C. of C. Hears Discussion
Of Zoning Ordinances

Between 25 and 30 persons at­
tended the Chamber of Commerce
meeting which was held in the
Veteran's Memorial Building on
Wednesday evening. Out of ten
guests included Fred Hoefher of
Santa Barbara, Wallace Penfield,
Count, Jack Comission Es-
surier, and Herbert Cooper, State
Highway Department.

Penfield outlined the steps
necessary to secure a zoning or­
der covering the district be­
tween Rincon Creek and Serena,
and pointed out the advantage of
zoning this area. He stated that
an request of Carpineters residen­
the board of supervisors and plann­
ing commission would consider
such an ordinance at a series of
public hearings.

Penfield pointed out the val­
e of such an action on the basis of
the fact that it would require a
uniform set-back from the new
high­

w the erection of roadside
stands such as the one along the high­
way leading into the town.

Dr. J. R. Lape was granted
$10.00 from the Chamber of
Commerce funds to pay the expres­
sion of a parade entry advertising
the City of Carpinteria at the State
International Convention which is
being held in Oakland, July 17 to
22.

The Chamber of Commerce also
tended to the care of the balance
of some $34.00 due on the fire­
works used at the Fourth of July cele­
bration.

A communication from C. L.
P_points for Supervisors, urged Carpineters
imon grows to provide tenant
housing and recreation for a yearly
basis, rather than to im­
port Mexican labor. The letter
stated that the increased Mexican

Sewer Extension May Gain
Approval As PWA Project

With new PWA regulations now
in force which permit an allow­

is apparently some prospect that Carpineters may secure a PWA pro­
ject for the completion of the sewers in the west end of the town and the Old Town area with­
ed the necessity of putting a bond
issue for this work since such a project would provide jobs for a
number of men.

**The Churches**

Christian Science Society: Christian Scientists in Carpinteria have a number of churches. Each church, with its own minister, is separate and independent, but under the administration of the Christian Science Board of Directors. The churches are open to membership on any basis, and are open to all who desire to come to the meetings of the church and to welcome them to their services.

**California Can Do It!**

In California, as elsewhere, the "Let-George-Do-It" attitude of mind has been taking great headway. This is natural, but not unavoidable. It's part of the human streak in everyone to let the other fellow do the job—if he hasn't get sense enough to make us do it for him.

With a brace of depressions knocking at the door, it was unavoidable that Federal aid should seek to help. It's not the fault of any one man that we may acquire the habit of looking for Uncle Sam to come running with his saved-off-shot-gun every time we think we see blood in the wolf's eye?

Let's start the ball rolling ourselves right here in California! Ours is a particularly favored state. We have resources in abundance. California can and should do it for itself. We have a high diversity of both industrial and agricultural enterprises. Our purchasing power ranks among the highest of all states today. Our businessmen have no lack of intelligence, aggressiveness, and vision.

**TIME TO REGISTER**

It's the American habit to grumble good-humoredly about most everything. Let's start the ball rolling ourselves right here in California! Ours is a particularly favored state. We have resources in abundance. California can and should do it for itself. We have a high diversity of both industrial and agricultural enterprises. Our purchasing power ranks among the highest of all states today. Our businessmen have no lack of intelligence, aggressiveness, and vision.

### AVERAGE MOTORIST FOUND ANXIOUS TO REDUCE ACCIDENT

Most motorists do not know how quickly their cars can be stopped, about half don’t know the speed laws of their own cities, and many are unfamiliar with right-of-way rules.

This situation was uncovered in a recent national traffic safety survey, reports the Automobile Club of Southern California.

It was found that most drivers answering to a questionnaire knew the speed limit in school, zones, but did not know the speed limit in residential districts or the need for more uniformity and stricter enforcement. Motorists questioned almost unanimously expressed the belief and the pedestrian should be compelled to obey reasonable regulations and be fined for flagrant violations.

The outstanding conclusion drawn from the surveys were that the average motorist is safety-conscious, anxious, for a reduction in accident records, and reasonable in his approach to law enforcement.

### SEQUOIA PARK FISHING

Due to high water and rapid run-off from the snow pack which still covers the higher portions of Sequoia National Park, fishing is still fair to good in that area, reports the Outing Department of the National Automobile Club.

Most lakes in the Park are still frozen, although Twin Lakes and Heather Lake are exceptions. All roads to the Park are open and paving of Generals Highway has been completed.

### SAYS System Works

Bing Crosby claims that the “Australian betting system,” which consists of betting the horses whose names have the most “i’s” and “a’s” and which figures prominently in Paramount’s “The Unholy Betsman,” is in a practical system that pays dividends at the race-track pari-mutuel windows.
President's Route Through L. A. OUTLINED

For the benefit of Carpinteria residents who may be planning to be in Los Angeles on Saturday we publish a portion of a release received from Senator McAuliffe's headquarters outlining the President's visit and route of travel in Los Angeles.

"The President will arrive in Los Angeles at 9:00 a.m., Saturday, July 16, at the Southern Station, Fifth street and Central Avenue," Senator McAuliffe said in his announcement. "He will remain in his car for about one hour and will go from there by automobile to San Diego. It is not expected that he will make a speech here, since his time in Los Angeles is so short.

"When the President leaves the station he will go by way of all streets to Broadway; south on Broadway to Washington Boulevard; west on Washington Boulevard to Flower street; south on Flower street to Figueroa street; then on Figueroa to Harbor Boulevard; on Harbor Boulevard to Roosevelt Highway, U. S. 80, to American Avenue; on American Avenue to Ocean Avenue; on Ocean Avenue to Ocean Drive; on Ocean Drive to El Camino Drive; El Camino Drive to Santa Monica Boulevard; on Santa Monica Boulevard to ocean Drive, U. S. 101, to San Diego."

UNEMPLOYMENT CHECKS REMAIN UNCLAIMED

Sacramento—Approximately $30,000 in unemployment compensation checks is waiting to be claimed at offices of the State Department of Employment.

The notices of unemployment were made here today by W. F. French, chief of this department of Unemployment Compensation, who said every effort is being made to distribute these checks to the rightful owners.

It is indicated that claims are constantly being returned to the Department for want of sufficient addresses, French said.

A list of returned checks is mailed monthly to local offices of the Department throughout the state, French pointed out, and claimants should glance through the list in those offices if they have failed to receive checks because of moving.

It is important for claimants to keep a correct forwarding address when they move, French said, as this will facilitate the distribution of their unemployment compensation.

The Illinois Association of Southern California, composed of Summer residents of Illinois, will hold their annual picnic and installation of officers at Kirby Park, Long Beach, on Saturday, July 23.

The picnic will be an all-day affair with the program starting at 2 p.m. Coffee will be furnished and all former residents of Illinois in attendance at state are invited to bring their lunch and spend the day.

FESTIVAL SERIES
ATTRACTING TRI-COUNTY INTEREST

Interest in the Summer-Festival Series of music and ballet which will open at the Santa Barbara County Bowl in the heart of the county seat on July 23, is developing tri-county proportions. With Santa Barbara city and Santa Maria well organized to support this summer music series, interest has spread to Ventura and San Luis Obispo counties, Paso Robles and Cambria Pines, to attend the series, the drive being much shorter than to the Hollywood Bowl, which in the past has drawn many tri-county lovers of music.

On Saturday evening, July 23, the first gala event of the Summer Festival Series is scheduled. Miss Maria Jeritza, internationally known prima donna soprano, who program of the Summer Festival Guest Count on July Bird.

Mme. Maria Jeritza
Mme. Jeritza, internationally will open the opening Series in the Santa Barbaras

pattison Opera Company soprano. Rock Ferris, American pianist, and the Horton Dance group in ballet will be presented. Richard Bonelli, Metropolitan Grand Opera, and his current tour, and the San Francisco Grand Opera Ballet group are featured in the third concert on September 3. Jesus Van Grove of the Chicago Civic and Cincinnati Opera and musical director for Max Reinhardt, will serve as musical director for the series. Adrian Arnau, nationally-known designer of scenic and electrical effects, will arrive tomorrow from Los Angeles to prepare for the Summer Festival Series at the Santa Barbara County Bowl, for which he will be technical director.

Miss Grace Denton, manager of the Santa Barbara Bowl series, has opened offices at 12 La Arcada, where reservations may be made for all of the concerts at moderate prices.

The highlight in Hollywood's social calendar this week was a formal dinner dance given at the Bel Air Bay Club by Almas Lloyd, who makes her screen debut with Ronald Colman and Frances Dee in Paramount's "H.I. Were King," to honor her father and mother on their silver wedding anniversary. The guest list numbered over 200, including Jack Benny and Mary Livingstone, the Gary Cooper, the Walter ContiNys, the Stuart Erwin, Irene Dunne and her husband Doctor Francis Griff, the Henry Hathaways, Ernst Lublitch, Joel McCrea and Frances Dee, Fred MacMurray, John McLeand, the Ray Millands, the Edward G. Robinson, Donald Ogden Stewart and Benita Hume, Ginger Rogers, George Brent and Antonio Moreno.

Harriet Hillard and Fred MacMurray who will be seen at the California Theatre starting Sunday in "Crescent Grove," which will be presented on the same bill with "Kidnapped" starring Warner Baxter and Freddie Bartholomew.

The highlight in Hollywood's social calendar this week was a formal dinner dance given at the Bel Air Bay Club by Almas Lloyd, who makes her screen debut with Ronald Colman and Frances Dee in Paramount's "H.I. Were King," to honor her father and mother on their silver wedding anniversary. The guest list numbered over 200, including Jack Benny and Mary Livingstone, the Gary Cooper, the Walter ContiNys, the Stuart Erwin, Irene Dunne and her husband Doctor Francis Griff, the Henry Hathaways, Ernst Lublitch, Joel McCrea and Frances Dee, Fred MacMurray, John McLeand, the Ray Millands, the Edward G. Robinson, Donald Ogden Stewart and Benita Hume, Ginger Rogers, George Brent and Antonio Moreno.

Harriet Hillard and Fred MacMurray who will be seen at the California Theatre starting Sunday in "Crescent Grove," which will be presented on the same bill with "Kidnapped" starring Warner Baxter and Freddie Bartholomew.
S. B. Horseshow Attracting Many Out of State Entries

Starting with the parade on Wednesday, July 22, and extending through the final performance on Friday, July 24, this is the nation's outstanding horseracing and sporting events. It is one of the most consistent winners in horseracing on the Pacific Coast last year and will bring a consistent stable of three and five-gaited horses to the Santa Barbara horse show.

Continuing the policy of giving spectators the utmost in entertainment, the 19th district Agricultural association, sponsors of the event, has introduced new innovations and features this year.

From Chicago will come Pete Pancos and his "all-united" Border Collies to give exhibitions of sheep herding, and the first time this year, the 1939 horse show will have every event of the horse show. This is the first time this famous event, which thrills tens of thousands of Madison Square Garden, has seen the world of the horse show. Pancos will bring his world's champion sheep dog, Jean, for the show. Dogs will be required to perform in all their distinctive acts, merely by listening to Pancos's whistle.

Two giant teams of draft horses have been signed for the show by E. G. Stimson and his 16 horse hitch. The farm will again perform through their intricate maneuvers in the show ring which barely allow room in which to turn. All movements are executed at a gallop, one of the most difficult acts to perform. From the W. K. Logan ranch, famous breeding farm of Arabians and draft horses, will serve a team of eight matched Percherons, one of which was purchased from the Duke of Windsor's ranch in Canada.

Two marine performances will be given Saturday and Sunday afternoon. Tickets may be reserved by calling Santa Barbara 7048 or by calling at horseshow headquarters. The show will end on Tuesday, July 27, and no entries will be held after Tuesday.

J. E. Lewis, county clerk, has asked the aid of newspapers in the county in publicizing the fact that registration for the primary election, August 30th, close on Thursday, July 21st.

Lewis stated in this communication that, "Santa Barbara County had its largest registration in the November General Election of 1936. The total registration at that time was 32,361. We were forced to cancel some 5,000 registrations for the reason that the registrants failed to vote at both the August Primary and November General Elections of 1936. That brought our registrations down to a little better than 28,000. There are now approximately 29,500 people registered due to the activity of the August Primary."

The letter stated further, "the office is very concerned over the fact that we do not have a higher registration at this date. We have estimated that some 50% of the persons previously registered have moved and need to re-register. There remains only 8 more working days before the closing date of registration."

For the convenience of the public, Lewis has deputized a number of persons to act as deputy registration clerks throughout the county so that residents of outlying towns will not have to go to Santa Barbara to register.

Mrs. Florence D. Lewis has been deputized to take care of the Carpinteria district and Hazel L. Miller is in charge of this work in Summerland. These women will be glad to check registrations in the event that there is any question as to their validity because of removal or failure to vote at the last primary or general election.

Registration Closes Next Week Warns Lewis

Hatfield Cites High Taxes As Peril to State

(Continued from page 1) a State mediation board, established along the lines of the national railroad mediation board which has successfully avoided railway strikes since its inauguration would do much to eliminate the labor strife that has beset California during the past few years. He pointed out that such a board should include representatives of labor, the employer and the third party that often bears the brunt of labor troubles, the general public.

Hatfield also pointed out the close connection between his pledge to reduce taxes and his statement that he seeks election for only one term by outlining the power vested in the Governor by the constitution of the state in regard to the fixing of the biennial budget. He stated that since, under these powers, the governor may reduce or eliminate various items included in the budget and that such reduction or elimination can only be overridden by a two thirds majority vote in both houses, a governor pledged to only one term of office would be in a position to materially decrease the budget without considering the possible loss of political prestige.

Hatfield also stated that he favored removing the Fish and Game commission from political control and placing game work to the commission and the staggering of terms.

In Natural Gas Communities you really see the sky!

There's no chimney smoke in Southern California to dull the beauty of the horizon! For most homes and factories use natural gas. And natural gas is all heat. It burns clean. Of course, people usually take this for granted. It is only when you compare other regions, in which other fuels are used, that you notice the difference. Make a comparison when you take a trip elsewhere. And remember, in factories and in homes, for best service from this clean fuel, use equipment that is up to date. Modern gas appliances for cooking, refrigeration, water-heating and house-heating are now being shown at dealers' and at the gas company. Ask about the very liberal terms.
