Old Spanish Days Fiesta Association Starts Drive for Membership Roll Call

THIS YEAR'S GOAL IS SET AT 5,000 ENROLLMENT

Sam Stanwood, President for This Year; S. T. Tomlinson General Membership Chairman

Members of the "Old Spanish Days Association Inc.," are organizing for the annual membership drive this week. With nearly 1,000 members already on the charter membership list for this year, the Membership Committee planned to swing into action during the coming weeks to reach the goal of 5,000 members set by President Stanwood.

According to Stanley T. Tomlinson, General Chairman of the membership committee, the main drive for membership will be staged the week of August 14th to 18th inclusive. Robert Day is in charge of the men's division in Santa Barbara and Mrs. Edgar D. Smith is chairman of the women's division. Memberships may be obtained locally at the office of the Carpinteria Realty Company.

The officers of the association for the eleventh Fiesta are as follows: Sam Stanwood, president; Harry S. Sweetser, first vice president; T. Wilson Dibble, second vice president; Joe D. Paxton, treasurer; H. S. House, secretary; George W. Avery, auditor; Charles E. Pressley, historian.

The Executive Committee is composed of Ray L. Skofield, Dwight Murphy, Silsby M. Spalding, John J. Mitchell, T. Wilson Dibble, Harry C. Sweetser, Joe D. Paxton, Sam Stanwood and H. S. House.

Directors Listed
The directors of the association are T. Paul Dalzell, R. G. Fernald, H. L. Hitchcock, H. S. House, H. F. Kinsell, R. F. McFarland, William Clark Pollock, Harrison Ryon, George W. Perkins, William Jeffrey and Charles D. Wilson.

Things To Remember:

When the old adobe school house at old town was used for a skating rink.

When Ocean View School was way up Torro Canyon and the road was very dusty.

When the latest thing in bathing suits appearing on the local beach included suits of ticking and calico and legs and arms (or rather limbs) were matters of conjecture.

When the boys at the school in Old Town went swimming and the girls hid their clothes.

When Ed Bailard's first car traveling at the high rate of speed of ten miles per hour threw a wheel on the East Coast Highway.

SEASIDE HOLDS MID-YEAR MEETING

200 Employees Attend One Day Sales Conference Followed by a Full Day at Beach and Barbecue

Representatives of the Seaside Oil Company have returned to their various homes after one of the most successful Mid-Year conferences ever held at the General Offices of the Company in Summerland.

At the conference, J. F. Bushnell, Vice-President and Manager of the Company gave in detail on of the items contained in the new agreement under which the petroleum industry of California is now operating. Of chief importance to the public is the fact that, now, for example, Tetraethyl Silver Gull and all gasolines of its general classification must be offered to the public at the same price. There will be no price difference so that the public will be free to choose its gasoline on the basis of quality and service alone.

It was the sense of the Seaside conference that under these conditions the Seaside Stations and Dealers would have a definite advantage as Silver Gull has received so much endorsement from experienced, big-mileage drivers and because it is Custom Made for this territory.

Winslow Bushnell, the Sales-manager, announced for the near future a program which will obtain increased representation for Seaside Products in this territory and elsewhere up and down the coast. Growth right in line with the program of the first six months of the year which saw better than a hundred new dealers added to the Seaside family. It was also announced that these recent developments together with the performance of Silver Gull and an aggressive advertising campaign had placed the Seaside Company in either sixth or seventh place in the State several months this year.

With almost 200 in attendance at the meeting the most complete merchandising and advertising campaign, ready for release at an early date, was placed before the Conference. Great interest was aroused by the fact that the program was so comprehensive and that it, again, for fall included an entirely new use of newspaper advertising.

The day following the Sales Conference was spent with the entire organization, at Carpinteria Beach where a delightful barbecue was provided. The afternoon and evening being given over to swimming, dancing, games and everything else that goes to make a day at the beach enjoyable.

NEW HIGHWAY SIGNS PLACED BY AUTO CLUB

Approximately 400 new-type direction and cautionary signs are to be erected on various highways this week by the Automobile Club of Southern California.

Many new signs are being posted on state highways in the San Bernardino mountains. A club crew is also erecting markers on all of the newer Metropolitan Water District roads for the benefit of the public. This truck will later go to Yuma, Arizona, and maintain and erect signs where needed on the state road to San Diego.

Over 100 new direction signs are being placed in San Fernando Valley in addition to regular maintenance work, while other crews of the club's signposting department are maintaining all markers in and around Los Angeles.

MOONLIGHT NIGHTS GIVE UNUSUAL SPORTS

Those elusive bits of silver known as grunion are due to dance again on the sands of Santa Barbara County beaches beginning probably tonight. We make no promises as to that since they decided to be a day late last time.

Those who were disappointed last time should have an excellent opportunity to make a good catch this time as the moon is full and it will not be necessary to use flash lights or lanterns in order to see the fish.

MOONLIGHT AIRPLANE RIDES POPULAR

The gorgeous full moon has attracted a number of people in search of a thrill to the local airport at night. On Wednesday night both planes at the local field made a number of flights and landed by the light of the moon and a few lanterns set at the edges of the field.

ECLIPSE

Those persons who had energy enough to stay up until 1:00 a.m. witnessed a partial eclipse of the moon. Those who saw it said it was worth the loss of a few hours sleep. It was the first eclipse to take place during the full of the moon for quite some time.

Local Business 6 Are Cited on Showing Gain Road Charges

Cyril Hartley, local Ford dealer, reports that four deals have been closed during the past week, two for cars and two for trucks.

Mr. and Mrs. Loyd Hales of Carpinteria have taken delivery of a new DeLuxe Four-Door Sedan and Clarence J. Lant has purchased a DeLuxe Coupe.

The Santa Barbara County Forestry Department has ordered an 8 cylinder, 131" wheel-base truck which will be equipped for fire-fighting purposes. The Johnson Fruit Company of Santa Barbara will take delivery today of an 8 cylinder, 131" wheel-base truck chassis. A spraying outfit is to be mounted on the truck.

Tourist Trade Better

Paulson Visel reports that weekend business was the best so far this season last week, all accommodations at the Lodges being filled on Saturday. Reservations are also being made for the next month or so.

Local restaurants are busy, the Rabbit's Den stating that business is increasing steadily. The Continental Store is enjoying excellent trade. Ray Doell, local car dealer also reports the sale of several new cars during the past few weeks.

TRAIN VICTIM IS IDENTIFIED

Tentative identification of a man killed Monday afternoon beneath the wheels of a train at Sealcliff, Ventura county, south of Rincon Hill, was made Wednesday by the Santa Barbara police department bureau of identification in response to a request for aid in determining the victim's identity from the Ventura sheriff's office.

The man is believed to have been Valentine Joseph Terra, 47-year-old Portuguese who formerly lived in Santa Barbara. With the name of a Santa Barbara shop from which he had bought a cap as a "lead," coupled with comparison of fingerprint records, the tentative identification was effected and the results forwarded to Howard Durley, Ventura county sheriff. It was at first believed the victim might be from Carpinteria, as a card or ticket from the Alcazar Theatre here was found in one of his pockets.

REPUBLICAN AND DEMOCRATIC NOMINATIONS ALMOST EVEN

Recent reports available on the Republican and Democratic nominations in the five counties included in the 10th Congressional district are as follows:

County	Rep.	Dem.
Kern	14,498	19,347
Santa Barbara	13,981	11,178
San Luis Obispo	7,511	6,962
Ventura	12,535	9,478
Tulare	15,376	15,081
	63,901	62,046

These figures were given out on July 10th, eight days before the close of registrations and undoubtedly have been greatly augmented during those last few days.

ON PUBLICITY TRIP

Paulson Visel left Monday morning on a business trip which was to take him as far north as Paso Robles. Visel took with him a number of folders showing attractive pictures of Carpinteria which he intends to leave with Service station operators along the way in an effort to attract more tourists to Carpinteria.

The California Highway Patrol was quite active in this vicinity over the week-end. Five motorists were cited to the court of Justice of the Peace Tubbs on charges varying from reckless driving to lack of headlights.

Dr. Russell R. Goad of Santa Barbara, who was charged with reckless driving after his automobile assertedly struck another car and a bakery truck on Ortega Hill. He is scheduled to appear in the local court on Friday.

Three others facing reckless driving charges are Robert G. Fairchild, Los Angeles, halted at Summerland by State Patrolman W. S. Long and ordered to appear in court here on Friday; Thomas S. Walker, Glendale, stopped at Montecito by Patrolman O. H. Ellis and ordered to appear on Monday, July 30; and Luther Ray Gibson, Redwood City, halted at Carpinteria by Patrolman Ellis and also ordered to appear on Monday, July 30.

Jack A. Lacy of Long Beach and William H. Anderson of Los Angeles were arrested for speeding and cited to appear in the Carpinteria court. A. Arkley of Carpinteria was cited to the Goleta Justice court for driving a hay truck without lights and without a red flag on the load.

CATHOLIC CHURCH TO HAVE MISSION

Word has been received from Monsignor Jose Gutierrez, the new pastor of St. Joseph's Catholic Church in Carpinteria, that a mission will be preached in his church by the Passionist fathers from Los Angeles, beginning July 29 and ending August 5. The fathers who will preach the mission are Fathers Isidore and Casimir, and are very experienced in work with Spanish-speaking people.

They will give instructions in both Spanish and English for the benefit of both Mexican and English-speaking people. An invitation was extended by Monsignor Jose Gutierrez to all Mexicans living within a reasonable radius of Carpinteria to attend this mission.

Morning services will be held at 6:30, 7:00 and 7:30 o'clock, consisting of Mass and brief instruction. Evening services will be held at 7:30 o'clock, and Fathers Isidore and Casimir will take turns at preaching the sermons. In the afternoon special services will be held for the children at 4 p.m. Sunday Masses will be at 6:30, 7:30 and 9 o'clock. The first two services will be conducted in Spanish; the last service will be in English. Confessions will be heard at the convenience of those who attend the mission.

LOCAL GIRL AWARDED CUP IN TENNIS TOURNAMENT

Miss Jean Bailard teamed with Ruth Adams of La Jolla were successful in reaching the finals in the Southern California Championship Tennis Tournament which started at La Jolla on the 17 of this month. The two girls played a brilliant game but went down to defeat in the finals which were played on Sunday.

Miss Bailard who returned this week has a lovely silver cup to display which was awarded to her as runner-up in the finals.

Teamed with J. Boardman of Ojai, in the mixed doubles, Miss Bailard and her partner reached the semi-finals before they were eliminated.

Mrs. Bailard Franklin and daughters Nancy and Jane are visiting her parents, Mr. and Mrs. O. E. Sheppa, near San Jose.

Carpinteria Ball Club Defeats Strong Santa Barbara Team Sunday

LOCALS SHOW IMPROVEMENT IN THEIR GAME

Young Woods and Jack Shields Share Mound Work for Club; Phil Mills Stars for Locals

Enough action to please even the most blasé of spectators was in evidence last Sunday, when the Carpinteria Club Baseball team downed the Santa Barbara Athletic Club nine by the close score of twelve to eleven. With first one team leading and then the other, the onlookers were kept at a high pitch the entire game.

GEO. BLISS JR. RETURNS FROM SUMMER SCHOOL

George Bliss, Jr., who has just returned from the Western Music Camp at Shaver Lake, has an enthusiastic story to tell of his experiences there.

The school started on June 24th and ran for four weeks. It is situated on the shores of Shaver Lake in the High Sierras at an altitude of about 5,000 feet. The school is devoted entirely to the study of music and is the only one of its kind on the west coast.

Two hours each day were devoted to band, one and one-half hours each to orchestra and chorus. The school is accredited and the four weeks work count as a year and a half of a solid subject in high school. It is necessary to obtain the recommendation of the school principal in order to be eligible to attend.

One of the outstanding events of the school was the visit of Dr. Hertz, former director of the San Francisco Symphony Orchestra. Dr. Hertz directed the school orchestra in a concert one Sunday afternoon while at the camp.

In addition to the music courses the camp offered excellent recreation facilities. Boating, fishing, swimming and hiking were popular with many of the students.

About sixty persons, including teachers, were in attendance at the school. Several states were represented: Oregon with seven students, Washington with three and Nevada with four.

Young Bliss who is specializing with the trumpet hopes to be able to attend the school again next year. This was his second term. He received a partial scholarship this year.

CARPINTERIA WOMAN DIES IN SANTA BARBARA HOSPITAL

Mrs. Louise Graham, native of California and resident of Carpinteria for 50 years, died early Tuesday morning at a Santa Barbara hospital. She was the wife of Russell Graham, and leaves also three sons and three daughters, Charles, Edward and Ernest, Mrs. M. A. Botello, Mrs. Clyde Wullgrand, all of Carpinteria, and Mrs. Henry Beccara of Santa Barbara, and a great-grand-child. Funeral services were held in the Old Mission in Santa Barbara at 9 o'clock this morning. Rosary was recited in the Martin J. Haider chapel at 8 p.m. Wednesday. Interment will be in Calvary cemetery.

PROGRESS ON NEW ROOSEVELT HIGHWAY

Work is progressing rapidly on the new section of the Roosevelt highway along the ocean between San Luis Obispo and Monterey, reports the Touring Department of the National Automobile Club. Much interest is being shown in this spectacular marine drive which will open up a virgin territory for the motorist and offer a splendid optional route up the coast when completed in early 1935.

WHAT PROFIT PASSING?

To pass the car ahead or not to pass it is a question that confronts thousands of motorists every hour of the day. The answer is deciding definitely what will be gained by passing, remarks L. G. Evans, Director of Roadside Service of the National Automobile Club. Very often one's net profit in slipping ahead of the car in front is a gain of merely car's length in the long parade. In such a case, the profit is entirely too small. However, it must look large to a considerable number of drivers for gaining a mere car's length seems to be a passion with many.

The old saying: "The game isn't over until the last out is made," was true to a marked degree as the Carpinteria Club came from behind in the last half of the ninth inning to push over five runs and score the winning tally when it appeared to be an impossible task.

Much of the credit for such a strong rally was due Tuffy Treloar who kept the team pepped up and on their toes as they battled against the almost overwhelming odds.

Phil Mills deserves much credit also as he proved to be the strongest hitter on the Club team with a perfect batting score, getting a walk, a single, a three base hit and a home run in four times at bat.

Darrell Beaver of the Santa Barbara team also did himself proud by collecting a home run and two singles out of as many times at the plate and two walks.

Alec Bonnetti, hurler for the Athletics was touched four ten hits by the local nine and as he is known to be an exceptionally strong pitcher, the batting eyes of the boys seem to be coming much keener than they were.

Woods pitched for the local team and held the opposing nine well until the seventh inning when a batting rally assisted by errors by the Club players allowed seven runs to cross the plate. He was relieved at this time by Shields who held the Athletics scoreless the remaining innings, while the Club team by an unexpected rally in the ninth smashed out all that Bonnetti had to offer and scored the runs necessary to clinch the game.

Shields actually won his own game in that ninth inning rally when with two out and the bases loaded he connected with a fast ball meant to strike him out and poled one high and far into center field that came down between the football uprights and made a very difficult if not impossible catch for the center fielder. The combination of football standards, running backwards and a ball that corkscrewed downwards was too much for almost any fielder however and although the fielder managed to get his glove on the ball he was unable to hold it and the game at that point turned into past history.

Next Sunday the Carpinteria Club (Continued on Page Three)

REGISTRATION INCREASES

Registration picked up rapidly during the week prior to the closing day for registration for the August primaries, according to Mrs. Charles Curtis, local registrar.

A total of 157 registrations were made, many of them by those who will cast their first ballots this year, and a number who have moved into precincts since last elections. The majority of the registrants were listed under the Democratic party.

The Village Observer Saw:

Stanley Tomlinson wearing a "Fiesta" membership badge.

Barney Kathman with so many customers lined up last Saturday that he should have been twins.

A few persons looking for grunion Wednesday night.

A candy truck upside down by the bridge last night. No damage done.

A bather enjoying surfboarding in the brakens just below the pier.

THINGS ONE REMEMBERS

By R. M. Hofer

May Day Parade in New York—The workers looked well fed and well dressed. They were well behaved, happy looking—singing and joking; but their slogans and banners were destructive. Down with this, that and the other!

Thousands of school boys and girls who had no conception of values, savings, employment, property rights as guaranteed by our constitution—led by theorists, dreamers and avowed destructionists—had been fed on the poison that the men who had saved and acquired property, must have wrung it from a helpless people.

But consider the comedy of it—they were marching and denouncing capital and savings and constitutional rights by the grace of the very system they wished to destroy. Hundreds of policemen lined the streets to see that they were protected in the full exercise of their rights under our constitution, as well as to see that they did not violate the same constitutional rights of other citizens.

Again the humor of the situation was apparent when it was necessary to separate the socialist and communist parades to prevent clashes between them if they met.

Neither of the groups would live in countries where socialism and communism now reign supreme, because they would not enjoy the liberties of self expression guaranteed them by the United States Constitution and the so-called capitalistic system.

In other words, the socialists and communists can't get along with each other, they like to make believe that they are oppressed in the country that harbors and protects them and they don't want to go and live in the nations that have adopted the views they advocate here, because in those nations they would be wiped out like flies if they raised their voices against the government policies.

It is high time that we emphasize the blessings that our constitution offers to United States citizens and advise those who do not like that brand of liberty to move to the happy hunting grounds where their ideals are now established.

OFFSETTING THE SUMMER DECLINE

If the present hopes materialize, much of the seasonal decline in general business that always comes with summer, will be offset by stimulated residential construction. It is an unquestioned fact that a sizable part of the public is in dire need of more and better housing, and that every month makes the need greater.

Today we can build a home in the middle-price bracket for about sixty per cent of what a similar home would have cost four or five years ago—and today's home will be superior in such matters as utilization of space, labor-saving equipment, and resistance to heat and cold. It is probable that, once the construction industry gets back to somewhere normal, prices will rise, and the opportunity now offered us may never be offered again in the future.

SCHOOL DAYS

Timely Educational Topics

By HARRY A. LINTZ

TRUSTEES DESERVE CREDIT

Among our most faithful public servants are our school trustees. They are almost, without exception, the outstanding people in our communities, chosen for their qualities of leadership and interest in boys and girls.

The job of trustee is in no sense of the word an honorary position but rather one of great responsibilities and trust. All matters of school finance, school policy and hiring of teachers rests in their hands. In most districts this service requires many hours of hard work and a great sacrifice to personal business and time.

This system of government in our schools has worked out exceedingly well because it keeps the schools close to the people. There are those that believe that centralized control from the State Department of Education would lead to greater efficiency and econ-

omy. This is very doubtful as the people are now school conscious and trustees are in a position to administer the schools according to the wishes of the people.

The public is frequently rocked with the news that high public characters have violated their trusts. Our school trustees spend over two billion dollars yearly of the public's money and the violations of trust are few indeed.

The thought has occurred to me how many complaints and how few expressions of confidence that trustees receive from the general public for the many hours of public service that they render. Those of you that have children should make it a point to contact the trustees of your school district occasionally and let them know that you, as a citizen and parent, appreciate their services.

The Last Word By ANN her column

The head on a story in a Ventura County paper we received last week reads, "County Nut Crop Second in State; Equals production of all Northern California." It was to be supposed that they had a few as every county does, but if it is as bad as all that I wouldn't brag about it.

An ad in another paper reads "Bathing Suits 20% off." From the looks of the picture accompanying the ad I think the arithmetic was wrong. It looked more like 80% off.

Moonlight

If you start getting the big head go down to the beach on one of these beautiful moonlight nights and watch the breakers roll in. After an hour or so of this maybe you will begin to realize that you are just a very small speck in a very large universe and that what you do or think isn't so all-fired important after all.

Someone is always taking the poetry out of life. Just when I was admiring the moonlight on the breakers

someone remarked that they looked like the foam on beer.

To Husbands Only

For goodness sake if you start someplace and get delayed on the way, let your family know. Just because you know you are alright doesn't mean they do. I had an experience this week and before I found out that everything was O. K. I had decided that I was a widow and my children orphans. In fact by the time I received a telegram (which took about two hours to reach me for no good reason) I think I even had the funeral planned. I guess we wives take you husbands more or less for granted until you get lost, strayed or stolen. About that time we decide that there is no one anyplace that can compare with you. If any of you think you are unappreciated go out and try it some time but don't stay too long. Remember that "absence makes the heart grow fonder" (of somebody else, maybe.)

BREVITIES

Mr. and Mrs. Sam T. Hayward and sons Robert and William visited Sunday with Dr. and Mrs. L. C. Kirkes en route to their home in South Pasadena from a vacation in the Sierras. They were accompanied by Jane Hayward who had been visiting her grandparents.

Mr. and Mrs. Carey Demaree had as their guests during the week-end Mrs. LeRoy Smith and daughter, Jean, Miss Alice Butler and Miss Margaret Putnam of Orosi.

Mr. and Mrs. John B. Hudson and Mrs. M. F. Lewis motored to San Luis Obispo Saturday evening where they attended a reception given by the Eastern Star honoring the

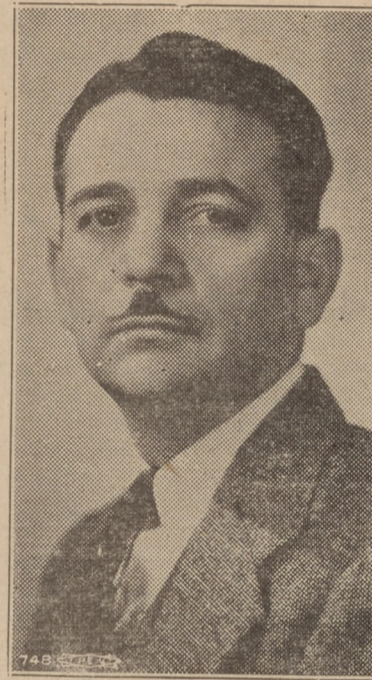

grand conductress, Mrs. Bertie Y. Todd. They also attended a barbecue given Sunday by Mrs. Todd at her ranch home near Orcutt.

Mr. and Mrs. Thomas F. Stanger and children Dorothy and Tom of Ventura, and Mrs. Fred Cornelius and daughter Marjorie of Santa Paula, were guests of Mr. and Mrs. W. C. Hohmann at a dinner at Cerca del Mar Sunday.

Joe Roberts of Oakland is visiting at the home of Clark Catlin during his vacation.

Mr. and Mrs. Fred Cornelius and daughter Marjorie of Santa Paula and Mr. and Mrs. Thomas F. Stanger and family of Ventura were guests of Mr. and Mrs. W. C. Hohmann Sunday.

Mr. and Mrs. Arthur Durward of LaVerne spent the week-end with Mr. and Mrs. James A. Lewis.

GEORGE GIOVANOLA SEEKS COUNTY OFFICE

George Giovanola, a resident of Santa Barbara for the past fourteen years is a candidate for County Treasurer of Santa Barbara County. He is well equipped and qualified for the Treasurer's office through past work and states that if elected "It will be my desire to serve the people of Santa Barbara County and to give them an economic administration without destroying efficiency."

Giovanola has been a resident of California since 1892, is married and a resident of Santa Barbara. He was formerly connected with the United States Treasury Department and came to Santa Barbara in 1918 to open a branch Internal Revenue Bureau Office, where he remained two years before entering his own business. Previous to this he was with the U. S. Department of Commerce and has had wide experience in public service.

In 1928-29 he served as secretary of the board of charter framers to write a new charter for the city of Santa Barbara.

Friends point out that his long experience with financial and accounting matters makes him unusually well qualified for the office of County Treasurer.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Health Education
New Jersey State Department of Public Instruction

Vegetable Time

Summer time is fresh vegetable time. It seems hardly necessary to emphasize how important that fact is. Most parents today know that vegetables of all kinds are essential to growth and health.

Vitamin has almost become a household word, especially to the mother who selects and prepares the meals. And in vegetables, we have one of the richest sources of vitamins, special vitamins and minerals which supply the body with protective materials. Use all the green vegetables that will be eaten. Give the tomato a prominent place for it deserves great credit. Have the green foods crisp and clean. Wash them well.

Try many combinations that look attractive, which is one way to interest children. Chopped vegetables in gelatin, shaped by molds, makes an inviting dish. Many suggestions are usually given in the leading magazines for women. Try them, and it may be surprising to see how children will actually enjoy vegetables that were once in the "don't like" class.

Is your child to be away from home this summer? Read what Dr. Ireland has to say about it next week.

BABBLINGS

By A. BROOK

Subject matter for this week's babble as promised in the last issue of THE CHRONICLE is at the moment entirely lacking. Any number of topics of vital importance come to mind but we are sorry to say we know little or nothing about them.

When the Editor approached us regarding the writing of this column we frankly admitted that the responsibility of providing the public with an intelligent and enlightening discourse was beyond our ability. (We know that you agree.) However, we were prevailed upon and if this paper's circulation drops to zero we wash our hands and faces, not forgetting behind the ears, on the whole thing.

Like most everyone else we do have a message for mankind but due to the untimely termination of our education (we still maintain that we weren't within half a mile of that bootlegging joint when it was raided) we rather feel an inadequate college background. At the time of acceptance of writing this column we insisted that we be allowed to do the job sitting down and not have to walk all over town like O. O. McIntyre. In other words we would simply make up the news, if any, as we went along on account of we just love to do things sitting down.

At this point it might be well to take up the discussion of some subject that is of interest to the general public. For want of something better why not go into the matter of El Gran Chaco. (Let's all pull together on this thing.)

From the latest information obtainable it is our understanding that Gran Chaco is located somewhere in South America. As regards its physical appearance, whether land or water, a famous painting, a whiskey-sour or a new nightclub is something we don't know. (If you know what this is all about you're 'way ahead of us.) Reports and news flashes advise us that one nation has it in the bag part of the time and then again it doesn't, similar to a Mexican jumping bean. Really it's all quite confusing and it's rather astounding that we know as much about it as we do.

We are now going to leave you feeling that the above graphic description of El Gran Chaco has added one more piece of useful knowledge to your repertoire and DON'T FORGET THE TOMATO

Mrs. Ella Coles of Los Angeles and Mrs. Will Blair of Ventura were luncheon guests Friday of Mrs. Sim Shepard and family.

ORDER OF THE BOARD OF SUPERVISORS DECLARING THE INTENTION OF SAID BOARD OF SUPERVISORS OF SANTA BARBARA COUNTY TO CLOSE UP, VACATE AND ABANDON FOR PUBLIC ROAD PURPOSES CERTAIN PARTS OR PORTIONS OF A PUBLIC HIGHWAY IN THE FIRST ROAD DISTRICT OF SAID COUNTY OF SANTA BARBARA, STATE OF CALIFORNIA, DESCRIBING THE GENERAL ROUTE THEREOF, AND FIXING THE DATE FOR A HEARING THEREON.

WHEREAS a petition has been filed with this Board of Supervisors of Santa Barbara County, signed by certain freeholders two of whom are residents of the first road district in which the property hereinafter described is situated, and who are taxable therein for road purposes, which said petition requests the vacation and abandonment of certain parts or portions of a public highway located in said first road district, in the County of Santa Barbara, State of California, more particularly described as follows, to-wit:

PARCEL I: Beginning at a point on southerly line of road described in "Final Order of Condemnation" dated July 5, 1910, and recorded in Book 17 of Deeds, page 263, Santa Barbara County Records, from which Station 225 plus 07.4 bears N. 11 degrees 3 min. 55 sec. W. 20.22 feet distant; thence along southerly line of said road N. 87 degrees 27 min. 20 sec. E. 77.65 feet to angle point in said southerly line of road; thence N. 67 degrees 27 min. 20 sec. E. 77.24 feet to angle point in said southerly line of road; thence N. 45 degrees 27 min. 20 sec. E. 194.78 feet to angle point in said southerly line of road; thence N. 12 degrees 32 min. 40 sec. W. 31.61 feet to angle point in said southerly line of road, from which point Station 228 plus 68.30 of said road bears N. 68 degrees 11 min. W. 24.23 feet distant; thence leaving said southerly line of road, S. 56 degrees 10 min. 40 sec. W. 7.76 feet to a point from which Station 228 plus 68.30 of said road bears N. 50 degrees 18 min. 55 sec. W. 20.86 feet distant; thence S. 23 degrees 11 min. 30 sec. W. 22.74 feet to a point; thence S. 37 degrees 53 min. 5 sec. W. 121.87 feet to a point; thence S. 53 degrees 53 min. 5 sec. W. 76.14 feet to a point; thence S. 75 degrees 19 min. 5 sec. W. 131.43 feet to a point; thence S. 70 degrees 24 min. 50 sec. W. 2.14 feet to point of beginning; said property having been surveyed by Geo. E. MacCulloch, Licensed Surveyor No. 2063.

PARCEL II: Beginning at point on northerly line of road described in "Final Order of Condemnation" dated July 5, 1910, and recorded in Book 127 of Deeds, Page 263, Santa Barbara County Records, from which Station 228 plus 68.30 of said road bears S. 50 degrees 18 min. 55 sec. E. 20.86 feet distant; thence along said northerly line S. 56 degrees 10 min. 40 sec. W. 7.76 feet to angle point in said northerly line of road from which point Station 228 plus 68.30 of said road bears S. 68 degrees 11 min. E. 24.23 feet distant; thence S. 12 degrees 32 min. 40 sec. E. 7.23 feet to point on said northerly line of road; thence leaving said northerly line of road N. 23 degrees 11 min. 30 sec. E. 12.38 feet to point of beginning; said property having been surveyed by Geo. E. MacCulloch, licensed Surveyor No. 2063.

AND WHEREAS it appears to this Board that the public interest and convenience requires said vacation and abandonment of said parts or portions of public highway in said first road district, and it is therefore the intention of this Board to so close up, vacate and abandon for public road purposes said parts and parcels of public highway as other portions of public highway have been granted to the County of Santa Barbara in lieu of the above described portions, and the course of said highway has thereby been altered.

NOW, THEREFORE, IT IS HEREBY ORDERED that a public hearing on said petition be held by the Board of Supervisors at the Santa Barbara County Courthouse in the City of Santa Barbara, State of California, on the 13th day of August, 1934, at 10 a.m., or as soon thereafter as the same may be heard; and

IT IS FURTHER ORDERED that notice of the passage of this Order and Resolution be posted conspicuously along the proposed vacation, in the manner provided by law, and be published in the Carpinteria Chronicle, a newspaper of general circulation printed and published in the County of Santa Barbara, State of California for at least two consecutive weeks prior to the said 13th day of August, 1934, which said newspaper is hereby designated as the newspaper in which said notice shall be published; and

IT IS FURTHER ORDERED that all expenses incurred in said closing up, vacation and abandonment, including the cost of posting and publication of said notices prescribed by law shall be borne by the County of Santa Barbara.

Passed and adopted by the Board of Supervisors of the County of Santa Barbara, State of California, this 16th day of July, 1934, by the following votes:

Ayes: Dinsmore, Stevens, Adam, Preisker and Stanwood.
Noes: None.
Absent: None.

C. L. PREISKER
Chairman of the Board of Supervisors, County of Santa Barbara, State of California.

(SEAL)
Attest: D. F. HUNT,
County Clerk and ex-officio
Clerk of said Board of Supervisors.

By Henry Dawe, Deputy Clerk.
Published in the Carpinteria Chronicle July 19, 26 and Aug. 2, 1934.
