upon the recommendation of the finance committee. In addition, the finance group recommended an overhaul job on the college bus, not to exceed \$425, and a raise in price per mile, from 19 cents to 22 cents, for organizations using the bus.

Musicians Convene for Seventh Annual Concert

**Henry Eichheim Again Directs Symphony;
16 Colleges Send Representatives
Sunday, February 28**

Guest musicians from 16 colleges throughout Southern California who will participate in the Seventh Annual All-College Symphony again to be directed by Henry Eichheim, noted composer, arrive in Santa Barbara, Sunday, February 28. The concert will be presented at the Lobero theatre, Tuesday evening, March 2.

Try-outs for positions will be held Saturday afternoon, with a general rehearsal scheduled for Sunday night. Monday morning, sectional rehearsals will be held in the Music hall and Pine hall. After several more general practice meets, the

entire group will rehearse in the Lobero theatre Tuesday afternoon.

94 in Company

The orchestra will be composed of 94 players, approximately 40 of whom have appeared in previous concerts.

Mrs. Helen M. Barnett will act as faculty director, with Lawrence Leslie as business manager, and Ed Cole as assistant. Fred Lambourne will serve as librarian, and Katherine Krebs as executive chairman.

Students Show Talent

"Applications show unusual talent this year, and the majority of the students are classed as exceptional. These applications also show an increased number strengthening the bass and wind section," stated Mrs. Barnett.

"The All-College Symphony is an annual event, and a profitable honor for Santa Barbara State. With many colleges desirous of securing the concert performance, we are indeed fortunate in having this outstanding musical event as our own," commented Mr. Leslie.

MUSICAL GROUP PLANS SECOND CONCERT HERE

The Los Angeles Philharmonic orchestra is returning to Santa Barbara for the second concert of the season on Tuesday evening, February 9 at 8:30 p.m. in the Granada theatre.

The Music Branch of the Community Arts is again giving the college students the privilege of special seats for 50 cents. Many students have shown their appreciation of this courtesy by buying tickets for the previous concerts. Next Tuesday's program will include Beethoven's "Eroica Symphony," Brahms' "Tragic Overture" and the Richard Strauss suite from the music to "Der Burger als Edelmann." This suite has never before been performed in Santa Barbara.

Josephine Heintz Geritz, lecturer for the orchestra, will come up from Los Angeles to lecture on the program and will speak at the college Tuesday afternoon at one o'clock in the music building. Everyone interested in the symphony program is invited to hear the lecture. Symphony tickets may be secured from Mrs. Helen M. Barnett, head of the college music department, on Monday and Tuesday.

ANSWER 'HERE' PLEASE

Professor Schlitz, at a certain southern college, wants all his students to answer "here" instead of "present" when he calls roll. Preverse Mr. Space usually insisted on answering "present" when he heard his name—much to the displeasure of the prof.

One day Professor Schlitz was in an ill humor. He called roll and got the class-anticipated "present" from Mr. Space.

"Present, hell," shouted the professor, "you're here like the rest of us. This ain't no Sunday school."

OLD MAIDS AT HOME

"Old-maidery" is definitely on the up-grade unless Hunter college questionnaires were not answered truthfully a week or so ago. Only one freshman out of the total of 929 has confessed a desire to be married after graduation from college.

Are You Lonesome? Do You Want an Ideal?

Date Bureau to Start Operation Monday on Local Campus

By DAVID WESTAWAY

Do you girls want a date with an intellectual, neat appearing fellow to escort you to a lecture or bridge tea. Or maybe you are not particular as to whether or not he is intellectual.

The student date bureau will start operation on Monday. This get acquainted club is organized for the benefit of newcomers, bashful students, and those who like a change of environment. A commit-

tee of students will regulate the bureau.

Registration will be received in the student body office during the fourth, noon and sixth period. In order to eliminate blind dates, we will record each member's personality, and a small snapshot will be attached to his or her card.

Interesting questions on the registration card include: Are you

willing to go Dutch treat? Do you dance? Do you smoke? Do you play bridge? Are you averse to double-dating? If you are a girl and have a car are you willing to use it?

Some of these questions should interest the "starved for love" and almost broke campus men. Watch for "Rate-a-Date" bureau on Monday. Statement: Dutch treat is the limit; we will not tolerate gigo-

Frosh Tangle with Whittier

Peagreeners Exhibit Talents at Carpenteria Gym Saturday Night

Saturday night at 8 p.m. the boys of "40" tangle with the strong Whittier college Frosh five on the Carpenteria High school court.

From all indications, the Poet boys have one of the best teams in their history and the encounter should develop into one of the outstanding games of the season.

Coach Willie Wilton has been working hard with his hoopsters, hard enough in fact to feel that his boys will be on the winning end. The peagreeners are showing lots of improvement every game and should attain their best playing game in this battle. They will undoubtedly be strengthened by the addition of Eddie Ferrante, lanky pivot man from Pittsburg.

The starting line-up will be Rego and Ulrich forwards; Bassett, center; and Merlo and Bailey, guards. Others who will see action are Palmer, Davis, Brothers, Main and Ferrante.

Next weekend the Frosh travel to Compton and the weekend after that to Redlands to play a series of two games on Friday and Saturday, as preliminaries to the Gauchos-Redlands tilts.

Survey Class Needs Three More Members

Three students are needed to complete the necessary enrollment in the surveying class taught by Professor William Peters.

Seven students have signed up for the course at the present time. Three units are given, and the class hours have been arranged for fifth hour, Monday and Wednesday, and third and fourth hours, Thursday.

Students interested should get in touch with Mr. Peters immediately.

San Gorgonio Alumni Extends Invitations

An invitation has been extended to the students and faculty of the school to attend the next meeting of the San Gorgonio alumni section, February 13, at Riverside.

Reservations can be made for the dinner with Mrs. Jane Abraham, registrar, which will be held at Ye Olde South Tea Room, located at 1952 East 7th street, in Riverside, at 6:30 p.m.

Gauchos Play Battling Poets

Former Assistant Coach Paul Jones Takes Over Reins As Head Tutor

Santa Barbara State's Gauchos basketballers journey to Whittier this evening under the new rule of the newly appointed head Paul Jones, to engage in a two game series beginning tonight with both games being played on the Poet's court. Coach "Spud" Harder has released the reins to his former assistant in order to overtake the forthcoming job of rounding a championship baseball squad into shape.

The Whittier squad presents their immortal Elvin "Red Oak Express" Hutchinson in their line-up ably aided by Lyman Dietrick and the Patterson brothers. In league standing neither squad shows an advantage over the other; the Poets having lost two games to Occidental and splitting a series of two with San Diego and the Gauchos having lost two to the Occidental Tigers.

Having had a strenuous and tiring but very pleasant vacation of taking examinations in this and that it now seems to be rather a trial and tribulation to sit down and write a sensible article, but—Columbus took a chance, so here goes.

The subject of vacations and the vague remembrance of the past examinations plus those things of minor importance called grades reminds me that the Santa Barbara State Gauchos should have a crack-jack of a baseball team plus individual freshman track stars, that is, if the boys made their grades. The track stars to keep your eye on are Elmo Callis, the mighty midget, who broad jumps in the neighborhood of 23 feet, and Harold Fortress who takes the hurdles just like an everyday exercise in skipping rope.

One of the local fraternities, Beta Sigma Chi, are entering a team in the town league the next half featuring players such as Bill

Russell, Bill Pensinger, Bob Rezonico, Bill Grey, Roland Carter, Reed Prince, Don Follett, Al Scott, and many others; from the looks of some of the present teams they should finish near the top.

While on the subject of basketball it might be a good time to discuss what's the what about the varsity basketballers. It's a funny thing, the boys look good and still they aren't. Whenever they take the floor to practice and go through their preliminaries before a game you can hear many favorable comments among the spectators about them such as "My, what a tall team and so well balanced" and "boy, they sure are going to be hard to beat," and numerous other statements to the same effect. Yet when the game starts all that classiness and those advantages seem to vanish in thin air—and "what is the reason?"—everybody is asking that question.

"An actress' throat is naturally very important to her. After experimenting, I'm convinced my throat is safest with a light smoke and that's why you'll find Luckies always on hand both in my home and in my dressing room. An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, 87% stated they personally prefer a light smoke.

Miss Colbert verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen, and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat!

An Enlightening Experience

It required an accident, not necessarily a catastrophe, to illustrate exactly what is wrong with an existing system. In explanation, an accident which occurred at the North exit of the campus yesterday during second hour, in which two student automobiles were damaged.

Signs have been placed on Mission Ridge road, in back of Pine hall, by the Santa Barbara Police department, prohibiting parking along the road from the college driveway to the north-east end of the campus territory. However, with crowded conditions existing at State, and the parking situation a troublesome one, students have continued to park cars along Mission Ridge.

The width of the above-mentioned road, is barely enough to accommodate two cars, and it is difficult for students to make right-hand turns off the campus. In view of the fact that the road is not as wide as it should be, it would seem appropriate that the police department give the right of parking regulation over to the Welfare committee, so that it may be improved and restricted as the group deems suitable and necessary for college activity.

Regarding the question in another light, citizens are quick to criticize college students for speedy and careless driving on leaving the campus. Nevertheless, there are no signs regulating the speed of vehicles along Mission Ridge. Off-campus drivers neglect to remember that the territory in question is in a school zone, and fail to observe the necessary caution in proceeding along the thoroughfare.

If the parking regulations were left in the hands of the students, a more satisfactory arrangement could be made; if the accidents of this type continue to occur, a widening of the road will be advisable, or to say the least, a curb put on speeding.

Book Chatter
By ARTHUR H. BATCHELDER

Hurrah! The funny, pompous, lovable, egotistical Baron Von Katz marches forth across the pages of a Tihet book. For genuine thrills I can recommend no better spine-chasing murder mystery than "The Crimson Hair Murders". If you haven't met the Baron, you've missed half the fun and 70 per cent of the thrills of life.

In this time of war-torn Europe what better book and more appropriate subject matter could be recommended than Tolstoy's "War and Peace". I dare not attempt to review such a famous volume.

Are you a poetry fan? Then don't forget about Whitman's "Leaves of Grass". That little volume has revolutionized modern American poetry and poets. The Modern Library now publishes it for 95 cents.

It must be a hard life for writers of "Econ." textbooks. For a while their books are "all the rage", then into the discard pile they are casually tossed. And such is the way of Tugwell & Hill's fascinating Economic textbook "Our Economic Society and its Problems." For was it not just a short time ago quite the thing to have it for use in the classroom? Ah, yes, and that it was. But, away with it say those ruling demagogues, the boards of Education, throughout the land. For now it is out of date. The N.R.A. is no more. And Tugwell and Hill, royalties are no more. Irony is the world? But definitely, no! We move fast, and furiously, and what fun it is; however, rapid travelers must "bump off" someone on the way, and in the case of fast-traveling-econ-books, it's the authors who are kicked around and messed up. "But such is life", for some anyway.

Here are some keyhole notes and peeks. The J. B. and F. A. feud about the Bee which Jack Benny and Fred Allen have on is P.D.G. (pretty darned good) . . . Jack Benny's program has, for the third time, been named as best all-round program by the radio editors of America, Jack Benny has been rated the outstanding comedian for the fourth time by the same group. The new Hollywood Hotel program with Fred McMurray as master-of-ceremonies is good . . . swing music fans will like the Saturday Night Swing Club which is heard at 4:30 over Columbia on Saturdays. . . . here is a peek . . . Fred McMurray started his film career in Roberta in 1934 . . . was born in Kanakee, Illinois in 1908 . . . father is concert violinist . . . won ten letters in football, baseball and track . . . went to Carroll college for year then went to Chicago . . . landed job with stage band . . . became featured soloist . . . then went to New York . . . became featured saxophonist and soloist . . . sang with Libby Holman . . . then went to Roberta . . . since then has made spectacular rise in movies. latest is Swing High, Swing Low with Carole Lombard . . . also master-of-ceremonies for Hollywood Hotel . . . Band Prepares for Excursion

Musicians and Men's Chorus Leave February 14 for Northern Schools

Plans have been completed for 45 members of the band and men's chorus to leave here Sunday, February 14, on their six day annual good-will tour of surrounding parts of the state. The purpose of this trip is to make friendly contacts and relations with the communities of the coast and central valley. The route will extend up the coast to Hollister, then to Merced, Fresno, Bakersfield and back to Santa Barbara.

High school classes will prevent Mr. W. J. McAllister, instructor, from accompanying the group, so the entire trip will be under the student management of Eddie Cole and Fred Lambourne, who arranged for the performances early last semester.

Two Tanner busses will be used for transportation of the band and chorus. The group will make several presentations each day.
